

THE BALLINGER LEDGER

VOLUME 54.

BALLINGER, TEXAS, THURSDAY, AUGUST 22, 1935.

NUMBER 50.

County Relief Board Resigns in a Body

The Runnels county relief board last Friday sent its resignation to Adam R. Johnson, chairman of the Texas relief commission. All members of the board signed the statement notifying Mr. Johnson that they were quitting, effective at once.

Notification of the resignation of the Runnels county body neither attacked the state group nor inferred anything wrong caused the drastic action, on the other hand extended a vote of appreciation to the Runnels county commissioners' court for its assistance, without mentioning anyone else.

Members who reside here refused to offer any comment on the action when interviewed. J. D. Motley, chairman of the county board, who has been very active, giving practically all his time, said that he had no statement to make, other than that the board unanimously agreed to resign.

This action came close on the heels of the closing of the Runnels county relief office and the setting up of a new organization under a district office at Brownwood. No word has been received from Austin relative to appointing another county board.

Following is a copy of the resignation resolution passed by the county board:

"Dear Mr. Johnson:

"We, the undersigned regularly appointed members of the Runnels county, Texas, relief board, hereby respectfully tender our resignation as members of such board, effective immediately.

"During the time we have rendered our services as board members, we have done so through a sincere desire to give assistance, within our ability, to our county, state and nation as patriotic citizens.

"We appreciate the confidence expressed by the Runnels county commissioners' court, from whom our recommendation for appointment came, and certainly we feel grateful for their full cooperation granted at all times, as well as other political sub-divisions, public agencies and citizens throughout Runnels county generally.

"Respectfully,

"Signed:
"J. D. Motley, chairman
"E. E. King, secretary
"F. G. Rogers
"Noel Reid."

YOUTH DROWNED IN LAKE ON JIMMY CLAYTON RANCH

The body of Werner Mueller, 23, who drowned Tuesday in a lake on the Jimmy Clayton ranch, east of Winters, was shipped Wednesday to his home at Yorktown. Mueller was a delegate to the Lutheran young people's conference held at Winters the week before and had remained for a visit with friends.

Tuesday morning he went to the Clayton ranch with a friend, Edmond Holle. The two had gone swimming and had crossed the lake and were swimming back when Mueller apparently became exhausted and sank. Holle ran to a nearby house to summon aid and the body was recovered from the lake about noon.

A sister, Mrs. C. N. Roth, pastor of the Winters Lutheran church, and the parents, Mr. and Mrs. L. B. Mueller, of Wilson, are survivors.

Mrs. Bob Galbraith and children, of El Paso, have returned home after a visit with friends here.

Mrs. Myles Nixon and baby are visiting relatives at McLean.

LEDGER WILL TABULATE COUNTY VOTE SATURDAY

The Ledger will cooperate with the county clerk in tabulating the returns on the constitutional amendments and the representative's race Saturday night.

Election judges will telephone The Ledger as soon as the votes are counted after the polls close and tabulations will be posted in front of the office on Hutchings Avenue.

Returns from this county also will be sent the Texas Election Bureau, Dallas, for state tabulations.

The service will commence shortly after 7 p. m. and continue until the county returns are in.

Political Rally To be Held Here Friday Evening

A political rally will be held on the court house lawn here Friday evening to which all candidates for representative in the 92nd district are invited to attend and address the voters of this section. It is probable that a speaker also will explain details of the seven constitutional amendments to be voted on Saturday.

The plans call for a concert by the Ballinger Cherry Band to start the rally scheduled to commence at 8:30. H. H. Carsey will direct the full band. At the conclusion of the concert, the program will be turned over to Mayor E. M. Lynn, who will introduce the speakers and act as master of ceremonies.

Invitations have been sent to the out-of-town candidates, D. M. West, of Bronte, W. H. Rampey, of Wilmeth, and James Simpson, Jr., of Eden, to be here or have someone here to speak in their behalf. Horace B. Sessions, of Ballinger, will address the audience in case his throat permits. He has been suffering the past week with a throat infection and was unable to talk at Winters last Friday evening, Paul Petty, of Ballinger, speaking in his behalf.

A speaker to explain the proposed amendments has not been selected but someone will be given time on the program if possible.

All voters in this section are invited to attend the concert and rally.

C. of C. Finance Membership Drive Meets With Success

A drive was begun Tuesday morning to raise funds for the Ballinger Chamber of Commerce and the eight committees met with considerable success. The drive will be continued until every person and firm not contributing has been given an opportunity to do so.

The annual membership campaign was not held last year and the monthly income of the organization had dropped until it would not take care of the set expenses. Several new business concerns have been opened here that were not cooperating with the organization and many new citizens have moved to Ballinger who had not identified themselves with the membership. In addition to the new members the committees asked some firms to increase their monthly contributions.

At the last regular meeting of the directors of this body the income was discussed and the proposed budget adopted. This budget will include money for conducting a number of special events, and also provides for salaries and office expenses. Committeemen believed Wednesday afternoon that the goal would be reached and stated practically every person

Survey Reveals 'There's No Place Like Home' or Highway for Accidents

Once every 6½ minutes last year, a victim was claimed by the violent death that hovers always over homes, factories, and automobiles.

Household, industrial and automobile accidents alone, a recent survey reveals, cut down the population of the United States by some 84,000 people in 1934.

Besides this number, 15,000 more lives were ended by other types of accidents; drowning, for instance, which annually vies with the auto as a major menace to life.

The whole grim picture, a sad object lesson in the penalty of carelessness, reveals an odd side-light. The home, famed in song and fable for its security, ranks above the factory and near the auto as a lair of death.

In 1934, 15,500 people were killed at work, but in the home, so-called "haven of refuge," 33,000 died from falls, burns, electrocution, suffocation, or other causes. The auto led the home as a major cause of accidental death by only 2,500 fatalities.

Carelessness is one of the principal reasons why "there's no place like home" for accidents. Falls, for instance, caused 13,000, or almost half the number of deaths in the home last year. And most of these plunges were due to faulty, rickety stepladders, poorly lighted stairways, "skiddy" rugs or bathtubs, soaps, brooms, or other impediments left lying about the floor or on stair steps, and to the use of chairs and boxes as stepladders.

Aged people are generally the victims of this type of accident. On the other hand, the second most costly type of home accident—fires, burns, and explosions—usually involves children.

Approximately half of the 5,700 persons who died from fire causes last year were children under 15.

Matches, use of gasoline and similar inflammable fluids for cleaning purposes; stoves, fireplaces, and bonfires—these were the most general causes of fatal burns and scaldings suffered by children.

Poisoning, asphyxiation, and suffocation proved the third greatest home hazard, taking a toll of 3,600 lives. Unlabeled botling gas pipes, and poorly ventilated garages, were mainly responsible.

The accident explained by "I

approached was glad to take an individual membership and firms were making additional donations.

For the past three years the secretary has devoted much of his time to relief affairs. This work has forced him to make many trips to Austin and to conferences at other cities. These trips have added to the chamber's expenses and partially caused the depleted condition of the treasury. This work done by the secretary has been very important, however, and of benefit to every local citizen.

Some committees will not complete their solicitations this week, but will continue next week until every individual on their lists has been contacted.

Herman Wood, of Lufkin, formerly with Perry Bros. store here, and Ethel Leveridge, of Cisco, visited Mr. and Mrs. P. J. Harris Sunday.

Read the ads—save money.

In an odd auto accident, pictured above, that occurred recently near Wilkes-Barre, Pa., a sedan left the road, hit a pipeline, soared through the air and landed, nose down, through the roof of a building. The picture at left might be titled "What children should not do." Falls, typified at right below, cause most home fatalities.

didn't know it was loaded" killed 800 people. And 2,500 died in miscellaneous home accidents, being scalded by hot liquids, injured by tools, cutlery, broken glass, tin cans, rusty nails, splinters, or bitten by stray cats and dogs. Children were hardest hit in the last-named classification.

The survey reveals that a person should be more careful about the kitchen than in any other part of the house. The kitchen accounts for fully 34 per cent of

all home accidents. Stairways are next, causing 23 per cent of the domestic mishaps. And then comes the living room and the basement, with 13 per cent. The survey reveals the bedroom is the safest room in the house.

The moral is not that to be absolutely safe, home life should be one long nap; but "just the other way round." Everyone about the house should keep as wide awake as possible about what he is doing.

men are at the convention including V. C. Michels, secretary of the Drug Institute of America, New York. The new set-up of the district organization was explained Wednesday morning by Dr. J. W. Danforth, of Fort Worth.

The fox will kill scores of fowls although he needs but one or two.

A dance formally opened the convention Tuesday evening with more than 200 in attendance. It was held in the ballroom of the Hotel Cactus. A number of prominent drug

District Director Looks Over WPA Set-up in County

Karl Wallace, WPA director for district 144, was in Ballinger Wednesday to meet the county planning board, check up on surplus labor and attend to other business. He also checked up on the intake clerks at the local branch of the district office.

It was impossible to get a full meeting of the county planning board Wednesday and Major Wallace promised to return here at an early date to go into the proposed projects in this county.

The director pointed out that many projects in this section are being held up because there is not enough labor listed to do the work.

At present the only work in this county under supervision of the district office is the operation of canning plants at Ballinger and Winters.

It is hoped that work can be resumed on a permanent basis on the Ballinger-Bronte highway at an early date. This road has been placed in the eligible group by the WPA and as much work has already been done by the relief set-up and all the right-of-way bought by the county it is believed it will be one of the first projects resumed when there are enough workers certified.

General Rain Falls In This County; Lighter in North

A report compiled here this (Thursday) morning at 10 o'clock by the district office of the Southwestern States Telephone Company showed fairly general rainfall in Runnels county ranging from half an inch to an inch and a half. The drops began falling about 6 a. m. at Ballinger, the government gauge registering a total of one and a half inches.

Precipitation here was as heavy as any point reporting in the county and was lighter in the north Abilene receiving only a small shower.

Local cotton men were not sure Thursday morning what effect the

(Continued on page 12)

Runnels county ginners are expecting bale tags from the government this week. All have made application for tags and have been assured that they will be shipped at once so that ginning will not be held up when the 1935 crop begins moving.

Some local ginners think cotton will be brought here this week-end or the first part of next week. There is very little cotton opening in the county yet, but a few fields of early cotton are allowing some picking and several farmers are trying to get in with the first bale of the season.

County Agent Elmo V. Cook stated Tuesday that his office would begin issuing 1935 tax exemption certificates Saturday and would continue until all cotton producers have received theirs. He said notices would be mailed those who could get their certificates at this time and requested no farmer to come to the office until after a notice had been received.

As fast as compliance papers and measurements are checked, the certificates will be given the growers, however no certificate book can be issued until these requirements have been complied with. Compliance papers are being checked as rapidly as possible by the limited office force and some day next week the work will be completed and farmers notified to call for their certificates.

Certificates to be issued in this county for 1935 will allow ginning of 35,745 bales tax free and with approximately 2,000,000 pounds carried over from last year, will permit tax free ginning of slightly more than 40,000 bales.

Local cotton men have not ventured an estimate of the 1935 crop but most of them think production will be about 40,000 bales based on present conditions.

NEGRO TRUCK DRIVER HELD FOR DRIVING WHILE DRUNK

Arch Alexander, negro, was arrested at Miles this (Thursday) morning by Constable Lloyd Barker and lodged in the county jail at Ballinger. Charges of driving a motor vehicle while intoxicated were filed against him by County Attorney C. C. Sessions.

Alexander was driving an oil truck and officers stated that several motorists experienced close calls when the truck zig-zagged down the highway.

No hearing had been held to this afternoon.

Mrs. T. L. Hatley, of Winters, visited friends here Thursday.

Menus of the Day

It's a pity to spoil the appearance and flavor of the wealth of green vegetables that fill the market in summer by poor cooking. There are a few simple rules to observe to obtain the best results in their preparation. Cook all green leafy vegetables quickly in boiling water. Cabbage and Brussels sprouts should be cooked uncovered. Remove all vegetables from the fire as soon as they are tender. Utilize some of the following methods of preparing familiar vegetables and you will appreciate anew their fine flavor and texture.

Best Greens and Beets

Use beets about the size of walnuts. Cook beets and greens separately and season well with butter, salt and pepper, also lemon juice if desired. Pack greens in a bowl and keep hot. Skin the cooked beets and season with butter, salt and pepper. Place the bowl of greens upside down on a serving plate. Remove the bowl and shape the greens to a smooth mound. Surround with a ring of beets and serve hot.

Spaghetti with Mock Hollandaise Sauce

To prepare broccoli—soak broccoli 15 minutes in 1 quart of water to which 1 tablespoon of vinegar and 1 teaspoon of salt is added to remove dirt and insects. Cook whole heads up, in boiling water in an uncovered kettle 7 minutes until tender.

Mock Hollandaise Sauce

1 tablespoon butter
2 tablespoons flour
1/2 cup evaporated milk
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 teaspoon cayenne
2 egg yolks
1/4 cup butter
1 tablespoon lemon juice
Prepare a white sauce of butter, flour, evaporated milk, salt and pepper. Stir in beaten yolks after sauce is cooked. Add the 1/4 cup butter bit by bit, then the lemon juice. This is sufficient sauce for 8 servings of broccoli.

STAR LIGHT SOFTBALL TEAM ENTERED IN TOURNAMENT

Owan Dean will take the Star Light softball team to Abilene this week to enter the West Texas tournament which opens this (Thursday) evening. He plans to take all members of the refinery club and will pick several other players from other teams in the city league to make the line-up one of the best in the competition at Abilene.

Twelve teams had been entered in the tournament Monday and two games will be played each night until the champion is decided.

TOMATO CROP BRINGS FARMER NICE INCOME

CANTON, Tex., Aug. 21.—One hundred and six dollars profit on one and one-half acres of tomatoes and still making more, is the report of W. O. Finch, of Van Sandt county, according to V. O. Twiddle, county agricultural agent. This is a net profit, and the crop is only 75 per cent harvested. Finch hired all the work done on his demonstration, and this amounted to \$55. His fertilizer bill was \$14. The gross receipts up to the present have been \$175.

Finch says that the following contributed to the success of the demonstration in spite of adverse weather conditions: tomatoes were raised on fresh, well drained land, being timbered land and fresh bushes were allowed to grow up from root stocks and shade the tomatoes to keep them from sun-blistering; and the proper cold framing was used.

Zenge Denies 'Jealousy Murder'

Despite strong circumstantial evidence, Mandeville W. Zenge, left, Missouri farm youth charged in Chicago with the mutilation murder of Dr. Walter J. Bauer, Kirksville, Mo., osteopath, persisted in his denial of any knowledge of the cruel crime. Confronted by his former childhood sweetheart, pretty Louise Schaffer Bauer, right, widow of the murdered man, Zenge continued to declare his innocence.

Terracing Crew is Ready To Start Work in County

Sam Davis, conservation assistant who will have charge of the soil erosion program in Runnels county, returned from the national guard encampment Saturday morning and will begin work in this county as soon as a crew can be lined up. Mr. Davis plans to begin this week running terrace lines on the more than 2,000 acres of farm land already listed in Runnels county.

County Agent Elmo V. Cook stated that there was enough land ready to be terraced (which was used for small grain this year) to keep a crew busy until other crops are harvested and more land listed.

Terracing machinery has been shipped here and is ready for operation. The county has received two farm levels, two Fresno scrapers and four small terracing graders. This equipment will be rented to farmers at a very small charge and they will furnish their own power to pull the machines. Mr. Davis stated that it would require from four to six horses or mules or one small tractor to pull the graders.

In addition to the 2,000 acres already signed up there are several surface tanks and one trench silo to be constructed. Any farmer

who is interested in any part of the soil erosion program is urged to list his acreage or project with the proper department in the county agent's office. The work in this county will continue indefinitely and if possible a camp will be located here later to carry on the work on a larger scale.

FAYETTE COUNTY MAN RAISES GOOD ALFALFA

LAGRANGE, Tex., Aug. 21.—From an original seeding of alfalfa five years old, Paul Teinert, of Fayette county, has just finished hauling in seven big loads of alfalfa on the second cutting, making a total of 14 loads harvested this year, reports J. C. Yeary, county agricultural agent. One cutting was lost on account of excessive rains.

Teinert is looking forward to harvesting at least two more cuttings this season. He plans to plow under the stubble this fall and follow with corn in 1936.

Mrs. R. L. Stephenson returned to her home at Lubbock Monday after a visit here with her mother. Her daughter, Mary Ann Stephenson, remained for a longer visit.

Electric Kitchen School To be Held at City Hall

An electric kitchen school, sponsored by the West Texas Utilities Company, will be held here Thursday and Friday of next week, August 29 and 30. The two-day school, to be conducted in the city hall auditorium, is free to every housewife of this trade territory and elaborate plans have been made for the entertainment of those who attend.

Miss Patricia Johnson, Hot Point home economist, of Chicago, will be in charge of the school for the sponsors. Miss Johnson, one of the most prominent culinary artists in the United States, is sought for demonstrations in the largest cities, and the above dates were the only ones she had open. Officials of the district office of the utilities company think it very fortunate that they could get a

personal appearance of Miss Johnson in Ballinger.

Arrangements have been made for the demonstrations in the city hall auditorium and nothing is to be spared to make the building cool and comfortable. The entire auditorium will be seated and many electric fans installed. On the platform will be set up a modern, complete electric kitchen which Miss Johnson will use in the demonstrations. Included in the equipment will be the most modern type ranges, water heater, dish washer, washing machine, ironer and other electrical devices.

The sessions will commence at 2 p. m. each day and women of this section are requested to be present on time in order to miss none of the time and labor saving suggestions.

Criminal Vivisection Opposed by Scientist Who Risked Own Life

CAMBRIDGE, Eng., August 21.—The plan of using hopeless idiots, condemned criminals and even human volunteers for scientific experiments expected to prove fatal is condemned by Prof. Joseph Barcroft, of Cambridge University, who himself once risked his life by staying for two minutes in a chamber full of poison gas where a dog had died and where it was expected that the human experimenter also would perish in something more than two minutes and less than fifteen.

It is true that mankind is

engaged in war against a relentless and ever-present enemy, the war against disease. Just as an ordinary war may justify the sacrifice of troops or the self-sacrifice of individuals, so it might be possible to defend the killing of criminals or the suicide of scientists for scientific information, provided such sacrifices unquestionably are necessary.

In virtually all instances, Barcroft asserted in a recent lecture before the Research Defense Society, it is possible to get all necessary information by experiments on animals.

Rev. J. H. McClain has returned home after conducting a two weeks' revival at Oxien. He stated Monday that he would be at home the remainder of the summer to hold regular services at the Ballinger Baptist Church.

Visiting Official To Address Local Rotary Members

Announcement was made at the Ballinger Rotary Club meeting Tuesday that Ralph H. Reed, president of the Quincy, Illinois, club, would be here next Tuesday and address the local Rotarians on "Ideals of Our Forefathers." Mr. Reed and family will be guests in the home of Mr. and Mrs. O. C. Sykes for several days next week.

E. E. King delivered a vocational talk at the meeting Tuesday, explaining the duties of a modern funeral director. His message was interesting and revealed some of the work which is never considered by the public.

President Sykes announced the appointment of a new committee. This group, known as the youth service committee, will endeavor to assist young men in any problem.

It is composed of Sam Behringer, chairman; R. T. Williams and B. C. Kirk, and the committeemen invite any youth who is in diffi-

culty of any kind to visit them and their discussions will be in the strictest confidence. This committee will also direct disposal of the club's student loan fund.

ROBERSON BUS LINE IS SOLD TO BOWEN

Announcement was made here this week of the purchase of the Roberson Bus Line which operated between San Angelo and Fort Worth via Ballinger and Brownwood, by the Bowen Motor Coach Line, of Fort Worth. Representatives of the Bowen company were here Tuesday and announced that within a few days they would publish a new schedule which would include more cars, and would install modern busses on the route at once.

Judge Paul Trimmer attended to business in Austin Monday and Tuesday of this week.

Simeon Cottelle, Jr., has returned from San Antonio, where he visited in the home of his uncle, Edward Spill.

ELECTRIC KITCHEN SCHOOL

of

West Texas Utilities Co.

August 29-30

The housewives and husbands of Ballinger, and all surrounding towns, are cordially invited to attend a FREE Cooking School sponsored by the West Texas Utilities Company on the dates of August 29 and 30.

The Cooking School will bring suggestions and methods to relieve long hours of work. This is not a matter of learning how to cook or how to do house work, but the use of short cuts with appliances and tested methods

to reduce time and labor. Many women feel that "Mother's housekeeping cookery, the best in the world, is good enough for today," but mothers in those days yearned, too, for new ideas and simpler methods.

Plan now to attend every session. You are sure to enjoy and profit by the valuable experience of Miss Johnson as exhibited in the demonstration conducted by her.

SOCIETY.

Party Series in Woody Home
Two prettily planned parties were given in the W. B. Woody home last Friday. In the morning contract Club members and substitutes were guests and in the evening Mr. and Mrs. Woody entertained a group of friends.

A graceful arrangement of varied summer blooms centered the breakfast table laid in Chinese linen at the morning affair where Mrs. C. P. Shepherd served sausages and baked eggs and Mrs. F. M. Pearce poured coffee. Quartet tables were centered with small vases of marigolds and ferns and were laid in yellow and blue Denison covers. Mrs. J. C. Richards served rolls and pastries.

In the contract games Mrs. Pearce was high for guest and Mrs. Arthur Giesecke for club members.

Included were: Mmes. R. L. Harwell, Delbert Vancil, Charles Bailey, John Weeks, George Holman, Herbert Peeples, Ralph Erwin, Leslie Baker, Arthur Giesecke, L. R. Tigner, Richards, Alex McGregor, Ernest Nance, Jack Isard, C. W. Cheatham, Herman Giesecke, Jr., Loyd Herring, Homer Chasey, Pearce, Ross Murchison, Shepherd, George Kirk, Wesley Love of Sierra Blanca, Troy Simpson, Robert Bruce and Miss Virginia Holman.

In the evening tables were arranged on the terrace to which added attractiveness was given by baskets of anemones and roses.

High score prizes went to Mrs. Claude Stone and Mr. C. L. Baker. Guests included were: Dr. and Mrs. Charles Bailey, Messrs. and Mrs. M. C. Atkins of Bryan, Loyd Herring, Ross Murchison, R. W. Barnshaw, Delbert Vancil, Leslie Baker, L. R. Tigner, Leonard Stallings, Claude Stone, J. A. Schaub, Troy Simpson, I. N. Wilkerson and Bailey Mack of Winthrop; Mrs. A. R. Jones and Miss Griffee Atkins.

Atkins are Honor Guests
Mr. and Mrs. Marvin Atkins, of Bryan, were the inspiration for an informal get-together Sunday evening when a group of friends assembled at the Atkins home on Broadway.

Guests were: Messrs. and Mmes. W. B. Woody, R. W. Earnshaw, C. R. Stone, Leonard Stallings, Troy Simpson, L. R. Tigner, Harry Lynn, W. C. Rhoden, J. B. Striplin, Chesler Cherry, Delbert Vancil, K. V. Northington, Mrs. A. R. Jones, Miss R. L. Stephenson of Lubbock, and Miss Jeffie Bell.

Fellowship Class Has Picnic
The losing side in a recent contest, conducted by the Methodist Fellowship Class of which Mrs. Jack Nixon, Jr., was captain, entertained with a basket picnic in the park at city park on Tuesday evening for the winning side over which Mrs. M. B. Webb was captain.

Twenty were in attendance.

Fish Fry for Young People
Bob Pete Boothe was host to the young people of the Church of Christ last Thursday evening with a fish fry on the river at his home in the Blanton community.

Fifteen were present for the enjoyable affair.

Japanese Tea for Baptist W. M. S.
Two playlets, a piano solo and a vocal solo combined to make an interesting program when the W. M. S. of the Ballinger Baptist Church met Monday to observe its regular monthly missionary program with a Japanese tea.

A playlet, "Visitors from Sunrise Land," was presented by the Junior Girls Auxiliary. Glimpses of Southern Baptist work in Japan were given by a group of ladies representing the various religious activities there: Mrs. E. C. Grindstaff, churches; Mrs. E. H. Forgy, schools; Mrs. W. A. Green, publications; Mrs. Ernest Moody, W. M. U.; Mrs. E. Shepperd, evangelism; Mrs. J. H. McClain reviewed the life of Kogawa.

A piano solo, "A Japanese Sunset," was played by Miss Ennie DeWitt.

Mrs. Carl Black sang "Beautiful Japan," with Mrs. McClain as accompanist.

During the social hour demonstrations from other junior organizations were presented: flag drill, Sunbeams; a ricksha demonstration, Junior R. A.; song, "In Japan," Intermediate G. A.; and Japanese games, Y. M. A.

The church parlors were given the setting of a Japanese garden by various floral and oriental decorations. Japanese costumes worn by participants added to the interest of the program.

Tea and cookies, with Japanese umbrellas as favors, were served to one hundred members and visitors.

Weber's Root Beer Stand is open from 9:30 a. m. to 11 p. m., serving Root Beer, Ice Cream, Sandwiches and Hamburgers. 22-11

Elliot Lowry left Thursday for Kerrville and will enter the Legion hospital for war veterans. He will receive treatment several months.

Mass Meeting Will Be Held Tomorrow To Plan 1935 Fair

The executive board of the Runnels County Fair Association requests all Ballinger business men to join it in a mass meeting at the city hall tomorrow (Friday) afternoon at 3 o'clock.

J. D. Motley, secretary-manager of the fair, will give a complete outline of the proposed program for the 1935 fair. Committees will be appointed and their acceptance or rejection obtained.

It is pointed out that this meeting is very important as it will start "the ball to rolling" on the fall exposition. Every business firm in the city is asked to send a representative to take part in the discussions and formulating the plans.

Dates for the 1935 fair are October 3 to 12, and a number of amusement companies and special entertainers are seeking contracts for appearance here. These contracts must be signed within a few days and the amusement program made up in detail.

Enough interest has already been shown by the home demonstration clubs, boys and girls 4-H clubs and farmers to assure some wonderful exhibits. The buildings are being cleaned and conditioned and executive board members seek the cooperation of all local citizens in the mass meeting tomorrow, when plans for the fair will be advanced.

Eat a delicious Sandwich or Hamburger at Weber's Root Beer Stand. 22-11

Card of Thanks
We desire to thank all who were so kind to us during the long illness and death of our husband and father, W. F. James. The flowers and the kind acts were greatly appreciated and we will never forget those who were so thoughtful of us.

Mrs. W. F. James
Mr. and Mrs. Pete James
Mr. Allen James
Mr. and Mrs. R. L. Boothe and family
Mrs. L. Dietz and family
Mr. and Mrs. Chas. James
Mr. and Mrs. Vernon James
Mr. and Mrs. Lynn Canady. 22-11

OLDEST LAW COURT REPAIRED AFTER FIRE

PARIS, June 12.—Careful and delicate repairs have been necessitated at the Palais de Justice by the recent fire, which was fortunately restricted to one of the towers. This Tour St. Louis was known in medieval times as the "Bon Bee" or "Bavarde," since it was used as a torture chamber in which confessions were wrung from unwilling witnesses.

The Palais is by far the oldest law court in the world. Justice has been dispensed there for well over two thousand years, for it was there that the Roman praetor Lufelia set up his court. Visitors to the Palais are generally told how the young Louis XIV. booted and spurred, strode into the hall, crying "L'Etat c'est moi" (I am the State) and how Marie Antoinette there heard her doom.

Miss Evelyn Anderson, of Eldorado, is the guest of Miss Winona Jones.

Rev. and Mrs. Paul Martin, of Greenville, who had been visiting in the home of Mr. and Mrs. Albert Fryar, left the first part of the week for an outing in the Davis Mountains and will return here this week-end for a few days before returning home.

Mrs. Wesley Love, of Sierra Blanca, is visiting her father and other relatives here this week.

Mrs. J. L. Meeke, of Temple, who has been attending Abilene Christian College, is here for a few days' visit in the home of Mr. and Mrs. O. K. Jacob.

Mrs. J. H. McClain left Wednesday morning for Temple on account of the serious illness of her sister.

Mr. and Mrs. Jack Holt and children are here from their ranch home near Ozona to visit relatives and friends.

Mr. and Mrs. Garrett Daugherty, of Brownsville, are visiting relatives here and at Hatchel.

Mr. and Mrs. Ernest Flingerland and baby, of Ennis, are the guests of Mr. and Mrs. P. J. Harris. They will leave this week for visits at San Antonio and Corpus Christi.

War Fever Mounts in Ethiopia

As the Great Powers, in conference, try to avert the impending war between Italy and Ethiopia, which may touch off another world conflagration, warlike activity increases in the African trouble zone. Italian troops, shown above, and munitions continue to pour into African Eritrea, while savage Ethiopian tribesmen, some of whom are pictured below, are rallying to the defense of their country, re-enforcing Emperor Haile Selassie's trained native troops. Constant rains which have converted most of Ethiopia into swampland and postponed the opening of war will cease in several weeks.

Old School Bell No More To Call Pupils to Studies

Improvements in the Ballinger school system this summer have made one piece of equipment obsolete. The old bell which formerly sounded the signal for "taking up books," recess and dismissal, is to be used no more. The belfry of the primary building which housed the bell has become a roosting place for pigeons and the board ordered it torn down to get rid of the birds and insects which infested it.

The bell, which weighs nearly 1,000 pounds, has enough volume to be heard all over town. It was used until the senior high school was constructed a few years ago and a modern electrical system of call bells installed, this being operated by a button in the principal's office.

Supt. H. C. Lyon stated Tuesday that the old bell would be stored in the basement of the senior high school building. There seems to be no use it can be put to. Some suggested mounting it on the campus, but fear that boys would hit it at night and disturb the

neighborhood caused that idea to be tabled. To date no one has advanced any feasible plan for putting the bell to any good use so it is to be stored and perhaps forgotten along with other accumulated junk.

Many Ballinger business men have fond recollections of the old bell. Men now in their 40s and 50s regulated much of their life with its ding-dong. For many years watches and clocks were set by it. The first peal in the morning meant that it was time for the kiddies to leave home for school. It announced the dinner hour for both pupils and business men for several decades and brought joy to many pupils when it rang for the last time in the afternoon, ending the day's studies.

Eat a delicious Sandwich or Hamburger at Weber's Root Beer Stand. 22-11

BRITISH TELEVISION TO DO NO PEEPING

LONDON, June 12.—Television will not invade the privacy of the home, and one cannot use it surreptitiously to witness what is going on inside the house. That was the assurance given recently by the British postmaster general in a recent speech.

"I would like to reassure any nervous listeners that, wonderful as television may be, it cannot, fortunately, be used in this way," he declared. "The television service will be transmitted on ultra-short wave lengths, but the normal sound service, which is operated on medium and long wave lengths, will continue as at present. Speakers, actors and artists can be televised, and, apart from studio scenes, films will be transmitted. There seems every likelihood, also, that it will be found possible to televise certain outdoor scenes which can be brought within a compass."

CAMERON REPAIR SHOP LEASED

Mr. and Mrs. Homer Bunch and children, of Brownwood, will move the first of next week to Ballinger to make home. Mr. Bunch has leased the repair shop of the Cameron Garage and will take charge immediately.

P. J. Harris went to Midland the first part of the week to attend a meeting of Perry Brothers store managers and the opening of a new store in the chain.

Mrs. Don Elliott and son, Don, Jr., and Mrs. Emma Allison, of Lubbock, spent the week-end here with relatives and friends.

Mrs. J. F. Currie left this week for a two weeks' stay in South Texas.

Vote for
D. M. West
for
REPRESENTATIVE
In the Election Saturday, August 24

1st—He began active life in Ballinger, where he engaged in the printing business—hence he feels towards Ballinger like it is "The Old Home Town."

2nd—He feels that under the above facts, he is asking you to help an "Old Runnels County Boy," when he asks you for your support.

3rd—He has had intimate and constant touch with the district, its people and affairs, most of the time for 35 years.

4th—He is intimately in touch with every community in the district, large and small.

5th—His newspaper work at Bronte, which town is on the very border of Runnels county, has made him during the ownership of the Bronte Enterprise for the past 15 years, worth as much for the welfare of Ballinger—its commercial and other interests—almost the same as if he had resided in Ballinger. Ask Ballinger business men with whom he has cooperated about this—also ask the people in the western part of Runnels county as to the spirit of fidelity he has shown to Ballinger and all the interests of the people along the western border.

6th—He is old enough to be conservative—young enough to be progressive.

7th—He will greatly appreciate your support.

Interest Aroused Here in Free Text Book Amendment

At least one of the constitutional amendments to be voted on Saturday is attracting much interest. This is the one dealing with free text books and is No. 7 on the ballot.

At the present free text books are furnished only to public school students of the state. Approval of this amendment would provide free text books for all children of scholastic age, whether in public, private or denominational schools.

The supply of books now kept on hand by the state department of education is based on the maximum attendance record of the preceding year, plus ten per cent. The ten per cent surplus permits some books to be kept on hand all the time.

Should the amendment carry it would give free text books to many church schools that enroll children of the scholastic age.

Those favoring this amendment assert that since all citizens are taxed equally for such expenses as free text books, whether their children are sent to private, church or public schools, they should be supplied with books.

Notice of Sale

In the United States District Court for the Western District of Texas, Waco Division
J. M. Hubbert

Temple Trust Company
No. 236—in Equity.

Notice is hereby given that the undersigned, as Receiver for Temple Trust Company, has filed his application with the Clerk of the United States District Court for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to Paul Petty the following described property:

A lot 60x140 feet in dimensions off the N. end of the J. H. Wilke home place out of Lot 6, Block D, of the Thomas Sargent Survey 366. Abstract 357, as shown by Sub-division of said survey made by decrees of court in a certain partition suit styles Thos. Sargent et al vs. A. A. Lawrence, and said land being situate in Ballinger, Runnels County, Texas, and being more particularly described by metes and bounds, as follows:

BEGINNING at a point in the W. line of Sixth Street, 720 feet S. 30 degrees W. and 120 feet S. 60 degrees E. from the NW. corner (being the more northerly corner) of said Lot 6, Block D, said beginning point being 60 feet N. 60 degrees W. from the point of intersection of the N. line of Sar-

gent Street with the W. line of Sixth Street;
THENCE N. 60 degrees W. 60 feet with W line of Sixth Street;
THENCE S. 30 degrees W. 140 feet;
THENCE S. 60 degrees E. 60 feet;
THENCE N. 30 degrees E. 140 feet to place of beginning.
for a total consideration of Fourteen Hundred and 00-100 (\$1400.00) Dollars and of which amount One Hundred Fifty (\$150.00) Dollars will be paid in cash and the balance to be evidenced by notes of the purchaser payable to the order of your Receiver and secured by a vendor's lien and deed of trust lien on the property and premises, above described.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said Court, after this notice shall have been published for a period of ten days, and any person interested in said receivership estate may contest this application.

WITNESS MY HAND AT TEMPLE, TEXAS, this the 14th day of August, A. D. 1935.

H. C. GLENN, as Receiver for Temple Trust Company.

Notice of Sale

No. 1104
Estate of Mrs. Mattie C. Daniel, Deceased.

In the County Court of Runnels County, Texas.

Notice is hereby given that I, Estes M. Lynn, Administrator de bonis non of the Estate of Mrs. Mattie C. Daniel, Deceased, will on the 1st day of October, 1935, at the Court House door in Ballinger, Runnels County, Texas, within the hours provided by law, sell at public auction to the highest bidder for cash the following described tract or parcel of land belonging to said estate, to-wit: Being all of Lots Nos. Three (3), Four (4), and Five (5) in Block No. Twelve (12) of the Original Town of Ballinger, Runnels County, Texas.

Witness my hand this the 15th day of August, A. D. 1935.

ESTES M. LYNN, Administrator de bonis non of the Estate of Mrs. Mattie C. Daniel, Deceased.

Freeman's Tire and Battery Store 113 South Eighth. 8-11

Mr. and Mrs. R. G. Erwin and son, Ralph James, returned Tuesday from Colorado Springs, where they had been for the past two weeks on vacation.

Mr. and Mrs. J. E. Hughey, of Owensville, Missouri, are here for a visit with Mrs. Hughey's parents, Mr. and Mrs. J. W. McMillan.

Mr. and Mrs. Willard Schuhmann left Tuesday for East Texas points to visit relatives several days.

Heroic Clergyman Saves 23 Lives

In the first fight of his life, Rev. A. French of Sharpsburg, Pa., saved the lives of 23 transcontinental bus passengers endangered by the attempt of a maniac to steer the bus over a western precipice into a lake hundreds of feet below. When the madman attacked the driver, French grappled with him and held him until he was subdued by other passengers. Dr. French is shown above with his daughter, who witnessed her father's heroism.

HARTLEY COUNTY FARMERS BELIEVE IN TERRACING

CHANNING, Tex., Aug. 21.—Terrace or contour lines have been run on 2,210 acres for seven Hartley county farmers during the past two months, according to the report of E. R. Duke, county agricultural agent. Interest in this work has been stimulated by the need for an effective control of wind erosion. Most of the farmers have received a heavy rain since completing their contour work, and the fact that the contoured rows held all the water that fell on the fields is interesting other farmers in these demonstrations.

Two farmers have terraced their pasture land, and they have found that in this way they can hold water on their pasture that normally goes to shallow lakes.

Mr. and Mrs. M. C. Atkins and son, of Bryan, have returned home after a visit here with Mrs. H. J. Atkins and Miss Griffie Atkins.

Mr. and Mrs. Will Dooze returned Saturday from Colorado Springs where they spent a three weeks' vacation.

Two Autos Stolen And Stripped Here; Homes Burglarized

Two automobiles were stolen in Ballinger Monday night, driven several miles out in the county and stripped of casings, batteries and other accessories. The Chevrolet sedan owned by Joe Simmons was taken from his home on Fifth Street and Tuesday morning was found several miles out on the Pumphrey road with tires, rims and batteries gone. Earl Baker's car was driven from his home on Broadway and was located Tuesday morning on the Norton road with tires, wheels and other accessories stripped.

Officers are without clues in these thefts but are continuing their investigations and watching for the equipment in a number of nearby towns.

During the past several weeks a number of residences have been entered and articles stolen. These burglars stole food and other articles. A close check apparently is kept on people who are out of town, the thieves usually entering houses where the occupants are away.

Residences that have been entered recently include those of Arthur Giesecke, Tom Agnew, W. B. Woody, C. A. Dooze and Will Dooze. In most instances canned goods and preserves have been stolen. At the Tom Agnew home in Wilke Terrace the robbers took time to eat and ransacked the entire premises. At the Woody home 12 jars of preserves were removed from the kitchen cabinet.

Officers request citizens to keep their houses and apartments locked during the epidemic of thieving and to lend every assistance in catching suspicious characters seen

Height of Grace

The personification of grace as she soars in a perfectly executed half gainer above a pool at Swan Lake, N. Y., Janice Liles, Olympic diving prospect, is pictured as she trained for the coming women's national championship meet.

Prowling about the residential sections of the city.

Del Carothers has accepted a position with Sam Behringer and is now on the job. He will be found at the root beer stand in the evenings and at the grocery in the afternoons. F. D. McCoy will move his family here from Winters this week and will begin his duties in the store next Monday morning. He was here this week looking for living quarters.

Tires, Tubes and Batteries at Freeman's. 8-11

Trade Extension Program Planned For Fall, Winter

The trade extension committee of the Ballinger Chamber of Commerce is making plans for special stunts for the fall and winter which are expected to attract people to Ballinger to obtain their supplies.

One of the first proposed programs is a style show to be presented in September. Plans for this event call for a revue on the court house lawn, free to everybody, presented from a large stage with painted drops and a long runway so everyone in the audience can see. Between showings of garments, it is planned to present vaudeville acts as extra entertainment.

The committee will call on all local dry goods merchants within a few days to seek their cooperation in this program and to discuss the best date for such a show.

Later in the year the committee intends to initiate a regular weekly series of events calculated to bring visitors here and close with a Christmas program similar to the one conducted last year. J. D. Motley, secretary of the chamber of commerce, stated Thursday that he had received

letters from all parts of Texas in regard to the program here last December, asking for details of the plan and permission to duplicate it. The baby parade as well as the show window contest will be enlarged if possible.

Mrs. Otwell Layton and two sons, of Fort Worth, are visiting in the home of Mrs. Layton's parents, Mr. and Mrs. Asa Cordill.

Teddy O'Neill, of Waco, returned home Monday after several days' visit with relatives and friends here.

For your Health's sake . . .

HEAT

Your ENTIRE House

If you are susceptible to colds, and most people have from two to three each winter, you owe it to your health to heat your home adequately as a protection against sudden changes in temperature which are a contributory cause of colds.

With the entire house properly heated and ventilated, you have greater comfort and the satisfaction of knowing that you are taking the precaution of guarding your family's health.

One single illness to a member of your family will cost you far more in money and suffering than the few dollars you will spend for adequate heat to combat winter colds. So look over your heating equipment now. Some might need repairing. Some might need replacing altogether with modern equipment. Whatever it takes, do it now, for August is the opportune time to buy advantageously modern gas heating equipment. For your health's sake, heat your entire home.

Football Training Starts September 2 At Athletic Field

Pre-season training for the Ballinger Bearcats will start September 2. One full week will be spent in training before the fall term opens and a number of candidates for the team have signified that they will begin work at that time.

New equipment, including 22 complete new outfits has arrived for the team. All old equipment will be issued for early training and there will be enough for every prospective player to be fully accoutered.

The idea of a camp on the river has been abandoned and Coach Felton Wright stated this week that he believed more good could be accomplished on the local field.

Coach Wright expects between 40 and 50 men to be out for places on the team on September 9. Spring training proved that material will be plentiful this fall, with some 6 or 8 promising backfield men, 15 to 18 linemen and about 10 ends. Most of these youths are inexperienced but spring training taught them the fundamentals of the game and most of them are expected to develop rapidly.

"Buck" Gibbs, who arrives here September 1, will be ready to assist Coach Wright with the team. Gibbs is a backfield man and that will be his special assignment with the Bearcats this fall. Wright will have charge of the line as well as direct the general work of the club.

Some of the backfield men have been kicking, passing and handling the pigskin all summer and have learned much during the vacation period. A few plays were given the team last spring to study during the summer.

Sam Behringer's home made Ice Cream at Weber's Root Beer Stand.

Mrs. Cicero Smith and daughter returned Sunday evening after a two weeks' visit with relatives at Dallas and other North Texas points.

Mrs. Price Hall and son, Charles, of Leedey, Oklahoma, and Mrs. Richard Houston, of Woodward, Oklahoma, spent the week-end here in the home of Mr. and Mrs. J. W. Black.

Mrs. Lawrence Orier and daughter have returned from Embouse, where they visited Mrs. Orier's parents.

Genius of Ancient Times Said to Have Divided the Year

NEW YORK, Aug. 21.—Traces of the unknown genius of ancient times who first divided the year into sixths and passed on to modern mankind the rule of sixty seconds in a minute were described second in a minute were described by Prof. James H. Breasted, of the University of Chicago, in his recent James Arthur lecture on "Time and Its Mysteries," delivered at New York University.

In the earliest days of civilization in Babylonia some of the priest-scientists who kept watch of the sun and stars evidently noticed either that the season repeat themselves after about 360 days or that many of the heavenly bodies come back to similar positions in the sky after about this same time.

That was the origin of the ancient year of 360 days, later discovered to be really 365 days. At about this same time the Babylonian scientists began using a counting unit of 60, the basis of the so-called sexagesimal system of numbers which was used in the first system of arithmetic known and which mathematicians often praise as even better than the modern decimal system believed to have originated because men have ten fingers.

How the ancient Babylonians ever happened to think of this number unit of 60 always has been a mystery. Dr. Breasted suggests that it may have begun at first as one-sixth of a year, there being some evidence that the ancient Babylonian name for sixty, which was "shushu," originally meant "one-sixth." On this theory, the next step would have been to divide the 360 days of the ancient year into sixths, thus giving groups of 60 days each, which soon developed into the 60 unit and which still survive after many historical vicissitudes in the modern clock face.

Ten-Inch Casing is Run in Tucker Test; Two Others Active

R. E. McWilliams has accepted a position at Big Lake and moved his family there to make home. The Reagan county commissioners' court named him a special deputy sheriff last week on a plan in which the Texas Sheep and Goat Raisers' Association is cooperating.

Mr. McWilliams has been a peace officer for many years and is one of the best known in the state. He served Runnels county as sheriff for several terms, was later on the state ranger force, an inspector for the Texas livestock sanitary commission with headquarters at Midland, and has worked as a private detective.

He will assume his work in Reagan county under Sheriff A. W. Billingsley at once and will devote most of his time to preventing and tracing livestock thefts. In addition to being a good detective and a fearless peace officer, McWilliams is also an experienced livestock man, having operated ranches in this county before being elected sheriff.

Mrs. R. A. Jones, of La Porte, Misses Allene Pullen and Olga Mae Legler and Mrs. T. V. Pullen, of Goose Creek, returned to their homes Thursday after a visit here in the home of Dr. and Mrs. E. W. Stasney.

McWilliams is Made Deputy at Big Lake; To Hunt 'Rustlers'

Two oil tests in Runnels county were active this week and a third is about ready to be spudded.

Art Tucker is running 10-inch casing to 1,460 feet in his test in the McMillan field and will be ready to deepen the hole within a short time. This test is near other producing wells on Tucker's lease.

Golden Petroleum Company and John Castor have about completed rigging up for their test on the H. Giesecke ranch and expect to spud next week. The location is south of the old Gulf Production Company well which was plugged for several years and when recently opened produced oil and gas.

The crew on the Wolverton-Willingham No. 1 is drilling past a string of tools lost in the hole at 3,455 feet. The well will be deepened as soon as the bit passes the tools.

Mr. and Mrs. Edward Sommer and little daughter left this week to visit the Carlsbad Caverns, El Paso and other points.

Mr. and Mrs. M. R. Fortson and daughter, of Dallas, are here for a visit with Mrs. Fortson's parents, Mr. and Mrs. L. E. Bair.

8th Street Church Gospel Services Attracting Many

The gospel meeting being sponsored by the Church of Christ, corner of Eighth Street and Bonnal Avenue, is enjoying splendid interest. Services are held each morning at 9:30 in the church building and on the outside of the building at 8 p. m. Fine spiritual singing of the old favorite hymns is under the direction of Shirley Morgan, of Lubbock.

Evangelist Harvey A. Childress, minister of the local church, conducts a special Bible drill for children at 7:30 p. m.

At the same hour, Mr. Morgan conducts a class in hymn study.

All interested in learning to sing better are urged to attend this class.

Evangelist Elbridge B. Linn announces the following topics to be discussed the next few evenings: "What is Saving Faith?" "The Baptismal and Converting Power of the Holy Spirit," "Scriptural Baptism, and Can One be Saved Without It?" "Did Christ Establish a Church as He said That He Would in Matthew 16:18?" "From Heaven or from Men?"

Evangelist Linn spoke Wednesday evening on the subject, "The Great Commission Executed." The words of Christ, termed among Bible students as "the great commission," are to be found in three of the gospel records. They are: "Go ye therefore, and make disciples of all the nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit; teaching them to observe all

things whatsoever I commanded you . . ." (Matthew 28:19, 20). "And he said unto them, go ye into all the world and preach the gospel to the whole creation. He that believeth and is baptized shall be saved; but he that disbelieveth shall be condemned." (Mark 16:15, 16). The other reference is to be found in Luke 24:46, 47. A study of the Acts of the Apostles reveals that they faithfully carried out the commission. Believers repented and were baptized in order to be forgiven (Acts 2:38-47; 8:12, 13; 8:26-39; 10:47, 48; 16:31-34; 18:8; 22:3-16).

The church extends an invitation to all to attend the meeting.

Jim Duncan returned Tuesday night from a three weeks' trip on the west coast with Mr. and Mrs. H. G. Whitaker, of San Angelo.

HARLEY SADLER BUYS THREE-RING CIRCUS

Harley Sadler, veteran tent show man of Texas, announced this week that he had purchased the Bailey Brothers Circus at Tulsa, Oklahoma, and would take over the new enterprise at once as manager. He said he would also continue to manage his repertoire show.

The circus will be known as the Harley Sadler Three-Ring Circus and will feature a mile long street parade, according to the new owner. It will open in Tulsa August 29 and ten days later will begin a tour through West Texas.

Headquarters for both shows will be in Sweetwater. Motor equipment will be used for transportation and a booker will arrange the fall and winter routes.

Nation-Wide Tribute Paid Will Rogers, Wiley Post

The bodies of Will Rogers and Wiley Post are at home today from the far away place in Alaska where they crashed last Thursday night. The huge Pan-American Airways plane bearing the bodies of the two world famous Americans arrived in Los Angeles Tuesday evening, returning the men who had so recently flown from there on a journey which Rogers jocularly said would probably end "somewhere."

Last rites for Rogers were held today (Thursday) at Forest Lawn Park, Beverly Hills, California, and the body of Post after being held over a day in Oklahoma City, was to be interred in his "home" town of Maysville, Oklahoma.

The news of the fatal crash of Rogers and Post near Point Barrow, Alaska, brought sorrow to the entire world. Rogers filled a place in this nation which no other can take. His humorous work in pictures, newspapers, radio, stage and on the lecture platform made him one of the best known and most beloved men in America. He had the ability to mix with every class and make friends with everybody—and everybody expressed sorrow when the news of the tragedy was confirmed. Post, his intimate friend, who had flown

twice around the world and was one of the leading aviators of the day, was also popular and internationally famous.

Services in their honor were held in numerous cities. West Texans took part in these rites last Sunday, especially remembering Rogers, who visited this section many times and who only last July attended the cowboy reunion at Stamford.

RUNNELS WOMEN WILL ENTER DISTRICT BEDROOM CONTESTS

The Runnels county home demonstration council has voted to cooperate in the district bedroom contests to be held at San Angelo, November 8-12. Entries will consist of tufted bedspreads, woolen comforts and tufted pillow tops. Only one entry in each class will be accepted from each individual but county exhibits will be without limit.

The county having the largest number of bedspreads and comforts on display will receive the first prize, \$10. Other prizes in this group will be \$7, \$5, \$3, \$2.50, \$2, \$1.75, \$1.25, and two for \$1. Every county council entering will receive an award.

Individual first prizes in each of the other contests will be \$5 and five prizes will be given in each class.

"We were slowly starving to death," said the great explorer, at the boarding house table, "but we cut up our boots and made soup of them."

"She-h-h! Not so loud," said a fellow boarder. "The landlady might hear you."

Miss Jewel Fulton was operated on for appendicitis at the Hatley & Love Sanitarium Tuesday.

Football Training Starts September 2 At Athletic Field

Pre-season training for the Ballinger Bearcats will start September 2. One full week will be spent in training before the fall term opens and a number of candidates for the team have signified that they will begin work at that time.

New equipment, including 22 complete new outfits has arrived for the team. All old equipment will be issued for early training and there will be enough for every prospective player to be fully accoutered.

The idea of a camp on the river has been abandoned and Coach Felton Wright stated this week that he believed more good could be accomplished on the local field.

Coach Wright expects between 40 and 50 men to be out for places on the team on September 9. Spring training proved that material will be plentiful this fall, with some 6 or 8 promising backfield men, 15 to 18 linemen and about 10 ends. Most of these youths are inexperienced but spring training taught them the fundamentals of the game and most of them are expected to develop rapidly.

"Buck" Gibbs, who arrives here September 1, will be ready to assist Coach Wright with the team. Gibbs is a backfield man and that will be his special assignment with the Bearcats this fall. Wright will have charge of the line as well as direct the general work of the club.

Some of the backfield men have been kicking, passing and handling the pigskin all summer and have learned much during the vacation period. A few plays were given the team last spring to study during the summer.

Sam Behringer's home made Ice Cream at Weber's Root Beer Stand.

Mrs. Cicero Smith and daughter returned Sunday evening after a two weeks' visit with relatives at Dallas and other North Texas points.

Mrs. Price Hall and son, Charles, of Leedey, Oklahoma, and Mrs. Richard Houston, of Woodward, Oklahoma, spent the week-end here in the home of Mr. and Mrs. J. W. Black.

Mrs. Lawrence Grier and daughter have returned from Embouse, where they visited Mrs. Grier's parents.

Genius of Ancient Times Said to Have Divided the Year

NEW YORK, Aug. 21.—Traces of the unknown genius of ancient times who first divided the year into sixths and passed on to modern mankind the rule of sixty seconds in a minute were described by Prof. James H. Breasted, of the University of Chicago, in his recent James Arthur lecture on "Time and Its Mysteries," delivered at New York University.

In the earliest days of civilization in Babylonia some of the priest-scientists who kept watch of the sun and stars evidently noticed either that the season repeat themselves after about 360 days or that many of the heavenly bodies come back to similar positions in the sky after about this same time.

That was the origin of the ancient year of 360 days, later discovered to be really 365 days. At about this same time the Babylonian scientists began using a counting unit of 60, the basis of the so-called sexagesimal system of numbers which was used in the first system of arithmetic known and which mathematicians often praise as even better than the modern decimal system believed to have originated because men have ten fingers.

How the ancient Babylonians ever happened to think of this number unit of 60 always has been a mystery. Dr. Breasted suggests that it may have begun at first as one-sixth of a year, there being some evidence that the ancient Babylonian name for sixty, which was "shushu," originally meant "one-sixth." On this theory, the next step would have been to divide the 360 days of the ancient year into sixths, thus giving groups of 60 days each, which soon developed into the 60 unit and which still survive after many historical vicissitudes in the modern clock face.

Ten-Inch Casing is Run in Tucker Test; Two Others Active

R. E. McWilliams has accepted a position at Big Lake and moved his family there to make home. The Reagan county commissioners' court named him a special deputy sheriff last week on a plan in which the Texas Sheep and Goat Raisers' Association is cooperating.

Mr. McWilliams has been a peace officer for many years and is one of the best known in the state. He served Runnels county as sheriff for several terms, was later on the state ranger force, an inspector for the Texas livestock sanitary commission with headquarters at Midland, and has worked as a private detective.

He will assume his work in Reagan county under Sheriff A. W. Billingsley at once and will devote most of his time to preventing and tracing livestock thefts. In addition to being a good detective and a fearless peace officer, McWilliams is also an experienced livestock man, having operated ranches in this county before being elected sheriff.

Mrs. R. A. Jones, of La Porte, Misses Allene Pullen and Olga Mae Legler and Mrs. T. V. Pullen, of Goose Creek, returned to their homes Thursday after a visit here in the home of Dr. and Mrs. E. W. Stasney.

McWilliams is Made Deputy at Big Lake; To Hunt 'Rustlers'

Two oil tests in Runnels county were active this week and a third is about ready to be spudded.

Art Tucker is running 10-inch casing to 1,460 feet in his test in the McMillan field and will be ready to deepen the hole within a short time. This test is near other producing wells on Tucker's lease.

Golden Petroleum Company and John Castor have about completed rigging up for their test on the H. Giesecke ranch and expect to spud next week. The location is south of the old Gulf Production Company well which was plugged for several years and when recently opened produced oil and gas.

The crew on the Wolverton-Willingham No. 1 is drilling past a string of tools lost in the hole at 3,455 feet. The well will be deepened as soon as the bit passes the tools.

Mr. and Mrs. Edward Sommer and little daughter left this week to visit the Carlsbad Caverns, El Paso and other points.

Mr. and Mrs. M. R. Fortson and daughter, of Dallas, are here for a visit with Mrs. Fortson's parents, Mr. and Mrs. L. E. Bair.

8th Street Church Gospel Services Attracting Many

The gospel meeting being sponsored by the Church of Christ, corner of Eighth Street and Bonsel Avenue, is enjoying splendid interest. Services are held each morning at 9:30 in the church building and on the outside of the building at 8 p. m. Fine spiritual singing of the old favorite hymns is under the direction of Shirley Morgan, of Lubbock.

Evangelist Harvey A. Childress, minister of the local church, conducts a special Bible drill for children at 7:30 p. m.

At the same hour, Mr. Morgan, conducts a class in hymn study

All interested in learning to sing better are urged to attend this class.

Evangelist Elbridge B. Linn announces the following topics to be discussed the next few evenings: "What is Saving Faith?" "The Baptismal and Converting Power of the Holy Spirit," "Scriptural Baptism, and Can One be Saved Without It?" "Did Christ Establish a Church as He said That He Would in Matthew 16:18?" "From Heaven or from Men?"

Evangelist Linn spoke Wednesday evening on the subject, "The Great Commission Executed." The words of Christ, termed among Bible students as "the great commission," are to be found in three of the gospel records. They are: "Go ye therefore, and make disciples of all the nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, teaching them to observe all

things whatsoever I commanded you . . ." (Matthew 28:19, 20). "And he said unto them, go ye into all the world and preach the gospel to the whole creation. He that believeth and is baptized shall be saved, but he that believeth not shall be condemned." (Mark 16:15, 16). The other reference is to be found in Luke 24:46-47. A study of the Acts of the Apostles reveals that they faithfully carried out the commission. Believers repented and were baptized in order to be forgiven (Acts 2:38-47; 8:12, 13; 8:26-39; 10:47, 48; 16:31-34; 18:8; 22:3, 16).

The church extends an invitation to all to attend the meeting.

Jim Duncan returned Tuesday night from a three weeks' trip on the west coast with Mr. and Mrs. H. G. Whitaker, of San Angelo.

Typewriter ribbon at Ledger office.

HARLEY SADLER BUYS THREE-RING CIRCUS

Harley Sadler, veteran tent show man of Texas, announced this week that he had purchased the Bailey Brothers Circus at Tulsa, Oklahoma, and would take over the new enterprise at once as manager. He said he would also continue to manage his repertoire show.

The circus will be known as the Harley Sadler Three-Ring Circus and will feature a mile long street parade, according to the new owner. It will open in Tulsa August 29 and ten days later will begin a tour through West Texas.

Headquarters for both shows will be in Sweetwater. Motor equipment will be used for transportation and a booker will arrange the fall and winter routes.

Nation-Wide Tribute Paid Will Rogers, Wiley Post

The bodies of Will Rogers and Wiley Post are at home today from the far away place in Alaska where they crashed last Thursday night. The huge Pan-American Airways plane bearing the bodies of the two world famous Americans arrived in Los Angeles Tuesday evening, returning the men who had so recently flown from there on a journey which Rogers humorously said would probably end "somewhere."

Last rites for Rogers were held today (Thursday) at Forest Lawn Park, Beverly Hills, California, and the body of Post after being held over a day in Oklahoma City, was to be interred in his "home" town of Mayville, Oklahoma.

The news of the fatal crash of Rogers and Post near Point Barrow, Alaska, brought sorrow to the entire world. Rogers filled a place in this nation which no other can take. His humorous work in pictures, newspapers, radio, stage, and on the lecture platform made him one of the best known and most beloved men in America. He had the ability to mix with every class and make friends with everybody—and everybody expressed sorrow when the news of the tragedy was confirmed. Post, his intimate friend, who had flown

WILL ROGERS

(twice around the world and was one of the leading aviators of the day, was also popular and internationally famous.

Services in their honor were held in numerous cities. West Texans took part in these rites last Sunday, especially remembering Rogers, who visited this section

many times and who only last July attended the cowboy reunion at Stamford.

RUNNELS WOMEN WILL ENTER DISTRICT BEDROOM CONTESTS

The Runnels county home demonstration council has voted to cooperate in the district bedroom contests to be held at San Angelo, November 8-12. Entries will consist of tufted bedspreads, woolen comforts and tufted pillow tops. Only one entry in each class will be accepted from each individual but county exhibits will be without limit.

The county having the largest number of bedspreads and comforts on display will receive the first prize, \$10. Other prizes in this group will be \$7, \$5, \$3, \$2.50, \$2, \$1.75, \$1.25, and two for \$1. Every county council entering will receive an award.

Individual first prizes in each of the other contests will be \$5 and five prizes will be given in each class.

"We were slowly starving to death," said the great explorer, at the boarding house table, "but we cut up our boots and made soup of them."

"She-h-h! Not so loud!" said a fellow boarder. "The landlady might hear you."

Miss Jewel Fulton was operated on for appendicitis at the Harley & Love Sanitarium Tuesday.

HAS YOUR ADDRESS CHANGED RECENTLY?

Ledger subscribers are requested to notify the publisher of any change in their addresses promptly. Under the new postal laws newspapers and periodicals must pay postage due for notices of any change in addresses furnished by the postoffice. Besides, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move. The best plan for all concerned is send the change of address in advance.

Civic leaders are getting scant cooperation in the clean-up campaign launched a week ago. Property owners have been asked to cut weeds and clean up vacant lots to eliminate fire hazards but little has been done so far. Many vacant lots in the city are several feet high in weeds and searing sunshine is making them dry rapidly. Any property owner who needs city firemen to stand by while weeds are burned may get this service without cost on request.

Saturday is election day. Seven important constitutional amendments will be voted on as well as a representative elected in this district. Every eligible voter should go to the polls and cast a ballot. These elections are important and the amendments submitted at this time should be of interest to every citizen. They deal with matters that affect every citizen and should be carefully studied. Use your 1935 poll tax receipt Saturday.

Ballinger is facing a shortage of rent houses. Within the past few days numbers of people have been here looking for living quarters but have been disappointed. An estimate was ventured this week that between now and September 13 there will be at least 50 families seeking to move here for the school year and at present there are no rent houses and few apartments available. Most of the families looking for places to live in have their furniture and want five-room houses. Some become angry when they learn that rent property is out of the question and ask if more citizens are not wanted here. The housing shortage is something to think about for the city cannot grow beyond its present size unless new corners are provided for.

Adding Another to the List

WEST TEXAS NEWS NOTES

The Fort Stockton school board asked for bids last week on the erection of a modern band building and a large motor bus to be used in transporting athletic teams and the band on out-of-town trips. The band house, to be located on the campus, will provide two rehearsal halls, storage rooms for instruments and uniforms and an office for the director. Instrumental music is taught in the Fort Stockton school and band music is featured.

A local option election has been ordered in Coke county, to be held on August 24 in connection with the state election on constitutional amendments. The election was ordered by the commissioners' court when a petition bearing more than 100 names was presented. A local option election held in the county some twenty years ago resulted in a "dry" majority, but the court failed to record the vote and recently the county was legally affirmed as "wet" when a test case was tried.

Practically all Mason county wool still unsold was shipped from warehouses last week. The wool is being trucked to Houston and will go by water to Boston. Prices ranged from 20 1/2 to 24 1/2 cents a pound. Approximately 70,000 pounds were included in the final sales.

Leases have been signed and abstracts submitted by the Tulsa Oil Company on a 12,000-acre drilling block in Menard county. Most of the acreage is just south of Menard and as soon as titles are perfected a well will be drilled to a depth of 3,000 feet.

Notification has been received that a federal building will be built at Brady. A joint congressional committee has ended its investigations and made the designation. Brady officials were advised of approval of the project last week by Congressman C. L. South and Senator Tom Connally.

The McCulloch county commissioners' court has ordered condemnation suits against land owners along highway No. 23 who have not already signed deeds to land included in the new 100-foot right-of-way. The resident engineer has been asked for plans and blue prints of the route by the state highway department and work is expected to begin soon.

A large delegation of road boosters visited Junction last week, scouting a new route for a highway from Dallas to Del Rio. Parties from towns and counties along the route attended the meeting at Junction.

Comanche county trucksters have shipped more watermelons this year than ever before. Last week the commissioners' court designated part of the court house square as a market center and trucks load there at all hours of

the day. The melons are going to all parts of Texas this summer, providing a new source of revenue for growers.

Brownwood has received its first bale of 1935 cotton. The bale was grown by W. T. Martin, who owns and operates a farm near Brooksmith. The bale weighed 450 pounds and sold at 14 cents a pound in public auction.

Home demonstration clubs of Coleman county closed a successful encampment last week. 100 women attending. The two-day meeting was held at Edmondson Park and reports on the recent short course were part of the program.

Notice has been received that funds have been allotted for the construction of an armory-auditorium at Coleman. The project calls for the expenditure of \$43,500, 55 per cent a PWA loan and 45 per cent a grant. The loan would have a long time maturity, guaranteed by municipal bonds. Revenue to pay the annual payment of \$1,300 would be derived from the rent paid by the state for the national guard unit, and other rentals on the auditorium.

The Melvin Fair dates were changed last week to October 24 and 25. John M. Alsdorf has been named secretary and he will begin at once to prepare the program. The Melvin Luncheon Club is sponsoring the fair.

The Winters school board has set September 2 as beginning date for the fall term and pupils will register at the high school on August 31. The fine arts department will enroll students any time.

J. C. Stewart, formerly of Heidenheimer, has been transferred to Lawn as Santa Fe agent. He and his family have moved to Lawn.

A family reunion was held at the Will Currie ranch on the Concho River last week. Relatives of Will and Wix Currie assembled for a barbecue and get-together in honor of Mrs. J. W. Drace, of Matador, who is visiting relatives in this section.

The Miles Theatre has been purchased by A. M. Morgan, who has started remodeling the building to give people of that city a first class show house. New and modern equipment has been bought and will be installed as soon as the refinishing is completed. The seating capacity is being augmented by the addition of a balcony.

Gwinn Henry and family are in Eden this week for a visit with

relatives and friends. Mr. Henry, nationally known athlete, is now instructor at the University of New Mexico. He formerly coached at the University of Missouri and at one time was one of the fastest sprinters in the United States, while a member of the Irish-American Club, New York.

Frank McCabe, ranchman, has been appointed commissioner of precinct No. 3 in Coke county. He succeeds Ray Stewart, who recently resigned to accept a forest ranger commission in Arizona. McCabe will assume the office at the next meeting of the court at Robert Lee.

The Sonora Lions Club will raise several hundred dollars this week to put its treasury in position to take care of an extensive fall program. One of the first projects is to give a number of school children dental work and another group vaccinations. The club is very active and does much work in that section.

Patronize our advertisers.

Thomas B. Hill, of Waco, arrived Saturday to take a position in the county agent's office. He will serve as cotton adjustment assistant here in the place of W. N. McCulloch, who recently resigned to accept employment at Coleman.

All Tires and Batteries guaranteed at Freeman's. 8-11

Miss Nadyne Sonricker and Miss Faye Clark left Saturday on a vacation trip, intending to visit at points in New Mexico and probably will go on to the Pacific coast.

When a bank accepts deposits

—it enters into human relationship that make it unique in business life

It assumes toward its depositors an obligation to safeguard the funds placed in its keeping, with all humanly possible diligence. It assumes toward its community the obligation to employ those funds, through good business loans and advances for sound public financial requirements, to serve the vital needs and broadest welfare of the community. It assumes toward its stockholders the obligation to protect their capital and earn a fair return.

Sound, honest management offers the only way to meet these three obligations. There are no substitutes for them in banking laws or financial practices.

The First National Bank of Ballinger

HERE'S PROOF OF EXTRA MILEAGE

You owe it to yourself to see how much EXTRA MILEAGE and EXTRA SAFETY Goodyear can give you at prices as low or LOWER than any — because Goodyear is the world's largest tire manufacturer.

We can prove it — by footprint evidence

Come in and see tread footprints we've made from Goodyear "G-3" All-Weather Tires on the cars of your friends and neighbors. It's first-hand evidence that this great tire will give you

43% LONGER NON-SKID MILEAGE at no extra cost!

Footprints Tell The Story . . .
 These are actual tread footprints made by Goodyear "G-3" All-Weather tires after long mileage recorded below. Note sharp non-skid pattern still showing — proof that there's thousands of miles of safety left in these tires!

18,464 Miles: Bertice Holden, Yorkville, N. C.
 13,746 Miles: G. W. Hines, R. F. D. Carter, McLeansville, N. C.
 21,460 Miles: R. R. LaForem, Nashua, N. H.
 13,000 Miles: Roy Fisher, Denver, Colo.

SEVENTEEN BRITISH NOBLEMEN POOL THEIR RESOURCES WITH LLOYD'S OF LONDON AND INSURE SHIRLEY AGAINST ACCIDENT.

NINE THOUSAND INDEPENDENT EXHIBITORS HAIL SHIRLEY TEMPLE AMONG TEN LEADING BOX OFFICE PERSONALITIES.

"SHIRLEY, THEY'RE CALLING 'OUR LITTLE GIRL' YOUR GREATEST..."

YOU HAVE MADE MORE PEOPLE HAPPY AND MADE MORE CHILDREN LAUGH THAN ANY CHILD YOUR AGE IN THE HISTORY OF THE WORLD! IRVIN S. COBB FAN MAIL STARS

BY AIR, BOAT AND TRAIN COME TONS OF FAN MAIL FOR SHIRLEY FROM EVERY CORNER OF THE GLOBE... THE TOTAL TOPS FAN MAIL OF ANY HOLLYWOOD STAR

Now Comes Shirley Temple's First Film Since Academy Award

They're calling "Our Little Girl," Shirley Temple's greatest. This Fox Film picture, coming to the Palace Theatre in special midnight matinee Saturday night, also in regular showings Sunday and Monday, has been lauded everywhere.

In this production, the first since the child screen wonder received the special award from the Academy of Motion Picture Arts and Sciences, she gives a powerful portrayal of a child's heartbreak.

When those she loves grope in the shadows of misunderstanding, Shirley meets the crisis with a brave smile. She plays at being happy to rebuild a shattered dream.

"Our Little Girl" is a poignant story, tenderly conceived, freighted with heart tugs yet leaving the audience, from all reports, strangely happy.

Hundreds of novels and short stories in print and typescript were

read before this particular story was selected for Shirley. When the list thinned down to thirty, the producer discovered that "Our Little Girl" was ready-made for the adorable star.

It tells the story of a happy family disunited by suspicious, threatened with wreckage, and of a little girl who runs away from her home when she finds all the joy and safeguards gone.

Alone, Shirley Temple suffices to make any picture popular. But Producer Edward Butcher has loaded "Our Little Girl" with talent. Rosemary Ames plays Shirley's mother, Joel McCrea, who needs no introduction, plays her father.

"Poodles" Hanneford, world-famous clown and circus rider, has an amazing act; he clowns, rides, falls, and thrills in the circus sequence which has everything complete from the wild animals to the big three-ring tent.

Lyle Talbot, Erin O'Brien-Moore,

and Jack Donohue continue the list of fine supporting cast.

When Irvin S. Cobb presented Shirley with the Academy award, he said: "You have made more people happy and made more children laugh than any child your age in the history of the world!"

"Our Little Girl" is said to sustain this ecumene.

Weber's Root Beer Stand is open from 9:30 a. m. to 11 p. m., serving Root Beer, Ice Cream, Sandwiches and Hamburgers. 22-11

BIRTHS

Mr and Mrs. E. N. Wood are rejoicing over the arrival of a 7-pound girl, born Saturday morning. The young lady has been named Shirley Ann.

Mrs. R. T. Ruffing and son, Homer, of Abilene, are here for a visit with Rev. W. H. Doss.

R. L. Stephenson, of Lubbock, transacted business in Ballinger Tuesday.

E. M. Lynn and J. D. Motley spent Tuesday and Wednesday in Austin, attending to business in the state highway department.

Y. P. Crusaders, 7 p. m.
Evangelistic message, 8 p. m.
Prayer meeting, Tuesday, 8 p. m.
Testimonies, prayer for sick, Friday 8 p. m.
Also Saturday night service at 8 o'clock with old time gospel songs and choruses. Come, spend an hour while in town.
DAN P. KOOP, Pastor

WEDDINGS

Davis-Wink
Wallace Davis and Miss Isabelle Wink were married at San Angelo Sunday evening at 7:30. Both are well known here. Mrs. Davis having operated the Charm Beauty Shoppe for the past several months, and Mr. Davis has been employed at the Queen Theatre for more than a year.

The couple will continue to make home in Ballinger.

W. H. Johnson, of Lubbock, is moving here and will open a cotton office over the Tigner Jewelry Company. Mr. Johnson was here last fall for a short time and returns here this season to do business on a more extensive scale. Mr. Johnson will be associated with Mr. Johnson in the local office.

Mrs. Linnie Harris, Miss Bess Corbett and Mrs. O. B. Corbett have returned from a two weeks' visit with relatives and friends in East Texas.

Colemanites Seek Road Designation Through Runnels

COLEMAN SEEKING
Citizens of Coleman and other towns in this vicinity are seeking a highway from Coleman to Sweetwater via Winters and Wingate in this county. The Coleman county commissioners' court last week passed a resolution to the state highway commission asking that this route be designated as that the project could be planned and started.

The preliminary survey has been completed from Coleman to Glen Cove.

This route has been proposed a number of times but has never been designated by the department. Since a large amount of the WPA funds will be used for building roads the proposed route has been revived and committees representing the towns affected will personally present to the commission at Austin.

Ballinger highway boosters are bending every effort to get a contract on the unfinished portion of the Ballinger-Beute road. A local committee went to Austin this week to discuss the project with the state highway department.

Mr. and Mrs. K. V. Northington and sons left Tuesday for a week's Northington and Charlie Northington left Tuesday for a week's fishing and outing on the Colorado River.

Mrs. Pal Wood, Jimmie Witter, Louise Nunn and Charlie Nunn left Saturday for Carlsbad, N. M., on a short vacation. While there they plan to see the Carlsbad Caverns.

Baptists of District To Assemble Here; Program Prepared

The Runnels Missionary Baptist Association will hold a two-day meeting in the Ballinger Baptist Church next week. The first session will start at 9:30 Tuesday morning and all Baptist churches in this district will be represented.

Rev. J. H. McClain, pastor of the local church, extends an invitation to all members of his congregation and any others interested to attend the sessions. Preachers in this part of the state will attend the meeting and deliver the regular sermons. Following is a tentative program for the two days:

Tuesday, August 27
 9:30 a. m.—Song and praise, Joe F. Miller
 10 a. m.—Calling the association to order, enrollment of messengers and receiving petitionary letters

Remarks by moderator
 Election of officers
 Appointment of committees,
 Rev. M. C. Golden
 Recognition of visitors
 11 a. m.—Sermon, Rev. H. C. Funderburk

Noon—Lunch at church
 2 p. m.—Devotional service
Reports:

1. Cooperative program, Rev. J. W. Sailors
 2. Budget and systematic giving, Rev. Louis Stuckey
 3. Christian education, Rev. Frank Burrell

4. W. M. U., Mrs. Carl Black
 6 p. m.—Supper at church
 7:45 p. m.—Reports:

1. B. T. U., R. E. White
 2. Sunday school, E. C. Grindstaff
 3. Buckner Orphans Home, Rev. J. L. Wallace
 4. Brotherhood, Joe Baker.

Wednesday, August 28
 9 a. m.—Devotional

Reports, Missions:
 1. Associational and district missions, Fred Walter King and Julius P. King
 a. Executive board, Rev. W. T. Hamor
 b. Treasurer's report, R. E. White

2. State missions, Rev. J. D. Coleman
 3. Home missions, Rev. Fred Moreland
 4. Foreign missions, Rev. W. T. Hamor

5. Sabbath observance, Rev. Williams
 Noon—Lunch at church
 2 p. m.—Devotional

 2. Religious literature, Rev. N. J. Westmoreland
 3. Digest of letters, clerk and Rev. F. R. Cole
 4. Nominations and resolutions, Rev. C. R. McClellan

5. Obituaries, Rev. James Alexander
 6. Old ministers' relief, Rev. H. C. Funderburk
 7. Miscellaneous.

High quality Tires at low prices at Freeman's. 8-17

VOCATIONAL TEACHER ATTENDS CONFERENCE

J. M. Williams, vocational agriculture teacher at Content, has returned from an area conference at John Tarleton College, Stephenville. He reported that the meeting was attended by about 75 vocational agriculture teachers from this section and that interesting programs were presented every day.

Mrs. Williams and son accompanied Mr. Williams to Stephenville.

Mrs. Tom Grace, of Dallas, is here for a visit with relatives and friends.

Mrs. C. W. Tibbs and son, of Dallas, are visiting relatives in Ballinger.

Mr. and Mrs. Tom Williams, of Comanche, visited relatives here over the week-end.

Pension Plan Brings Them Fame

Not long ago Dr. F. E. Townsend of Long Beach, Calif., was an obscure, hard-working country doctor, aided in his healing work by his wife, the nurse he won in a Black Hills mining town years ago. Now the physician is a national figure as author of the popular Old Age Revolving Pension Plan. His modest, self-effacing wife is shown above in one of her few pictures with her now famous husband.

House Member And Amendments to Decided by Voters

Election supplies have been sent to all voting boxes in Runnels county and the regular election managers and clerks will be on hand all day Saturday to give voters of this county an opportunity to cast ballots in two elections.

Regular requirements will be in force Saturday. Poll tax receipts must be submitted or affidavits signed that same have been lost. "Overs" and "unders" may vote without challenge.

Voters will be given two tickets when they go to the polls. A large ballot will contain submission of seven constitutional amendments and in Runnels, Coke and Concho counties a small ticket will be handed voters with four names printed for the representative's place in the 92nd district. In Runnels county the names on the ticket will be in the following order:

- Horace B. Sessions
 - W. H. Rampey
 - D. M. West
 - James M. Simpson, Jr.
- The polls will open at 8 o'clock Saturday morning and remain open until 7 p. m. Immediately following closing of the polls the results will be tabulated and reported to the county clerk who will notify the state officials as soon as the total county vote is compiled.

FISHING PARTY LEAVES FOR SABINAS RIVER

Mr. and Mrs. A. B. Stobaugh, Mr. and Mrs. John Allbright, Mr. and Mrs. Clifford Orr, Mr. and Mrs. Bill Wright and Mrs. R. B. Williams left this (Thursday) morning for Mexico to spend several days fishing. They will pitch camp on the Sabinas River where a number of other local people have fished this summer.

Russell Henry, Elmer Psenick and Lee Little returned Friday evening from the Rio Sabinas, bringing back about 150 pounds of catfish.

Bank Holiday Saturday

Ballinger banks will be closed Saturday on account of the state election. Patrons of these institutions are requested to take notice of the holiday and make arrangements for change before closing time Friday afternoon.

The First National Bank
 The Farmers & Merchants State Bank
 The Security State Bank 22-17

Local Guardsmen Receive Intensive Training at Camp

The 65 officers and men of company C, 142nd Infantry, who had been attending the national guard encampment at Palacios for the past two weeks returned home Saturday at 11:30 p. m. Captain Ross Murchison, company commander, said Monday that it was by far the best summer encampment ever held by the Texas national guard.

Ideal weather prevailed during the two weeks and the men were in better condition than ever before to carry on the work. After a few days on the drill field maneuvers commenced, most of the Ballinger company taking part.

Tuesday of last week the company marched to the assembly of troops for the tactics at Goliad. They arrived there at 3 p. m. and after deploying for several miles went under cover and remained in hiding until 11 p. m. when they were rushed forward into outpost positions until an early hour in the morning. They were relieved by another detachment at 3 a. m. and marched back to Goliad.

Capt. Murchison stated that only one man was in the hospital while away but a few had blistered feet which demanded treatment. The local unit made excellent showings both on the drill field and in regimental maneuvers.

The Ballinger company won the regimental softball championship but lost for the camp honors when they went under the lights for the final contest.

Mr. and Mrs. Sam Runkles and son, of San Angelo, spent the week-end in Ballinger, visiting relatives and friends.

Refreshing Relief When You Need a Laxative

Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use Black-Draught when needed. It is very economical, purely vegetable, highly effective. . . Mr. J. Lester Robertson, well known hardware dealer at Martinsville, Va., writes: "I certainly can recommend Black-Draught as a splendid medicine. I have taken it for constipation and the dull feelings that follow, and have found it very satisfactory."

BLACK-DRAUGHT

BIG SPRING—The problem of wardrobe storage for the entire family has been solved by Mrs. D. W. Rogers, clothing demonstrator for the Soash home demonstration club in Howard county, according to Miss Mayme Lou Parr, home demonstration agent. One large closet 2 1/2 by 8 feet has been built to the ceiling, opening into adjoining bedrooms with doors into each room. Seven 2 1/2 foot shelves and an eight foot shelf provide adequate space for the quilts and most of the linens. Hats and folded clothes are also stored there. Three rods give convenient hanging space. The 7 year old daughter has her individual closet and storage space.

TEACHERS' PAY CHECKS RECEIVED THIS WEEK

County Superintendent E. C. Grindstaff received checks Monday from the Texas relief commission totalling \$4,528. This money was awarded to Runnels county to pay teachers who taught extra time last spring to finish regular school terms in districts where funds were exhausted.

An application was made before the close of the spring term last year but was refused by the state authorities. The matter was taken up with the federal government and an appropriation was made to the state for this purpose.

Mr. Grindstaff will mail out checks this week to teachers who have back pay coming for the extra service rendered last spring.

as the ripened cheese flavor combines with many foods," says Mable's mother.

DENTON—Four thousand four hundred pounds of Irish potatoes were raised on one-fourth an acre of land by R. R. Goode, of Corinth in Denton county this year, according to Mrs. Edna W. Trigg, home demonstration agent. The quarter acre was used as a garden in 1934 and was fertilized with barnyard manure. This year the barnyard fertilizer was applied early and the land was listed before the potatoes were planted. The land was too dry to plow the potatoes, so they were harrowed. After it began raining, it was too wet to plow until the plants were too large to plow. The only cultivation the potatoes received after they were harrowed was with a hoe. They were hoed twice.

JULY RETAIL SALES FAR AHEAD OF JULY 1934
AUSTIN, Aug. 21—Retail dollar sales in Texas during July declined less than the normal seasonal amount from the previous month and were substantially larger than during the similar month last year, according to the University of Texas bureau of business research.

"Reports from 89 representative Texas retail establishments show total sales 14.2 per cent greater than during July, 1934, the decline of 17.6 per cent from June comparing favorably with the average seasonal decline of 23.8 per cent," the bureau's report said.

"Aggregate sales during the first seven months were 4.5 per cent above those of the corresponding period last year.

"Cities with sales records better than the average for the state in comparison with a year ago are: Tyler, Temple, San Antonio, Dallas, Beaumont, and Austin. As between types of stores, women's specialty shops made the best sales gains. Next in order were men's clothing stores, large department stores, dry goods and apparel stores, and small department stores.

"Collections of outstanding accounts during the month also compared favorably with July last year, with an increase of 2.4 per cent in collections over the corresponding month last year. This fact is the more significant since credit sales in relation to net sales were 15 per cent greater than a year ago."

M. E. BOGESS, Conoco Representative, Ballinger

You'll find your FAVORITE FOUNTAIN DRINK at **JACK JOBE'S Double Dip 5c**. While waiting for the election returns meet your friends here.

When the sun is blazing hot, your motor heat goes up, too!

To protect your motor, use Germ Processed Oil, which has 2 to 4 times greater film strength and is less affected by extreme motor heat!

YOUR MOTOR runs lots hotter in summer. That's why you must have oil that maintains high film strength under extreme temperatures to get safe lubrication. Otherwise, the lubricating film ruptures and the bearings and cylinders suffer damaging wear.

oil and that heat above 225° does not lessen this advantage.

More proof—supervised road tests were made in identical cars fitted with the new alloy metal bearings used in many 1935 cars. The bearings lubricated with a high-quality plain mineral oil showed 45% more wear than those lubricated with Conoco Germ Processed, the first alloyed oil.

You'll be certain your motor is safely lubricated even at high temperatures if you say "O. K.—Drain" and fill with Conoco Germ Processed Motor Oil—the oil with the "Hidden Quart" that stays up in your motor and never drains away.

Plain mineral oils have little film strength and oils over-refined by new cleansing methods have even less. As motor heat goes up, these oils rapidly lose film strength.

You'll get better motor protection with Conoco Germ Processed Motor Oil. Timken machine tests prove that it has 2 to 4 times greater film strength than any plain mineral

Say "O.K.—Drain" — FILL WITH — CONOCO GERM PROCESSED MOTOR OIL

SANTA FE ENGINEER DIES AT THROTTLE

C. A. McCorkle, 37, engineer on the Sterling City-Paint Rock branch of the Santa Fe Railroad, died at the throttle of his engine in Miles Monday evening at 10:30. The train was leaving the depot when he died, and the fireman stopped the locomotive without incident.

McCorkle had been with the Santa Fe for 30 years but had been in ill health for some time. His ailment had caused him to be allowed several vacations to rest and he had been back on the run for about two years.

The body was taken to Sweetwater for interment. Survivors are the widow and a son.

Mrs. Abbie Roberts and Louis Ruhmann visited the first part of the week with Mr. and Mrs. James Ludwig, of Meridian.

See Freeman's for Batteries. 8-11

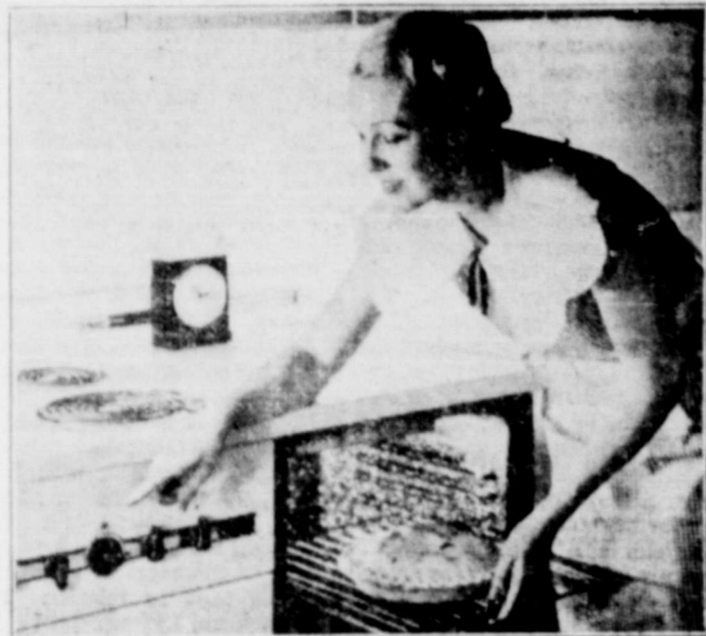

Everyday Cooking Miracles

BY FRANCES WEEDMAN
Director Hospital Electric Cookery Institute

What family doesn't tingle with delight when prospects for apple pie are more than encouraging? And what meal isn't eaten up quickly when pie is the last item on the menu? There's no getting around it—pie reigns in the realm of the super-elegant dessert classics! Summer or winter, rain or shine, in whole or in part, preferably the former, pie always answers the appetite longings of everyone, almost at every time.

If you agree, then, that apple pie is a favorite, what about the makings of that tender, flaky, velvety oven, you can forget all you please when you are using the electric oven. Then too, when pies are placed in this well insulated, moist-air oven, a touch of the heat regulating dial measures and controls the units of clean, electric heat. The pastry bakes to a golden-brown doneness while the apples attain a tender, luscious consistency.

Should you choose to bake your pie while you are out doing the marketing or away playing bridge, just tell the trusty Timer Clock when to begin and when to end the baking. Set the Temperature

Pie may be started in a cold oven when baked in an electric range

variety of dessert? Even if pies did come from heaven, they'd probably fall with a smash, so why not make the best of it and be contented with making these delectable desserts at home yourself? They are not hard to cope with and the new automatic electric range makes the expression "easy as pie" blash with shame!

What's that about the new electric range? There are lots of things about this versatile, resourceful servant that will literally make you wide-eyed with surprise. But one thing that will particularly delight you—whether you be a present or a prospective pie maker—is the nonchalant way in which this miracle range yields melt-in-your-mouth pies!

A One-Step Process

Pies aren't one bit fussy to make when they are baked under the watchful eye of this range's Miracle Oven—they just take it easy and make themselves at home. They may be started in a cold oven, mind you, making the business of baking a one-step process. So, if you are prone to forget to turn on the

Control and turn the switch to Bake, the next thing you'll know is that you have a delicious pie in your midst.

You'll not be able to resist this apple pie, not only because the early harvest apples are appearing on the market now and they are particularly delicious for pies, but because an apple pie is quite the easiest pie to eat that was ever made. Here is our favorite recipe:

Easy Apple Pie

(Makes one two-crust pie)

1 1/2 cups flour Apples

1 teaspoon salt Sugar

1/2 cup fat Butter

Ice water Spice

Sift, measure and again sift flour. Add salt. Cut in fat. Add ice water (about 5 or 7 tablespoons). Divide

pastry, roll and line pie plate with one portion. Fill pastry lined plate with pared, sliced or quartered apples, sugar, butter, and spice. Add top crust or strips and flute edges.

Place pie in cold electric oven. Set temperature control to 400° F. or 475° F. Turn switch to Bake and bake 1 hour.

Federal Regulation For Dove Hunting Drawing Protests

The new federal dove law which will be in effect this fall delaying the opening of the dove season until October 1, is not popular with hunters of this region. Most hunters believe practically all birds will be gone by October 1 and that days will be so short that few will get any good shooting.

San Angelo sportsmen have been waging a campaign to have the law changed and allow hunting to start on September 1 as heretofore. The state law is for the opening of the season on September 1 and has been the regulation in this zone for many years. The local Fish and Game Protective Association probably will file a protest with the congressmen for this district this week.

No objection was voiced by hunters when they were required to attach parts on their guns which would not allow more than two shells in the magazine at one time besides the one in the barrel. This new feature of the law will reduce daily bag limits but hunters would still have an opportunity to get the limit if allowed to hunt early while doves were still in this section.

All the streams in Runnels county have water in them and water hole hunting will not be as good as in the past. Most hunting will have to be done in maize fields where the doves feed and at midday when they are in trees in the pastures.

Mr. and Mrs. H. W. Bridges, of El Paso, who had been visiting their daughter, Mrs. Harry Corbett, left Monday for San Antonio to spend a few days and will return here the latter part of the week. Mrs. Corbett accompanied her parents to San Antonio.

Miss Helen Brewer arrived Tuesday from Mexico, D. F., where she had been attending the University of Mexico this summer. After a few weeks' visit here with her parents she will go to Odessa to resume her school work.

"Where's that new pancake hat you bought?" asked her dearest friend.

"John won't let me wear it," she sighed. "He says it reminds him too much of what he is as flat as."

Dickson Loses Hand When Car Overtakes Near Fort Stockton

Drew Dickson, Sr., lost his left hand and a few inches of the arm Friday evening when his car overturned between Ft. Stockton and McCamey. He was en route to McCamey to spend the night when the right front casing blew out, causing the car to turn over several times.

Word from his bedside Wednesday afternoon was to the effect that he was resting well and would eat his first meal that evening. Physicians thought he would be able to be brought home here by the latter part of the week. He was clear of fever Wednesday for the first time since the accident and the wound had no infection.

After the wreck Mr. Dickson was taken to a Ft. Stockton hospital where his hand was amputated and where he is resting well this week. Word from his bedside stated that he would be able to be brought home the latter part of this week.

Mr. Dickson was riding alone and does not remember what happened after the blow-out occurred. Friends believe he clutched the outside of the door with his left hand and when the car turned over it was pinned against the auto body, causing the injury.

The doors of the car were jammed and Mr. Dickson could not get out of the machine for some time. He finally forced a door open and walked for more than a mile before a truck driver stopped to see what was the matter. The truck driver took the injured man several miles and stopped a faster car to send him the remainder of the way to Ft. Stockton.

Besides the injury which caused the loss of the hand, Mr. Dickson received numerous cuts and bruises none of which are considered serious.

A telephone message was received here Friday night at 8 o'clock, about 30 minutes after the accident occurred and Drew Dickson, Jr., and Mrs. Dickson left at once for Ft. Stockton. Mrs. Dickson remained there this week at her husband's bedside and will return here with him the latter part of this week.

E. E. King and Ed Stallcup have returned from Fort Worth, where they bought furniture for the King-Holt Company.
