Visitors in McConnell Home

Left to right: Mr. & Mrs. Jack Coleman of Hobbs; Mr. & Mrs. Lloyd Hollinger; Mr. & Mrs. H. D. McConnell, of Kansas, and Mrs. John McConnell, wife of the editor, standing in front of the Aspen Motel in Cloudfcroft where they spent the July 4th holidays.

4-H Play Day Results

By Leo L. White, Co. Agricultural Agent

Local 4-H Club members completed their fourth play day of the current season on Monday night, July 6. Twenty-three boys and girls were entered in the competition. Mr. Tom Bowers was the official judge of the reining and western pleasure classes.

Results of Monday night's Playday were as follows:

Western Pleasure:

Pee Wees: Sam Bowers, 1st; Brady Phillips, 2nd.

Young Juniors: Steve Green, 1st; Melvin Dearing, 2nd; Mylonne Millsap, 3rd; Marvin Dearing, 4th; and Chris Winn, 5th.

Juniors: Denise Newsom, 1st; Cindi Jones, 2nd; Kathleen McGinty, 3rd; and Paula Blount, 4th.

Seniors: Joetta Warren, 1st; Melinda Millsap, 2nd; Janalyn Lambeth, 3rd; and Dianne Fitzgerald, 4th.

Pole Bending:

Pee Wees: Brady Phillips, 1st; Sam Bowers, 2nd; and Guy Morgan, 3rd.

Young Juniors: Chris Winn, 1st; Tim Bowers, 2nd; Neal Bearden, 3rd; Amanda Phillips, 4th; and Melvin Dearing, 5th.

Juniors: Kathleen McGinty, 1st; Karen Houck, 2nd; Paula Blount, 3rd; and Denise Newsom, 4th.

Seniors: Janalyn Lambeth, 1st; Dianne Fitzgerald, 2nd; Joetta Warren, 3rd; and Melinda, 4th.

Reining:

Pee Wees: Sam Bowers, 1st; and Brady Phillips, 2nd.

Young Juniors: Tim Bowers, 1st; Chris Winn, 2nd; and Neal Bearden, 3rd; and Amanda Phillips, 4th; and Mel-

Ivin Dearing, 5th.

Juniors: Paula Blount, 1st; Kathleen McGinty, 2nd; Denise Newsom, 3rd; and Cindi Jones, 4th.

Seniors: Melinda Millsap, 1st; Janalyn Lambeth, 2nd; Dianne Fitzgerald, 3rd; and Joetta Warren, 4th.

Flag Race:

Pee Wees: Brady Phillips, 1st; Sam Bowers, 2nd; and Guy Morgan, 3rd.

Young Juniors: Chris Winn, 1st; Tim Bowers, 2nd; Neal Bearden, 3rd; Ruth Pierce, 4th; and Mylonne Millsap, 5th.

Juniors: Paula Blount, 1st; Denise Newsom, 2nd; Karen Houck, 3rd; Kathleen McGinty, 4th; and Cindi Jones, 5th.

Seniors: Melinda Millsap, 1st; Janalyn Lambeth, 2nd; Bryan Wilmeth, 3rd; Joetta Warren, 4th; and Dianne Fitzgerald, 5th.

Barrel Race:

Pee Wees: Brady Phillips, 1st; Sam Bowers, 2nd; and Guy Morgan, 3rd.

Young Juniors: Chris Winn, 1st; Tim Bowers, 2nd; Neal Bearden, 3rd; Marvin Dearing, 4th; and Amanda Phillips, 5th.

Juniors: Karen Houck, 1st; Kathleen McGinty, 2nd; Paula Blount, 3rd; Denise Newsom, 4th; and Cindi Jones, 5th.

Seniors: Bryan Wilmeth, 1st; Janalyn Lambeth, 2nd; Melinda Millsap, 3rd; Joetta Warren, 4th; Dianne Fitzgerald, 5th.

The next play day will be Monday night, July 20. Some of the 4-H Play Day contestants will be attending an invitational play day at Morton on Saturday, July 18.

Museum Summer Youth Classes

A summer of adventure is being planned for boys and girls who enroll in The Museum's Summer Youth Classes, scheduled for July 13-24 at the new Museum on the corner of 4th St. and Indiana.

Astronomy, Aerospace, Archaeology, Birds of the Southwest, Junior Rockhounds, Creative Art, Dramatics, Dance, Photography and Texas Wildlife are the courses planned, according to Mrs. Elmer McKinney, chairman.

Sponsored by the Women's Council of the West Texas Museum Association, the classes annually attract hundreds of boys and girls in grades 1-12.

Tuition for each class is \$5, with the exception of Creative Art, Photography, and Creative Dramatics, which cost \$10, to include materials and supplies necessary for the courses.

Sam Rhoads will instruct the basic study of the solar system with the new Spitz Planetarium. The Astronomy class will help meet some requirements for Boy Scouts earning badges. Grades 5-9 are eligible.

Col. Haynes Baumgardner returns to teach Man and Space for Grades 4-6, and Luere of Other Worlds, the future of space exploration, for Grades 7-12. The Aerospace

Plains Post Office To Discontinue Window Service on Saturdays

The Plains Post Office will discontinue Saturday window service beginning July 11th. Postmaster Hayes announced today. This is part of the Postal Service economy drive.

This will include stamp sales, package mailing, and general delivery service. Although we have any size boxes for rent, for persons now

receiving mail at the general Delivery window.

We wish to ask that local mail be addressed to Plains, Texas instead of city. As our mail may be cancelled in Lubbock.

Postmaster Hayes said incoming and outgoing mail will be handled as usual.

Help Needed for Wilkerson Family

A friend of the Pete Wilkerson family, who asked that the name not be mentioned has asked for help for the Wilkerson family. Mr. Pete Wilkerson had a kidney operation a number of weeks ago at Galveston and is now taking cobalt treatments at Brownfield. Mrs. Pete Wilkerson is also ill and their daughter, Mrs. Vonne Snow is the only person at home to take care of Mr. and Mrs. Wilkerson and four small children, three of which are of school age, and one too small for school. The children are

Jackie, size 8-10 dress size; Tina, 6-8 dress size; Billie size 5; and David size 4.

Money donations will be collected at the Plains State Bank food donations at Bob's East Side, Hawkins Grocery, and Pic & Pay, and clothes donations at Moore & Oden Dry Goods, and Elite-In Fashion.

Mr. Wilkerson has been in the hospital since May 23rd and will be there for sure until the end of July and perhaps longer. All donations will be heartily appreciated!

Yoakum County ASCS

AGRICULTURE SECRETARY ANNOUNCES WHEAT REFERENDUM: Secretary of Agriculture, Clifford M. Harding, on July 1st, 1970 proclaimed July 27th through 31st as the dates for a mail referendum on 1971 crop wheat marketing quotas. Since no new legislation has been passed, the 1971 wheat crop comes under the provision of the Agriculture Adjustment Act of 1938 as amended. This act requires that a marketing quota referendum applicable to the 1971 crop be conducted on or before August 1st, 1970.

The 1971 wheat allotment notices will be mailed to farm operators soon. To be announced in advance of the referendum will be the price support loan rate for 1971 crop wheat, the estimated domestic certificate value and other program details. The allotment will be based on a National Allotment of 43 1/2 million acres as compared to 45 1/2 million in effect for 1970 crop year.

Marketing Quotas to be put into effect must be approved by two-thirds or more of those voting in the referendum. If quotas are approved producers

will be limited to their allotment acreage. Any excess acreage will be subject to a marketing quota penalty. If they remain within their allotment and divert the required acreage they will be eligible for price support loans and domestic wheat marketing certificates. If the referendum fails to carry, producers staying within their 1971 allotments and complying with other terms and conditions prescribed by the Secretary would be eligible for price support loans at 50 percent of parity.

There is some possibility that new legislation may be passed before this referendum date or the referendum post-poned until a later date.

CERTIFYING ACREAGES:

Farm operators are again reminded that August 1st is the final date for certifying crop and land use acreages, if complying with any of the commodity programs. Farmers are again urged to carefully measure their acreages and reporting too little or too much acreage could cause the loss of part or all of their payments.

classes will help with requirements of the Boy Scout Space Exploration badge and with certain Girl Scout and Camp Fire requirements in the areas of weather and science.

The study of the cultures of Indians of the Southwest will be covered in the Archaeology class conducted by W. C. Watts for Grades 7-12. The boys and girls will take a field trip.

V. L. Yeats, Antarctic explorer, will introduce Junior Rockhounds in Grades 4-7 to rocks and minerals, helping them start their own collection.

Gerald Johnson is slated to teach Trailing Texas Wildlife, Grades 6-12, and Birds of the Southwest, Grades 4-7. Some of the requirements for Boy Scout Nature badges and certain Girl Scout and Camp Fire requirements can be met with these classes.

Mrs. Jackie Harland will help children develop a greater self-awareness through the expressive arts. Grades 1-3 and Grades 4-6 meet in separate groups for these classes.

Charles Kerr takes Grades 3-6 to develop their capabilities in communications through individual expression, in his Creative Dramatics class.

A new course is introduced this summer by Suzanne Aker, labeled "an adventure in creative expression, using art elements in the medium of dance." Creative Dance for Grades 1-3 and Grades 4-6 will be scheduled, as well Folk Dance from European cultures for Grades 7-9. Girl Scouts and Camp Fire Girls will meet some requirements by taking this class.

Mrs. Aker's husband, Gene Aker, will give an introduction to Photography to Grades 7-12.

Golf Tournament

The Yoakum County Junior Golf Tournament will be held July 13 and 14, 1970.

No entry fee--No Green Fee. Must be a resident of Yoakum County. Trophy awarded to winner of each age group.

11 and under age group will play 9 holes medal play, 9:00 a.m. July 13.

12-13 age group will play 9 holes medal play, 9:00 a.m. July 13, and 9 holes medal play, 9:00 a.m. July 14.

14-15 age group will play 18 holes medal play, July 13 at 9:00 a.m., and 18 holes medal play, 9:00 a.m. July 14.

16-17 age group will play 18 holes medal play, 9:00 a.m. July 13, and 18 holes medal play, 9:00 a.m. July 14.

Deadline for registering will be 6:00 p.m. Sunday, July 12, 1970.

School for Traffic Violators

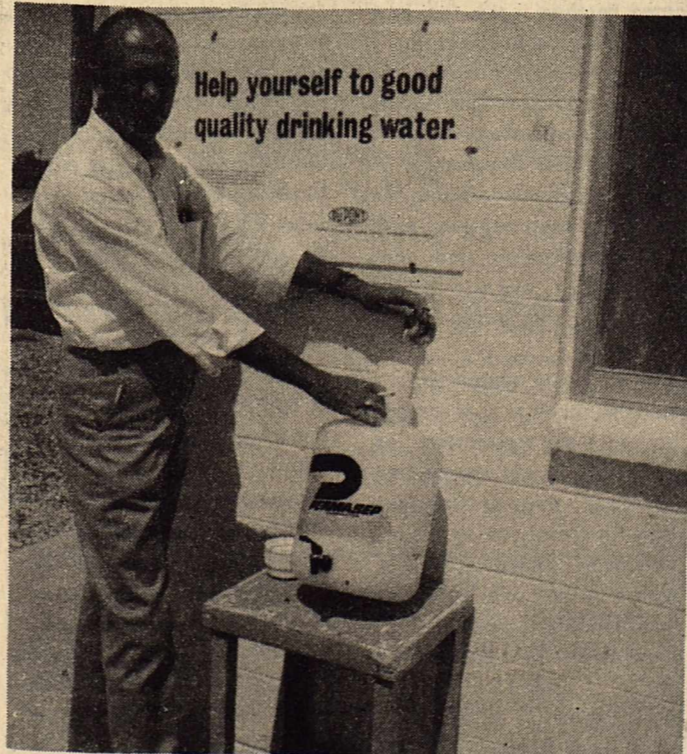

AUSTIN -- Adult motorists ticketed for moving traffic violations may soon be going to night school to learn better methods of getting from "here" to "there" in an automobile.

Thirty new sets of driver training equipment will be provided to the 20 regional education service centers across the state to teach students by day and adult traffic violators at night, following approval of the plan Monday (July 6) by the State Board of Education.

Funds for the equipment and supplementary educational programs, expected to total \$698,000, will be provided by the National Highway Safety Bureau through the Governor's office.

"The new equipment, which will be mobile enough to transfer from one school district to another within the region, will help us concentrate on the classroom phase of instruction," Glenn Peavy, Agency driver education program director, points out.

The multi-media systems will include films designed to put students in simulated hazardous as well as route highway and city driving situations while in the classroom -- and then teach them how to make the correct decisions to avoid collision. Adult drivers may be assigned to special training on the classroom units by city, county, or state courts.

Mr. Harold Holloway demonstrates new water service

Ceramic Workshop to be Held

There will be a Ceramic workshop in the old courthouse July 21st at 8:30 a.m. Everyone is invited to come. All you need to bring is a 1" or 1 1/2" paint brush. The workshop will last all day.

Seeing For Safety

Professional drivers--the men who haul the nation's goods in tractor-trailers--know how to use their eyes. "They use them to get the big picture," Mr. Graham says. "And they automatically have a much bigger picture than the automobile driver--they sit up much higher and therefore can see much farther ahead."

There are five common distractions that can get in the way of that big picture, according to Mr. Graham. They are:

1. Route problem--confusion over where one is and where one is going.
2. Mental disturbances--concentrating on the "problems of life" rather than the problems of the road.
3. Distractions inside the vehicle--children, for example.
4. Scenery.
5. Unfamiliar situations.

"However, offsetting these are five basic steps used and proved out over the years by the professional drivers," Mr. Graham says.

"They are easy to learn. With a little practice they will become routine:

"1. The 'aim high in steering' formula. This calls for repeated glances well ahead at the center of the intended driving lane. The eyes should sweep over the scene--a full block in the city, a half-mile on rural roads.

"2. Get the big picture. Keep your eyes sweeping over the scene, while maintaining proper spacing--more than one car length for each 10 miles per hour in speed. And get into the ground-viewing habit. This refers to the habit of glancing 'at the ground beside the front wheel of another vehicle before overtaking or passing or before meeting oncoming cars.

"3. Keep your eyes moving. Shift your eyes every two seconds. Check your rear-view and side-view mirrors at least every five seconds.

"4. Leave yourself an 'out'. Think ahead. Strive for a space cushion, adjust speed to visibility and in doubtful situations reduce speed and touch brakes.

"5. Always be certain that the other drivers see you. That's what horns, lights, and turn signals are for."

By practicing these five steps you will improve your driving immeasurably--and your chances for survival! "You

RODEO QUEEN CANDIDATE:

Renee Houck, 14 year old daughter of Mr. and Mrs. R. D. Houck, is a candidate for the 1970-71 Rodeo Queen Contest. Renee is being sponsored by the Plains Garden Club.

Renee is a freshman student at Plains High School. Her activities include being a member of the Cowboy band, volleyball, 4-H, and various other school organizations. She has been a member of the Plains Rough Riders for three years, participated in the local 4-H Playdays, and is a member of the First Baptist Church.

Her main hobby is horses and riding, and next to this, she enjoys playing and listening to music, swimming, and all kinds of sports.

Renee will certainly appreciate all the support you can give her!

Beef Needed for Bar-B-Q

In the last week's issue of the Plains Review attention was called to the fact that the meat for the Old Settlers Reunion held each year in conjunction with the rodeo has always been donated by the people of the community. In order for the planners of this event to complete their arrangements it is essential for those intending to donate beef are required for a successful barbecue. At this time only a small portion of this amount has been declared.

Donations from any individual or organization will be heartily appreciated. Mr. A. E. (Dick) McGinty, who is chairman of the food committee, is the person to be notified.

The Plains Rodeo that is to be held July 30th, 31st, and August 1st, will be the 17th Annual Old Settlers' Reunion and Rodeo. The success of this event depends upon the full cooperation of all businesses, civic clubs, and individuals of the community. Let's have a great show!

won't be the poor driver standing beside his demolished vehicle saying, 'I just didn't see the other car,' "Mr. Graham says. "You will see him in time and thereby be able to avoid the accident. This is defensive driving. Defensive driving is the safest kind of driving!"

They're called 'eyes.' The trouble is, too many drivers just don't use them properly."

"I just didn't see the other car."

How many times has a motorist stood near an accident scene and offered this rather pitiful excuse for being involved in the crash?

"Accident investigation officers hear it all the time," says Mr. Paul Graham, President, Texas Motor Transportation Association, "and it just points up one of the most important aids to safe driving.

Anderson Reunion

The Anderson's held a family reunion Sunday July 5 in the Yoakum County Park. There were 50 registered guests. Those attending were: Mr. and Mrs. V. A. Galloway, Peacock, Tex.; Mrs. Gertie Grogan, Bakersfield, Calif.; Mr. and Mrs. John Anderson, Plains; Mr. and Mrs. Bill Anderson, Milpitas, Calif.; Albert Anderson, Alpine; Newton Anderson, Aspermont; Mr. and Mrs. C. A. Stewart, Goldsmith; Mr. and Mrs. Pete Oakley and children of Woodson, Tex.; Mr. and Mrs. Melburn Grogan and son of Dalhart, Tex.; Mr. and Mrs. Roy Edwards and girls of Plains, Mr. and Mrs. James Anderson and children of Odessa; Marie Grisham and Helen, Brownfield; Mr. and Mrs. Hollis Wolfenbarger and boys of Sundown; Mr. and Mrs. Kenneth Stewart, Snyder; Mrs. W. L. McClellan, Plains; Mr. and Mrs. Larry Stewart and children, Goldsmith; Mr. and Mrs. Doyl Robertson of Odessa; Mrs. Nona Trout of Plains; Mr. and Mrs. Clyde Trout of Tokio; Mr. and Mrs. Bob McDonnell of Plains; Mrs. S. McDonnell of Plains Nursing Home.

Mr. Holloway is a frequent visitor in Plains. He is constantly in contact and is fully informed of all operations of the Plains plant. The plant has been in constant operations for over a year and is operating to full capacity, as reported by Mr. Holloway.

New Service for Plains

Mr. Harold Holloway of the Marketing Division of the 'Permasep' products announces a new accommodation for Plains citizens. A direct line from the fully treated water supply before it enters the city water mains has been extended to the outside walls of the Plains plant at the northwest corner.

Due to the extreme warm temperatures, water consumption in Plains has skyrocketed. With the full capacity of the water plant being utilized, only about 25% of the present water needs are treated. The spigot on the outside wall of the plant will afford fully treated and softened water for anyone wishing to utilize this service.

EDITORIALS

VACATION TIME

The July 4th weekend could well be considered "Vacation Time." All government offices and many businesses now grant either the day before a holiday or the day after as a holiday when such day falls on Saturday and Sunday. Naturally this results in a four-day weekend which allows sufficient time for distant travel and pleasant campouts.

With the offices closed and many businesses closed over the weekend, Plains folks took to the road also. So the old town was rather quiet. The main topic of conversation Monday was of "Where we went and what we did." There were no reports of the bad luck nature. Everyone seems to have had a wonderful weekend.

The vast number of cars on the highways and in the vacation spots defied all reports of tight money, unemployment, inflation and uncontrolled prices. We hear nothing of inflated prices in the entertainment field, so as long as folks have plenty of money for travel and entertainment, we have little to fear from high cost of living.

When our great congressmen were faced with the responsibility of the Viet Nam crisis they instigated the Tonkin Resolution and shifted the responsibility to the executive department which was all too willing to accept it at that time. After many years of avoidance and claims of "He done it!", a few signs are appearing of a possible solution for the Southeast Asian situation. No congressman could conscientiously allow any credit or glory fall to the executive department. Consequently, the Tonkin Resolution has been resolved. What will the congress use for a whipping boy and an excuse for their escapism now?

We know that times have changed and many improvements have been wrought in the welfare of humanity. Such improvements should result in stability of character and determination of purpose of our statesmen. We wonder what has become of the old statesmen who has suffered at the polls before he would sacrifice his principals and ideals. It is frightening when we see congressmen who we have admired for their stability and depended upon for leadership, diverge from this stand and line up with the weak-kneed doves and dissenters for the price of a few votes. A majority vote this year will remain with a deeply concerned and patriotic citizenry of this country and will be hazarded but slightly by the objectors, the dissenters and the 18-year olds. Many of the late switch-overs who are deserting the principals for which we have admired may find that they have sold their souls for a pot of porridge.

Friendly Chats with Faye McConnell

"How far that little candle throws his beams!
 So shines a good deed in a naughty world."

What a wonderful week last week was in our home, Monday afternoon, Son Harvey and family came from Midland on their way to Ruidoso and spent Monday night with us. Friday, Mr. & Mrs. Harold McConnell, brother and sister-in-law of the editor, and Mr. & Mrs. Lloyd Hollinger, childhood school friends arrived from Kansas.

Saturday morning, they, the editor and I, and a couple from Hobbs, New Mexico left for Cloudcroft where we spent the night, coming home Sunday evening.

The Kansas couples left for home Tuesday morning and what a grand and happy feeling was left in the memory of our home of this wonderful visit.

Also visiting us are our grandchildren Christopher and Don Odie Bryant from San Antonio, Anthony Lusk from San Jose, California, and Sherrie Lusk of Midland.

"Did you know", asks Commerce magazine "that the Federal Income Tax Law is so complicated, as a result of repeated congressional additions, that it runs 930 pages and is 'explained' by some 17,000 pages of court decisions and Internal Revenue regulations?"

The General Counsel of a major oil company--a man of the law--in an address at Washburn University, freely admitted that the administration of the law has its faults. But he went on to observe, "... The right of dissent is being employed today on such a scale and in a manner as to threaten to bring down the whole social structure. A great deal of the current furor in this country appears basically anarchistic in its inspiration, and among the many other luxuries we cannot afford at this stage in our development is a widespread state of anarchism. I use the term as it is most commonly understood to mean a terrorist resistance to government and social order. Given the complexity of modern, urban society, the last thing we can tolerate are people willing to destroy what is in order, to see what might follow--if indeed they have such long-range curiosity."

Have you visited the 4-H Play Day lately? If you haven't, you should. It is grand entertainment to watch these Pee Wee Young Juniors, Juniors and Seniors perform on their horses.

When you see a small boy of four run the poles on his little shetland pony and the other 8, 9, 10, and 11 year olds handle horses as though they were grown, it gives you an inspiration and feeling that is hard to analyze.

Byron Fullerton for Lt. Gov.

EXCERPT OF REMARKS BY BYRON FULLERTON INDEPENDENCE DAY SPEECH - JULY 4th, 1970, AMERICAN LEGION Terrell, Texas.

I am weary of what used to be called 'passing the buck' among those airing their views about the problems and wrongs of society today.

Youngsters mostly blame their elders who, in turn, blame the young.

Many parents put the blame on educators, many of whom, naturally blame parents. Politicians often blame the news media, which, just as frequently blames politicians. Churches blame a breakdown of morals while liberation and reform groups blame outmoded concepts.

And so it goes...

To some degree, each of the blame-fixers may be partially right, but in general they are all wrong. What concerns me most is that they are all more eager to fix the blame than to fix the trouble!

Crises, problems, and alarms about them are not unusual in America. We can all take pride, and we should find comfort, in the fact that this nation has endured crises of one kind or another for almost two hundred years. It has endured because it was founded upon strong basic principles which were built to last.

Like a piece of fine old silver our Constitution has not deteriorated with the passing of time, it only appears now to be tarnished from neglect. And, with rededication, with determination, and with elbow grease, it will polish and gleam anew!

It isn't new approaches we need so much as it is a sharpening up and restoration of values to our old approaches.

Indeed, there is little wrong with society today that cannot be righted through a return to the noble ideals of our founding fathers.

Radicals can't do it for us... News media can't do it for us... Politicians can't do it for us... Bureaucrats can't do it for us... Schools can't do it for us... Churches can't do it for us...

The building of a healthy, free, and independent nation was blueprinted for us by the architects of our Constitution and our Bill of Rights, but from that point on it is strictly a "do-it-yourself" project...

Only ourselves, acting responsibly as individuals, and in concert, can re-establish the basic values which now seem lost to us.

The road back begins with Golden Rule equality in which we live and let live as a matter of sincere personal choice. When we restore self-discipline in our own lives we will see general respect for all discipline restored. When we obey laws with sincerity equal to the vigor with which we enforce them, we will see a restoration of order. When we assume responsibility for governmental services at the level closest to the people we will witness the decline and demise of bureaucracy and relief from the staggering cost of big government. When we return to concepts of a man's worth based upon his personal achievements and his individual conduct we will then have restored the dignity of man in its truest interpretation. When we insure impartial equal opportunity instead of attempting to guarantee success, only then will we have restored proper balance to Democracy as intended by our forefathers.

Another event happened June 6th that made the editor and me very happy. Mr. & Mrs. Billy Ray Wilson had a new son born that day. Mrs. Wilson (Darlene) has worked for us at the Plains Review for over a year and therefore, we feel that the new baby partly belongs to us. They have named him Charles Ray, and he weighed 5 pounds. Congratulations to Darlene and Billy Ray.

FERTILIZER SITUATION REVIEWED - More efficient methods of fertilizer production, transportation, storage and handling must be found in order to eliminate possible fertilizer price increases. The capacity of the fertilizer industry to supply the farmer's fertilizer when he wants it is becoming more difficult and expensive each year.

NITROGEN AND FORAGE PRODUCTION - Continuous production of high yielding, quality forage dictates that careful attention be given to the

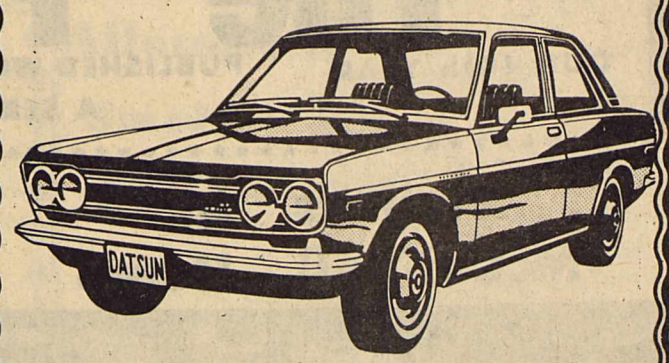

Scouting Program

A scouting program is being formulated by the Plains Lions' Club it was announced at the last meeting. Aubrey Altman has been selected as Scout leader, and Jim Barron will have charge of the Cub Scouts. For many years, scouting has been an important program in Plains but for the past two years, it has lapsed into inactivity. The revival of the Boy Scouts of America will be received with great fervor by the many parents of Plains.

The education received in the Scouts is a splendid character builder and great stimulus for patriotism and a true understanding of Americanism. The program has been completed and scouting activities will soon be in full sway.

Mr. and Mrs. Billy Wilson are the proud parents of a baby boy born July 6 in Denver City hospital. He weighed 5 lbs. and was 19 1/2 inches long. He has been named Charles Ray. The grandparents are Mr. and Mrs. Tommy McDonnell and Mrs. Maurice Leister.

Some Consumer Clips

By Sudie Thompson
Generally speaking, if there is less than a 7-cent price spread per dozen eggs between one size and the next smaller size in the same grade, you will get more for your money by buying the larger size. So reports the U.S. Department of Agriculture.

Yougsters will enjoy cottage cheese sandwiches at noon, according to U.S. Department of Agriculture home economists. To make 4 sandwiches, blend one cup cottage cheese with one tablespoon mayonnaise, three slices diced crisp bacon, two tablespoons chopped sweet pickles and 1/2 teaspoon grated onion. Serve on whole wheat toast.

NOTICE

Notice is hereby given that a public review of the Plains Independent School District's budget for 1970-71 will be held at 8:00 o'clock p.m. on July 16, 1970 in the Plains Independent School District Board Room, Plains, Texas. All interested persons are invited to be present.

Done by order of the Board of Trustees of the Plains Independent School District, Yorkum, County, Texas.
Dickie Green, Secy.
Plains Ind. School Board
Plains, Texas

Cottage cheese has many uses. One-fourth cup of cottage cheese added to each pound of ground beef yields moist hamburger patties for main dish fare. To make a chip dip, blend cottage cheese until smooth with a small amount of milk. Then add garlic, spices, herbs, shrimp or deviled ham.

In buying iceberg lettuce--the most common type--look for heads that are large, round and solid. They should "give" slightly when squeezed says the Consumer and Marketing Service. Heads should have crisp, medium-green outer leaves and lighter green or pale green inner leaves. Avoid heads which are very hard or lack green color, since these are signs of over-maturity. Also avoid heads with irregular shapes and hard bumps on the top, which indicate overgrown central stems.

General Foods Kitchen

The best gifts of all come from loving hands. And if you have imagination and a light heart, they can come from your own kitchen boutique.

Foods sometimes come into our kitchens in containers that seem just too good to throw away--containers like the ones that hold Birds Eye Cool Whip Non-Dairy Whipped Topping. Many women discovered right away how handy these little washable bowls with their snap-on lids were for storing leftovers. But there are scores of other uses you may never have dreamed of, both in the kitchen and out. Many of these fanciful ideas have been collected in a booklet called "Kitchen Boutique."

The booklet has directions for beautiful containers and gift items to brighten every room in the house--glamorous, sophisticated pieces for boudoir and bath, happy canisters to hold children's treasures, exciting holders for little gifts, and handy helpers for Dad's workbench. Included, too, are directions for turning the frozen whipped topping containers into party decorations and toys. Some of the ideas are simple enough for children to do; others will be a challenge to experienced hobbyists and craftswomen.

Copies of "Kitchen Boutique" are free. Just send your name and address (Including ZIP code) to: Kitchen Boutique, Box 7024, Kankakee, Ill. 60901.

Tax Man Sam Sez

The 1969 Tax Reform Act contained a change that can be important to many taxpayers. Under the old law you could decrease your withholding tax for the following year if your itemized deductions for the past year ran high enough to create a very large refund. However, under the new law you can now decrease your withholding during the year before you pay a lot of withholding tax that you don't owe. A good example of what can happen was brought out by the tornado and storm victims in West Texas. Many of these taxpayers are eligible to immediately reduce the amount of tax withheld from their pay since their itemized deductions for the 1970 tax year will include a casualty loss amounting to several thousand dollars. Of course the itemized deduction provision of the law is not limited to casualty losses, but also applies to all types of itemized deductions. If your itemized deductions have increased by a very large amount you can obtain a new Form W-4 Schedule A from your payroll office to get an immediate increase in pay instead of a refund check next April.

Guar As Cash

AUSTIN--For Texas farmers wanting another cash crop, Texas Agriculture Commissioner John C. White has the suggestion they investigate the possibilities of growing guar.

And now is the time to investigate, for the two processing plants in Texas, at Vernon and Kenedy, are now contracting guar crops, and word from them is that they need about 250,000 more Texas acres planted to guar.

About 40 million pounds of guar gum were used in the U.S. last year, but only about 10 million pounds were produced in this country.

Guar is that starchy plant introduced to this country from India and Pakistan which rotates well with cotton, sorghum, corn, and vegetables.

"It has been described," Commissioner White said, "as being without peer as a soil-improving summer legume and its influence on succeeding crops as truly amazing."

Growing guar does not require buying new types of machinery, the agricultural commissioner explains, because it can be planted and cultivated about like cotton, and the guar beans can be harvested with an ordinary grain combine with little adjustment.

And it can be planted on diverted acres (except cotton acres), another factor that makes it more desirable as a Texas money crop, White said.

Guar makes a good cattle feed (contains about 35 percent protein, only slightly less than cottonseed meal), and guar gum usages are legion, including use in explosives, adhesives, paper products, batteries, bakery products, cosmetic lotions, to name a few.

For further information, Commissioner White suggests farmers contact Harold Coombs at Kenedy or Norman Brints at Vernon.

Guar makes a good cattle feed (contains about 35 percent protein, only slightly less than cottonseed meal), and guar gum usages are legion, including use in explosives, adhesives, paper products, batteries, bakery products, cosmetic lotions, to name a few.

Polio immunization is carried out in five steps. The first dose of the Trivalent vaccine is recommended for the child of two months of age when the protective antibodies the child received from his parents are beginning to diminish. A second dose is required at the age of four months. A third dose follows at six months of age, a fourth dose at eighteen months of age, and the fifth and final dose is recommended just prior to the child's admission to school. All five doses are necessary for full immunization.

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, C.Y.S.T.E.X. usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get C.Y.S.T.E.X. at drugists. See how fast it can help you.

Accent on Health

The crippling, contagious disease of polio has struck the State of Texas once again. Following an epidemic of the disease in South Texas, state, local, and federal health officials have mounted a state-wide immunization campaign to protect all young children against this disease. By the end of June, the Texas State Department of Health had received reports of fourteen possible cases of the disease. Of these, only three have been confirmed as polio. One case was diagnosed as ECHO virus and then others remain under observation. One death has been attributed to polio, and
