Rising Star's Fall Fair To Open Thursday

Rising Star's Free Fall Fair of 1957 will open there Thursday, today, and continue through Saturday, with a parade scheduled at 5 p. m. Thursday as the opening event.

Miss Anna Little, Rising Star High School senior and Fair Queen, will occupy a special float in the parade and will be crowned in ceremonies at the City Market Building at 7:30 p. m. Thursday.

The Rising Star Wildcat Band, directed by Miss Peggy Tate, will play a concert Friday night, and an amateur program will be presented Saturday night.

Livestock show awards will be presented to best entries in beef cattle, dairy cattle, swine, sheep, goat and shetland pony divisions.

J. D. Clark, Rising Star rancher, is general chairman of the fair.

Rose Mary Berry District Winner In 4-H Program

Rose Mary Berry, active member of the Cisco Cheerful Toppers 4-H Club, is one of the four district winners in the State 4-H awards program. Other winners were from various counties.

The State 4-H awards program is open to 4-Hers between the ages of 14 and 21 with three years in club work. Contestants are judged on the basis of projects and activities, leadership and personal development as shown in their record books.

Rose Mary's record will be submitted to the state contest, where there will be winning record books from districts all over the state. These are the state awards: Educational award of \$167.50 each for not more than 13 boys and girls; four college scholarships of \$250.00 each for two boys and two girls to be selected on a basis of general achievement.

Honors, recognitions, and scholarships should be incentives toward keeping a record of 4-H activities and projects, it was pointed out.

Mineral and protein supplement along with other feed plus plenty of water and good shade has put the registered Duroc gilt developed by Billy Johnson, Ranger, into top shape for the Sears show to be held in Eastland next Saturday morning. Billy is the son of Mrs. W. T. Johnson.

Wolverines Meet Brookshire Tonight

Carbon's Wolverines will meet Brookshire tonight when our boys journey to Brookshire to meet their team in the second game of the season. This is expected to be a close game when, for the first time, we put our entire strength on the field.

Brookshire is 13 miles south of Brownwood and a large crowd of Carbon fans plan to attend the game tonight. On to Victory Wolverines!

School Leaders Meet Held At Rising Star

Eastland County school administrators met in Rising Star last Monday night with Supt. Sam Jones and Principal Ray Nunnally as the hosts for the monthly meeting. The organization consists of superintendents and high school principals of the County. All of the schools were present.

Those present were entertained with a dinner served by the home economic department of the high school. The next regular meeting will be held at Brownwood on October 21.

4-H Club News

The 4-H Club booth at the Community Fair at Nimrod on Sept. 10 was good with quite a large number of different crop exhibits. Wornie Kanady and Christian Stroebel are due the large share of the credit for it.

MR. Don Hutchens, the registered breeder and holder of breeding rights in the county, placed third in the junior yearling class in the beef cattle show at the West Texas Fair at Abilene last week.

Many who attended the Nimrod Community Fair failed to see the livestock but Wornie Kanady, president of the 4-H Club there, had his Jersey and Holstein and a red gilt on exhibit as well as Carl Stroebel, Jr., who had his beef calf that he is feeding for the show next spring.

Jimmy Simmons, Eastland, who fed out and showed lambs at the county show last spring is expected to repeat. He was by the County Agent's office recently wanting to know when to get more lambs for the 1958 show.

Safety and homestead improvement were chosen as club projects for the coming year by the Nimrod Club at their regular monthly meeting in the Club House in that community recently. The projects will be developed jointly by both boys and girls.

FCDA Urges 7-Day Emergency Food Supply for All Families

If the United States ever suffers a thermonuclear attack, one of the basic problems for America's millions would be food, and how to get enough of it.

In the so-called good old days the family pantry generally was loaded with food—ready for any emergency.

TODAY, THE FEDERAL Civil Defense Administration recommends that every family keep a minimum of a seven-day supply of food in the home for instant use in an emergency. This has become known as Grandma's Pantry.

To estimate how much food is needed for seven days, multiply the number of persons in the family by the amounts shown in the adjoining list for one person. A two or three weeks supply would be more desirable. Foods listed are merely types recommended, not necessarily those which must be stocked.

The items kept on hand should be those staple groceries that are used in your normal pattern of daily serving. By following this plan rotation is no prob-

lem, as you replace the items used by shopping frequently

Suggested Pantry

MILK: One package of powdered, non-fat dry milk, and two 1 1/2 oz. cans of evaporated milk.
FRUITS: One 1 lb. 14 oz. can each of two varieties of canned fruits, and 1 lb. of dried fruit.

JUICES: Three cans of approximately 1 qt. 14 oz. each of fruit or vegetable juice.

VEGETABLES: Six cans (approximately 1 lb. each) of your favorite items. Include cheese or peanut butter if desired.

SOUPS: Four 10 1/2 oz. cans.

MEATS AND MEAT SUBSTITUTES: Four cans (approximately 1 lb. each) of your favorite items. Include cheese or peanut butter if desired.

CEREALS: Seven individual-serve packages of ready-to-eat variety.

BREAD: The canned varieties.

CRACKERS-COOKIES: One box.

BEVERAGES: One small jar of instant coffee, one of instant tea, or a 1 lb. package of instant cocoa, whichever your family prefers.

SOFT DRINKS: Twelve bottles.

SUPPLEMENTARY ITEMS: Sugar, salt, seasonings, candy (types that store well), chewing gum, and cigarettes and tobacco.

CAUTION: Store these items like Grandma did—in a dry, cool basement or storeroom within a temperature range of 35 to 50 degrees for best results. Check your "pantry" preferably weekly but at least monthly and rotate items regularly. Use within six months. Bottled water should be changed every six weeks.

enough not to deplete your supply to an appreciable extent.

IF YOUR CHILDREN are young, decrease the amounts by one-fourth. If the children are infants, canned baby foods should be substituted for some of the other canned foods. And don't forget—be sure to plan for old people or invalids.

Another word of caution: check your "pantry" at least monthly, and rotate items regularly. Bottled water, for instance, should be changed every six weeks.

Essential items for your stockroom should include two gallons of water in jugs or bottles for each person, and three gallons for each child under three years old. You should also maintain a supply of salt and sugar, matches, fuel, cooking utensils, a can opener, and tableware.

You would also do well to have in your storage room a portable radio, flashlight, candles and holders, first-aid kit, blankets, pail and garbage container.

On the lighter side, you might add a supply of games and toys for the children.

4-H Club News

Pat Akers, Eastland, is one of the two Eastland County boys nominated to receive the meat animal award during the 4-H Rally Day sometime next spring. Pat showed pigs at the county livestock show last spring. He goes to school in Eastland but lives almost at the county line north of Eastland on the Breckenridge highway.

H. L. Geyer, vocational agriculture teacher, Rising Star, writes that all club boys and girls over the county are eligible and encouraged to show their animals at the Rising Star Fair on Sept. 26th and 27th. Animals can be brought in either on Thursday afternoon or on Friday morning. Small cash prizes and ribbons are awarded the winners.
