ESTATE CONSULTANT TO BE IN PLAINS

Dan Thurman of the Yoakum County Farm Bureau has announced that the estate consultant for Texas, District IV will be in Plains from March 15th thru the 19th.

Thurman states that the area of estate taxes and estate planning is one of the most overlooked in most people's personal affairs. The estate planning

and information session is a free service to Farm Bureau members. Other persons desiring this service will be eligible but there will be a small fee.

If you would like to have more information or an appointment for estate planning, please call Mr. Thurman at the Farm Bureau office, 456-2790 or 456-2320.

REAP Program, Formerly ACP

W. M. Overton, CED

Agencies responsible for setting up the REAP Program which takes the place of the old ACP program, met on February 25 and recommended practices to be included in this program.

Attending this meeting were: Merle Thompson, SCS District Conservationist, R. M. Jones, William Worsham, C. M. Gayle and A. E. McGinty, SCS district directors; J. B. Ashburn, R. G. Hartman, James Warren, ASC County Committeemen, Carl Lowrey, first alternate county committeeman, W. M. Overton, ASCS CED and Kenneth Blount, county ASCS fieldman.

The program was also discussed with Homer Cole, FHA supervisor, Leo White, County Agent and R. A. Long, alternate ASCS committeeman.

Practices approved under this new program for 1971 are as follows:

- A-3: Establishment of vegetative cover in crop rotation. This practice includes seeding switchgrass, blue panicum, weeping lovegrass and kleingrass.
- B-3: Controlling competitive shrubs (mesquite) to permit growth of adequate desirable vegetative cover for soil protection and to prevent or reduce the pollution of water, air or land.
- B-5: Constructing water wells for livestock water to protect vegetative cover.
- C-12: Re-organizing farm irrigation systems to conserve water, prevent erosion and to prevent or reduce the pollution of water or land.
- D-1: Establishing vegetative cover for winter protection (rye, oats or barley) from ero-

Census Bureau Reports Official 1970 Population

Census Bureau reports official 1970 population of Yoakum County's official population in the 1970 census was 7,344, down 8.6 percent from the 1960 figure of 8,032.

The official population of the state was 11,196,730, up 16.9 percent from the 1960 figure of population count, which was 9,579,877.

The 1970 census counted 7,211 white persons in Yoakum County, 98.2 percent of the total; 87 negroes and 46 persons of other races. In 1960, 99.0 percent of the population was white.

The census showed 698 children under 5 years; 2,224 in ages of 5 through 17; 4,027 people 18 through 64, and 395 who were 65 and older.

The population 14 years and over included 3,769 married people, 219 who were widowed, 115 divorced and 1,015 that had never married.

Yoakum's 1970 population was classified as 56.3 percent urban, and 43.7 percent rural.

There were 2,164 households, with 7,293 persons, including 243 one-person households. In addition, 46 persons were living in group quarters.

The 1970 census counted 2,469 housing units in Yoakum, 1,442 of them occupied by owners, 722 occupied by tenants, and 305 vacant. These included vacant units for seasonal use. The proportion occupied by owners in 1970 was 58.4 percent, compared with 48.6 percent in 1960.

Among year-round dwelling units there were 2,150 single family houses, 89 housing units in multi-unit buildings, and 133 mobile homes or trailers. The percentage of occupied units with more than one person per room was 13.9 compared with 21.8 in 1960, of all the occupied housing units* 2,119 had piped water toilets and bath, 45 lacked some or all plumbing.

The median value of owner occupied houses in Yoakum was \$9,400, compared with \$8,500 in 1960. The median rent paid by tenants in 1970 was \$67 per month, compared with \$68 in 1960. Half were over and half below the median figures.

ANNOUNCEMENTS

The Senior Class will sponsor a Car Wash at Flores Finca Station, Saturday from 10 a. m. until 5 p. m. The proceeds will help finance their Senior Trip. Two dollars will buy a fast and thorough wash job, so bring your car down and help the Senior Class.

New Business In Town

March 17th will be the grand opening date of Barbara's Chateau, owned and operated by Mrs. Barbara Howell and assisted by Mrs. Jo Ann Barron.

The new business will be located directly across from the City Hall.

Barbara and Jo Ann invite all their friends and patrons to come by and visit, or call 456-2010.

Good luck in your new business venture!

MRS. CAROLYN CULWELL RECEIVES HONOR CERTIFICATE

Mrs. Carolyn Culwell of the Plains Farm Supply, Plains, Texas, was presented a special Honor Certificate on Wednesday, 3 March 1971 by Glynn Childers, Manager of Dealer Accounting of the John Deere Company, Dallas.

The award was presented in recognition of 1970 outstanding

performance in the proficient handling of the John Deere Accounting Program. Mrs. Culwell is one of eleven bookkeepers to receive this award out of 155-- John Deere Dealers in Texas and New Mexico. The certificate is sponsored by the Dealer Accounting Division of the John Deere Company.

Sweetheart Banquet Held At 1st Baptist Church

The Sweetheart Banquet was held at the First Baptist Church March 5th. The theme for the banquet was "Behind Love's Mask."

Jan Hanna and Mrs. Bob Graham were Sweethearts for the night.

The speaker was Dr. I. B. Lightfoot, Assistant President of Howard Payne College, Evangelist and former pastor of the First Baptist Church of Snyder and he now resides in Odessa. He performed several magic tricks. The theme of his message was "that there is potentials in all of us to do greater things."

Jan McCravy and Sue Cleveland presented the special music for the evening.

Mrs. Gwen Carter gave a very colorful presentation of a poem about a young negro boy who had stolen a water melon. The boy's mother scolded him severely for stealing, but had another boy to cut the melon and it was green. Then the mother did scold and told him that a melon would "plunk" when green, and would "plunk" when ripe, and the next time he stole a melon to be sure that it gave out a "plunk" noise.

The young married men of the adult class, served the banquet and dressed in black suits with white tea towels thrown over their right shoulders.

FARMERS UNION MEETS

The Yoakum County Farmers Union served breakfast to members and guests at Alma's Restaurant Tuesday morning. The meeting was held in conjunction with a membership drive being conducted by the Yoakum County Local. Speakers were Mr. Don Lentz of Rolla, North Dakota and Mr. Garnet Symington of Neche, North Dakota.

Mr. Lentz, who lives near the Canadian border, gave an interesting resume of the operations of the Farmers Union in his state.

He related that while he farms 3,200 acres, the average farm size is less than 600 ac-

res. He stated that the farmers of the state were highly organized. Of the 40,000 farmers of the state, 36,000 were members of the Union, and that the Union operates its own stores and oil distribution. Mr. Lentz' local reported a \$1,000,000 gross business for 1970. Wheat is their principal crop in that area. Mr. Symington stated what wheat and beans were their crops, with wheat predominating. His local is much smaller than the Rolla local but operates in like manner. Oats are an important crop also in both areas. Mr. Lentz stated that the average farmers age was

58 years. The average wheat yield is 44 bushels per acre, oats 105 bushels per acre. There is no irrigation and that the growing season is from 72 to 78 days. The gentlemen from North Dakota compared the present Plains winter weather to their summer weather. They stated that their low temperature for this winter had been minus 38.

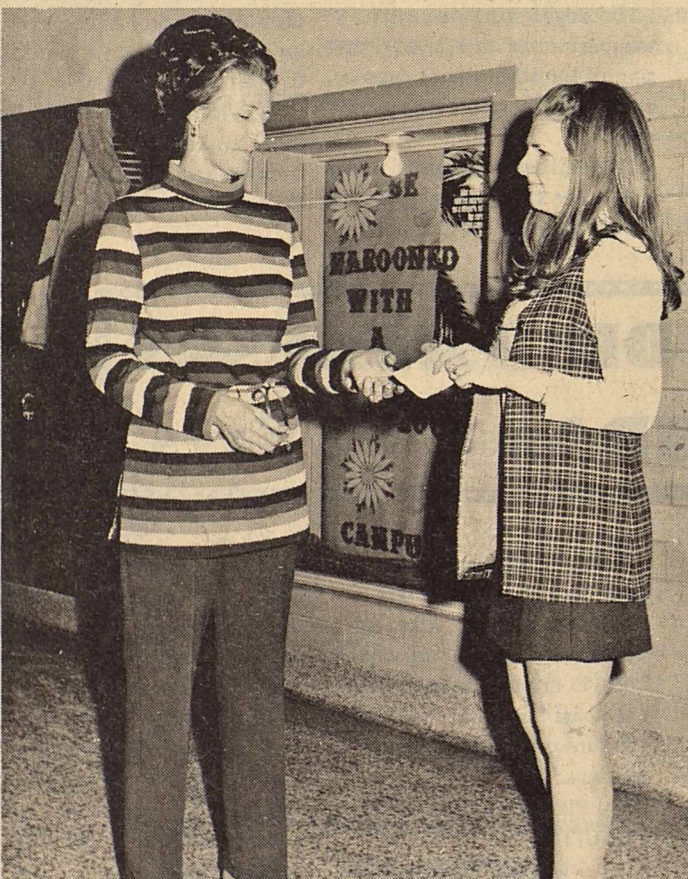

Both of the gentlemen are enthusiastic Union members and brought a very interesting program.

Tommy Elmore, present president of the Yoakum County local, presided at the meeting.

Golf Tournament

The Plains High School Golf Team won first place Saturday, March 5, 1971 in an 18-hole tournament at Gaines County Golf Club. Participating were high school teams from Plains, with a score of 379, Sea Grays with 384, and New Deal with 456.

Medalist of the tournament was Tommy Beal of Plains with 79 strokes. Members of the Plains High Golf Team--- were Tommy Beal with 79, Mike Duke with 93, Rickey Hanna with 99, and Tony Winn with 108, for the total team score of 379 strokes. Also participating from Plains in individual play were Jimmy Brown with 118 and John Gray with 129.

MRS. BETTY RUSHING BUYS A TICKET TO THE PANCAKE SUPPER FROM GLENDA MILLER, MEMBER OF THE SCIENCE AND MATH CLUB

"PANCAKE SUPPER"

The Science and Math Club of Plains High School is sponsoring a Pancake Supper on Tuesday, March 16, 1971. The variety "B" and "Freshmar" volleyball teams will be competing with the volleyball teams from Denver City on the 16th. Tickets for the pancake supper are priced at \$1.00 for adults and students and 75¢ for children under 12. They may be purchased from any science and Math Club member or at the door of the school cafeteria at the time of the supper. The clubmembers will be serving delicious pancakes and sausage from 5:30 until 8:30 p. m.

Mr. Royace Aikin is in charge of entertainment for the supper

Various students, as well as Mr. Aikin, will be performing. The Science and Math Club, sponsored by Mr. Bob Graham and Mr. Royace Aikin, has been a very active organization since its formation this year. The pancake supper is an effort on their part to provide financial support to continue the pursuit of knowledge in accordance with the aims of the club. The success of the supper will depend upon the willingness of community members to participate. Citizens of Denver City attending the volleyball games are also urged to attend and enjoy the food and entertainment.

.....

Gospel Singer To Be At 1st Baptist Church

Brandy Brooks, the young man who formerly played the piano for the Gloryland Quartet, has formed his own group with his brother and sister-in-law, and will be at the first Baptist Church in Plains this coming Sunday, March 14th, at 11:00 A. M.

There will be lunch served at the church, and at 2:00 p. m., the Gospel Singers will present a concert.

Everyone is cordially invited, and it is the wish of the pastor and his wife that as many will attend as possible.

Special Youth Services

Individuals who sincerely desire help are invited to Teen Challenge for introduction to Christ who has power to change their lives. Withdrawal from drugs is accomplished without medication. Rehabilitation is achieved through a spiritual approach with Bible Study Classes, Chapel, Prayer, and Devotion as part of the daily schedule.

The Sunday morning service will have a choir from the "Teen Challenge Outreach" Testimonies from some of the youth that have been gloriously delivered from dope will be part of the program. Plus Gospel preaching by Rev. Jim Dennis of Odessa.

Pastor Tarkington gives all a special invitation to see and hear youth in action, and a

positive answer to the dope question that is invading all of America.

Special Services for youth will be featured at the Assembly of God Church, Sunday morning by a group from "Teen Challenge Outreach," Odessa, Texas. West Texas teen challenge, is part of a nation-wide non-profit church related organization which, by means of a spiritual emphasis seek to give new and meaningful direction to the lives of drug addicts, alcoholics, members of gangs and juvenile delinquents. In addition, educational programs utilizing films, crusades, radio, tape records, books, and tracts help keep young people from involvement in drugs.

Announce Wedding

Plains Fine Arts Club

Mr. and Mrs. H. B. Swiedom of Abilene, Texas announce the approaching marriage of their daughter, Cynthia Ceair to Ed Lee Hunter of Plains. The wedding will take place June 5th at 8 p.m. at the Zion Lutheran Church in Abilene.

Both are students at Southwestern State College at Weatherford, Oklahoma.

The Plains Fine Arts Club met at the Baptist Church in Plains on March 4, 1971 with Mrs. Gayle Craft and Mrs. Jack Palmer as hostesses.

Mr. Carl Thompson, Plains Band Director and ten band members were guest artists. The program included: "Italian Serenade" - Lyndyl Tidwell, tenor saxophone accompanied by Pat Milstead; "The Holy City" - Bayne Bacon, trombone, accompanied by Cindy Carothers; "Panda Dance" - Shelley Williams, contra-bass clarinet, accompanied by Mrs. Ben Liles; "A Trumpeters Lullaby" - Rhonda Brantley, cornet accompanied by Cindy Carothers, and a saxophone quartet - Hoetta Warren, Ricky Liles, Jeanetha Wemken and Troy Wilkins, who played "Shenandoah". Mr. Thompson and his guest, Mr. David Chism of Hope, Arkansas, played "Sonata # 2". Other guest included Mrs. Donald Ray Lackey, Mrs. C.E. Brantley and Mrs. Ray Strickland.

Mrs. Robert White, president, presided at the business meeting. Minutes were read and approved and reports were given from committees. Mrs. Wayne Carter was voted in as a new member. Club members sang the Hymn of the Month, "Crown Him with Many Crowns", accompanied by Mrs. Darrell Lindsey. PLEASE remember the Eleventh Annual Community Sacred Music Program at the Baptist Church in Plains on March 25, 1971. Mark your calendar and plan to attend.

Monthly meeting of the South Plains Council of Nursing Homes will be held Tuesday, March 16, 1971, at 7 p.m. at the Gridiron Restaurant, 4413 50th Street, Lubbock, Texas. Jack W. Ledbetter, Professor of Business Law at the University of Texas at Austin will be the guest speaker.

Friendly Chats with Faye McConnell

There are those whose friendship I value above rubies. There are moments in my memory like emeralds, diamonds, and moonstones.

Vice President Spiro Agnew is still my favorite politician. When a person can laugh at his own mistakes that other people poke unkind remarks about, then you have found a REAL MAN. So many news commentators and writers have been poking fun at his golf playing, that at a joint session of the Washington Legislature, he said: "The worst part is to walk up to the tee and see everyone else assigned a caddy while you get a stretcher bearer."

While eating lunch Tuesday at the Cowboy Grill, Mary came to our table and spoke of a man from the State of New York who had eaten his meals there a number of times. She said that the other day he called her to his table and asked: "I want to know where all these beautiful young girls and ladies come from that I see in the cafe." She could only answer that they lived here. He then made the comment that he traveled quite a lot and he had never seen as many pretty girls and women that lived in one place according to the population as lived in the village of Plains.

At that time, all Mary could do was to thank him. However, a few days later, the Sweetheart Banquet was held at the Baptist Church with approximately 90 young ladies and young men present. She thought of the man's words as she looked around at the group and just marvelled. All the young ladies were extraordinarily beautiful and the young men were very handsome.

Many times in life, we never think of the beauty around us unless it is called to our attention. How much more pleasant life would be if instead of finding faults in people, and life boring with hum-drum, nitty-gritty tasks, to look for extra thrills and beauty in our every day surroundings.

Mrs. Mary Jo St. Romain gave the program for the Lions Club last week. She gave quite a lengthy history on the City of Plains and many complimentary remarks have been heard of the interesting talk that she made.

The wonderful thing about Mary Jo is that she is always willing to do anything that will be of benefit to other people. You never hear of her giving an excuse such as "I just don't have the time." She is always there to do her part.

Last summer, Laverne Newsom had taken her two nephews, Christopher and Don Odie Bryant, to visit Miss Sue Stephens of Denver City. Sue had shown them through her home with its beautiful furniture and lovely old antiques, and had driven them around the ranch showing them her horses and cattle.

Later, Laverne explained to the boys the many things that Sue could do such as riding horses well, roping cattle that needed attention, shooting a gun, and a few other things. Don Odie studied for a few moments, then looked up at his Aunt Vern and asked: "Can she add and subtract?"

Sue Randall, who is my hairdresser, really stumped me last week. The week before she had cut my hair, and as I walked up to her last week, she said: "You know, I have heard a number of people say how pretty you looked this week, and I could not believe it."

Farmer to a customer: "No, I wouldn't think o' chargin' ye for the cider. That'd be bootleggin' - an' praise the Lord, I ain't come t' that yet. The peck o' potatoes'll be five dollars."

THOUGHT FOR THE WEEK

Let us live in the present, looking neither backward in horror, nor forward with apprehension, but looking into the present with joy - "abiding in faith."

Around Town

By Billie Blundell

Pants Suits are quite the thing around town, especially with our teachers. . . . and I think they look great!!!!!! I heard that John Nance, Junior High Principal, was a little undecided about the new "women's pant revolution", but finally came around, provided they give him equal time and let him wear an occasional "dress"!!!!!! Well, . . . its only fair!!!!!! Wouldn't it be fun to go into the Junior High Building and see Leon Lewis, Bo Stephens and Gerald Ritchie all decked out in a very fashionable "maxi" dress. and then turn the corner and see Edmund Vickers and Coach Engle in a "swinging mini" Well with fashion changing so rapidly. and this "women's Lib movement" going strong. who knows???

Tom Sims is in the hospital. . . . and forgive me Tom. . . . but the story behind your injury is just too good not to pass on!!!!!! Tom was taking a bath and was attacked by a wicked ole "wasp". He got up on the edge of the tub to swat the wasp, and to let him know that he wasn't afraid!!!!!! Well, the wasp won on the first round and Tom fell and injured a rib. It's just not fair! Tom has faced a many "wild bull" and worked with the mighty buffalo, but how will he ever explain this injury to his grandchildren. (Maybe he'll think of something!)

Jo Ann Barron was telling someone the location of their new shop, and apparently gave the wrong directions because the lady wound up at the funeral home. So needless to say, she was asked if their new business was in conjunction with the local funeral home! She immediately envisioned herself working in the lonely atmosphere of a funeral home with a large sign above her station, saying, Wanted Patrons. . . . Dead or Alive!!!!

During a very serious discussion on the pros and cons of the Federal Poverty Program, Teacher, Jim Bill Warren ask Buster Graham if he had any comment to make. Buster said, "Well it sure is rough at our house!"

Carl Thompson, band director, wants to sell his car and buy a motorcycle!!!!!! (I knew those band students would get to him!)

Tsa Mo Ga Study Club

The Tsa Mo Ga Study Club met March 8, 1971 at 8:00 p.m. Mrs. Ty Field, program director presented a delightful program on our Texas Heritage Subjects.

Mrs. R.M. Carothers said that the history of our state court-houses are very unusual, and a delight to study. She stated that at the oldest courthouse of Texas in Fannin County and was built in 1837. The first divorce was filed there in 1843.

Black Gold of Texas was discussed by Mrs. Norelle Sloan. She stated that oil made Texas what it is today. The first oil well was drilled in 1901. By 1928 Texas led the states in production. Texas produces 80% of the United States output. The first oil well in Yoakum County was in 1936 on the L.P. Bennett Ranch.

Beauty Spots of Texas was discussed by Mrs. Buddy Hanna, and the History of Barbed Wire was presented by Mr. Edmund Vickers. He said that women were instrumental in the invention of barbed wire because of the complaining about the cows in their corn patch. The inventor was Joseph Gidden. Using a coffee mill, Gidden placed two pins in the shaft, one exactly in the center and the other pin off set by the diameter of the wire. Then he slid the smooth wire between the two pins and turned the coffee mill handle, wrapping the wire around the center-pin and forming an eye. By clipping the wire at the proper distance from the eye, a two pronged barb was formed. There are over 1,000 patents on barbed wire.

Mrs. R.B. Jones gave a very informative talk on Famous Cattle Trails and said that cattle was our state's first income. She discussed the six main cattle trails of Texas and added that over these trails, Americans moved westward, and along these trails, the cattle industry altered the American way of life.

"Pioneer Club Women" was presented by Mrs. M.W. Luna. She stated that Caprock District has 19 clubs that are over 40 years old. The mother club is 56 years old, which is in Brownfield.

The Tsa Mo Ga Club is honored to announce that Mrs. M.W. Luna is a life member of Caprock District. The Tsa Mo Ga Club was organized in her home in 1935. There were only 12 members at that time. Mrs. Luna has continued her very active club career over the years. A TRIBUTE TO OUR PIONEERS

My hair is silver and eyesight I lack. For my youthful days are a fer piece back. I've lost my teeth and can hardly chew. And for two good ears I make one do. Though I fail to see and hear every thing I just can't be bothered. I still can sing. Perhaps I don't waile like Dinah Shore, the Smothers Brothers, and some few more, but sweeter far were the songs we sang then "who's" putting Grandma in her mustang? Outside of all that I'm telling you for 85 I'm as good as new, for I'm having gobs of fun. Even though life's race for me is run. And the Heavenly Gate is standing wide, just waiting for me to totter inside. I do hope St. Peter, with his keen eye sight, will skip the goats and place me on the right.

By Mrs. W.K. Crawby
Life Member of Caprock Dist.

PORK A RAMA
What do you look for in buying pork? Appearance can serve as an important guide to quality. Look for meat, either fresh or cured, that has a high proportion of lean to fat and bone. The flesh should be firm and fine-textured. In fresh pork, the color of the lean may range from grayish pink to red. Lean cured pork has a typical deep pink color. Pork is high in nutritive value. An especially rich source of thiamine (vitamin B1), pork also supplies other B vitamins and iron. It's a good source of protein, too. In addition, liver is an excellent source of vitamin A.

Low to moderate cooking temperatures are best for pork. The meat is generally more tender, juicy, and flavorful than when cooked at high temperatures. Also, there will be more meat to serve because of less shrinkage. The family will like this Barbecued Ham Sandwich:

1 cup catsup
1 tablespoon brown sugar
1 tablespoon tart jelly
1 tablespoon horseradish
flavored prepared mustard
1 tablespoon vinegar
1/3 cup water
1/8 teaspoon pepper
1/8 teaspoon cinnamon
2 cups diced, cooked ham
6 hamburger buns

The well fed and well read dine at a novel New York City restaurant known as The Library, where the walls are lined with thousands of books!

Wedding Bells Ring

Patrick-Kennedy Vows Read

In a very impressive candlelight service, Sharon Eileen Patrick became the bride of Billy Ray Kennedy, Jr., March 5, 1971 at 8:00 p.m. in the chapel of the First Baptist Church of Dallas, with the Reverend Melvin Carter, pastor, officiating.

The bride's parents are Mr. and Mrs. Edward P. Patrick of 2911 Andrea Lane, Dallas, Texas. The groom's parents are Mr. and Mrs. Billy R. Kennedy of Plains, Texas.

The bride, given in marriage by her father, wore a lovely bridal gown of white silk organza with Mandarin Neckline and peau d'ange lace, framed in narrow white velvet ribbon. Lace formed a deep vestige on molded bodice and repeated on Juliet sleeves. It had an attached train. The veil, a finger tip illusion, was in a lattice design of pearls. She carried a white Bible with a cascade of white rosebuds.

Judy Patrick served her sister as maid of honor, and Mickey Kennedy, brother of the groom, served as best man.

Bridesmaids were Vicky Cox of Brownwood and Pat Spencer,

also of Brownwood. They wore hot pink empire dresses with large billow sleeves gathered at intervals. They carried bouquets of baby pink roses and daisies, cascading off of pink Bibles.

The bride's mother wore a pink sheath dress with chiffon sleeves and a beaded stand up collar. Her corsage was pink baby roses.

The groom's mother wore an aqua two-piece dress with rolled collar and her corsage was of baby pink roses.

The attendants were Jim Cox of Howard Payne College in Brownwood, and Russell Jones of Rice University, Houston, Texas.

The ushers were L.V. Tension, Ronnie McMillan, Brian Bingham, Keith King, and Tony Reeves, members of Delta Omicron Sigma Fraternity at Howard Payne College. The double ring ceremony was performed in a lovely setting of 100 white taper candles encircling the altar with greenery.

Dr. William R. Hanson sang "We Are Only Just Begun" and a prayer solo, "Savior Like A

Shepherd Lead Us".

The recessional was "The Wedding March" from "Sound of Music".

A reception, immediately following the ceremony, was held in the Chapel Parlor. The table was decorated with large arrangements of pink roses and daisies and a wedding candle on the guest book table. A large four layer wedding cake adorned the bride's table.

The groom's cake was chocolate and decorated with white daisies.

The bride chose a robin's egg blue Edwardian pant suit with colonial type blouse for her going away suit. Her corsage was of white rosebuds.

After a brief honeymoon, the couple will be at home at 1102 Fisk Apt. #2, Brownwood, Texas.

They are students at Howard Payne College where the bride is an elementary education major and the groom is majoring in political science. He is the vice-president of Delta Omicron Sigma Fraternity and is employed by Brownwood Community Hospital.

SUDIE THOMPSON CHDA★ Says

Combine all ingredients except ham and buns. Cook slowly for 15 min., stirring occasionally. Add ham and cook 15 minutes more. Split and toast buns. Serve Ham mixture over buns. Makes 6 servings.

HAM PIE WITH CHEESE BISCUITS
1 can cream of mushroom or celery soup, condensed
1/3 cup light cream
1/4 cup sliced mushrooms
1/2 teaspoon salt
2 teaspoons onion, finely chopped
1/2 teaspoon Worcestershire Sauce
2 cups diced, cooked ham
12/3 cups slightly cooked cauliflower drained
1 1/2 cups cooked or canned peas, drained
1 cup biscuit mix
1/3 cup milk
3/4 cup finely shredded Cheddar cheese

Combine soup, cream, mushrooms, salt, onion, Worcestershire sauce, ham, cauliflower, and peas in a three-quart saucepan. Set aside. Combine biscuit mix, milk, and 1/2 cup cheese. Roll out on a lightly-floured surface into an 8x6 inch rectangle. Sprinkle with 1/4 cup cheese. Roll up from short side and seal edges by pressing dough together. Slice into half-inch pinwheels.

Pre heat oven to 425 degrees F. Grease a 1 1/2 qt. casserole. Arrange biscuit pinwheels about a half-inch apart on top of hot fillings. Bake for about 15 minutes, or until biscuits are lightly browned. Makes six servings.

Yoakum County Home Demonstration Clubs are sponsoring a Pork-A-Rama this coming April 15th. Everyone is invited to attend this all-day meeting on the selection, buying and cooking of pork. Several demonstrations will be given by different specialists on pork at this time.

try a little KINDNESS

Try a gift of love to let mother know what you think of her. Give her a "gift certificate" good for your services whenever needed for household chores.

Wife tired of cooking? Surprise her with a complete dinner delivered to her door.

Tokio News
By Fem Lowrey

Weekend guests of Mr. and Mrs. Wayne Chadwick were their children, Mr. and Mrs. Hal Rogers of Arlington and Mr. and Mrs. Joe Brown and daughters of Brownfield.

Turner Home demonstration Club met Friday March 5 in the home of Mrs. I. L. Smith, Mrs. Jesse Dearing, president, presided over the business meeting. Mrs. John Dale Curtis acted as secretary in the absence of Mrs. Gordon Saich. Mrs. Carl Lowrey gave the treasurer report and the report on the lunch they served at the Welch farm sale. The part of the dinner that Turner Club is to cook for the Red Barn Chemicals and Andersen Grain Corp. is Tuesday night March 9, was planned. Roll call was answered by Mmes. John Dale Curtis, Jesse Dearing, Tommy Elmore, Carl Lowrey, Amos Smith, Dewey Anderson, I. L. Smith, Rowe Stephens and Kent Welch. The next meeting will be in the home of Mrs. Clyde Trout March 23.

Saturday night guests of Mr. and Mrs. Carl Lowrey were their great-nieces from Dallas.

Mr. and Mrs. Blackie Bearder attended the funeral of Mr. L. I. Carman of Lubbock, Saturday.

Mrs. Alton Elmore was admitted to Methodist Hospital in Lubbock Sunday.

Mr. and Mrs. William Worsham, Mrs. Alfred Bearden, Mrs. Don Williams and Rev. and Mrs. Jim Mosely attended the girls volleyball tournament in Snyder.

Mrs. Fannie Dearing of Brownfield and Mrs. Nonie Lobban of Odesa visited with the Jesse Dearing family.

Mr. and Mrs. J. C. Chambliss and sons took Wilma Anderson to Ruidoso, New Mexico over the weekend.

Mr. and Mrs. Jimmie Sherrin and MaDawn returned home after a ten day fishing trip and visit with Mr. and Mrs. Stubby Sherrin at Zapata. They caught lots of fish.

Garnett Symington of Neche North Dakota is staying with the I. L. Smiths and Donald Lentz of Rolla, N. D. is staying with Mr. and Mrs. Carl Lowrey. They are here to speak to the Farmers Union.

John Dale Curtis, Bobby Lester and Bruce attended the closed circuit television fight of Joe Frazier and Muhammad Ali Monday night in Lubbock.

Mr. and Mrs. Wayne Sherrin just returned from a week of fishing at Lake Graham. Miss Pearl Rushing returned home from the hospital. She is doing fine.

Rowe Stephens returned home Saturday from a fishing trip at Lake Falcon with the group from West Point Gin.

Jimmy Taylor of Plains filled the pulpit at the Tokio Baptist Church Sunday for both services.

and The Shoemaker" play in the afternoon.

Mr. and Mrs. Lee Roy Box attended the P. C. A. Banquet in Roswell Saturday noon.

Mr. and Mrs. Charles Carr, Gail and Steve of Girard were weekend guests of Mr. and Mrs. Roy Perkins, Toni and Brenda.

Mr. and Mrs. J. A. Turner and children of Lovington and Leo a Turner of Hobbs were Saturday visitors in the home of Mrs. W. P. Turner.

Choya Don Young, son of Mr. and Mrs. Don Young has the mumps.

Mr. and Mrs. B. A. Young of Tahoka have moved their new mobile home to the Don Young farm where they will live for several months. Welcome to the community!

Don and Jeanette Young are working on their new home-to be as they are moving to the house where the Amerada Camp was.

Mr. and Mrs. Garland Brown moved the Amerado House they bought to their ranch this week. They are adding it to their present home.

Mr. and Mrs. Buddy Griffin are the proud parents of a baby girl who was born Monday night, March 9 in Yoakum County Hospital. She has two sisters to welcome her home.

Mr. and Mrs. Dee Burrus of Gail spent the weekend with their son and wife, Mr. and Mrs. Tommy Burrus.

Mr. and Mrs. Casey Jones of Plains were dinner guests in the R. K. Field home Sunday.

Mr. and Mrs. Nolan Harrelson and children have been on the sick list several days.

WASHINGTON AND SMALL BUSINESS
AS HEARD BY HEARD

Ecology

There appears to be no question but what there is strong support for controlling the environment, or preserving the ecology.

Perhaps the best evidence of this was demonstrated in the San Francisco Bay area when two oil laden tankers collided at the Golden Gate in the fog, discharging hundreds of thousands of gallons of the heavy black oil on the waters.

While perhaps much can be made of the folly of the oil company involved committing what appears to be a maritime error by having two such vessels, one coming in, one going out, in the fog at the same time, this is not the real import of this evidence.

The real significance of the event was the fact that immediately there was a spontaneous rush of volunteer workers to the beaches to remedy the damages, and to seek preventing further damages.

These volunteer workers cleaned oil patches off the beaches, rescued oil soaked birds and spent hours restoring them to their natural state, built barriers and barricades to keep the oil from moving into inlets and small bays.

It was not an organized effort at first, but a completely spontaneous demonstration of the National Federation of Independent Business.

concern for the environment. Young and old, and middle aged, from all vocations and walks of life, from "hippies" to "straights" appeared on the beaches without fanfare and started to work.

With this kind of zeal for ecology, it is a certainty that many laws will be passed under the banner of ecology.

Some will be needed, some will be ridiculous, but all will cost money, and many will require some changes made in the current business methods.

From the information forwarded to the National Federation of Independent Business, it is evident that this concern is shared by the small and independent businessman.

However, there is the big danger that laws in this area will be passed without securing sufficient facts.

Thus, it is going to be important that in every community where the problem of ecology comes up, that the business community be brought into full consultation so that reforms can be effectuated in the most efficient, and economical manner.

In addition, political leaders should be induced not to give the consumer the impression that ecological reform can be accomplished without cost.

Parents Know the Drug Threat
The Child You Save May Be Your Own
By Vernon Townes
County Attorney

Today we will go over some of the drugs most commonly used and abused so we will all be familiar with terms and types for later discussion.

ORAL AMPHETAMINES: These are stimulants. On the street they are referred to as "Bennies," "Whites" (round and white). Also in this category are "Dexies" (green and white capsules) and "Hearts" (green, heart-shaped tablets). These are what are commonly called "pep pills" or diet pills. Taken orally, amphetamines stimulate the central nervous system, the brain and spinal column. Users, under the influence of these drugs, will usually be argumentative, overactive, unusually talkative, generally unable to eat much, unable to sleep, and show a marked release of inhibitions. (It is not unusual for one under the influence of these drugs to suddenly remove his clothing for no reason.)

Users usually demonstrate mental confusion, unpredictable and irrational behavior, even violent behavior may result. Use is biologically harmful too because it destroys body reserves and makes the user extremely vulnerable to disease. These are illegally available on the "street market" (about 8-10 for \$1) yet many youngsters obtain oral Amphetamines from the home medicine chest (parents' pep or diet pills).

Note: Most "street market" (black market) Amphetamines are made by illegal laboratories, often by experimenting amateurs, using imbalanced chemicals in unsterile surroundings.

INJECTED METHAMPHETAMINES: These are referred to, among other terms, as "Speed" or "Meth" and are far more potent, faster acting, and, of course, extremely harmful. Users on injected (intravenously) Methamphetamines are usually extremely confused, very unpredictable and irrational. Violent behavior is common and toxic psychosis (sick and insane) may result. Sometimes users get on a "Speed" or "Meth" run. A "run" is an intravenous injection as often as every 4 hours for 3 to 6 days, with no eating and no sleeping. During these periods the user is extremely overstimulated and out of control, or in terms of the street he is "strung-out" or "up-tight." And he will show acute signs of paranoia — he sometimes collects weapons because he is convinced that people are plotting his death. On occasion a user gets the feeling he must "kill or be killed." A zoom lens effect of the eyes (like a camera zoom lens) makes the user even more paranoid because objects and people loom up before him, disappear and alarmingly reappear.

When injections are stopped after a "run," the user "crashes" — this means he goes into a period of hallucinations and deep sleep coma lasting from 18 to 48 hours. He awakens famished, eats huge amounts of food, particularly sweets and liquids. He is extremely fatigued, very susceptible to disease and deeply depressed. At this point, many users will take an oral Amphetamine to get going again.

"Speed" is available on the "street market" in papers, a small paper package, at about \$3 to \$5. It sells for about \$100 an ounce. Speed aggravates any heart condition and can cause strokes in susceptible people. It is toxic to any healthy heart and also to the blood vessels as it increases heart rates, blood pressure and can cause shock and death!

Another powerful stimulant is Cocaine. Its effects on the body and mind may even exceed those of Speed. Cocaine, an extremely hazardous drug, is being imported in increasing volume from South America and Cuba and is being used at alarming rates by young people. (A gram costs \$40 to \$50 and makes 10 capsules.)

Let's go further into drugs next week. We have more information to cover on the subject that will be beneficial for you to know. If you already know this data, it will be helpful to brush up on it.

Special Services At Methodist Church

The historic Lent Season, being one of the seven seasons comprising the "Christian Worship Year" — is one noted by mixed moods; it opens with the bold recognition that Jesus really is the Son of God and that he is incarnate in our modern world. The Big Question for Lent is: "Will I be able to accept the carrying vessel, the shape, the limited-finite form in which Jesus (Son of God) appears in my modern world?"

A second question is no less soul-searching: "Will I prepare by prayer, repentance, trust, obedience so as not to repeat a similar atrocious crime of crucifixion in modern time?" It is a Christian Affirmation that no one should ever again need to die to accomplish — what Jesus did, in cruel, lonely rejection on the cross. I dare say that the season of Lent ends each year in moods of darkness and modems do continue to find no better understander of their suffering than in Jesus

and all we read about him in the Bible.

Six laymen at the Methodist Church have pledged themselves to the task of clarifying the message of Christ for Lent. Mr. Jim Warren has a ready spoken on the "Compassion of Man" and Mr. Johnnie Fitzgerald has spoken on "A Bright Outlook". Others who will be speaking at 6:30 p. m. on the remaining Sunday nights of this Lent Season are: Mr. Royace Aikin (Musical), Mrs. Sarah Jane Field, Mr. Donald Ray Lackey, Mr. Gerald Ritchie

Mrs. Bob Blundell has been organist for these services and Miss Shelley Williams, pianist. The Council on Ministries dared to believe that people would come to Sunday evening services to justify their efforts in understanding the Lent project and good progress is being made toward their attendance goal.

A tuning fork that executes 261 vibrations a second produces a middle-C note. But so does a buzz saw if run at a speed where 261 teeth cut into the wood every second.

Mr. and Mrs. Dee Burrus of Gail spent the weekend with their son and wife, Mr. and Mrs. Tommy Burrus.

Mr. and Mrs. Casey Jones of Plains were dinner guests in the R. K. Field home Sunday.

Mr. and Mrs. Nolan Harrelson and children have been on the sick list several days.

THE FAMILY LAWYER

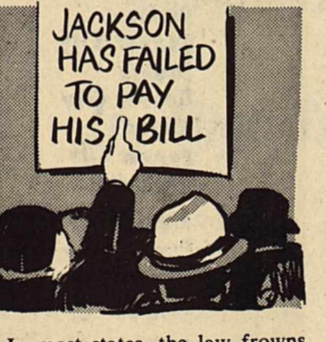

Your Debts and Your Privacy

Window shoppers passing a neighborhood hardware store were startled to see a hand-lettered sign among the pots and pans.

"Harold Jackson," it read, "has failed to pay his bill. This sign will stay right here until he pays up."

Jackson himself soon found out about the sign. But instead of paying the bill, he filed a damage suit against the hardware dealer. Grounds: invasion of privacy.

And, even though the dealer protested that his sign "told nothing but the truth," the court ruled in Jackson's favor. The court said the debt was none of the public's business.

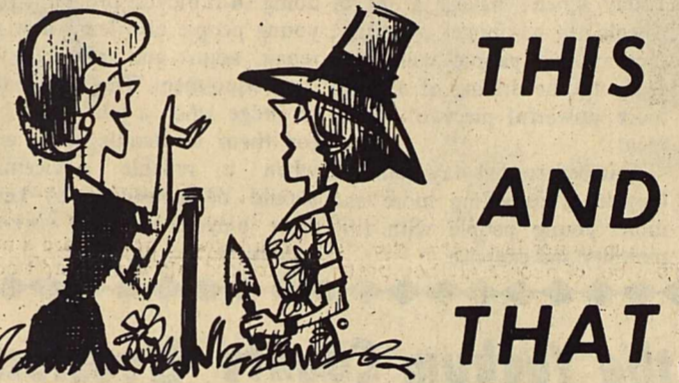

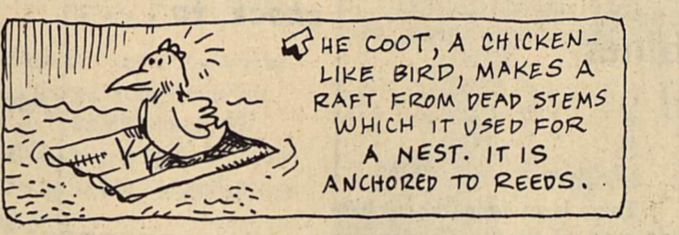

In most states, the law frowns on the general publicizing of a private debt. Although the debtor does indeed owe the money, such tactics are considered unfair and oppressive. Even a limited publicizing may be unlawful, if there is no real justification for it. Thus:

In another case, a debtor who had no telephone was summoned repeatedly to a neighbor's house to take calls from a persistent creditor. The creditor also took great pains to let the neighbor know exactly why he was calling.

Here too, when the debtor sued, the court decided the calls were an unlawful invasion of his privacy.

"The defendant's tactics," said the court, "were deliberately intended to shame and harass the plaintiff into paying. Defendant clearly exceeded the bounds of reason."

The fact remains, however, that a debt is supposed to be paid — and that a creditor is entitled to put on pressure to collect it. One debtor went to court to complain of receiving a jarring telegram from his creditor. It said: "Must have March payment immediately or legal action." But the court could see nothing unlawful in the telegram. "A creditor has a perfect right to threaten legal action," said the court. "There are some shocks, inconveniences, and annoyances which members of society in the nature of things must absorb."

Lt. Colonel Leon B. Webber who was written up about his special work in the Air Force last week, is the nephew of Mrs. Ruth O'Neal, Mr. Ford Webber and Mr. Sanford Webber of Plains.

It was only natural that the owners of The Plains Review would think that everyone knew who Ladd Webber of Lovington, New Mexico was. Mr. & Mrs. J. S. Webber, parents of the above named, moved to this county in 1903 and are well known to all of the other old timers.

Mrs. Dee Keck and Mary Nokes of the Forget-Me-Not Flower Shop of Plains, attended the Design Time Work Shop and Spring Showing for the South Plains Florists in Lubbock, Sunday, March 7th.

Mrs. Keck reported that the topics on growing beautiful flowers and seeing the many new designs of arranging flowers were very interesting and educational.

Regardless of the kind of work we do, we must keep up with the latest methods, and Mrs. Keck and Mary are to be congratulated for being interested.

Mr. & Mrs. Roy Edwards and Mrs. Marie Grisham and Helen spent the weekend in Peacock visiting their parents, John and Jewel Anderson. Roy reported that the country around Peacock was as dry as our county, and that they were waiting down that way for the rain-maker to make it rain and settle the dust. He and John naturally went arrow head hunting as that is Roy's hobby, and he found one perfect arrowhead and a few pieces of other ones.

The Methodist Young Married Couple's Class held a social last Wednesday night. Each family carried a covered dish for the supper and approximately 30 people attended. Those that did not have to attend choir practice after supper, played games of forty-two and visited with each other.

Calvin and Sandy Morgan had visitors from California this week. They were Sandy's sister, Carol, and husband, and baby daughter, Misti. They arrived Tuesday and Sandy is one happy person.

The past weekend was made very enjoyable for the McConnells and Hoss Newsoms by the visit of Mrs. McConnell's son and family, Harvey and wife Cleva, Sherrie, Terrie and Harvey, Jr. of Midland. Sunday dinner was eaten with the Hoss Newsoms and with Miss Sue Stephens of Denver City and Mrs. D. C. Newsom, Sr., also attending.

It appears that Plains has had its share of sickness for the past few weeks. The flu bug has appeared on the scene, and some of the school children have the mumps. If it is not the flu or mumps, others have had operations. Mrs. Nell McRae, who has just returned from a weekend visit with Mack, is to have surgery some time soon. Nell plans to move where Mack is working just as soon as school is out. Everyone is wishing the best for you, Nell.

Mrs. Ruth Taylor had an operation the past week, and it is reported that she is doing fine. Hurry and get well, Ruth. You are being missed by your many friends.

Mrs. Claudine Baker of the Plains Nursing Home reported that Mrs. McDonnell had her 87th birthday last Friday, March 5th, 1971. Mrs. McDonnell was entertained by different people taking her out for her breakfast, lunch and supper.

Here's wishing Tana Marie a happy life with her new adopted parents, Glenda and Deryl Hobbs.

It's No Secret! I Was Selected

Little Miss Tana Marie Hobbs was born February 25, 1971 and weighed 6 lbs. and 1 1/2 ozs. The proud and happy parents are Mr. and Mrs. Deryl Hobbs. Grandparents are Mr. and Mrs. Frank Ellison and Mr. L. B. Hobbs

ELECT JOE BROWN CITY COUNCILMAN

I am in support of an economical City Government. I will be in favor of the support of an ambulance service and a fine dependable Fire Department, with No. 1, first class equipment at ALL TIMES. I believe in an active City Police Dept.

We need representation of the majority of the people, not the minority, a select few, in our City Government.

I am in favor of the Economical selection of the land for the water system and the processing of its development. I am in full support of a local City Policeman at the school crossings for the protection of your CHILD and BUSINESSES.

I am a schoolteacher and a college graduate. I will appreciate your vote and influence.

State Line News
By Margaret Box

Mr. and Mrs. Earl Kiser spent the weekend in Hamlin visiting their parents, Mr. and Mrs. W. M. Kiser and her mother and other relatives. They also celebrated Mr. W. M. Kiser's 87th birthday with all of his children present.

Melinda and Mylone Millsap, daughters of Mr. and Mrs. Roy Millsap, are home this week with the mumps.

Mrs. Robert Young spent two days in the Methodist Hospital where she had minor surgery.

Ralph Bone returned home Wednesday after a stay in the Methodist hospital.

Mrs. Nettles of Morton was a weekend guest of Mrs. H. F. Barnes.

Mrs. Roy Perkins, Mrs. A. R. Mitchell, Mrs. R. C. Hartman, Mrs. Lee Roy Box and Mrs. Tom Box attended Yoakum Co. H. D. Council Tuesday in Plain. They also attended "The Elves

Card of Thanks

God has been so good to us along with our wonderful friends and loved ones. We are so thankful to Him and to each one of you for all that has been done for us and our miracle of a daughter. Thank you for the joy you have shown and shared along with us, and for the many gifts given to Tana Marie.

May God Bless you as He has us. Glenda and Deryl Hobbs

Words fail us when we try to express our sincere thanks to all the folk who helped us in so many ways during the illness and death of our loved one. For every prayer, donation of money, food, flowers, visits and everything else that helped us bear up under the sorrow, God richly bless you and we will never forget.

The, Pete Wilkerson Family

Speech Class Attends SPC Production

The Speech Class of the Plains High School attended the South Plains College player production, "Up The Down Staircase" on Tuesday, March 9, 1971. Nine speech students and their sponsors attended.

Three local Plains High graduates were cast members. They were: Diane Fitzgerald, Mike Wilkins and Jerry Brian. The director of the South Plains College Players is Mrs. Helen Roberts.

OUTDOORS IN TEXAS

BY VERN SANFORD

About the handiest thing any hunter can have is a gun with a clip magazine.

It took a long time for clip magazines to come into the picture on big caliber rifles. But most of the companies now are making them. This is particularly true of the automatic as well as some lever-actions and pumps.

Savage produced a rifle for clip magazines for years, and today most of its best models have clip magazines.

Reason behind this feature is very simple. It permits the easy carrying of the extra loads. This means you have a quick refill if you should try at some running animal. It also permits the use of different bullet weights, a worthwhile advantage in some hunting areas.

For instance, if you are shooting across a wide canyon, you may feel a 150 or 180 grain bullet is best. But if you are facing a big bear or expecting a moose, then you may want to go up to 200 grains. This, in the event you are using some of the larger calibers. Quick available power often is invaluable.

Although some of the manufacturers producing bolt action shotguns equipped them with box magazines, it has only been within the last dozen years that they have been available on the general run of sporting rifles. Now Winchester, Remington, Savage

and others are using box magazines on some of their guns.

They recognized the safety feature as well as the convenience and simplicity accomplished through the speed of loading and reloading.

Safety certainly is a highly important feature be you walking, riding or relaxing. One thing for sure, no loaded gun should be carried in an automobile. It is dangerous to even have cartridges in the magazine when driving. But with the detachable clip the bullets can be slipped out of the action, pocketed and still be ready for immediate use . . . when you get out of the car.

That handy clip eliminates the piecemeal ejection of cartridges when the hunt is over. You merely detach the magazine, clear the chamber and that's all there is to it. Reloading takes only seconds.

These clip-detachable magazines now are available in most highpower calibers up to and including .30-06. They also can be had in your choice of auto, pump, lever or bolt. All the manufacturers do not produce clip loading bolt actions, but enough do to offer you a choice of the guns and caliber you desire.

So, when you get in the market for a new high-powered rifle, take a good look at the models with the detachable clip magazines. They usually cost a dollar or two more, but they are worth it in convenience and safety.

4-H Bicycle Program Combines Learning and Fun

SPECIAL - How about a bike hike? It's the thing to do, you know.

It's wonderful exercise, produces no air pollution and it's fun for the whole family.

An indication of the growing popularity of the 4-H bicycle program is seen in the enrollment statistics. During 1970 some 135,000 4-H boys and girls participated in the program supervised by the Cooperative Extension Service.

Sponsored by The Goodyear Tire & Rubber Company, the program is designed to teach young people between the ages of 9 and 19 care, maintenance and safe operation of the bicycle and the fun opportunities of cycling. Kids learn the rules of the road and ordinances of the community pertaining to bicycles and bicycle riding. And they gain appreciation of these laws for personal safety and courtesy to others.

There is an added bonus here as most of the laws concerning correct bicycle riding also pertain to driving an automobile.

Today when "having a set of wheels" is no longer a luxury, these young people will move easily to the driving of a much more powerful piece of equipment.

But before that day comes, a bicycle is providing more and more young people with fun, mobility and exercise.

Rules of the road are but one aspect of the "learning by doing" 4-H bicycle program. The young people also learn how to repair, adjust and take care of their equipment. They also learn to judge when a job is too big for them to handle alone and when a reliable serviceman should be consulted to keep their bicycle in safe working condition.

As program donor, The Goodyear Tire & Rubber Company provides incentives to the members enrolled and rewards junior and teen leaders for their outstanding work with younger members. Each member receives a certificate of participation. A \$50 U. S. Savings Bond is provided for one member from each state with the most outstanding 4-H

bicycle program record. Twelve expense-paid trips to the 50th National 4-H Congress in Chicago, Nov. 28 - Dec. 2, will be awarded to sectional winners selected from among the state winners. They are chosen on the basis of their record of accomplishments including junior or teen leadership in the program.

JOEY LOWE NAMED

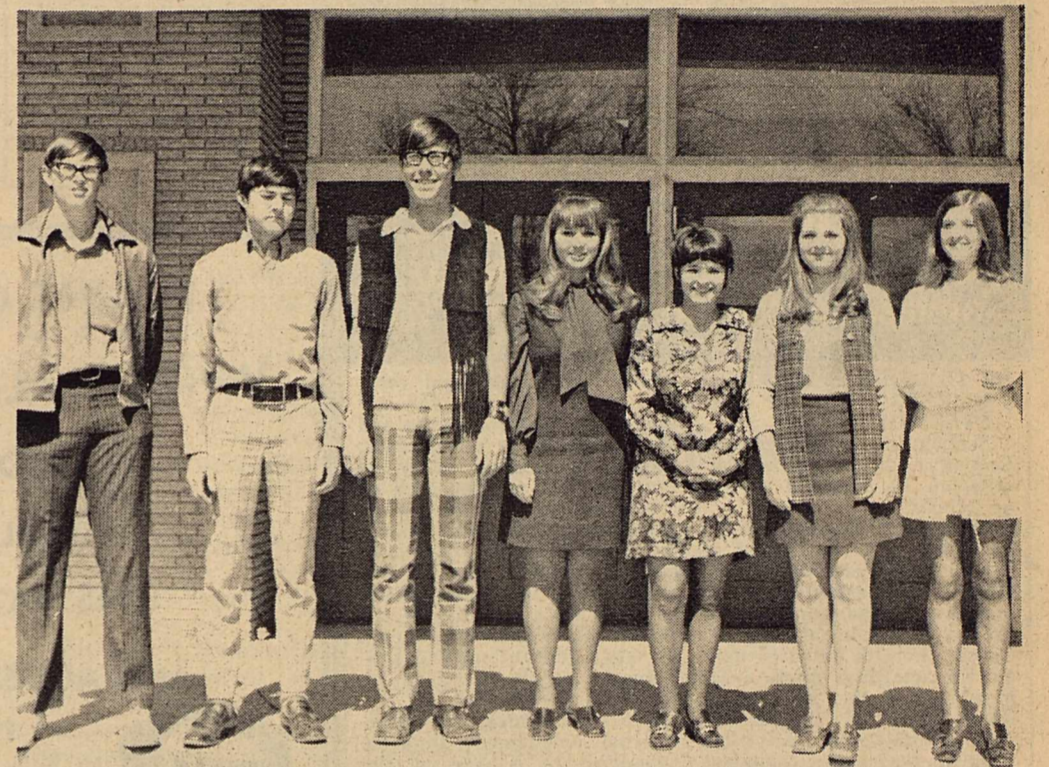

"ALL DISTRICT 5-A; SECOND TEAM

Jr. High Tournament

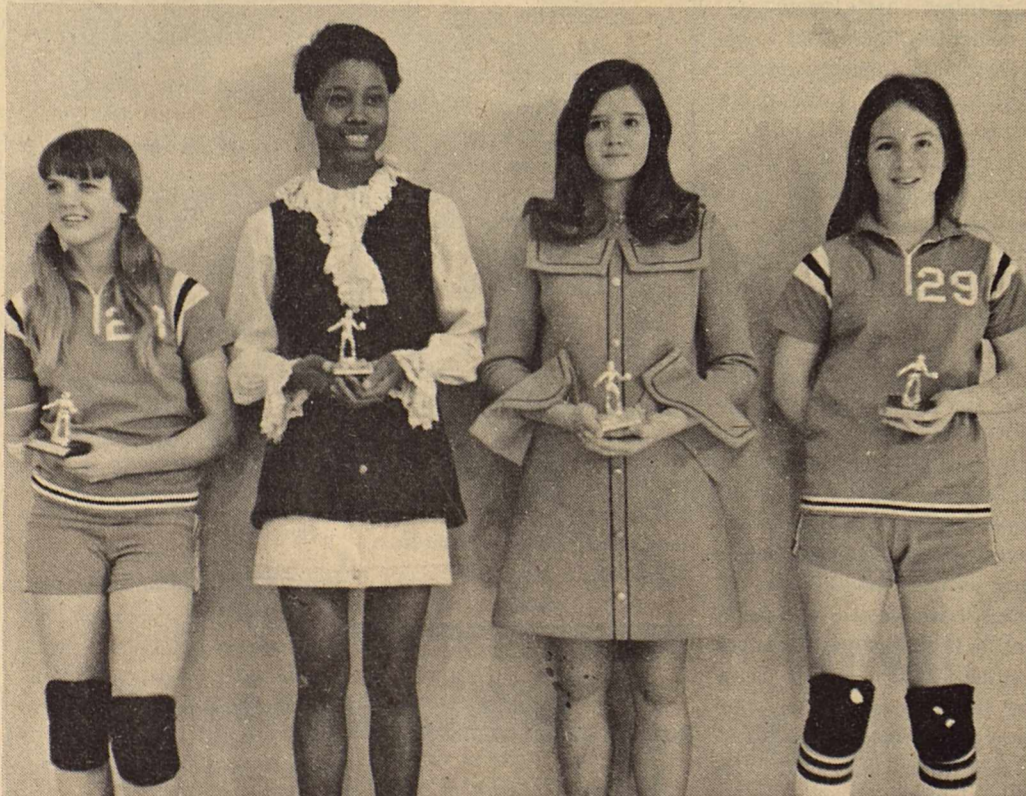

The Snyder Jr. High Volleyball Tournament was held this past week-end. This was the first year for the Plains school to enter the tournament. First round of play, the eighth grade girls played Denver City. The score was 16-14; 15-6 in favor of Plains. Karen Willis and Jan Hanna was high point with 7pts. each. Paula Blount was outstanding with her net play. The girls then played Goliad of Big Spring. The bumping game of the Mavericks proved to much for the Plains team who failed to defeat them with a score of 11-15; 5-11; 16-14. The girls came back and played Snyder Lamar for third place, defeating the Texans 15-12; 15-13. Placed on the All-Tournament Team was Paula Blount and Paula Crump. The eighth grade team now stands 9-3 for the season. Their remaining game

are 3-11 Denver City (there), 3-18 Wink (there), Big Spring Jr. High Tournament 3-20, The Jr. High District Tournament will be held in Plains on April 2nd.

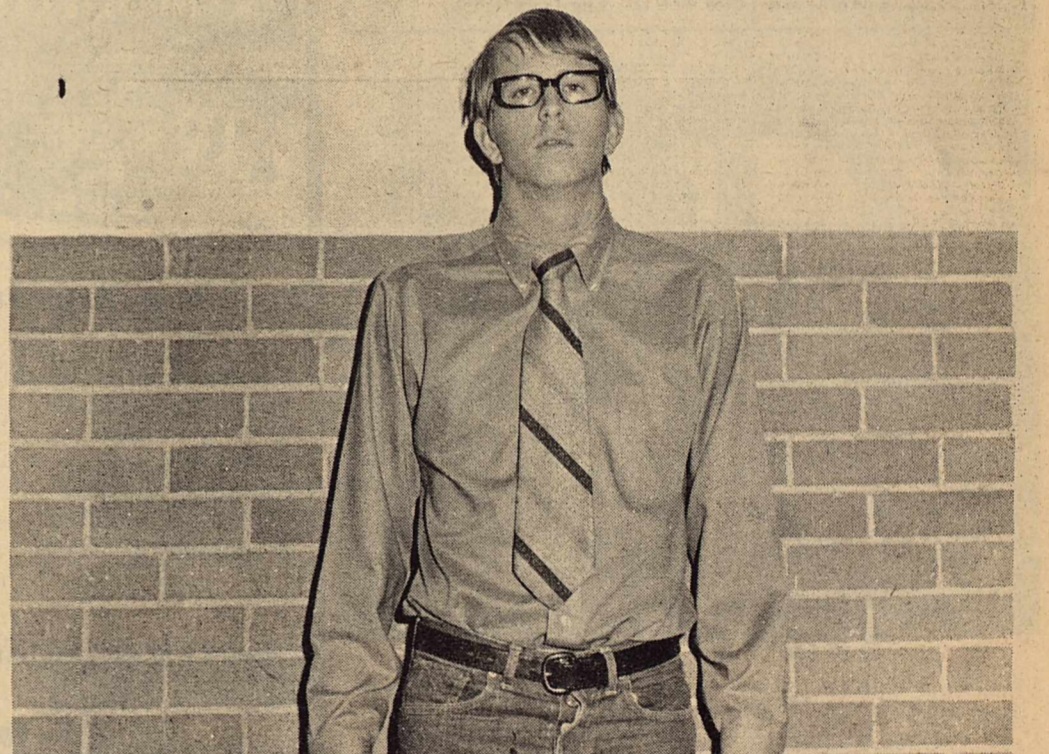

In the Snyder Tournament the 9th grade girls had a bye the first round, advancing them to the semi-finals. The girls played the Black team representing Big Spring 15-13; 15-11. Chris Moore was outstanding with her net play, also helping the team by being high-point server. The black team won 1st in the tournament. For third place, Plains played Lamar of Snyder and won the first game 5-15 but lost the next two, 15-7 and 15-7. Chris Moore and Denise Newsom were placed on the 9th All-Tournament Team for their team play.

"Learn And Live" Safety Team

The "Learn and Live" traffic safety team has advanced to the second round of competition in the televised series sponsored by the Texas Department of Public Safety and the Lubbock Citizens Traffic Commission. The Plains team members, Glenda Miller, Earl Krieg and

Jan Kennedy will meet the Levelland team Tuesday March 16 to determine who will advance to the final round. The semi final round competition consists of:
 Cooper vs. Estacado March 9,
 Plains vs Levelland March 16

Lorenzo vs Frenship March 23
 Anton vs Dunbar March 30
 The team is sponsored by Miss Sue Parker and the Yoakum County Department of Public Safety Patrolmen, Mr. R. C. Cheek and Mr. Dean Richardson. The program will be broadcast Saturday March 13, 1971.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER THREE ON THE BALLOT (SJR 5)
Special Election May 18, 1971

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III, Section 51-a, of the Texas Constitution, be amended to read as follows: "Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of: "(1) Needy aged persons who are citizens of the United States or noncitizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years; "(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps; "(3) Needy blind persons; "(4) Needy dependent children and the caretakers of such children. "The Legislature may prescribe such other eligibility requirements for participation in these programs as it deems appropriate. "The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes; provided that the maximum amount paid out of State funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of State funds paid for assistance grants for needy dependent children and the caretakers of the children shall not exceed Fifty-Five Million Dollars (\$55,000,000) during any fiscal year. "Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the State for these purposes, then and in that event the

Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons. "Nothing in this section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this State." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on May 18, 1971, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment removing the limitation on the total State appropriations for assistance grants for the needy aged, the needy disabled, and the needy blind, and setting a limitation on total State appropriations during any fiscal year for assistance grants for needy dependent children and the caretakers of such children."

TAX TABLES
 1970 OPTIONAL STATE AND CITY SALES TAX TABLES FOR TEXAS

If you itemize your deductions, you may use this table to determine the general sales tax to be entered on Schedule A, Form 1040. Use this table ONLY if you live in one of the 480 Texas cities that had a 1/2 sales tax in addition to the 3/4 State of Texas sales tax. Other Texas residents should use the Optional State Sales Tax Tables printed in the regular Form 1040 Instructions.

(If you are a resident of one of the approximately twenty towns that added a city sales tax after 1-1-70, you will have to use the State of Texas tax table in your regular instructions and compute a pro rata share of the 1/2 sales tax in addition to the State of Texas sales tax, since your city did not have a city sales tax for the entire year.)

If you are able to establish that you paid an amount larger than that shown, you are entitled to deduct the larger amount. The sales tax paid on the purchase of an automobile may be added to the table amount.

If your income was more than \$19,999, but less than \$100,000, compute your deduction as follows:

Step 1-For the first \$19,999, find the amount for your family size in the table.

Step 2-For each \$1,000 of income (or fraction thereof) over \$19,999, but less than \$50,000, add 2 percent of the amount you determined in Step 1 above.

Step 3-For each \$1,000 of income (or fraction thereof) over \$49,999, but less than \$100,000, add 1 percent of the amount you determined in Step 1 above.

If your income was \$100,000 or more, simply deduct 210 percent of the amount determined in Step 1 above.

*Income	AMOUNTS SHOWN INCLUDE BOTH STATE AND CITY SALES TAX			
	Family Size (Persons)			
	1 & 2	3 & 4	5	Over 5
Under \$3,000	\$35	\$44	\$47	\$47
\$3,000 - \$3,999	46	55	60	60
\$4,000 - \$4,999	55	67	72	72
\$5,000 - \$5,999	64	77	84	84
\$6,000 - \$6,999	73	86	95	95
\$7,000 - \$7,999	82	97	106	106
\$8,000 - \$8,999	92	106	116	116
\$9,000 - \$9,999	99	115	126	127
\$10,000 - \$10,999	107	123	135	137
\$11,000 - \$11,999	115	131	144	146
\$12,000 - \$12,999	123	139	153	156
\$13,000 - \$13,999	131	146	162	165
\$14,000 - \$14,999	139	154	171	174
\$15,000 - \$15,999	146	162	180	183
\$16,000 - \$16,999	154	170	188	192
\$17,000 - \$17,999	161	177	196	201
\$18,000 - \$18,999	167	183	204	211
\$19,000 - \$19,999	174	190	212	218

*Income as shown on Form 1040, line 18, plus amounts from other sources such as social security, veterans benefits, etc.

Sights On Safety

How often have you taken an electrical product's safety for granted? How many times have you purchased a product and were unaware of any external points which you, as the buyer, could easily look for to further insure that product's safety. All too often, no doubt.

Actually, most products have salient points which can be detected prior to purchasing to assure you that the product is or is not safe. However, as stated, you must make it upon yourself to search for those points.

For example, let us consider a portable hair dryer. Though no staggering figures are available, injuries can and do occur as a result of improper hair dryer constructions. Such injuries can be traced to poor design features which omit that one essential factor: safety.

What do you look for in a dryer purchase? The following points are the most easily detectable, and they are all there for your safety:

- 1. STABILITY:** Though often considered a point of minor consequence, a dryer should be designed so that it cannot be easily toppled. Specifically, this point is inherent to the base's design and will vary from model to model, and can best be determined by your own judgment.
- 2. PROTECTIVE SCREENING:** The motor and heating element should be enclosed by a protective screen to prevent contact of fingers or metallic objects with moving or live parts.
- 3. ADEQUATE CORD LENGTH:** The cord should be a minimum of six feet in length, which will generally eliminate the necessity for an extension cord.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER TWO ON THE BALLOT (HJR 21)
Special Election May 18, 1971

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article XVII, Section 1, of the Texas Constitution, be amended to read as follows: "Section 1. The Legislature by a vote of two-thirds of all the members elected to each House, to be entered by yeas and nays on the journals, may propose amendments to the Constitution, to be voted upon by the qualified electors for members of the Legislature, which proposed amendments shall be duly published once a week for four weeks, commencing at least three months before an election, the time of which shall be specified by the Legislature, in one weekly newspaper of each county, in which such a newspaper may be published; and it shall be the duty of the several returning officers of said election, to open a poll for, and make returns to the Secretary of State,

The South Plains Junior Livestock Show will be held next week in Lubbock. Animals will be going into the barns on Tuesday, March 18, and the sale will be held on Saturday at the conclusion of the show. Sixteen animals from Yoakum County have been entered in the Lubbock Show. Kathleen McGinty has two calves, Gwen Fitzgerald has one, and Matt Lindsey, one, Kenneth Altman has two barrows going to Lubbock along with one for Kreig Blount, one for Neal Beard and one for Kay Stephens. In the Lamb division, Kreig Blount has one lamb and Robbie Blount has two. The lambs and calves will be exhibited on Thursday morning. The barrow show begins Thursday afternoon and will continue through most of the day on Friday. Kay Stephens will exhibit her barrow on Thursday morning because it is entered in the carcass class, rather than in the regular show. The other Yoakum County barrows are either Hampshires or Durocs so they will all be exhibited on Thursday afternoon.

The Hereford calf owned by Matt Lindsey is the same calf that placed fourth in the heavy weight class at our county show last month. Gwen Fitzgerald's calf was exhibited at the county show but did not place high enough to get in the sale. All the other animals are some extras that the 4-H members were feeding in addition to the limited number they were allowed to exhibit in the Yoakum County Show.

Our animals are expected to be competing against some of the best in the country when they go to Lubbock. Some of the calves at Lubbock will be animals that placed high in their classes at Houston. Some of the barrows in the Lubbock show will be the tops of the country. The Lubbock area is well known for its ability to produce top barrows in many of the major shows, and swine exhibitors consider it a high honor to be able to win the Lubbock show. Lamb exhibitors from the Lubbock area have done well at the major shows this year and they will have some good lambs saved back for the Lubbock show.

This show and sale will pretty well bring the current livestock feeding season to an end and 4-H livestock feeders can complete their record books. Some of them have already begun making selections for next year. They are looking for calves that were born last fall and are now about ready to wean. The interest is high in our beef calf feeding program for the coming year. Several 4-H members, who have not previously been in the program have indicated an interest for the coming season.

Grain Sorghum Stubble Following Chisel Plowing at 45 degree angle to rows

Management Of Crop Residue
 By Wilson Duke

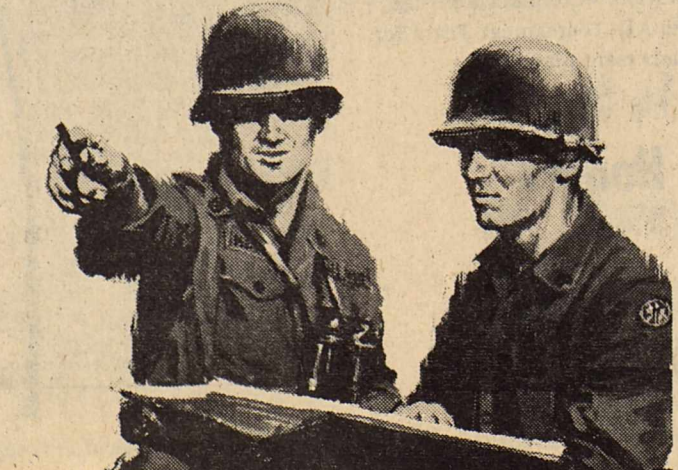

The management of residue from crops is still a vital factor as to the amount of wind erosion that has taken place and that will occur in the next 30-45 days as the critical wind erosion period continues.

Many farmers in the Yoakum Soil and Water Conservation District have done and are continuing to do an outstanding job of leaving the residue from crops on the surface of the soil to help control erosion. This along with the chiseling that is being done at a 45 degree angle is helping to control wind erosion.

Not only is this helping to protect the topsoil and the organic matter and plant food, it also is helping to preserve what moisture that is left in the soil. Residue from crops has proven to be the best and most economical soil protector.

NOURISHMENT FOR THE NEEDY

More than 16 million hungry persons receive food rations through the global feeding network maintained by Catholic Relief Services. Utilizing U.S. Government-donated foods made available to voluntary agencies under the Food for Freedom program, Catholic Relief Services provided noonday meals for almost 5 million children, nearly one million pregnant women, four million-plus workers involved in self-help projects designed to improve their communities, and thousands of other aged, sick and impoverished humans.
