Golden Wedding Day Is Observed By Local Couple

Mr. and Mrs. Lee Weaver celebrated their Golden Wedding Anniversary at their farm home south of town last Sunday when more than 200 friends and relatives called at the home to wish this worthy couple many more happy years together.

Both Mr. and Mrs. Weaver were born in Coryell County but have resided on their farm near Carbon for many years where they reared their family of five children and where he was engaged in farming until about a year ago when he retired due to his health.

Lee and Mary Weaver are noted for their musical talent and both have been playing the fiddle since they were about 12 years old. Since his retirement Mr. Weaver has made a hobby of carving fiddles and he made their current instruments "with a pocket knife and an ax" which have the mellow tones of musical instruments fashioned with precision tools. They entertained those who called with a lively concert.

The couple started the second half century of their married life with an exchange of new wedding rings to the strains of the music to which they have lived in harmony for the past 50 years. Both were presented a Bulova wrist watch by their children and numerous other beautiful and useful gifts were received from well-wishers.

All the children were present for the gala occasion. They are Vernon and Chester Weaver of Fort Worth, Clyde and Woodrow Weaver and Mrs. Lettie Mae Worley of Levelland.

Among other out of town relatives and friends who called were: D. N. House and wife of Brownwood, Cecil Weaver and family of Tahoka, F. E. and T. L. Weaver and Mr. and Mrs. Norman of Southland, Mr. and Mrs. Baxter Bennett, Mr. and Mrs. Harl Obrien and Mr. and Mrs. Roy Lane all of Eastland.

Baptist Church to Begin Additional Buildings Soon

The first shovel of dirt was turned over Monday morning at the First Baptist Church of Carbon for the new educational building to cost in the neighborhood of \$3500.00. All day Monday and Tuesday sand was hauled and piled near the site of the proposed new building. Crushed rock will be hauled in the near future to mix with the sand and cement to make the foundation and cover the nearly 2,000 square feet of floor space. The walls will be built of Texcrete and the roof of composition shingles, ceiling will be either celotex or sheetrock.

This is to be one of the best and most up-to-date buildings of its kind. It will be equipped with a kitchen, nursery, Sunday school rooms, rest rooms and a small assembly room in the center.

Actual building will begin as soon as all the pledges are in. It is proposed to buy all the material necessary at one time and thereby save on delivery cost.

Senior Play

The seniors present their annual play tonight at 7:45. By special arrangement with the Ivan Blom-Hardin Co. of Des Moines, Iowa, they will give "The Curse of the Incas". This is a three act mystery with many thrills. We are expecting YOU at the high school tonight.

Card Of Thanks

We wish to express our sincere gratitude to our friends and neighbors for their words of sympathy, the nice cards and letters, and the lovely floral offering at the passing of our dear father and brother, A. A. Edmondson. May God bless each of you.

Mr. & Mrs. James R. Gilkey, Jr.
Mr. & Mrs. E. A. Edmondson
Mr. & Mrs. Bill Edmondson

Miss Johnnie Mae Finley of Wichita Falls and Miss Beulah Speer of Eastland were visiting friends here Sunday.

Ain't It So

Philosophy works better when you are well than when you are sick.

It is remarkable that in many cases when a man contracts amnesia the first thing he forgets is his wife.

The shoe manufacturer who believes in advertising is the one who leaves footprints in the sands of time.

Druggists sell golf balls because they, too, are the kind of pills that promote health.

No boy thinks an artificial swimming pool is as good as the swimmin' hole he and his mates discovered.

Colonial Laws Launched Public School Systems

The Massachusetts' school law of 1642, which declared that all children should be taught to read, was unprecedented in the English-speaking world.

At first, the colonial school system was—traditionally—voluntary and subordinate to the church. When it became apparent that voluntary efforts could not guarantee general education, the general court enacted the law of 1642.

In 1647, the Massachusetts' general court set another precedent by ordering a school system established and maintained, fixing the tradition by which educational facilities are provided to enable the state to better enforce the educational obligation it imposes upon parents.

BACKACHE TORTURE?

SORETONE Liniment's Heating Pad Action Gives Quick Relief!

For fast, gentle relief of aches from back strain, muscle strain, lumbago pain, due to fatigue, exposure, use the liniment especially made to soothe such symptoms.

Soretone Liniment has scientific rubefacient ingredients that act like glowing warmth from heating pad. Helps restore fresh surface blood to superficial pain area.

KEEPS REGULAR
Without Harsh Laxatives

"As long as I can remember, I was irregular. Then I began eating **KELLOGG'S ALL-BRAN** daily, haven't taken a laxative since!" Mrs. D. V. Powers, 1240 Alameda Ave., San Gabriel, Calif. This is one of hundreds of unsolicited letters from ALL-BRAN users. ALL-BRAN may help you too if constipation is due to lack of bulk in the diet! Eat an ounce daily, drink plenty of water.

If not satisfied after 10 days, send the empty carton to Kellogg's, Battle Creek, Mich. Get **DOUBLE YOUR MONEY BACK!** By today.

Relieve distress of MONTHLY FEMALE WEAKNESS

Are you troubled by distress of female functional periodic disturbances? Does this make you suffer from pain, irritability, nervous, tired, at such times? Then go try **LYDIA E. PINKHAM'S** Vegetable Compound to relieve such symptoms. Pinkham's has a grand soothing effect on one of woman's most important organs!

That Nagging Backache

May Warn of Disordered Kidney Action
Modern life with its hurry and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—throws heavy strain on the work of the kidneys. There are apt to become over-taxed and they are apt to become the chief impurities from the life-giving system.

Trail of The Cross

Lesson for April 3, 1949

THE TURNING-POINT in Jesus' career was dramatic. But the few friends who were present did not then realize what it meant. On a vacation journey, Jesus put to his most intimate friends this question: "Who do men say that I am?" Peter's answer, "Thou art the Christ," may sound obvious to us, but it was not obvious then.

It was sensational, so much so that Jesus did not want the publicity that would come to him if that name "Christ" were freely circulated. For the word "Christ" meant nothing less than "King." To the Romans it would sound like treason; and to the Jews it would sound like Judgment Day.

When Peter said, "You are the Christ," he was implying also: "You are immortal. You are the coming conqueror of the world. You are not in the same class with any other man. You will do for mankind what no other hero has ever done."

God's View and the Devil's

ON ALL THAT glowing devotion Jesus' next announcement fell like icy rain.

For Jesus had announced what to them seemed impossible, absurd; He, the Christ, would be killed! Small wonder that Peter broke out—No, Not! But Jesus would not compromise. He even called Peter "Satan" for thinking as he did.

The Christian church agrees with Jesus, not with Peter. We realize today a Peter himself did afterwards, what the Cross of Christ means.

Buddha, founder of a very different religion, died in old age of over-eating. Can you imagine Jesus doing that? Suppose Jesus had taken Peter's advice and made arrangements to retire comfortably when he would never see a cross? Then we never should have heard of him. He would not have been worth hearing from.

One Cross is Not Enough

YES, WE KNOW now that the Cross of Christ is important. But we are a good deal like Peter, after all. For we do not listen to what we do not like to hear. And the next words of Jesus, on that historic occasion, must have sounded then as they do now, most chilling of all: "Whoever would come after me, let him take his own cross and follow me."

Translated into modern terms, what Jesus said would sound as horrible as this: Any man who wishes to follow me must take his seat on the electric chair... must take his place in the lethal chamber... must put his neck in a noose... and follow me.

One cross is not enough. There must be other crosses. My road is a death-march. I want for my followers only those who are willing to take the same trail.

Trail of The Cross

SUCH WORDS sounded harsh then; they do still. But in the light of the centuries, we can see what Jesus meant, better than that little band of frightened men around Jesus who did not want to hear the words "suffer... die." Jesus was not advocating pain for pain's sake.

Why did Jesus set his own face toward the cross? The Christian answer is, He did it—for others. Now what is wrong with the world today? It isn't that we don't wish our neighbors well; but if we wish, we don't want to be bothered, our good-will is too tender to stand any strain, we will do anything for other people provided it doesn't hurt.

But the world can be saved only as men and women imitate and multiply the spirit of the crucified Christ.

AROUND THE HOUSE

Alternate wearing of two pairs of shoes, so that you don't wear the same pair two days in a row, helps both pairs wear longer.

A cloth dampened with alcohol will remove dust from candles without lessening their original luster.

Paint the top and bottom step of the basement stairs white; this makes them more conspicuous and minimizes the hazard of stepping off the top step or missing the bottom one.

Wrap left-over food in waxed paper to conserve space in refrigerator, while keeping food moist and flavorful.

Darkened or discolored aluminum cooking utensils can be brightened by boiling a solution of cream of tartar (2 teaspoons of cream of tartar to one quart of water) in them for several minutes.

Flower holders or frogs will not slip if a little melted paraffin is placed in the bottom of the holder.

ATTENTION Cotton Farmers

There will be no allotment for the 1949 cotton crop, but probably will be one on the 1950 crop, according to best information from observers in Washington.

In order to stay in cotton production after 1949 it is essential that you plant adequate acreage in 1949!

If the allotment plan now being promoted is adopted and applied in 1950 it will greatly reduce acreage below the 1948 level. Unless Texas' acreage is reasonably large in 1949 cotton in Texas may be drastically reduced in 1950. This could mean a great loss in income for Texas farmers and everyone who has anything to do with cotton.

Your BEST Cash Crop!
 Cotton has always been the farmer's safest and best bet for a cash crop if he farms in a cotton country. Be sure to plant enough cotton this year to establish a good cotton allotment.

Attest: Roy L. Lane Clerk,
 91st Dist. Court, Eastland County, Texas

By Mattie Doyle Deputy.

THE STATE OF TEXAS CITATION BY PUBLICATION

To: Luther Garner and if he is deceased, his unknown heirs, administrator, executor or legal representative James Seth Abernathy and if he is deceased, his unknown heirs, administrator, executor or legal representative Defendants.
 Greeting:

You are hereby commanded to appear before the Honorable 91st District Court of Eastland County at the Court House thereof, in Eastland, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of May A. D. 1949, then and there to answer Plaintiff's original Petition filed in said Court, on the 14th day of March A. D. 1949, in this cause, numbered 20,506 on the docket of said court styled J. N. Jordan, Plaintiff, vs. Luther Garner, James Seth Abernathy, T. S. Ross and B. F. L... Defendants.

A brief statement of the nature of this suit is as follows, to wit:
 This is a suit to partition of minerals on the following described land, and premises, to wit:

A part of the S. E. 1/4 of Section 21 Block 1, H & TC Ry. Co. Survey in Eastland County, Texas, Abstract 294, described as follows: Beginning 33 1/2 vrs. West of the S. E. Corner of said Section 21, Block 1, H & TC Ry. Co. Survey, this is also the Southern S. W. Corner of the W. L. Gillis tract of land, a stake for corner (Bearings): Thence North with the sub-division of W. L. and Walter Gillis 290 vrs. to stake set in ground for corner (Bearings): Thence West 329 vrs. to stake; thence North 660 vrs. to an oak stake in the North line of this 1/2 sec. for N. E. Corner of this tract (Bearings):

Thence West 284.6 vrs. to the N. W. Corner of this tract;
 Thence South 920 vrs. to the S. W. Corner of the S. E. 1/4, Section 21, Block 1, H & TC Ry. Co. Survey, to the place of beginning, containing 65 acres of land, as is more fully shown by Plaintiff's original Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Eastland, Texas this the 14th day of March A. D. 1949.

Attest: Roy L. Lane, Clerk,
 91st District Court, Eastland County, Texas
 (SEAL)

DISCOVERS MINIATURE DEVICE FOR THE DEAF

Chicago, Ill. — A big improvement has been made in a new device now welcomed by thousands of deafened. It is so small it fits in the palm of the hand. Its clear noiseless tone is so efficient that even faint voices are understood. With it thousands now enjoy music, sermons and friendly companionship. Finger tip controls permit you to adjust it into controlling sound conditions. Accepted by the American Medical Association's Council on Physical Medicine. The makers of Bel-tone are so proud of their achievement they will gladly send you free descriptive booklet on how to overcome deafness and explain how you may try this miniature device in the privacy of your home without risking a penny. Send post card to Mr. Chris Durbin, 204 N. Ervay St., Dallas, Texas. Write today.

Woodman, Spare That Oak Tree

American tourists in Mexico are impressed by the palatability of bread containing a percentage of acorn flour.

Large stores of the nuts have been found buried in prehistoric village sites of northern Italy and Switzerland; and acorns are still eaten, either raw or cooked, in Crete and Greece—as doubtless was customary in prehistoric times, judging from the oak forests along the slopes of Taygetos, etc.

Sulfas Cause Egg Slump—but

The American Veterinary Medical association warns poultrymen against reaching for the sulfa bottle too frequently.

In a recent experiment, the production of 671 birds given sulfa for periods of from three to six days dropped 50 per cent; and, compared with a control group of 430, it took the sulfa-treated hens a month to reach a rate of production equalling that of the untreated hens.

The association points out, however, that this argument is not against the use of sulfa drugs when needed, but rather a note of warning against their overuse.

N. E. Club Meets

The N. E. Club met with Mrs. L. P. Barnett last Wednesday afternoon. There were fourteen ladies present, some of whom spent the afternoon quilting on the hostess' quilt while others were busy with their handwork. Refreshments of chocolate cake, chocolate ice cream and iced tea were served. The last meeting was held in the home of Mrs. W. S. Maxwell on Wednesday of this week.

Attention Farmers

The second class meeting of the adult class will be held Monday night, April 4, in the vocational agriculture building. Henry Turney of Dublin will give a talk on native grasses. Paul Creech of Eastland will show 2 films on soil conservation. Jack Wheat, rural representative for Texas Electric, of Eastland will have a film on native grasses.

All farmers who wish to attend these classes are welcome.

Mr. and Mrs. J. H. Armstrong of Eastland, Mrs. Jack Dabney of Abilene and Mr. and Mrs. A. N. Mahan of Morenci were Sunday guests of Mr. and Mrs. W. M. Dunn.

To The People of Carbon and Eastland County:

May we call your attention to the fact that a county Trustee-at-Large is to be elected Saturday, April 2, 1949. Dr. P. M. Kuykendoll of Ranger, Texas has been serving on this board for a number of years.

Dr. Kuykendoll has given much of his time for the betterment of the schools of Eastland county. His entire effort has been directed toward the best for the school children of Eastland county. His aim is to see that they have the best that can be secured for them. His knowledge of the school laws assist him in making vital and important decisions.

Dr. Kuykendoll has served on this board at a loss financially. He has merely agreed to allow his name to go on the ticket because of the service that he might render to the school children and the people of Eastland county. He has faithfully and diligently discharged the duties of this office in an impartial manner without fear or favor.

This election will be held at the same time and place as the election of the local trustees.

So please go to the polls Saturday, April 2, 1949 and vote for Dr. Kuykendoll for County Trustee-at-Large.

(Friends of Dr. P. M. Kuykendoll)

Peanut Seed

We are offering for sale again this season the uniformly graded peanut seed which proved so successful last season. We have selected the best peanuts we purchased in Texas and Oklahoma and stored them separately for planting seed. These are free from damage and have a high sound Mature Kernel content. They will be carefully shelled, graded and hand picked. Your choice of Arasan, Ceresan or Spergon treatment. You are invited to see our stock of peanuts before they are shelled. The Oklahoma peanuts made a higher yield per acre than Texas peanuts and averaged a higher 3M.K content. You may prefer them for seed.

We are now booking seed peanuts at 20 cents per pound. A small deposit will protect you from any increase in price. You may call at our office or Jay Grocery and Market.

Fertilizer

Introducing the Heart Of Texas Brand Peanut Special Fertilizer. By adding trace elements to the Guaranteed State Analysis, we have developed a more complete plant food.

This new fertilizer contains Manganese Sulphate, Copper Sulphate, Zinc Sulphate, Iron Sulphate and Borax. These are present in small but important quantities. Also the use of some ground peanut hulls add plant food value to the fertilizer and makes it put out better. Come by and let us explain the advantages of this new fertilizer.
