THANKSGIVING

A DAY TO COUNT OUR BLESSING

Thanksgiving Day, that great day of days has arrived again. And what a holiday it will be. Air ways and highways will be congested with travelers rushing to spend a few hours or a few days with loved ones and friends. Many will travel to pleasure resorts for a period of relaxation from the drone and monotony of the regular work week. Regardless of how the day is spent to all the day is known as THANKSGIVING and the traditional turkey dinner will be the main dinner item for the menu.

In this space age, in this Great Nation where abundance abounds, it is necessary to recount the Puritanical Thanksgiving in order to really appreciate the true meaning of this day. Those folks were venturers, much as we are today. They had ventured into a new world and had subsisted. No doubt their greatest thanks was for their existence, for it could hardly have been taken

for granted. Next, we are told they were thankful for a harvest that provided them with food. There were no markets and money was of little concern, and that turkey was not procured in the market place. Little did they consider that it would become a symbol of that day.

That Thanksgiving was a day of reverence and the thanks given were for the privilege of living and the bare necessities of life. This could well be the theme of our Thanksgiving today, in this generation that has so much to be thankful for, that we don't know which blessing to commence with. In fact, our abundance is seldom considered as blessings. To people of today, abundance is something they are supposed to have and without it they are underprivileged.

On this Thanksgiving Day, let us give thanks for our blessings without thought of things we lack or desire.

4-H GOLD STAR WINNERS ATTEND BANQUET

by Leo L. White, CAA
Nancy Long and Jerry Brian were honored Monday night at the District Two Gold Star Banquet held in the Coronado High School Cafeteria at Lubbock. Each of the 20 counties that make up Extension District Two had their Gold Star Boy and Girl and their families present for the banquet which was sponsored by the Rural Electric Cooperatives that serve in the area.

Over three hundred people made up the audience that heard State Representative R. B. McAlister of Lubbock give the principle address. His words of inspiration were directed to the parents and adults as well as the forty teenagers who were receiving the highest honor that can be achieved on a county level.

Those from Yoakum County attending the 12th Annual 4-H Gold Star Banquet in District Two were Mr. and Mrs. Robert Long, Larry and Donna; Mrs. Rufus Brian; Mrs. Tom Box and Tommy Guy; Mrs. Grace Hughes; Mr. and Mrs. Joe H. Thompson; and Mr. and Mrs. Leo L. White.

The Lea County Electric Cooperative at Lovington and the Lyntegar Electric Cooperative at Tahoka were two of the sponsoring organizations.

HIGHWAY PATROLMEN HAD BUSY WEEKEND

Joe Cox and Larry Hood, Texas Highway Patrolmen, reported a very busy weekend on the 21st and 22nd of November. Friday night, there were 4 citations issued for running stop signs, and 2 citations issued for driving on the wrong side of the road - not passing.

One vehicle was stopped West of Plains on US 82 which contained an intoxicated driver, 3 intoxicated passengers, and one minor which was not intoxicated, but had been drinking. The driver was charged with DWI and for using abusive language. The driver, Saragosa Rivas was brought before the County Judge Monday morning and given a fine of \$200.00 plus costs of court. The three passengers were charged with being drunk in a public place and the minor was charged with consuming an alcoholic beverage while being under 21 years of age. One of the passengers was also charged with using abusive language. Two juveniles and one adult female which had not been drinking were released with the vehicle. Another subject suspected of DWI was released after taking a test on the breathalyzer in Brownfield.

Saturday night was a little quieter. One subject, David Harold Howard was arrested for DWI and fined \$100.00 plus court costs and one subject, Bruce Hill, was arrested for driving while license was suspended, and was fined \$25.00 plus court costs.

Only 3 warnings were issued on Friday and 4 issued on Saturday.

Pictured above is the 1969-70 Basketball team. Bottom Row L-R Cleve Kirby, Gary Livesay, Jeff Isham, Lynn Cox and Shelley Simpson; Top Row L-R Coach Martin, Tim Bynum, Eddie Moore, Larry Massey, Jimmy Taylor and Guerry Randall.

PLAINS COWBOYS MET HAGERMAN FOR FIRST BASKETBALL GAME OF THE SEASON

The Plains Cowboys opened their basketball season November 21st against Hagerman, New Mexico. Hagerman came out the winner of the tilt

with a score of 53 points. The Cowboys scored 43 points. The Cowboys cage game will have the same difficulty as that encountered on the grid iron, not a large enough carryover of experienced players. It is hoped that much of the handicap will be overcome by conference time.

Tim Bynum was high scorer

for Plains with 5 field goals and 5 free throws for a total of 15 points. Jimmy Taylor was second with a 4 field and 3 free throw count of 11 points. Gary Livesay scored 5 points and Jeff Isham, Eddie Moore and Larry Massey each came in with 4 points each to comprise the Cowboy total of 43 points.

Four Cowboys, Massey, Livesay, Moore and Simpson all exceeded the foul limitation. Coach Martin expressed confidence in his team and stated

that they should shape up nicely by conference time.

Guerry Randall was suffering from an infected finger that was injured in the Cooper football game and was out of the game last week, but is working out again and will be ready for the game this week with Morton.

Coach Martin stated that this will be a stiff match and that he expects Morton to be the toughest competition of the season.

The Cowboy "B" team lost to Hagerman 37 to 69.

CARE PROGRAM FOR LIONS CLUB

Many people would enjoy giving to charitable organizations if they knew that their gifts were properly distributed. Often this authenticity is difficult to establish and gifts are

withheld.

Mr. D. M. Williams, CARE district chairman of Lions International, is expected to bring the program for the Plains Lions Club at their noon meeting December 4th. At this time a film will be shown and an explanation of the CARE program and its relationship to Lionism will be given. In the mean time, all Lions should be informed that Lions International participates in the CARE program.

TRASH THROWING A MENACE

The Housewife complains when her husband strews his tobacco ashes about the house; the mother harps at the children who track through the house with meddy shoes; the motorist stops at the service station and gallantly asks to have his car vacuumed and dusted. Such pride is highly commendable. Today all of these are motorists and many hours are spent on the highways and for some folks more hours than are spent in the home. To proud people, a roadway neatly mowed, well kept and free from trash is a source of joy and comfort. To the highwaymen who are engaged in maintaining the roads, a clean neat roadside is a deed of accomplishment.

This is the type of highways everyone enjoys and are coming to expect and many demanding. Yet many motorists feel no responsibility on their part to help keep the highways in order. With trash and rubbish receptacles at all service stations, drive-ins and at convenient intervals along the road many motorists find it more convenient to roll down a win-

down and dispense their rubbish along the roadside. It may be only an empty paper sack, a cigarette package, an empty drink can or bottle, or it could be a newspaper or a cleaning tissue but many use the highways and the waste accumulates and someone must clean it up.

A flash thought and an exercise of pride will prevent the throwing of trash on the highway and save time and expense in road maintenance.

The accompanying picture portrays a truck load of trash and the crew gathered it from the roadway of less than two miles of highway #214, extending South from the Plains City limits.

MOTOR VEHICLE INSPECTIONS BEHIND

AUSTIN--Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said today that motor vehicle inspections in Texas are running almost 30% behind the inspection rate at this time last year.

"Unless the inspection rate increases, there are going to be some awfully long lines at inspection stations prior to the April 15 deadline," Speir said.

During the year which ended August 31, some 6.3 million vehicles were inspected in Texas. Since September 1, only 538,000 have received the required inspection.

The State Motor Vehicle Inspection Act was amended by the Legislature to provide that inspection stickers issued after September 1 will expire 12 months from the date of issue. However, the law requires that all motor vehicles display a new sticker before April 15, 1970.

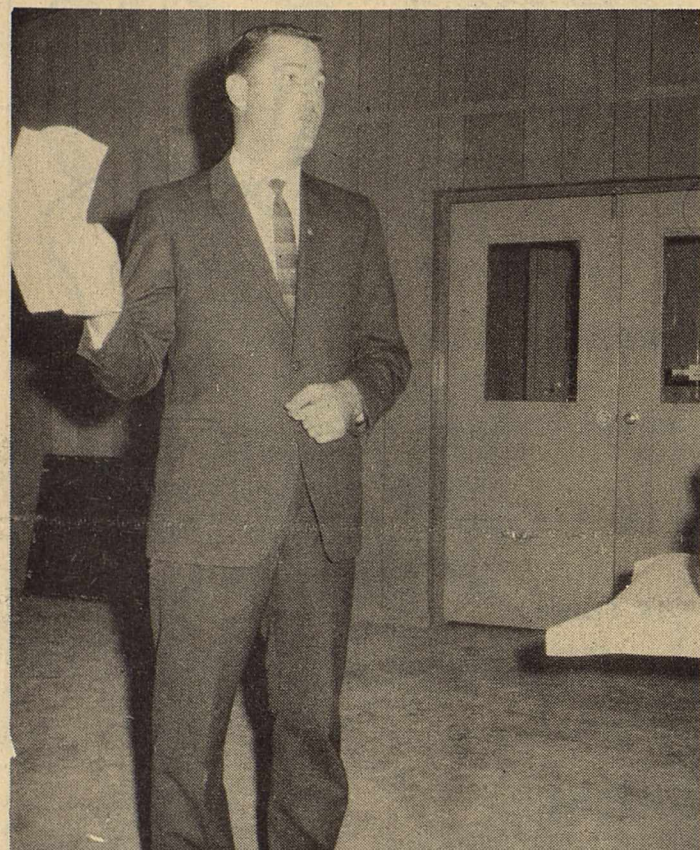

Speir noted that the new stickers are being placed on the driver's side of the windshield and contain a number tab showing the month of expiration. The old stickers are on the passenger or right-hand side and have no number tab.

"The inspection program is intended to discover vehicle defects which may lead to an accident. We urge all Texans to have their vehicles inspected soon to make sure they are safe for winter driving," Speir said.

WEATHER REPORT

Except for some cloudyess fine harvest weather has ensued for the past week, and the cotton harvest is running full blast.

Temperatures for the week were:
High-----73°
High Average-----62°
Low-----16°
Low Average-----25°

JOHN NANCE BRINGS LIONS PROGRAM

Mr. John Nance, Junior High School Principal, of the Plains school brought the program for the noon Lions Club this past Thursday.

Mr. Nance in addressing the Club stressed the importance of the work being done in the schools and clubs in showing the dangers of the drug habit. He stated that a through program is being carried on to inform the children of this school of the dangers before they encounter the temptation. However, as Mr. Nance pointed out, it is vitally important that the parents also be informed so that the education may be carried on in the home and that the addiction may be recognized when encountered.

Mr. Nance presented a recording accompanied with slides which impressively portrayed how innocently the drug habit creeps into the lives of the younger generation through false claims in defense of both marijuana and LSD. The program was impressive and of deep concern to all present.

COX BABY RECOVERING FROM BURNS

Highway Patrolman, Joe Cox reports that his daughter who was badly burned Tuesday, November 11th, when her night gown caught fire from a gas fireplace in her home, is recovering very nicely. Fortunately, Joe was at home and quickly smothered the flames with a bath towel. He then immediately carried the child to the Yoakum County Hospital where she was treated and returned home.

Home accidents account for a very large portion of all accidents reported. It appears to be impossible to eliminate all causes and no one is immune.

OUR ERROR

When two businesses in the same community have very similar names, it is very easy to confuse the two. Such errors are often serious and inconveniencing to both parties.

The Plains Review hereby admits such an error in the COTTON GIN AD in our last issue. The name on this advertisement should have been: TERRY COUNTY FARMERS CO-OP instead of TOKIO FARMERS CO-OP. Watch for the correction in this issue and our apologies to all concerned.

NEW TRAFFIC REGULATIONS

In order to provide maximum safety for students, the following traffic regulations will be enforced as soon as signs, signal light, etc. can be installed;

10 MPH on Ninth Street between Ave. G and Ave. L;
One Way passage on Ninth Street between Ave. H and Ferrell Ave. (East bound only,

SPECIAL HOLIDAY SAFETY MESSAGE

Texans take to the highways in record numbers at Thanksgiving, a traditional time for family gatherings. Another tradition, Thanksgiving Day football games, puts even more travelers on the highways.

The Texas Highway Department strives continuously to

make the 69 thousand-mile Texas highway system as safe and convenient as possible for travelers. However, construction areas pose special problems, even though every effort is made to move traffic through them as safely and quickly as possible.

During the holiday period, the Texas Highway Department urges each driver to watch for -- and observe -- warning signs and signals.

In addition, please drive with caution, care and courtesy during the holiday period and all the time.

BAND BOOSTER'S NEWS

The Band Boosters would like to take this opportunity to tell Mr. Sech how much we appreciate his hard work and efforts in getting the band where they are today. To the Band, we would say we are proud of you and keep practicing and striving for the goal set before you. A number 2 rating is good, but

you are capable of a number 1 and we know you will get it because you have what it takes to achieve it.

The Band Boosters are still selling "Fruitcakes". These are baked by the Manor Baking Co of Dallas. They are a Butter Batter Cake with plenty of nuts and fruit. The cakes sell for 2 lb. -- \$4.25; 3 lb. -- \$6.15; and 5 lb. -- \$9.45.

Monday night is the regular meeting date for the Boosters. This is December 1st. Place is the Band Hall at 7 p.m. Please make arrangements for you and your mate to attend this meeting, as it will be the last meeting for the year, and we know you are interested in your band. You have showed your interest by supporting the

Band Boosters in all of the projects we have had. To list these we say Membership, Decals, Snuggles, Chili Supper and now Fruitcakes. You have been wonderful and we cannot thank you enough. Please come to this meeting.

Do a world of good for hungry people. One check will feed, heal, educate.

NEW HOPE FOR SMALL TOWNS

A new hope is offered to the small towns which dot the map of the nation.

Paul Harvey, the noted news analyst and columnist, in a recent article called attention to the fact that American industries are relocating in these lesser populated areas. While not every small town will profit by this procedure, the community with a live and wide-awake Chamber of Commerce and definitely interested businessmen have a renewed hope. Defeatism and procrastination can gain nothing. A definite desire for progress and a concerted effort by the businessmen is a first requisite for influencing industry to move into a community.

All too often small town businessmen fall into a lethargy of waiting for their competitors to become discouraged and close up shop in hope of obtaining added customers. Such reasoning is asinine and without foundation. It has often been said that competition is the spice of life. In these modern times, as the number of businesses dwindle, customers tend to seek larger markets.

In small towns, each business has customers which cannot be captured by its competitors. When a business fails, these customers are lost to the community. Monopolies in small towns never contribute to progress. Competition is a challenge which creates incentive and gives impetus to growth and expansion.

Only the small town possessing men of vision and foresight and ambitious businessmen can hope to capture the industries seeking rural locations.

The City of Plains, while unable to offer any financial assistance, does possess much to offer. This small town, which is the county seat, with good highway facilities, well organized city government, is well founded having its own light, water and gas systems and adequate sewer facilities. The supply of gas and oil for fuel and the supply of high voltage electricity are adequate for any type of industry. It is in the heart of the agriculture and livestock belt, and is well suited for livestock feeding and feed processing industries. This area is possessed with a climate that is both pleasing and healthful.

This small town has already been selected by one huge industry. The E. I. Du Pont De Nemours Company, Inc., have located its largest "Permasep" Permeator water desalinating research plant in Plains and are now furnishing the city with a fine grade of soft water.

The City of Plains is capable and will welcome the opportunity of accomodating other industries regardless of size.

CHATS

By The

PUBLISHER

"The measure of a man is the size of his thoughts."

Thanksgiving Day is here again. General observances will take place all over our United States, and as we sit down to our turkey on this day of thanks, we should pause for a moment to visualize the first Thanksgiving of that small band of Pilgrims huddled in the forests of a bleak American wilderness on the threshold of winter. Measured by today's affluence, comfort and expectancies, their prospects were something less than hopeless. If they became ill, they died or got well. There was no handy source of supplies such as the corner supermarket. There was no benevolent board, bureau or government agency to fall back on. There were no consumer protectors. In short, there was no succor from any direction. There was only the wilderness, the Indians and a continent full of opportunities awaiting those with enough courage and initiative to face the unknown.

Upon second thought, the Pilgrims did indeed have much for which to be thankful. As we sit down to our Thanksgiving repast, we should not only give thanks, we should ask ourselves if we are worthy of the heritage that began with the Pilgrims.

Did you see Alma Been Monday morning just before she left for Houston to be present at her son's wedding reception Tuesday evening and his marriage to Miss Karen Melanie Malick on Wednesday evening? There was a glow in her face and sparkle in her eyes. Her expressions of happy expectations reminded one of a small child awaiting the arrival of Santa Claus. A happy and safe journey, Alma.

Mr. Bill Overton visited the newspaper office fairly late one night last week. We were working later than usual, and Bill excused his late visit by saying that his wife had gone to the "Tops Club", only he changed the name to the "bottoms club." We enjoy Bill's visits because he is always cheerful which brightens up a dark corner of the mind and you forget your troubles. He gave us good laughs and we felt more like working after he had gone. Aren't such people a blessing to this world.

The meeting of a town council had been stormy, and tempers were waxing hot.

"You, sir," shouted one member at another, "are about the most pigheaded fool I have ever met!" "Order, order!" interrupted the mayor. "You gentlemen seem to forget that I am in the room."

Did you read where the 8 year old child drank half of a bottle of her parent's sherry, and they thought she was ill because she was staggering all over the house. She was whisked off to the hospital where the doctor made a snap diagnosis - "drunk."

A telephone call Sunday from our son, Sgt. David D. Lusk, informed us that he would be home for Thanksgiving and Christmas. Sgt. Lusk has been stationed in McChord AFB, Washington since last January. He came home in time for Christmas last year from Viet Nam. We are looking forward to hearing his voice calling from Lubbock saying he has arrived.

People who sit and wait for their ship to come in usually find it a hardship.

HOW FANTASTIC!

It would appear that "hippieism" has reached a state of respectability. When their lexicon is adapted by highly rated journalists, their actions must soon be sanctioned also.

Before "hippieism", to speak of highly trained scientific specialists as a "Lunar Kid" would have been very disrespectful. And who would have

dared to even think of describing the pursuance of such intelligent individuals in the operations of the greatest scientific achievement of mankind as "DOING THEIR THING." A little hard to stomach, isn't it? It was for me too. Of course this could be upgraded some by referring to it as the "NEW MOON LINGO."

BOYS SCOUTS OF AMERICA

One hundred Scouts, Explorers, and leaders who are members of the Order of the Arrow in the Nakona Lodge in the South Plains Boy Scout Council, gathered at Camp Haynes near Silverton on November 7 and 8 for a Pow Wow and election of officers.

Elected to lead the lodge in 1970 were Pat Pond, lodge chief; Larry Moss and Fritz Struve, lodge vice-chiefs; Rhonnie Crawford, secretary and Steve McMurry, treasurer-historian.

Pond will announce his committee chairman at the lodge annual banquet to be held on November 22nd.

EDUCATION

AUSTIN--A 14-point schedule of priorities designed to give every Texas school child and many adults the kinds of teachers they need was approved Monday (November 10) by the State Board of Education.

These priorities, key target points in the route to staffing Texas public schools with the quality and number of teachers and other specialists needed, form the framework for the State Plan for Educational Personnel Development.

They were set by the Texas Education Agency educational personnel development staff, then approved by the 18-member citizen Advisory Council for Educational Personnel Development.

Each priority will serve as a focal point for recruiting and training both teachers and non teachers to man the classroom, libraries, media centers, laboratories, and offices of Texas' growing public school system.

This effort to bring the most competent men and women into Texas schools now and in the future is dispersed throughout the state. Six consortia or "super regions" from High Plains to the Big Thicket concentrate on the needs of their own particular area. These consortia--labeled form "A" to "F"--include education service centers, colleges of teacher education, and a number of independent school districts in each area.

The priorities include: (1) Career Opportunities in Education -- Prepare men and women who may now be working in other fields to train as teachers, aides, or technicians. It includes program college graduates to work in low income area schools.

(2) Strengthened and Enlightened Utilization of Administrators -- Projects will include recruiting and preparing new school administrators plus inservice and preservice training for experienced school leaders. (3) Training Teachers of Children and Youth with High Learning Ability -- These teachers need special ability to help their students understand the problem-solving process, think critically and objectively, undertake independent study, build a consistent system of values, and express themselves creatively. (4) Educational Programs for Teachers of Handicapped Children, Youth and Adults -- The shortage of special education teachers is critical. New teachers must be recruited and trained, experienced teachers brought up-to-date through inservice workshops or other courses.

(5) Support Personnel -- Effective use of support personnel (aides, etc.) can give a teacher more opportunity to teach. Special training programs will be set up under the Education Professions Development Act.

(6) Leadership and Teacher Improvement Through Curriculum Development -- These programs will emphasize the need to understand and use the results of research and curriculum projects in all fields.

(7) Vocational Education Programs -- Major areas of concern include vocational teachers of the handicapped and disadvantaged as well as those who work in the regular classrooms.

(8) Reconstitution of Teacher Preparation Programs -- While it is broad in scope, the "new look" in teacher education will zero in on teaching preschool children, teachers for the educationally disadvantaged, and the training needed to cope with this century's exploding technology. Much of the effort will concentrate on continuing education for teachers who have completed

MAY YOUR DAY BE BLESSED WITH HAPPINESS

As we dine with all of our family, and friends, let us remember to give thanks for all our blessings.

WE WILL BE CLOSED THANKSGIVING
ALMA'S RESTAURANT

the four or five-year college programs. (9) Training Teachers of Teachers -- A key point here will emphasize cross-disciplinary cooperative planning and implementation of the best possible program which can be See EDUCATION Page 8

ON THIS THANKSGIVING DAY LET US BE LESS CRITICAL FOR THE THINGS WE LACK AND GIVE THANKS FOR THE BLESSING OF THE THINGS WE HAVE.

Pictured above are the High School honor students for the 2nd Six Weeks with 5 A's. Bottom Row L-R Sharon Upton, Glenda Miller, La Vern Edwards, Kevin Guetersloh, Elaine Felts, Cynthia Carothers, Carolyn Whitley, James Stewart, Jimmy Taylor, Shelley Simpson. Not pictured is Judy Smith.

Joetta Warren and Pam McDonnell are pictured with the 1st place trophies they won for their dance duet routine at Andrews Saturday, November 15th in the NBTA contest. There were girls entered from Texas and New Mexico.

**COWBOY BAND
ATTENDS CONTEST**

The Plains High School Band went to Lubbock November 18, to marching contest. They spent the day at Lubbock and came home with a two rating for their trip.

The twirlers of the Plains High School Band, Joetta Warren and Pam McDonnell, twirled at Lubbock on the 18th. Joe

came home with a one and Pam came home with a two.

This coming summer the Plains High School Band is going to Las Vegas, New Mexico to summer band camp. They are to leave August 2nd and will be staying at the Highland University for one week and return August 8th.

**5th GRADE BANDS STARTS
NEXT WEEK**

Fifth grade band starts next week. The following students have successfully passed tonette class and are receiving certificates indicating that they can enter the band program. They are as follows: Kenneth Altman, Tony Anderson, Rhonda Bearden, Debbie Brian, Brad Crump, Billy Cooks, Carol Carothers, Stan Holly, Teresa Howell, Tony Lazos, Isabella Ramos, Teresa Sealy, Barbara Skinner, Matt Williams, Tony Gomez, Diane Hurta, Alejandro Moreno, George

Martinez, Ramiro Barbosa, Donna Bearden, Chris Blundell, Scott Chandler, Ron Craft, Raul Dominguez, Silvia Garcia, Nelda Haines, Melonie Milsap, Wanda Nelms, Bradley Palmer, Ruth Pierce, Bradley Redwine, Susan Stroup, Mary Sudduth, Angela Teaff, Gary Thomas, Lucy Torrez, Ty Wilmeth, Alberto Gonzales. The students worked hard for the right to enter the band program and Mr. Sech stated that he was very pleased with their work.

STORY HOUR

by Latrell McDonnell
Ricky Liles and Troy Wilkins read to the storyhour children Thursday week and the library personnel owes these boys and the little listeners a special "pardon me". Due to a meeting in Brownfield for neighboring libraries, the library was caught running behind and failed to get the write-up in the paper.

Those attending storyhour were Nicky Hanna, Johnny Slesby, Curt Randall, Doug and Russell Warren, Shaun Barnett, Michael Houck, Christie Barron, Wanda and Latrice Pickett, Selanie and Natalie Stretman, and Judy and Deny Cogburn.

This week, "Mrs. Latrell", as called by the storyhour children, read to the above named plus Tracey Welch, Betty Miller, Clay Lindswy, Becky and Teddy Willis, Michael and Rene Davis, Rhonda Teaff, Penci McRae and a first time storyhour listener, Christie Knox. We enjoyed having Christie and hope she will come again.

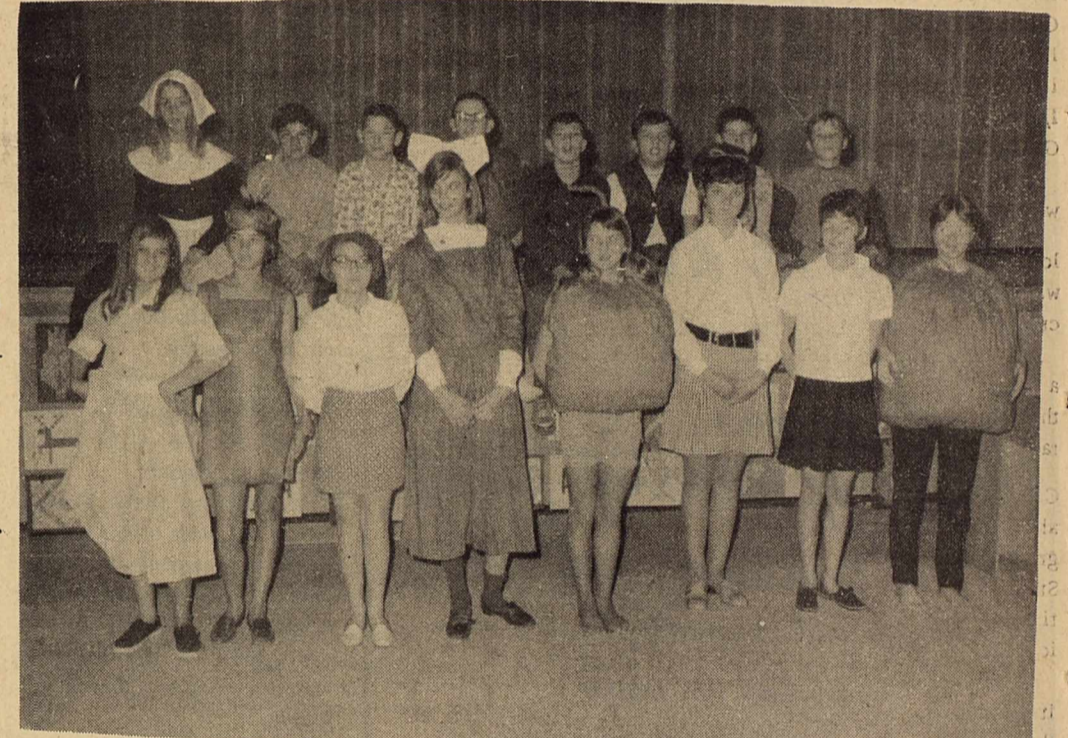

Storyhour will not be held this week due to Thanksgiving Holiday. The library person-

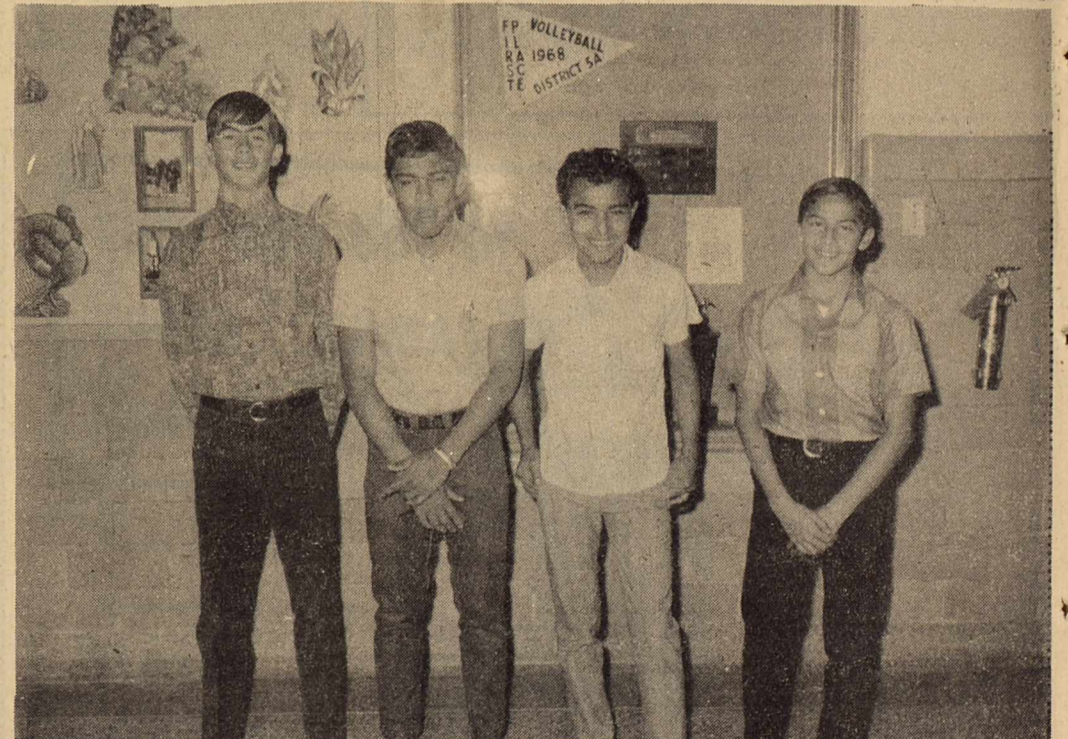

Pictured are the 5th grade students who made the honor roll. They are: All A's - Brad Palmer, Brad Crump, Matt Williams and Carol Carothers; A's and B's - Susan Stroup, Ty Wilmeth, Ron Craft, Chris Blundell, Nelda Haines, Lupe Garza, Teresa Sealy and Debbie Brian.

Pictured are the 6th grade students who made the honor roll. They are: All A's - Donna Miller, David Madden, Teresa Johnson and Danny Stevens; A's and B's - Geraldine Murphey, Brenda Perkins, Dana Willis, Steve Jones, Robbi Hale and Donna Cheatham.

Pictured are the 7th grade students who made the honor roll. They are: All A's - Rickey Bearden, Debbie Madden, Paula Crump and Lynda Whitley; A's and B's - Kathy Ethridge, Jan Hanna, Steve Green, Carolyn Richardson, Paula Blount, Karen Willis, Weldon Nelms, David Gomez, Mike Engle, Ceth Lewis, Donald Gilliam, Lyndyl Tidwell and Edith Worsham.

Pictured are the 8th grade students who made the honor roll. They are: All A's - Bob Blundell; A's and B's - Robert Barbosa, Rudy Ramos and Joe Ruiz.

nel and all the little storyhour children hope there is plenty of food on every table in Plains this Thanksgiving Day.

4-H CONGRESS

SPECIAL - The 1969 National 4-H Congress will be a time of nostalgia for at least eight of the adults attending the event. They are the national winners in the 4-H Alumni Re-

cognition program conducted by the Cooperative Extension Service and sponsored by Olin Corporation for 17 years.

When the 4-H Congress convenes in Chicago, Nov. 30-Dec. 4, the six men and two women will be presented with gold keys, emblematic of outstanding service to their communities, states, the nation and the world. As living examples of dedicated and purpo-

seful citizenship, the national winners will represent some 27 million 4-H Alumni. And the nostalgia is expected to be evident as they reminisce about their own 4-H experiences and see some 1,650 4-H Congress delegates carrying on the 4-H traditions of leadership and citizenship development. Throughout the year county

PLAINS REVIEW

Sudie Thompson Says.....

Ever tackled rice with chopsticks?

If so, you probably wonder how the Chinese race ever survived. Actually, the secret of chopstick use is in the rice.

Here in the United States most of us prefer long-grain, translucent milled rice. We like its ability to separate freely after cooking into attractive, individual bits of fluffy goodness. And therein lies our problem with the chopsticks.

People of Japan, Korea and China, still guided by the food habits of their ancestors, generally prefer the short-grain glutinous rice which sticks together after cooking--and balances nicely on chopsticks.

Try Rice With Chicken And Cheese.

1 1/2 cups of diced chicken

Chicken bones

1 onion, chopped fine

1 1/2 tbs. chicken fat

1/2 cup uncooked rice

Grated cheese

Cover chicken bones with water and simmer an hour or longer. Drain off broth. Add water, if needed, to make 2 cups broth. Add salt to taste.

In a large fry pan cook onion a few minutes in chicken fat, then add broth. When it boils rapidly, add the rice slowly.

Cover the pan. Simmer rice about 25 minutes or until the grains swell and become soft. Stir with a fork from time to time to keep the rice from sticking.

By the time the rice is done, it will have absorbed the broth, and the grains will be large and separate. Then add the chicken and more salt if needed. Turn mixture onto a hot platter and sprinkle gener-

Cabbage wedges, added to corned beef, taste best when they are not over-cooked. Add the cabbage about twenty minutes before the meat is done.

ously with grated cheese. Makes four servings.

Sausage and Rice

1/2 to 1 pound link sausage

2 tbs. water

1 green pepper, chopped

1 small onion, chopped

3 cups cooked rice

1 cup milk

Cool sausage with the 2 tablespoons of water slowly for 10 minutes in a covered fry pan. Drain most of fat from pan, add green pepper and onion and cook a few minutes. Combine with the rice and place a layer of the mixture in a greased bading dish. Arrange partly cooked sausage in a layer over the rice and cover with remaining rice. Pour milk over top. Cover and bake at 350 degrees F. for 30 minutes. Remove lid and bake 30 minutes longer. Makes six servings.

For variety, one-half pound diced cooked ham may be used instead of the sausage. One to two tablespoons of fat or oil will be needed to cook onion and pepper.

Spanish Rice

3 tbs. finely chopped onion

3 tbs. chopped green pepper

3 tbs. coarsely chopped celery

1 tbs. cooking fat or oil

1-3/4 cups cooked rice

2 cups canned tomatoes

3/4 tsp. salt

1 tsp. sugar

1/8 tsp. worcestershire sauce

Lightly brown the onion, green pepper and celery in the fat or oil. Add rice, tomatoes, salt, sugar and worcestershire sauce. Simmer until thick. If desired, cooked ground or chopped meat or crisp chopped bacon may be added to the Spanish Rice. Makes six servings.

ITEM: The newest color in appliances is blue, although avocado, harvest, flame or brown remain favorites of many persons.

Mr. and Mrs. Jerry Cowart

WEDDING VOWS EXCHANGED BY KATHY WILMETH AND JERRY COWART

Miss Kathy Jean Wilmeth and Jerry Don Cowart exchanged double ring wedding vows at 7:30 p. m. Saturday, November 13th in the First Baptist Church with J. Loyd Rice of the Church of Christ officiating at the ceremony. Kathy is the daughter of Mr. and Mrs. Woody Wilmeth, and Jerry is the son of Mr. and Mrs. Bill Nokes.

Given in marriage by her father, the bride wore a formal-

length gown of satin, accented with lace.

Maid of honor was Miss Leora Turner of Hobbs, New Mexico. Bridesmaids were Carolyn Wilmeth and Linda Patton. They wore long pink gowns trimmed in pink velvet.

Mickey Cowart of Plains was the best man. Groomsmen were Ronnie Cowart and Myron Goehry. Gregg Ancinec and Bryan Wilmeth seated the guests.

Caprock District Workshop - Pictured L-R Mrs. P. W. St. Romain, District Chairman of Texas Heritage; Mrs. Lane Decker, Caprock District President of Floydada; Mrs. Le Roy Johnson, First Vice President of Morton; and Mrs. Bob Blundell, President of Tsa Mo Ga Club.

CAPROCK DISTRICT WORKSHOP

Some seventy-five Club women of the Caprock District registered for the annual workshop held this year in Plains,

with members of the Tsa Mo Ga Club as hostesses. The departments of International Affairs, Conservation and Texas

Heritage were reviewed. Lunch was served in the cafeteria. A tour of The Tsa Mo Ga Memorial Museum was enjoyed by the visitors.

Mr. and Mrs. Darrel Lowrey

COUPLE EXCHANGE WEDDING VOWS

Beverly Ann Allen and Darrell Fred Lowrey exchanged wedding vows Saturday, November 22nd at 7:00 p. m. in the home of Mr. and Mrs. R. V. Newton in Denver City. Rev. John Ferguson, pastor of the First Baptist Church in Denver City, officiated at the single ring ceremony.

Given in marriage by her father, the bride wore a street length dress of white lace which was highlighted by a white pearl necklace. She carried a bouquet of white camations encircling tiny white rose buds.

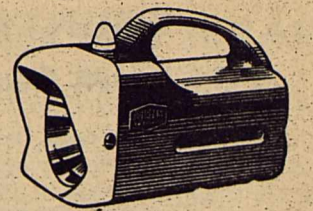

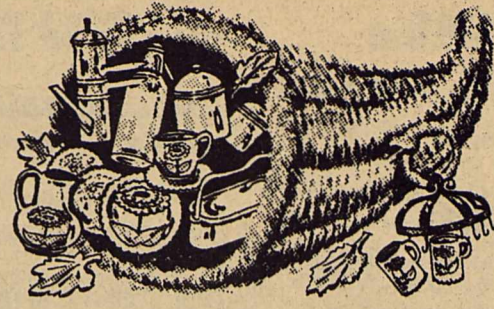

Maid of Honor was Miss Sue Butter of Denver City. She wore a tangerine chiffon street length dress with matching bow in her hair. She carried a long stem white carnation. Best man was Danny Sraeder of Denver City. "Oh Promise Me" was played by Brenda Newton.

The reception was also held in the home of Mr. and Mrs. R. V. Newton. The table was covered with white lace over a tangerine cloth with an orange center piece. The three tiered wedding cake was decorated with mint green leaves.

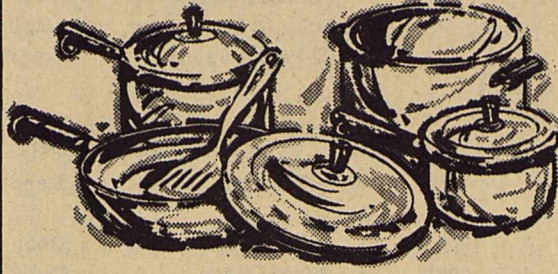

Following the reception the couple left for Carlsbad, New Mexico on their honeymoon. The bride is the daughter of Mr. and Mrs. A. M. Allen of 401 W. Fir Denver City and attended Denver City High School. The groom is the son of Mr. and Mrs. Fred Lowrey of Rt. 1 Tokio and attended Plains High School.

They will make their home at 1317 A Sam Houston, Odessa, Texas where Mr. Lowrey is employed by Oil Well Supply.

DIRT GARDEN CLUB MEETS

The Plains Dirt Gardeners Club met November 20th in the clubroom at 7:30 p. m. Mrs. Joe Thompson gave the program on yesteryear history periods of arrangements.

Mrs. Ita Young gave an example of the modern arrangements. Coffee, hot spiced tea and fruit cake were served by the hostesses, Mrs. Leon Lewis and Mrs. Ray Bearden, to one visitor, Mrs. W. C. Guetersloh, and 12 members, Mesdames Mary Lou Parks, Robert

Young, Foy Cogburn, H. A. Richardson, C. C. Perkins, C. A. Stewart, Bobby Lester, Wilson Duke, Joe Thompson and Glenn Morehouse.

To All of You, Our Thanks . . .
We are thankful for the privilege of being a part of this community, and for the opportunity it gives us to serve so many wonderful people. We deeply appreciate your patronage.

Theft is virtually unknown among members of Africa's Bushmen tribes. Bushmen do not enhance their status by acquiring goods, and a thief's footprints would be as well known as his face.

Oceanologists place thousands of bottles in the sea each year to study currents. One bottle released in 1962 at Perth, Western Australia, was recovered almost five years later near Miami.

**UNCLE SAM'S
SELECTIVE SERVICE**

QUESTIONS & ANSWERS

Q--I am about to register for the draft. Where can I get any books about the types of military service or careers open to me?

A--"It's Your Choice," a booklet, can be obtained without charge at your draft board. Published by the Department of Defense, it contains information regarding the various military choices open to young people planning to enter the armed forces.

Q--If I appeal an action of the local board, may I appear in person before the appeal board?

A--No. The appeal board can consider only information that was available to your local board--that is, information in your file. However, you may attach to your appeal your own written statement specifying the matters in which you believe the local board erred, may direct attention to any information in your file which you believe the local board failed to consider properly, and may set out in full any information which you offered the board and which the local board failed or refused to include in your file.

Q--I have received my notice of classification, and understand that I have the right of personal appearance before the local board. My board is located 900 miles away. Can I have my case transferred and appear before a local board in this area?

A--No. You can appear only before the board which classified you.

Q--A man happens to be both a father (III-A) and an essential farmer (II-C). In which class would he actually be placed?

A--Every man is to be placed in I-A unless he is eligible to be in one of 17 other classes. If qualified for more than one of these other classes, he must be placed in the lowest one for which he is eligible, according to a table set up in the Selective Service regulations for that purpose. The person cited above would be in class III-A, because III-A is a lower class in the table than II-C.

Q--How are the classes ranked in this table?

A--The classes ranked in order from highest to lowest are: I-A-O, conscientious objector available for nonmilitary service; I-O, objector available for civilian work; I-S, student deferred by statute; I-Y, man qualified only in time of war or national emergency; II-A, occupational deferment; II-C, agricultural deferment; II-S, student deferment; I-D, reservist, or man taking military training; III-A, dependency; IV-B, officials deferred by law; IV-C, aliens; IV-D, ministers; IV-F, man not qualified for any military service; IV-A, man who has completed service, or sole surviving son; V-A, man over the age of liability; I-W, conscientious objector performing or having completed required civilian work; and I-C, member of the armed forces, the Environmental Science Services Administration, or the Public Health Service.

Cotton linters are used in making X-ray film.

IRRIGATION**

**ALABAMA- COUSHATTA
INDAIN RESERVATION**

With frost settling over the Big Thicket of East Texas, the Indian Reservation on U. S. 190 between Livingston and Woodville is a show place for nature's handiwork this fall.

The Alabama-Coushatta Tribes will close their Indian Village tourist activities this year for Thanksgiving Day. Tribesmen will enjoy the holiday in their traditional manner of family gatherings.

All activities will resume Friday, November 28th, according to Program Director, Lester Battise.

During December the Indian Village will be open only the first and second week ends. The week end activities will get underway again on January 3rd for operation each Saturday and each Sunday afternoon during the Winter months. Daily Spring activities begin March 7, 1970.

Cotton fibers are dried-up tubes of cellulose.

Cotton is almost as old as man himself.

DRAFT CALL FOR TEXAS

AUSTIN, Texas -- The December draft call for Texas is 456, down from 491 for November, Colonel Morris S. Schwartz, state Selective Service director, said. Local Board 116 had three men scheduled for December 9, 1969. The October quota of 504 was revised downward from an original call for 1,461 men. The December quota of 456 is the state's share of a national call for 9,000 men, 7,500 for the Army and 1,500 in the Marine Corps. Men selected in Texas will enter both services December 1 through 9 in the same proportion as nationally. A total of 2,383 is scheduled to be forwarded for armed forces pre-induction physical and mental examination in December to prepare for future calls, Colonel Schwartz said. This compares with totals of 3,266 in November, and 8,906 for October. The order of selection to fill draft calls through December may be from among examined and acceptable men who are (1) delinquents 19 years old and older, (2) volunteers under age 26 in the sequence in which they have volunteered, and (3) nonvolunteers 19 through 25 years old, single and married, oldest first, with those married after August 26, 1965, being selected ahead of those married on or before that date. In filling the quota for the pre-induction physical and mental examination for December, draft boards, if necessary may go as low as 18 years and 8 months of age, oldest first, but no person may be inducted until he is 19 years old.

Weekend guests of Mrs. George Alexander were her sisters, Mrs. Eva Ellington of Colorado Spring, Colo., Fern Pray of Tuscon, Arizona, Mr. and Mrs. George Ellington of Corpus Christi, and Mr. and Mrs. Bill Mangan of Colorado Spring, Colorado.

Mrs. Myrtle Johnson and Mrs. W. H. Davis of Brownfield visited Mrs. A. K. Gilland Friday afternoon.

Weekend guests of Mr. and Mrs. A. K. Gilland were their grandchildren, Ky, Jennifer and John Gilland.

Lewis Waters attended the breakfast Monday at the Holiday House for the Terry County Water Incorporation.

Mr. and Mrs. Rickey Elmore and Chris of Canyon, and Mr. and Mrs. Tommy Elmore and children visited their grandmother, Mrs. Derah Gauldin in the Seagraves Hospital Sunday.

Weekend guests of Mr. and Mrs. Ray Bearden and family for an early Thanksgiving dinner were Mr. and Mrs. Loyd Clanahan, Mrs. Nell Clanahan of Olney, Mr. and Mrs. C. Perkins of Plains, N. C. Cl-

anahan of Lubbock, Mr. and Mrs. Bennie Green and children of Lubbock, Mr. and Mrs. Leon Clanahan and girls and Mr. and Mrs. Eddie Earnest and family.

Visiting Mr. and Mrs. H. F. Brooks Saturday was their daughter, Mr. and Mrs. Kenneth Sutton and family of Andrews. Sherri Pippin attended the Skiing party Saturday at Lovington, N. M. for the Young People of Hillside Church of Christ. She took Sue Nelms as her guest.

Mr. and Mrs. Alfred Pippin and sons flew to Memphis Saturday and visited her mother, Mrs. Norma Lebow. They also visited Mr. and Mrs. Bob Douthit, Mr. and Mrs. M. L. Rogers and Mr. and Mrs. Jerry Lebow and Trisha in Pampa.

Visiting Mr. and Mrs. Clyde Trout Sunday night was her mother, Mrs. Nona Trout of Plains. Mrs. Trout attended Mr. and Mrs. J. P. Rowe's 60th Wedding Anniversary in Lubbock Sunday. The Rowes are former residents of Tokio.

Sunday guests of Mr. and Mrs. Clyde Trout were their son, Cote, student at Tech, and some friends, Miss Shirley

Jarombo and Probal Roy of India.

4-H From Page 4

and state extension personnel across the county honor former 4-H members through the Alumni Recognition program. And with the assistance of Oil Corporation, four county honorees receive recognition pins and a similar number of state winners are awarded plaques.

Former 4-H members are found in a variety of vocations as exemplified by the current national winners. One is a congressman, another is a county planning director. Others in the select group include an educator, a social worker, a state commissioner of agriculture, a farmer-meat packer, a farm organization marketing specialist and an assistant to the secretary of agriculture. All have continued their interest in youth while attaining prominence in their chosen profession.

In announcing the schedule of the national 4-H Alumni Recognition program awards, the National 4-H Service Committee, Chicago, urges int-

erested persons to nominate outstanding former 4-H'ers for honors. Nominations may be made through the county extension agent.

EDUCATION From Page 2

developed by each school.

(10) Media Specialists -- Increase the number of specialists competent in developing library-audiovisual programs.

(11) Confluence of Cultures -- The cultural diversity of Texas is a near microcosm of the United States as a whole. Educational leaders are needed who can understand this diversity and adapt it to the school curriculum.

(12) Language Skills Development -- Teachers for three kinds of programs are needed; English as a second language, bilingual instruction, and second dialect instruction.

(13) Early Childhood -- Immediate and long-range demand for kindergarten teachers in the state will be emphasized from 1970-71 and into the future.

(14) Comprehensive Pupil Appraisal -- Trained specialists who can understand the apt-

itudes, abilities, problems and their causes of pupils from elementary through high school are needed in increasing numbers.

The six consortia which will focus their efforts on one or more of these problems include the following education service centers, plus the universities and independent school districts in each area: Consortium A -- Corpus Christi, ESC regions I, II, and XX; Consortium B -- Austin, ESC regions II, XII, XIII; Consortium C -- Houston, ESC regions IV, V, VI; Consortium D -- Richardson, ESC regions VII, VIII, X, XI; Consortium E -- Amarillo, ESC regions IX, XIV, XVI, XVII; and Consortium F -- El Paso, ESC regions XV, XVIII, XIX.

TEXAS MOTOR ASSOCIATION

"If you've got it, a truck brought it," the slogan of American Trucking Associations, Inc., may seem like an exaggeration, even to Texans.

But little do most people realize just how vast and far-re-

aching the trucking industry in Texas really is. Nor do they realize how vital is the industry to the economy of the state--and to the Plains area.

For example, according to studies conducted by Texas Motor Transportation Association, the truck and bus industry in Texas employed 666,968 persons during 1968 and paid them more than \$3-1/2 billion. In fact, one out of five non-farm pay checks in Texas comes from trucks.

In 1968, Yoakum County alone had 889 persons employed by the trucking industry and they earned \$4,818,380. The value of the 1,903 trucks registered in this county amounts to \$2,081,250.

Yes, when one considers the impact of the trucking industry on the economy of the state and on the economy of Yoakum County, he realizes just how important trucks are to his well-being.

And when he stops and looks around at the items in his environment, he realizes that a truck did bring just about anything he can lay his finger on--at least during one phase of its journey.

AUTOMOBILE DEALERS ASSOCIATION

AUSTIN -- Texas automobile buyers are urged to be particularly careful during the next few months to avoid purchasing 1969 model new cars which were severely damaged by salt water submergence during the frightful ravages of hurricane Camille in the states of Mississippi and its neighboring states in September, according to H. C. Pittman, Executive Vice President of the Texas Automobile Dealers Association.

"Many water-damaged cars have been salvaged from lots in Mississippi, Louisiana, Alabama and other Gulf Coast states, cleaned so the damage is not noticeable, sold at auction and now are turning up on Texas lots for sale to unwary Texas automobile customers," Pittman said. "The first of these so-called 'bargain' autos have been appearing since October in South and East Texas."

Engine parts and underbodies have been corroded and war-

anties will no longer be valid with manufacturers, Pittman stated. "This same sort of fraud on the car-buying public occurs following every hurricane in the Gulf Coast area," Pittman said. In Texas, there is no law requiring that the vehicle titles be marked with evidence that the cars have been damaged by immersion, and the TADA Executive Vice President issued extreme caution to car buyers to check the manufacturer's certificate or bill of sale to determine origin of the vehicles. Pittman said all makes of cars are involved and strongly urged buyers to double check on purchasing obviously underpriced new 1969 new cars.

At least several hundred of these cars have been shipped into Texas to date and more are likely to find their way into the state unless the buying public is alert to the papers indicating origin of the car and the reputation of the dealer offering the car at the often under-market prices.
