Prince, Aaron Dover and princess, Emma Lee Wilson, duke, Jackie Lee Clack and dutches, Myrna Faye Caudle from the sophomore class.

A short program was given by a number of high school students.

Just before the coronation the Sweetheart of Sports, Lois Wyatt, was presented by the pep squad leaders, Esther Lee Gilbert, Mary Lee Harlow, Myrna Caudle and Jolene Treadway to Fred Brown and Charles McDaniel, football captain and co-captain, and Mack Stubblefield and Burl Caudle, basket ball captain and co-captain. She was presented with a beautiful bouquet.

One of the highlights of the evening was a basketball game by the local men. We do not have a list of those who played but there were about 14 men who took part and played a "wonderful" game that was enjoyed by all. Every one got a big kick and many laughs out of the game. Thanks to those who took part.

Local Teams End Basket Ball Season This Week

The boys and girls ended their basket ball season the first part of the week. The girls played their last game on Monday night at Putnam winning by a score of 33-35. It was a thriller from the start and our girls were never more than one point behind.

The boys closed the season here on Tuesday afternoon by dropping a game to Desdemona. The boys fought hard but were outclassed. Our boys took an early lead but soon lost it and were never able to stage a come back. Our B squad lost to them by 16-17 which was a very good game.

We are all proud of our boys and girls for what they have done this year. They were not able to use the gym floor until January 7, and therefore never had much practice. Although they did not come out winner, they came through with a fighting spirit.

We express our thanks for the support that you gave the teams throughout the season. With our gym now in use, we are all looking forward to a good season next year. On ye Wolverines!

Card Of Thanks

In this small manner, we cannot express the gratitude and thankfulness that we have for each and every friend that shared the horror and heartbreak of losing our baby angel girl. To each of you we wish God's richest blessings and may you have the comfort and help of God and friends in time of disaster.

Mr. and Mrs. G. L. Parker, Jr. and relatives

Feed Crops
Agriculture officials estimate that in 1915 it required 95,000,000 acres of farm crops to feed horses and mules in the United States, but in 1936 only 54,000,000 acres were required. Pasture requirements dropped from 90,000,000 acres to 52,000,000.

Ideal World

Lesson for February 27, 1949

ANY MAN with a revolutionary new idea has to try to explain it. Jesus was no exception. As a young teacher of religion, he had to answer the question which older teachers were bound to put to him: If your teaching is new, how can it be true? And if it is true, what can be new about it? This was a fair question. The Sermon on the Mount is Jesus' answer to it. The Dr. Foreman main theme of that sermon is the kingdom of God, an ancient phrase but with new meanings as Jesus used it. We can say "The Ideal World" and mean just the same thing.

Dr. Foreman main theme of that sermon is the kingdom of God, an ancient phrase but with new meanings as Jesus used it. We can say "The Ideal World" and mean just the same thing.

The Right People

JESUS EMPHASIZES, above all, the kind of people who belong to God's Ideal World. This would be surprising to some modern planners. Communists think that if you can once get a world in which every one has enough to eat and drink and wear, a world where nobody is poor (or everybody is as poor as everybody else, which is all the same thing), you will have the perfect world. Jesus would know this is nonsense. You do not get the perfect world by improving the soil, or the system of government, or the economic system.

But the fact is that even after you get your perfect social system with perfect politics and perfect distribution of wealth, even a perfect climate and soil, you would still be nowhere near the Ideal World unless you have improved your people.

Is This You

WHAT We call the "beatitudes" (Matt. 5:7-12) is Jesus' eight-point program for the citizen of the Ideal World. The right people are happy people, to begin with. (The word translated "Blessed" is a regular Greek word for "happy.") But the main difference between different kinds of people is not that some want to be happy while others do not.

Jesus' ideal people are humble, not proud; they see their sins and are sorry for them; they are "meek"—that is, they are not in a hurry to demand their own rights; they do not merely admire goodness, they are positively hungry for it; they are merciful, not careless or cruel; they are pure in heart and not only in speech and act.

Salt

DO YOU really want an ideal world? The best way to begin is to learn how to be a citizen of such a world. Jesus uses two interesting simple words to describe the kind of people he means. You are salt, he said,—you are light.

So there is no substitute for a really good Christian. Living here and now, like citizens of the ideal world to come, Christians are both salt and light.

Salt because they give a taste to otherwise flat or bitter life. Salt because they keep human society from going rotten.

Light

AND LIGHT! Like salt, light ought not to be too noticeable. A glaring light is bad on the eyes, as too much salt is bad on the tongue. So a Christian is not supposed to rub his goodness in on other people, so to speak. He is as indispensable as salt in bread—and should be as inconspicuous. But light, like salt, if it is any good has to be applied directly.

So the Christian, God's ideal citizen-in-training, can do the world no good by running away from the world.

If a Christian is going to leave this world better than he found it,—even a little bit farther on toward the Ideal World,—he must come into touch with the world, not to imitate it but to change it.
