

The Carbon Messenger

VOLUME 38

CARBON, EASTLAND COUNTY, TEXAS, THURSDAY, NOVEMBER 11, 1945

NUMBER 40

Personal Mention

Mrs. C. G. Stubblefield was in German this week to visit her niece, Mrs. Milton Gilbert, of Breckenridge who underwent an operation at the Blackwell Sanitarium last Saturday.

Miss Louise Lane is visiting her sister, Mrs. O. E. Turner of Abilene this week.

Mesdames F. J. Stubblefield, Minnie Ferguson and W. J. Lovell were visiting patients in the Blackwell Sanitarium Sunday night.

Mr. and Mrs. H. Hall have received a telegram from their son, Harry C., who has been in the European theater for the past 18 months, stating that he had landed in the states and would be seeing them soon.

Wayne Walker, who is employed in San Antonio, visited his parents, Mr. and Mrs. W. E. Walker, last week end.

Pvt. Joe E. Ford, who is stationed in California, and his wife of Fort Worth are visiting their parents, Mr. and Mrs. Ira Ford and Mr. and Mrs. Walter Greer.

Rev. and Mrs. A. A. Davis of Baird were visiting friends here this week.

Miss Yvonne Morris, who is teaching near Houston, spent the week end with her parents, Mr. and Mrs. Ned Merris.

Mrs. J. S. Davis returned home Tuesday from the Blackwell Sanitarium Tuesday where she had been recovering from an illness.

Word was received here last Saturday from Aubrey Lee Armstrong, who is in the Navy and has served in the Pacific for the past 18 months, stating that he had landed in New York and would receive his discharge and be home in about two weeks.

John Parks, who has been in the ETO for the past three years, has received his honorable discharge and is visiting his sister, Miss Frankie Parks.

Leland Jackson, veteran of the European and Pacific theater, has received his honorable discharge after four years service in the Navy and is now here with his parents, Mr. and Mrs. A. S. Jackson.

Bryan L. Butler, former officer in the Army Air Corps, who has been stationed in Florida, has received an honorable discharge and is visiting his parents, Mr. and Mrs. E. R. Butler.

John Phillips of Odessa is visiting his parents, Mr. and Mrs. J. Z. Phillips.

D. E. Hubanks, former prisoner of the Germans who has recently been stationed in Nebraska, has received his honorable discharge and is now here with his family.

Fred Foley, who has been in the European theater for the past two years, has been honorably discharged from the Army and is now with his parents, Mr. and Mrs. J. T. Foley.

Mrs. W. W. Speer favored her nephew, Cpl. Jack Stubblefield, with a dinner Monday evening. Other guests were Rev. and Mrs. A. A. Davis and Miss Jewell Sims of Baird, Mrs. M. L. Ferguson, Mr. and Mrs. F. J. Stubblefield and Mack.

Jim Harper of Temple visited his parents, Mr. and Mrs. Bob Harper, last week.

Melvin Wood, son of Mr. and Mrs. Neal Wood formerly of Carbon, visited his aunt, Mrs. W. W. Martin, this week. Melvin was in the Air Force stationed in Europe for two years.

Mrs. Jackson Is Hostess To The '38 Study Club

On last Wednesday afternoon at 2:30 Mrs. T. C. Jackson was hostess to the regular meeting of the '38 Study Club. Mrs. Robertson presided over the business meeting in which various officers and chairmen gave reports.

The club expressed appreciation of several literary books donated by Mrs. W. H. Puetz of Painview. Club members voted to contribute \$5.00 to the Sgt. Leonard Fund. They also voted to renew their drive for papers and magazines provided they can find a place to put them. Scrap paper is still vitally needed and the people of Carbon should recognize this fact and cooperate with the club in getting it placed in the proper hands.

Mrs. Martin was Current Events leader for the program and Mrs. Poe and Mrs. Greer served on the program also in which many discussions on "Topics of the Day" were held. Among them "Can Japan Say Unconditional Surrender," "Shall We outgrow or share the Atomic Bomb," "Our Policy Toward Japan," "The International Organization," "The Failure of the League of Nations," "Universal Brotherhood," "Are Our Boys Being Demobilized Fast Enough?"

Interesting round table discussions of profound nature on the various subjects were held after the situations were introduced. Mrs. T. E. Robertson rendered a very lovely piano number based on chopin's polonaise, "To This End of Time."

Members adjourned to meet on October 31 with Mrs. E. B. Poe as hostess and Mrs. Hall conducting a question and answer forum on "Keeping up with the World." Following this a program on "Facts and Fancies, or What Have You" in which the entire membership participates or "pays a fine" will be heard.

Ensign and Mrs. Jim Everett announce the arrival of a baby boy, Ernie White, at the Blackwell Sanitarium October 28. Ensign Everett is in the Maritime Service somewhere in the Pacific while Mrs. Everett and their other son, Jimmie, reside in Eastland. The maternal grandparents are Mr. and Mrs. Wade White.

New Chevrolet To Be Displayed In Eastland

The new 1946 Chevrolet will be on display Friday, Nov. 2, at Lamb Motor Co. in Eastland. Mr. Theo Lamb, ex-service man of World War II and manager of Lamb Motor Co., states that he will give preference to the ex-service men.

Recapitulating plants to the peacetime production of motor cars and trucks has been a most difficult task for the nation's automobile manufacturers. The machines and tools of war production had to be removed. Machinery and equipment for making automobiles, which had been widely scattered to remote sections of the country, had to be returned to the plants in which it belonged. Plants had to be revamped, rearranged for automotive production. Materials had to be obtained. All were difficult tasks, requiring careful planning and timing.

But despite all these difficulties Chevrolet today is equipped and

"Sermons On Trail Of Blood"

By A. A. Davis, Pastor First Baptist Church, Baird, Texas.

A series of sermons on Baptist Doctrines and church history, a true story of christianity from the days of Christ. The birth of Catholicism and Catholic Doctrines; Judaism and Paganism in the garments of christianity. The greatest drama of history. Each in Bible exposition. Price \$2.00.

On sale at Hall's Store.

Staff Sgt. and Mrs. Enell Allison of Dover, Delaware are visiting their parents, Ed Allison and Mr. and Mrs. Heary Lovell.

prepared for volume production. Supplies of steel and other metals and a wide variety of materials have been arranged for. Exactings tests by engineers and research men assure quality at least equal to the high standards demanded in the pre-war period, and in many instances even surpassing those levels.

Come in and see the Chevrolet.

Unconscious, Pecked to Death by Unfed Chicks

PUEBLO, COLO. — A flock of unfed chickens that attacked the unconscious body of their owner were blamed recently for a woman's death. Deputy Coroner H. Elyan Davis said Mrs. Elizabeth Marie Cravens, 63, was found lying unconscious on her kitchen floor with scars of chickens pecking at her face and eyes. She died two hours after she was admitted to St. Mary's hospital.

Texas Law Halts Touring Sailors in Texan's Car

COMPTON, TEXAS.—Texas law forbids 10 Swedish sailors with a yen to see Texas—in a Texan's car. The sailors admitted stealing two automobiles between Sinton and Beville. After the first car ran out of gas, they stole a second one. It was left in Beville and the Swedish adventurers were found while attempting to see more of Texas via automobile.

Larger Tillage On Less Farms

Census Bureau Reports Rise In Midwest Planting as Homesteads Drop.

WASHINGTON.—Farmers in the Midwest, the major agricultural region of the United States, are cultivating 10,000,000 more acres than five years ago, but the actual number of farms is decreasing, the 1945 agricultural census taken by the bureau census, department of commerce, showed recently. The farm acreage in the 12 great livestock and grain-producing North Central states has grown to 293,256,379 acres since 1940 in the 684 counties so far reported out of 1,056, a gain of 4 per cent, the bureau said. However, there are 49,006 fewer farms in the region including Illinois, Indiana, Michigan, Ohio, Wisconsin, Iowa, Kansas, Minnesota, Missouri, Nebraska and North and South Dakota. This is a decrease of 3.8 per cent from the 1,233,357 farms reported five years ago. Thus the average size of farms increased 8.1 per cent from 153.7 to 211.6 acres.

Larger Farms. The increased size of farms is attributed by census officials partly to the absorption of smaller farms, largely because the North Central states have extensive farm lands planted in crops favorable to mechanized farming, and somewhat because of the shortage of farm manpower.

The greatest decrease in the number of farms was in Michigan. A loss of 3,152 farms, or a decline of 7.1 per cent from 1940, was reported in 41 counties of the 83. South Dakota counties showed the greatest increase in farm acreage, an addition of more than 3,900,000 acres, or a gain of 10 per cent.

Percentages of decrease in the number of farms and increase in farm acreage, respectively, for the other states, follow: Iowa, 0.5 and 1.0; Kansas, 6.6 and 3.2; Minnesota, 3.3 and 1.7; Missouri, 2.2 and 4.8; Nebraska, 6.0 and 1.5; North Dakota, 5.8 and 8.9; Illinois, 3.3 and 1.9; Indiana, 3.4 and 1.4; Ohio, 2.7 and 0.3; Wisconsin, 4.2 and 3.2.

Acreage Increased. Nations, the 2,000 counties now reported out of 3,097, the number of farms declined by 41,702 or 1.1 per cent from 3,759,199 in 1940. Farm acreage increased 7.5 per cent, from 642,574,412 acres five years ago to the present 690,611,506 acres. Increase in size of farms was 8.7 per cent, from 179.9 acres to 195 acres.

Farm acres in use in the state of New York has increased by 622,389 since 1940 while farms have also increased by 1,143, according to a report from 28 of the 62 counties. New York and Maine were the only states in the Northeast showing a tendency toward larger farms, the survey showed.

Both Massachusetts and Rhode Island topped New York in percentage of farm increases, each showing a 28 per cent gain as compared with New York's 1.9, but the Empire State's total of 60,055 farms still was peak for the nine states covered in the survey. The state's 6,545,665 acres of farmland also was high.

Japan Slightly Mixed on Who Used Atomic Bomb

WITH 38TH DIVISION, NORTHERN LUZON, P. I. — "Have you heard about the atomic bombs being used in the war?" American officers asked Japanese Lt. Col. Shizume Sushimi at a mountain survey conference. "Where did we use it against you?" the enemy officer asked eagerly. "You must have your signals crossed," one American told him. "We were the ones who used it."

The Japanese colored seemed dumfounded, Maj. Richard Jeffers, Terre Haute, Ind., related, and told the Americans he understood Japan had such a weapon nearly perfected when he left the homeland.

Alien Political Units Restricted by Swiss

ZURICH.—The Swiss government drastically restricted the activities of all foreign political associations in this country in a move apparently designed to prevent the formation of groups like the German Nazis and Italian Fascists. A governmental decree banned all open-air meetings and demonstrations of the use of uniforms by all political groups formed by foreigners. The decree also stipulated that Switzerland would not permit any interference in its domestic policies by these groups.

Find Milder Type Of Atomic Blast

Second Process Seen Safer For Peace Uses.

NEW YORK.—An official British report on the atomic bomb reveals there are two types of atomic explosions, one the type, and the other, as powerful as any explosion has important implications for the world safety in the promise that it will produce atomic power. The report says that the destructive force of the atomic bomb is not much greater than the steam and gasoline power plants.

The two kinds of atomic explosions depend on fast neutrons from an atomic bomb and slow neutrons from atomic power plants. Fast neutrons are uncharged particles that travel at thousands of miles a second and with energies of millions of volts each. Slow neutrons drop to energies of only a few volts or even fractions of volts, and about a few million per second. It is these slow neutrons that are about 10 times more effective than the fast kind in producing the spits of energy of uranium or plutonium atoms.

The very slowest neutrons they use, in an atomic bomb. They would start the explosion without difficulty but before they could spread to detonate the entire atomic charge the expansion would separate portions of the atomic explosion.

A peculiarity of the atomic explosives, uranium 235 and plutonium, is the fact that they are safe until the instant when more than two pounds are brought together into a single closely packed mass. The slow neutron explosion would separate this mass too soon.

The fast neutrons, however, work in millions of a second and spread so fast that they ignite all, or nearly all of the atomic explosive.

Billionaire Firms in U. S. Increased to 43

NEW YORK.—The number of private business enterprises with total resources of \$100 million or more each increased by 11 during America's participation in the Second World War, a United Press study disclosed recently.

The survey revealed that 43 business organizations in the United States now boast membership in the billion-dollar club compared with 32 on December 31, 1941, a short time after the Japanese sneak attack on Pearl Harbor. At this time last year, billion-dollar enterprises numbered 41. Metropolitan Life Insurance company, the study showed, led the list of billion-dollar organizations for the second successive year. The company, one of the nine insurance companies to make the billion-dollar grade, reported total resources of \$6,995,450,571.

Bell Telephone system, comprising American Telephone & Telegraph company and its telephone operating subsidiaries, again ran second with \$5,543,391,000 in resources. Prudential Insurance company held third place with \$5,635,889,815. Chase National bank of the city of New York, the world's largest commercial bank, retained fourth position with \$5,288,247,000.

Crime Wave of 'Slaves' In Bremen Is Suppressed

FRANKFURT AM MAIN.—The United States army said recently that order had been restored in the Bremen area following a crime wave in which gangs of former slave laborers treated all Germans as "fair game."

Troops of the 29th infantry division, along with military government forces in curbing attacks that had reached "serious" proportions, the official announcement said. "Because many erstwhile slave laborers have been reluctant to be reprinted and because they consider all Germans to be 'fair game,' the looting of farms and attacks upon civil policemen have been mounting during midsummer," the announcement said.

Lt. Col. R. M. Donald, United States public safety section, said "our latest report from Bremen is that the situation now is well in hand."

Height Is Increased For Airplane Hostess

KANSAS CITY, MO.—Air hostesses may look different lately, according to Transcontinental and Western Air, Inc., officials. The reason is that they're taller than they used to be. The airline has upped the height requirements for hostess applicants by 1 inch, — from the former 5 feet, 5 inches to 5 feet, 6 inches.

SNAPPY FACTS

about RUBBER

Largest inflatable rubber units ever made (200 ft. long and 25 ft. high) were the pneumatic breakwaters used to control the waves on the beaches during the Normandy invasion.

The various raw materials used in the manufacture of tires came from 35 different states. 35.7 pounds of synthetic rubber are used up in driving a car 20,000 miles at 35 m. p. h. 61 pounds are used while driving the same number of miles at 50 m. p. h.

Sponge rubber, a century-old discovery, may become a hundred-million-dollar industry.

"QUINTS" always relieve coughing of CHEST COLDS WITH MUSTEROLE

MRS. ALLEN'S HUSBAND GIVES HER A SURPRISE

WEST MONROE, LA.—Mrs. Carl C. Allen of West Monroe, Louisiana, has an interesting story to tell about how she discovered Faultless Starch. Here is what she wrote:

"Last week my husband brought home a box of Faultless Starch. I decided to use it, thinking that all starches were about the same. You can imagine my surprise when I began ironing. My iron fairly flew and I was finished in no time. My clothes were so bright, with no rough starch blotches to mar their sleekness. I felt I just had to tell you how wonderful your starch is. My husband was just as proud as I when he saw his shirt. I wish all women could just try your product."

Now there is a thoughtful husband. That box of Faultless Starch really meant more to Mrs. Allen than a box of candy—and here is why:

SAVE 48 MINUTES A YEAR

Let's say it takes ten minutes to make hot starch when you have to cook it and stir it over a hot stove. But you can make hot Faultless Starch in a minute. That means you save nine minutes each time you make it. If you wash only once a week, in one year you would save 48 minutes, or seven hours and forty minutes.

SAVE 26 HOURS A YEAR

And that isn't all! Many people tell us that Faultless Starch makes it possible to save half their ironing time. Let's be conservative and say that Faultless Starch might save you half an hour each ironing day. In a year you would save twenty-six hours of hard hand-ironing time!

Why go on starching and ironing the hard way when you can do it the easy way with Faultless Starch. Or, better still, ask your grocer for a box today. You deserve Faultless Starch, too.—Adv.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of the Moody Bible Institute of Chicago. Released by Western Newlander Union.

Lesson for November 11

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

THE FRUITS OF PUBLIC WORSHIP

LESSON TEXT—Isaiah 6:1-4; Ephesians 3:15-21. GOLDEN TEXT—Praise ye the Lord. I will praise the Lord with my whole heart, in the assembly, with trumpet and in the congregation.—Psalm 111:1.

The center of every community should be the church. The house set aside for the worship of God is the gathering place of His people. There they find fellowship as they meet the Lord. He is in their midst exalted and mighty, but ready to enter every humble and contrite heart.

I. Recognizing God's Presence

King Uzziah, who had begun well but had forgotten God, was at the end of his life a leper because of his sin and duty to disregard. Israel which had known unprecedented prosperity under God's blessing now hardened its heart nationally against God and was also about to go into eclipse.

It is essential that the man who speaks for God should first see the Lord high and lifted up and to bear of His holiness and glory. The negative tone of the present-day message, the lack of enthusiasm and interest in holy things, the low standards of personal holiness, the failure to preach boldly the truth regarding God's holiness and glory are to be explained by the fact that there has been no vision of the eternal holiness and glory of God.

II. Renewing by God's Power

To see the holiness of God is to be immediately conscious of one's own sin and unworthiness. The obvious conclusion which one draws from that fact is that anyone who is proud, who is not concerned about his own sins and the sins of his people, is living far from God and has either never known or has forgotten about His divine holiness.

When Isaiah called out in humble confession, "then" he was cleansed. The turning point is right at that place for any life. Only when we come to the place of confession and contrition which Isaiah knew, can we expect the Lord to send the cleansing fire and the enabling power.

Reformation, turning over a new leaf, character development, all commands in that place, are not sufficient. There must be a divine cleansing of the life if there is to be a communion to service.

III. Realizing God's Will

The ministry of the Church of God can serve no greater purpose than helping men and women to know the will of God. That wisdom (v. 17) comes through the teaching of God's Word and through the ministry of the Holy Spirit, both in the church and in the individual.

The Church (and that means every member) is to recognize that at the evil day in which we live is a challenge to holy and effective living. Time is not to be wasted, or casually used. It is to be redeemed—every moment to count for God.

The walk of the believer is to be circumpect, that is, with "pains-taking attention to details, under a sense of their importance." Not a forth walk, but a wise one.

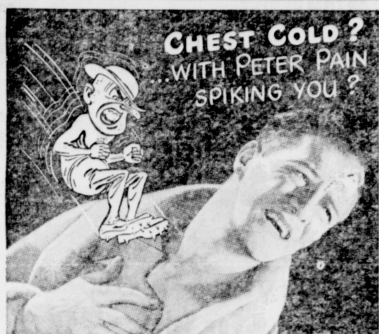

IV. Receiving God's Spirit

God wishes to fill His children with the Holy Spirit in such mighty overwhelming power that they are entirely under His control. Such Spirit-filled believers find their joy and satisfaction in the fellowship of those who sing the praises of God from the heart.

Being a Christian is not a depressing, sorrowful business. It makes you glad. It is God's people who win and make us melody. Some of us who have failed to appreciate this truth should begin now to "get happy" about our religion.

The Holy Spirit leads believers into a life of humility and self-denial (v. 21). Pride and self-exaltation are definitely ruled out. Do not neglect the note of thanksgiving found in verse 20. The Church of Christ has so infinitely much for which to be thankful that actually which is to be a sin. How much ingratitude is lost because of it! Let us "give thanks always for all things."

Gasden Superstition As late as 1740, people in New England thought potatoes would shorten men's lives and make them unhealy. Canned Carp A Minnesota manufacturer is about to can carp and market it, graded, tuna-style, under the name of "Lakefish."

CHEST COLD? WITH PETER PAIN SPIKING YOU? RUB IN Ben-Gay QUICK Yes, rub in Ben-Gay quick...and quickly get relief from chest-cold symptoms. Soothing, gently warming... Ben-Gay acts fast. Ask your doctor about the famous pain-relieving agents, methyl salicylate and menthol. Ben-Gay contains up to 2 1/2 times more of these ingredients than five other widely offered rub-ins. Get genuine Ben-Gay!

Date-Bran Muffins, good as cake!

(Take no sugar, no shortening!)

These delicious new All-Bran muffins made with chopped dates will have a big appeal for the "sweet toothers" in your family! They're so moist, and they're so tender—so good. That's because KELLOGG'S ALL-BRAN is milled extra-fine for golden softness. 2 cups Kellogg's 1 cup sifted flour All-Bran 1 teaspoon soda 1/2 cup molasses 1/2 teaspoon salt 1/2 cup milk 1/2 cup chopped dates

Add KELLOGG'S ALL-BRAN to molasses and milk and allow to soak for 15 minutes. Beat egg and add to first mixture. Add sifted dry ingredients and fruit. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400° F.) about 20 minutes. Makes 15 light, luscious muffins.

Sheriff's Sale

THE STATE OF TEXAS
County of Eastland By
virtue of a certain Order of Sale
issued out of the honorable 91st
District
court of Eastland County, on the
25th day of April 1945 by Roy
Lane, District Clerk of said
court upon a judgment in favor
of City of Ranger, together with
Ranger Ind. Sch. Dist. State of
Texas and County of Eastland
for the sum of
Eleven Hundred ninety-seven
and 2/100, "\$1197.02" Dollars
and cost of suit, in cause No.
11,708-M in said court, styled
City of Ranger vs. W. M. Donley
and placed in my hands for ser-
vice, I John Hart, as sheriff of
Eastland County, Texas, did on
the 5th day of October 1945,
levy on certain parcel of land situ-
ated in Eastland County, describ-
ed as follows, to wit:

Lot number one (1), of the
block number twelve (12), of the
Hodges Oak Park Addition in
the City of Ranger.

and levied upon as the property of
said W M Donley and on Tuesday, the
5th day of Oct., 1945, at the Court
House door of Eastland County, in
the city of Eastland, Texas, between
the hours of 10 a. m. and 4 p. m., I
will sell said real estate at public
vendue, for cash, to the highest bidder
as the property of said W M Donley by
virtue of said levy and said Order
of Sale

And in compliance with law, I give
this notice by publication, in the
English language, once a week for
three consecutive weeks immediately
preceding said day of sale in the
Carbon Messenger a newspaper
published in Eastland County.

Witness my hand, this 5th day of
October, A. D., 1945,

John Hart, Sheriff
Eastland County, Texas
By A. M. Hearn, Deputy.
