Wolverines To Play Moran Friday Night

The Carbon Wolverines opened the 1953 football season against the Gorman Panthers in Gorman Friday night. The local squad gave a good account of their ability in holding the highly voted Panthers to a 26-12 score.

At half time the Wolverines were on the small end of a 20 to 6 count. By this time the squad had become acquainted with bodily contact for the first time this year and the small turnout of boys. Every member of the squad turned in a commendable performance.

Carbon got its first score in the second quarter when Harold Hendricks took a pass from Gary Robertson in Gorman's 40 and raced 60 yards for a touchdown. Carbon got its second touchdown in the 4th quarter when Harold Hendrix returned a punt with good blocking for 65 yards for the touchdown.

The Wolverines play Moran here Friday night for their second game. The boys are ready for the game and a close one is anticipated with our boys coming out on the large end of the score.

The schedule follows:
 Moran here
 Woodson here
 Early there
 Strawn there
 Gatesville here
 Owen here
 South Taylor here
 Baird there

Study Club Begins Years Work

The '38 Study Club began the new club year Wednesday, September 9, by motoring to Eastland for a luncheon at the Connelley Hotel Coffee Shop. A very pleasant social hour was spent around the beautifully decorated table, after which the club met in the home of Mrs. D. D. Sandlin for the regular year book program.

A short business session was presided over by the president, Mrs. Sandlin. Secret pals were revealed and new names drawn.

The club was happy indeed to welcome a new member, Mrs. H. R. Hall, and to have Mrs. H. G. Hines join us for the luncheon.

"Your Rugged Constitution" was the topic of study. Each member represented a different phase of preamble to Constitution for roll call.

Mrs. Sandlin spoke on "House of Freedom" comparing the U. S. as representing the House of Freedom, to a well planned and well kept house.

Refreshments were served by the hostess to Mmes. H. R. Hall, W. J. Greer, H. G. Justice, C. G. Stubblefield, C. S. Eldridge and B. B. Poe.

Mrs. W. J. Greer will be hostess September 30 when the subject will be "Look At America."

Final Plans For Antelope Hunt Are Being Made

At 12. — The final phase of planning antelope hunt is about to begin according to the Game and Fish Commission.

The surveying to determine the full complement of some seven hundred hunters will be conducted in time to notify all concerned probably by September 15.

Some delay was caused by late count of the buck antelope to be harvested in the Panhandle and West of the Pecos. The Panhandle harvest will be three hundred seventy-five male antelope while three hundred thirty-four will be taken West of the Pecos.

Insufficient hunters applied for the Panhandle shoot so the seventy-five places available there will be filled from the overflow of two hundred applicants for the West of the Pecos shoot.

The West of the Pecos harvest will be in two periods — October 20-24, and October 27-31.

Mrs. Johnson To Head Fund Drive

DALLAS, Sept. 12. — Mrs. Marine Johnson of Eastland has been named County Chairman for the Texas United Defense Fund, the state-wide group which will sponsor USO's campaign for \$775,000 in Texas this year.

Mrs. Johnson's appointment was announced today by Dean Rippetoe, chairman of District 19, which includes Brown, Comanche, and Eastland counties. Dudley K. Woodward, Jr., Dallas attorney, is State Campaign Chairman of the forthcoming fund appeal to carry on the familiar services of the USO to the young men and young women of the nation's armed forces.

A major portion of the Texas goal, as in 1952, will be included in Community Chest campaigns throughout the state this fall.

Big Fall Parade Of Snakes Is Due

AUSTIN, Sept. 12. — Snake lovers or not, Texans may count on seeing a good reptile display for the next few weeks.

In fact, according to the Chief Aquatic Biologist of the Game and Fish Commission who doubles in herpetology, the big fall parade already is underway.

This is reflected in phone calls and letters to the Commission about identifying various species. The Chief Aquatic Biologist said snakes do most of their daytime traveling during spring and fall because of moderate temperatures. He pointed out that snakes are very sensitive to weather extremes and are usually inactive during the heat of the summer days and during cold weather.

He cautioned Texans to be on the lookout for the four poisonous snakes in the Lone Star State — rattlesnake, copperhead, coral snake and cotton mouth moccasin.

Eastland County Turkey Tour Set For Sept. 29th

The date for the annual turkey tour of the Central Texas Turkey Growers Association has been set for Tuesday, Sept. 29, according to an announcement of the occasion by officials of the organization.

Seven turkey flocks totaling over 35,000 birds will be seen during the all-day tour in Eastland and Brown Counties, it was said.

All turkey growers and anyone interested in the progress of the industry in the area are invited to participate, Dr. Ben H. Bradley, Rising Star, president of the organization, advised in his invitation.

The group will leave from Terry's Cafe in Rising Star at 9 o'clock that morning and will visit the J. Elmo Smith, E. E. Winfrey, W. C. Witt, Cecil Carr and Dr. Ben H. Bradley places before lunch at a Rising Star Cafe. During the afternoon they will see the W. B. and Lee Starr flock near Scranton and also the Alvin Kincaid flock north of Cisco.

Both Baby Beef Bronze and Bronze and Beltsville White Turkeys will be seen in the different flocks. Some growers believe that the white turkeys are gaining in popularity.

The farther north a bird summers, the farther south it will winter.

Indians in Canada are legally classed as minors.
