## Peanut Contracts Due Sept. 13

Jerry Harris, Chairman of the Texas State ASCS Committee, reminds peanut producers and handlers, that contracts drawn up to sell 1991-crop additional peanuts for export or crushing must be filed by September 13. Additional peanuts are those grown in excess of the farm's poundage quota or on a farm that does not have a poundage quota.

"Peanut producers and handlers are responsible for contract agreements," Harris said, "and they should examine the documents closely before signing to assure that they are correct in all respects."

Peanut contracts submitted to ASCS for approval must contain certain specific information. Producers and handlers who are unfamiliar with the required information may contact the Yoakum County ASCS Office for assistance. In addition to the required information, Harris said other items may be included; however, such items may not negate any of the required contract provisions.

"In the event of a contract dispute, our approval of the con-

tract does not constitute a determination of the respective rights and obligations of the handler and producer," ASCS official Harris said.

Peanut producers and handlers who have entered into contracts must submit the contracts to each respective contracting producer's local ASCS office by the September 13 deadline.

## School Board Hires Teacher

Plains ISD unanimously voted to propose a local rate of \$.2376/\$100 tax value. Further information concerning the tax rate may be found on pages four and five of this paper.

The board will meet at noon Friday, Sept. 13 in the board room to take a final vote on the proposed rate.

## NOTICE TO PLAINS I.S.D. TAXPAYERS

The 1991 Texas Legislature passed into law S.B. 351 which creates another taxing authority called the County Education District or CED. The CED is required to tax at a minimum rate of 72 cents per \$100 value in each local school district. The CED to which Plains I.S.D. has been assigned is comprised of 26 school districts within Yoakum, Gaines, Terry, Lynn, Dawson, Borden, and Lubbock counties. County Education District # 6 (CED # 6) has set its tax rate at \$.7820 per \$100 value. This amount of your tax dollars will be sent to the CED in Lubbock and distributed among these 26 school districts based on numbers of students enrolled.

To maintain the quality of education and programs for Plains I.S.D. students an additional \$.2376 per \$100 value will be needed for operation of the school district.

We do not have any control of the tax rate set by CED # 6. It is set by the legislature and the CED board of which we have only one member of the 26 total membership.

Our only prerogative is to set the local rate or enrichment rate for our district. We have chosen to set this rate to try to maintain the level of services that Plains has enjoyed in previous years. Because of our mineral value we are able to accomplish this while continuing to have one of the lowest tax rates in the South Plains and perhaps all of Texas.

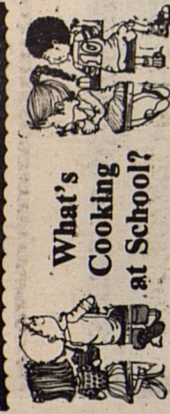

Thank you,  
Plains I.S.D.  
Board of Education

## NOTICE OF COMPARABLE TAX RATES AND REVENUES

The legislature has enacted a statute on school funding to comply with a court mandate enforcing the state constitution. Under prior statutes (SB 1) the tax rate for last year provides \$6895 per student in state and local revenues. Under this statute (SB 351) that same rate now provides \$4249 per student and local revenues.

State law only requires a minimum tax rate of \$.7820 for county education districts. State law does not require a school district to adopt additional taxes. Neither does state law require a school district to adopt a tax rate that maximizes the receipt of state funds.

The board of trustees of the Plains Independent School District hereby gives notice that it is considering the adoption of a tax rate of .2376 that will provide \$7903 per student in state and local revenues.

Junior Varsity lost 10-5 14-16 Tuesday evening to Snyder. Kara Holder, Jennifer Cowart and Rhonda Cowart combined for 6 kills in the Cowgirl offensive effort. Kara had 8 service points. Shandy Willett and Andrea Salas had 5 each.

The statement printed alongside this ad is a statement required under the "Truth in Taxation" laws of the state. We have no opportunity to explain the figures in the statement. It must be published as is with the figures supplied by the state.

In order to help you understand the figures in the adjoining ad we are printing this explanation.

The figure \$6895 is the amount we reported to the Texas Education Agency last year as our per student revenue. Our actual expenditure was closer to \$9000 per student. This was due to the fact that we have chosen over the last few years to have deficit budgets in order to deplete our fund or carryover balance. From time to time the legislature has threatened to take this "savings" account and either share it with others or force us to spend it before we were entitled to any other funds.

The figure \$.7820 is the tax rate set by the County Education District board. This is a tax set by the state legislature to capture funds from wealthy districts like ours and share the money with poorer districts. Our lawsuit challenging the constitutionality of this law is now before the Supreme Court of Texas.

The figure \$4249 is the minimum amount of revenue allowed for operation of Texas schools.

The \$.2376 is the local tax rate. This rate is our enrichment or equalization rate. This will allow our district to continue as it has in the past.

The \$7903 is our actual budgeted revenue and expenditure per pupil for 1991-92. This figure is considerably lower than our 1990-91 expenditure figure.

For more information, please call the Plains School Administration offices at 456-7401.

**NOTICE TO LIVESTOCK OWNERS**

ALL BRANDS AND MARKS ON TEXAS LIVESTOCK MUST BE RERECORDED WITH COUNTY CLERKS WITHIN SIX MONTHS OF AUGUST 30, 1991 ACCORDING TO ARTICLE 6899j, VERNON'S TEXAS CIVIL STATUTES. (September 2, 1991 thru February 28, 1992)

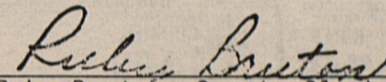

The owner shall have the right during this six-month period to file the brand and marks now recorded in his name. After this time any unrecorded brand will be available for use on a "first-come" basis.

It should be noted that it is illegal to brand livestock without first properly recording the brand with the County Clerk in the county in which the livestock are held.

When the brand or brands are recorded, the location on the animal on which the brand is to be applied must be designated. If the brand is to be applied to more than one location on the animal, it must be recorded and each additional location for the brand on the animal shall constitute a separate recording of that brand.

There is no limit to the number of brands and/or marks which may be recorded in a county by a person as long as requirements of this law governing the recording and rerecording of livestock brands are met. Minors may have marks or brands separate from that of the father or guardian, which must be recorded or rerecorded as provided by the law.

The fee for each separate recording of brand is \$5.00.

**Revised Notice of Effective Tax Rate for the Sandy Land Underground Water Conservation District**  
**1991 Property Tax Rates in Yoakum County**

This notice concerns Sandy Land property tax rates for 1991. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

**Last year's tax rate:**

Last year's operating taxes	\$	311,789.35
Last year's debt taxes	\$	0.00
Last year's total taxes	\$	311,789.35
Last year's tax base	\$	3,117,893,510.00
Last year's total tax rate	\$	.01/\$100

**This year's effective tax rate:**

Last year's adjusted taxes (after subtracting taxes on lost property)	\$	311,789.35
÷ This year's adjusted tax base (after subtracting value of new property)	\$	2,989,136,665.00
= This year's effective tax rate	\$	.010400/\$100
× 1.03 = maximum rate unless unit publishes notices and holds hearing	\$	.010712/\$100

**This year's rollback tax rate:**

Last year's adjusted operating taxes (after subtracting taxes on lost property)	\$	311,789.35
÷ This year's adjusted tax base	\$	2,989,136,665.00
= This year's effective operating rate	\$	.010400/\$100
- .72 for school district (or zero)	\$	0.00
× 1.08 (or add \$.08 for schools) = this year's maximum operating rate	\$	.011232/\$100
+ This year's debt rate	\$	0 /\$100
= This year's rollback rate	\$	.011232 /\$100

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at the Sandy Land Underground Water Conservation District's office, located at 1012 Avenue F, Plains, Texas.
