Need Important Information On Farm Price Supports Graduating Class

In order to maintain price sup ports and production figures of the various crops the government is asking for the acreage of all crops grown on every farm in the county for the years 1945 thru 1948. These figures must be obtained for every farm in the co It is very necessary that you submit the correct information on your farm as requested or it may delay or make you ineligible to participate in future price support programs on cotton, wheat, grain sorghums and other farm crops.

This is the farmers program and cooperation will help and the other farmers in Eastland County. In order to save time and driving, members of the AAA office will bring the forms to your community centers for the signup programs. Each farmer will where their community meeting will be held.
