BALLINGER, TEXAS, THURSDAY, JANUARY 1935.

NUMBER 17

WORK ORDER ISSUED ON HIGHWAY NO. 109

Relief Commission Grants Two Important Projects

Two new projects granted in Ballinger by the Texas relief commission will relieve unemployment here and add valuable improvements. They are of interest to every citizen.

Probably the most important of these is the completion of the dam at the lower city reservoir on Elm Creek by adding three feet of masonry. This project has been approved by the state board of control and a work order issued for the construction.

The original plans called for a dam three feet higher than was built. Because the city did not own all the land which would be covered by the lake, the height of the dam was reduced three feet until the commission could purchase this additional ground. Some time ago a deal was effected in which the city became the owner of all land which will be inundated by increasing the capacity of the lake. When the first contract was completed by Brown & Root in the spring of 1930 the emergency spillway and dirt embankments were finished to the height specified in the original plans.

This project will employ 30 men 40 working days. Stone will be taken from the municipal quarry and rock masons will fill in the top of the present dam 3 by 400 feet. This will increase the area of the lake one-fifth, or 258-acre feet. When the lake is full the water level will extend to the height of the upper reservoir—at the floor of the concrete causeway across Elm Creek. Work probably will get underway the latter part of January and rock and concrete men now employed on the drainage ditch will be transferred to this project.

The other project approved for Ballinger is already launched and will require about 35 men 40 working days. This project is a new stone and concrete structure, 30 by 60 feet, an addition to the old county jail. It will be erected in the corner facing Sixth Street and Strong Avenue and when completed will house the administrative staff of the county relief organization.

For the past two years the offices of the relief officials have been in American Legion Hall but there is not enough room there for the many branches and as soon as the new building is completed the offices will be moved. The old jail now houses a sewing room and canning plant and when the administrative offices are moved all relief agencies here will be under one roof. Later, when relief work is concluded the county will use the building to store road machinery.

Work on the city drainage system will be continued until finished.

BALLINGER SINGERS AT COLEMAN SUNDAY

The choir of the First Methodist Church of Ballinger went to Coleman Sunday evening and presented a program of Christmas music in the Coleman Methodist church. The singers were greeted by a large audience who welcomed them cordially.

Following the program women of the Coleman church served the Ballingerites with light refreshments in the dining room of the church and a social hour was spent together.

Later in the year the Coleman choir will come here to present a cantata. It is probable that the appearance here will be during the Easter season and a full evening will be devoted to the musical program.

The choir which went to Coleman was composed of 30 voices with Mrs. L. Schermerhorn at the organ.

Dan Woodroof has returned from San Antonio where he bought new merchandise for the Woodroof & Son store here.

Mr. and Mrs. W. O. Wallace and family have returned from Carlsbad, New Mexico, where they spent Christmas in Mr. Wallace's old home.

Season is Closed For Duck Hunting In This Vicinity

The duck hunting season closed in this zone December 30 and it is a violation of state and federal game laws to kill duck the rest of the winter. The season ended here just as a few ducks were beginning to migrate into "these parts" and only a few hunters had good luck. On account of the mild weather scarcely any ducks came this far south. There was plenty of water in good ranch tanks and in large holes on streams to attract the birds.

The quail season will continue until January 16 in this zone, according to J. P. Flynt, state game warden. Quail have also been scarce this winter and the rigid closed season on this species of game has not helped to increase coverts in this immediate vicinity. In sections north and south of Ballinger where there is considerable rough country there are some birds to be found, but it is rarely that a hunter can get the bag limit in one day.

The next closed season affecting sportsmen of this section will be the latter part of this month when no bass or crappie fishing will be allowed until May 1.

Erline Toungett First 1935 Infant In Runnels County

Little Miss Erline Toungett, daughter of Mr. and Mrs. O. B. Toungett, who live 10 miles from Ballinger on the Crews road, is the first 1935 baby in Runnels county. The young lady was born at 5 a. m. January 1, with Dr. F. M. Hale attending. A check-up of the records here Wednesday afternoon showed no other birth recorded prior to that hour.

In Ballinger the first birth recorded was that of Robert Sanford Bruce, son of Mr. and Mrs. R. E. Bruce, 907 Broadway. The young man was born at 7:40 a. m. January 2 at the family home, with Dr. Charles F. Bailey attending.

The young man will bear the name of two great grandfathers. Both Mr. Bruce and Mrs. Bruce had grandfathers whose names were Robert Sanford and the infant is named for each of these and also bears the name Robert for his grandfather, R. W. Bruce, of this city, and Sanford for the other grandfather, S. R. Yates, of Arlington.

A number of other births were reported from various points in the county since January 1.

D. R. Smith, who had been in a San Angelo hospital for several weeks, has returned home and was able to be down town for a while Wednesday afternoon.

Annual Meeting Planned for Local C. of C. Members

The directors of the Ballinger Chamber of Commerce will be in session several times this week and next winding up the year's business and on January 15 a mass meeting of members at the city hall will be called for the purpose of electing eleven directors and to hear a proposed program for 1935. This procedure is different from that of previous years when all this work has been done at the annual banquet.

A nominating committee will report at the meeting January 15, suggesting eleven members for the board this year. The mass meeting will accept or reject the proposed names and elect a full board which will meet and organize at once. Secretary J. D. Motley will report on the 1935 program, including eight or ten proposals for consideration during 1935. This program will be discussed, possibly amended, and adopted by the mass meeting. The only other items to be presented at the mass meeting are to set the date for the annual banquet and choose committees to look after the details.

The present board of directors expects to announce the annual banquet for the latter part of this month, to which all citizens will be invited. At the banquet the main theme will be the 1935 program and the building up of the membership.

It is pointed out by the secretary that there are a number of new firms in Ballinger which have not affiliated with the organization. The membership committee has not made a canvass recently and plans are for a city-wide drive to be conducted the first part of February. The tremendous task before the chamber at this time demands that the monthly income be larger to satisfactorily carry on the work.

J. K. Baker, of Coleman, was here on business Saturday. While here he visited many of his friends.

Tom Kornegay, of Lubbock, visited friends in Ballinger Monday.

Post Office Receipts For Last Year Show Increase

Receipts at the Ballinger post office gained \$1,476 during 1934 over 1933. Each quarter during 1934 was better than the same quarter of the year before. J. A. Reese, local postmaster, Wednesday released the figures for the year which showed receipts for 1934 totaled \$18,930.85 as compared with receipts for 1933 of \$17,455.39. Mr. Reese was well pleased with the increase made and stated that the amount of mail handled also was heavier last year. During the past year there was a reduction in postage rates of one cent each for letters mailed to addresses in the city.

	1933	1934
First quarter	\$ 4,269.33	\$ 4,636.39
Second quarter	3,898.18	4,573.53
Third quarter	4,025.44	4,195.38
Fourth quarter	5,355.44	5,525.55

New Year's Eve is Quiet; Few Business Changes

The year 1935 was ushered in by J. D. Forman and Tom Penn, quietly in Ballinger. A New Year's matinee and a few social affairs entertained young people of the city until after midnight, but the celebrants were not raucous and those worthy burghers asleep at home were not awakened by the usual sound of whistles and bells.

A number of changes were announced in the business district and at the court house with the dawn of the new year. New members were given the oath of office and assumed their places in the official "family" at the court house Tuesday morning. C. C. Sessions became county attorney and will attend to the prosecution of law violators. John Rayburn is the new district clerk and hereafter will transcribe proceedings and attend to the office work of the 119th district court. Dee Oliver, of Ballinger, and Troy Carter, of Wingate, became members of the commissioners' court and will oversee road work in their respective precincts. E. C. Grindstaff became county school superintendent and is in charge of this office. W. A. Forgey continues as county tax collector but also assumes the duties of county tax assessor, these two offices being consolidated.

Modern Dry Cleaners, operated by J. D. Forman and Tom Penn, will move from their stand on Eighth Street to Hutchins Avenue into the building occupied by Carr's Man Shop, and Horace Atnipp will move Carr's Man Shop to the building being vacated by Modern Dry Cleaners. Mr. Atnipp will be joined in operation of the business at the new stand by Jack Atnipp, recently of San Angelo. Joe Flynt vacated the building on Eighth Street where he has operated a tailor shop for the past year and is storing his equipment. Jack Carroll has moved his plumbing shop to his new location at the corner of Ninth Street and Hutchins Avenue and is open for business there. E. Shepperd and Thomas G. Patten have moved their insurance, abstract and law offices to the first floor of the Farmers & Merchants State Bank building. The Ballinger Auto Company is winding up its business affairs here and will maintain nothing but an office hereafter. L. E. H. Barnett, agent for Pontiac and Buick automobiles, will occupy this building, handling complete lines of these motor cars. A number of other business changes have been rumored but confirmation could not be obtained on any of them.

Attendance Good At Schools After Holiday Recess

Pupils of the Ballinger schools resumed studies Monday morning after a ten-day Christmas recess. The enrollment was up to standard for the opening and all teachers were at their desks. School buses brought in their passengers on time Monday morning.

Most of the Ballinger teachers, who reside out of town spent the holidays with relatives.

The only change made in the faculty was that of Felton T. Wright taking over the history department and the coaching of athletics. He began his duties Monday morning. Horace Sessions, who had been teaching history since the resignation of A. F. Ligon and the promotion of H. B. Self to the office of high school principal, has returned to his law office for general practice.

Mr. Wright is not a stranger to the Ballinger school faculty, having served in this capacity previously for five years. He will start training boys' basketball, track and other contests included in the county interscholastic meet schedule at once and may conduct spring training for football candidates.

Superintendent H. C. Lyon stated Tuesday that all school work was progressing nicely and that no time was lost in resuming study after the year-end holidays. A number of new students enrolled at the beginning of the new term.

PARRISH WILL BE RETAINED IN SUPERINTENDENT'S OFFICE

County Superintendent E. C. Grindstaff will retain James Parrish as office assistant. Mr. Parrish assisted the former county superintendent, R. E. White, for a number of years and is thoroughly qualified for the position. His knowledge of school affairs in the county, his acquaintance with teachers, trustees and other officials, makes him a valuable man in the office.

O. D. Dillingham, of Abilene, owner and manager of the Banner Creamery and Ice Company, attended to business in Ballinger Tuesday. Mr. Dillingham said he had not selected managers for his plants at Winters and Ballinger but hoped to do so within a few days.

A work order has been issued for the first construction on state highway No. 109 from Ballinger to Bronte. The work order includes 9.48 miles, half of the project, and operations are due to start as soon as some deeds can be acquired for right-of-way on this end of the highway.

News of the issuing of the work order was received here Wednesday afternoon when Secretary J. D. Motley, of the Ballinger Chamber of Commerce, returned from Austin with the information that the federal roads bureau, the state highway commission and the Texas relief commission had all approved the project. G. M. Garrett, resident state highway engineer, received notice Wednesday afternoon from the division highway engineer of the work order and began at once preparing data on the construction.

The first section of the new highway will be over that portion of the route which requires practically all new right-of-way. It was stated Thursday by those in authority that work would begin near Ballinger where the new highway leaves the old road and at the west end of the project where the new route comes back into the old road. This is a short distance west of Valley Creek.

Included in the first work order is the grading, small drainage structures, and caliche base, which will make the section ready for final topping. Mr. Garrett estimates that the allowance given in the first work order will permit him to accomplish this much. There is only one large drainage structure on the first contract, a bridge across Valley Creek.

The contract will be under the supervision of the state highway department with Mr. Garrett superintending details here. Relief labor will be employed.

This designation was made by the state highway commission two years ago and since then Ballinger citizens have been actively interested in getting work commenced. The issuing of the work order was received here with enthusiasm.

Good Milk

Let us supply your family with GOOD MILK. Our cows are really "contented" and why shouldn't they be—they receive more consideration as to diet than many families. This is why we can recommend our milk so highly, we feed to produce vitamins and you get them in abundance when you use our milk. Our cows are "Federal Accredited," they have warm quarters, our plant is sanitary and the chance of getting any kind of disease is slim. Why not give yourself, your family and your conscience a clear start in the new year, by using the best milk to be had in Ballinger?

WE WOULDN'T FORGET
 our friends, we appreciate them more than they realize and are mindful of the many courtesies shown us during the last year. We invite your continued confidence and patronage and assure you that we shall always try to merit your goodwill.

GO TO CHURCH SUNDAY...A COMMUNITY MOVEMENT

Make New Friends At Church

You'll Feel Better for
Having Gone!

ONE of the many things that the church can give you is Friendship. At the church, you will meet persons of character, of refinement, of culture, of taste and interests that are your own. Likewise, by your regular attendance, you will establish yourself as a person of high standing.

Men and women of character, men and women of high community standing, gather together on the Sabbath in the House of God. There they not only receive spiritual inspiration, but also share with each other the warmth of friendship. You, too, will meet worthwhile friends in the church.

The Church Has Something for You

You Have Something for
the Church!

YOU and the church are inter-dependent. Without the church, your community would degenerate into a materialistic group of individuals. It is the church that provides a background of ideals, and unity of purpose. The church is at the source of countless benefits that you take for granted and enjoy daily.

Without your support, in turn, the church would cease to exist. Your duty to the church, therefore, and to your fellowman, yourself and your God, is to give your support by regular attendance. Go to church Sunday at the church of your own choice.

All of These Churches Will Welcome You Any Sunday

Here's your "first look" at America's first HIGH SPEED SAFETY CAR. But no picture can do it justice. You've got to see it first hand in person . . . to discover what a different kind of automobile this new Plymouth really is.

It provides scientific improvements that cast aside tradition and precedent. It has the highest compression ratio of any car . . . with a new economy and new top speed and faster acceleration.

It's safer . . . easier to control . . . than any low price car ever before offered to the public.

In this new Plymouth 80 miles an hour seems like 50. This car has amazing new roadability. And its improved Hydraulic Brakes . . . an even stronger Safety-Steel Body . . . give you greater security at all speeds.

Join the crowds. Step into our showroom and see this history-making car . . . on display for the first time today.

APPRECIATION

The WEST TEXAS UTILITIES COMPANY is duly appreciative for the patronage and co-operation received from its customers and friends the past year.

Our aim has been to render a superior service at constantly reduced rates. In expression of our gratefulness for the patronage received, we have continued our policy of rate reductions. Our customers are now able to enjoy a dependable electric service at rates below the state's average.

Our hope of reward is in YOUR INCREASED USE of service. Your continued increase in patronage and your co-operative influence in obtaining full information so as to understand your power company's problems will combine our efforts in the future development of West Texas and reduced cost of electric service.

We feel that we have established a foundation by our past experiences and achievements for a greater public service. As we close out the year of 1934 and make our plans for service in the future, we pledge our entire organization—to the 160 towns and communities we serve—in a continued improvement of our service.

GO TO CHURCH SUNDAY...A COMMUNITY MOVEMENT

Make New Friends At Church

You'll Feel Better for
Having Gone!

ONE of the many things that the church can give you is Friendship. At the church, you will meet persons of character, of refinement, of culture, of taste and interests that are your own. Likewise, by your regular attendance, you will establish yourself as a person of high standing.

Men and women of character, men and women of high community standing, gather together on the Sabbath in the House of God. There they not only receive spiritual inspiration, but also share with each other the warmth of friendship. You, too, will meet worthwhile friends in the church.

The Church Has Something for You

You Have Something for
the Church!

YOU and the church are inter-dependent. Without the church, your community would degenerate into a materialistic group of individuals. It is the church that provides a background of ideals, and unity of purpose. The church is at the source of countless benefits that you take for granted and enjoy daily.

Without your support, in turn, the church would cease to exist. Your duty to the church, therefore, and to your fellowman, yourself and your God, is to give your support by regular attendance. Go to church Sunday at the church of your own choice.

All of These Churches Will Welcome You Any Sunday

Ramblers Lose First Game This Season To San Angelo Stars

The Ballinger Ramblers, local independent football team, suffered its second defeat of the season Tuesday, New Year's Day, at the hands of the San Angelo All-Stars.

The Ramblers made a serious effort for a tally early in the first period when Delker's punt was blocked and recovered by Reneau on the ex-Bobcats' one-yard line.

Delker scored the first tally for the ex-Bobcats in the first quarter and then converted from placement. The second tally for the exes came early in the second half when the Ramblers fumbled and the Anglonians recovered on the 23-yard stripe.

The Ramblers started a 55-yard march down the field in the fourth quarter with Schuhmann and Wright doing most of the mauling. Two passes, one to Reneau and one to Coker, accounted for about 30 yards and Schuhmann scampered over for the tally.

The exes received the kickoff after the Rambler counter and in seven plays chalked up six more points and Reid's placement was good for the final point of the game.

1935 Plymouth Car Shows Many Improvements

The 1935 Plymouth, announced as "high speed safety car" with a high compression engine, new type of body construction and a "floating ride," is now on display at the Sykes Motor Company.

The new Plymouth features a high speed safety car of all steel construction, hydraulic brakes and many other improvements. It is presented in six body types, the business coupe, two-door sedan, de luxe rumble seat coupe, de luxe four-door sedan, and de luxe four-door touring sedan.

Streamline in design, the 1935 Plymouth is the largest and most stylish car ever shown by the corporation. The torpedo-shaped body is three inches wider and three inches longer, 189 inches from bumper to bumper.

Mr. Sykes stated that prices are slightly reduced which is expected to make the 1935 model an even more popular car than in the past.

Feels a Lot Better When Black-Draught Relieves Constipation. From many states come reports like the following from Mr. W. M. Henderson, of Jasper, Fla.: "I have been taking Theodor's Black-Draught twenty years. I take it for constipation that gives me a dull, tired, aching feeling, and I have headache, too. Black-Draught relieves me of this trouble. After a few doses, I feel as good as new. I keep it in my home. I have a big family. When one of us is ailing (from constipation), we take Black-Draught and almost always feel a lot better. It has been worth its weight in gold to my family." Sold in 25¢ packages. Sandstorm Turns Into Tornado and Amarillo Wins, 48 to 0

The Golden Sand-storm of Amarillo came out of the Panhandle of Texas like a raging Northern Saturday, to leave the Buccaneers of Corpus Christi grubbing earth to keep from being blown completely away. The final score was 48 to 0, the most lopsided score ever to occur in the finals of the high school championship.

After more than two years of preparatory work, actual filming of "Treasure Island," world famous Robert Louis Stevenson story of pirate adventure, has been completed by the Metro-Goldwyn-Mayer studios, and will be shown at the Palace Theatre here next Sunday and Monday, January 6-7.

In bringing this book to the screen the major problem has been to retain the utmost fidelity to the plot and characters which have been vividly impressed on the minds of millions of readers both young and old.

Dozens of adaptations were prepared and then scrapped because they did not express the full strength of the Stevenson original. Finally, each character was analyzed for its value to the story with dialogue as in the original plot.

The result is said to offer a literal translation of the book to celluloid with a maximum of realism and visual power. Wallace Beery in the role of Long John Silver is said to be an exact personification of the book character, and with Jackie Cooper as Jim Hawkins, boy adventurer, the Stevenson atmosphere of youth and the sparkle of new experience is assured.

Included in the cast with Beery and Cooper are such notable players as Lionel Barrymore, as Billy Bones; Otto Kruger, Lewis Stone, Nigel Bruce, "Chic" Sale and dozens of others. Victor Fleming, known for his vigorous work on "Rendezvous" and "Red Dust," directed.

Annual Football Banquet Date Set For January 11

A joint committee from the Rotary and Lions clubs is working on plans for the annual banquet to be held for the 1934 high school football team on the evening of January 11.

The banquet will be served at the Central Hotel and members of the 1934 team will be guests of the clubs. The affair will be in honor of the youths who gave Ballinger one of the best football teams in the history of the local school.

Three coaches will be presented at the banquet: Coaches H. B. Self and George Stowe will review the past season and they have no apologies to make. These men started the season with a team that looked unpromising and with scarcely any reserve material and moulded it into the most colorful team in years with an aggressive play that kept crowds on their feet.

SERVICES AT BAPTIST CHURCH HONORS COLLEGE STUDENTS
Special recognition was given college students at the Ballinger Baptist Church service Sunday evening. Fred Walter King, who is attending Howard Payne College, Brownwood, led the devotional, and the pastor, Rev. J. H. McClain, preached on "Let No Man Despise Thy Youth."

A number of young people who were visiting here during the holidays attended the service.
Oscar Zappe has returned to his home at Amarillo after spending Christmas with his mother, Mrs. A. J. Zappe, and other relatives.

Deaths

Wood Infant
The infant of Mr. and Mrs. O. D. Wood died at the family residence, 206 Fifth Street, Sunday night at 10 o'clock. The baby only lived about thirty minutes after birth. Besides the parents one sister, Dorothy Wood, survives.
The body was buried in Evergreen Cemetery Sunday afternoon at 1 o'clock.
Jennings Funeral Home undertakers were in charge of arrangements.

Mrs. Mary Lois McCutchen
Mrs. Mary Lois McCutchen, 77, wife of R. H. McCutchen, died at the family home in Talpa Friday afternoon at 4:30 following a long illness. Death occurred on her 53rd wedding anniversary. Mr. and Mrs. McCutchen had resided in the Talpa community for many years and were numbered among the real pioneers of that section.
Survivors include the husband, two sons, four daughters, two sisters, one brother, 35 grandchildren and 12 great grandchildren.
Funeral services were held at the Talpa Baptist church Saturday afternoon at 3 o'clock. Rev. McCutchen, of Coleman, officiating. Interment was made in the Talpa cemetery.
Jennings Funeral Home undertakers were in charge of arrangements.

Seferino Lopez
Seferino Lopez died at his home on Strong Avenue Monday evening after a serious illness of long duration. Funeral services were held at St. Mary's Church Tuesday afternoon at 3 o'clock and interment made in the Mexican cemetery north of town.
Higinbotham funeral directors were in charge of arrangements.

Gertrude Mullins
Gertrude Mullins, 33, negro, died Tuesday in a San Angelo hospital from gunshot wounds sustained here four weeks ago. She had lived in Ballinger for the past 13 years.
She is survived by a daughter, her mother, and a brother who lives at Houston.
Funeral services were held at the negro Methodist church Wednesday at 3 p. m. and interment was made in the colored section of Evergreen Cemetery.
Jennings Funeral Home undertakers were in charge of arrangements.

ECONOMIST APPROVES WORK CENTER IDEA
COLLEGE STATION, Jan. 2.—The value of rural work center activities in which persons now on relief rolls are enabled to manufacture simple articles needed in farm homes and exchange them for raw materials and foodstuffs was stressed by Dr. Murdecai Ezekiel, chief economist adviser to the agricultural adjustment administration, who has been touring the Southwest talking to extension and relief groups and visiting farm homes and relief agencies during December.
Dr. Ezekiel addressed a A. & M. College faculty members at College Station on present plans and future problems in agricultural adjustment, relating them to domestic unemployment as well as to the world trade situation. He reminded them that the rural work center idea is a distinctive Texas contribution to New Deal thought and emphasized the opportunity for the distribution of farm products with relief clients working in such centers.
"There has been an enormous increase of rural population during these bad years and that means an increased agricultural problem where the returned family goes into farming as an occupation. But the rural work center affords a solution of the difficulty and offers a good chance also for Texas to develop a program of home industries which will create much valuable wealth within the state.
"Relief clients manufacturing simple household furniture, from lumber made at the work center, or leather articles from hides tanned there, or bedding from home grown cotton and wool, or adobe bricks or other building materials from local materials and exchanging the finished articles for more articles are not to be regarded as competing with established business. They are in fact helping to raise standards of rural living and thereby creating a market for more finished manufactured goods," Dr. Ezekiel said.

HILL MOVES TO OFFICE OVER IDEAL BARBER SHOP
Roy L. Hill, former county attorney, moved Tuesday from the court house to an office over the Ideal Barber Shop. Mr. Hill will have a complete library in this office and will do a general practice of law in all courts.
Advertised goods move.

New Ford V-8 De Luxe Tudor Sedan Shown

PHOTO shows the new Ford V-8 De Luxe Tudor sedan for 1935, which has just been announced. The body lines are distinctly modern and a departure from previous Ford standards. The car features many engineering improvements providing greater riding comfort and increased ease of control. The engine has been moved forward.

Exhibition of the 1935 Ford V-8 at the show rooms of the Harwell Motor Company here Saturday attracted a large number of people from early morning until late evening. R. L. Harwell, manager of the local Ford agency, stated Monday that he was delighted with the attendance during the day and particularly pleased with the many favorable comments regarding the 1935 product which is now on display.
Herbert M. Preston, teacher of violin and orchestra conductor at Hardin-Simmons University, Abilene, was in Ballinger this week and announced that he would start a course in public school music methods here Wednesday night, January 9. The meeting place for the class will be announced when arrangements are completed.
Mr. Preston is a noted teacher and musician and his instruction in Ballinger will offer an opportunity for those interested to receive training at home without the expense of attending school out of town. The total cost for the course is \$18 and it will require 18 weeks to complete it. When finished the course will entitle to three hours' credit at Hardin-Simmons.
A number of local citizens have already signed up for the course and others have evinced interest in studying under Mr. Preston. He requests that all interested meet with the first class next Wednesday evening and some means will be employed to announce where the first session will be held.
All classes will be held at night and instructors who teach this course in schools are urged to investigate and if possible, enroll.

Taxes are Discussed Preston to Instruct By Judge Trimmier Classes in Public At Rotary Luncheon School Music Here
County Judge Paul Trimmier, the principal speaker, discussed what goes with the tax money. Judge Trimmier limited his remarks to Runnels county, reading figures on what was collected from the 1933 rolls and how it was used. His very interesting talk gave his hearers an idea of the division of the tax dollar.
A committee composed of E. Shepperd, J. H. McClain and Troy Simpson was instructed to draft a six months' program for the club which will extend until the end of the Rotary year in July.
The club voted to arrange an inter-city meeting to be held in Ballinger with the San Angelo and Abilene clubs invited for the luncheon and program. A committee will begin work at once arranging for this meeting.

LOCAL PENNEY STORE HOLDS INTERESTING DEMONSTRATION
The J. C. Penney store here is staging its annual white goods event which has always created so much interest and activity in the buying of this merchandise.
J. A. Killough, manager of the Ballinger store, has arranged a display, demonstrating Penney's best line of sheeting. He invites all of the store's old customers and new ones to come in this week and see the display.
A General Electric washing machine is furnished for the demonstration by the Ballinger Electric Company.

Mrs. L. C. Polk and sons and Mr. and Mrs. H. G. Agnew and son have returned from Crockett, where they spent Christmas with J. K. Polk and Miss Winnie Polk.
Douglas Jackson left Tuesday night for Austin to resume his studies at St. Edward's University.

Will Beautify—
(Continued from page 1)
drainage ditch will be perfectly level and suitable for planting grass. The service clubs also plan to plant a row of good trees along the ditch and the city and RFC will attend to watering the improvements.
Permission and cooperation can be secured from the Santa Fe Railway Company and within a short time the several blocks can be made one of the beauty spots of the city.
The expense of the project would be very slight, requiring only enough seed for planting the four blocks in grass and the cost of the trees. Holes for the trees can be included in the drainage project and mowing of grass and watering can be handled through the relief office. The city will lay water lines so convenient connections can be made.
Both Lions and Rotary clubs appointed committees to perfect the plans and expect soon to have definite information to announce. The section from Tenth Street to Eighth Street is about ready for beautification work and as the ditch is opened from Eighth to Broadway the soil will be dumped and levelled on that portion between the ditch and railway tracks.
Mr. and Mrs. J. W. Stephens spent the Christmas holidays in San Antonio, visiting relatives and friends.
H. T. Forman, of Coleman, spent Tuesday and Wednesday here with his sons and attended to business.
