FROZEN lemon pie is a toothsome dinner dessert for the family that's been working hard all day, says the Country Cooking editor of Capper's Farmer.

Graham cracker crumbs are crust and topping for the chilled yellow filling, she writes in the nationally circulated farm magazine. Pie-shaped pieces are made by cutting diagonally across the refrigerator tray in which pie is frozen.

The dessert which will be an ever-popular family favorite, serves 4 the Capper's Farmer expert advises.

**FROZEN LEMON PIE**

1 egg, separated  
1/2 c. lemon juice  
1/2 c. sugar  
1/2 c. sugar  
1/2 c. sugar

2 c. evaporated milk  
1/2 c. grainy cracker crumbs  
1/2 c. sugar  
1/2 c. sugar

Beat egg yolks; add lemon juice and piece of rind sliced from lemon and all but 2 tablespoons of the sugar. Cook over low heat 15 minutes, stirring constantly. Remove and cool. Beat egg whites until stiff; add remaining sugar and fold into cooled mixture. Add whipped evaporated milk. Line refrigerator tray with waxed paper. Sprinkle with 1/2 cup of the crumbs. Pour in lemon mixture; sprinkle with remaining crumbs. Freeze with temperature set at coldest. Serves 4.

**Trial and Triumph**

Lesson for April 2, 1950

**IF YOU HAD BEEN** on the top of the city wall on that first Palm Sunday, watching the crowds roaring into Jerusalem, and some one had told you that all the shouting was for Jesus of Nazareth, you would certainly have thought that his success was assured. Here he was, surely, was a King who had arrived! But before the week was over, the same Jesus on trial for his life, Dr. Foreman and not a voice raised in his defense. The same dusty-throated mob on that Sunday shouted "Hosanna! Blessed is He!" was shrieking on Friday morning, "Crucify him!"

**Flowers Beds or Bloody Seas?**

There is a popular notion floating around to the effect that God gives good people an easy time. It is not always put just that way. But when a man who has been good (or thinks he has, or has tried to be), runs into trouble, he asks right away, "Why must this happen to me?" The truth of the matter is better expressed in the lines of an old hymn: "Must I be carried to the skies On flowery beds of ease, While others fought to win the prize, Or sailed through bloody seas?"

Jesus was incomparably the best who ever lived; yet his moments of greatest suffering and death were finally tortured and killed by the leaders of church and state, amid the jeremiad approval of masses of the people.

He himself said that any follower of his must be willing to take up his own cross.

**All Tyrants Hate the Church**

**THE MORE GENUINELY** Christian the church is, the more it is likely to run into opposition. There are several reasons for this. For one thing, the church stands for love, and the generosity and unselfishness, the sympathy and even the sacrifice that go with love and are produced by it. But "what makes the world go round" is the world of the politician, the money-maker, the social climber, the war-maker, the world of the power-struggle, in every sphere—what makes that world go round is pride, selfishness, shoving-ahead, Me-firstness. The selfish and the proud do not take kindly to love of the Christian sort, either they despise it as a weakness.

But the church, when it is a true church, stands up for Humanity even when it has to stand against Profits; and the man for whom Profit is the first law of life never understands the attitude of the church.

And consequently all tyrants hate the church. The Roman emperors hated it and persecuted it till they found they could use it (which, by the way, was a bad day for the church). Mohammed, a tyrant of sorts, hated the Christian church and would have totally destroyed it if he could.

**Victory—When?**

**IF WE SUFFER** with him we shall also reign with him," said St. Paul. But when and how? The end of the church's struggles could come in either of two ways. One way would be for the church to give up struggling against the world.

But in that case she would be dead. Another way is for the church finally to overcome the world.

That is the future to which the Bible bids us look. When? We do not know. But the Kingdom comes "one hour" a time, and with every soul the church wins from the world-way to the Christ-way, the victory of Love draws near.

# More Peanuts From fewer Acres

With the prospect of another peanut acreage reduction, many farmers will find it imperative that they raise more peanuts per acre. The use of more fertilizer will help. The use of a well cured fertilizer that is guaranteed to put out will save time and money.

The use of ground peanut hulls and lime rock as a conditioner in mixing PABAK and HEART OF TEXAS fertilizers adds to the plant food value as well as making the fertilizer easy to put out.

HEART OF TEXAS fertilizer contains the following trace elements, vital to a good peanut production: Manganese Sulphate, Copper Sulphate, Iron Sulphate, Borax, Zinc Sulphate and Magnesium Sulphate.

# AROUND THE HOUSE

Salty soup is no cause for alarm. Add a sliced raw potato or two and simmer slowly five to 10 minutes. Remove the potato slices before serving the soup.

Odds and ends of fruit juices that clutter your refrigerator, especially orange and pineapple, can make a delicious combination. Simply stew prunes or apricots in the mixture.

Orange juice can be fixed in half the usual time. The trick is to squeeze small oranges by cutting off the stem end only and extracting the juice in one operation. It works for lemons, too.

Apples can be baked without cranking and every bit of flavor retained if a one-inch band is peeled from the middle of each apple. Stuff the apple and bake in a moderate oven.

## Hadacol Is Praised At Famous Spa

HADACOL HAS SPECIAL OFFICE IN HOT SPRINGS TO HELP SUFFERERS

Hot Springs National Park, Ark.—(Special)—Health is a major topic of conversation in this world famous Spa and more and more conversation turns to the marvelous, health-giving blessings being brought to so many by HADACOL.

Realizing the importance of Hot Springs as a health center, Dudley J. LeBlanc, Founder and President of LeBlanc Corporation, makers of HADACOL, established an office in Hot Springs to advise sufferers of how HADACOL can benefit their systems with its wealth of B Vitamins and important Minerals.

In this HADACOL office in Hot Springs are records of folks who have found improved health in a bottle of HADACOL. That is one reason why per capita sales of HADACOL in Hot Springs are among the highest in the country.

Take for instance Mrs. Jennie Webb, who shares a new home at 237 Cones Road in Hot Springs with her daughter and son-in-law. Mrs. Webb has a host of friends throughout Arkansas who were thrilled to know that HADACOL helped her in a wonderful recovery after several years of illness.

Here is Mrs. Webb's statement: "I started taking HADACOL in the early fall, buying two of the economy-size bottles of HADACOL. I had been feeling weak and rundown for several years. I suffered the horrors of gastric disturbances and indigestion. I had to be very careful in the selection of food that would agree with me. I had tried so many remedies without beneficial results and had just about given up hopes of feeling well again. Friends urged me to try HADACOL. I have never regretted their advice because I have felt better than at any time in years. I digest food better and do not have indigestion. I have more energy."

Mrs. Webb was suffering a deficiency of B vitamins and important Minerals, which HADACOL contains.

A lack of only a small amount of B Vitamins and certain Minerals will cause digestive disturbances. . . Your food will not agree with you. . . You will have an upset stomach. . . You will suffer from heartburn, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards.

**Bob Wills Hears Folks Tell Of Hadacol's Many Blessings**

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Carol Jean White, 3636 West Park St., Oklahoma City, is a good example:

"One of the luckiest days of my life was when I heard Bob Wills talk about the wonderful blessings of HADACOL. I had lost my appetite, my energy was down. I suffered with gastric disturbances and indigestion. I took the advice of Bob Wills and took HADACOL. I felt better right off and have felt better and better as I have continued to take HADACOL. I now recommend HADACOL to my friends."

Miss White suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the result of other causes, they are

**Bob Wills Hears About HADACOL'S Blessings**

Bob Wills, famous western music band leader, loves to talk with his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Carol Jean White, 3636 West Park St., Oklahoma City, tells Bob how much HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWHN, Fort Smith; KGLG, Miami, Oklahoma; KLYN, Amarillo, and KWFF, Wichita Falls.

surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the B Vitamins and the Minerals which your system lacks. HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the bloodstream so that it can go to work right away. It is easy to understand, therefore, why countless thousands have already been benefited by this amazing tonic, HADACOL. . . . It matters not where you live. . . . or if you have tried all the medicines under the sun, this wonderful preparation. Don't go on suffering. Continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years to even longer, are able now to live happy, comfortable lives again because HADACOL supplied the B Vitamins and Minerals which their systems needed. Be able to yourself. Give HADACOL a try. Demand the genuine HADACOL. Accept no substitutes.
