D. M. Driver and family and Mrs. Tom Hudgins of Midland visited their parents, C. A. Driver and wife, last week.

Mrs. Roy Pierce visited her son, Lee Roy Pierce, and wife of Cisco last week.

Mr. and Mrs. R. T. Vaughn are visiting their daughter and family, Mrs. Paul Jordan, of Wickett.

L. P. Barnett and family and Mrs. W. S. Maxwell spent the week end with Bill Vencil and family of Jayton.

Mr. and Mrs. O. G. Reese spent the week end with Mrs. Pearl Bennett of Eastland.

Mrs. Helen Lovett has returned home after an extended visit with her daughters in Fort Worth and Overton.

Miss Maud Brooks of Ft. Worth spent the week end with her sister, Mrs. Allie Gilbert.

Roy Lewis and wife of De Leon visited C. C. Fenter and wife Sunday.

Joe Tucker and wife of Colorado City visited their parents, Roy Tucker and wife and George Snodgrass, Sunday.

Daphne Snodgrass is visiting her brother, Billie Snodgrass, and wife of Clifton, Ariz.

Supt. and Mrs. T. E. Robertson were in Mineral Wells Saturday to attend the funeral of her cousin.

Community Club Is Organized At Thursday Banquet

At a banquet held at the High School Cafeteria last Thursday night, a community club was organized which will be patterned along the lines of a chamber of commerce.

Cyrus Justice was elected president, L. R. Higginbottom, vice-president and Harry Crow, secretary-treasurer. The organization will consist of farmers and businessmen of Carbon devoted to the principals of increasing business and farm output in Carbon and community.

L. R. Higginbottom, vocational instructor, with the Eastland County Vocational School, presided at the meeting and introduced H. J. Tanner, manager of the Eastland Chamber of Commerce, who presented reasons why such an organization is necessary to every community.

Tanner mentioned that by organizing, the ablest men will be enlisted for service, public spirit will be unified, sound opinions will be expressed, ideas of community development will be expressed and it will mean better business and farming to the community.

Buck Piekens of Eastland who is with the Texas Electric Service, also spoke on the benefits of the newly-started club and expressed hopes for continued cooperation of Eastland and Carbon. Mr. Higginbottom also called on several others for short talks before introducing the principal speaker for the evening, Bob Stone of the Texas Electric Territorial Development division.

Stone spoke on the vast opportunities which he before the farmers of Texas. His talk, "A Challenge to Ingenuity" was highlighted by samples and demonstrations of raw materials and waste products which have been developed into profitable finished materials.

The meeting went off in a very enthusiastic way and was enjoyed by all present with about 75 men in attendance. Another meeting is planned for the near future at which time a name will be selected for the club. Watch the Messenger for the date of the next meeting.

Mrs. H. Hall Is Hostess To '38 Study Club

The '38 Study Club met on Saturday afternoon, March 12, with Mrs. Hall. Because of the absence of Mrs. C. G. Stubblefield, Mrs. W. W. Martin acted as president.

Roll call was "Tall Tales About Texas." These were both interesting and amusing. Mrs. Martin exhibited pictures showing that Texas has some beautiful places.

Mrs. Hall's talk as leader, embraced both "truth" and "brag" about Texas. Mrs. H. G. Hines talked of trees in Texas. This included trees in general, and special trees commemorating historical events that transpired in Texas.

Mrs. Greer discussed Texas minerals including special known hidden treasures that have never been located.

Members retired to the dining room to work a picture puzzle on Texas, and eat a picnic refreshment of salted nuts, coca-cola and hot popcorn.

At this meeting a new member, Mrs. C. S. Eldridge, was welcomed into the Study Club.

N. E. Club Meets

The N. E. Club met Wednesday afternoon, March 9, with Mrs. Merle Campbell. We revealed our secret pals and drew pals for the next quarter. Every one was busy with their crocheting, embroidery and quilt piecing.

Refreshments of plum and chocolate pie, coffee and tea were served to 12 members.

Mr. and Mrs. Enell Allison and baby of Big Lake spent the week end with their parents, Ed Allison and Henry Lovell and wife.

Bob McGregor and wife of Patricia spent the week end with his parents, J. T. McGregor and wife.

Mrs. Fannie O'Brien visited her daughter, Mrs. John Edwards, and family of Abilene last week.

Mrs. Brocker and Cliff Kandy and family of Cross Plains visited Fred Foley and wife last week end.

Local Boy Serving On Fleet Oiler USS Pawcatuck

Fleet Home Town News Center, Great Lakes, Ill.—Herbert Ronald Payne, seaman apprentice, USN, son of Mr. and Mrs. O. C. Payne of Carbon, is serving aboard the fleet oiler USS Pawcatuck.

The Pawcatuck is engaged in Fleet Tactical Exercises in the Western Atlantic and Caribbean Sea areas. Her mission, along with that of seven other ships comprising Task Force 29, is to replenish the fighting vessels of the Second Task Fleet with food, fuel and other supplies.

Caribbean ports of call include St. Thomas, Virgin Islands; San Juan, Puerto Rico; Kingston, Jamaica; Port of Spain, Trinidad; and Guantanamo Bay, Cuba.

Payne entered the Naval service Sept. 28, 1948 at the Naval Recruiting Station, Abilene, Texas. Before he entered the Navy, he attended Carbon High School.

Notice of City Election

Notice is hereby given that a City Election will be held in the city of Carbon on April 5th, 1949, the same being the first Tuesday in April, at which election a Mayor and three Aldermen are to be elected, the terms of J. W. Jackson as Mayor, Lee Fields, Ben Stephenson and L. P. Barnett as Aldermen, expiring.

J. W. Jackson, Mayor

Notice of Trustee Election

A trustee election has been ordered by the Carbon School Board to be held Sat., April 2, 1949 to elect two trustees. The terms of J. B. Caille and E. H. Cook expire at that time.

Ross Hines of Lubbock visited Carbon relatives last week end.

Mrs. T. G. Jackson, Jr. and son, Steve, of Phillips are visiting Mr. and Mrs. J. L. Black and Meredith

Earl Tonn and family of Fort Worth spent the week end with Elmer Bethany and family.

Hard of Hearing Now Hear Clock Tick

A new device has been developed to give hope for the hard of hearing. Through the adoption of a new miniature electronic tube, science now brings restored hearing to the deafened. No more cumbersome batteries or battery cords needed. This new device weighs only a few ounces yet so powerful the hard of hearing may now hear whispers. It is suggested, if interested, for yourself or a friend, write Box 2461, Dallas, Texas.

DISCOVERS MINIATURE DEVICE FOR THE DEAF

Chicago, Ill. — A big improvement has been made in a new device and welcomed by thousands of deafened. It is so small it fits in the palm of the hand. Its clear round tone is so efficient that even faint voices are understood. With it thousands now enjoy music, sermons and friendly companionship. Finger tip controls permit you to adjust it instantly to changing sound conditions. Accepted by the American Medical Association's Council on Physical Medicine. The makers of Beitone are so proud of their achievement they will gladly send you free descriptive booklet on how to overcome deafness and explain how you may try this miniature device in the privacy of your home without risking a cent.

Send post card to Mr. Chris Durbin, 204 N. Ervay St., Dallas, Texas. Write today.

THE HOME TOWN REPORTER

IN WASHINGTON

WALTER SHEAD, WNU Correspondent

What ECA Means

YOUR HOME TOWN Reporter has been particularly interested in the testimony before the senate foreign relations committee with reference to the new appropriation of more than five billion dollars for the Marshall plan, or the economic cooperation administration, for the next fiscal period. What we particularly interested in finding out was what this new agency and its expenditure of billions of dollars for European recovery means to the folks back in the home towns and rural communities of the country who are putting up the money for its operation.

As yet we have heard nothing specific on this phase of the operation of ECA and we believe it to be vitally important to the continuity and success of the plan. The taxpayers generally are in favor of ECA for the reason they have been told it may prevent another war and that it has curbed communism in Europe.

We believe, however, that if we must keep going back to congress for additional billions, since the estimate is that it will take some 16 billion dollars to do the job, the taxpayers in the country should be told just what they are getting for this money, just what it means to them, just what is their stake in this plan and the expenditure of these billions. At this writing, that has not been done.

Secretary of State Dean Acheson told the committee that the situation in Europe from an economic standpoint is "vastly more encouraging than it was two years ago." "Improvement can be noted in almost every phase of the participating countries," Mr. Acheson said. Paul Hoffman, the able administrator of the ECA, told the committee that production in all lines, steel output, factory and mine output, electric power output, freight traffic, crops, earnings and exports in the participating countries all showed a high percentage gain.

Hoffman said he hoped European countries would balance their budgets, that ECA's economic objective could be attained by 1952, that he would prefer continued high taxes here to a slowing down in the European recovery program, and that he believed definitely that the ECA program would end June 30, 1952.

So far the ECA agency here in Washington has, with the exception of some information which has been given to the country by private sources and in magazines and other mediums for the dissemination of news, given only information good for technical and business magazines and other publications.

It has not attempted to show Joe Doakes out in Keokuk or Kokomo what the ECA plan and the expenditure of this money means to him personally and to the general welfare and well-being of the community in which Joe Doakes lives.

This reporter believes ECA is overlooking a lot and a necessary and important factor in the continued successful operation of the entire program unless it does just that. The folks back in the Home Towns are generous, they believe more or less vaguely that the Marshall plan is a good thing but still they would like to know in a very material and specific way just how they are benefiting, just what they are getting for this money, how it is being spent and how it affects each one of them individually.

Stamp-Lovers, Field Day

The philatelists are having a field day and the postoffice department is hoping the President will veto many of the 22 bills thus far introduced in the congress providing for issuance of special stamps. These bills run the gamut of special events all the way from memorializing the advent of the first Angola goat to anniversaries of cities, towns, prominent men and women, organizations and cotton textile manufacturing. Most of these bills likely will be passed.

A member of the house committee on postoffices and civil service said, "The post office can issue only so many stamps a year, but special stamps mean a lot to the member who introduced them so we usually pass them and then the President vetoes them." President Truman last year, however, let some get by him. Usually the postoffice department does not sell enough to pay the cost of lithographing or embossing.

ATTENTION Cotton Farmers

There will be no allotment for the 1949 cotton crop, but probably will be one on the 1950 crop, according to best information from observers in Washington

In order to stay in cotton production after 1949 it is essential that you plant adequate acreage in 1949!

If the allotment plan now being promoted is adopted and applied in 1950 it will greatly reduce acreage below the 1945 level. Unless Texas acreage is reasonably large in 1949 cotton in Texas may be drastically reduced in 1950. This could mean a great loss in income for Texas farmers and everyone who has anything to do with cotton.

Your BEST Cash Crop!

Cotton has always been the farmers' safest and best bet for a cash crop if he farms in a cotton country. Be sure to plant enough cotton this year to establish a good cotton allotment.

D. 1949, in this cause, numbered 20,477 on the docket of said court and styled Johnnie Mae Finley a feme sole, J. E. Finley and R. M. Finley, Plaintiffs, vs. Wilson W. Lowe, Wenta Lovell and husband O. D. Lovell, Elsie Mae Smith, husband Bart Smith, Finley N. Lowe, Melva Moorman and husband D. C. Moorman, J. M. (Gene) Lowe, T. G. Lowe, and Miss E. Simpson, a feme sole, Miss M. J. Simpson, a feme sole, Harry L. Girard, Mary Banning, a widow, John J. Donovan, Robert D. Clacher, Hugh Miller Rice, Maurice de Atermont, William H. Bennett, Eugene Brown and wife, Julia Brown, H. H. Caner, George Marcel, Miss Helen Mathewson, a feme sole, Arthur E. Rogers, George D. Donovan, Lawrence C. Cobb, John A. Gilligan, and Barbara Hecht, a feme sole, if living and the unknown heirs of the said Miss E. Simpson, a feme sole, Harry L. Girard, Mary Banning, a widow, John J. Donovan, Robert D. Clacher, Hugh Miller Rice, Maurice de Atermont, William H. Bennett, Eugene Brown and wife, Julia Brown, H. H. Caner, George Marcel, Miss Helen Mathewson, a feme sole, Arthur E. Rogers, George D. Donovan, Lawrence C. Cobb, John A. Gilligan, and Barbara Hecht, a feme sole, if deceased, and the unknown executors, administrators, guardians and legal representatives of the said unknown heirs and all persons unknown to plaintiffs who may claim to have some right, title and interest in and to the hereinafter described land and premises.

A brief statement of the nature of the suit is as follows, to wit:

This is a suit for partition and division of the surface and minerals in the following described property, located in Eastland County, Texas: Part of Section 18, in Blk. 3, H & T C By Co Survey;

Tract No. 1: North part of the N. E. 1/4, Section 13, containing 140 acres.

Tract No. 2: 100 acres out of the South part of the N. E. 1/4 and North part of the S. E. 1/4, Section 13.

Tract No. 3: 20 acres lying in extreme East side of N. W. 1/4 of Section 14, in all containing 260 acres, as is more fully shown by Plaintiff's Original Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Eastland, Texas this 17th day of February A. D. 1949.

Attest: Roy L. Lane, Clerk, 91st Dist. Court, Eastland County, Texas.

(SEAL)

By Mattie Doyle, Deputy.

When Your Back Hurts—
And Your Strength and Energy is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For this, many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headache, dizziness, getting up nights, leg pains, swelling, sometimes frequent and painful urination with smarting and burning in the bladder that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. See Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

THE BIBLE SPEAKS
International Union of Christian Workers
By DR. KENNETH J. FOREMAN

SCRIPTURE: Mark 6:7-12, 30-41; Luke 11:13.
DEVOTIONAL READING: Matthew 10:1-14.

Leadership School
Lesson for March 20, 1949

IT TAKES more than a call of God to be a Christian leader. It takes study, it takes work. The call is necessary, of course, but it is not all. Jesus set the church an example here as always. He called his Twelve; but he was not so foolish as to think that just because he had called them they were all ready to go out and take the lead. Jesus put them through what

Dr. Foreman may be called the first Leadership Training School in the history of the Christian church.

Who Was Enrolled?
THE TWELVE Apostles were the training class. Not all Jesus' disciples were equal to it; perhaps some of them actually did not have the time. But these Twelve had already been set off from the others, not because they were better men, but in order to do more direct service in Christ's name. There was nothing formal about Jesus' training school.

It met wherever he was at the time—in a house, or by the roadside, or on a hill-top. There were no set hours, no textbooks, credits or diplomas.

Jesus kept it going to the very end, for even after the Resurrection, as Luke tells us (in Acts 1) he was still teaching his Twelve.

What Did They Study?
THERE WAS no printed circular, no bulletin, no prospectus or catalogue. All the "courses" amounted to just one thing: learning to do what Jesus was doing. To this day, that is the aim of all Christian training.

Many a person now in some hospital for the insane need not have gone there if he had had the help that a well-trained minister can give.

Ministers today are not taught how to perform miracles like the feeding of the 5,000; but knowing that people's physical well-being has a great deal to do with their spiritual welfare, the alert young Christian minister of today will be keenly interested in Christian social action.

How Did They Learn?
THE TWELVE learned by doing. It is the only way you learn anything of a practical nature. Memorizing a textbook, memorizing rules, is not learning. You have learned how to do a thing only when you can do it. Of course you have to see it done, first. A boy on the farm learns to be a farmer by watching his father and helping him, more than from school courses in agriculture, useful as they are. There is nothing to take the place of apprenticeship under one who knows.

Will It Still Work?
THE METHODS Jesus taught are just as effective today as they ever were. Not all churches nowadays follow his line to the letter; in fact, most churches do not. But the basic principles which Jesus drilled into his first traveling representatives are still good. One is faith.

Missionaries in the 20th Century are required to take a great deal more equipment with them to their fields than one pair of shoes, one cane and an empty purse. Yet who can deny that any missionary of any church in China or in Korea today, must live by faith from day to day?

Another of Jesus' principles was direct contact. People are not won to Christ chiefly by sermons from pulpits, but by in-the-home contacts. Ministers know this, missionaries know it; Sunday school teachers ought to know it too. Getting acquainted with your boys and girls at their homes, and being a friend to them there, is what will give your Sunday teaching its greatest force and success.

FIRST AID to the AILING HOUSE
by Roger C. Whitman

QUESTION: My basement floor was painted some time ago, but the paint has worn off and I would like to fix up the floor so that the youngsters can use it for dancing. Because of the expense involved I would prefer not to lay asphalt tile. As it is now, there is powder about one-quarter-inch deep over the whole floor and the surface is not smooth, but full of small pin-holes.

ANSWER: You can treat the floor and get a good job, depending on how much labor you are willing to put into it. I would suggest that you look forward to laying asphalt tile as soon as you can manage it, for the tile would be much more comfortable underfoot than concrete, if the floor is to be used for dancing. In the meantime, you can paint the floor with an appropriate paint with a rubber base.

SAVE-A-DAY ROLLS
Make these delicious All-Bran rolls in a spare moment... bake them when you need them.

1 cup shortening
1 egg
1 cup Kellogg's All-Bran
1 1/2 teaspoons salt
1 cup boiling water

2 eggs, well-beaten
2 cakes compressed yeast
1 cup lukewarm water
1 cup sifted flour, or more

1. Measure shortening, sugar, All-Bran, salt, into large bowl; add boiling water, stir until shortening melts. Cool to lukewarm. 2. Stir in eggs and yeast softened in lukewarm water. 3. Add 1/2 the flour; beat 'til smooth. Add remainder, beat well. 4. Cover bowl closely. Refrigerate overnight or until ready to use. 5. Shape balls of dough to fill greased muffin pans about half full. Let rise in warm place about 2 hours or until double in bulk. 6. Bake in hot oven (425° F.) about 15 minutes. Yield: 2 1/2 dozen delicious rolls.

World's most famous natural laxative cereal—try a beautiful tomorrow.

Peanut Seed

We are offering for sale again this season the uniformly graded peanut seed which proved so successful last season. We have selected the best peanuts we purchased in Texas and Oklahoma and stored them separately for planting seed. These are free from damage and have a high sound Mature Kernel content. They will be carefully shelled, graded and hand picked. Your choice of Arasan, Ceresan or Spergon treatment. You are invited to see our stock of peanuts before they are shelled. The Oklahoma peanuts made a higher yield per acre than Texas peanuts and averaged a higher SMK content. You may prefer them for seed.

We are now booking seed peanuts at 20 cents per pound. A small deposit will protect you from any increase in price. You may call at our office or Jay Grocery and Market.

Fertilizer

Introducing the Heart Of Texas Brand Peanut Special Fertilizer. By adding trace elements to the Guaranteed State Analysis, we have developed a more complete plant food.

This new fertilizer contains Manganese Sulphate, Copper Sulphate, Zinc Sulphate, Iron Sulphate and Borax. These are present in small but important quantities. Also the use of some ground peanut hulls add plant food value to the fertilizer and makes it put out better. Come by and let us explain the advantages of this new fertilizer.

Available At Carbon Trading Co.
