God In a Nation

Lesson for April 22, 1951

WHEN IS GOD IN THE LIFE of a nation? It depends on what you mean by the question. God is the Ruler of all nations, and Judge of them all. But some nations have been far more conscious of the true God and obedient to Him than other nations have.

God's Name on Paper

GOD CAN be mentioned often, yet not count for very much in a nation. For instance, His name can be on the money, it can be in the state ceremonies, it can be in the constitution, or if there is no constitution, the monarch may be said to rule "by divine right."

But such things may be no better than formal. The money can pass from wicked hand to wicked hand, it can be used for godless purposes by men who do not have God in all their thoughts. The name of God in public ceremonies (such as oaths of office) or in the constitution may mean no more than decorative designs on a letter-head.

Religious-sounding songs, such as "God Bless America" or "God Save the King", can be sung by rascals.

God in Great Men

GOD BEGINS to get into the life of a nation when He gets into the lives of people. It is not disparaging the common man to point out the plain fact that as between one believer in God who is obscure, and another who is prominent and powerful, the latter means more in the long-run life of a nation.

It was so in the era of Moses. That was a time of religious confusion, just as it is today. Doubtless there were many humble persons at that time who had a living faith, but if it had not been for Moses, the nation of Israel would never have been a nation, but would have shrunk back into the ruck of little no-account tribes, never to be heard from again. When we hear that even Moses' own brother was so stupid or bad as to lead the people in worshipping a gold-plated calf, we can imagine what the masses of the people were like.

If the United States and Canada can be called Christian nations today, it is because we can point to men on both sides of the line who have been not only high-calibre, influential men, but also men not ashamed of their faith in God.

An American congressman who is respected by friends and opponents alike, has said it is more important to him to know what God wants than what his constituents want.

God in Laws and Lives

GOD CAN also be in a nation's laws. It is true, we cannot run a modern nation or municipality on the laws of Leviticus, and nobody wants to, not even the preachers and rabbis. Still, the laws of a land either reflect the will of God or they do not. So far as the laws of a nation are in line with the teachings and truth of Christ, so far God is in the life of that nation.

But the question is not finally: What do the laws prescribe, but do the people respect the laws? God does not get deeply into the life of a nation until He gets into the homes of high and low alike.

If the nation of Israel ever became godly, they had Moses to thank; yet he himself was under no illusions as to the people he left behind him.

It took centuries of toil and patience on the part of God and His prophets to change Israel from a nation mostly indifferent to God, to a people mostly God-fearing; and the change took place only as homes changed.

Is ours a Christian nation today? The answer is not in our constitution, not in our leading men, not in our history or laws or traditions; the answer is in our homes. When the cry goes up "Back to God!" the place to start back, and the place that counts is our homes.

Gems Of Thought

Woman would be more charming if one could fall into her arms without falling into her hands.

The world is full of willing people: some willing to work, the rest willing to let them.

Most men who run down women are running down one woman only.

A diplomatist is a man who always remembers a woman's birthday, but never remembers her age.

A receiver is appointed by the court to take what's left.

KIDNEYS MUST REMOVE EXCESS WASTE

When kidney function slows down, many folks complain of nagging backache, loss of pep and energy, headaches and dizziness. Don't suffer longer with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exercising or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages.

Doan's Pills

Give you quick, ephemeral relief from nervousness, insomnia, loss of appetite, lack of energy, over-indulgence, when excess gastric acidity and constipation are contributing factors.

Don't Let Aches And Pains Make You Miserable

HADACOL Has Brought Relief to Thousands Who Were Suffering Deficiencies of Vitamins B₁, B₂, Niacin and Iron.

Folks who suffer annoying aches and pains have quite a cross to bear because those pains can make them feel miserable. But now it is no longer necessary to let those aches and pains make your life miserable when they are due to a deficiency of Vitamins B₁, B₂, Niacin and Iron in your system. Thousands of folks have discovered that the great modern formula, HADACOL, has relieved the real cause of their aches and pains, due to such deficiencies, and life seems wonderful once more.

Mrs. Lydia Pfeifer, who lives at 3115 Third Ave., Detroit 1, Mich., heard how many fine folks who were suffering such a deficiency found relief with HADACOL and she tried it. Mrs. Pfeifer says her aches and pains don't bother her any more and she just can't thank HADACOL enough.

Here is Mrs. Pfeifer's statement: "Before taking HADACOL I had aches and pains, and could not sleep well at night. I have taken three small bottles, and one large bottle of HADACOL and feel so much better in all ways. I can never thank you enough. Now I can sleep and feel more like working. Again I thank you."

Give HADACOL a Chance

If your system lacks these essential elements, you will be amazed at the wonderful results HADACOL can bring you, as it has to thousands of other fine folks who suffered a deficiency of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains. HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body.

If your druggist does not have HADACOL, order direct from The LeBlanc Corporation, Lafayette, Louisiana. Send no money. Just your name and address on a penny post card. Pay postman. State whether you want the \$3.50 family economy size or \$1.25 trial size. Remember, money cheerfully refunded unless you are 100% satisfied.

An invitation to dinner had been sent to the new doctor. In reply the hostess received an absolutely illegible letter. "I must know if he accepts or declines," she declared. "If I were you," suggested her husband, "I should take it to the druggist. A pharmacist can always read doctors' letters, however badly written."

The pharmacist looked at the sheet of notepaper which she had handed him, and without waiting for her explanation went into his dispensary and returned a few minutes later with a bottle which he handed over the counter. "There you are, madam," he said. "That will be 50 cents."

God In a Nation

Lesson for April 22, 1951

WHEN IS GOD IN THE LAND of a nation? It depends on what you mean by the question. God is the Ruler of all nations, and Judge of them all. But some nations have been far more conscious of the true God and obedient to Him than other nations have.

Dr. Foreman

God's Name on Paper

GOD CAN be mentioned often, yet not count for very much in a nation. For instance, His name can be on the money, it can be on the state ceremonies, it can be on the constitution, or if there is no mention of His name in the constitution, the monarch may say "by divine right."

But such things may be better than formal. The monarch can pass from wicked hands to a wicked hand, it can be used for godless purposes by men who do not have God in all their thoughts. The name of God in public ceremonies (oaths of office) or in private devotion may mean more than a name on paper.
