BRYAN BRADBURY

Bryan Bradbury of Taylor County has announced his candidacy for Congress of the 17th district and makes the following statement:

Platform—In writing a platform it would be easy to follow the old worn out political path and deal in generalities and end by standing for nothing. That is the easy way and the political way, I am taking the hard way and telling you what I stand for.

Invisible Government—Our congress is now operating under rules, traditions and procedures that are a hundred years out of date. The wishes of the masses of the people cannot effectively be carried out. The "seniority" rule and the "gag" rule and the worn out legislative machinery are the tools whereby a few selfish men can control and dominate our legislation. This is invisible government. It must go on. Under the seniority system a member of congress becomes chairman of a committee just because he has been there longer than anyone else regardless of his ability or background. Time and not brains is the measuring rod. How ridiculous.

A few years ago the Court house in Eastland was torn down and in the cornerstone was found a herned frog that had been there for more than thirty years. He was named "Old Rip." "Old Rip" had been in the corner of the congressional office and hopped out he could not be seen selected as chairman of a committee in congress. The "seniority" rule would have been the job of anyone else. I am modernizing congress to meet the needs of this atomic age. When I have something worthwhile to say I intend to say it and, will not play second fiddle to some self appointed congressional dictator.

There is too  
distinction between officers  
and enlisted men, too much dis-  
crimination between senior and  
junior officers and too great a  
gap if the professionals and  
the reservists. Terminal  
leave pay should be paid the ap-  
pointed men, the same as is now  
being paid the officers. I served  
in the navy as an enlisted man

I am well acquainted with these  
conditions.

Peace or War—in foreign af-

Nations Organization must  
not be a mere screen to cover  
up power politics but must be a  
vital instrument for world peace.  
Those in our diplomatic service  
should be selected because of  
their ability and not because  
they contributed heavily to some-  
one's political campaign. In order

Labor and Strikes—Strikes can

—This is ordinary  
political campaign—this is a  
crusade for the people. This is  
your campaign. We have a hard  
battle. We have no high powered  
campaign headquarters or expen-  
sive organization. We will have  
no special interest money to  
spend and would not accept it if  
offered.

I am nearly thirty-four years  
of age, married and have one  
child. In 1934 I was elected to  
the Texas Legislature and served  
for three terms. In 1943 I re-  
jected a deferment and entered the  
Navy and served as an enlisted  
man until honorably discharged  
March 4, of this year. I have  
had to fight fer and work for  
everything that I have ever ac-  
complished. It has not come the  
easy way. It has always been an  
uphill struggle. This crusade will  
be of the same order. I ask your

E. J. MILLER

E. J. Miller Asks  
Election To  
Civil Appeals

E. J. Miller, former district judge of the 35th Judicial District at Brownwood, announced formally his candidacy for associate justice of the Fourth of Civil Appeals, 11th Supreme Judicial District, Eastland, in the following statement:

I was reared on a farm in Callahan County, spent two years in Simmons College, taught school five years, for many years an active Odd Fellow, am a deacon in my church, and a member of the Howard Payne College Board. And was for five years president of Comanche Trail Council, Boy Scouts of America.

Having been in active private practice 25 years, practicing in all State Courts, and in the District Court and the Circuit Court of Appeals of the United States, and having served 12 years as district judge with a record above the average, I feel that I could render satisfactory service upon the Court of Civil Appeals at Eastland and thereupon submit my candidacy for such position.

Respectfully,  
E. J. Miller

LESSON TEXT—Luke 5:14-20; John 17:44, 20, 21.  
 MEMORY SELECTION—How love one another, as I have loved you, that ye also love one another.—John 13:34.

Fellowship is a word which comes to its full meaning only in the relationship between the Lord and believers, which also brings them into just such a relationship with one another.

The Lord seeks his people and gives himself in friendship to them even to the full devotion of death. His death do less for one another.

Our Lord looked forward with intense desire to the Passover which he now observed with his disciples, for it was the last celebration of that feast recognized by God.

His words are significant, "For as often as ye eat this bread, and drink this cup, ye do show the Lord's death till he come" (1 Cor. 11:26).

Our Lord also spoke of the cup as a "new blood of the new testament." The word "testament" means covenant.

IV. The Fellowship of God's Word (John 17:6-8).  
 Jesus gave us a blessed account of the fellowship of Jesus and his disciples in the upper room, and then takes us into what is indeed "the Holy of Holies" of Scripture, our Lord's intercessory prayer.

Jesus, our High Priest of our profession (Heb. 5:1) brings us into the presence of God, the beginning of his petition for us and for us (see v. 20). He asks for us that which the Father had given him and which he had given to them.

This is the company of men had been given to Christ, drawn out of the evil world and into the work of God's work. But note that the thing which distinguished them in the eyes of the Lord was that they had "kept" the word of God, even as they had received the living word, Christ, when the Father had sent him.

That puts each one of us, a true disciple, right into the of the greatest prayer fellow all time. He, the eternal and constant one, prays for us, should we be weak in our testimony or have failed? Can it be that he could not be persuaded to walk in our
