23-8 at halftime, and finished them off 40-27. Kyley Bearden led her team for the second game in a row with 16 points. Robin Squyres contributed 12 points to the win. Bridget Bernal had six, Tessa St. Romain made four and Kristy McClure had two points.

The Eighth Graders traveled to Ropes on Monday, Dec. 7, to face their Junior High team. They met little opposition and racked up their third victory 39-16. The Plains defense held Ropes to four points at halftime and did not allow a point in the second quarter. Kyley turned an ankle late in the first quarter and Robin Squyres stepped up and led the scoring with 19 points. Tessa St. Romain and Bridget Bernal each added seven points to the effort. Samantha Blake had four and Sonia Avila finished with two points.

The next game set in Anton on Dec. 14 was cancelled due to the ice storm. This would have been the last game before the holiday break. This gave the girls four weeks until their next contest.

The next game was special to the 8th Grade Girls. The opponent was their old rival Whiteface, the only team to defeat the girls as seventh graders last season against a combined seventh and eighth grade team. Revenge was sweet in '93, Plains won a decisive victory 35-22 at home. Bridget Bernal led the Wranglers with 10 points. Kyley Bearden scored nine while Robin Squyres and Tessa St. Romain each contributed seven points. Mary Morales hit two points to complete the scoring. Whiteface was undefeated until they came to Plains.

On Monday, Jan. 11, the girls will go up against O'Donnell in Plains.

This will be a re-match of the season opener, which Plains won 39-22.

## Extension Homemakers Club Learns 'Pluses Of Pasta

Joan Chandler, Yoakum County Extension Agent, presented a program on Pasta for members of Turner Extension Homemakers Club recently.

"Pasta is good for you," explained Ms. Chandler. She noted that pasta is seventy-four percent complex carbohydrates with very little fat or sodium content. It offers ten percent of the recommended daily allowance of thiamin, niacin, riboflavin, protein and iron.

Ms. Chandler commented that pasta comes in a variety of shapes and colors including spaghetti, noodles, macaroni and more. It may be found shaped as bow ties, alphabet letters, fans, wheels, spirals and more.

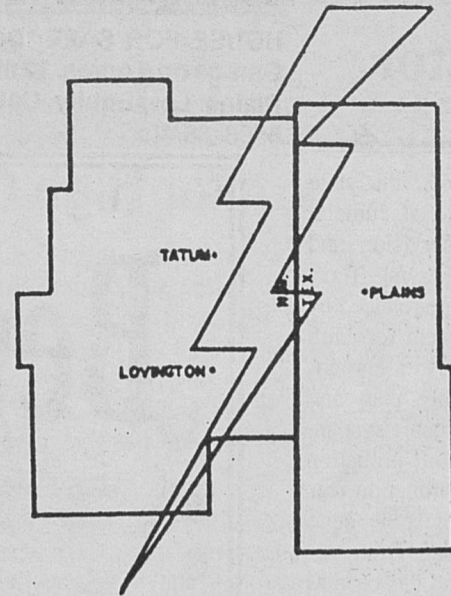

Explaining that pasta blends with many foods, Ms. Chandler demonstrated two pasta dishes.

During the business session, it was announced that the club purchased a book for each student in Plains Elementary School as a Christmas gift.

Bea Pippin distributed patterns she had made of items produced for the Holiday Gift Show last November.

Attending were Jerri Lollar, Emily Bolling, Reta Mae Snodgrass, Romalee Elmore, Gloria Lane, Dorothy Jones, Maurine Smith and Bitsey Martin.

New yearbooks are to be distributed at the January club meeting in the home of Mrs. Smith.

Sunshine is free, it's clean & it's in infinite supply. It can provide us with hot water, space heating, cooling & electricity. The initial cost for generating electricity is high, though, backup systems are necessary & large land areas are needed. Perhaps future technologies will change this.

## Dear Editor

For Fiscal Year 1992, the state funds allocated to the 121st Judicial District Community Supervision and Corrections Department serving Terry and Yoakum Counties were reduced by \$20,000. The funding system for adult probation is not designed to allow administrators to responsibly plan and operate such a vital local system. Funding for the local adult probation systems is derived from probation fees paid by the probationer, some state funds, and interest earned from accounts. Probation fees paid has been as high as 70% of the annual operating budget, but with the local economic depression, probation fees has contributed about 50% to the operation of the local adult probation department.

As noted from information coming from Austin and other informed sources, I have great concern about several new proposals. One that concerns my department is the ending of the state parole system. As I understand the proposals from the Texas Punishment Standards Commission, Adult Probation will assume more local supervision of offenders coming from the state penitentiary thereby replacing the state parole officer. From the state position, this would eliminate these state employees from the state budget, thereby reflecting a savings in state salary. My fear is that local adult probation systems will be expected to expand staff (with ex-parole officers), and be funded "\$2 to do a \$10 job". Then when the local system cannot perform the expected "\$10 Job", then the local system will be faulted. This is typical of most state mandated laws...issuing mandates without adequate funds.

Exciting times are ahead if one enjoys immense opportunity in the criminal justice system.
