Safety Meeting Held At MK&T Depot Aug. 17

B. A. McDonald, Supt. of Safety of the MK&T RR Co., Dallas, Texas, and C. E. Diltz, Division assistant supt., Smithville, Texas, held a Safety meeting in the passenger waiting room at Carbon last Thursday, August 17.

The purpose of the meeting was to get the public and the railroad employees SAFETY minded. There was 17 men present at the meeting with Mr. McDonald the main speaker and explaining the great need of each employe to be careful as he does his work so as not to cause any accident to himself or his fellow worker.

Mr. McDonald also mentioned that it would be desirable for all ministers of the churches to preach a sermon on Safety and try to introduce to the public as a whole the value of Safety as the life you save might be your own.

The railroads have designated the month of September as a Safety First Campaign for "No Accident-No Injury Month" and ask that churches of all denominations take a part in this Safety Program. The railroads are vitally interested in the welfare of their employes and their families and feel others outside of our railroad circles will benefit by hearing it from the ministers of their church.

HOUSEHOLD MEMOS... by Lynn Chambers

Keep Vegetable Interest High
(See Recipes Below)

Vary Your Vegetables
VEGETABLES appear on the menu so often, homemakers often find themselves at a loss as to how variety may be introduced in their service.

If you're doing some baking, why not bake the vegetable, too? If your menu plans include a meal prepared on top of the range, why not pan-fry the vegetables, or make a sauce to add sparkle to them? Sauces do excellent things to vegetables which you've been used to serving in the same, old, boiled way with just salt and pepper as seasonings. Then, too, there are combinations of vegetables that can be pleasing, like lima beans with corn, carrots and parsnips, green pepper and onions with limas and zucchini squash with tomatoes. Vegetables can be varied simply by their treatment: carrots in timbales, potatoes in pancakes, molded asparagus.

IF YOU'RE serving two vegetables, pick them for flavor and color contrasts, like this combination of potatoes and green beans: *Green Beans, Butter Herb Sauce (Serves 6)

1½ pounds beans
¼ cup butter
½ cup finely minced onion
2 tablespoons minced parsley
½ teaspoon thyme
3 tablespoons lemon juice
1 teaspoon salt
¼ teaspoon paprika

Cook beans in boiling salted water until tender. Fry onions in melted butter until tender but not brown, about 5 minutes. Add remaining ingredients and pour over hot, cooked beans.

Cheese Potatoes (Serves 6)
8 medium new potatoes
¼ cup butter
½ cup minced chives
1 teaspoon salt
½ teaspoon paprika
½ cup grated American cheese

Cook potatoes in jackets; drain and return to hot heat, for 2 to 3 minutes, shaking gently until they are hot and mealy. Turn into a hot serving dish. Meanwhile, add melted butter, add minced chives, seasonings and cheese. Pour hot cheese mixture over potatoes. Sprinkle with extra chives and a dash of paprika.

Baked Succotash (Serves 8)
2 cups dried lima beans
4 cups water
2½ teaspoons salt
¼ cup dark molasses
½ teaspoon dry mustard
¾ teaspoon black pepper
1 teaspoon Worcestershire sauce
2 tablespoons minced onion
1½ cups cooked (12-ounce can) whole kernel corn
4 strips bacon

Soak beans in water overnight. Add 1 teaspoon salt; bring to boiling point; simmer but do not boil about 45 minutes. Drain; save water

and measure; add water from corn to make ¾ cup liquid. Mix liquid, molasses, mustard, Worcestershire sauce, onion, and remaining 1½ teaspoons salt. Combine beans and corn. Pour into a 2-quart bean pot. Arrange strips of bacon over top. Cover and bake in a moderately slow oven (325° F.) 1 hour. Uncover and bake 30 minutes.

Lima Bean Casserole (Serves 6)
1 pound large lima beans
½ cup chopped green pepper
½ cup chopped onions
½ cup fat
3 tablespoons light corn syrup
1 can tomato soup
½ cup water

Soak clean beans several hours or overnight in water to cover. Simmer slowly until tender. Brown chopped peppers and onions in the fat and add the light corn syrup, tomato soup and half cup of water. Place drained limas in greased casserole and pour other mixture over them. Bake two hours in moderate oven.

Potato Pancakes (Serves 4-6)
6 medium-sized new potatoes
2 tablespoons flour
2 eggs, beaten
1½ teaspoons salt
2 teaspoons melted fat
1 tablespoon milk
1 teaspoon grated onion
4 tablespoons fat

Pare potatoes. Add flour, eggs, salt, 2 teaspoons melted fat, milk and onion and mix well. Heat remaining fat in heavy frying pan. Drop tablespoons of potato mixture into it. Fry, turning to brown on both sides.

Carrot Timbales (Serves 6)
2 tablespoons shortening
2 tablespoons flour
¼ teaspoon salt
1 cup milk
5 large carrots, cut in pieces
2 tablespoons butter
2 cups soft bread cubes (½-inch size)
3 eggs, slightly beaten
1 tablespoon chopped onion
1 tablespoon chopped parsley
1½ teaspoons salt
1½ teaspoons nutmeg

Melt shortening in a small saucepan. Blend in flour and salt. Add milk and cook until thick. Clean and scrape carrots. Cut carrots in pieces and cook them in small amount of water until tender. Drain off remaining liquid. Add butter to carrots and wash them together. Combine mashed carrots and butter with bread cubes, beaten eggs, onion, parsley, nutmeg, salt and white sauce. Place mixture in 6 well-covered individual custard cups. Place cups in a shallow baking dish partially filled with hot water. Bake in a moderate oven (350° F.) 35 minutes. Unmold and serve with sauce.

Present-day educated adults have a vocabulary four times as large as that used by Shakespeare in his writings, reported Dr. Robert H. Seashere, psychology professor of Northwestern university. Tests of 500 college students showed they had an average vocabulary of 60,000 common words, 1,500 rare words and about 85,000 derivatives of common words. IT'S TIME for BROOKS! Because...

Something must be done now about the runaway cost of our state government—a cost which has increased more than 500 percent in the period between 1935 and 1950. Aside from the cost of World War II, the cost of the Federal government did not increase that much during the same period.

With the State plunging wildly towards a financial crisis, the Lt. Governorship is a business rather than a political office. It needs a business man with a business viewpoint.

Only by the election of a business man can the people of Texas be assured of a direct and vigorous attack on this runaway cost, useless waste, and needless extravagance in our State government.

Only a business man who has not been a part of the system which spawned this era of waste and extravagance can give the problem that searching inquiry and impartial analysis needed now. Pierce Brooks is that man.

The next Lt. Governor of Texas should be above any internal friction, beyond all cross currents of politics, and completely judicial when clashes of personalities arise among members of the Senate. He must be in a position to treat them all alike, to be fair to each, and also to be true to his obligations to the people. Pierce Brooks meets these tests.

Pierce Brooks is the only candidate completely free from the entangling alliances, political obligations, cliques, clans and groups which grow up when men stay in office too long.

The Lt. Governor to be elected in 1950 should not come from the confused atmosphere of the State government, but direct from the people with a program for the people. Pierce Brooks is that man.

In these crucial times the next Lieutenant Governor should be answerable to the people of the State and not to any group of special interests that has made millions of dollars off the taxpayers.

Pierce Brooks for Lt. Governor

Blessed Woman
Lesson for August 27, 1959

A PROTESTANT Christian is essentially a Bible Christian. Among other things, this means he will form his ideas about Bible characters from the Bible itself and not from books about the Bible, not from legends long afterwards invented.

Some Protestants seem not to realize that even a reverent book like "The Greatest Story Ever Told" is as much fiction as it is fact.

Yet I Protestant Christians are sometimes inclined to go to the opposite extreme, in reacting against the tall tales, they overlook the facts.

If some Christians overdo reverence for Mary, offering prayers and incense before her statues and even going to the point of saying we cannot come to Jesus except through Mary—an idea totally false to the Christian gospel—other Christians make the mistake of neglecting her memory altogether.

God Knew Her Heart
NAZARETH was a small village with no good reputation. Yet it was in that town that Mary grew to womanhood. Man looks on outward appearances, but God looks on the heart.

You might have not selected Mary for the mother of Jesus, or to put it in another way, you would hardly have expected Mary's child to be the person Jesus became. She was very young, for girls were engaged early in that climate and country—perhaps no more than sixteen. She could have had no great education. She was poor, as the whole story shows.

Yet it was not for her education or her social standing or her experience or any such thing, but because of her heart, her character, her faith, that the angel came to her that spring day in Nazareth.

Mary's Song
THERE IS no room to tell all that can be known of Mary from the Gospels. We can know or guess much from that one song, the "Magnificat" as it is called from its first word in the Latin translation. (Luke 1:46-55.)

We can tell from this that she was a woman who knew her Bible. Moffatt's translation of the New Testament uses italic type to indicate quotations from the Old Testament; and in this Song of Mary, of its sixteen lines all but two are printed in italics.

Patriotism and the Poor
MARY WAS A woman who loved her country. We are so familiar with the "Magnificat" as a church anthem that we overlook it actually and originally was; a hymn of praise to God for his mercies to Mary's nation, Israel.

Her people, so long enslaved, were to be set free. It is a revolutionary hymn, too. Princes are to be dethroned, the proud cast down, the rich made empty; but God will give his help to the hungry and the poor.

Mary and Jesus
LOVE OF HER Bible, love of beauty, love of her country; and most of all, love of God. You could guess this from the words of the angel, but you can see it plainly in this song. It is an outpouring of joy and thankfulness to a God who is very real and near and loved.

Every mother lives again in her sons; in Jesus we can see the manner of woman Mary must have been. When the boy Jesus called God his Father, who had taught him that word? When the young man Jesus fought off temptation by using the Word of God, who had first guided him to do this? Where had Jesus learned Scripture except under his mother's roof?

To The Voters

Reasons Why P. L. Crossley Should Be Re-Elected County Judge August 26th:

1. He has a legal education which QUALIFIES HIM to try civil and criminal cases, properly handle all probate matters, and to preside over the Commissioners' Court.
2. A large percentage of the cases in Eastland County are tried in the County Court, therefore, you need a legally qualified Judge.
3. He has committed himself to a program whereby the RICH and POOR will share a pro-rata part of taxation.
4. He has caused the re-valuation of oil and related properties belonging to a few wealthy individuals and companies so that NOW their properties are taxed on a fair basis with that of the small home owner, the farmer and small business man.
5. He completed the re-funding of the courthouse bonds resulting in a saving of \$68,500 in interest to Eastland County.
6. His re-valuation program has given Eastland County more than \$15,000.00 NET PROFIT this past year, at a cost of only \$3,967.75.
7. He has caused your tax rate to be reduced from \$1.16 per hundred to 60c per hundred without raising the values of the property, except as to those few wealthy individuals and oil and related industries.
8. He is fair, honest, and has your best interest at heart.
9. With P. L. Crossley as your County Judge, IT WILL NOT BE NECESSARY to hire legal counsel to help run your County Government.
10. His legislative experience and acquaintance better enables him to be of great value to the county in needed legislation, particularly FARM to MARKET ROADS. Let FACTS guide you in your vote.—NOT FICTION!

EASTLAND, TEXAS

To The Voters Of Eastland Co.

DEAR FRIENDS:

I have during the past six years served you as your County Judge. During that time I have had the privilege of doing those things, with your cooperation, that I honestly believe have been for the best interest of all of the people of Eastland County and not for a CHOSEN FEW.

During this campaign my record has been personally attacked, my character and my morals have been attacked and mud has been slung at me from every direction.

My friends, I have always tried to conduct my campaign on a high plane. I have always thought that the dignity of Judgeship called for high type campaigning. I do not believe in circulating half-truths about any matter or issue. That is not being FAIR and HONEST with either the voters or the candidate.

My friends, I say to you in all frankness that MY RECORD is PUBLIC PROPERTY for every one to see. The true facts and issues of this race HAVE NOT and CANNOT be denied.

The tax rate HAS BEEN REDUCED from \$1.16 to 60c and has been that rate for all years beginning in 1946. If anyone will honestly tell you that this does not save money for all tax payers, either he is grossly ignorant or is maliciously telling an untruth.

Voters, I have always endeavored to make my home county a BETTER PLACE in which to live, an ECONOMIC PLACE to pay your taxes, and if re-elected, with your help and the help of my MAKER, I will continue this policy.

Sincerely yours,

P. L. Crossley
