## FINAL PREPARATIONS MADE FOR "71" LIVESTOCK SHOW

BY LEO WHITE

The directors of the Livestock Association and a good number of loaders and parents met Monday night at the Livestock Exhibit Buildings to get the barns in shape for the Nineteenth Annual Yoakum County Junior Fat Stock Show which officially gets underway Thursday afternoon at 1:30 p.m. The superintendents and official weighers will be ready to weigh barrows and lambs at 1:30 p.m. on February 18. The exhibitors have until 6:30 p.m. to get all their pigs and lambs officially weighed and ear tagged.

The following morning, beginning at 7:00 a.m., the calves will be weighed and ear tagged. Beef calf exhibitors must have all their calves weighed and in the barns by 11:00 a.m.

The actual judging gets underway at 1:00 Friday afternoon and the first class in the arena will be a class of light weight fine wool lambs. Class number 2 is heavy weight fine wool lambs, then the judge will select the Champion Fine Wool Lamb from the first place winners in classes 1 and 2. Class 4 is light weight mutton lambs; class 5 will be medium weight mutton lambs; and class 6 is heavy weight mutton lambs. The judge will have three first place lambs to select from when he determines which one will be named the Champion Mutton Lamb of the show.

The entire lamb show is expected to take from two to three hours, depending on how fast the judge works. He will have approximately 85 lambs to place in the five classes.

Immediately following the lamb show the superintendent and their assistants will set up some catch pens and prepare the arena for the barrow show. It may be 3:30 or 4:00 p.m. before the barrow show gets started. The barrow show is likely to last until well after dark because plans have been made for seven different weight classes. Class 8 through 14 will be barrow classes and the light end will be judged first.

At the conclusion of the last barrow class, the judge will select the Grand Champion Barrow from all the first place individuals. He will then name the Reserve Grand Champion Barrow of the Show after the second place individual from the class that produced the grand champion, moves into the ring.

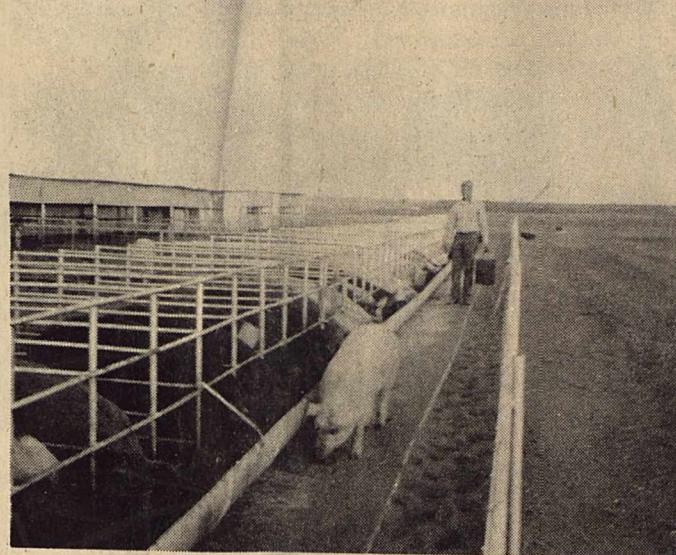

Activity begins fairly early on Saturday morning. The Light Weight Calves will be in the arena by 9:00 a.m. and the medium weight and heavy weight calves will follow in order. A Grand Champion Calf will be selected in the usual manner.

Officials of the show will

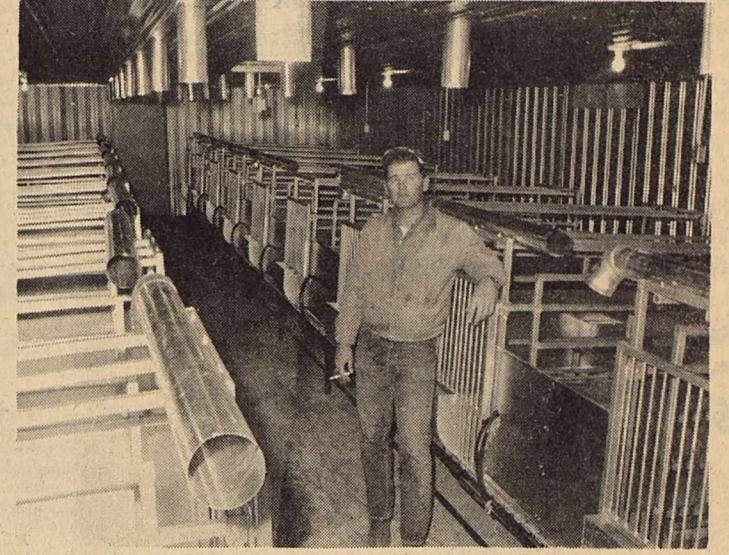

will be rushed following the showing of the calves because the presentation of awards is scheduled for 12:30 p.m. The sale is scheduled to begin at 1:00 p.m. and the Grand Champion Calf will be the first animal in the ring. The second animal in the auction ring will be the Grand Champion Barrow, followed by the two Champion Lambs and the two Reserve Champions. The calves will all sell immediately after the sale of the champion. The barrows will be next in line and the lambs will be sold last.

In order to see the sale of the Grand Champion Calf, and get in on some of the bidding, all prospective buyers should be on hand at 1:00 p.m. This is when the auctioneer Clarence (Hank) Matthews, will officially begin the sale. Before any animals are sold, it is necessary to set some floor prices, so the auctioneer will auction off the floor on calves, barrows, and lambs before any animals are sold.

The Plains FHA will have a concession at the north end of the arena, and the Yoakum County Home Demonstration Clubs will have another concession stand at the opposite side of the building. There will be plenty of eats and drinks available throughout the three-day affair.

PENS AT THE DON WILLIAMS' FARM

A MODERN FARROWING HOUSE

## "SUPREME SWINE BREEDERS"

### A New Enterprise

Ambition and determination are two of the first steps to success, and Don Williams of Plains Texas is thoroughly possessed of both.

Yoakum County, Texas is a livestock oriented area. Though the farm industry has replaced the large cattle ranches of the past, it has not dampened the inborn love for livestock. Farming and livestock are a natural combination and when properly managed successfully, supplement each other. Dryland farming in Yoakum County area was a precarious and difficult business. It was only natural that the farmers combined livestock with their farming in the early days of the transition. The farmer lived on his farm and had ample time to spend caring for stock.

With the introduction of irrigation to the farm industry great changes took place. Farming methods changed. New types of equipment came into use and more of the farmers time was consumed by the farm activities. He no longer had sufficient time to work with his livestock. Gradually the pigs, the cows and the chickens were omitted from the farm operations.

Without the stock to care for the need of rural residence lessened and the majority of the farmers moved to the near by towns to be closer to schools and markets. But to a few, the rural life was their preference. As irrigation methods improved and better farm management was acquired, time once more was found for added activity. It was only natural that the rural farmer, with the natural environment and basic facilities to again embrace the livestock industry. Once again, large numbers of cattle and hogs are found on the farms in Yoakum County and stock farming is becoming a practice and a profitable one.

The "Supreme Swine Breeders" hog farm, located nine miles southeast of Plains and owned by Don Williams of Plains, Texas, is a new enterprise for Yoakum County.

At present, the farm has nine large pens with twelve feeding stalls in each; at one end, automatic watering in the middle and a metal shelter at the back side of the pens for housing the sows, and auxiliary pens at the end of the structure for the boars and isolation pens. This is all constructed as a unit. A feed storage unit with automatic dispenser, sets at the end of the pens. Adjacent to the pens and shelter house, is an ultra-modern farrowing house with 22 farrowing crates. The crates are of all metal construction, raised to a comfortable height from the sloping cement floor. There is a drainage trough at each side of the house. Cleaning is done with high pressure water washing beneath the crates and draining the refuse out of the building to a sump pit. The house is completely air conditioned for both summer and winter, with exhaust fans for ventilation.

Nursery facilities are now being built to care for the pigs until they are eight weeks old. Pigs then if not sold, will be placed in the feed lot. The farm now is stocked with 105 two and three way cross gilts and 4 boars, two registered Durocs and 2 registered Yorkshires. All of the stock are SPF stock.

Don stated that farrowing will start about March 1st, and continue at regular intervals throughout the year. He said that with the special feed and ration program for both sows and pigs-- that the pigs should be ready for automatic feeders.

market at from six to eight weeks. Don stated that all stock leaving the farm will be vaccinated and germ free. His vaccine program is set up to meet all SPF requirements and that these pigs will be prime stock for the feed lot.

Don is hand feeding the stock at this time. He said he finds that some of the pens require slightly different feeding than others and that he likes to see his stock twice a day. An advantage that he might not have with that the pigs should be ready for automatic feeders.

Don, who is a farm and stock enthusiast, grew up on the farm. He graduated from the Plains High School in 1960, and has been farming ever since that time. He and his wife, Nita and their two sons, live on their farm. Their farming interests include 500 acres of maize and 450 acres of cotton, watered from 12 irrigation wells.

In 1970, Don decided to supplement the farm activities, with a hog producing project.

Don's present program is primarily for pig production but can be expanded when conditions justify.

## 8th GRADE WINS 1st In TOURNAMENT

Paula Blount, Jan Hanna, and Stephenia Green "ALL-TOURNAMENT"

Saturday, February 13, 1971, Plains hosted their first volleyball tournament with the following nine teams represented: Monahans, Kermit, Lamesa, Seminole, Denver City, Big Spring Black and Gold, and Plains. Game Results: Eighth Grade Plains vs Lamesa: 15-4; 15-6; High Point: Karen Willis (Plains) Bennett (Lamesa) Plains vs Seminole: 15-0; 15-11 High Point: Blount and Whiteley (Plains) McNew (Seminole) Championship: Plains vs Denver City 15-5; 15-7 High Point: Bearden and Willis (Plains) Navarez, Crain, Polloff (Denver City) Ninth Grade: Plains vs Lamesa: 15-8; 15-7 High Point: Green (Plains) Plains vs Big Spring Gold: 12-15; 9-15, High Point: Fitzgerald (Plains) Denna and Rubio (Big Spring) Plains vs Kermit: 10-15; 12-15 High Point: Green and Fitzgerald (Plains) Arnold (Kermit) Monahans vs Kermit: 15-11, 9-15 17-15; Championship Game High Point: Jones (Monahans) Arnold and Sawyer (Kermit) Seventh Grade Plains vs Denver City: 10-15; 13-15 High Point: Navarez and Ellison (Denver City) Plains vs Lamesa: 15-13; 8-15; 16-18 High Point: Redwine (Plains) Bennett (Lamesa) Championship: Eighth: Plains Ninth: Monahans Second Place: Eighth: Denver City Ninth: Kermit Third Place: Eighth: Lamesa Ninth: Big Spring Gold All-Tournament Members: Plains Eighth: Paula Blount Jan Hanna Stephenia Green Plains Ninth: Stephenia Green Special appreciation is extended to the many people who helped to make the tournament a big success; included are those who refereed and umpired: Janice Hudson; Monahans Wanda Ferguson; Howard County College Christy Price; North Texas Deanie McDonnell; Plains Dianne Fitzgerald; South Plains College Wanda Armstrong; Plains

## PROGRAM SET-ASIDE ACREAGE ANNOUNCED

Set-aside percentages have been announced at 20 percent of the cotton base allotment, 20 percent of the total feed grain base and 75 percent of the domestic wheat allotment. With this information farmers can now determine the required set-aside acreage to participate in the program and make their farming plans. We would urge farmers complying with the programs to be sure the acreage set aside is eligible cropland of substantially the same productivity as land planted to crops for harvest.

Due to the bad publicity concerning low productive land being used as diverted land under prior programs we understand a careful check is to be made to determine if the set-aside acreage is eligible cropland and properly cared for.

### FEED GRAIN NOTICES

Feed grain notices of feed, grain base, yield and payment rates will be mailed to operator and owners this week of February 22. Wheat allotments will be included with the same notice.

Sign-up dates for all programs will be March 1 through April 1. April 1 is the final date for transferring cotton acreage into the county or within the county by purchase, lease or ownership transfers.

We believe that farmers will understand the program. However, should any farmer need any additional information he should feel free to call on the ASC office anytime for any information.

We know the cases will arise under this program the same as under past programs that will

## 4-H's Exhibit

Kathleen McGinty exhibited two beef calves in the El Paso show on February 8. Kreig Blount and Robbie Blount were competing in the barrow show and the lamb show on Wednesday and Tuesday of last week. None of the animals placed high enough to get in the auction sale, but they did bring home a few ribbons and a little prize money.

Kathleen placed 15th with her cross bred calf which made her eligible for \$10.00 in prize money. On Tuesday, Robbie Blount placed 9th with her light weight poland barrow which made her receive a ribbon and \$4.00 in premium money. Kreig Blount had two Duroc barrows that were good enough to place 7th and 8th. His light weight Duroc placed 8th and the medium weight Duroc placed 7th. He will receive a total of \$9.00 in premiums.

Robbie's fine wool lamb stood in 15th place in the light weight fine wool class. She was proud of her ribbon, but there was no prize money paid past ten places.

The three 4-H members, along with Mr. Blount and Mr. McGinty, got to see one of the better area shows and they learned that the competition was pretty keen. The top animals in each of the classes of livestock were really outstanding individuals.

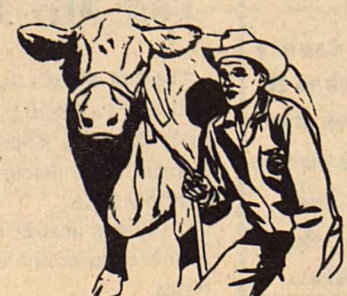

Most of the animals were brought back home to be entered in the local show on Friday and Saturday of this week.

## Drug Problem In Plains

On February 10, the Baptist Women's regular meeting was held in the Fellowship Hall of the First Baptist Church. About thirty people were present for this program.

Mr. John Nance, principal of the Plains Junior High School, gave a very interesting report on the drug problem. He said that this same report was being presented to students all over the state. Mr. Nance discussed the different types of drugs and how they affect the body and mind. He stressed that young people should definitely stay away from drugs. He also showed two film strips.

Patrolmen Larry Hood and R. C. Cheek were also present at this meeting. Patrolman Hood stated that there was a drug problem in the City of Plains, and that if parents and teachers did not become involved, the problem would soon be out of hand. He stressed that each person educate themselves in all areas, concerning drug abuse. He stated that if you suspect someone of using drugs, you should get them to consult a physician and or contact the local law enforcement office.

# Carolyn Whitley Named 1971 Betty Crocker Homemaker

Carolyn M. Whitley has been named 1971 Betty Crocker Homemaker of Tomorrow for Plains High School. She was chosen on the basis of her score in a December 1 written knowledge and attitude examination for which 650,000 senior girls throughout the country were enrolled. From General Mills, sponsor of the annual education program, she will receive a specially designed award. Additionally, her selection makes her eligible for state and national honors, including one of 102 college scholarships totaling \$110,000.

The 1971 Betty Crocker All-American Homemaker of Tomorrow--the national winner--will be awarded a \$5,000 educational grant. She will be selected this spring from 51 senior girls representing each state and the District of Columbia during an expense-paid educational tour by these State Homemakers of Tomorrow--each accompanied by a school advisor--of Washington, D.C., and Colonial Williamsburg, Va. Second-, third- and fourth place winners nationally will receive \$4,000, \$3,000 and \$2,000 scholarships. The other state winners will be awarded \$1,500 grants.

State judging centers on the performance of school winners in the Dec. 1 test, with personal observation and interviews during the tour added factors in national selections. In addition to the awards for school, state and national Homemakers of Tomorrow, second ranking girls in each state receive \$500 scholarships, and schools of State Homemakers of Tomorrow are awarded complete sets of Encyclopedia Britannica by Encyclopedia Britannica, Inc.

All judging and selection of winners is done by Science Research Associates, Chicago, which also constructed and grades the written examination. The only national scholarship program exclusively for high school senior girls, the Betty Crocker Search for the American Homemaker of Tomorrow was instituted by General Mills in the 1954-55 school year to emphasize the importance of homemaking as a career. Since its inception, almost seven and three-quarters million girls have been enrolled, and, with this year's grants, scholarship award will total in excess of \$1 3/4 million.

## Around Town

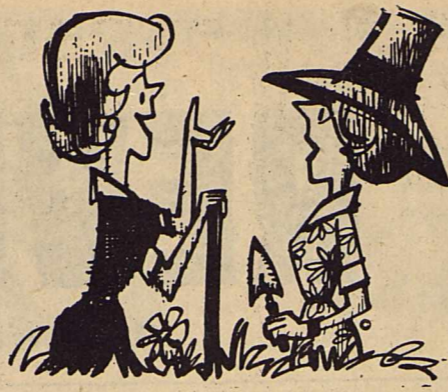

By Billie Blundell

Doc McCargo had been painting one day and, of course, had paint all over his pants. He knew that Oma would fuss about the pants, if he wore them into the house. So, being the nice guy, he laid them out on the back porch. The next day he went to get them, and, you guessed it, they were gone!!!!!! He drove around and looked everywhere for his pants! He finally found them in a vacant lot close to Mrs. Dormaney's house. However, he still wasn't satisfied, because his knife was in the back pocket of those pants and it wasn't there anymore. So he knocked on Mrs. Dormaney's door and ask her if she had heard about him. "Losing his pants?" She said that she had, and she also knew that the "culprit" was a dog that lived nearby. He explained that he had found his pants, but would like very much to know the whereabouts of his knife. And at that very moment, a dog walked up to Doc, with his knife in his teeth!!!!!! Mystery solved!!!!!!

Speaking of pants, Martha Palmer had a most unusual day at Moore and Oden Department Store last week. She had this customer, who was in bad need of a pair of pants, but was unable to come in and be properly "fitted." She had his pant size though, and I'm sure that helped tremendously!!!!!! but trying to fit a "very nervous Denver City bus driver with badly ripped pants would be quite an experience for Martha as well as the poor bus driver!!!!!!

Alf and Elsie Carpenter were in California during the earthquake!!!!!! Sound frightening?..... Actually, they might never have known of their "impending danger"..... if their daughter, Mrs. Elsie Light of Colorado Springs, Colorado, hadn't called California to tell them what was happening there!!!!!!

Harry Richardson said that he had recently applied for a position with a large oil company. During the interview, he was told that he must have had at least two years of college..... or be negro!!!!!! Well, that's progress!!!!!!

# THIS AND THAT

Margy Barron brought her Cub Scouts, Den 3, to visit the courthouse Tuesday afternoon. The sparkling eyes and smiling faces of these boys makes a person feel happy all over.

Margy's Cub Scouts from left to right are: Stephan Streetman, David Huerta, Kwin Quesenberry, Trey Barron and Tommy McElroy.

Mrs. Luther Nevels and her niece spent last week visiting in Fort Worth, Dallas, Hillsboro and Waco. Mrs. Nevels stated that she did not see a green leaf on the entire trip. In fact, that country needs rain more than does West Texas, and that is saying quite a lot. The many visits at each city made the trip very interesting even though the country was badly in need of rain.

Mr. & Mrs. Johnny Robertson spent Saturday night in Odessa visiting their daughter, Linda Murray and husband, Bubba. They took Susie Strickland along as their guest. Sunday, all five of them went to Alpine to visit Bit at Sul Ross University.

Mr. & Mrs. K. O. Hendricks came home Saturday from a farm near Mineral Wells where they have been working, to find that the deep freezer had somehow become disconnected and all of their meats and vegetables were ruined. They left again Tuesday morning to go back to the farm near Mineral Wells.

Mr. & Mrs. Steve McGinty of Lubbock visited the Bob Albedings and other kin over the weekend. They were probably there to help Mrs. Bob get ready to go to the hospital. She went into the Yoakum County Hospital Tuesday morning for surgery. Reports at this time are that she is doing as well as can be expected.

Mr. & Mrs. I. L. (Snake) Smith left Friday the 12th for a week's fishing at Port Aransas on the Gulf. Their granddaughter, Lea Ann Stephens accompanied them. Here's wishing them lots of luck and a happy week. There is nothing more appetizing than the smell of fish cooking, and when you are camping out, it seems that fish are more delicious than if you were cooking them at home.

County Auditor, Charlie Gillis, and Commissioners Doc Cotton and Vance Brown reported that the session at A & M University was very informative and there is always something new to learn regardless of the length of time you have been in office. County Judge Gene Bennett, who had planned to attend, was unable to as he had County Court last week, and after court was over, it was too late to make the trip.

Speaking of A & M University an article was read a few weeks ago, from what magazine isn't remembered, but it said that sick fish can now be treated at A & M University if they wish to be cured. The nation's first program in medicine for sick fish has been started there at the veterinary school. A few years ago, this statement would have been ridiculed as utterly absurd, but after the many new discoveries that have been made by science within the last 70 years, nothing seems impossible now.

Mr. & Mrs. Ben Gibson had as their guests last week their son and family. Mr. Amos Shifflete was called Monday night and told that his brother, Howard Shifflete was going into a Lubbock hospital Tuesday morning for tests.

The ones that made the 3.25 Honor List from Plains were Jerry Brian, Verda Lee Robertson, Jimmy Taylor, Brenda Carothers, Lavern Edwards, and Toni Perkins.

The ones that made the 3.25 from Denver City were Bobbie Birdwell, Johnny Lutrick, Jr., Sharon Minchew, and Carol Stockman.

It is a great pleasure to see so many Yoakum County students on the Dean's Honor List.

## Services Held For Pete Wilkerson

Funeral services were held at 2:00 p.m. Tuesday, February 16, 1971 in the W. W. Rix Chapel for Pete Wilkerson, 64, of 316 Ursuline St., who died Saturday afternoon in Parkway Nursing Home.

The Rev. H. A. Tarkington, pastor of the Plains Assembly of God Church, officiated. The burial was in the City of Lubbock Cemetery with Rix Funeral Directors in charge of arrangements.

An Athens native and a retired farmer, Wilkerson moved to Lubbock in 1960 from Plains. He is survived by his wife, Nadine; three sons, Kenneth of Tulsa, Jimmy of Waco and Harvey of the home; two daughters, Mrs. Wilma Dunn of Tulsa and Mrs. Yvonne Shaw of the home; two brothers, Ed and Jack Wilkerson of Canton, two sisters, Mrs. Maurine Martin and Mrs. Comine Casey of Canton; and 2 grandchildren.

Pallbearers were Johnny Fitzgerald, Blackie Bearden, H. W. Seals, Leon Simpson, Loren Gayle and Joe Trout.

## Dean's Fall Honor List Announced

A total of 206 students were named to the Dean's Honor List for the fall semester at South Plains College, announced Dean Nathan Tubbs. Thirty seven of that number made the perfect grade point average of 4.0. Isom Reed from Denver City was one of the thirty-seven.

The ones that made the 3.25 Honor List from Plains were Jerry Brian, Verda Lee Robertson, Jimmy Taylor, Brenda Carothers, Lavern Edwards, and Toni Perkins.

The ones that made the 3.25 from Denver City were Bobbie Birdwell, Johnny Lutrick, Jr., Sharon Minchew, and Carol Stockman.

It is a great pleasure to see so many Yoakum County students on the Dean's Honor List.

## Yoakum Co. T. S. T. A. Meets

## Alf Carpenter Visit In California

Mr. and Mrs. Alf Carpenter were visiting in Santa Rosa, California during the "earthquake." They were not close enough to Los Angeles to feel any effects, but they did keep tuned in to the radio and television for the up-to-date happenings. Alf has a sister living in Los Angeles, but they were assured of her safety.

They visited in San Francisco, which is only fifty miles from Santa Rosa. They were accompanied by Alf's sister and brother in law, Mr. and Mrs. R. D. Watkins. They also visited with other members of Alf's family; Mr. and Mrs. Cal Carpenter, Mr. and Mrs. H. D. Tressenrider and Mrs. Oma Miller.

## SUDIE THOMPSON CHDA★ Says

Chicken is an all-around favorite in most households. It's generally a favorite with the chef, too, since it is easy to prepare and adapts to a multitude of serving ideas.

Ready-to-cook chilled poultry requires little preparation before cooking. Just remove any remaining pinfeathers, then wash the poultry and giblets in cold water. Dry to prevent spattering if poultry is to be cooked in fat or browned. Rub the inside with salt and other seasonings, as desired.

If poultry is to be broiled or roasted in pieces, split it down the back and cut into halves through the breastbone. Cut off wingtips. Chicken is easier to fry if cut in servings size pieces.

Chickens are broiled more often than any other poultry. To broil, sprinkle the pieces with salt and seasonings and brush with melted fat or oil. Preheat the broiler, then place broiler pan at the distance from heat recommended by the range manufacturer. Broil 20 to 30 minutes on one side, or until browned, then turn, brush with fat or oil and broil until done--15 to 25 minutes longer.

Chicken is usually halved or quartered for outdoor broiling. Charcoal makes a hot fire, to space coals so that no two coals touch. Be sure broiler racks are the right distance--six to eight inches--from the embers for an even heat.

DEILED CHICKEN  
2 frying chickens, cut in serving pieces  
1/2 stick melted butter  
salt  
pepper

1 teaspoon minced parsley  
Few drops of Tabasco  
1/2 cup fine dry bread crumbs  
1 tablespoon prepared mustard  
1 can deviled ham (4 1/2 oz.)  
Brush chicken with melted butter, sprinkle with salt and pepper and place on rack, skin side up, in shallow baking pan. Bake uncovered in 400 degree oven for 35 minutes, basting one or two times. While chicken bakes, combine deviled ham, mustard, parsley and Tabasco in bowl.  
Remove chicken from oven, spread ham mixture in even layer over chicken, then sprinkle lightly with bread crumbs. Spoon pan drippings over top. Broil chicken four inches from heat for two minutes, or until brown.  
YORKSHIRE CHICKEN  
1/3 cup enriched flour  
2 teaspoons salt  
1 1/2 teaspoon sage  
1 1/4 teaspoon pepper  
1 broiler-fryer, 2 1/2 to 3-lbs cut in pieces  
1/4 cup fat  
1 cup sifted enriched flour  
1 teaspoon baking powder  
1 teaspoon salt  
3 eggs, well beaten  
1-1/2 cups milk  
1/4 cup butter, melted  
1/4 cup snipped parsley  
Combine first four ingredients then coat chicken, Brown in hot fat and place in two-quart casserole. Sift 1 cup flour, the baking powder and salt, Combine eggs, milk, butter and parsley, then add to flour mixture and stir smooth. Pour over chicken. Bake in a 350 degree oven about one hour. Makes four servings.

(Pictured L-R) Lupe Flores, Elvira Jimenez, Pearlita Carothers and Emogene Smith

## Community Action Meeting

Sewing Classes moved into a second week of instruction at the Plains Community Action Center at 1110 Ave. G. Mrs. Studie Thompson has charge of the center's Sewing Division. Excitement is mounting at the center reflected in a busy schedule since two new instruction programs kicked off last week.

Friday evening reading teachers and interested pupils were served punch and cookies from a beautifully decorated table bordered with red heart valentines. Twelve teachers for Plains were assigned students; in several cases, two students were assigned to one teacher even though the original plan was that a teacher would take only one student at a time. The number of students registering for classes has exceeded the expectation. Volunteer workers with a great will to work and to communicate, who have abundant patience, are lending helping hands.

When the Board of Directors met last week, Mrs. J. M. Tippet and Mrs. Esther Navarez reported that classes have also gotten off to a good start in Denver City for reading and writing English where Mrs. Joe Harris is the chairman of the volunteer teachers.

When the Board of Directors met last week, Mrs. J. M. Tippet and Mrs. Esther Navarez reported that classes have also gotten off to a good start in Denver City for reading and writing English where Mrs. Joe Harris is the chairman of the volunteer teachers.

**NOTICE**  
The Yoakum County Credit Union wishes to announce that they have moved their office to the old Plains Frozen Food Building, west of the Post Office in Plains.

**Tsa Mo Ga**  
The Tsa Mo Ga Study Club will meet at 8:00 p.m. February 22, 1971. There will be a round table discussion on Public Affairs. If you are unable to attend, please contact one of the hostesses.

**THE FATHER SPEAKS THROUGH JESUS**

"For I did not speak of myself; but the father who sent me, he commanded me what to say and what to speak. And I know that his commandment is life everlasting; these things therefore which I speak, just as my Father told me, so I speak.  
John 12:49-50 (Lamsa)

A great key to understanding the Scriptures is bound up in this text. Many of the misunderstandings of Jesus' teachings come from a lack of understanding that Jesus was a spokesman of the Father. Every commandment that Jesus made came from the Father. Jesus was one with the Father. Whatever needed to be proclaimed to the world, the Father spoke through Jesus. Paul was proclaiming the same thing when he bowed his knee to the Father because he realized that Jesus was speaking the eternal truths from the Father.

The Father is obscure in the minds of a lot of religious people because they fail to see the Father in Jesus. When Jesus said, "I am the light of the world" He was speaking the words the Father gave Him to speak. Since Jesus is one with the Father, it is also true of us. The Father remains obscure because we attribute the words as originating with Jesus instead of originating with the Father. This may sound a little like splitting-hairs, but for me, the Bible began to open up as never before when this light began to dawn in my consciousness. The Father becomes as personal and as close as Jesus. Did not Jesus come to reveal the Father? Then His words were revelations from the Father. Through Jesus we find the way to the Father.

Jesus said He would not judge any man, but the words that He spoke would judge them. Would it not be wonderful if more Christians could learn that they are not to judge and condemn people? Jesus said in verse 16, "I came into the world as a light. Maybe we have lost sight of the mission of Christians as 'light bearers'. If we are to be like Jesus and follow his teachings, we must bear the light also. This light is what the world needs. Spiritual light brings us understanding and courage. So many of the good people in our world are sick at heart and discouraged. They have not enough spiritual light and courage to stand up for the right as they see it. Their attitude is often, "What is the use of trying to do anything?"

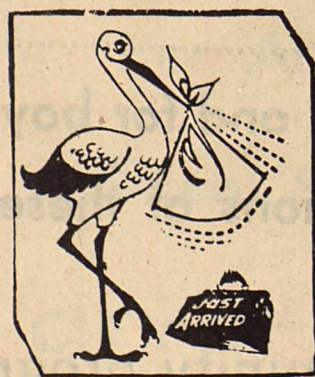

There is a reason for you and me to stand up for the right even when we are losing and we know it. As we travel through life, we are not rewarded by the times we won the cause we were fighting for, but whether we were willing to take a stand for the right. This is why people can work diligently for a righteous cause, and be happy and rejoicing even when they have lost. They have the peace and assurance that they did what they could. The future generation will not rise up and condemn them for remaining silent.

**THOUGHT OF THE WEEK**

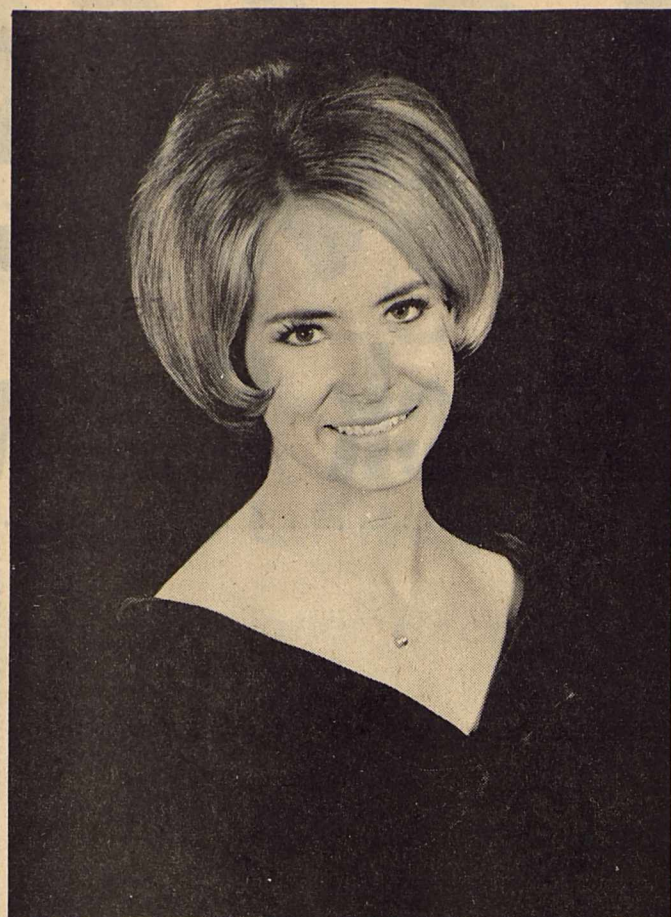

A man is what he thinks about all day long.  
-Ralph Waldo Emerson

**ANNOUNCEMENTS**

Mr. and Mrs. David Guetersloh announce the arrival of a son, Chad David, born February 13, 1971, in the St. Mary's Hospital at Lubbock, Texas. He weighed 7 lbs. and 6 1/2 ozs.  
Grandparents are Mr. and Mrs. Burdette Looney of Alto, Texas, and Mr. and Mrs. Roy Guetersloh of Plains.

Mr. and Mrs. Charles E. Hale of Plains, Texas, announce the arrival of a daughter weighing 7 lbs. 4 ozs. She was born at 10:33 a.m. Saturday in Lubbock Osteopathic Hospital. The father is employed by Permian Corp. in Plains.

Mr. and Mrs. Wallace Randolph of Plains announce the engagement of their daughter, Miss Pamela Gayle Randolph, to Ray Micheal Murrah, son of Mrs. Dorothy Murrah of Plainview.

Miss Randolph was a 1967 graduate of Plains High School. She is currently a candidate to receive a B. B. A. degree in marketing from Texas Tech in May.

Mr. Murrah is a 1970 graduate of Texas Tech University, with a B. B. A. degree in advertising. He is presently employed by Liberty Mutual of Dallas.

A May 8 wedding is planned by the couple.

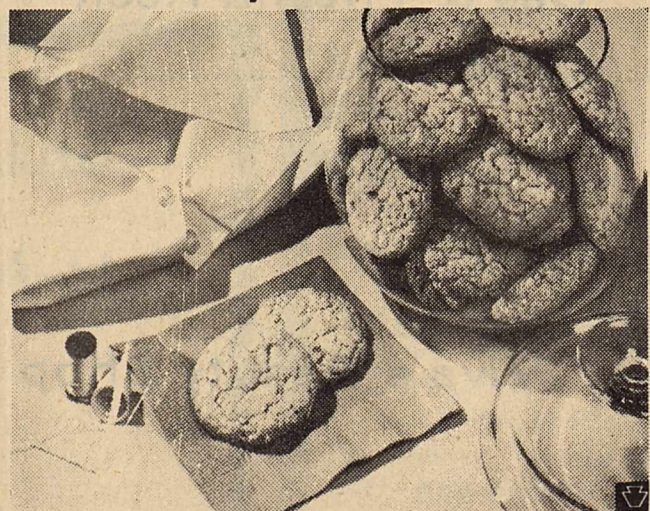

Mr. and Mrs. Lon Kerrick wishes to announce the engagement and approaching marriage of their daughter, Jo Ann to Doug Caviness of Carlsbad, New Mexico.

The date is set for March 13, 1971 in Grace Episcopal Church in Carlsbad, New Mexico.

Jo Ann graduated from Plains High School.

Doug is a graduate of Texas Tech and plans to work for J. C. Penney's in Dallas, where the couple will make their home.

**Cooky Jar Cookies**

Freshly baked cookies fragrant from the oven are an affectionate welcome to guests as well as family members. Long a favorite of Kay Kellogg's this recipe for Walnut Chews deserves to become a cooky jar tradition in your home.

To store leftovers, place in a cooky jar with a loose-fitting lid. To freeze, wrap individually in plastic film; then seal in an aluminum foil packet. Nutrition bonus? The inclusion of three cups ready-to-eat high protein cereal.

- |   |   |
|---|---|
| 3 cups ready-to-eat high protein cereal | 3/4 cup regular margarine or butter, softened |
| 2 cups sifted regular all-purpose flour | 2 cups brown sugar, firmly packed             |
| 1/2 teaspoon baking soda                | 2 eggs  |
| 1/2 teaspoon salt                       |   |

- 1 cup coarsely chopped walnuts
1. Measure cereal; crush to 1 1/2 cups. Set aside.
  2. Sift together flour, soda and salt. Set aside.
  3. Measure margarine and sugar into mixer bowl; beat until light and fluffy. Add eggs; beat well. Add sifted dry ingredients, nuts and crushed cereal; mix thoroughly. Drop by level measuring tablespoon onto lightly greased baking sheet about 2 inches apart.
  4. Bake in moderate oven (350° F.) about 16 minutes or until lightly browned. Remove immediately from baking sheets; cool on wire racks.
- Yield: 4 1/2 dozen Walnut Chews, about 2 1/2 inches in diameter.

Mrs. Tom Box, Mrs. Rowe Stephens, Mrs. Robert Chambliss and Mrs. Joe Henry Thompson attended District 2 T. H. D. A. training meeting in Lubbock Tuesday at South Plains Electric Co-op.

Mr. and Mrs. Richard Meil, Sr. of Del City visited their son, Richard Meil, Jr. and family last week. They also came for Richard's checkup with the doctor.

Mrs. Bill Russell recently spent eleven days in Temple with her father, H. G. Taylor, who has been seriously ill. He is improving. Mrs. Maud Cook spent a week in the hospital in Lovington and was brought home Friday. She is the sister of Mrs. Loyd Great-house.

Mr. and Mrs. A. H. Bacon of Clute came Saturday and returned home Monday after visiting their son, Terry Bacon and family.

Pvt. Wayne Box of Ft. Benning Georgia, came home Thursday to visit his parents, Mr. and Mrs. Hayden Box and David.

Mr. and Mrs. R. G. Hartman returned home after attending the state ASC meeting in Galveston. They visited their son, Jerry, at A&M University.

William Sawyer of Loop visited in the Leon Thompson home Saturday.

Mr. and Mrs. C. A. Stewart spent Saturday and Sunday in Lubbock visiting Mr. and Mrs. Jerry Hensley and children.

Mr. and Mrs. R. K. Field returned home Monday from an extended trip to Ft. Worth, Oklahoma and Louisiana.

Robert Field of University of Dallas spent the weekend in Bronco.

Mrs. James Sherrin was hostess Tuesday night to organize a Help Your Neighbor Club.

Mrs. H. M. Smith is visiting her daughter, Mrs. Ray Lackey in Brownfield.

Lebeth Box was honored on her 27th birthday with a family dinner.

Mr. and Mrs. Bob Jones returned home Thursday after attending the Ft. Worth Stock Show and the co-op Gin meeting in Houston.

Charley Copeland is back in the hospital with another heart attack.

Ralph Bone was taken to the Methodist Hospital Friday for tests and observation.

Mrs. Tom Box and Mrs. Grace Hughes visited Mrs. Hughes' niece, Mr. and Mrs. George Johnson, in Muleshoe Monday. Her nephew, Dr. E. L. Gardner and wife of Eugene, Oregon were there also.

Mrs. Alma Lynn McGinty and Norelle Sloan visited Mr. and Mrs. Mike Whitten of San Angelo Saturday. Mr. and Mrs. Jay Sloan and children of Georgetown met his mother, Mrs. Sloan in San Angelo for a visit also.

Mr. and Mrs. Jay Bryson of Odessa spent Sunday night with her mother, Mrs. Alma Lynn McGinty.

Mrs. Clark Jones and her sister from Oregon visited relative in Ft. Worth over the weekend.

Gladiola 4-H Club met Saturday night in a beautiful Valentine setting in the Gladiola Youth Center. Dicky Hartman, president, presided, Bonnie Sue Atchison, secretary, read the minutes and called the roll with 17 members present. Mr. Kemp, associate county agent of Lea Co., gave a program on "Home Beautification." He pointed out that good landscaping not only improved the appearance of the home, but made it several degrees cooler. Refreshments were served. Miss Judy Mitchell was elected Council Delegate.

Mr. and Mrs. R. G. Hartman announce the marriage of their son, Jerry, to Ann Brassfield, of Luxora, Arkansas. They married January before the Justice of Peace in Luxora. Mr. and Mrs. Bob Howard, the bride's sister, were attendants. Jerry is a senior in A&M University where he has another year of school. They will live in College Station.

Mrs. Ethel Alexander's house was broken in last week, and several things are missing Mrs. Amos Smith visited with Mrs. Bob Alberding who had surgery in the Denver City hospital Tuesday.

Weekend guests of Mr. and Mrs. Ray Jones were their son, Gregg and Marsha Doan from Arlington. They attended South Plains College homecoming.

Mr. and Mrs. Jesse Snodgrass left Monday to visit their daughter and family, Mr. and Mrs. Bob Patterson and Brian at Reno, Nevada this week.

**Registrars Selected For This Area**

Miss Ozella Hunt, Mr. Art York, Mrs. Faye McConnell and Mr. C. R. Gillis are Registrars for the local board at Brownfield, Texas, which processes registrants from Yoakum, Hockley and Terry Counties.

Young men who reach the age of 18 are required to register within 5 days of their 18th birthday. These registrars are maintained in the area so that men will not have to travel to the draft board at Brownfield to register.

Mrs. Ozella Hunt is located at 212 North Main, Denver City, Texas where she is able to register the young men Monday thru Saturday at noon.

Mr. Art York of Denver City registers young men, Tuesday, Wednesday and Friday at the Yoakum County Library from 8:00 a. m. to 5:00 p. m.

Mrs. Faye McConnell is located in the Courthouse at Plains, Texas and can register from 8:30 a. m. to 5:00 p. m. Monday thru Friday.

Mr. C. R. Gillis registers in the Courthouse at Plains, Texas Monday thru Friday. When registrars are not available in their area, the registrant may go to the one located nearest to him, or come to the Local Board Office in Brownfield, which is open Monday thru Friday from 8:00 a. m. to 5:00 p. m., including the noon hour. Mr. T. G. Smith, chairman of the board at Brownfield, expresses public appreciation for the services of these people who render said service without pay as a public service to their country.

ANDERSON GRAIN CO.

We Are Proud Of Our Future Farmers  
Good Luck For Another Great Livestock Show

This Is The System You Helped Us Build!

Is This The Irrigation System You Had In Mind?

- SELF ALIGNING. • TRULY A MOBIL SOLID SET. • UP TO 10 ACRES AT ONE SETTING. • ECONOMICAL. • PROVEN LOW MAINTENANCE.
- PROVEN LONG LIFE. • FLEXIBLE AND EXACTING WATER APPLICATION.

Now...Another Favor, Please!

 If you anticipate the need of a new model 160 (original) Tri-Matic this season, COME IN AND LET'S TALK TRADE AND SCHEDULE YOUR NEEDS FOR EARLY PRODUCTION! We are in a position to give you a SPECIAL PRODUCTION ORDER PRICE. Our production order price on a new Tri-Matic is more than competitive with any known new wheel move system.

If you have 750 to 1300 G. P. M. water, you may be interested in the new SELF-ALIGNING MODEL 320 TRI-MATIC as shown in this advertisement. It will handle approximately 320 acres in this area. We have a SPECIAL PRODUCTION ORDER PRICE on this self-aligning system which is making quite a name for itself throughout the Nation. It is probably the most economical (per acre watered) mechanical move sprinkler system, and will absolutely give you the most flexible and exacting water application available anywhere. We will be in production on this system for the next six weeks. LET'S DISCUSS YOUR NEEDS AS SOON AS POSSIBLE PLEASE!

If you anticipate the needs of our service personnel to assist you with your Tri-Matic annual maintenance, let's schedule it as soon as possible PLEASE!

AGAIN, THANKS!

**PUBLIC NOTICE**

**Proposed CONSTITUTIONAL AMENDMENT  
NUMBER THREE ON THE BALLOT (SJR 5)  
Special Election May 18, 1971**

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 51-a, of the Texas Constitution, be amended to read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations as may be by the Legislature be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they now read or as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of:

(1) Needy aged persons who are citizens of the United States or noncitizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years;

(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;

(3) Needy blind persons;

(4) Needy dependent children and the caretakers of such children.

"The Legislature may prescribe such other eligibility requirements for participation

in these programs as it deems appropriate.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of State funds for such purposes; provided that the maximum amount paid out of State funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of State funds paid for assistance grants for needy dependent children and the caretakers of the children shall not exceed Fifty-Five Million Dollars (\$55,000,000) during any fiscal year.

"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the State for these purposes, then and in that event the

Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer or to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this State."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on May 18, 1971, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment removing the limitation on the total State appropriations for assistance grants for the needy aged, the needy disabled, and the needy blind, and setting a limitation on total State appropriations during any fiscal year for assistance grants for needy dependent children and the caretakers of such children."

**PUBLIC NOTICE**

**Proposed CONSTITUTIONAL AMENDMENT  
NUMBER TWO ON THE BALLOT (HJR 21)  
Special Election May 18, 1971**

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVII, Section 1, of the Texas Constitution, be amended to read as follows:

"Section 1. The Legislature by a vote of two-thirds of all the members elected to each House, to be entered by year and may on the journals, may propose amendments to the Constitution, to be voted upon by the qualified electors for members of the Legislature, which proposed amendments shall be duly published once a week for four weeks, commencing at least three months before an election, the time of which shall be specified by the Legislature, in one weekly newspaper of each county, in which such a newspaper may be published; and it shall be the duty of the several returning officers of said election, to open a poll for, and make returns to the Secretary of State,

of the number of legal votes cast at said election for and against said amendments; and if more than one be proposed, then the number of votes cast for and against each of them; and if it shall appear from said return, that a majority of the votes cast, have been cast in favor of any amendment, the said amendment so receiving a majority of the votes cast, shall become a part of this Constitution, and proclamation shall be made by the Governor thereof."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on May 18, 1971, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing that the Legislature may propose an amendment of the Constitution at any session of the Legislature."

**NOTICE**

The Chamber Of Commerce wishes to announce that they have moved their office to the old Plains Frozen Food Building, west of the Post Office in Plains.

fun

**Safe Bike, Safe Driver**

There are nearly 50 million bicycles on the road in America today, being ridden for fun, physical fitness, recreation and, increasingly, for transportation. In all 50 states the bicycle is recognized as a legal vehicle, and bicyclists—as drivers of legal vehicles—are subject to all applicable rules of vehicular traffic.

Parents should make sure that young cyclists in the family are aware of their responsibilities when they drive their bikes on public roads. Stop signs, one-way streets, traffic lights...all apply to the cyclist as well as the motorist.

Parents should also make sure that their children's bikes are properly equipped with a headlight and tail light or reflector, as well as a bell or horn. Proper adjustment is important, too. Make sure the bike fits the child. Riding bicycles that are too big is a leading cause of accidents to young children. (NP Features)

**PUBLIC NOTICE !**

FINAL DATE FOR FILING AS CANDIDATES FOR OFFICES WILL BE MARCH 3rd, 1971. APPLICATIONS FOR FILING ARE AVAILABLE AT THE CITY HALL. THREE OFFICES OF COUNCILMAN AND THE OFFICE OF CITY JUDGE WILL BE ON THE BALLOT THIS YEAR.

ROY A. EDWARDS

**PANEL KING SAYS:**

"Brightening the kitchen needn't be expensive."

The kitchen has been regaining its family orientation of the past and it should reflect your personality and interest. By the use of "Vinyl Shield" paneling by Georgia Pacific, you avoid the enameled antiseptic look of so many kitchens

and create a warm coziness in the room where you'll want to spend a large part of your time. From our selection of 6 exciting colors, you can add new life to your kitchen at a cost of less than 9¢ per square foot.

SPECIAL ALL THIS WEEK VINYL SHIELD (by: Georgia Pacific) ONLY \$2.69 Per Panel
