

THE PLAINS REVIEW

OUR 40th YEAR No. 18 PUBLISHED WEEKLY AT PLAINS, TEXAS AN INDEPENDENT NEWSPAPER A SERVICE TO THIS COMMUNITY 10 cents

Emergency Funds Designated

Farmers Home Administration State Director J. Lynn Futch announced that Yoakum County has been designated by the Secretary of Agriculture for the making of emergency loans to farmers and ranchers who have sustained substantial losses on account of the drought.

This designation continues in effect through June 30, 1972, and will authorize emergency loans to be made to those persons who suffered substantial losses from any adverse weather conditions, such as high winds, hail or flood, that have occurred or might occur during the period of this designation. Funds are available and applications for such loans may be made at the FHA County Office located at 502 East 10th, Plains, Texas.

Six Flags Highlights

The Plains School Band Students took a trip to Six Flags over the weekend, leaving here about noon on Friday, May 14.

They ate supper in Abilene, then proceeded to the Howard Johnson Motor Lodge. After all had checked in, the boys and girls went swimming, reporting the water to be ICY. The next morning they went on to Six Flags to listen to competing bands perform in the Six Flags Band Festival. One of the outstanding shows was an Americanism type performance featuring college students in the Golden Palace. Also at the Southern Palace another commendable show was "Sing Out America".

They stayed at Six Flags until closing time which was 10 p.m. and some of the kids went swimming again after returning to the motel. Left for home early Sunday morning, stopping for breakfast in Ft. Worth and a dinner in Abilene. The Sunday School lesson was taught on Mr. Graham's bus for those who wanted it by Mrs. W. Worsham. Sponsors included: Mr. Carl Thompson, Mr. Bob Graham, Mr. and Mrs. "Slats" Livsey, Mrs. George Blount, Mrs. Cotton Engle, Mrs. William Worsham and Mrs. Dick Carothers.

VALEDICTORIAN

SALUTATORIAN

HONOR STUDENTS

Paula, fourteen-year-old daughter of Mr. and Mrs. Joe Crump, has had an active and successful school career.

Paula has entered U. I. L. competition every year since she became eligible; 4th and 5th, Picture Memory; 5th and 6th, Oral Reading; 7th and 8th, Number Sense; 8th, alternate for Oral Reading.

Paula is a four-year member of the band. She was a set up for the 8th grade volleyball team this year, and also belongs to the 4-H Club. She has placed high in her 4-H livestock projects, one year showing a Reserve Champion Barrow. Paula has also won blue ribbons in 4-H cooking and sewing projects.

Her hobbies include the piano, volleyball, sewing and reading in her spare time. Her Junior High scholastic average is 96.04.

Rickey is the fourteen-year-old son of Mr. and Mrs. R. E. Bearden of Tokio.

While in Junior High, Rickey has participated in football and basketball. He started both years in these sports. As a seventh grader, Rickey won first place in high hurdles at the District track meet. As an eighth grader he won again tying the district record of 8.9 seconds. He has won ten first place ribbons in track and five in low hurdles.

Rickey is an active member of the First Baptist Church of Tokio.

His hobbies include basketball, track, and swimming. His scholastic average is 94.45.

Only One Amendment OK'ed

According to latest reports, Yoakum County Voters rejected all of the four constitutional amendments on the ballot on Tuesday's election.

Other late reports reveal that the first three amendments on the ballot were defeated statewide and only amendment number four, the \$100,000,000 Water Quality Bonds carried.

Late statewide unofficial reports showed No. 1, the Ethics-legislators' pay, defeated by 220,360 votes, No. 2, more frequent amendment presentation; defeated by 74,208 votes. Elimination of some welfare ceilings; defeated by 27,337 votes.

The Quality water bonds amendment No. 4 granting the sale of \$1,000,000 worth of 6% bonds appears to have passed with a comfortable margin of 47,095 votes. The \$6,000,000 cost of interest each year on the bonds appears to have been given but slight consideration.

The music students of Mrs. Darrell Lindsey presented their Spring Recital Sunday afternoon May 16, 1971 at the Plains Methodist Church.

Those participating were Kim Stephens playing "Yankee Doodle" and "The Talking Clock"; Robbie Blount with "Gypsy Earrings"; Cindy Dominey with "Variations On a Minor Theme" and "Riding On a Mule"; Johna Gail Fitzgerald with "Swinging Along" and "Bells Are Ringing"; Kay Stephens with "Turkish March" and "Bom Free"; Sherry Dorminey with "Let There Be Peace On Earth"; Laurie Cheatham with "Minuet in G Minor" and "A Time For Us"; Donna Jo Cheatham with "Minuet in G" and "Raindrops"; Donna Gay Miller with "Menuet"-E Flat Major and "Theme from Love Story" and Paula Crump with "Rondo" and "Baby Elephant Walk".

Rough Riders pictured above (left to right) Back row: Brian Wilmeth, Neal Bearden, Denise Newsom, Pam Peterson, and Renee Houck; front row: Melinda Millsap, Kathleen McGinty, Melonie Millsap and Mylonne Millsap.

"ROUGH RIDERS"

The Rough Riders, a Jr. Riding Club, started out this season with a 1st place trophy presented to them by the Gaines County Sheriff's Posse at the Seagraves rodeo. There they were invited to a delicious supper and attended the following rodeo, Thursday May 13th. These young people work many hours striving to perfect the quadrille, which involves a keen sense of timing. The Rough Riders have received many invitations from far and near. Some as far away as DeLeon, Albuquerque, N.M. and Oklahoma. They act as good will ambassadors for the city of Plains and Yoakum Co.

This group averages approximately 800 miles a year. They are a non-profit organization.

The Rough Riders Club also acts as host to the visiting riding clubs attending the Plains Rodeo and Parade which always includes a fine supper and a free ticket to the rodeo. The Club is judged from the time they arrive on: personal conduct, neatness and appearance, ability and horsemanship. They are a member of the American Association of Sheriff's Poses and Riding Clubs.

All trophies may be seen at the Plains State Bank. The Club is indeed grateful to the Bank for the lovely new case in which to display all these trophies.

Spring Recital

The music students of Mrs. Darrell Lindsey presented their Spring Recital Sunday afternoon May 16, 1971 at the Plains Methodist Church.

Those participating were Kim Stephens playing "Yankee Doodle" and "The Talking Clock"; Robbie Blount with "Gypsy Earrings"; Cindy Dominey with "Variations On a Minor Theme" and "Riding On a Mule"; Johna Gail Fitzgerald with "Swinging Along" and "Bells Are Ringing"; Kay Stephens with "Turkish March" and "Bom Free"; Sherry Dorminey with "Let There Be Peace On Earth"; Laurie Cheatham with "Minuet in G Minor" and "A Time For Us"; Donna Jo Cheatham with "Minuet in G" and "Raindrops"; Donna Gay Miller with "Menuet"-E Flat Major and "Theme from Love Story" and Paula Crump with "Rondo" and "Baby Elephant Walk".

City Begins Drilling

A special meeting of the Plains City Council was called Sunday, May 16, 1971 at 7:30 p.m. The purpose of the meeting was for the voting approval of an agreement between the City of Plains and Ben Gibson of Plains, in which the Council voted to pay Ben Gibson the sum of \$1,000 for crop damage on a 1/2 acre of ground and a pipeline right of way on which the City held a deed and Ben Gibson held a crop lease.

The settlement cleared the way for the City's program to drill a water well on each of the two parcels of ground on which the City holds the water rights, one mile west of the City limits.

Drilling was commenced Tuesday morning on the D.H. Kerby site. Twenty feet of 16 inch surface casing was set and cemented. The process used for cementing was pouring of the cement around the outer surface of the casing at the ground level and allowing the cement to flow to the bottom of the casing. Cementing was completed at 5PM Tuesday. Pits have been dug and

After the signing of the Rural Telephone Bank Act, (From left) Representative Ross Heller, Congressman Anchor Nelson (R-Minn., former REA Administrator), NTCA President Eldon M. Snowden, Chulchester, Illinois, NTCA Executive Vice President David C. Fullarton, Secretary of Agriculture, Clifford M. Hardin, Congressman W.R. Poye, (D-Tex., Sponsor of the bill in the House) the President, Senator Bob Dole (R-Kan., Senate sponsor), Senator Jack Miller (R-Iowa), and Congressman Vernon Thompson (R-Wis.).

Tippett Receives Commission

Mr. and Mrs. J.M. Tippett were in Lubbock Saturday attending the commissioning ceremonies and graduation exercises at Texas Tech University. Their son, James M. Tippett was sworn in and commissioned a 2nd Lieutenant in the Air Force Reserve and granted an assignment in Graduate School. He will be attending the University of Kentucky in Lexington this fall where he holds a teaching fellowship and will begin work toward his Doctor's degree in Mathematics. His wife, Cheryl, has been employed as a Science teacher in the Lexington Public Schools. James received his Master's degree in Mathematics at the Tech graduation exercises Saturday night held in the coliseum at Lubbock.

Anxiety around both the City Hall and the City Light Plant were greatly relieved last Friday when the large Ingersoll-Rand Motor pulling a 626 KVA generator was finally put into regular service. This increases the output capacity of the City-Light Plant by approximately 50%.

This installation has been a long and trying procedure delayed by various difficulties that were beyond control. However, with the new generator in operation the City is in a very comfortable position concerning the supplying sufficient power to its customers.

Band Boosters Elect Officers

The Band Boosters had a short business meeting immediately following the Band Concert a few weeks ago. They met for the purpose of electing new officers for the coming year. Those elected were: President, Mrs. Mary Jo St. Romain, Vice-President, Claude Addison, Secretary, Mrs. Faye Bearden & Treasurer, Mrs. Wanda Ashburn.

Rural Telephone Bank Act

President Nixon has signed into law a bill which will assist small, local telephone companies to meet burgeoning future growth requirements.

In signing the bill the President said it was a "good measure" and would "bring telephones close to the people."

The law, known as the Rural Telephone Bank Bill, has been sought for more than six years by Romain Telephone Co., Inc. and other members of the National Telephone Cooperative Association.

Present for the public bill signing were Agriculture Secretary, Clifford M. Hardin; REA Administrator, David A. Hamilton; NTCA President, Eldon M. Snowden; and NTCA Executive Vice President, David C. Fullarton.

Mr. Fullarton and Mr. Snowden presented President Nixon with a 1902 mangeto telephone to commemorate the signing of the legislation.

In making the presentation Mr. Fullarton said: "On behalf of the National Telephone Cooperative Association and its member telephone systems, I am proud to be able to present you with this antique telephone. It symbolizes how far we have come in the rural telephone industry. With the signing of this Rural Telephone Bank Bill into law, rural telephony can confidently look to the future. We are deeply grateful to you and to all those who have worked so hard to see this day."

The bill permits the creation of a bank, whose sole purpose is to lend money to the nation's rural telephone companies. Initially the bank will operate with REA to fund telephone borrowers, REA estimates that only about half of its present borrowers would be able to use the bank. The remainder, because of very low subscriber densities, would still have to use REA as their loan source.

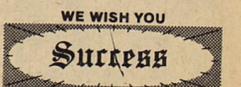

The REA program makes loans available to small telephone companies for a 35 year period at a 2% rate of interest. Interest on bank loans will vary between 4% and the cost of money to the bank.

Bayer Enrolls In Training Program

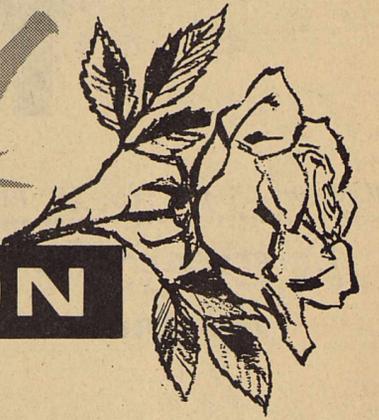

Scotty Bayer, son of Mr. and Mrs. Milton Bayer of Plains, has been accepted as a student in the Colorado School of Mines Summer Science Training Program in Radio-isotope Technology and Electronics. This is to be a two month course starting June 7 through July 31. Approximately 2 out of every 80 students applying for admission are accepted.

The program provides an opportunity for superior high school students to gain a working knowledge of radiation theory and practice as well as theoretical and applied semiconductor electronics.

Approaching Marriage

Mr. and Mrs. Joe Ancinec of Plains announce the approaching marriage of their daughter, Patrice Gail to Mr. Billy C. Spencer, son of Mr. and Mrs. Charles F. Spencer of Plains. The bride-to-be will be a May graduate of Plains High School. The prospective bridegroom is a graduate of Plains High and is now employed with Farmer's Fertilizer in Lovington, N. Mex. A June 20th wedding is planned for 3:00 P.M. in the First Baptist Church in Plains. Friends of the couple are cordially invited to attend.

EDITORIALS

Ecology Versus Reason

Folks around here are as concerned about ecology as people anywhere. For the most part, though, we prefer to learn as much as possible about a situation before deciding how best to handle it.

That's why we wonder about those persons who are anxious to halt the sale of phosphate detergents because they think these products are to blame for all the algae in various lakes and streams. We wonder, for instance, whether they paid any attention to the warnings sounded recently by no less an authority than Dr. Jesse L. Steinfeld, the surgeon General of the U.S.

During Washington hearings, the nation's No. 1 doctor strongly opposed a Federal Trade Commission proposal that all phosphate detergents carry a label warning against environmental effects. He said such a requirement at this time might cause consumers to try dangerous substitutes, many of which are not only hazardous but even potentially lethal. He and a score of other health and environment experts who voiced concern over the rule indicated that of all known non-phosphate substitutes none are both safe and effective; that the role of phosphate detergents in algae growth is debatable; and, furthermore, that their removal would not end eutrophication.

All of which convinces us more than ever that it's just good sense to consider thoroughly the pros and cons of a situation, especially one in which a suggested "cure" might be much worse than the "ailment".

Do you know why your child should have Vitamin D foods daily? This important vitamin helps him form strong bones and teeth. It also helps maintain the skeletal structure in a healthy condition. When a youngster does not get enough Vitamin D during his formative years, poor bone and teeth structure may develop. Good food sources for this vitamin are: whole milk, liver, egg yolk, salmon, tuna, and sardines. Also remember many foods are fortified with this vitamin--labels on those foods will state this fact.

Every part of the human body is made up of the elements from the food we eat. Food affects our growth, weight, teeth, hair, bones, fingernails, complexion, eyes, heart, lungs, legs, and arms. This is why it is so important that we choose a variety of foods for our daily menus. A selection from the four major food groups will insure good health and well being. The four groups are: meat, bread and cereal, fruits and vegetables, and milk.

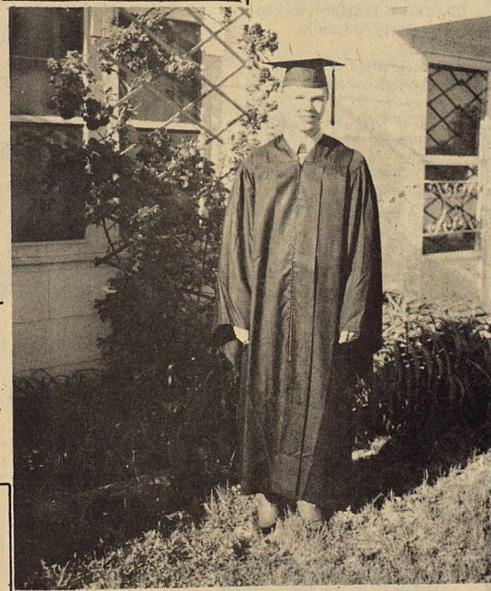

MAY A BRIGHT, CLEAN TOMORROW BE YOURS... AND MAY WE HELP KEEP IT THAT WAY.

Glover's Cleaners And Hatters

The picture looks bright for the graduates of 1971 ... good luck from all of us.

LATT'S ENCO SERVICE STATION

Vernon Stach, son of Mr. and Mrs. Vernon Stach of Plains, graduated May 14 at 10:00 a.m. in the Texan Dome of South Plains College in Levelland. He finished with an Associate in Science Degree and is planning to enroll at Texas Tech in the fall semester where he will complete his major in Mechanical Engineering.

W. A. Walten

Rites Held

A.J. Walton, 88, who had been in the convalescent home in Coleman, Texas died last Thursday, May 13, 1971. The funeral was conducted Saturday, at 3:30 p.m. in the Stevens Funeral Home of Coleman. Burial was in Valera Cemetery of Valera, Tex. Survivors include a daughter, Mrs. Hayden Box, Plains; 2 sons, Arthur Walton, Doraville, Ga., and Winifred Walton, of Granada Hills, Calif. 3 grandsons, David Box, Plains and PFC Wayne Box, Ft. Benning, Ga.; 3 granddaughters and 3 great grandchildren. Mr. Walton was preceded in death by his wife, Jan. 12, 1971.

Shopping Lists

Some folks think that a shopping list is "old hat". Maybe so, but it is a way to cut down on food bills, reminds Gwendolyn Clyatt, Extension consumer marketing specialist.

One of the major ways a shopping list can be of help is by cutting down on impulse buying. Mrs. Clyatt said. Without a list, most shoppers wander through the store looking for inspiration, and they usually find it at the end of the aisles or in special displays--right where the store manager planned. Sometimes these displays mean bargains, but often the price may be the same as the usual shelf price. Occasionally the price may be even higher than usual.

Another kind of "inspiration" that can mislead the consumer shopping without a list is offering six items for a dollar, or four for 99 cents. You usually wind up with items you don't really need, and perhaps with some you don't even want, the specialist added.

Shopping lists can also cut down on extra trips to the store. Mrs. Clyatt said. One of the most costly items in the food budget is travel. Making extra trips in the car for forgotten items can cost twelve cents a mile. And the trips cost you time, too.

Texas Department Of Safety

The Texas Highway Patrol investigated two accidents on rural highways in Yoakum County during the month of March, according to Sargeant H.E. Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and no persons injured.

The rural traffic accident summary for this county during the first three months of 1971 shows a total of ten accidents resulting in no persons killed and three persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for March, 1971 shows a total of 521 accidents resulting in 20 persons killed and 251 persons injured as compared to March 1970 with 543 accidents resulting in 20 persons killed and 275 persons injured.

The 20 traffic deaths for the month of March, 1971 occurred in the following counties: Palo Pinto, 3; Armstrong and Cottle 2 each; Archer, Lamb, Lubbock, Montague, Parker, Stonewall, Wichita, Wise, Yoakum, Collingsworth, Gray, Moore, and Randall with one each.

NEWS BRIEFS

Mr. and Mrs. Posey Henderson had as their guests over the weekend, Mrs. Burton Van of San Luis Obispo, Calif; Mrs. Lou Patton of Phoenix, Arizona; Raymond Haywood of Brownfield and Mr. and Mrs. Jim Childers of Lubbock and Little Miss TiAnna Moore of Big Spring.

Mrs. Ivy Haywood was moved from the Brownfield Nursing Home to the Twilight Acres Home in Seminole last week.

Mrs. Joe Kennedy came home from the Methodist Hospital in Lubbock where she underwent artery surgery recently.

Mary Strickland is resting at home after a week's stay in the Levelland Hospital resulting from a fall down the flight of stairs in her home last week.

Mrs. John McConnell is back at her desk in Judge Gene Bennett's office after slipping and falling early Monday morning. She at first thought her hand was not badly injured but on being taken to the doctor, found her thumb to be broken and the fingers to be severely sprained.

Kathy and Jerry Cowart of San Antonio were home on leave visiting their parents, Mr. and Mrs. Nokes and Mr. and Mrs. W. C. Wilmeth.

Carolyn Truss of Copperas Cove was also home visiting Mr. and Mrs. W. C. Wilmeth. They arrived Saturday the 15th and will be here a week before returning home.

AUSTIN, Texas (Sp1.) --- Faculty members in the University of Texas Psychology Department report a work load that far exceeds the 40-hour week.

Responding to a questionnaire on how they spend their time in an average week, the UT psychologists showed a busy schedule devoted to classroom teaching, conference courses for individual students, advising students, course preparation, research, UT administrative and committee responsibilities, and professional activities.

The average weekly total--most of which went to instruction--was 57.5 hours for assistant professors, 67.5 hours for associate professors and 60 hours for professors.

Parents Know the Drug Threat

The Child You Save May Be Your Own

By Vernon Townes
County Attorney

Today's Subject: Summary of This Series

Those of you who have followed my series on drug abuse have been with me now for the past 13 weeks, and it is my sincere hope that the information I have shared with you has been helpful in learning about drugs and stimulating to the mind in making your personal determination to LEARN MORE. I can assure you that the more you know about drugs, the more benefit you will be to your children on the subject and the more you can do for our community to fight the drug curse.

Parents have long told their children not to use drugs, except under a doctor's prescription, but now you can authoritatively say WHY drugs should not be abused and the many harms that can come to those who do abuse drugs.

Most of our discussions have been on the prevention through knowledge approach to the drug problem, but here I want to state things to watch for that might indicate a person is already using some type of drugs. Ten frequent signs of drug abuse are:

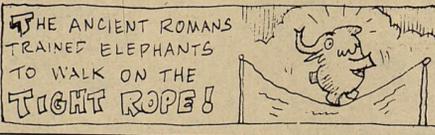

1. Moral ill health. Normal value changes and unusual ideas taking their place.
2. Mental ill health. Emotional extremes with a marked loss of interest in usual goals. Unusually bad grades in school, signs of a change in personality.
3. Physical ill health. Loss of weight, changes in skin color, loss of body tone, unnatural careless stance and posture.
4. Development of a fear complex. Usually convinced that someone is "after them." Suspicious about everyone around them, even family members.
5. Marked appetite extremes. No appetite at all and when this changes and they do eat, the amounts of food intake are huge, particularly in the line of sweets and liquids.
6. Extremes in disposition. Either highly stimulated and overly talkative or very sleepy.
7. Extremes in emotions. Frequent spells of crying or hysterical laughter. Very frequently showing feelings against any authority.
8. Needle marks, skin boils, sores. Scars from use of needles many times become very infected.
9. Body and breath odor very unpleasant.
10. Eyes usually very bloodshot and watery. Pupils very small, eyes often wide.

If you suspect a child is taking some form of drugs, it is probably best, for the first step, to consult your family doctor. He is very well qualified to confirm your judgment.

Here are some of the street terms you want to listen for now that you know they are definitely connected with drug use. These listed below are common to the drug scene:

- MAINLINE:** Using drugs by means of intravenous injection
- OD:** Overdose usually deadly
- OUTFIT:** Equipment for giving injections
- PEACE PILL:** A tranquilizer most usually given by Veterinarians, sometimes called a "Hog"
- PUSHER:** A seller of drugs
- SPACED:** Inability to concentrate, mentally adrift
- STONED:** High on drugs
- TRIP:** High on hallucinogens
- TURNED ON:** To be given drugs, to be happy or high
- TURNED OFF:** To quit the use of drugs entirely
- BAG:** A user's favorite drug
- BIG C:** Cocaine
- BLASTED:** Under the influence of some drug
- BUSTED:** Arrested
- BURNED:** Cheated on a drug purchase
- CAP:** A capsule containing a drug
- COLD TURKEY:** An abrupt stop in use of drugs in an effort to quit
- FIX:** An injection of drugs
- GIVE WINGS:** Give first injection of Heroin to a friend
- HIGH:** Under the influence of some drug
- HIT:** One puff on a Marijuana cigarette
- HOOKED:** Dependent on drugs
- TURN ON:** To start a friend on drugs
- JUNKIE:** A Heroin addict sometimes called "Hype"

All things considered, it is not the responsibility of any one group of people, government agencies, doctors, law enforcement people, ministers, parents—to minimize the drug threat this country faces today—it is the responsibility of all of us!

Romain Telephone Co. Inc.

Tokio News
By Fern Lowrey

Visiting in the home of the Tommy Elmore's was Mrs. Rickey Elmore and Chris of Canyon, Mrs. Winifred Leve of Levelland and Mrs. Alton Elmore.

Douglas Van Neker, great uncle of Mrs. Tommy Elmore passed away in Lubbock Sun. While attending the funeral she and family visited with her parents, Mr. and Mrs. Howard Rucker of Lubbock Tuesday.

Mrs. Jesse Dearing, Mrs. Harry Richardson, Mrs. Foy Cogburn, Mrs. Leon Lewis, and Mrs. W. M. Overton attended a flower school at the Garden Center in Lubbock two days last week.

Danny Smith left Thursday for Chicago, Illinois.

Wilma Anderson and Neda Chambliss attended the Lubbock Fashions market at the Village Inn in Lubbock Sun.

Gregg Jones, son of Mr. and Mrs. Ray Jones is home for the summer from North Texas and Russell Jones, son of Mr. and Mrs. Truitt Jones is home from Rice University.

Mrs. Bob Patterson and Biar of Reno, Nevada came to visit her parents Mrs. and Mr. Jess Snodgrass for about two weeks.

Kay Ellison, and boys of Lovington, N.M. spent Friday and Saturday with her parents Mr. and Mrs. Amos Smith.

Mr. and Mrs. James Hayes of Dallas visited her parents Mr. and Mrs. Hugh Snodgrass and attended their daughter's graduation at Texas Tech.

Bro. Domingo Ibarra left Thursday for Mexico after receiving word that his father had passed away.

Miss Pearl Rushing spent a few days in the General Hospital of Brownfield last week.

Mrs. Lewis Waters spent Monday with her mother, Mrs. D. A. Wilson Sr. in the Methodist Hospital in Lubbock. She reported her mother's condition not very well.

Mrs. Lloyd Hicks of Hot Springs, Arkansas is visiting her daughter, Mrs. Earnest Hudson and family. Mrs. Hicks is a former resident of Plains.

PLENTIFUL FOODS FOR JUNE-- June is Dairy Month and the USDA says milk and dairy products are in plentiful supply. Other June plentiful include broiler-fryers, eggs dried peas, canned ripe olives, potatoes and potato products. Food buyers are advised to keep the list handy when shopping for groceries.

ALERT FOR SCREW-WORMS-- The recent rains and humid weather could be a factor in the spread of screw-worm flies. During April 13 cases were confirmed in Texas, compared to only one case for the same month a year ago. Livestock producers should continue to check animals for possible worm cases. When infested wounds are found, a sample of the worms should be collected and mailed to the Mission Laboratory for possible identification. Local county agents have collection kits available.

State Line News
By Margaret Box

Mrs. Jim Pharr and her mother, Mrs. Maudie McCutcheon of Brownfield visited relatives in Hollis and Mangum, Okla. and in Quanah, Texas recently.

Payton Perkins of Tahoka suffered a heart attack Tuesday and is a patient in the hospital in Lamesa. He is the brother of Roy and C. C. Perkins. The two families have gone to Lamesa several times the past week. Report is that Payton is much improved.

Mr. and Mrs. A. H. Bacon of Clute visited their son, Mr. and Mrs. Terry Bacon, and family Saturday and Sunday. Jennifer Bacon returned home with her grandparents for a visit.

Mr. and Mrs. Fox of Wichita Falls are visiting her daughter Mrs. A. R. Mitchell and family.

Mr. and Mrs. Jerry Hartman of A & M University moved to the old C. C. Copeland house near the State Line. They will be here for the summer. He is the son of Mr. and Mrs. R. G. Hartman.

Toni Perkins of South Plains College came home for the summer Thursday.

Mrs. Barron Blair and Linda left Wednesday to fly to Anchorage, Alaska to visit her daughter, Brenda and husband.

The State Line Baptist Church building in Bronco was given to the colored Baptist Church in Tatum, and it was moved last week.

Mr. and Mrs. Walter Searcy and Flo moved out of the Baptist parsonage in Bronco and moved into the house on the gin yard that they have redone.

Mr. and Mrs. Bill Davis and Doug visited her parents, Mrs. and Mr. Ira Tidwell and boys enroute of moving from Santa Fe to Colorado Springs, Colo.

Mr. and Mrs. Foy Cogburn have gone to Durango, Colo. for a while.

Wanted to thank everyone for the prayers, flowers and the cards and all the many kind deeds done for me during my stay in the hospital.

Thanks again.

Morine Sudduth

well done

That's your ticket to a great future. Don't miss the plane.

A surprise wedding shower and party was given Mr. and Mrs. Gary Dyer in their home on the Humphrey place Wed. night. Gary and Audrey Holly were married Saturday night. They own the Cafe in NewTex. A pressure cooker and electric mixer were the hostess gifts.

Jerry Brian of South Plains College is home with his parents, Mr. and Mrs. Dunk Brian, for the summer.

James Sherrin is to coach the Indians in Little League baseball in Plains this summer. The first meeting is Tuesday night.

Mrs. Joe Kennedy returned home Sunday from the Methodist Hospital by ambulance. She underwent artery surgery last week. Mrs. Loren Gayle cooked dinner in the Joe Kennedy home Sun, where she, and family visited.

Baby Shower

A "pink and blue" shower honoring Mrs. Floyd Gossett will be given Thursday, May 20 at 8:00 P.M. in the home of Mrs. Gerald Ritchie.

Hostesses for the occasion are Mrs. Gerald Ritchie, Mrs. Buddy Lyons, and Mrs. Bill Martin.

Selections for the shower are at Moore's.

NEWS ABOUT 4-H

Sewing is a creative outlet for girls of all ages says the Cooperative Extension Service. Of today's 45 million home sewers, it is estimated that half of them are under 20 years of age--4-H age young people. Giving 4-H members added incentives and educational assistance in projects involving sewing are--Coats & Clark Inc.; The S&H Foundation, Inc.; Simplicity Pattern Co. Inc. and The Singer Company.

Teens Learn to be Smart Consumers In 4-H Consumer Education Program

SPECIAL - Youths today have more to spend than ever before. It is estimated that in 1970 boys and girls between the ages of 9 and 19 spent nearly \$21 billion.

They bought 50% of the soft drinks consumed, 90% of the single phonograph records, 44% of all cameras, 27% of the cosmetics and 9% of new automobiles.

Where and how do they learn to make wise buying decisions? How do they decide what is the best quality for their money's worth?

Over a million and a quarter teenage boys and girls are finding that an excellent place to get buying know-how is by participating in the 4-H consumer education-home economics program.

Montgomery Ward, one of the nation's oldest and largest retail companies, sponsors the program nationally. The company has supported 4-H for 49 consecutive years.

The program encompasses all phases of consumer education in projects directly related to the home, such as clothing, food preservation, food-nutrition, home improvement, home management, family life and personal development, according to the Cooperative Extension Service

Build a New World

Make of it what you will... and may we help

AVALANCHE of Food SAVINGS

BRONCO FOOD AND FARM SUPPLY

which supervises 4-H activities.

The wide application of consumer education allows teens to discover that as consumers they must make enumerable decisions every day.

Decision-making also is being learned through special consumer games used in various areas of the country. The games are fast paced and competitive and learning is made easy.

Things like learning to use credit and how to plan ahead for larger purchases provide the teenager with knowledge he will need for the remainder of his life.

And there are other rewards youths can earn in the program. Montgomery Ward provides incentives and recognition for members excelling in consumer education-home economics. A maximum of four gold-plated medals of honor are provided in each county. The state award is an expense-paid trip to the 50th National 4-H Congress in Chicago, Nov. 28 - Dec. 2, where six national scholarships of \$700 each will be presented at a special awards dinner.

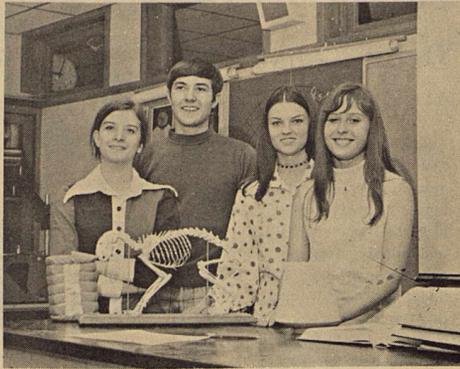

For more information about the 4-H consumer education-home economics program or about service as a volunteer 4-H Club leader in this or any other 4-H activity, contact the county extension office.

...You made it, and we're glad.

NELMS TEXACO SERVICE

The Plains Science and Math Club met May 4, with this year's president Earl Kreig presiding. The business of the club consisted of installation of new club officers for 1971-72. They are President, Scotty Bayer; Vice-President, Beth Ann Hale; Secretary-Treasurer, Sharon Upton; Representative, Jeaneatha Wemken. The members were shown slides of the trip to Houston. Then refreshments were served to the members.

UNUSED SPACE between walls can be put to excellent use by breaking through one side and installing 5 or 6 inch shelves for paperback books, jars or bric-a-brac.

THE PEACE SYMBOL
(From the *High Twelvian Magazine*)

This is the symbol worn by many of today's young people and is known as the "Peace Symbol." We wonder how many of them, or you for that matter, know the real meaning of this symbol?

The "Peace Symbol" is not something that is the product of today's restless youth. It was well known back in the Middle Ages and was known either as the "Crow's Foot" or the Witch's Foot. Now are you ready for the real shock? THIS WAS THE SIGN OF THOSE WHO WERE OPPOSED TO CHRISTIANITY. It is a Broken Cross turned upside down. Now do you see why it is a subtle sign of those who are opposed to Christianity?

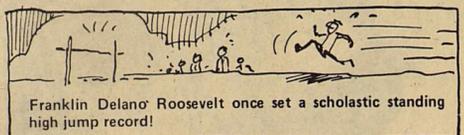

It is used as a central part of the national symbolism of Communist Russia. It appears the Communists are winning their battle for the minds of our youth. They are making special efforts to capture the attention of today's youth in America. Many young people are familiar with the Peace Symbol and wear it as jewelry and even paint it on their cars. They wear it as a "fad" gadget, not realizing they are supporting the emblem of the Anti-Christ, the Broken Cross.

(Submitted by L. N. Stracner, Baton Rouge, La.)

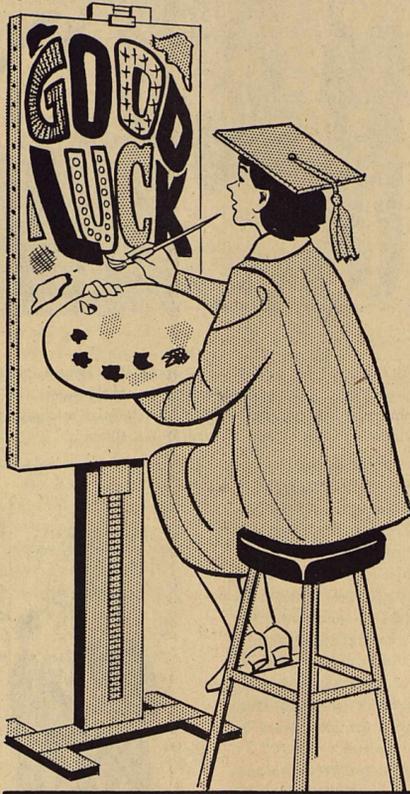

Congratulations

Your record is there for all to see. Nice work.

the **COUNTRYSIDE MOVEMENT**
by G. B. Gunlogson

Industry's growing infatuation with country towns and small cities of America may develop into one of the nation's most promising romances.

This compatibility is not idle conjecture. It is well-documented by extensive studies sponsored by the Countryside Development Foundation of Racine, Wisconsin, that covered a large number of communities in many states. These studies have revealed many interesting reasons and mutual advantages.

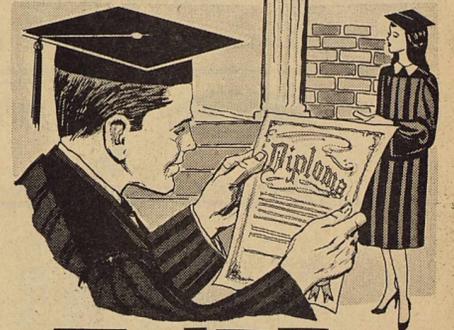

Small towns and cities find that they quickly reap the benefits of new industry. Money, for one thing, seems to work proportionately harder in smaller cities. It turns over more often and touches a larger percentage of the people, and the whole community responds. Needed public improvements are initiated, new businesses are encouraged, and new homes are built. Individual initiative and skills are given a better chance to develop. Farmers and their families gain by better local markets and other opportunities.

On the other side of the coin, industry, too, has discovered many advantages to sites in country towns or small cities. Land is less expensive and more plentiful. Local governments are friendlier. Absenteeism is lower, and productivity is higher. Workers tend to have a closer rapport and pride with job and community.

Industry's new interest in the countryside is understandable, since most of our large cities are rapidly approaching a "no vacancy" status wherein the only possible expansion is upward. More than two-thirds of our entire population is jammed together in big cities and suburbs, occupying less than 2 per cent of the nation's land area. Only one-third live in the entire countryside, which comprises more than 98 per cent of all land area in the United States and some 16,000 towns and small cities, scattered from coast to coast. Many of these are ideally situated to accommodate more industry and more people.

This is why a countryside movement of industry and people could be a happy solution to our nation's population and employment problems. It can benefit millions of people, hundreds of industries, and the whole nation. The thousands of small cities that have so much to offer now have a new chance to become thriving communities where living can be made better than ever.

Gamma Meets Delta Kappa

Members of Gamma Lambda Chapter of the Delta Kappa Gamma Society enjoyed a salad supper Thursday evening, May 13 in the High School Library in Seminole. Hostesses for the evening were Mmes. Almeda Gady, Ira Bobo, Wayland Griffith, Dorothy Decker, Lillian Gilmer and Pete McClellan. Each member was presented a name tag containing a prescription for enjoyment of the summer vacation months to come.

Following the social hour, Mrs. Vera Fay Hill, Program Chairman, assisted by Mmes. V. N. Keyes, Tony Simmons, Bruce Story, Charles Love, and Miss Wanda Watson presented an interesting and informative Founder's Day program. The theme of the program, Prescription for Success, brought out the fact that the original aims and objectives of the society were well stated and planned as the growth and success of the organization has far exceeded the early hope and expectations of the twelve founders. During the presentation of the program, a white candle burned honoring the eight founders who are deceased and a red candle burned honoring the four who are still living. The program closed with group singing of the Delta Kappa Gamma and Founder's Day Song.

Mrs. Roger Harvey, president, presided over a short business meeting which followed the program. Members attending from Plains were Mmes. Roger Harvey, Joe Thompson and J.M. Tippett. The chapter will not meet again until September 23, being recessed during the summer months. The September meeting will be held in Seagraves in the Gaines Room of the First National Bank at 7 p.m.

Each 8th grade boy who bought a football jacket was presented the jacket by Coach Engle preceding the talent show. The jackets selected this year by the boys are attractive and have patches showing their success as District 5-A Champs.

AUSTIN, Texas (Spl.) --University of Texas biomedical engineers are currently studying the effects of laser radiation on the human eye.

In order to get a wide sampling of the effects of the radiation, rabbits--outfitted with special contact lenses-- have been enlisted in the research.

The contact lens protects the surface of the eye while examiners use a special camera to study the retina.

When minimal levels of radiation are established through the research, safety precautions can be recommended.

You've got good reason, and "we're for you."

Who Says School Can't Be Fun?

The students of Plains Junior High really went to the "clowns", instead of "dogs", last Friday. The annual Play-day was really a joyous occasion for all the grades 5 - 8. The highlights of the day were the Science Fair, talent show, and track meet. All three events were really enjoyed by spectators and participants alike.

It really appears that Plains has many future stars for the Ed Sullivan show. Many hidden talents came forth when the curtain was raised. Just think, Mr. Rogers could have been on Broadway instead of coaching state championship tennis players.

Congratulations are in order for the winners of the Science Fair. They are: Grand Prize - Ronald Gayle; Life Science Division, 1st Place - (tie) Paula Crump and Paula Blount; 3rd Place - Joe St. Romain; 4th Place - Brad Crump; 5th Place Ruth Pierce; 6th Place - (Tie) Cheryl Gentry and Jet Wilmet; Physical Science Division 1st Place, Ronald Gayle; 2nd Place, Ron Craft; 3rd Place, Mike Murph; 4th and 5th (tie) Rickie Liles and Steve Lackey 6th Place, Brad Ancinec; Earth Science Division, 1st Place - Marvin Dearing; 2nd Place - Mandy Phillips; 3rd Place -- Rhonda Bearden; 4th Place -- Carol Carothers; 5th Place - Ken Altman; 6th Place - Teresa Sealy.

The cheerleaders for the 1971-1972 school year were also elected. The results are: 7th grade cheerleaders, Debbie Brian and Susan Stroup; 8th grade, Dana Willis and Helen Martinez; 9th grade, Anita Strickland, Lou Ann Fisher, Paula Blount and Jan Hanna.

Thirty-Nine Calves Weigh For Gain Contest

By Leo L. White, County Agricultural Agent

The beef calf gain contest got under way last Saturday, May 15, with 39 calves crossing the scales and more expected within the following two weeks. Nine head of the animals weighed last Saturday will not be eligible to compete in the 1972 Junior Livestock Show since each exhibitor is allowed to enter only two steers. The contest is sponsored by the Farmers and Ranchers Commission Company of Lubbock and they will furnish a trophy for the owner of the calf gaining the most pounds between the May weigh day and the weight-in time of the show. This year the gaining period will be 279 days.

Following is a list of prospective exhibitors along with the weights of their animals: Kathleen McGinty 585, 548, 426, 405, 236; Lynne Fitzgerald 514, 319, 166; Sam Rucker 512, 283; Glen Boomer 495, 412; Gwen Fitzgerald 492, 308, 124; Richard Sherrill 489, 228; Steve Crump 478; Brad Crump 427; Russell Sherrill 411, 298, 215; Dale Cleveland 377, 358, 295; Debbie Addison 328, 272, 241; Johna Gail Fitzgerald 318, 244; Paula Crump 311; Timmy Addison 294, 211, 205; Melinda Millsap 265, 206; Melonie Millsap 210; Mylonne Millsap 198; and Kim Stephens 147.

These calves are expected to gain about 600 pounds between now and the time of the show. Some of the better gainers will likely put on more than 700 lbs. during the 279 day feeding period. Weight limits at the show are between 700 pounds and 1150 pounds.

Farm Productivity Earns White House Salute

Texas farmers and ranchers helped earn national recognition in President Nixon's recent White House salute to agriculture, according to Clarence A. Danklefs, Texas farm program leader.

The President, in a unique tribute to agricultural achievement, said "Thanks to American Agriculture for making us the best fed, the best clothed people in America; thanks to American agriculture for providing the basic industry that is essential for any nation to be strong."

He cited specifically a 300 percent per man-hour productivity increase for agriculture in the last 20 years, comparing it with the 15 percent increase recorded by other American industry.

Danklefs, who is Chairman of the State Agricultural Stabilization and Conservation (ASC) Committee, said all Texans should recognize that this national salute to agriculture is a salute to Texas farmers as well as those in the other 49 states.

PRODUCERS IN TEXAS produce about 40 percent of the Nation's cotton, about 50 percent of the Nation's grain sorghum and about 20 percent of the Nation's rice. During the last 20 years the per-acre production on these crops has nearly doubled because of increased irrigation and improved cultural practices. Texans also contribute substantially to the Nation's supply of peanuts, wheat, vegetables, fruit and nuts.

"This is the kind of productivity the President was talking about when he said recent agricultural statistics are the most exciting, the most dramatic, of all American industry," Danklefs said.

"In our farm program agency, the Agricultural Stabilization and Conservation Service, here in Texas, we are of course most interested in the crops under the set-aside farm programs, (corn, grain sorghum, wheat, and cotton) those under marketing quota programs, (peanuts, rice, extra long staple cotton) plus crops which are eligible for the loan, principally (soybeans, barley, oats, rye, dry beans, flaxseed, etc.).

Some 83,000 cotton farms, 120,000 feed grain farms and 48,500 wheat farms in Texas are participating this year in the new market-oriented set-aside farm programs. Some of the restraints on production and kinds of crops which were imposed in previous years have been removed, as was noted by President Nixon recently in a national speech on agriculture; Danklefs said.

"The President told the Nation that American farmers have proven their ability to capitalize on new opportunities and can compete successfully whenever they have the chance to compete. Mr. Nixon said he is determined to see that agriculture has that chance," the ASC Committee Chairman said.

The White House salute to agriculture not only drew national attention to farming, but also served to concentrate efforts to better American agriculture's competitive position, according to Danklefs.

President Nixon told the salute to agriculture andience "It is a rule in a free society that whoever produces more than should be compensated for more. The income per capita of those who live on America's farms has gone up in the last 20 years. But in terms of sharing in this increased productivity, those who live on America's farms, those who produce from America's farms, have not had the rewa-

ards from increasing productivity that their colleagues who work in American industry have had for their increase in productivity.

"It is that problem that we have been addressing ourselves to. It is that problem in which, of course, we need cooperation among all branches of government, the administration, the Congress, and the farm community to see how we can see that America's farmers receive their fair share of a dramatically increasing productivity."

The focus on farming which was initiated May 2 with comments on agriculture by the President, broadcast nationwide, culminated in day-long activities of the White House salute to agriculture on Friday, May 7. A representative group of farm leaders heard addresses by the President, Secretary of Agriculture Clifford Hardin, Attorney General John N. Mitchell, Secretary of Housing and Urban Development George W. Romney and other government leaders.

Following these addresses and conferences with officials, the group was entertained at a dinner at the White House with President and Mrs. Nixon. Throughout the day, an exhibit on the White House lawn included modern farm machinery and equipment, plus purebred livestock.

Among those attending the day's activities were: Mr. and Mrs. E. G. Schuhart of Dallas, Member of the Federal Farm Credit Board; Mrs. W. A. Anthony, Jr., of Lubbock, President of the National Grain Sorghum Producers' Assn.; and Mr. and Mrs. John Butterbrodt of San Antonio, President, Associated Milk Producers, Inc.

Social Meeting Held For Teacher's Association

The Yoakum County Unit of the Texas State Teacher's Association met Monday evening, May 10th, at the Yoakum County Park for their annual "end of year" social. Underwood's Barbecue was enjoyed by all present. Entertainment was provided by Mr. Royce Aikin, Plains. During the brief business meeting, Mrs. Wayne Dobbins, chairman of the nominating committee, presented the slate of officers for the ensuing year. Mr. Jim Warren, president, adjourned the meeting.

GOOD LUCK

Keep Smiling... all the way.

Wilda Hancock Co. Treasurer

4-H Play Day Results

By Leo L. White, County Agricultural Agent

The first play day of the 1971 season was held Monday night, May 17, in the Rodeo Arena at Plains. This was the first in a series of six play days scheduled for the summer. Twenty 4-H boys and girls participated in the play day events. The Western Pleasure and Reining classes were judged by Oscar Henard.

Western Pleasure Results: Pee Wees: 1st Sam Bowers; 2nd Joy Morgan; 3rd, Guy Morgan; and 4th, Byron Merrill. Young Juniors: 1st, Tim Bowers; 2nd, Amanda Phillips; 3rd, Chris Winn; 4th, Melonie Millsap and 5th, Brady Phillips.

Juniors: 1st, Paula Blount; 2nd Melvin Dearing; and 3rd, Jena Altman. Seniors: 1st, Melinda Millsap; 2nd, Kathleen McGinty; 3rd, Denise Newsom; and 4th, Janalyn Lambeth.

Pole Bending Results: Pee Wees: 1st, Tim Bowers; 2nd, Joy Morgan, and 3rd Guy Morgan. Young Juniors: 1st, Tim Bowers; 2nd, Melonie Millsap; 3rd, Amanda Phillips; 4th, Marvin Dearing; and 5th, Brady Phillips.

Juniors: 1st, Paula Blount; 2nd Melvin Dearing; and 3rd, Jena Altman. Seniors: 1st, Janalyn Lambeth; 2nd, Guy Bouds; 3rd, Melinda Millsap; 4th, Kathleen McGinty and 5th, Denise Newsom.

Reining Results: Pee Wees: 1st, Sam Bowers. Young Juniors: 1st, Tim Bowers; 2nd, Chris Winn; 3rd, Brady Phillips; 4th, Amanda Phillips and 5th, Marvin Dearing.

Juniors: 1st, Melvin Dearing; 2nd, Paula Blount. Seniors: 1st, Denise Newsom; 2nd, Kathleen McGinty; 3rd, Melinda Millsap; 4th, Janalyn Lambeth.

Flag Race Results: Pee Wees: 1st, Joy Morgan; 2nd Sam Bowers; 3rd, Guy Morgan; and 4th, Byron Merrill.

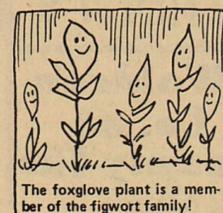

Young Juniors: 1st, Chris Winn; 2nd, Tim Bowers; 3rd, Brady Phillips; 4th, Melonie Millsap; and 5th, Mylonne Millsap. Juniors: 1st, Paula Blount; 2nd, Melvin Dearing; and 3rd, Jena Altman.

Seniors: 1st, Janalyn Lambeth; 2nd Melinda Millsap; 3rd, Kathleen McGinty; 4th, Guy Bouds; and 5th, Denise Newsom. Barrel Race Results: Pee Wees: 1st, Sam Bowers; 2nd Guy Morgan.

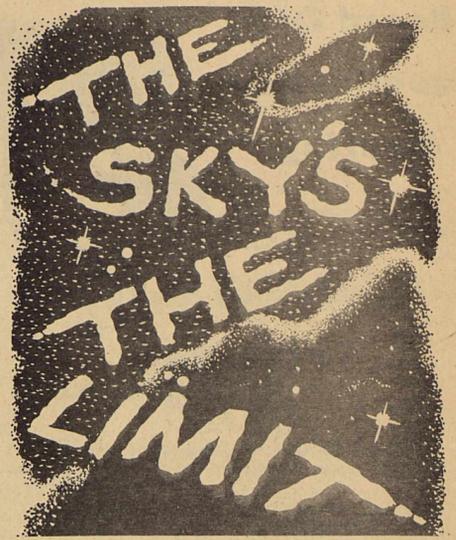

Young Juniors: 1st, Tim Bowers; 2nd, Chris Winn; 3rd, Amanda Phillips; 4th, Brady Phillips; & 5th, Marvin Dearing. Juniors: 1st, Melvin Dearing; & 2nd, Paula Blount. Seniors: 1st, Melinda Millsap; 2nd, Janalyn Lambeth; 3rd, Guy Bouds; 4th, Denise Newsom; and 5th, Kathleen McGinty.

The fastest pole bending time was made by Janalyn Lambeth with 24.64 seconds. Chris Winn had the fastest flag racing time with 11.12 seconds. In the barrel race the fastest time was turned in by Tim Bowers. His time was 20.79.

The next play day for Yoakum County will be June 7. They will want to come early for this play day in order to practice showing horses at halter. Some of them will be entering the invitational play day at Brownfield on June 12 and the one at Lamesa on June 19. The District 4-H Horse Show is to be held at Tullia on July 7. Yoakum County is allowed to take ten entries.

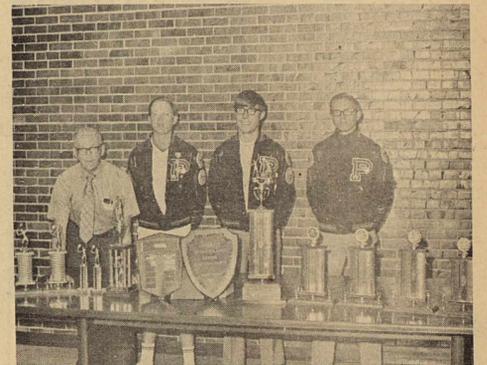

The foxglove plant is a member of the figwort family!

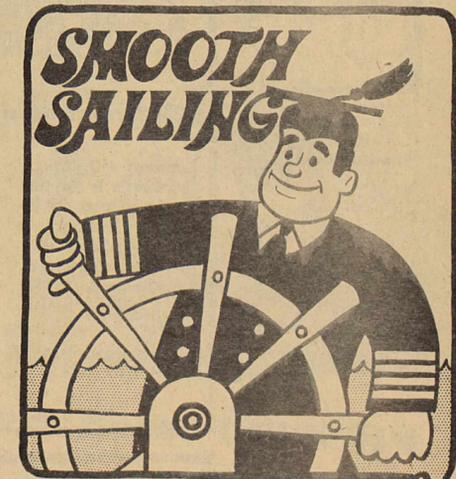

Take off for happy landings in the years ahead.

B & D FLYING SERVICE
Deryl Hobbs, Manager

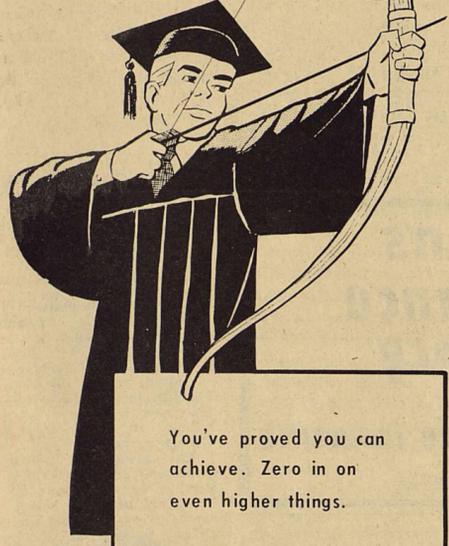

Plains has been very fortunate to have a group of boys and girls who are dedicated to the sport of tennis. This year they have gone all the way, even winning the State Championship. The tennis team has won thirteen trophies this year; twelve first place and one second place. The tennis team pictured above are left to right, Coach Mr. Rogers, Don Hillis, Earl Kreig, Ron Hillis and also Carolyn Whitley (not pictured).

THE FAMILY LAWYER

Profit on Your Home?

Every five years, assuming you are an Average American, you will give up one residence and move to another. If this involves selling your home, and if you make a profit, do you have to pay income tax on the amount of the gain?

Generally, no—provided that you buy another house within one year. The federal government will usually allow you a tax deferral, on the theory that the sale is not an ordinary business deal but a matter of personal necessity.

But in order to qualify for the tax deferral, you must fully meet the conditions that the law lays down. For example, your second house must be not only bought but actually occupied within the one-year limit.

In one case, a man moving to another city bought a house that needed remodeling. The work took considerable time, and his family was still living in a rented apartment by the time the year was up.

Nevertheless, he tried to get a tax deferral by arguing that at least his intentions were clear by the time of the deadline.

But a court turned him down. The judge said the law was based not on what a person intended to do but on what he did.

In another case, a man failed to buy a second house within the year solely because of a sudden illness. Was this an acceptable excuse? Again, a court said no. The court said the law "is unambiguous and leaves no room for interpretation because of unfortunate circumstances," adding: "We are powerless to rewrite the statute."

What if you decide to build a new house, instead of buying one already in existence? In that case, the law does give you an extra six months' leeway, so long as you have at least started construction within the 12-month period.

One would-be builder bought a lot, arranged a loan, and obtained a building permit—all within the year. But actual work on the house had not yet begun. Had he started "construction" in time to qualify for the tax deferral?

Yes. The Treasury decided that, with so many tangible steps already taken, it could not fairly turn him down.

ROBERT GRAHAM, AGENT

SAUSAGE CASSEROLE

- 1 lb. sausages (pork links, Spanish or Italian sausages)
- 4 tbsp. butter
- 1 cup chopped onions
- 1 cup chopped green peppers
- 1 cup diced celery
- 2 (10 1/2 oz.) cans chicken broth, heated to boiling
- 1 1/4 cups uncooked rice
- 1/4 cup sherry wine
- 1/2 tsp. salt
- 1/4 tsp. pepper

Cut sausages in 2-inch pieces and brown in skillet. Remove sausage, pour off fat. Melt butter in skillet, saute onions, pepper and celery for five to seven minutes, stirring until lightly browned. In 2-quart buttered casserole, mix together the sauteed vegetables, sausages, rice, sherry, broth, salt and pepper. Cover and bake in oven 1 hour at 325 degree (until rice is tender and dry). Makes 4 to 6 servings.
