J. A. STREET FOUND DEAD AT VALLEY CREEK HOME

The body of J. A. Street was found in his yard on the W. T. Padgett place on Valley Creek, seven miles West of Ballinger, shortly after noon Thursday, with a shotgun nearby. A charge from the weapon had ended Mr. Street's life instantly, and W. T. Padgett, who visited his farm, found the body presumably a short time after death.

The news of the tragedy reached The Ledger shortly after the body had been found, but up to press time it had not been determined whether death was due to an accident or from suicidal intent. The first report stated that Mr. Street was shot in the neck and about the mouth, and that it was indicated death was instantly inflicted.

Mr. Street had been living on the Padgett place since about the first of the present year, occupying the old Raby home. Mrs. Street, who was in the house when the body was discovered, did not hear the report of the gun, and knew nothing of the tragedy until Mr. Padgett found the body. The tragedy was immediately reported to the officers, and relatives.

J. A. Street had resided in this county for many years, living in town and at different places in the county. Before moving to Ballinger several years ago, he lived at Wingate. He lived at Crews last year, moving to the Padgett place the early part of the year. He was about 68 years of age.

He is survived by several children. His son, Will Street, of this city, was at Maverick on business at the time his father was killed. Other relatives from town hurried to the scene of the tragedy, and as The Ledger went to press the officers had not returned to town and made a report of the tragedy. An inquest will probably be held.

DE MOLAY ELECTS NEW OFFICERS

At a meeting of the Robert McGregor Chapter, Order of DeMolay, last Monday night, the following officers were elected for the ensuing year: Robert Kirk, master councillor; Clarence Preston, senior councillor; Jim Flynt, Jr., junior councillor; Frank Holliday, senior deacon; Morris Nicholson, junior deacon; Garrett Daugherty, scribe and treasurer; Randall Campbe 11, chaplain; Rollin Campbell, marshal; Leslie Holman, sentinel; Linton Clark, standard bearer; Sam Dunlap, first preceptor; Robert E. Bruce, second preceptor; E. Paul Jeames, third preceptor; Robert Lee Jonas, fourth preceptor; Roy Mack, fifth preceptor; Paul Kirk, sixth preceptor; Ivan Scarborough, seventh preceptor; Burns Holt, senior steward; Herbert Sledge, junior steward.

SHOW DOWN IN LIQUOR ON SHIPS IS DUE SOON

(By Associated Press)
NEW YORK, June 21.—A showdown on the liquor question on foreign ships plying American waters seems likely to be made sooner than was at first expected as the Berengaria, bringing liquor under British customs seals to be used on its return voyage to England, is due to arrive in New York harbor tomorrow.

WASHINGTON, June 21.—Secretary of Treasury Mellon today began a series of conferences in an effort to clear up the ship liquor question. He declared that there was no doubt as to the right of seizing contraband wines and liquors in American waters, but the question was whether the prohibition agents of the government dared to destroy foreign government seals presented a grave problem.

SOUTHAMPTON, Eng., June 21.—The Cunard liner Berengaria sailed for New York last Saturday, and it became known here today that the ship carried sufficient alcoholic spirits for the return voyage, and the liquor was carried under the same locks and customs seals as the White Star liner Olympic is using to protect its return liquor refreshments supply.

The Olympic sailed yesterday, carrying liquors for the purpose of making a test case of the right of foreign ships to carry intoxicants into the American three-mile limit waters. It is expected that a test case will be made of the ruling prohibiting foreign ships from bringing liquor inside the three-mile limit.

FIVE YEAR OLD BABY IN DOUBLE ACCIDENT

TAHOCA, June 19.—The 5-year-old son of Mr. and Mrs. Tul Adams had a double miraculous escape from death. Traffic was heavy when the child started across the street, and was knocked down by a bicycle. As he jumped up and started on a car ran over him, but fortunately he was unhurt except for a bruise on the arm made by striking the member against the curb in falling.

Tul Adams will be remembered in Ballinger as the son of Mr. and Mrs. Jap Adams. The above dispatch appeared in the Ft. Worth Star-Telegram Wednesday.

H. S. Strain, with Weeks drug store, returned Wednesday evening from Lancaster, Dallas and other points, where he had been on a summer vacation. Mrs. Strain and children will remain for a longer visit.

CURB MARKET MEMBERS FIRED

(By Associated Press)
NEW YORK, June 21.—One member of the New York curb market has been suspended for a year, another expelled for all time to come for violating rules against the best interest of the exchange.

Benjamin Alexander, connected with the house of J. Schenck, has been expelled for "an act inconsistent with the principles of trading." A. B. Morley was suspended for "an act detrimental to the best interests of the exchange."

CITIZENS GOING TO AID FRIENDS

(By Associated Press)
HOUSTON, June 21.—More than fifty automobile loads of Goose Creek citizens are en route from Goose Creek, 21 miles from this city, as an escort for four residents of that place who have been ordered confined to jail following their refusal to answer questions propounded to them by the grand jury relative to certain floggings.

The men were carried before the grand jury yesterday and questioned regarding the flogging of L. D. Moseley, Johnny Midnight and Shorty Brown. All remained silent when questioned about the floggings, and Judge C. W. Robinson fined them each \$100. The fifty autos loaded with friends came to their rescue today.

CITY SAVED FROM LAKE OF LAVA

(By Associated Press)
CATANIA, June 21.—Unless a new and stronger emission of lava from Mount Etna breaks forth, the town of Linguaglossa, which has been threatened for the last three days, is now considered almost certainly safe from destruction, says official reports received here today.

A huge stream of lava has been deviated into ditches turning it around the town and into a neighboring valley which has become a lake of fire.

Thunderous explosions continue and distressing tales of wild stampedes by the panic stricken population and destruction of homes, and heroic efforts of rescue can be heard on every hand. Funds and offers of help have begun to pour in from all over the world.

The town which is now most endangered by the volcanic eruptions is Castiglione, a city of fifteen thousand inhabitants.

STARTS MOVE FOR A BETTER KLAN

(By Associated Press)
HOUSTON, June 21.—George Kimbro Jr., once Grand Goblin of the Ku Klux Klan in Texas, has placed himself at the head of the movement in this state and announced the purpose of cleansing and purifying the organization. Mr. Kimbro has issued a proclamation calling on all Klansmen in the United States to join the National Associated Klans, of which he is provisional president.

WEEKS

Petitions have been prepared and will be put in circulation at once asking for an election to create the Colorado Valley Irrigation District. As soon as the required number of signatures have been obtained the petitions will be presented to the State Board of Water Engineers and it is expected that that body will order the election at once.

This puts the irrigation proposition up to the voters. They shall say whether the proposed irrigation district shall be created, and at the same time will elect a board of five directors.

NINE NEGROES DIE IN TENEMENT HOUSE FIRE

(By Associated Press)
CHICAGO, June 21.—A late check up on casualties from the negro tenement house fire early this morning shows that nine of the persons perishing in the flames were negroes and one a white man. None of the dead has been identified. About thirty negroes were injured.

Joseph Smith, negro, owner of the building, and who was arrested, admitted to the officers that he operated a still in the basement of the building, and says that he left a gas jet burning about four inches from the ceiling.

CHICAGO, June 21.—Ten negroes are known to be dead and at least twenty-five injured as a result of fire which destroyed a three-story tenement house on the South Side early today. One hundred negroes were occupying the house at the time they were cut off from escape by the main stairway being destroyed by fire before the alarm was given. Many of these jumped to the streets and were injured or had narrow escapes.

The fire started in a furniture store on the ground floor, and Joseph H. Smith, a wealthy negro and owner of the furniture store, has been arrested. Battalion Fire Chief Egan declared that he believed the fire started in the basement of the building from a "still," and an investigation is being made to verify this belief.

The dead include six negro women, three negro men and one boy.

Frank Schneider returned to Galveston Wednesday where he is engaged in the drug business, after a visit to his parents, Mr. and Mrs. J. M. Schneider.

Mr. and Mrs. Paul Michaelis returned home Wednesday at noon from Galveston, where they spent several days.

The boundaries of the proposed district have been outlined and include the towns of Miles, Bronte and Ballinger. Rowena is cut out, as the opposition in that territory was so strong that the committee deemed it folly to try to force upon a people something they did not want and so bitterly opposed.

The proposed area embraces some of the finest land in West Texas, and many thousands which can be placed under ditch by gravitation. The sentiment in Bronte, Miles and throughout a greater portion of the proposed area is said to be almost one hundred per cent strong for the creation of the district. Every property owning citizen who is qualified to vote in any election will be entitled to vote in the election to be held creating the proposed district. If the district is created the next step will be to adopt a method of financing the big project, which will no doubt be by a bond issue.

This places the question of irrigating 100,000 acres or more of fertile land up to the property owners within the proposed district. The temporary organization has gone as far as it can go. It has spent thousands of dollars, supplemented by State and United States funds, in making the surveys and working out preliminaries. The engineers, both state and federal, have approved the project as being entirely feasible, and as offering one of the best irrigation propositions in the Southwest. It is now up to the people to do for themselves what no other agency can do. It is the critical time in the program of development of this section. If the proposition is defeated, what has been done is lost for the time being at least, and the dry land farming method will continue and crops produced only when sufficient rainfall comes to insure them.

UN-AMERICAN HISTORIES?
 Are our American histories pro-
 American or are they pro-some-
 thing else?

This question is agitating the
 minds of some of our educators and
 political leaders.

During the war somebody dis-
 covered that our histories were
 pro-German, and a roar went up,
 demanding that they be cut out
 of the schools.

Now Mr. Hearst and his papers
 are charging that our histories
 are pro-British, and the charge
 is made that the minds of young
 Americans are being poisoned by
 British propaganda.

If our histories were pro-German
 during the war and pro-British
 now, why is it so? Is it not pos-
 sible to find someone in this
 country who has a sufficient
 amount of brains and patriotism
 to write a history that is pro-
 American?

We can only come to one con-
 clusion from reading such
 charges. Either our historians
 are un-American for writing his-
 tories that are not 100 per cent
 American, and our school author-
 ities and teachers are un-Amer-
 ican for using them, or somebody
 is talking through a big hole in
 his hat.

**SEEK PRESERVATION
 OF BLUE QUAIL**

(By Associated Press)
 LAMESA, Texas, June 21.—A
 campaign for the preservation of
 the blue quail and its domestica-
 tion has been undertaken by the
 Lamesa Chamber of Commerce.
 In announcing its campaign the
 chamber said:

"The blue quail is the oldest
 bird whose flesh has during all
 periods of history been a sustain-
 ing and delicious food for man-
 kind. It is a bird that can be
 domesticated and if not shot at
 or otherwise mistreated can be
 more easily raised than any other
 domestic fowl.

"Many farmers in our county
 are now raising them around their
 homes and in some instances they
 roost with the chickens. Their
 delicious meat comes at a time of
 year when the frying size chick-
 ens have been used up and it is
 too cold for fishing.

They can be raised in West
 Texas by the millions if they are
 treated right. They are not a
 'game bird' in the same sense as
 the Bob White, and there is little
 more sport in hunting them than
 there would be in hunting Leg-
 horn chickens. They were in-
 tended by nature as a domestic
 fowl and if the people can be per-
 suaded to respect the rights of
 others they can be raised in abun-
 dance on every farm in the state,
 thus adding to the happiness of
 the home."

500 NEW NAMES FOR F. B. ASS'N.

The membership drive which has been under way in this county for the past two or three weeks, closed Wednesday night with about 500 new contracts in the hands of the officers of the organization.

This brings the total membership in this county up to about 800, representing a total production perhaps of more than 20,000 bales of cotton of the county. The contracts provide that all members shall pool their cotton, shipping it to the Farm Bureau Cotton Association where it is stored and sold to the best advantage possible.

The cotton association of the Farm Bureau, it seems, handled the cotton turned over to it satisfactorily last season, and is launching out on a large scale for the coming season, and is planning to handle twice as much cotton as was sold thru the organization last year. The cotton contracts have been revised to some extent, and under the present conditions meet with the approval of bankers and credit men of the country.

In completing the campaign in this county the field force is divided into three units, one going to Brown county for a membership drive, one to Taylor county, and the third going to Lubbock. In commenting on the campaign in this county, J. W. Myers stated that the drive for new members here had been very satisfactory. It is expected that other prospective members will come into the organization, as local officers will continue to accept contracts, and it is probable that the total membership in Runtels county will reach 1,000 by the ginning season.

Recommends Chamberlain's Tablets

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minoa, N. Y. Take these tablets when troubled with constipation or indigestion and they do you good.

Mr. and Mrs. B. C. Kirk and Mrs. A. S. Love and children left for Corpus Christi Tuesday morning, and will visit other places in South Texas.

"MISS LULU BETT" IS GREAT PICTURE

Another colorful page from American home life is recorded in William de Mille's Paramount picture production, "Miss Lulu Bett," which was shown with delightful results at the Fo-to-sho Theatre last night. Mr. de Mille has cleverly handled this story.

The novel and play, by Zona Gale, were quite popular, the play winning the prize as the best American drama of the season of 1920-21 on Broadway, New York. The cast is composed of such screen favorites as Lois Wilson, who plays the title role delightfully; Milton Sills, leading man, who is excellent in a strong role; Theodore Roberts, Helen Ferguson, Mabel Van Buren, May Giraci, Clarence Burton, Ethel Wales and Taylor Graves.

Tonight will witness the last screening of "Miss Lulu Bett" at the Fo-to-sho.

On Saturday the Fo-to-sho will offer a special production entitled "Trumpet Island," a Vitagraph super-picture written by Gouverneur Morris and edited by Lillian and George Randolph Chester. Wallace MacDonald and Marguerite de la Motte play in the star parts.

REFORMATION OF A THIEF EFFECTED IN "ROSARY"

The reformation of a thief is one of the moving features of the big First National production of "The Rosary," which comes to the Maeroy Theatre tomorrow, (Friday, only).

Father Brian Kelly, portrayed by Lewis Stone, surprises the night priest in his study. The good priest realizes the boy has come to rob and tries to turn his thoughts from evil ways, and en-

tirely gains his confidence by telling the suspicious watchman who puts in an appearance that the boy is his friend. Instead of having him jailed, Father Kelly invites the boy to sit down and have something to eat.

Father Kelly starts Skeeters on the right track, and he becomes a self-respecting member of society in the little fishing village of Sandy Bay. Also, he falls desperately in love with a young lady, who at first spurns his attentions and then realizes his true character.

The part of Skeeters Martin is played by Harold Goodwin, and that of Father Kelly by Lewis S. Stone.

We appreciate the kindness of friends during the recent bereavement brought to us through the tragic death of our father, and we wish to publicly express our sincere thanks to all those who aided us by deeds of kindness and words of sympathy. The tribute of respect paid to our father by those who had known him for almost half a century was a consolation to us, and we appreciate more than we can express all that you did for us.

AUSTIN—City officials here are preparing for the submission of a bond issue of several hundred thousand dollars to finance the erection of a rapid sand filtration plant for the purification of drinking water drawn from the Colorado River. John Hawley, of Fort Worth, noted water engineer, has been employed to conduct a survey and furnish data preliminary to the calling of the proposed bond election.

SIMMONS HEADS NATIONAL GUARD

J. M. Simmons has been appointed captain of the local National Guard unit, and Capt. Newt Wardlaw's resignation has been accepted, according to information received in Ballinger Thursday. The resignation and appointment of a new captain is made effective May 9th, and it is expected that the transfer will be made at an early date.

Capt. Wardlaw resigned some time ago, and Lieut. Collis Doose also tendered his resignation. The latter's resignation has not been acted upon, but it was announced some time ago that Mr. Simmons would probably be commissioned to succeed Mr. Wardlaw, and notice from the adjutant general's department Thursday verified the report.

The local Headquarters Company, 142nd Regiment, National Guard of Texas, is in a good way to be disbanded or mustered out, according to reports here. The membership is below the minimum, and according to well founded reports, it must be recruited to at least the minimum or the company will be mustered out and a new company to take its place organized at some other point. This will be bad news to the boys right on the eve of the encampment season, when all plans are being made for their annual trip to the training camp with all expenses paid plus the usual per diem.

The National Guard payroll brings several thousand dollars to this city annually, and offers good opportunity for military training to those who wish to take advantage of it, and no doubt a recruit-

ing drive will be made and the personnel brought up to the required strength.

MAN GIVES WIFE GLYCERINE MIXTURE

She had stomach trouble for years. After giving her simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, her husband says: "My wife feels fine now and has gained weight. It is wonderful stomach medicine." Adler-i-ka acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach and which you never thought was in your system. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities it brings out will surprise you. J. Y. Pearce Drug Company.

DEATHS

Mrs. Arlie Alice McAdoo

Undertaker King was called to Winters Wednesday to take charge of the remains and prepare the body of Mrs. Arlie Alice McAdoo, who died at that place. Mrs. McAdoo was the wife of T. E. McAdoo. She was 43 years of age, and had resided at Winters for some time. The services were held at the Baptist church in Winters at 2:30 Thursday afternoon and interment made in the Winters cemetery. Rev. H. H. Stephens conducted the funeral services.

Barnie Jost

Barnie, sixteen year old son of Mr. and Mrs. John Jost, died at the home of his parents three and a half miles Southwest of Rowena Saturday, June 16th, and was buried in the Catholic cemetery at Rowena Sunday morning at 11:30 o'clock. Rev. Father Puckholder conducting the funeral services.

The deceased was stricken with

been confined to his bed, and all that medical skill could do was done to stay the hand of death.

Barnie was a popular boy among his schoolmates and his many playmates paid a tribute of honor to his memory by forming in procession and following the remains to their last resting place.

The Home of the Soul

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.
