Sunshine Club Met Tuesday

The Sunshine Club met in the home of Mrs. Will Ussery on Sept. 27 with 15 members present. We were glad to have Mrs. Stacks of Fort Worth back with us.

The session was opened with a prayer by the president, Mrs. Bernice Gilbert and the club song, "Blest Be The Tie That Binds" was sung by the group. Prayer for divine guidance through the year was led by Mrs. Clark.

Minutes of the last meeting and treasurers report was given by the sec-treas., Mrs. Ramsey, and accepted. Several cards of thanks were read, also cards sent to several sick and shut-ins.

A committee was appointed by the president to select a gift for a shut-in member. A poem of the year 1785 was read by Mrs. Bernice Gilbert. Several interesting games were enjoyed. Each member gave the most outstanding thing they had done through the summer which proved to be very interesting.

The club met with Mrs. Wade Clark October 18.

MYF Elects New Officers

The young people of the Methodist Church of Carbon had a planning and election meeting last Sunday. New officers for the coming year are:

President; Ann Mangum, vice-president and social chairman; Madeline Justice, secretary; Nancy Norris, treasurer; Rosemary Berry.

The program planned for October 2, at 6:30 p. m. is "How About A Date," film and discussion. Printed programs are being prepared for the rest of October.

WSCS Meets

The WSCS of the Methodist Church met last Monday with John Nelson Betts and family.

The theme of the whole year of the WSCS is "That The Kingdom May Be Realized" and this month will be "To The End of The Earth."

The next meeting will be Monday, Oct. 3. Mrs. W. R. Ussery will be in charge of the program with Mrs. W. J. Greer leading the devotional and Mrs. Grover Hallmark and Mrs. Jimmy Hughes on the program.

FHA News

The FHA Chapter had their first meeting Sept 12 and elected the following officers:

President; Nancy Norris, 1st vice president; Reba Campbell, 2nd vice president; Marcell Underwood, secretary; Wanda Payne treasurer; Ann Mangum, reporter Jo Holleman.

They discussed their plans on going to the Fair.

Their second meeting was held Sept. 23. More plans were made concerning their trip to the Fair. Refreshments were served and the meeting was adjourned.

The Carbon Wolverines defeated the Gustine Tigers 18 to 7 last Thursday night on the local field. This makes two wins in a row for our boys.

In the first quarter a pass from Little to Cook was good for the first Wolverine TD. The point after was missed. Wilingham a speedy halfback for the Tigers, took the ball on the kick-off and scampered 70 yards for the TD and Adecock made the extra point and the quarter ended 7-6 with Gustine leading.

In the second quarter Little made the second TD for Carbon with a 5-yard drive. Point after was missed, the half ending 12-7, Carbon leading.

During the fourth quarter Duggan recovered a Gustine fumble on about the 30 yard line that set up the final TD of the game. It was a pass from Little to Hays. Extra point was missed.

Guy, Cook, Little, Clower, Brown, Duggan, Hays, Phelps, Wyatt and Morgan all played a good game of ball both offensive and defensive.

The Wolverines meet Sidney on the local field tonight, Thursday. Sidney has a strong team and a close game is anticipated.

Carbon Boy's Gift Wins Show

Kenneth Taylor, local 4-H boy, showed his Sears gift to the No. 1 place in the annual Eastland County Sears Swine Show held Saturday at the Eastland show Barn.

Kenneth will now take his gift to the district show to be held at Breckenridge Saturday, Oct. 1. The district show is for the champion gilts from Palo Pinto, Stephens, Young, Throckmorton, Jack and Eastland counties.

Kenneth won \$8 on his gilt.

William Mudoon was known as the father of American wrestling.

Medical Science Offers New Hope In Heart Trouble

AUSTIN, Sept. 15. — There is hope on the horizon for the thousands of Texans who are suffering from heart disease, says Dr. Henry A. Holle, Commissioner of Health. Such tremendous advances have been made by medical science that some forms of heart disease, once incurable, can now be effectively remedied. Eventually a way will be found to prevent some forms of heart disease.

Heart disease is the leading cause of death in Texas. Last year 20,211 Texans died of diseases of the heart, 31 per cent of all deaths. There are 21 known types of heart trouble, but the three major types are rheumatic heart disease, high blood pressure and coronary heart disease.

Rheumatic heart disease is the damage done to the heart valves by rheumatic fever. Rheumatic fever is a disease of children and young adults, and often follows a "strep throat" or some other streptococcus infection. Medical science has given us new and better ways of treating these infections. As a result fewer hearts are being damaged and fewer persons are dying from rheumatic fever. With modern medicine, doctors can, if given a chance, prevent rheumatic fever by curing strep infections in the early stages.

Doctors do not know all the causes of high blood pressure, or hypertension as it is sometimes called. Sometimes it is caused by kidney disease, and sometimes by hardening of the arteries, nervousness, and overactive thyroid gland, or excessive weight. If a person with high blood pressure follows his doctor's advice, he may live happily and busily to old age. To hold down his blood pressure he must watch his weight, not work too hard or play too hard, and follow closely any special instructions of his physician, as to diet and other matters.

Many people think, mistakenly, that nothing can be done for coronary heart disease, the greatest heart killer from middle age onward. It is a disease of the arteries which supply blood to the heart muscle itself. These arteries may become hard and thick, allowing less blood to get to the heart muscle to nourish it. A much more serious condition, coronary thrombosis, develops when a clot forms in a thickened artery cutting off the blood flow. With proper treatment and rest, however, a person may recover completely.

According to Dr. Holle, work in the prevention of heart disease is moving ahead on many fronts. So far, medical science has been unable to prevent high blood pressure and coronary heart trouble, but has found ways of treating their aftereffects. But such treatment is allowing many persons to enjoy many years of added life.

Mrs. Schaefer Named President Of HD Club

Mrs. Dora Schaefer was elected president of the Pleasant Hill Home Demonstration Club at its regular meeting Thursday afternoon at the home of Mrs. Willie Hines.

Other officers elected were vice president, Mrs. Virgie Hale; council delegate, Mrs. Belah Tucker; secretary-treasurer, Mrs. Nettie Berry; and reporter, Mrs. Alice Goor.

The business session was called to order by the president and the club motto, pledge, and prayer were repeated in unison. Roll call was answered with helpful hints and the council report was given by Mrs. Berry. A discussion followed on the pecan and baked good show to be held in December.

Mrs. Hale presented the lesson on "Check Your Fire Hazards." Cards were sent to sick friends and the meeting adjourned.

Refreshments were served at the close of the meeting to Mesdames Dore Schaefer, Virgie Hale, Nettie Berry, Alice Gorr, Lorena Simpson and Paula, Mollie Medford, Willie Hines, and a guest, Edna Fay Harris.

Committee Will Nominate Farm Bureau Officers

A nominating committee composed of C. L. Rodgers of Kokomo, Clyde Coates of Cisco and Herman Schaefer of Nimrod was named Thursday night, Sept. 15, at a directors meeting of the Eastland County Farm Bureau in Eastland at the Christian Church Annex.

Mitchell Campbell, president of the farm bureau, made the appointments. The committee will submit a list of nominees to fill the expired terms of several directors of the county group.

Local, state and national issues which were discussed at a recent policy development meeting in Brownwood were reviewed by Mr. Campbell and Ray Norris who attended the meeting. John Love, chairman of the resolutions committee, also reminded the group that now is the time for resolutions to be drafted and into the hands of the committee in the near future.

Miss Janis Little, queen of the county bureau, gave a talk that she presented at a recent district 7 elimination event in Abilene. Mrs. Andy Taylor presented two comedy numbers. Coffee and doughnuts were served at the close of the meeting to 14 directors and members of their families and visitors.

ASC Cover Crop Program Worked Out For County

The 1955 fall cover crop program has been working out by the Eastland County Agricultural Stabilization and Conservation Committee (formerly the PMA), according to an announcement by Emmett E. Powell, office manager.

There will be two types of cover crops this fall - one for straight rye and another for vetch and small grains mixed.

Mr. Powell explained that the straight rye practice was applicable only to cropland which is susceptible to serious wind erosion. None of the growth may be harvested for hay or seed, however, grazing consistent with good management will be permitted provided a good cover is maintained through the blow season or until the land is prepared for a spring crop.

Rye should be seeded at the rate of 40 pounds per acre, and must be seeded at not less than 30 pounds per acre. The ASC will contribute \$1.25 per acre to the practice cost.

In the planting of the vetch and small grain mixed, the ASC will contribute to the cost at the rate of 4¢ to 10¢ per pound, depending on the type of seed planted. Legume seed should be inoculated and be seeded not later than Nov. 30, and the crop must be left on the land until April 15, unless it has been inspected by a representative of the ASC.

Those interested in either of the practices was invited to contact the ASC office and secure approval before starting the practice.
