'Home of the Cowboys & Cowgirls'

From The Superintendent's Desk

Dean Andrews

As you read this article, our students and staff are enjoying the Christmas vacation from school. This is a very good time for all with teachers, students and staff being able to spend time with family members and friends during this holiday season.

I would like to reflect upon 1989 and upon the accomplishments of our students during this past year. This year our T.E.A.M.S. scores improved overall above those of last year, and the district exceeded the state average in all grades except two. Those two grades were within three percentage points of the state average.

Our students competed very well in all academic areas. Plains High School won the state championship in Team Number Sense, Science, and Team Calculator contests. Our band received the honor of top concert band in Class A., and one of our band students received a Division I rating in the state vocal contest. The Industrial Technology classes earned fifteen first division places at the state contest and in athletics we were district champions in boys cross country, football, girls golf and tennis. Plains Schools had individual representation at the regional tournaments in golf, tennis and track. We also had two boys to participate in the state tennis tourney. Our band won the district marching contest and finished third in the regional marching contest. Plains High School volleyball team won their second consecutive (and thirteenth in all) state championship.

We have had outstanding success in 1989 in both academic and athletics. We are excited about the prospects for an even more successful 1990.

Orange-Cranberry Coffee Cake Adds Flavor To The Holidays

The holiday season is a hectic one. Family and friends gather for the holidays and you may find yourself in charge of preparing a holiday brunch. Why not ease the pressure by preparing a simple and easy seasonal brunch recipe: Orange-Cranberry Coffee Cake.

Bisquick baking mix makes the coffee cake easy to prepare. Cranberries, orange peel and sugar are just a few of the delicious ingredients added to the batter for a sweet, yet refreshing, taste. Fresh fruit, hot coffee and chilled fruit juices round out this special holiday brunch.

ORANGE-CRANBERRY COFFEE CAKE

- 2 cups Bisquick baking mix
- 1/2 cup milk
- 2 tbsp sugar
- 2 tbsp vegetable oil
- 2 tsp grated orange peel
- 1 egg
- 3/4 cup chopped cranberries
- 1/2 cup sugar
- 1 tbsp grated orange peel
- 1 tbsp margarine or butter, melted

Heat oven to 375°. Grease square pan, 9x9x2". Stir baking mix, milk, 2 tbsp sugar, the oil, 2 tsp orange peel and the egg; beat vigorously 30 seconds. Gently stir in cranberries. Spread batter in pan. Mix 1/2 cup sugar, 1 tbsp orange peel and the margarine; sprinkle evenly over batter. Bake 20 to 25 minutes or until golden brown. Serve warm. 9 servings.

High Altitude Directions (3500 to 6500 ft): Heat oven to 425°. Stir 2 tbsp all-purpose flour into baking mix. Increase milk to 1/2 cup plus 1 tbsp. Bake 15 to 20 min.

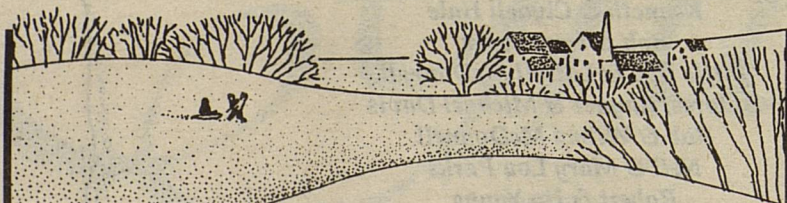

Bisquick® is a Reg. T.M. of General Mills, Inc.

Computer Course Offered In Cash Record Keeping

The 1980s have been a turbulent period for agriculture. As producers look for ways to stabilize their farm business profitability in the 1990s, they should consider improving their record keeping system, according to Kirk Lewis, County Extension Agent, with the Texas Agricultural Extension Service.

A new category of record keeping software is making it much less expensive to use a computerized record keeping system, by Dr. Jackie Smith, the Extension Service economist.

"Programs are available for less than \$50 that will keep cash records, print checks, and generate income and expense reports for the whole farm or by enterprise. Quicken 3, by Intuit, is one of these checkbook-based, user-friendly programs that is rapidly gaining popularity in the South Plains.

The Extension Service, in cooperation with South Plains College, is sponsoring a short course on Quicken at the college campus in Levelland Jan. 10-12. The three-day course will use a case study to introduce the program and its many features.

It will be held from 9 a.m. until 4 p.m. the first two days and from 9 a.m. until 2 p.m. the final day.

Topics will include benefits of record keeping to make profitable production and marketing decisions; setting up enterprise classes, and income and expense categories; making entries; printing checks, and producing reports. Speeding the entry of repetitive transactions and other shortcuts, and interfacing with Lotus 1-2-3 also will be covered.

Enrollment will be limited to 20 to ensure hands-on participation. The fee of 125 will include a copy of the Quicken 3 disks and manual, a course notebook and three meals. For those who already own Quicken and bring it to use in the course, the fee will be only \$100.

Additional information is available from the Yoakum County Extension Office or by telephoning Dr. Jackie Smith at the Texas A & M University Agricultural Research and Extension Center in Lubbock, (806) 746-6101.

Methodist Church Presents Program

First United Methodist Church presented a Christmas program Sunday Dec. 17 at 6 p.m.

Youth of the church enacted the Christmas Story, the birth of Jesus and the arrival of the wise men and shepherds. Youth choirs also participated.

Following the program a fellowship was held with sandwiches, dips, chips and drinks being served.

Special highlight of the evening was a large birthday cake with "Happy Birthday, Jesus" and featuring a nativity scene. Happy Birthday was sung by everyone present.

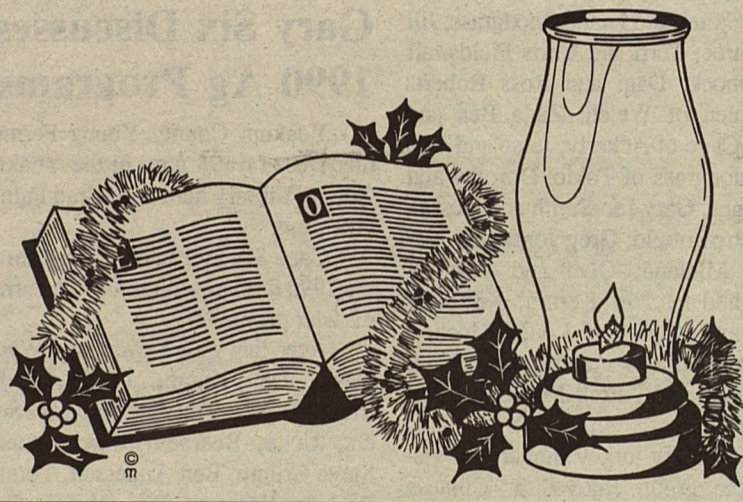

Glory to God in the highest, and on earth peace, good will toward men.
