Safe Driving Award Given

Rural Route Carrier, W. J. Greer, is in receipt of a new gold pin, designating the fact that he has successfully completed twenty-six years of safe driving in a motor vehicle. It was given to him by the National Safety Council.

The old timers will remember that Mr. Greer completed a number of years of horse driving before he bought his first Ford.

Our Apologies

In the past two weeks the Messenger came off the press in almost unreadable print. This was caused, we hope, by a buckeled ink roller due to the heat. Last Thursday as soon as the paper was out we hustled the rollers off to Dallas to be remoulded. We are going to be disappointed, and probably our readers will be too, if we don't get a better print this week. So here's hoping.

Mrs. A. C. Underwood accompanied her son, Gene Underwood, and family of Morenci, Ariz. to Bartlesville, Okla. last week end where they visited their daughter, and sister, Mrs. Jack Stubblefield, and family.

Donna and Lee Butler of Abilene are visiting their grandparents, E. R. Butler and wife.

6 Boys Attend Camp With Local Pastor

Six Junior boys went to Royal Ambassador Camp at Lueders with Bro. Roger Butler last week. Four of the boys were from Carbon; the others Gray, Kenneth Paragan, Bruce Wyatt and Kelly Wyatt. Also Joe Bethany from Moran and Bruce Kramer from Odessa.

There were 467 men and boys registered for the four-day Camp. The boys learned about Foreign Mission work in Brazil and South America from a Baptist Missionary, Rev. Lonnie Doyle. Rev. V. D. Walters of Cross Plains was Camp Pastor and Rev. Harvey Kember of Eastland directed all Recreation.

Bill Ramsey and family of Morenci, Ariz. are visiting their parents, Ed Ramsey and wife and W. M. Medford and wife. On Sunday the Ramseys went to San Augustine where the elder Mr. Ramsey enjoyed visiting places familiar to him in his childhood days, he having been reared there.

Mrs. Annie Reese of Cisco visited friends here last week end.

Mrs. Lee Coates visited her mother, Mrs. Ed Powers, of Breckenridge last Thursday.

Bruce Kramer of Odessa is visiting Rev. Roger Butler and family this week.

Sheriff's Posse Wins 1st Trophy

Members of the Eastland County Sheriff's Posse have won again.

This time they won the first place trophy at the 20th annual Palo Pinto Livestock Association rodeo parade, held Wednesday, July 10, in Mineral Wells, according to information here. T. C. Fambro accepted the trophy for the county riders at the rodeo.

Second honors went to the Jack County Sheriff's Posse and third place was won by the Parker County Sheriff's Posse. The Eastland County Posse Anns also rode in the parade.

Baptist Revival Will Begin July 26; Prayer Meetings This Week

Jack Wester, Evangelist

The summer Revival of the Carbon Baptist Church which will be held under the tabernacle, will begin July 26 and continue through August 4.

Men of the church have called for a "Work Day" and were to meet Thursday to clean off the grounds around the tabernacle and do the other necessary things to get things in order for the revival.

Cottage prayer meetings are being held this week. They met Monday night in the home of Mr. and Mrs. Rufe Been, Tuesday night the home of Mr. and Mrs. O. Stone was the meeting place and Wednesday night the home of Mr. and Mrs. Mack Stubblefield. Thursday night the group plans to meet in the home of Mr. and Mrs. Wade Clark.

Rev. Jack Wester who is now pastor of the First Baptist Church of Normangee, Texas, will be the evangelist. Bro. Wester has been pastor in Normangee for the past 28 months. He was pas-

tor of the Pinkerton Baptist Church in Rule, Texas for almost 7 years. He also pastored at Guthrie, the county seat of King county, and at two rural churches out of Dickens prior to that time.

Bro. Wester is an Eastland County boy. He grew up around Staff and attended Simmons University, West Texas State and Texas Tech. He taught school for several years as well as preaching the gospel.

Singing will be under the direction of Pastor Roger Butler.

FCDA Urges 7-Day Emergency Food Supply for All Families

If the United States ever suffers a thermonuclear attack, one of the basic problems for America's millions would be food, and how to get enough of it.

In the so-called good old days the family pantry generally was loaded with food—ready for any emergency.

TODAY, THE FEDERAL Civil Defense Administration recommends that every family keep a minimum of a seven-day supply of food in the home for instant use in an emergency. This has become known as Grandma's Pantry.

To estimate how much food is needed for seven days, multiply the number of persons in the family by the amounts shown in the adjoining list for one person. A two or three weeks supply would be more desirable. Foods listed are merely types recommended, not necessarily those which must be stocked.

The items kept on hand should be those staple groceries that are used in your normal pattern of daily serving. By following this plan rotation is no prob-

lem, as you replace the items used by shopping frequently

enough not to deplete your supply to an appreciable extent.

Suggested Pantry

MILK: One package of powdered, non-fat dry milk, and two 14½ oz. cans of evaporated milk.

FRUITS: One 1 lb. 14 oz. can each of two varieties of canned fruits, and 1 lb. of dried fruits.

JUICES: Three cans of approximately 1 qt. 14 oz. each of fruit or vegetable juice.

VEGETABLES: Six cans (approximately 1 lb. each) of vegetables.

SOUPS: Four 10½ oz. cans.

MEATS AND MEAT SUBSTITUTES: Four cans (approximately 1 lb. each) of your favorite items. Include cheese or peanut butter if desired.

CEREALS: Seven individual-serve packages of ready-to-eat variety.

BREAD: The canned varieties.

CRACKERS & COOKIES: One box.

BEVERAGES: One small jar of instant coffee, one of instant tea, or a 1 lb. package of instant cocoa, whichever your family prefers.

SOFT DRINKS: Twelve bottles.

SUPPLEMENTARY ITEMS: Sugar, salt, seasonings, candy (types that store well), chewing gum, and cigarettes and tobacco.

CAUTION: Store these items like Grandma did—in a dry, cool basement or storeroom within a temperature range of 35 to 50 degrees for best results. Check your "pantry" preferably weekly but at least monthly and rotate items regularly. Use within six months. Bottled water should be changed every six weeks.

IF YOUR CHILDREN are young, decrease the amount by one-fourth. If the children are infants, canned baby foods should be substituted for some of the other canned foods. And don't forget—be sure to plan for old people or invalids.

Another word of caution: check your "pantry" at least monthly, and rotate items regularly. Bottled water, for instance, should be changed every six weeks.

Essential items for your stockroom should include two gallons of water in jugs or bottles for each person, and three gallons for each child under three years old. You should also maintain a supply of salt and sugar, matches, fuel, cooking utensils, a can opener, and tableware.

You would also do well to have in your storage room a portable radio, flashlight, candles and holders, first-aid kit, blankets, pall and garbage container.

On the lighter side, you might add a supply of games and toys for the children.

Mary McMeekin's Savory Rice and Sardine Loaf Combines Deep Sea Goodness and Satisfying Rice

MARVELOUS flavor, delightful appearance, and very few ingredients to assemble make this rice loaf the perfect main dish. The garnish of egg slices and delicate sardine dress it to hold the spotlight until eaters experience the enticing taste treats of this especially good main dish. The cheese sauce lifts this inexpensive, "prize in eating" to an all time high for flavorful eating.

INGREDIENTS:
3 cups cooked rice
1/4 cup milk
1/4 cup grated American cheese
1 3/4 ounce cans sardines, packed in mustard sauce
3 hard cooked eggs, sliced (for garnish)

INGREDIENTS FOR CHEESE SAUCE:

4 tablespoons butter or margarine
4 tablespoons flour
1 teaspoon salt
1/4 teaspoon pepper
3 cups milk
1/4 cup grated cheese

PREPARING THE FLUFFY WHITE RICE:

To make 3 liberal cups of fluffy rice; put 1 cup uncooked rice, 2 cups of cold water and 1 teaspoon of salt in a two-quart saucepan and cover with a tight-fitting lid. Bring to a vigorous boil and then turn the heat as low as possible—leave over this low heat for 14 minutes. Turn off the heat. This cooking time results in firm grains of cooked rice. For extra tender grains, allow the rice to steam—with the heat off—for an additional 5 minutes before removing the lid. Never remove lid nor stir rice while it is cooking. After rice is cooked, remove lid, lift gently with fork to allow rice to steam dry to the desired consistency.

It is then ready—perfectly cooked—with all the grains separate and fluffy. This method allows all the water to be absorbed and the full nutritional value of the rice to be retained.

METHOD: Thoroughly grease a 9 1/2" x 5 1/2" x 3 1/2" oven-proof loaf pan with a thick coating of melted butter or margarine. Mix the rice, milk and cheese. Place 1/2 of this rice mixture in the bottom of the pan and firmly press with a spoon. Lay 1/2 of the sardines on top of the rice layer. Add 1/2 of the rice mixture. Top with the second 1/2 of the sardines. Press the last of the rice over the sardines. Reserve the last 1/2 of the sardines to garnish the loaf.

Place the loaf pan in a 350° F. oven and bake 20 minutes. To unmold, run a knife around the edge of the pan to loosen the loaf. Place a platter over the pan. Invert the platter and pan together. Gently lift loaf pan up from the platter.

Serve with the cheese sauce which may be placed in an individual serving dish or may be served over the loaf. Garnish by arranging egg slices and the last 1/2 of the sardines over the top of the loaf and on the platter around the loaf. This recipe makes 7 servings.

METHOD FOR MAKING CHEESE SAUCE:

Over a low heat, melt butter, stir in flour and blend thoroughly. Allow to cook 4 or 5 minutes, stirring constantly to prevent browning. Add salt and pepper. Gradually add milk. Continue stirring and cook until mixture thickens. Add cheese and continue stirring until cheese has melted.

Two 4-H Club boys of Eastland County were selected to receive registered Jersey heifers sponsored by the County Youth Gene Snider, Gorman, and Wannie Kanady, Scranton, as announced by Curtis Boase, assistant county agent. This was decided at a meeting held in the Texas Electric Conference Room

Revised Farmer's Gas Tax Refund Guide Available

A. E. Fogle, Administrative Officer of the Abilene Internal Revenue office, announced today that a revised Farmer's Gas Tax Refund guide booklet is now available to assist farmers in submitting Federal gas tax refund claims for the year ending June 30, 1957.

The Publication, No. 308, together with claim Form 2240 and instructions for submission of claims are available on request at the Abilene, Texas Internal Revenue office. Forms and instructions also may be obtained at county agricultural agents' offices.

Claims should be filed on Form 2240 on or after July 1, but no later than September 30, 1957.

Last year a million and a quarter farmers filed claims for refund of the Federal tax on gasoline used for farming purposes, and refunds averaged \$20.

It is estimated that the number of claims for refund filed this year will be close to 2,500,000, and the total refund is expected to increase correspondingly. These expected increases are due to an increase in the Federal gas tax rate from two to three cents a gallon plus the fact that an entire year will be covered by these claims whereas only taxes paid on gas used during the first six months of 1956 were subject to the claims filed last year.

The Farmer's Tax Refund guide explains in plain language the rules and procedures to be followed in filing a claim for refund of the Federal gasoline tax. It also explains conditions under which the farmers may purchase diesel fuel and other special motor fuels, to be used for farm purposes, without payment of the Federal tax thereon.
