H. A. McCannies Enters Race For County Treasurer

H. A. (Hiram) McCannies To the Folks of Eastland County: Inasmuch as in this year of 1950 just dawning, we will be called upon to choose our state and county officers for the next two years, I hereby offer myself as a candidate for the office of County Treasurer of Eastland County.

I would like to say in the outset that this is my own idea; I have not been asked to make this race by any committee, delegation, pressure group or organization. My motives for entering this race are purely practical, namely: I want the job, and feel that I am qualified to handle it honestly and efficiently. I feel that I may be of some service to the people of Eastland County. I do not feel that my introduction to my many good friends throughout the county, but to those whom I have not had the pleasure of meeting I would like to say that I have never asked for any public office before, and have no political ambitions for the future, other than this for which I am asking.

I was reared on an Eastland County farm from the age of two years, and have made it my home through over forty years as a rail-roader, (Express Department).

I am sixty-six years old and in good health. I am an active church member and try to do my part in community affairs.

I expect to see as many of you as possible before the July primary, and will surely appreciate your help, influence and vote.

I shall make this campaign strictly on my own merits and not on the demerits of anyone, and promise, if elected, to conduct

Stanley Webb Seeks Office of Assessor-Collector

Stanley Webb, Cisco implement dealer, has authorized this newspaper to announce that he will be a candidate for the office of Assessor or in the July Assessor-Collector election.

A native of Eastland County, Mr. Webb has been a resident of the county all of his life. He was born at Romney and has lived and worked in many parts of the county. He is a graduate of Cisco High School and has finished two years of college work.

Mr. Webb is active in the First Baptist Church of Cisco, is a member of the Cisco Masonic Lodge, the Lions Club and the Veterans of Foreign Wars. He is commander of the John Williams Butts Post No. 123 of the American Legion, Cisco.

During World War II, Mr. Webb served in the U. S. Army for 40 months, including a tour of duty in the European Theater of Operations. Upon his return from service, he formed the Cisco Equipment Company, dealers in farm machinery.

Mr. Webb is married and the father of two children, ages 7 and 4. His wife is the former Miss Ruby Jo Pounds of Gorman. Both Mr. and Mrs. Webb are in considerable demand for musical programs, as he is a baritone and she is a talented pianist. He is 38

John Barber Seeks Election For Sheriff

John Barber has authorized the Messenger to announce that he will be a candidate for Sheriff of Eastland County subject to the action of the Democratic primaries. Mr. Barber is well known in the county and he will make a statement to the voters concerning his candidacy later in this newspaper.

Methodist News Lively Brown, Pastor God's Hour

What is God's hour? It is the hour of divine worship in the church of your faith—the time of religious services in the church of your own choice.

When is God's hour? God's hour comes usually once or twice on the Sabbath day—the coming together for worship. The least we are asked to do is to give God one hour each week, but many persons, even church members, are not willing to do that. The deliberately use God's hour for some other purpose. They are cheating God and themselves!

What should we do with God's hour? When God's hour draws near in the church of our faith, give up all less important things and go to the house of prayer. Be loyal to your best self and to your God. "Seek Ye First The Kingdom of God."

RELIEF AT LAST For Your COUGH

Cremolone relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

CREMOLONE For Cough, Cold, Bronchitis

MANY NEVER SUSPECT CAUSE OF BACKACHES

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slow down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headache and dizziness.

If your doctor tells you due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used economically, they will relieve you over 50 years.

DOAN'S PILLS

Rank Sentimentalist

A SUCCESSFUL BUSINESS MAN, who has raised himself virtually by his bootstraps, was paying one of the prices for success. He was standing, chatting with a group of stuffed dowagers when one of them expressed her sympathy at his being born in a small coal town in Pennsylvania.

"What a pity," she said. "Why must you have been born there?" The man looked at her coldly. "I merely wanted to be close to my mother."

ASKING TOO MUCH

A farmer, whose barn was situated right on the township line, consented to let a party of surveyors work on his property when they asked permission. He watched them curiously and when they traced the line right through the big double doors of the barn he became alarmed.

"Say," he said, "yew farmers is measure'n fer th' new railroad ain't yeh?"

"Sure," replied the chief surveyor, who liked his little joke.

"Well," drawled the farmer, "I don't mind the railroad building tracks through my property but I'll be danged if I'm going to get up in the middle of the night to open the doors for the train to go through."

How Else?

Everywhere the contractor looked he could see nothing but orders piled up. Plenty of jobs, but no man power with which to do them. As he stood contemplating the mountain of unfilled orders he was amazed to hear an old familiar refrain. "Mister, have you got a job for me?"

He turned eagerly and grabbed the man before he could get away. He didn't seem much of a catch but he did say that he knew something about carpentry.

Glad of any help at all, the contractor sent the new man out on a housing job. A few hours later, when he went out to see how the man was getting along, he groaned at the sight before him. "For heaven's sake," he cried, "let me out to cut one hole in this roof. Why did you make two?"

The man looked at him and explained. "I had to make two. The first one was too small."

SLIGHT DELAY

Postal Inspector—"There have been complaints that no mail has been sent from this station for several weeks. What's wrong?"

New Postmaster—"Well, you see for yourself that the bag ain't nohowers near full yet."

Adequate Substitutes

"I can't understand you," said the spinster's nephew. "You seem so happy and contented and yet I've been under the impression that unmarried ladies usually are a little grouchy and irritable."

"Well," she explained, smiling. "I've got a fireplace that smokes, a parrot that swears, a cat that stays out half the night, and a dog that barks. What more do I want?"

TIME OUT

Wracked by an unprecedented number of questions after a lecture, the tired doctor finally asked if there were any more questions. A young man raised his hand. "What time is it?" he asked.

SURPRISE!

Four minutes after the end of their honeymoon, the couple fell in love all over again. It was a hit show on Broadway. The tickets were a note which she sent these.

"Guess who sent these?"

On the appointed evening they went to the theater, returning very late. To their astonishment, everything of any value in the house had been removed.

On the living room table they found a note.

"Now you know."

Natural Alarm

There is a valley in Scotland noted for its long echo. A Scot was demonstrating the echo to a Swiss visitor one morning and they timed it. It took exactly three minutes for the original "Hallo" to come back to them.

The Scotchman looked proud. "I imagine you have some pretty fine echoes in Switzerland," he commented. "But do you have anything that lasts as long as that?"

The yodeler thought a moment. "I believe we have something that might compare with it," he said. "In fact, there is a valley near my home town that had a rather good echo. When I go to bed each night I put my head out my window and shout, 'Wake up, wake up. Time to get up,' and eight hours later the echo returns and serves as my alarm clock."

COULDN'T SPARE IT

"It's a sad case," the doctor said. "I'm afraid your wife's mind is gone, Mr. Flaherty."

"I'm not surprised a bit, doc," answered Flaherty. "She's been giving me a piece of it every day for the past 12 years."

A Bit of Doing

Grands was trying to impress his grandson the futility of fighting the enemy theory. "But he might become an enemy," he pointed out. "and then you might have a lot of trouble with him later on. Take me for instance, I get along very well with everybody. I haven't got an enemy in the world."

"No, sir," replied the lad. "Jimmy's my friend."

Grands didn't want to get involved in that issue so he adhered to the enemy theory. "But he might become an enemy," he pointed out. "and then you might have a lot of trouble with him later on. Take me for instance, I get along very well with everybody. I haven't got an enemy in the world."

GONE WITH THE WIND

Mistress: "The machine is gone. What happened to it?"

Man: "I cleaned out the case with the Vacuum cleaner."

Always Are

Smiles were beamed across the restaurant tables between a man and a woman almost at opposite ends of the room. She lost interest soon, though, and before he could follow up his initial advantage he had frozen completely.

Turning to a man who had paused beside him to light a cigar the disappointed diner said in a rather resigned tone: "Women certainly are fickle, aren't they? That second man over at that table was flirting with me only a few seconds ago and now she looks as cold as an iceberg."

"Yes," agreed the man, "my wife is very unpredictable."

Vitamins Hadacol Helps Textile Workers Stay On The Job

The great textile mills of the Carolinas are booming again with shifts working day and night to turn out the nation's finest materials, and HADACOL is doing its part to keep folks on the job.

Many textile workers have reported the wonderful relief which has been brought them by HADACOL with its five B vitamins and four important minerals. Two of these workers, a young father employed by the great Cannon Mills at Kannapolis, N. C., and a mother, working at a mill in Salisbury, N. C., recently told how HADACOL had helped them keep them on the job.

Jay W. Barnhardt, Route 8, Box 343, Kannapolis, N. C., is 30 years old and the proud father of two children.

Mr. Barnhardt works in the Cannon Mills call for a great deal of standing up.

"I had been ill for several years," said Mr. Barnhardt as he explained how close he came to having to give up his work. "I suffered with a weak stomach. It became worse and worse with gastric disturbances. I just could not hold food and no food agreed with me. I could not sleep at all. Finally I became so sick that my legs got weak as I worked in the mill each day."

Mr. Barnhardt, like so many sufferers, had tried many preparations without relief, when he heard about HADACOL.

"After the second bottle of HADACOL I began to feel better and to regain the weight I had lost," said Mr. Barnhardt. "My digestion became normal again and today I am as well as ever. My legs no longer bother me. I eat and enjoy my food. I sleep well and have plenty of energy."

Mr. Barnhardt has taken several bottles of HADACOL and now takes the famous vitamin and mineral preparation to help stay well. He has had his wife take it with wonderful results and has recommended it to his friends in the mill.

Mrs. Maggie H. Poole, 1503 Caroline Avenue, in Salisbury, N. C., had become so ill that she was forced to give up her work, but soon after hearing the wonderful news about HADACOL she was back on the job and was being well ever since.

"I had been, weak and nervous," said Mrs. Poole. "I suffered indigestion and food didn't agree with me. I also had headaches. After taking five bottles of HADACOL I felt good and was back on the job at the mill. I had tried so many things that I had had COL many was a

real blessing to me. I have more appetite and eat what I want to. I feel better than I have in a long time.

Mr. Barnhardt and Mrs. Poole were both suffering from a lack of B Vitamins and the Minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

A lack of only a small amount of B Vitamins and certain minerals will cause digestive disturbances...

Your food will not agree with you... You will have an upset stomach... You will suffer from heartburn, gas, pain and indigestion... Your food will sour on your stomach and feel all wrong... You will be unable to eat the things you like...

Mrs. Poole is in misery afterwards. Many people also suffer from constipation. And this is a symptom which may be the result of other causes, they are sure and certainly the signs of lack of B Vitamins and Minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and minerals which your system lacks.

It is easy to understand, therefore, why countless thousands have been helped by this amazing tonic, HADACOL.

So it matters not how old you are or who you are... it matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation HADACOL a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered from lack of B Vitamins and Minerals for even longer, are able now to live happy, comfortable lives because HADACOL supplied the vitamins and minerals which they systems needed. Be fair to yourself. Temporary relief is not enough for you. Give HADACOL a trial!

Insist on the genuine HADACOL. Don't be misled. Accept no substitute.

Sold at all leading drug stores. Retail size only \$1.25, but save money by the large family and hospital size, only \$3.50. If your druggist does not handle HADACOL, order direct from the LeBanc Corporation, Lafayette, La., and when the postman brings you your package and postage. If you remit with the check, we will prepay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

Pressure Saucepan Saves Time and Fuel

In a competition about time the pressure saucepan has won an assured place in the kitchen, according to Miss Daley in an article in Carbon Messenger, "The best known farm machine of the day saves time and fuel. Many different foods may be prepared in a pressure saucepan. It is particularly good for those who need long cooking. "Pressure cooking," Miss

Daley says, "preserves food value, color and flavor."

A few rules of operation are important:

1.—Never fill the pan more than two-thirds full.

2.—Be sure that steam flows steadily from vent before you close it.

3.—Wait until weight or pressure control jiggles or hisses or cooking indicator is at right position to your directions before you start counting time. Then reduce the heat and let cook for specified time.

4.—Reduce the pressure as each recipe indicates.

5.—After pressure is reduced, be certain to remove the weight, or lift the pressure control, before removing cover.

Some farm women are doing a limited amount of canning in their pressure saucepans, Miss Daley points out.

THAT'S WHAT I CALL REAL SERVICE

And You ALWAYS Get It
When You Use

McCormick Equipment

One day, right in the middle of harvest, a customer hurried in and asked for a replacement part for his 10-year-old combine. I went to the parts bin, and as I came back and plunked the part down on the counter, he grinned and said:

"That's what I like about using McCormick equipment. When I do need a part, you always have it or can get it right quick."

"He seemed to walk out, and I said, 'How about letting our service men put that part on for you? Your machine might need a little adjustment here and there, and he can do that at the same time.'

He thought it over for a minute, and laid the part back on the counter. "Go ahead," he grinned. "I've got a couple of other things to take care of here in town anyway. The combine is standing in the field south of the house."

He turned to go, and I mentioned, "If you're not at home by the time he puts on the part, I'll have him try the combine and look it over thoroughly and give you a report. Maybe we can get together and arrange to fix it ahead of time for next season and save you time and trouble."

"Go ahead," he agreed again. "That's what I call real service!"

More Peanuts From fewer Acres

With the prospect of another peanut acreage reduction, many farmers will find it imperative that they raise more peanuts per acre. The use of more fertilizer will help. The use of a well cured fertilizer that is guaranteed to put out will save time and money.

The use of ground peanut hulls and lime rock as a conditioner in mixing PABAK and HEART OF TEXAS fertilizers adds to the plant food value as well as making the fertilizer easy to put out.

HEART OF TEXAS fertilizer contains the following trace elements, vital to a good peanut production: Manganese Sulphate, Copper Sulphate, Iron Sulphate, Borax, Zinc Sulphate and Magnesium Sulphate.

Blank Misdemeanor Line of Defense In-Law Difficulties By Will Bernard, L.L.B.

State laws vary. For personal guidance, see your local attorney.

Is it a Crime to Shoot Blank Cartridges at Someone?

A playful youth got very drunk one Christmas Eve, and decided to "have a little fun" taking an old-fashioned shotgun from the attic, he loaded it with powder and went down to the railroad station.

pot, the youth gleefully fired away at the engine. Arrested for assault, he protested that he wasn't guilty—since there weren't any bullets in the gun.

Ignorant people who suppose that missionaries are only the "culis" of the church don't know the facts.

The reason for this, he believed, is that only in missionary families do you find that both parents, and not just one, have to go through the rigid sifting process.

SAUL or Paul, who came rapidly to the front in the missionary team, was all for efficiency.

In the synagogues he would find the most religious people in the city, people who already believed in the One God and who took seriously the Law and the Prophets.

They were not fly-by-night evangelists, leaving behind them only an ebbing wave of emotional excitement.

THE HOLY SPIRIT IS ANOTHER, and most important, way in which this first missionary effort has set the pace for all since.

But to this very day, if you want to find people who know about the Holy Spirit at first hand, who know what it means to depend on the Spirit and to be used by Him, then get acquainted with your church's missionaries.

What to so many of us churchgoers is only a name, to them is the deepest reality by which they live.
