"Take care of the Cents and the Dollars will take care of themselves," is an old but true adage and one followed by

Brin's One Price Cash Dry Goods House.

Same Goods
For Less
Money.

We have received a large quantity of Bright New One Cent Pieces direct from the mint and from now on will make exact change. In Arkansas the state senate requires that every dram drinker pay an annual license of \$5.00.

The newspapers of the west are making it interesting for our esteemed land Commissioner.

The Ft. Worth and Rio Grande railway has definitely decided to extend from Brownwood to Brady, a distance of 50 miles.

Lots of newspapers are kicking at the investment of local capital in Beaumont oil stock. There's plenty of good argument on the side of the newspapers, too.

Don't put a paper back in the postoffice marked "refused" unless the subscription has been paid up to that time. Its against the postal laws and is a finable offense. Besides it isn't manly anyway.

Don't borrow your neighbor's paper. If you are not able to spend less than two cents a week for your local paper the Banner-Leader will take pleasure in presenting you a year's subscription. Call at the office.

The El Paso News in commenting on the oil gushers at Beaumont says that nothing less than a 30,000 barrel oil well would compensate a man for living where mosquitos are as large as burros. Those who have spent a day in Beaumont in the summer can appreciate the statement thoroughly.

The Prison Mirror, published in the Minnesota penitentiary, says: "Why is it that from the first inception of our paper until the present time we have never had an editor to sojourn in our midst? Other professions have been well represented. Of preachers we have had enough to furnish subsistence to an African chief for a year; doctors in sufficient numbers to depopulate a state, and enough lawyers to establish a good sized colony in Hades. But editors—not one."

Many people suffer untold tortures from piles, because of the popular impression that they can not be cured. Fabler's Buckeye Pile Ointment will cure them. It has met with absolute success. Price 50 cts in bottles, tubes 75c. At E. D. Walker's Drug Store. 4

Oh say, Hubby, please send me up a sack of LIVE AK FL UR too from the Miller Mercantile Co. That is the Best.

Old papers—20cts per 100.

The Odd Fellows gave an anniversary picnic at Robert Lee the 26th.

The farmer who plants hogs will have money when the farmer who depends solely on cotton will be short on change.

Snakes in Abilene are at a premium, one man offering to pay 20 cents a pound for them. Taylor county snakes must be something extra.

The Blanket Mystery has changed in form, name and type and now appears as the Blanquette Gazette, but retains as editor Mr. Geo. F. Kornegay.

The Santa Anna News force in commenting on the recent cold spell said they felt as if they were "camped on the borders of the arctic regions and ten miles from fuel."

The grand jury found a bill against Eb Kelly for selling malt tonic in Paint Rock, and in default of a \$100 bond was remanded to San Angelo to await trial here at the November term of district court.—Concho Herald.

The counties of Brown, Coleman and McCulloch have united on the summer normal question and Santa Anna is the place selected for holding it. The faculty will be composed of A. W. Hall, of Coleman, Conductor; J. W. Marr, of Brownwood; W. M. Ellis, of Brady; McDonald, of Blanket, and W. Z. Champion, of Santa Anna.

The actual settler would be just as thankful to Mr. Willingham, from the information we have, if he would "lay low" and not further protest against the land bill passed. They say a "half loaf is better than no loaf at all," and seem tolerably well satisfied. On the other hand the stockmen are very reasonable and are not kicking at the bill. It seems that it is a very good compromise, and everybody seems satisfied but the judge.—Menard Enterprise.

Satisfaction Guaranteed.

Send your laundry to the Brownwood Steam Laundry. Basket leaves Tuesday night and returns Saturday mornings. Work called for and delivered. Leave orders at Lee & Pike's "Up-to-date" Barber Shop.

The Banner-Leader Printed 'em.

Prof. C. J. Finger's concert at Ballinger was a huge success. The court house was crowded to overflowing with an enthusiastic audience. It is wonderful to reflect upon the progress of the west when a program containing such advanced amusements could be offered. Several San Angelo folks went over and came back enthusiastic. The program was well printed and arranged, being in fact a fine specimen of typographical art.—Press.

'Tis Not True.

Editor Geo. F. Kornegay, of the Blanquette Gazette, is the father of two bright, blue-eyed boys, born the 18th of this month. It may be merely a coincidence but the previous week George had advertised for a devil.

There is no other medium in the world like the newspaper for all kinds of legitimate advertising. Newspaper advertising costs less and has a more general and wider effect than any other. It commands for the advertiser a larger and better patronage than any other. Such has been the world wide experience and such is the evidence of all who have made the greatest successes in advertising.—Gonzales Inquirer.

BAD COLDS.

Quinine is 10 years behind. Colds do not now have to be endured. Mendel's Dynamic Tabules (called dynamic from their energy) crowd a week's ordinary treatment into 12 hours and abort the worst of colds over night.

"It was the worst case of grip I ever had. A half dozen friends had sure cures. Still it hung on. Heard of the Dynamic Tabules. To my amazement they stopped both cold and cough the first night. I endorse and recommend them to the people." Arclay Henley, Ex member Congress and Attorney, 101 Sansome Street, San Francisco. July 7, 1900.

"Winter colds have always been serious things to me. They are hard and stay for months. At the last was stopped suddenly by Mendel's Dynamic Tabules. Both cough and cold disappeared in a couple of days. Nothing else does this for me." Mrs. Emma L. Hollin, 14 Moss St., San Francisco. Aug. 6, 1900.

"I live across the street from where Mendel's Dynamic Tabules are made. That is how I first took them. They stop colds without notice. I took a dozen boxes with me for myself and friends when I went to Nome." H. L. Van Winkle, Capitalist, 3017 Washington Street, San Francisco. Aug. 10, 1900.

Moving to Runnels County.

Quite a number of both old and young of our city and surrounding country gathered at the home of Mr. and Mrs. W. R. Sadler Tuesday night to have one more of those good old times, and to say goodbye to those good old friends of young people.

Mr. and Mrs. Sadler seemed to feel that they were young again for they did all in their power, and they know just exactly how to make young people enjoy themselves. And with the assistance of Mr. Lee and Miss Etna, those present pronounce the occasion as one of the most enjoyable they have attended.

But along in the wee small hours the time came for saying "goodbye. And it is useless to say that every eye in that, just a few minutes ago, jolly crowd was moistened with a tear, for to say goodbye to Mr. and Mrs. Sadler meant we are to lose some of May's best people who have been here for thirteen years and have always been classed as friends and who have a home where young people are welcomed. And Misses Etna and Willie and Ler are the centers of our social circle and we feel that their vacancy cannot be easily filled.

To the family we say goodbye, and trust they will be pleased with their Western home, but hope they will, like many others, say, "there is no place like May," and come back.—May Enterprise.

As the hot weather of summer is approaching this paper will constantly keep before its readers Techina, a remedy which, where known, is being universally used to prevent and counteract the effects of warm weather upon small children, and it is hoped that all mothers of this community will keep their children in a healthful condition by giving it, for it costs only 25 cents at druggists; or mail 25 cents to C. J. Moffett, M. D., St. Louis, Mo.

Dr. Julian Herndon of Miles attended church in Ballinger Sunday night.

Thos. Lilly returned Sunday from an extended trip out west. He will locate in Runnels county.—May Enterprise.

Warren & Evans, of Robert Lee, have contracted to carry the daily mail to and fro between Ballinger and Robert Lee for the next two years.

Rev. D. M. West, pastor of the Baptist church at Ballinger and Santa Anna, has purchased the Santa Anna News. The first issue under his management is up to the standard.

C. R. Crews and wife attended the revival, in progress at Santa Anna, Sunday night. The meeting was under the guidance of Rev. Sanders, well known to Ballinger church goers.

Miss Mae Harris, of this city, has recently assisted in concerts at Santa Anna and Brownwood. She is winning quite an enviable reputation with her violin, for one so young. Her selections always meet with hearty encores.

W. J. Miller returned this week from a trip to Beeville where he interested himself in the formation of an oil company to prospect near Beaumont. This company started with a capital of \$25,000, bought 53 acres and have already been offered \$100,000 for their purchase.

The protracted services, advertised through press and from pulpit, began at the Methodist church Saturday night with Rev. Murray Morphis, of Georgetown, as leader. The interest has increased as the meeting progressed. Rev. Morphis is a practical preacher of power.

Fannie Hill's vaudeville troupe was in Coleman last night, and every lodge in town had a called meeting that same night—or at least that's what the married men told their wives.

Judge Willingham, of Ballinger, seems to have stuck things "gwine and coming" during the present session of the legislature, and to have struck snags both ways.—Brownwood Bulletin.

The musicale given in Brownwood Friday night of last week by Prof. Haberkorn, of Ballinger, was highly complimented by the press of that city. Miss Mae Harris met with an especially cordial reception, winning the hearts of the Brownwood people.

A word of warning is always in place. It is against the law to jump on and off moving trains. It seems to be quite the fashion in Ballinger to do this, however, and it's only the leniency of our officers that prevents heavy fines being imposed. Aside from this feature, it is dangerous to life and limb and should not be done.

W. E. Odom will have control of the Runnels county patent right of the stoye attachment mentioned in last week's Banner-Leader. W. P. Humphrey says he is in the lumber business and is not interested in patent rights.

A merry crowd of young people from town spent a thoroughly enjoyable evening with Mr. and Mrs. Dock Vancil, last Friday. These good people are capital entertainers and an invitation to their elegant country home is always hailed with delight by the boys and lasses.

Winters Dots.

Another drug store is in process of construction.

The addition to T. A. Fannin's drug store is nearing completion.

Mr. Smiley has bought the one hundred acre tract of land just west of the school building and is dividing it into building lots. Everything seems to indicate that our town will continue to build to the west and north.

The recital given by the Elocution class was a success in every respect. The crowd in attendance was unusually large, but the good order that prevailed during the exercises deserves our praise. About two hours and a half was required for rendering the program. The exercises were opened by Miss Lillian Sheeley with a humorous recitation, which aroused the mirth of the audience, and left all in a proper spirit to enjoy the lengthy program which was to follow. The following list will show those who participated in the exercises, they all being members of the elocution class:

Misses Cordie Kane, Leta Vancil, Gracie Davis, Helen Sherril, Bessie Eoff, Ethel Eoff, Lydia Eoff, Oneta Shelley Myrtle Eoff, Mrs. Cornelius, and master Olver Fannin. Miss Pearl Luper, a former pupil of Miss Sheeley, gave two fine recitations, which materially aided the class. Without commenting on the pieces rendered, we wish to state that the pantomimes, the blacksmith's story, and searching for the slain, were the most realistic and peculiarly interesting pieces on the program. The patrons were highly pleased with the efficient manner in which the exercises were conducted.

The supper Tuesday night by the Woodmen of the World was a great treat. Mr. Henry deserves credit for his able management. We think, however, that the admittance fee was too small. Ten cents is not enough for a good supper, and the manager did not get pay for his services.

We would like to understand our Wingate correspondent's inquiry about that Institution of Learning at Winters. If he will simplify his question we will try to gratify his curiosity. STOUT.

Very few were at the "Opera House Meeting" Thursday night, and most of those were already stockholders. J. B. Wilmeth J. W. Powell and J. Y. Pearce were given instructions to solicit further stock. The stock must be raised by Saturday night or the entire deal is off. So far the amount raised is about \$3600. About \$4,000 is needed. Subscriptions are wanted to any amount. Stockholders will meet Saturday night at C S Miller's office to elect officers.

Tuesday afternoon a most deplorable accident occurred at the home of Mr. and Mrs. F. F. Gressett, in this city. While the mother was at a neighbor's on an errand the children, playing in the yard, struck some matches and the dress of Lee Franklin, the two-year-old baby, caught fire. Before help could arrive the child was fatally burned, dying at ten that night in terrible agony. The remains of the bright little fellow were buried Wednesday at 2 o'clock, Rev. Manly conducting the services. The sympathies of the entire town go to the distressed family in their sudden and shocking loss.

Paint Rock News.

A nice shower of rain fell here last week. Lots of hail and in Dry Hollow some of it was as big as hen eggs, so some of the Dry Hollow folks report.

Green Farrington made a business trip to Lipan Flat Sunday. No one knows what that business was, but they have their suspicions.

A man was put in the Paint Rock jail last Sunday eve, the first in a long time. He will have a lonesome time by himself. We are full of mischief out here and he may have company soon for Jim Houze knows his business. Mr Houze is a fine sheriff and everybody speaks well of him.

A swell party was given last Friday at Billie Hamilton's. Mr Hamilton leaves today for the Plains. We wish him success in his new venture.

Dr. Craddock was called last Sunday to the bedside of Cam Murray living two miles north of here. He was very sick, the Dr said.

Rev. Wilson, of Brownwood, preached a good sermon Sunday. He is a fine preacher and we are always glad to have him among us. We trust he will visit us often.

I see tears in the boys eyes this week. I can't say why but I have a good idea—you know there are lots of cattle in this part of the country. CONCHO TIMES.

Mose Garlington's team of grays caused a commotion Thursday by running away with his wagon. No serious damage resulted.

Messrs. C. E. Woodrow and J. Hood, of Content, were on Ballinger's streets Wednesday. Mr. Woodrow will soon move to Winters and begin the erection of his gin there.

Mrs. Wm. Key left on last night's train for Ballinger, where she will join her husband for a few days in an overland trip to a number of the inland towns.—Brownwood Bulletin.

C. K. Gwinn, of the firm of Woodward & Gwinn, left Wednesday for Hillsboro to attend the Real estate and Industrial association Thursday and Friday. He will likely visit Beaumont before returning to Ballinger.

The oil excitement has struck Ballinger. As yet no damage has resulted but there are prospects that a drill will soon start Chinaward with directions not to stop till it strikes oil or something equally valuable. A company is being formed for that purpose.

H. B. Wiseman, of Estelle county, Ky., is in the city visiting his daughter, Mrs. Francis Mount. His son, Wm. H. Wiseman, of Clark county, is also a guest of the family. They may invest while here and become permanent citizens. The Banner-Leader would like to see it so.

Some of our citizens have the oil fever. It is said that there are three wells in the flat which were abandoned because of the presence of oil and the Beaumont finds have set parties here to thinking. Hence the attempt at organizing a local company for the purpose of prospecting for oil. W. J. Miller has agreed to furnish the power if the well can be located near his mill. There may be something in it, the Banner-Leader would not say here is not.

Mrs Jennie Clark, founder of the Belle Haven Orphan's Home, Luling, Texas, was in Ballinger Tuesday and Wednesday, and Tuesday night stated her mission before the congregation at the Methodist church. She takes charge of any homeless orphans, placing them in suitable homes. Those knowing of such orphans would confer her a favor by sending a notice to the home. Any donations of money or clothing thankfully received. Her work is a good one. If charitably inclined you could not bestow on a more worthy cause.

The Banner-Leader, in common with other newspapers, is often requested to suppress items which in justice to all, the public should know. People transgress the law and the newspaper is begged to say nothing about it. Put yourself in the editor's place and think if you would be disposed to grant every such favor requested.

It hasn't been longer than a week since Ballinger was afflicted for a day with two beggars. One was a boy of 15 perhaps and his plea was a sore leg but it wasn't too sore to use vigorously when he thought no one was looking. The whine that accompanied his plea for charity indicated the practiced mendicant. The second was a cripple and offered pencils for sale. It is not generally known but it is a fact that such people as these are hired by syndicates, paid big wages, and put on the road as professional beggars. The people are easily duped. They give to any and all, encouraging them in their duplicity. It is time to stop the practice. Question the next who claims your charity and ten to one you will discover a discrepancy in his statements.

We've had the Rain.
The season of the year has ar-

is, will she be able to furnish us

are both sandy and deserted now,
and if she can only get rain we
may safely count on a good
melon crop.—Press.

I hear that several bills were
found against parties of Wingate
for selling goods on Sunday. The
inconsistency of the law, or rather,
custom, in other words, saves
people. The professional man
can go out on that day and col-
lect money, take notes for money;
the preacher can talk for money

gain to himself and the other
man, and the people will sit with
their mouths open and say a loud

MERIT IS RECOGNISED.

That is the Reason the People are Coming from all quarters, by all kinds of Conveyances and from all the varied walks of life to be treated by

DR. BROILLES, The Specialist.

→ He Treats Chronic Diseases Only, and Succeeds Where Others Fail. ←

Following is a list of diseases to which he gives special attention:

Catarrh, Catarrhal Deafness, Consumption, Asthma, Bronchitis, Scrofula, Rheumatism, Eczema or Tetter, and all Blood or Skin Diseases, Diabetes and all Diseases of the Kidneys, Heart Disease, Indigestion and all Diseases of the Stomach and Liver, Fissure, Rupture, Piles and Fistula cured without the knife or Detention from Business.

His Thirty Years Experience in the Practice of Medicine

Has prepared him for his life work in an eminent degree, and he has learned the principles of Diagnosis so thoroughly that he rarely makes a mistake, and then he knows well how to prescribe the medicine that will reach the seat of the disease and remove it from the system. He treats CHRONIC DISEASES ONLY, the cases that baffle the ordinary practitioner are the cases he treats most successfully. His knowledge of the human system enables him to locate the nature and cause of the disease, and his skill in the practice of medicine enables him to cure it.

The Following are a Few of the Many Testimonials That Show for Themselves:

Tortured Seven Years.

Every one knows D. J. Killiam. Here is what he says about Dr. Broilles: "I have had the worst form of catarrh for seven years and it has eaten out the bones of my nose. I have been treated by numbers of doctors, and some so-called specialist, but all failed, and I had begun to despair of ever stopping the awful ravages of this terrible disease, but when Dr. Broilles came to our city, I took his treatment, beginning on December 8, and I have been improving ever since in weight, and the very offensive odor has stopped, and am practically cured and desire to give this testimonial to induce others who are afflicted with chronic diseases to call on this eminent specialist. D. J. Killiam, Holland, Tex.

My little boy has been afflicted with tonsillitis and catarrhal deafness for about five years. He was so deaf that he could not attend school. Dr. Broilles, the specialist, began treating him about one month ago and now he appears to be entirely cured. After his first treatment he came home and soon remarked to his mother: "Mama, do these children always keep up this much racket?" The little fellow had been unable to hear the racket made by the children. He is now attending school regularly. I consider his cure to be wonderful and I certainly recommend the doctor to any one suffering with any form of catarrh. My little girl has been sick for over a year with inflammatory rheumatism and has been unable to walk. Dr. Broilles has been treating her and now the swelling is entirely gone and she is wonderfully improved. I believe she will soon be entirely cured. I take pleasure in recommending Dr. Broilles to all who are suffering with chronic diseases.

A. M. Land,
Missionary Baptist Evangelist,
Copperas Cove, Texas.

Killeen, Tex., Jan. 19, 1901.—Dr. Broilles has treated me for bronchitis and catarrh, and I am so much better that I might say I am practically well. Dr. Broilles has also been treating my wife for catarrh and stomach trouble and she is now in better health than for years. The treatment has only been for six weeks' duration. He also fixed a brace on my cripple son, which has relieved him to such an extent that he plays and hops and skips the same as other boys. The boy has been lame for years and other physicians wanted a big fee for cutting his leaders to cure him. I am exceedingly well pleased with the doctor and all my friends and neighbors are convinced of the wonderful things brought about by this specialist.
David Mitchell, Farmer.

Dr. Broilles has been treating me for two months for catarrh and catarrhal deafness and I am proud to say that I am improved in both, for I hear better, and am not bothered so much with catarrh. C. F. Townsen, Lampasas, Tex.

Artlett, Texas, Feb. 15.—Dr. Broilles has been treating me for catarrh and stomach trouble since Jan. 18, and I am practically cured of them.
W. S. Webster.

Dr. Broilles began treating me Nov. 1, 1901, for catarrh and catarrhal deafness, and general debility; I now weigh twelve pounds more and feel better than for a long time. My catarrh is cured and I will say that last fall I could not hear my name called during roll call in our Methodist Sunday School, and I quit attending. Last Sunday I again went to Sunday School and can hear distinctly everything. I am delighted with results so far. Miss Ella Kelley, Belton, Tex.

Temple, Texas.—I state that Doctor Broilles treated and cured me after all others failed for 8 years, of consumption or bronchitis, that had baffled others for 8 years. I am now perfectly well and weigh more than for 11 years.
Mrs. C. A. Harris,
Wife of contractor in Temple.

Copperas Cove, Tex., Jan. 22, 1901.—Dr. Broilles began treating me Dec. 4, 1900, for paralysis of right arm and right leg, in fact complete paralysis of the right side. I could not get about much, even with the aid of a cane. I can now walk about without the assistance of a cane; can now use my right hand in driving and can grasp anything with it and am rapidly regaining its use. He has also cured me of catarrh and catarrhal deafness, stomach trouble, kidney and bladder trouble, and also cured my chronic sore eyes. All these troubles are of long standing. I am much pleased with my treatment, and the neighbors are astounded at the result so far and all speak in praise of this well known and up-to-date specialist. I cheerfully recommend him to all who are afflicted.
W. J. Wilson.

Killeen, Tex., Feb. 2, 1901.—Doctor Broilles treated me last fall for asthma; I have never gone a winter before without frequent and severe attacks. I have had but one attack during this time and that was exceedingly light. His treatment has not only lessened the frequency, but the severity of the attacks.
E. F. Muller, Jeweler,
Son of Rev. Muller, of Bellville.

My son Frank had a bad case of catarrh and stomach trouble and grated his teeth and moaned in his sleep. He did not eat much and was becoming a mere skeleton. Dr. Broilles treated him three months; he now weighs ten pounds more than he did when he began treatment, and has been perfectly well for the past month. I am well pleased with this miraculous cure. Mrs. P. A. Bridges,
Farmer, Holland, Tex., Feb. 28.

S. L. Enochs, Farmer.

I hereby state that Dr. Broilles, the specialist, operated on my throat for an affliction of years standing, and has entirely relieved me. He has also cured catarrh and stomach trouble and I am

now cured entirely. I cheerfully recommend him to my friends.
A. Weidersphan, Farmer at Bartlett.

Killeen, Tex.—I had hemorrhages of the lungs for two years (consumptive family). I have been treated by Doctor Broilles and have had no hemorrhages since, except two days after I began the treatment and that was very light. I feel like publishing to the world the great benefit received. I am practically well and weigh more and feel better than for many years. The doctor is moderate in his charges.
Mrs. J. R. Henderson.

Copperas Cove, Texas.—I have had catarrh and catarrhal deafness for 14 years and have been treated by Doctor Broilles since Nov. 26, and I am glad to say that I am improved so that my catarrh is cured and my hearing has improved wonderfully. J. F. Gidley,
Farmer.

Copperas Cove, Tex., March 22, 1901.—Dr. Broilles began treating me Nov. 7, 1901, for catarrh and stomach trouble of long standing, also for a very bad old sore leg and I am happy to state for publication that I am now cured of the former two and the sore leg is healed up nicely.
Gifford W. Smith, Farmer.

Davilla, Tex., Mch. 24.—This certifies that I have suffered for years from lumbago at intervals and Dr. Broilles cured me in a short time after others had signally failed.
J. H. Davis, Farmer.

Temple, Texas.—Dr. Broilles cured my son of a very bad case of Diabetes.
J. A. Luster.

Dr. Broilles is certainly the women's friend. My wife has suffered with her back three years and had treatment from a number of doctors with no good result to us. Dr. Broilles has treated her only 3 weeks and she has not suffered any at all since and is practically cured. Dr. Broilles' diagnosis was different from all the other doctors, and he has removed the cause of the trouble. He has also relieved my little daughter of catarrh and catarrhal deafness of nine years standing. I can hardly see how it is done, but it is done as by magic. I am so well pleased that I want to tell others so that they may go to him and get cured.
M. M. Webster, Farmer,
Bartlett, Tex., Jan. 25, 1901.

Killeen, Tex., Nov. 21, 1900.—I had catarrh 5 years and could not read books without very excruciating headache arising from it; I could not sing as before.
