Funeral Rites For Mrs. Holloway Held Sunday

Funeral services for Mrs. J. C. Holloway, who died suddenly at the home of her step-daughter, Mrs. Elmer Bethany, Friday afternoon about 4:30, were held at the Carbon Baptist Church Sunday at 2:30 p. m. with the pastor, Rev. G. W. Thomas, officiating. Song service was in charge of Mr. Frank Park with Mrs. Charles Livingston at the piano. Interment was in Oakwood cemetery, Cisco, with Higginbotham Funeral Home directing.

The deceased was born Bertha Modena Berry January 27, 1892, in Bell County, Texas. She passed from this life on February 2, 1951, at the age of 59 years and 6 days.

She was converted and joined the Baptist Church about 1917, moving her membership to the Carbon Baptist Church on August 22, 1923. She lived a faithful christian life until her death.

She was married to E. L. Whitely in 1907. Two sons were born to this union, Louie Whitley of Eastland and Leslie Whitley of Gorman. Mr. Whitley preceded her in death in 1910.

She was married to A. J. Holloway in 1911. To this union five children were born: Mrs. Opal Hays, Carbon; Mrs. Verna Harris, Sweetwater; Johnnie Holloway, Arlington; Mrs. Jewel Crow, Westaco and J. C. Holloway of Carbon. Mr. Holloway preceded her in death in 1935. All children survive and were present for the funeral.

Seven step-children also survive as follows: Tom Holloway of Me Lean; Mrs. Rosa Campbell of Plainview, Bud and Jim Holloway of Carbon, Virgil Holloway of German, Mrs. Bessie Lee Bethany of Carbon and Mrs. Odessa McCullough of Fort Worth.

Also surviving are fourteen grandchildren, three sisters; Mrs. Eula Martin and Mrs. Frances Truett of Waco and Mrs. Emma Martin of Illinois; three brothers, Ernest and Melbourne Berry of Waco and Byron Berry of Dallas and a host of other relatives and friends to mourn her passing.

Orchard Field Day To Be Held On Friday 9th

Orchard owners from Eastland are being invited to attend the annual Orchard Field Day to be held at Pioneer Friday, February 9th.

The morning session will be held at the Pioneer school and the afternoon meeting will be at the J. D. Inabnet apple orchard and the Doss Alexander peach orchard, both in that community.

The meeting is expected to get underway promptly at 10 o'clock that morning and last until mid-afternoon with time out for a picnic lunch at noon. Those who attend are asked to bring along their own lunch. Hot coffee will be furnished to those in attendance.

Tom Denman, Stephenville Horticulturist of Agriculture, as well as other experts, will be present to answer any questions fruit growers might want to ask.

The affair is held annually in the county to acquaint growers with the latest and most improved practices of orchard management and growing, it was explained, and past fruit field days have been well attended.

The meeting is open to anyone interested in the progress of the fruit industry in the area.

Laws Manages New Eastland Abstract Agency

Phil Laws has been named manager of the Eastland office of Elliott and Waldron Abstract Company, which recently been opened at 204 South Seaman St.

Laws is an experienced abstract agent, having been associated with Elliott and Waldron for fifteen years.

He was employed in the company's Fort Worth office during the last year. In previous years he has worked at various offices of the company throughout the state.

Laws is married and has one daughter. The family moved to Eastland January 12 and the office was opened January 15.

"Our aim is to give the public prompt, efficient and courteous title service which they have a right to expect," Laws said.

Abstracts, title insurance, title certificates and other title information will be handled by the office.

Jesus Meets Need

Lesson for February 11, 1951

WHAT PEOPLE want would fill many books. What people need is a simpler story. Whatever success Christianity has had, is due to its success in meeting human needs. If Christians were only an argument, or a system of ideas, it would never have gone as far as it has, nor won so many friends.

Dr. Foreman

Ignorance
THE Church at its best has simply followed in the paths on which Jesus was a pioneer. The gospel stories of Jesus show him as one who "went about doing good" as Peter put it. Seeing a need, he bent himself to meet that need; this has been the ideal for Christians and the church ever since.

One of the first needs of man is to be saved from his ignorance. Jesus saw the human race not as a pack of wolves or a mass of snakes, but as sheep without a shepherd. So Jesus then, and the church now, set out to teach. A church that does not teach is a poor church. "The church must teach or die," it is true; it is also true that the church must teach or others will die.

Sickness
IT IS not on record that Jesus ever walked by a sick person without making him well. Jesus did not think that sickness and pain are good things in themselves.

When you think of all the loss of time, money and happiness that one miserable little cold can cause, and multiply that by the number of colds in North America alone, you really wonder how the human race manages to stagger along.

Now the Christian church has always been doing something about this. Today, in many backward countries, Christian doctors and hospitals have pioneered in health, and indeed are the only effective disease-fighters in the whole region.

Hunger
WHATEVER else can be said of the feeding of the five thousand, one thing is plain: Jesus did not think it was a good thing for people to stay hungry.

So the church, following his example, has fed the hungry wherever it can. The church protests, and will continue to protest, against any society or institution that leaves people hungry.

So when a missionary like Sam Higginbottom in India teaches better ways of farming, or when the Salvation Army adopts the slogan "Soap, soup and salvation," or when heifers are rounded up and sent abroad as a gesture of Christian friendship, when CROP interests the Christian farmers of America in rural reconstruction in war-torn areas of Europe, the church is just following the lead of Jesus.

Slavery
ONE of man's deepest needs is freedom. Jesus did not set free any slaves in his time, it is said; but is this true? There are other kinds of slavery besides that from which Abraham Lincoln freed the Negroes in 1863. Of these other kinds, one of the worst is slavery of the mind. We see Jesus setting his contemporaries free from the heavy chains of taboos and false traditions which the Pharisees had piled on them.

So when the first Christians broke away from the burdens of the old ceremonial laws, or when a Christian missionary in Africa or China or Greenland set men free from the darkness of pagan superstitions, the church is only following the example of Christ.

When we stand for a free church in a free land and a government of free men, we stand as Christians ought to stand, enemies of tyrannies in every form.

AROUND THE HOUSE

A shoe bag that's not being used for that purpose can be put to work in the kitchen. Hang it behind the kitchen door as a container for paper bags, wrapping paper, string, and the like.

Gilt frames never need anything more than dusting as long as people understand they're supposed to be antiques. If you want to clean them up and forget the antique gag, it can be done by coating the frame with petroleum jelly. Let the jelly stay on about ten minutes before you rub it off with a clean cloth. Or boil a few onions and douse the frame with a cloth dipped in the water the onions were boiled in. Then rinse it off with a cloth dipped in clear water.

If your breadbox gets rusty inside, clean it up by rubbing gently with emery cloth. To keep it clean use a coat of lard.

Before you discard a zinc washboard, use the piece of zinc in it to clean your fireplace chimney. Just throw it on the hot coals, and let the rising fumes do the trick. Or, toss a handful of salt on the fire.

When painted kitchen walls get

soiled and dull looking and a new paint job isn't forthcoming, wash them with soap and water, rinse with clear water, and wipe them dry with a soft cloth. Then you can restore a new look to the paint by going over it with the white, creamy type of furniture polish.

Discarded window shades make good, durable shelf papers.

Farm Youngsters Taught Value of Good Grooming

FARM mothers teach their daughters from childhood that "pretty is as pretty does," points out the Rural Home editor of nationally-circulated Capper's Farmer.

"Getting an early start is as important in learning beauty and grooming lessons as in most other things," she writes. "The little girl who always brushes her teeth after every meal and loves her splash in the tub before bedtime is the one who grows up to have a pretty smile."

"She'll be known for her dainty freshness. And her own children will love her because, she always looks so good and smells so sweet!"

Tooth brushing is a habit with 8-year-old Alice Jane, daughter of Mrs. Doyt Galloway of Van Wert county, Ohio. Mother and daughter enjoy spending a few minutes together each day keeping up the good looks.

Alice Jane knows the right method for brushing to give clean, white teeth and healthy gums. Her own little footstool by the lavatory makes it easy for her to climb up and look in the mirror to watch the brushing.

Frozen Lemon Pie Is Toothsome Dish

FROZEN lemon pie is a toothsome dinner dessert for the family that's been working hard all day, says the Country Cooking editor of Capper's Farmer.

Graham cracker crumbs are crust and topping for the chilled yellow filling, she writes in the nationally-circulated farm magazine. Pie-shaped pieces are made by cutting diagonally across the refrigerator tray in which pie is frozen.

The dessert which will be an ever-popular family favorite, serves 8, the Capper's Farmer expert advises.

FROZEN LEMON PIE

8 eggs separated 1 c. evaporated milk whipped
 1/2 c. lemon juice 1/2 c. graham cracker crumbs
 Rind of 1/2 lemon 1/2 c. graham cracker crumbs
 1/2 c. sugar 1/2 c. graham cracker crumbs

Beat egg yolks; add lemon juice and piece of rind sliced from lemon, and fill but 2 tablespoons of the sugar. Cook over low heat 15 minutes, stirring constantly. Remove rind and cool. Beat egg whites until stiff; add remaining sugar and fold into cooked mixture. Add whipped evaporated milk. Line refrigerator tray with waxed paper. Sprinkle with 1/4 cup of the crumbs. Pour in lemon mixture; sprinkle with remaining crumbs. Freeze with temperature set at coldest. Serves 8.

"The Case Of The One Per Center" An Article In The Texas Tax Journal, July, August, 1950

The More He BREAKS The More He MAKES

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people - individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in over-loading.

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways inadequate for 99% of Texas users - individual and commercial - can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

THE MORE PAVEMENT HE BREAKS, THE MORE PROFIT HE MAKES.

Slaves Freed

Some historians say that passage of the fugitive slave law peeved the Northerners to such an extent that they helped more slaves to freedom between 1850 and 1860 than the total number that escaped during the entire period of our government previous to 1850.

Teenager Gets Appetite Back; Thanks Hadacol

HADACOL Supplies Vitamins B₁, B₂, Niacin and Iron Which Her System Lacked.

According to Sara Loraine Beck, Box 253, Coker, Alabama, when a person is only 15 years old and feels terrible, can't eat or sleep the way they should, it's mighty bad. That is the way Loraine says she used to feel, but that was, of course, before she started taking HADACOL. Loraine found that taking HADACOL helped her system overcome deficiencies in Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Here is Loraine Beck's own statement: "I was run-down, sick and skinny, and weighed only 90 pounds before I used HADACOL. I would not eat because I had no appetite. Now I weigh 123 pounds and have an appetite. I feel a lot better. I have been taking HADACOL 10 months and am still taking it. I am 15 years old. HADACOL has done me lots of good."

Economical Cough Relief! Try This Home Mixture

No Cooking. Makes Big Saving.

To get quick and satisfying relief from coughs due to colds, mix this recipe in your kitchen.

First, make a syrup with 2 cups granulated sugar and one cup of water. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then get 2 1/2 ounces of Pinex from any druggist. This is a special compound of proven ingredients, in concentrated form, well-known for its quick action on throat and bronchial irritations.

Put Pinex into a pint bottle, and fill up with your syrup. Thus you make a full pint of splendid medicine—about four times as much for your money. It never spoils, and tastes fine.

And for quick, blessed relief, it is surprising. You can feel it take hold in a way that means business. It loosens phlegm, soothes irritated membranes, eases soreness. Makes breathing easy, and lets you get restful sleep. Just try it, and if not pleased, your money will be refunded.
