Sales Of Savings Bonds Are Ahead Quota In County

During the month of November, the citizens of Eastland County purchased \$45,351 in Series E and H Savings Bonds, according to an announcement by Guy Payton Parker, chairman of Eastland County's Savings Bond Committee.

With sales for the first eleven months of the year totaled, the county has realized 132.2 percent of its 1958 goal of \$907,000. Sales in Texas during the first eleven months of 1958 were \$157,642,990 which represents 90 percent of the state goal of \$175,000,000.

Citizens wishing to buy bonds were requested to do so before December 31, Mr. Parker stated, so that the sales may be totaled in with the 1958 goal and aid in reaching 100 percent.

Kenneth Snyder and family of Abilene visited her parents, Collin Campbell and wife and his parents, Jewell Snyder and wife, of Kokomo last week.

Guests of H. R. Gilbert and wife during the holidays included Gaston Gooch and wife of Corsicana, Seth Gilbert of Dallas and Travis Reese and family of Copers Cove.

Quartets Will Appear On Program

Some good Quartets will be on hand for the singing and New Years Eve Waten Party to be held at the Baptist Church Wednesday night, December 24.

The Quartets that have promised to be here include the Lewis and Fisher Quartet, the Smithers and Sibley Quartet from Abilene, the Leonard Sikes Quartet from Brownwood, Floyd Fisher Family Quartet from Comanche and a quartet from Gorman. Also some outstanding song directors will be present.

Crop Worth About 3 Million Dollars

The 1958 peanut crop is expected to total nearly 1,000,000 bushels in Eastland County, the best in many years, according to officials of purchasing agencies. The crop, which is virtually all harvested, is worth approximately \$3,000,000 in money.

Ross Wilson of the Southwestern Peanut Growers Association at Gorman has estimated that the county crop would total about 30 bushels per acre for 32,000 acres planted - 960,000 bushels. He said the price would average from \$3 to \$3.15 per bushel.

Virtually all storage facilities in the county are full, Wilson reported. He said that 12,000 tons are in storage at Gorman, and Eastland has some 1,000 tons stored. All space has been taken at Ranger and Rising Star.

Mr. Wilson described the 1958 crop as better than the bumper crop of 1950 because the per acre

were more acres planted to peanuts in 1950. Eastland County is exceeded in Texas only by Comanche County in the total number of bushels produced. Comanche plants more land to peanuts than this county.

Officials estimated that less than 5% of the 1958 crop remains to be marketed. Rainy weather delayed the beginning of the harvest but open weather in recent weeks was favorable. The peanut crop was good.

The excellent peanut crop has resulted in good business conditions for cities of the county and area. Merchants reported record business volumes during December in most places.

The outlook for 1959 is about the same as the past year, depending on moisture conditions. The agriculture department has set the 1959 peanut planting allotment at the minimum level permitted by farm law - the same as 1958. Texas' share of the 1,610,000 national allotment will be 356,004 acres in 1959 - slightly higher than 1958.

Apply Early For Social Security, Manager Suggests

Would you like to get your social security check as soon as possible after entitlement?

You can help the social security office get your money to you earlier by applying beforehand and by getting the proofs needed together, according to R. R. Tuley, Jr., social security district manager in Abilene.

Tuley advised that all persons intending to retire get in touch with the social security office one or two months before actual retirement. They should bring with them the papers necessary to establish their rights to benefits. These include the social security card, proof of age, and proof of recent earnings, such as the last

W-2 form or last income tax return, with Schedule C or Schedule F and the cancelled check with which the self-employment tax was paid. If the retiring person's wife is 62, she should bring proof of her age. Also, if there are any children under 18, their birth or baptismal certificates, or other proof of age, should be furnished.

Severely disabled persons applying for freeze of social security status, if under 50, or for disability payment, if 50 or over, should bring information about medical examinations and treatment and employment for the past several years.

In death cases proof of age is needed for all eligible children, widows over 62, and dependent parents. Widows eligible for monthly benefits must furnish proof of marriage. Proof of death must be obtained in all cases.

Tuley cautioned that no one

Bids have been requested on the construction of Eastland's new dial telephone building to be begun in January, 1959, on the corner of Daughtery Ave. and Commerce, District Manager W. H. McAnally of the Southwestern Bell Telephone Company has announced.

In addition to construction of the new building much work must be done on the dial telephone system before it can begin operation, Mr. McAnally pointed out. Dial equipment, tailor made to meet Eastland's present and future needs, must be installed when construction is completed. A group of carefully trained men will install the intricate dial equipment in the new building.

Questions & Answers

Q — I want to buy a house and have never had a GI home loan. I understand that the first step is to get a Certificate of Eligibility. Where do I get that?

A — The Certificate of Eligibility is issued by the Regional office of the Veterans Administration in the area where the house you are interested in is located. Application may be made in person or by mail, and your original discharge, or photostatic copy, accompanied by a statement that the original discharge has been lost, will be needed as evidence.

Q — Is there a deadline for filing a claim for disability compensation with VA?

A — There is no deadline. A veteran may apply any time. However, an eligible veteran applying within a year from the date of his release from service may have his payments back-dated to the day following his release from service. A veteran who applies after he has been out of service one year may be paid only from the date his application was filed.

Q — Can a disabled Korea veteran getting military retired pay receive vocational rehabilitation training from VA?

A — Yes. Receipt of military retired pay does not affect the eligibility of a Korea veteran with a service connected disability to take vocational rehabilitation training. He must, however, need the training to overcome his handicap; His discharge must have been under conditions other than dishonorable; and his disability must be such as would entitle him to VA compensation if he were not receiving military retired pay.

Q — I have a Korean GI term insurance policy. Is it possible to convert it to a permanent plan of insurance?

A — If your policy number is preceded by the initials "RS", it will be possible to convert to a permanent plan after January 1, 1959.

Q — I understand VA benefit checks can now be forwarded by the Post Office. Is this automatic, or do veterans have to give some sort of notice if they move?

A — Veterans still must give notice. They must file a regular change-of-address form with their local Post Office. And they still should notify VA, so the agency can keep its records current.

Raisin-Pecan Timbales With Hot Lemon Sauce

You'll want to show off these dessert timbales because they look so clever with the bits of toasted pecans and plump raisins in beautiful color contrast to the snowy white timbales. The lemon sauce is easy to make and oh, so pretty, served hot over the Raisin-Pecan Timbales.

RAISIN-PECAN TIMBALES WITH HOT LEMON SAUCE

- Ingredients for Timbales:
- 2 cups water
 - 1 teaspoon salt
 - 1 cup uncooked white rice
 - 1/2 cup beet or cane sugar
 - 1/2 cup cooked raisins
 - 1/2 cup coarsely chopped toasted pecans
 - 1/2 pt. (1 cup) chilled whipping cream
 - 1/2 teaspoon vanilla

- Ingredients for Lemon Sauce:
- 1 cup beet or cane sugar
 - 2 tablespoons cornstarch
 - 1/4 teaspoon salt
 - 1 1/2 cups boiling water
 - 2 tablespoons lemon juice
 - 2 teaspoons grated lemon rind

METHOD FOR MAKING TIMBALES: Put the water, salt and rice into a 2-quart saucepan and bring to a vigorous boil. Turn the heat as low as possible.

Cover and leave over this low heat for 14 minutes. Turn the heat off. Leave lid on for 10 minutes. Stir the sugar into the hot rice. Chill the rice. Fold in the raisins and the pecans. It is important that the pecans are toasted. Do this by placing the pecans on a greased shallow pan in a 350° oven for 10 minutes, or until browned. Whip the cream and stir in the vanilla. Fold the whipped cream into the chilled rice mixture.

Use a wet custard cup for molding the timbales. Press the rice into the custard cup and then unmold by running a knife around the edge of the custard cup and shaking out the timbales. Cover and store in the refrigerator until time to serve. To serve, garnish the top of each timbale with a toasted pecan and serve with the hot lemon sauce.

This recipe makes 6 timbales if a custard cup holding 2/3 of a cup is used for molding.

METHOD FOR MAKING THE LEMON SAUCE: Mix together the sugar, cornstarch and salt in a saucepan. Slowly stir in the boiling water. Cook over a medium heat stirring constantly, until clear and thick. Stir in the lemon juice and lemon rind. If desired, color with yellow food coloring. Serve hot over the Raisin-Pecan Timbales.
