Davenport Seeks Re-election For District Judge

Geo. L. DAVENPORT

is confident that every citizen of the district will agree that anyone elected to the district judge position assumes an important and serious responsibility, both to the litigants and to the public, and to meet this responsibility, one must devote his entire time and best efforts to the work.

Anyone serving as presiding judge can only succeed when he has the confidence, respect and whole-hearted co-operation of the citizens of his district. And too, one must be well-fitted from experience and training to deal with the many intricate legal problems that come before him. He must possess a judicial temperament, a spirit of fairness and a determination to try all controversies that come before him without fear or favor.

I have at all times recognized that the District Courts of our state are rightfully designated "the people's courts" and with this in view, I have undertaken to conduct the affairs of your court in such a way as to merit your approval. Your friendly and co-operative attitude in connection with my work as your district judge over the years is, and has always been, gratifying to me and

C. B. Cochran Found Dead At His Home Here

Funeral services for C. B. Cochran, 73, were conducted Wednesday afternoon at Nimrod, his former home before moving to Carbon about six years ago. Mr. Cochran died some time Tuesday and his body was found by a nephew, Verlon Ables, about 6:30 p. m., who went to investigate after failing to see him during the day. He was lying on his bed propped up with pillows and attending physicians said he likely died of a heart attack.

Survivors include two sisters, Mrs. C. V. Ables of Carbon and Mrs. Fiona Scherz of San Angelo, and some nieces and nephews.

He was born July 22, 1874 in Hun, County and had never been married.

Hammer Funeral Home had charge of the body and burial arrangements.

In Collision

Occupants of the car of Cpl. Bob Collins of Eastland narrowly escaped serious injury Sunday morning when his car was in a collision with a truck from Abilene on main street here. The Collins car was considerably damaged, but fortunately none of the seven occupants were seriously hurt. The most seriously injured was Mrs. Henry Collins, who was carried to the Blackwell Sanitarium where she was treated for cuts and bruises about the face.

High Wind Does Damage

The high wind Tuesday, which was accompanied by dust that will take the housewife several days to get rid of, did considerable damage to roofs. It also hit the gymnasium which is under construction causing a large portion of the north wall to fall. The damage was covered with insurance but will delay the completion of the gym for several days.

Tom Greer Enters Race For Comm. Precinct No. 2

In announcing my candidacy for commissioner of Precinct 2, I wish to say that I am a married man, 56 years old and a native of Eastland County. I have spent my entire life in the county. My education is limited, I went through the country schools and had one year in the Carbon High School, two years in Hankins Normal College.

I have worked on every road in the precinct, and most of them in the county. I think I know what it takes to build a road, as one of my honorable opponents has said, we have a wonderful highway system, but what of our byways. We have taxpayers in this precinct who have no way of getting out of a sand bed when it's dry or a mud hole when it's wet. If some of their loved ones got rattled, take bit, it would be impossible for them to get a doctor in time to save a life. My first thoughts will be the school bus and mail routes. I will work all public roads, one man is as important as another.

I don't believe the commissioners should take any part in the tax collecting, only as the law directs. I will always favor collecting taxes but the law says it is the duty of the tax collector to file the tax suits and the duty of the District Attorney to prosecute them; however, if the District Attorney thinks he hasn't the time on account of criminal cases, he can sign a waiver and the commissioners can hire a collector. How many of Eastland County to hire someone? I have been told that all tax contracts that were let to local lawyers were a failure, or the biggest percent were, which may be true, but is it not because they can't, but because they want. We have a local attorney working for Mr. Walker now and doing a swell job, so if we have to hire someone to collect our taxes then do away with the office. If the commissioners will do what their oath calls for, put the pressure on those fel-

Pepp Up Meals With Delectable Fish (See Recipes Below)

Favorite Seafoods

Have you discovered what pleasant variety fish dinners can give to your meals? If not, you have a real flavor treat coming.

New cooks will like using fish because it is so easily and quickly prepared. There are so many varieties to use, you need run into no rut even though you serve fish often.

You can substitute fish for meat easily because, it, too, is a good source of protein in addition to providing such important minerals as calcium, phosphorus, iron, copper and iodine. Those of you who live inland would do well to fortify your iodine supply by eating fish more often, as it's difficult to get enough in any other way, except medicinally.

Overcoming is one of the faults most frequently found in the preparation of fish, for many people do not realize that fish is really tender. Broiling and pan-frying are good methods to use, as is baking.

You'll find that fish served in a casserole takes little time and can be really delicious. The time required for baking is short as the food really only needs to be heated.

Fresh, canned or frozen fish may be used, whichever is available to you in the recipes I've included today.

Black Market in Dogs Deals In Mongrels, Stolen Pets

LONDON. — With fashionable breeders demanding \$100 to \$300 for eight-week-old pups, the hidden, impoverished Britons who love dogs are exploring London's East End for less expensive pets.

Every Sunday morning an open-air dog market is held in Club Row, a narrow, sordid street off the notorious Petticoat Lane.

There, shabby sharp-eyed men in tweed caps congregate to offer dogs of all breeds and ages.

There's everything in Club Row from happy-go-lucky mongrels to dignified animals which look like potential show dogs.

They are families of scarcely weaned yelping puppies in baskets and dogs so old that their real ages are closely guarded trade secrets.

Police keep a watchful eye on Club Row for many of the dogs on sale are likely to have been stolen. Stolen dogs are sold as quickly as possible because police circulate their descriptions within 24 hours.

Buying a stolen dog isn't the only risk you run when you select a pet in Club Row. He is pretty sure to be either much younger or much older than you were told.

He may be afflicted with costly and incurable diseases. He may be blind in at least one eye. He may even be doped. The salesmen are experts in the art of camouflaging dogs.

Leering of Customs Agent At Ankle Nabs Smuggler

BROWNVILLE, TEX. — Bill Langford, customs inspector, made an important capture because of a natural urge to look at a pretty ankle.

Langford said a woman had passed customs at Laredo, she walked away, but he was admiring her ankles. Then he saw something drop from her skirt. It was a package of narcotics.

Honest Postman Finds Purse, Returns It to Poor Widow

PITTSBURGH. — Letter Carrier Chester S. Dudley was commended officially for his honesty.

He returned a purse containing \$1,475 to the widowed loser, Mrs. Mary Seybold.

The 75-year-old woman lost the money while taking it to a bank. The sum represented her late husband's insurance and her only money in the world. She had been nearly prostrated with worry.

Prophet Among Exiles

Lesson for April 4, 1948

THIS quarter we study the Captivity and Return of the Jews...

It would be well for us to read again the history of this most interesting man, Ezekiel...

Dr. Newton

the most attractive personalities in the Old Testament...

EZEKIEL could never have adapted himself to the role of ministering to the captive slaves...

God spoke to his people through Ezekiel. He speaks to his people today through chosen messengers...

HEZKIEL'S APPROVAL to the Jews in captivity was by the authority of God's direct message...

He studied their plight. He spoke to them. But not only did he speak to them, telling them what God wanted them to know...

He had God's message; and he went in with the mood of compassion. We cannot help people until we understand them and love them.

GOD'S WATCHMAN

EZEKIEL reminded the people that he had been sent from God as a watchman, and he told them what terrible responsibility was upon him in warning them to repent and return to God...

If the watchman faithfully warns the people and they refuse to heed the warning, their blood will not be on his hands...

And in this same 39th chapter, Ezekiel goes on to declare God's attitude toward all sinners...

WATCHMAN INTO EXILES

"SON of man, I have made thee a watchman upon the house of Israel..."

This was the explicit commission of God to Ezekiel. And grandly did Ezekiel accept and execute to the limit of his ability that commission...

With a sensitive soul, Ezekiel comes to them with the word of hope. He reminds them of the goodness and mercy of Jehovah to their fathers, Abraham, Isaac and Jacob...

They listened, and all who heeded the pleas of the faithful watchman were saved and restored to faith in the goodness and mercy of God.

We, too, are watchmen among exiles. Let us learn the high art of Ezekiel in our ministry as watchman.

'True Love' Wins Once Again

Clears Up Mistaken Identity

EVANSTON, ILL. — "True love" can accomplish miracles, and it saved Ley McFarland, a waiter, from a case of mistaken identity.

Two enterprising Evanston detectives, Robert Labbe and Elmer Durband, heard on the radio that a man with "true love" tattooed on his fingers was wanted in Kentucky.

They stopped for lunch and, when McFarland came up to serve them, they noticed "true love" tattooed on his fingers. The detectives questioned McFarland as to where they when he told them he came from Woodbine, Ky.

Later, fingerprint records cleared the waiter, and the detectives learned, to their chagrin, they had listened to a radio mystery thriller.

Putting a 'Punch' in Lunch

Packing a lunch that "picks a punch" and avoiding that day-to-day sameness is a problem of many homemakers.

A-Bomb Defense Urged

American cities should be prepared to cope with atomic bombings, says Maj. Gen. Harold Bull, chairman of the army's civil defense board.

He asserts that in the event of a new war there must be more than the "gentlemen's agreement" on civilian defense between city and federal governments that prevailed in World War II.

General Bull urged upon mayors this program: Designate a civil defense director. Assign the control of order to police and fire-fighting to a greatly augmented fire department.

 lows, they can find time to do this work. All checks pass through the commissioner's court, and I believe they could stop payment if they are not doing the work.

I will cooperate with the commissioners and county judge as long as I think they are right, but will not be dominated by any man, neither will I trade horses. I was told it took a business man to be commissioner, which may be so, but let's look back ten or twelve years and see how much business was done and how.

If you think this delinquent tax roll looks like sound business, then I don't want to be a business man. In looking over my documents I notice they are all printed in Austin and Houston; just why couldn't this be done in Eastland County if the printers can do it.

I will cooperate with the water, oil and gas companies in this precinct, and will use due caution in protecting their property.

I had three boys and three sons-in-law in World War II, and have one boy in service now, but don't claim that as a qualification, just proud and happy that they all got back safe and sound.

As you know, I am serving my second term as your Justice of Peace, and am asking for a promotion. I have no apology to make for the way I have tried to enforce the law, for I have done my best
