NUMBER 52.

Planning Board Approves \$264,300 For Projects in Runnels County

Good Will Trip Dates Set For September 17 and 18

Good will trips over Runnels county were announced Wednesday by the trade extension committee of the Ballinger Chamber of Commerce for September 17 and 18. The purpose of the trips will be to inform the public about the Runnels County Fair, October 8 to 12, inclusive, and create interest in the countywide celebration.

A canvass is being made of the city and every firm will be asked to send at least one representative on the excursions and to help furnish transportation for the band and stunt performers. Secretary J. D. Motley is in charge of this canvass and will submit the complete list for publication next week.

The stop in each community will be brief but enough time will be taken for a short band concert, to present special entertainers, and for a speaker to tell the audience about the fair and invite the citizens' cooperation.

Special advertising is being printed to be distributed on the trips. This will give a general outline of the fair program, the various departments to be included in the 1935 fair, and other information.

The first day's trip will include Paint Rock, Olfen, Rowena, Miles, Maverick, Bronte, Marie and Norton.

The second day's trip will include Wingate, Drasco, Winters, Crews, Content, Talpa and Benoit.

Special trips will be made at other times, probably at night, to Hatchel and Bethel, to present programs and encourage the citizens of those sections to take part in the fair.

Every person taking a car on the trips is asked to decorate it, meet with the entire delegation at the court house lawn, and remain in the line. At community stops each good willer will be expected to park, get out of the car and take part in the program. At the larger places short parades will be staged and automobiles will be parked at the edge of town and every good willer is expected to quickly form in line and follow the band into the business district. Parade chairmen will be named for each day and will have charge of the group at every stop.

"I am expecting every Ballinger business house to have one or more representatives on these trips," Mr. Motley said. "The visits in the agricultural sections and views of the crops will be worth the going to say nothing of meeting the citizens in the various communities and the good the trips will do the city."

Mrs. Edna Mae Farley has resigned her position in the county clerk's office and will join her husband at Odessa to make home. Miss Marie Norwood will succeed Mrs. Farley as deputy in the clerk's office.

Dove Season Moved Up to September 21 With Bag Limit of 15

Dove hunters received some consolation last week when it was announced that hunting in this zone would start September 21 instead of October 1 as first scheduled by the federal authorities. Hours were changed also, hunting being permitted until sundown every day of the week instead of being prohibited after 4 p. m.

The season still does not meet the approval of local sportsmen who have been accustomed to hunting birds after September 1 and at any time during the day. Many doves will leave this section by September 21 and shooting after that date in previous years has been very poor.

The bag limit will remain the same, 15 for any one person in a day. The new regulation regarding the number of shells in a gun will become effective with the opening of the season. The law allows one shell in the barrel of the gun and two in the magazine. All old style guns must have an attachment put on them to limit the number of shells to three.

At the present doves are plentiful in this region. Hunting will be more difficult this year because there is plenty of water in all streams and the water hole shooting will be "out."

SUPERINTENDENT MANN RETIRES FROM HUMBLE CO.

J. D. Mann, for the past ten years superintendent of the Humble Pipe Line station near Ballinger, has retired from active work and left the past week-end for Bryan where he and his wife will make home. He is succeeded here by W. A. Hamilton, who one time was an engineer in charge of construction of the line through this section.

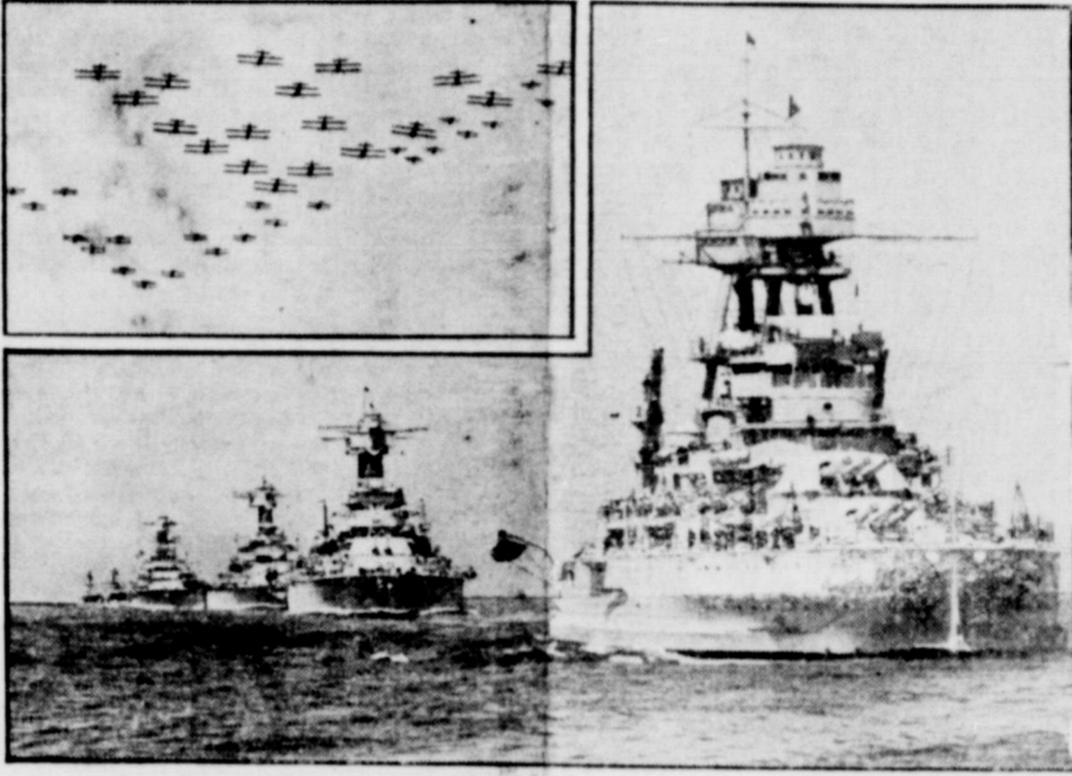

Mr. and Mrs. Mann are well known here, having taken part in local social and civic affairs ever since they moved here.

Mrs. Richard Coody left Friday for her home at Rule after several weeks' visit with her parents, Mr. and Mrs. W. T. Crockett.

Mrs. E. J. O'Kelly left Thursday morning for Lubbock on account of the serious illness of her sister, Mrs. Nettie Stovall.

Mrs. E. W. McLaurin has returned home from the Halley & Love Sanitarium where she was operated on last week. She is reported to be recovering rapidly.

P.-T. A. Group Will Assist in Opening Of Junior School

The Ballinger High School and Intermediate Parent-Teacher Association held a special meeting Tuesday afternoon to discuss business which could not wait until the first regular meeting in September. It was announced that members of the organization will be hostesses next Monday evening at the "open house" at the junior high school and add their invitation to that of the school board, asking all patrons to attend and inspect the new building. The P.-T. A. will serve refreshments.

Officers of this association are: Mrs. C. J. Bell, president; Mrs. Max Wilson, vice-president; Mrs. E. M. Lynn, treasurer; Miss Wilson, secretary; Mrs. W. O. Wallace, program chairman, and Mrs. Harry Lynn, finance chairman.

The organization's program for the year will be arranged at an early date and announced to the membership. Meetings will be held once a month in the high school auditorium and all mothers of children in high school and intermediate grades are invited to become members of this association.

Miss Georgia Singletary, of Abilene, attended to business and visited relatives and friends in Ballinger Wednesday.

Mr. and Mrs. M. S. Karmany left Tuesday for Graford to attend the wedding of Miss Sara Elkins and Harry Sikes, of Russell, Kansas, which was solemnized this (Thursday) morning at 8 o'clock.

One-Third Tax Exemption Certificates are Issued

It was estimated Monday that about one-third of the farmers of Runnels county had called at the county agent's office and received their tax exemption certificates for the 1935 cotton crop. Practically all the certificates are ready for distribution and are being issued to the owners as fast as they call and sign for them.

The certificates on hand, based on the 1935 contract, are for 35,745 bales of 500 pounds. This is a smaller number of bales than allowed by the certificates last year, but in 1934 the bale weight was figured on the basis of 478 pounds.

To date old certificates brought in and listed for replacement by 1935 certificates call for a total of 1,034,235 pounds. In addition to this amount approximately 6,000,000 pounds for certificates were placed in the national pool last fall. Of this amount only 31 per cent was sold and the remainder will be returned for replacement by 1935 certificates or put in a new pool.

Few people have ventured definite forecasts of what the county's 1935 cotton production will be. All are of the opinion, however, that all certificates will

be used to gin the crop and that the farmers will buy more certificates from the national pool.

Acres devoted to cotton in Runnels county this year is estimated at about 135,740. Acreage in the base period, 1928 to 1932, inclusive, was 201,740 in cotton and 194,700 harvested. The average yield was 52,900 bales during the same period.

In 1932 when cotton growers of the county set a high record for production, ginning 78,196 bales, it was estimated that approximately 220,000 acres were planted. Based on the same yield per acre this year, the crop could not total much more than the certificates issued plus the carry-over which is being replaced by new certificates.

Forgey Soon to Begin Preparation of Rolls Showing Delinquents

W. A. Forgey, county tax collector-assessor, expects to begin making up new delinquent tax rolls soon. It has not been decided yet whether it will be a contracted job to some firm or will be made up in the collector's office, employing local clerks for the work. Estimates will be submitted within a short time and a decision reached.

A law passed by the last session of the legislature calls for the new rolls which will enumerate all delinquent taxes from 1919 to 1934, inclusive. Tax collectors were given two years in which to finish the report.

According to this law all taxes owed the state and county prior to 1919 will be omitted from the rolls and levies against the property cancelled.

The delinquent rolls for Runnels county are available for the new lists from 1935 until 1934. Mr. Forgey stated that there were some conditions on which taxes are owed for the entire period and there are a number of accounts on the books which will have several years' levies cancelled because of the 1919 deadline.

Compiling the new rolls will be quite an undertaking and will require considerable time to show the amounts due against all delinquent property owners, some of whom are unknown.

At present the entire staff in the collector's office is working on the 1935 tax rolls in order to have them ready on October 1.

BALLINGER ARTIST SHOWS PICTURES AT ABILENE

John A. Nicholson, of Ballinger, is showing a group of ten water colors at the Ernest Grissom store in Abilene this week. The entire group of twelve subjects was done in the twelve weeks while Mr. Nicholson was studying under Xavier Gonzales in the summer art colony near San Angelo.

The local artist intends to go to New Orleans this fall to continue his studies under Mr. Gonzales and will take private lessons at Arts and Crafts. Mr. Gonzales is head of the art school at Sophie Newcomb College.

The Runnels county WPA planning board met here Monday afternoon to consider a number of projects. Approval was given 14 projects for an approximate cost of \$264,300. Of the total sum, projects approved for Ballinger total \$83,800.

T. D. Coupland, member of the board representing Winters, was unable to attend the meeting on account of impassable roads, and another meeting was set for today (Thursday) at which time projects for that section were to be submitted.

Miles Projects

Projects approved for Miles include: Waterworks extension to connect with wells, additional wells, and a pipeline connecting with city pumps; cost \$5,000.

A waterworks pumping station to be constructed of stone and to house all machinery; cost \$2,000.

Improvements looking to the creation of a city park; cost \$2,000.

Combination city hall and fire station to be constructed at an approximate cost of \$10,000.

Caliche surfacing of 10,000 feet of streets or 25 blocks; cost \$5,000.

Resurfacing of 20,000 feet of streets; cost \$4,000.

Ballinger Projects

Three blocks of 4 by 4 feet masonry drainage boxes with 8 intakes on Hutchings Avenue from Eleventh Street to A. & S. right-of-way; cost \$12,000.

Ten blocks of masonry curb and gutter, using stone for the bottom of the ditch and a two-foot side wall of stone.

Four blocks of cast iron water mains from Eighth Street to Tenth Street alley. City has pipe for this job.

Three units of pavement, concrete curb and gutters, each unit of 10 blocks. Cost on this work is estimated at \$2,000 per block, to be built under WPA supervision with city and property owners cooperating in the cost. (This was the largest single project submitted at the meeting Monday.)

Swimming pool, approximately 40 by 150 feet, at city park. The pool to be built of stone and to include bath houses.

Buffet Supper and Dance at Club
An informal buffet supper was given last Saturday evening by Miss Bobbie Johnson and Miss Helen Thomson with Dr. and Mrs. C. W. Cheatham assisting.

The affair was given at the Ballinger Country Club and was followed by dancing.

Guests were: Misses Mary Parks, Emma Jean Jones, Eleanor Williams, Willie Payne Brown, Susie Barnett, Belva Watson, Cathleen Connelly, Marcus Caughran, Elsie Motley, Virginia Holman, Laura Edith Miller, Mary Ruth Reese, Messrs. Edgar Hutchison, Robert Lusk, Jr., Tom Guin, John Pearce, Jack Lynn, John Q. McAdams, Jr., Maurice Bartlett, Marion Connelly, Paul Kirk, Herbert Sledge, J. C. Wilson, Jones Farris, Tom Gregg, Charles Evans, Carhill Motley, Messrs. and Mrs. Ernest Nance, George Kirk, John Hollingsworth, Jack Jobe, and Mrs. Cecil Thorp of Austin.

Mrs. Vancil Hostess to Club

Friday Contract Club members and a few added friends were guests in the ranch home of Mrs. Delbert Vancil last week.

Roses and zinnias graced rooms where four tables were daintily appointed for the games with high club prize going to Mrs. Homer Carsey, high guest to Mrs. J. A. Schnable and the traveling award to Mrs. Ross Murchison.

At the noon hour Miss Maggie Herring presided at the lace laid dining room table where salads, sandwiches and cookies were served with iced tea.

Included were: Mmes. W. B. Woody, L. R. Tigner, Jack Ruff, George Kirk, Ernest Nance, Charles Bailey, Ross Murchison, Leslie Baker, Loyd Herring, Carsey, Robert Bruce, Herman Giesecke, Jr., C. W. Cheatham, Alex McGregor, Arthur Giesecke, Schnable, Claude Stone, E. W. Stasney, Robert Herring, F. M. Pearce, A. R. Jones, Ralph Vancil, R. W. Earnshaw, George Holman, R. G. Erwin, I. Vancil, H. L. Harwell, Troy Simpson, Misses Virginia Holman, Griffie Atkins and Herring.

Morning Coffee in Richards Home
Mrs. J. C. Richards extended invitations to a morning coffee in her home Tuesday to 186 friends.

Rooms of the Richards home on Seventh Street were given a lovely floral decoration with yellow blooms being used exclusively. Mmes. John Weeks, E. C. Baskin, and J. O. Douglass assisted Mrs. Richards in welcoming guests, who were seated by Mrs. C. G. Jennings.

A program of vocal and piano numbers was given by Mrs. Jack Nixon, Jr., Mrs. R. W. Earnshaw, Mrs. Alex McGregor, Mrs. W. H. Vanderpool and Mrs. Troy Simpson.

A plate containing rolled cheese sandwiches, cookies, nuts and coffee was passed by Misses Eugenia Baskin, Florence Westbrook, Fay Clark, Mmes. J. B. Striplin and

Herbert Peeples. Others included in the house party were: Mmes. W. B. Woody, Alex Saunders, Joe Forman, Earl Baker and H. T. Forson.

Philathea Class in Regular Meeting
Mmes. Robert Bruce, D. W. Hooper, Eulalia Nicholson, Cal Adair and J. B. Striplin were joint hostesses to members of the Methodist Philathea Class last Friday evening in the church basement on Tenth Street.

Baskets of perennial phlox, marigolds and zinnias gave floral beauty to the assembly room. Mrs. Striplin presided over the business session with the following officers being elected for the ensuing year:

President, Mrs. Adair; first vice-president, Mrs. J. C. Richards; second vice-president, Mrs. T. W. Agnew; secretary and treasurer, Mrs. Gerald Black.

Piano duet numbers were given by Mrs. Bob Carsey and Eloise Carsey.

A surprise gift shower was presented the retiring president, Mrs. Striplin.

Brick cream was served with cookies to twenty-six.

Sunday School Class Entertained

Miss Wynis Greer entertained her Sunday school class on Wednesday evening of last week in her home on Ninth Street.

Various group games were enjoyed with refreshments being served at their conclusion to Margaret Louise Jones, Eloise Mullins, Dorothy Jean Gibbs of Brownwood, Doris Lane, Bobbie Marie Avey, Fred Jennings, Buddy Penn, Tony Nixon, Kenneth Duncan of Brownwood, Lucille Hooks and Mary Lou Creasy.

Sixth Birthday Celebrated

On Tuesday, August 27, Mrs. Jo Eubank entertained a group of children in her home on Broadway, honoring Jo Ann Eubank on her sixth birthday.

After many delightful games, refreshments were served to Raleigh Reese, Jr., Milton Dankworth, Elizabeth Wear, Travis Daniels, Carl Black, Jr., Truitt Lively, Eloise Dankworth, Guy Lively, Jr., David Middleton, Eva Jo Flynn, Cynthia Tuckey, Joe Beck, Jr., Elaine Green, Grace Jo Critson, and Mary Armstrong.

Queen Astrid's Death Stuns Belgium

For the second time in 15 months a tragedy in its royal family has left Belgium stunned and grief-stricken. The beautiful, beloved Queen Astrid was killed when an auto driven by her husband King Leopold III, skidded and lurched off the road near famed Lake Lucerne in Switzerland. Shown at right, and above with Leopold, whom she married in 1926, Astrid ascended the throne last year, when King Albert was killed on a mountain-climbing trip. Astrid leaves three children: Princess Josephine Charlotte, 9; Prince Baudouin, 4 heir to the throne; and Prince Albert, 1. In the accident, the king suffered head injuries.

Piggly Wiggly's 20th Anniversary Will be Celebrated Locally

The Ballinger Piggly Wiggly store will join other Piggly Wiggly stores of the nation this week-end in celebrating their 20th anniversary. Joel Massie, of the local store, is arranging a special selling event in line with other Piggly Wiggly groceries.

The Ballinger store has been operating since March 31, 1934. During that time it has been accorded splendid patronage from the people of this trade territory, and for which the management and employees express their appreciation.

Twenty years ago the first Piggly Wiggly store opened its doors. Since then Piggly Wiggly service ideas with their saving in time, trouble and money have swept the country. Today there are 2,200 of these stores, all independently owned and operated, but all offering customers everywhere the same economy, quality and convenience. Canada, Alaska and the Hawaiian Islands have their Piggly Wiggly stores. This month all of these

independent grocers join in an international economy celebration, observing their twenty years in business.

The local store force, composed of Raymond McDaniel, Harold Smith, Guy Jones, Truitt Hornburg, Harlin Thomas and Roy Holbrook, is assisting Mr. Massie in preparation for the event in Ballinger.

School Men Tell Rotarians Outlook For Term Bright

The Ballinger Rotary Club had as speakers at the Tuesday luncheon four members of the local school faculty, who will begin their work next Monday.

H. B. Self, principal of the senior high school, greeted the club and stated that everything was ready for beginning another school year. Commenting on the school system here he stated that more progress had been made in the past five months in his opinion, than in the entire five years he has been a member of the faculty. He stated that the high school division would be able to do better work than previously because of having more room since the eighth grade is to be transferred to the junior high school building.

George Stowe, principal of the junior high school, complimented the city on the new school plant which he termed "complete in every detail." He urged patrons to attend the "open house" next Monday evening, and inspect the new building and equipment for their own satisfaction. He predicted a fine year in the new school.

Coach Felton T. Wright told of the new football equipment, stadium prospects and something of the outlook for the team this season. He presented Paul Gibbs, new assistant coach, who went near into details of the team prospects.

Both coaches suggested the possibility of a fan school to be conducted later in the year providing

MAHJONG HELD GAMBLING

TOKYO, Sept. 4.—Japan's supreme court has just ruled that mahjong when played for stakes, constitutes gambling, and is, therefore, a punishable offense. The judgment reversed the ruling of a district court, which held that the game was an innocent pastime. In accordance with the decision of the supreme court, four prominent residents of Kochi prefecture, Shikoku Island, were given heavy fines.

Mr. and Mrs. Ed Thompson, of Fort Worth, were recent guests of the latter's parents, Mr. and Mrs. C. W. Schwartz.

Mrs. Chester McBeth entertained seventeen little guests recently in honor of her little daughter, Sybil's birthday. The little girls and boys enjoyed playing for an hour or so, and then large home-grown watermelons were served, and later cake and punch. A number of nice gifts were presented and best wishes expressed for Sybil to enjoy many more birthdays.

TALPA TOPICS

The Talpa school will begin the 1935 term on Monday, September 9, but the new high school building will not be ready for occupancy for two or three weeks after the opening of school. The old building has been repaired and will accommodate both grammar and high school until the new building is completed. When finished and equipped, the high school students will be moved to the new building and the grammar school students will occupy the old building.

The faculty will be made up of the following teachers: Glynn Mitchell, superintendent; Clarence Cole, principal of high school; Miss Edith Toombs, high school; elementary school, Miss Lewis Parker, principal; Talmadge Head, Mrs. Daisy Baum, Miss Evelyn Stobaugh, and Miss Ethel Mae Fowler.

George Givens, of Fort Clark, spent the week-end here with his parents, Mr. and Mrs. G. F. Givens.

Mr. and Mrs. Frank McGee, of Hebbronville, are visiting in the home of Mr. and Mrs. J. C. Smith this week.

Mrs. J. C. Smith and son, Don, and Mrs. Hubert Herring and baby, Helen Ray, visited their parents, Mr. and Mrs. Will McClure, of Millersview, one day last week. Mrs. McClure has been real sick but at last report was better.

A Grizzly Bear 'Big as a House'

A grizzly bear "as big as a house" was rumored to have been seen in the Canoe River country of central British Columbia. The rumor interested G. L. Pop of Vancouver, B. C., and lured him into that territory with his gun. The rumor proved to be correct, for Pop found and bagged the huge trophy, a magnificent nine-foot trophy, shown above.

BARNETT BELL RINGERS

The three weeks' revival meeting conducted by Rev. Gilbert W. Wilson, of Ballinger, closed Sunday night, with great results, and we feel that much good was done. Bro. Wilson is a wonderful speaker and preaches the word of God in truth and sincerity.

Leo Loudamy, of Miles, spent last week with his aunt and uncle, Mr. and Mrs. Roy Tyree.

Misses Almedia and Pauline Norman spent Sunday with Miss Rose Mary Camp.

Miss Iretta Ellis spent the first part of last week with Misses Florence and Lorene Woods, of Spring Hill.

Farmers of this community have been busy fighting the worms. The worms have already done lots of damage to the cotton.

Clayton ("Red") Branham, of Ballinger, and Miss Lorene Sides, of Winters, gave their friends and relatives quite a surprise Sunday (August 26) when they were united in marriage by Rev. M. C. Golden. Mrs. Branham is the daughter of Sid Sides, of Winters, and has lived here with her grandparents, Mr. and Mrs. R. L. Sides, much of the time since her mother's death. She

is one of the most popular young women of this community. Mr. Branham is the son of Mr. and Mrs. E. T. Branham, of Ballinger, and is well known here. Their many friends wish them a long life of happiness.

SACIAL BOY SCOUTS RETURN FROM WESTERN TRIP
These Ballinger Boy Scouts returned Saturday night from a trip which took them to the Carlsbad Caverns, Denver, Colorado Springs, Yellowstone Park and Salt Lake City. Those making this excursion were members selected to attend the national jamboree at Washington, which was cancelled on account of the prevalence of influenza paralysis in the capital city. Arthur Wainwright's expenses were paid by the Ballinger Rotary Club, Forrest Routh's by the Ballinger Lions Club, and Jack Bandy McGregor paid his own way. The boys reported a fine time. They took many side trips, on which they saw the principal sights in the Rocky Mountain region.

SUCCESSFUL COOKING SCHOOL SPONSORED BY UTILITIES CO.

The most successful cooking school ever sponsored by the West Texas Utilities in Ballinger closed Friday afternoon. Miss Patricia Johnson, of Chicago, was in charge of the school and instructed a large audience of local women each afternoon with her lectures and demonstrations. Miss Johnson had a complete and modern electric kitchen installed in the city hall auditorium and prepared new dishes each afternoon which she served, and passed out the printed recipes to those who wanted them. The audience Friday afternoon practically filled the auditorium for the more than two-hour session. Handsome prizes were given a number of women. Many of those who attended the demonstrations requested that Miss Johnson be booked for a school in Ballinger next year.

Mr. and Mrs. A. C. Honei left Friday for Lubbock where Mr. Honei will take over the Radford Grocery Company's branch house. Mr. Honei has been manager here for the past three months. For cheap dry goods read the ads.

WINNERS IN SMILING CONTEST ANNOUNCED

Miss Laura Ethel Miller was the winner in the smiling contest in the Ballinger division and George Reed in the rural division. This week, each will receive the same prize. We heard from Ballinger route 2 and he was one of the best lots to come in for the contest. There was a total of 22 registered voters in the neighborhood page of last week and several contestants were in line with all voters marked. Miss Miller's was the first lot received in the Ledger office after the effort was of the prize.

The lot received had to have on it and those who take part in the competition. The week are wanted to be sure and sign their names, also give their addresses. The cooperative page at will appear next week issues and all members of The Ledger are invited to demonstrate their skill in finding the cooperative words.

Splendid Amusements Are Booked for Fair

The program and entertainment committee of the Runnels County Fair Association closed contracts this week for all amusements. The outlined program will far surpass anything offered patrons of the fair, even in the days when the fair was new and great throngs assembled here for the celebration.

A contract was signed with Harley Stadler for his three-ring circus to appear here on October 11 and 12. The "big top" will be set up on the athletic field. The mile long parade with three bands and a steam calliope will be featured both days shortly after noon and the afternoon performance will follow. In the show will be found all the regular circus acts, side shows, concert, clowns and concert band playing the musical score. Friday afternoon will be especially for students and many school children of the county are expected to make up the first audience to greet the circus performance.

For the midway attraction the committee was fortunate this year in booking Sebrand Brothers Great Piccadilly Circus. This is the largest carnival company ever to show in Ballinger and will present the most novel midway ever seen here. Nine new rides, including the cabin airplane glide which has never been seen here before, are listed in the program. Two bands and plenty of circus wagons will offer a long parade. There will be 14 shows on the midway including the famous Piccadilly Circus, and there are enough concessions to make more room necessary on the carnival lot. Sebrands will arrive here and be ready to show on Monday, October 7.

Other special features will be announced later, but already fair association officials believe the most complete entertainment program ever offered in Ballinger has been provided.

The grandstand attraction for the first three days of the fair will be a high class rodeo performance. A committee is at work on this feature and is signing up some of the most talented performers and wildest stock in the Southwest. The arena will be lighted for night shows and afternoon and night performances will be presented.

Dr. J. T. McClure, of Brownwood, was here Saturday, visiting in the home of Rev. and Mrs. W. H. Vanderpool.

Four Pens Used For Signing Bills Given to Museum

AUSTIN, Sept. 4.—An exhibit, which will be known as No. 1, for the Texas Memorial Museum to be erected on the University of Texas campus was completed when the last of the four pens used in signing documents to provide funds for the museum was received by A. Garland Adair, chairman of the American Legion Centennial committee. It was the pearl and gold fountain pen used by President Franklin D. Roosevelt in signing the bill which made \$300,000 in federal funds available for the memorial museum.

This exhibit consists of the four writing pens—ranging all the way from a ten-cent pen staff to a beautiful pearl and gold fountain pen—which were used by the governor, the president and vice-president in signing the various documents making available funds up to the amount of \$1,275,000 for erecting and equipping the museum.

The first pen is that used by President Roosevelt in signing the Connally-Patman coinage bill on June 15, 1933, which provided for the coinage of 1,500,000 Centennial half dollars to be sold by the American Legion to aid in building the museum.

The second is the pen used by Governor James V. Allred when on May 8, 1935, he signed the Texas Centennial bill which made \$225,000 available for the museum. The third pen was used by Vice-President John N. Garner in signing the resolution calling for federal participation in the Texas Centennial and assuring federal aid for the museum to the extent of \$300,000.

The fourth pen, that used by President Roosevelt in signing the second deficiency appropriation bill, was purchased by Congressman J. P. Buchanan, of Brenham, and sent to the White House. After being used, it was returned by President Roosevelt to Mr. Buchanan who sent it to Mr. Adair for inclusion in exhibit No. 1 in the museum.

Miss Helen Brewer left this week for Odessa to resume her school work. The term begins at Odessa next Monday.

When 'Stop' Light Failed to Stop

This unique accident resulted when glare from another's lights blinded a Garden City, L. I., driver, causing him to crash into a traffic signal. Harried high into the air by the impact, the signal descended through the roof of the driver's car. Miraculously, the young man escaped injury.

SPECIAL ALL-DAY SERVICE AT THE OLD FASHIONED BAPTIST CHURCH SUNDAY

A special all-day service will be conducted at the Carnegie Library auditorium Sunday, September 8. This meeting begins at 9:45 with the regular Sunday school service. The pastor will preach at 11 o'clock on "Are the Saved Saved?" At 12 o'clock the meeting will adjourn and the group will assemble in the large room on the first floor where lunch will be served by the women of the church.

The afternoon program will consist of congregational singing and special music by Mrs. Raymond C. Wilson, of San Angelo. Rev. Jasper Messinger, pastor of the South Coleman Church, Coleman, and Rev. Raymond C. Wilson, pastor of the Angelo Heights Church, San Angelo, will be the principal speakers of the afternoon. Following these messages, a short time will be given to individual testimonies. At 3 o'clock the congregation will go to city park for a baptismal service. The pastor will have charge of the night service beginning at 8 o'clock. The public is invited to worship with this congregation.

The revival at Barnett conducted by Rev. Wilson closed Sunday night in a very impressive service. This last night of the meeting witnessed the results of the faithful efforts of the prayer groups and preacher. After a message of power on the subject, "The One That Comes Too Late," sixteen

persons came professing Christ either as Savior or in the rededication of their lives to Him. A remarkable point is that many of these came from outside the tent, the spirit of conviction being felt beyond the immediate inclosure. Nine professions were made before this time, making a total of twenty-five professions during this revival. Everyone who accepted Christ during the revival has an invitation to bear witness of this fact over radio station KGKL at the regular radio service from 8:45 to 9:30 Sunday morning.

The pastor wishes to thank each person who had any part in making this meeting a success.

HIGGINBOTHAM BROS STORE ADDS TWO TO SALESFORCE

Will H. Robertson, of Odessa, has accepted a position with the local Higginbotham Bros. & Co. store and will be here to start work on September 15. Mr. Robertson was formerly associated with the Ballinger store in the dry goods department, a number of years ago, and will return to the same position.

Charles T. Grant has accepted a position in the gent's department and will help with shoe sales. Mr. Grant was formerly employed by the Higginbotham store here a number of years and is well known to the trade in this section.

Miss Ruby Swift, of Cisco, is visiting her sister, Mrs. R. A. Dickinson.

Cotton Certificates Will be Delivered Tuesday, Wednesday

County Agent Elmo V. Cook announced Wednesday that tax exemption certificates for Runnels county cotton growers would not be next Tuesday and Wednesday morning, but after these dates farmers could get their certificates here.

A man from the local office will have the certificates at the Security Bank in Wingate from 9 to 9:30 a. m. Tuesday morning and farmers living in that section who have not already received their certificates are asked to be there to get them.

Certificates will be held at the Winters relief office from 10 a. m. until 5 p. m. Tuesday. All farmers who can be asked to come in and sign up for their certificates.

Certificates will be held at the Guaranty State Bank in Miles from 9 to 10 a. m. Wednesday, and

at the First National Bank in Rowena from 10:30 to 11:30 a. m. the same day.

Mr. Cook stated that after these trips no certificates would be taken from the local office. Delivery at other points in the county is made only as a matter of convenience so farmers will not have to come to Ballinger over bad roads. "It is much easier for one man to drive over the bad roads than for several hundred farmers to have to come here," Mr. Cook said.

Persons whose names appear on certificates or their legally authorized agents are the only one who can be issued certificates. Farmers are urged to bring their notices with them.

METHODIST JUNIORS WIN LAST HALF OF BALLINGER SOFTBALL LEAGUE RACE

Due to heavy rains this week which made playing impossible, directors of the Ballinger Softball League declared the second half ended with the games of last Friday evening. This made the Methodist Junior team winner of

the last half and as soon as the diamond is dry enough a series of three or five games will be played with the Star Light club, winner of the first half.

The standing of the teams at the end of the second half was:
Methodist Juniors
Methodist Seniors
Star Light Refinery
Baptist Juniors
Firemen
Baptist Juniors
After the play-off the lights will be removed and stored until next spring when an eight-club league will probably open the season in May.

Mr. and Mrs. John Allen, of Fentress; Miss Grace Jean Brown, of Lubbock; and Miss Edrie Collier, of Fentress; were guests Friday of Mrs. E. J. O'Kelly. They left Saturday to visit the Carlsbad Caverns and from there were to go on to Lubbock.

Miss Eloise Jones came in this week from Morgan to get ready to begin her school work.

SAFEWAY STORES

Fall Merchandise is Arriving

We have frequent occasion to visit the stores of Ballinger from day to day and from week to week.

Just at this particular time we are seeing large supplies of new fall merchandise being unpacked in the rear of some of the stores and placed in stock for public inspection.

It is not our purpose to make any announcements for these merchants. They always make their own. But we do want to go on record with the statement that our local stores are making some very elaborate preparations for the fall trade.

If you are planning any fall purchases, it would pay you to visit the Ballinger stores. Take a day to it. You will be surprised and pleased at the many complete and attractive displays you will find.

THE BALLINGER LEDGER

Heavy September Rains Set New Annual Record

The total rainfall at Ballinger today (Thursday) noon established an all time record with practically four months left in 1935. The total at noon since January 1 was 39.92 inches. The next highest was in 1906 when the twelve months tabulation recorded 37.82 inches.

Precipitation at Ballinger since Monday totaled 10.27 inches and it was still raining when this report was written. Of that amount 5.07 inches fell Wednesday night and Thursday morning. Many points in the county received from 2 to 4 inches more than at Ballinger. An estimate of the fall at Talpa for the year is over 50 inches.

The Colorado River and Elm Creek were rising rapidly at noon although no alarm was felt for extreme flood stage of either.

Traffic has been crippled in this section all the week. For a short time this morning travel between Ballinger and San Angelo was tied up because water was running over a bridge near Crow's Nest. Motor vehicles are still going through to Coleman but tourists arriving here at noon reported water was running over the highway in several spots.

Following is the report by months for 1935:

- January 38
- February 3.42
- March 25
- April 3.15
- May 9.24
- June 7.44
- July 3.75
- August 2.02
- September 10.27

Rainfall in the northern part of Runnels county this week was considerably greater than at Ballinger, due to a downpour last Sunday afternoon and heavier precipitation Monday evening. To Thursday morning the Winters, Norton and Crews sections had received approximately 12 inches in September.

Flood stages of the Colorado River and Elm Creek at Ballinger Tuesday afternoon were about as high as they have been this year. The creek was up more than it had been since 1906 and the board of water engineers' gauge on the river gave 24 feet for the high. Water on lower Seventh Street lacked only about 5 inches of going over highway 4.

Seven inches was reported at Junction and a 26-foot rise on the North Llano River this (Thursday) morning. Eden had received 4 inches and other towns in that section got from 3 to 7 inches.

High water on Elm Creek here Tuesday took the causeway out at the upper city reservoir. This causeway, of concrete and steel construction, was 70 feet long. The entire driveway was carried over the dam and crushed into hundreds of pieces.

The causeway was built by the city when the lower municipal dam was raised, in order to give citizens on the eastern side of the creek a convenient crossing to Ballinger. The cost was \$1,700.

Dee Oliver, commissioner of precinct No. 1, stated today that he did not know of any heavy loss in this precinct. Several dirt approaches to bridges have been washed away but he did not think any of the concrete structures were lost.

It has been next to impossible to obtain accurate measurements of the recent rainfall in Runnels county. Many rural telephone lines are out of order and communities contacted have lost count on the amounts received during the week. It is believed every point in the county received as much as at Ballinger, however, and several communities got much more.

Mrs. K. V. Northington and children and Mrs. Lee Butler have returned from Comanche, where they visited relatives several days.

90,000,000 ELIGIBLE TO VOTE IN RUSSIA

MOSCOW, Sept. 4.—When Soviet Russia holds a general election, or reelection as it is called here, it means a huge potential vote. Russia has about 170,000,000 people, of whom about 90,000,000 are adults, and there is universal suffrage.

In Soviet Russia there is only one party, the Communists, who are in power. This does not mean that criticism of the government is not allowed; it is, in fact, common. But criticism for a party reason is not allowed.

The criticism of the government is directed to improve things, not to create trouble for the sake of party opposition. The government has set up a minister whose sole duty is to criticize but not to hinder.

Traffic surveys in California indicated 58 per cent or more of the total vehicle miles is traveled within cities.

The moon's closest approach to the earth is 216,423 miles, from surface to surface.

School to Begin In Old Building At Talpa Monday

The fall term of the Talpa public school will open Monday morning, September 9. This announcement was made this week by Supt. Glynn Mitchell.

The sessions will be opened in the old building as the new high school plant under construction will not be ready until about October 1.

The Talpa school board approved plans for a new building after the end of the last term. The building is of brick construction, one story, and modern in every particular, with large class rooms, auditorium and gymnasium.

The Talpa school will enter its first football team in the interscholastic class C race this year. Some twenty boys will be out for the team and after their experience last year should make up a strong eleven.

Other members of the faculty are: Clarence Cole, Miss Edith Toombs, Miss Louis Parker, Mrs. Daisy Baum, Miss Edith Mae Fowler, and Miss Evelyn Stobaugh. In addition to teaching Miss Stobaugh supervises the girls' athletic program.

The school will be crowded until October when high school pupils will be transferred to the new building.

AAA AMENDMENTS EXPLAINED BY SECRETARY

COLLEGE STATION, Sept. 4.—A special release from Washington, outlines the amendments to the agricultural adjustment act which have met the approval of both houses of congress and have the signature of President Roosevelt.

The amendments have two major purposes. One is to give the secretary of agriculture added power in carrying out the farm program and the other is to erect bulwarks around the program against the time when provisions of the act will have to meet the crucial test in the supreme court.

"The new amendments," Secretary Wallace commented, "will permit increased adjustments of production by permitting benefit payments for increased production." Wallace was careful to point out that there is little likelihood of this provision being put to use except in cases of grave emergency.

On the most controversial point, the section barring suits by processors to recover processing taxes in event the levies are held unconstitutional, a compromise was reached. Processors can sue for recovery, but only after they have submitted their claims to the commissioner of internal revenue. However, the processor must show they have not passed the taxes along.

The amendments also permit the secretary of agriculture to draft marketing agreements with the consent of the majority of the producer for the following:

Milk, fruits, tobacco, vegetables, soy beans, pecans, walnuts and naval stores.

The recent act of congress also extends the Bankhead cotton control act and authorizes a similar program for potatoes. It also permits start of the "ever normal" granary plan under which the government could induce them to hold surplus crops on farms.

Other provisions in the amendments authorize use of 30 percent of customs receipts to finance exports of crop surpluses, except cotton, under the export debenture plan, and authorize use of part of the \$4,000,000,000 work fund to buy up sub-marginal farm land.

Miss Laura Edith Miller has returned home from Austin, where she attended the summer session at the University of Texas.

Mr. and Mrs. M. B. Wardlaw are at home on Eighth Street after spending the summer on their ranch in Concho county. They will remain here during the school year.

Mr. and Mrs. Leonard Stallings went to Brownwood Tuesday for a few days' visit with relatives.

Marion Connelly is at home after an operation for appendicitis in the Halley & Love Sanitarium last week.

Mrs. Cecil Jones is recuperating at home after an operation in a San Angelo hospital.

Mr. and Mrs. Fred Fischer, of Chicago, have returned home after a visit with Mr. and Mrs. A. E. Winkler and family.

Inventor Creates Toy for Boys

After many years of inventing things which were good but which never brought him any money, Paul Kuhnert of Hoodo, Calif., finally invented an inexpensive scooter which every boy can use. The scooter works by foot power with a rubber gear movement which can be set up and down, not unlike the bicycle. Kuhnert's scooter is a model of his invention.

District Meeting Of Utilities Co. Largely Attended

Employees of the West Texas Utilities Company in district G assembled here Friday evening for a sales conference and entertainment. The meeting was one of the largest held by the company in many months, only five men in the district being absent. At Santa Anna, Menard Junction, Mason and Eden only one man was left in each office to attend to business while the others were at Ballinger. Most of the employees brought their wives with them to attend the general session at the city hall.

After a short business program, the entertainment began with a number of surprise stunts on the card for the amusement of the audience. A number that drew the biggest applause of the evening featuring two beautiful Honolulu "girls" in grass skirts who showed some new variations of the native dances. Al Simmons, of Abilene, Hotpoint salesman in this district, and Arlie Reynolds, of Dallas, air-conditioning expert, were the dancers.

A pair of wrestlers, Roy Hill, of Stamford, and J. E. Turner, of Dallas, presented a mat show that looked like two professional heavyweights. J. E. Hays, local sales manager, refereed the bout and "got by" easily until one of

the performers attacked him and had the support of his opponent. Both wrestlers scored a victory over the sales manager.

Miss Eudora Hawkins, home economics expert, told fortunes, while Hughey Lamb, of Abilene, did black-face comedy. Refreshments were served at the conclusion of the program.

GOLD FOUND ON BOOTS SPURS SEARCH FOR METAL

KIRIN, Manchuria, Sept. 4.—Prospectors in Northeastern Kirin, haunted by gold seekers and predatory bandits of Manchuria, have dropped their individual quests for the yellow metal to search for a gold-hunting Japanese stranger. According to a report from Kirin, the man returned to camp one evening from futile prospecting in the bleak hills and, as he pulled off his worn and wet rubber boots he found gold particles on the sole.

Forgetting his weariness he immediately started out to find the spot where the golden sand had been acquired. Nothing has been heard from him and many are seeking the man and the golden spot.

Frank Stubbs, formerly of Ballinger, was seriously burned in an explosion near Pampa last Friday. Recent reports from his bedside indicated he had a chance for recovery, although his condition was considered very serious.

Some Stubble Acreage is Signed But More Needed for Terracing

The plea made through newspapers and by the county agent last week for stubble acreage in the terracing program brought results and several hundred acres in Runnels county were signed up at the agent's office the past week-end.

Elmo V. Cook, county agent, and Sam Davis, conservation assistant, say approximately 3,000 acres are needed to keep the crew busy until row crops are harvested and this land made available for terracing.

Mr. Davis is assisting the county engineer in a number of projects this week and will not be in the field with his crews. The time

devoted to this work will allow more stubble acreage to be listed for terracing.

A number of land owners have tried to make arrangements for complete terrace jobs. These requests are being considered by the conservation assistant and if teams or tractors can be secured this service will be offered at a reasonable charge. The county has the machinery to build the terraces and with power for the machines would be able to do all the work.

Any farmer who has land that is now ready for terracing is asked to list it at once so the program can be continued and the service maintained.

Miss Erma Moore, of Texarkana, arrived today for a visit with Miss Mary Elizabeth Truly.

Mr. and Mrs. E. C. Grindstaff and son returned Sunday from a two weeks' vacation in the Davis Mountains.

Mr. and Mrs. J. D. Motley returned Sunday from Junction where they had been taking an outing for the past week.

Mrs. W. H. Vanderpool left Tuesday for Georgetown to attend a spiritual life conference. The conference will attract delegates from churches all over the Southwest.

there only being two such meetings held by the Methodist Church, South.

Miss Hallie Holwegler returned Sunday from Junction where she had been teaching music during the summer.

Miss Maola Jacob is spending a ten days' vacation in Temple, Houston and Galveston, visiting friends.

Bill Wood is at home after attending the summer school at the University of Texas.

WELLINGTON—"There is a use for everything, even rusty nails," said Mrs. John Jones, bedroom demonstrator of North Wellington home demonstration club in Collingsworth county.

She dyed some scraps of ratine in water where one-half gallon of rusty nails had been boiled.

The light brown ratine was used to make slip covers for the cushions of wicker chairs. In order to give a tailored appearance to the cushions a heavy cord was stitched around the boxing. The harmonizing light cushions make the bedroom look light and cool for summer time." Mrs. Jones commented.

OLTON—Eight out of 12 grape vine cuttings set out in a permanent location last winter by Mrs. Ray Bartee, farm-food supply demonstrator of the Center home demonstration club of Lamb county, have survived and are growing.

Mrs. Bartee says that she took the cuttings from a neighbor's vines, turned them up-side down in a hole deep enough to cover them, covered the cuttings with dirt and kept them moist for several weeks.

The cuttings were then taken up, turned over and set out with their buds upright.

SAN AUGUSTINE—"I have four gallons of cucumbers in brine curing now, and have started four gallons more," said Mrs. A. N. Sowell, farm-food supply demonstrator for Norwood home demonstration club of San Augustine county.

"The packing brine preserves the cucumbers so that there is no waste or loss," she explained, "and they may be used at any time later for pickles."

WEST TEXAS NEWS NOTES

C. J. Danielson, of Melvin, is raising rabbits for the eastern markets. He shipped a number of extra large fat animals last week...

In an oil test being drilled near Rockwood, Coleman county, a rich gas flow was struck the past weekend and experts believe the wild-cat will open operations in that vicinity in a large way.

Rising Star citizens are preparing for their fall fair which will open September 20. Committees met last week to plan special entertainment and a decided to feature parades and a rodeo.

A horse show will be held at Coleman on September 6 and 7 with blooded animals from several West Texas counties entered in the competition.

The Ballinger schools commence a nine months' term Monday. The largest opening day enrollment in the history of the local schools is anticipated and serious work will get underway the second day.

Rains this week covered a wide area and were heavy enough in some localities to do much damage. Floods at Brady caused \$50,000 loss in the business district.

An excellent network of highways in this section makes travel possible in almost any kind of weather. The first traffic restrictions in this vicinity for several years occurred Tuesday when high water and mud made several routes impassable.

The Runnels County Fair is just one month distant. Already the biggest amusement program ever presented here has been booked and with the cooperation of those who have exhibits to make the exposition will be a huge success.

"I'll study and get ready," said Lincoln, "and maybe my chance will come." Your chance, too, will come if you are ready for it...

John Q. McAdams was elected president of the Winters Board of City Development last week. T. D. Coupland was employed as full time secretary, and committees were appointed to carry on the work for the ensuing year.

The Token girls' quartet is building itself quite a reputation and is much in demand for public gatherings. The group is composed of Misses Evelyn Mathis, Geneva Cary, Pearl Cary and Elizabeth Palmer.

The Edon public school opened Monday with an informal program at the high school auditorium. R. D. Kothmann is superintendent. The first day's session was concluded at noon after books were issued.

Three Menard county ranchmen sold 1,000 head of calves last week to be delivered to a livestock concern in Chicago October 15. The calves, picked from the ranches of W. P. and Harold Bevans and George Grandstaff, brought 7 and 8 cents per pound.

Sessions of 119th district court opened at Paint Rock Monday morning with Judge O. L. Parish on the bench. A grand jury and one petit jury venire were summoned. Listed among cases for trial is one murder charge which will require a special venire.

The Mason hospital was sold last week to Mrs. J. H. Tinney, who will continue to operate it. She is a practical nurse and has had experience in managing similar institutions.

Brady merchants will begin holding monthly trades days this month. Similar events were held once a month last fall with excellent results. A trade extension committee is looking after the details and will announce programs expected to attract many visitors.

The Fort Stockton city commission placed an order last week for additional fire fighting equipment. Plans were made for regular drills for all firemen with experts in charge. Helmets, gas masks, rubber boots, new nozzles, and salvage covers were among items listed in the purchase order.

Sonora authorities are seeking a loan from the WPA for more flood control work. It is planned to raise levees along Lowrey draw about two feet, for a total length of about 8,000 feet. Much money has already been spent on this project.

Cherry Will Build Field-Stone House

Chester Cherry will begin construction of a modern field-stone residence on Sixth Street soon. He will wreck his present home and build the new house on the same site as soon as weather conditions permit.

The new residence, to include six rooms and bath, will be modern in every particular. Mr. Cherry has inspected many field-stone houses to get ideas for the architecture. Brick will be used on corners and around windows and doors.

Rocks from all over West Texas and a few from various parts of the United States will be used in the walls. Mr. Cherry is having some special stones hauled here from adjoining counties and a number of friends have given him rocks which were picked up on vacation jaunts out of the state. He is making a list of these stones and will keep a record of where they are located in the house and who donated them.

The rock masonry, from four to five inches thick, will be a veneer for a double wall frame structure. The stone work will be done by Charles Strom, local mason, who has had much experience in building field-stone houses.

THE STATE OF TEXAS
County of Runnels:

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Tarrant County, of the 4th day of September, 1935, by W. E. Alexander, Clerk of said District Court, for the sum of Eighty-three Thousand Two Hundred Fifty-seven Dollars and costs of suit, under a judgment in favor of Cook Paint & Varnish Company in a certain cause in said Court, No. 2172-A, and styled Cook Paint & Varnish Company vs. H. H. Hardin, et al. placed in my hands for service, I, W. A. Holt, as Sheriff of Runnels County, Texas, did, on the 5th day of September, 1935, levy on certain Real Estate, situated in Runnels County, Texas, described as follows, to-wit:

All those certain lots, tracts or parcels of land situated, lying and being in the County of Runnels, State of Texas, and located in the City of Ballinger, Texas, and known and described as all of the lands and all of the improvements designated as the H. H. Hardin lumber yard site in Ballinger, Texas, said land more particularly described as follows:

Lots 3, 4, 5, 6, 7, 8, 9 and 10 in Block 17 of the Original Townsite of Ballinger, in Runnels County, Texas.

And levied upon as the property of H. H. Hardin, Mrs. Susan Kinnebrew, a widow, B. W. Searcy and wife, Mrs. B. W. Searcy, Frank H. Hardin, W. F. Connell, Ablene Bldg. & Loan Assn., and that on the first Tuesday in October, 1935, the same being the first day of said month, at the Court House door, of Runnels County, in the City of Ballinger, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said H. H. Hardin et al.

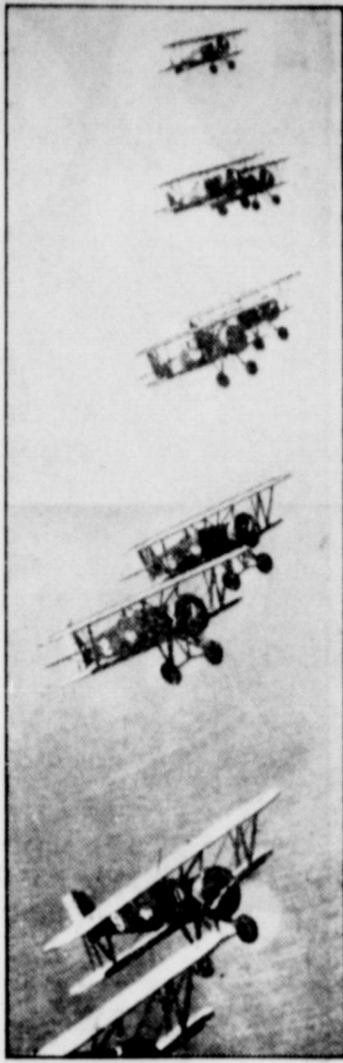

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Ballinger Ledger, a newspaper published in Runnels County.

Witness my hand, this 5th day of September, 1935.

W. A. HOLT,
Sheriff, Runnels County, Texas.

IN MEMORIAM

In Memory of Jess Drake

Mr. Drake passed away at the family home at Pumphrey Friday afternoon, August 24, about 2 o'clock.

The death angel came and so quietly and peacefully slipped him away to his "mansion not made with hands," that loved ones who watched untiringly could scarcely reach his side. He had been seriously sick for three weeks and little hope had been held for his recovery.

Mr. Drake had lived in the Barnett community eight years prior to living at Mann and Pumphrey. His jolly disposition and friendliness to everyone made and held for him many friends.

Mr. Drake had been a faithful member of the Baptist church for many years. No greater hospitality could be shown God's messengers than that shown in this home. He leaves to mourn his going a host of relatives and friends. The happiest moments of his life were probably spent in conversation with friends and loved ones, but his voice is stilled and will be heard no more.

When the heralds of death are sent forth, And we're called to appear on high; May we meet our sainted friend, In that Home beyond the sky.

Joan Crawford and Robert Montgomery in 'No More Ladies'

An array of stars, plus a sophisticated story triumphantly tested first on Broadway, plus the important factors covered by "production value" equals "No More Ladies," Irving Thalberg's new production for Metro-Goldwyn-Mayer, to be shown at the Palace Theatre next Sunday and Monday. A special midnight preview of this picture will also be offered Saturday night.

Joan Crawford and Robert Montgomery are co-starred, heading a cast which includes Charlie Ruggles, Franchot Tone and Edna May Oliver.

The co-stars were last seen together in "Forsaking All Others." The new Crawford-Montgomery vehicle is based on the stage hit by A. E. Thomas, which completed a long run on Broadway and was hailed by critics and public alike as the most sparkling romantic comedy of recent seasons. The screen story stays close to the original, retaining all the comedy situations and bright dialog that characterized the play.

The picture opens with a whirlwind romance between Marcia (Joan Crawford) and Sherry (Bob Montgomery), and maintains a rapid-moving tempo until the final fadeout. Marcia is a light-hearted but level-headed society girl whose love for Sherry, an incorrigible heart-breaker, is such that she submits to wedding bells well within the first reel.

It is then that the picture settles down to revealing the problems that accumulate behind the glamorous exterior of the too-popular young Park Avenue couple.

The final scene comes when Marcia, in revolt against Sherry who has neglected her, invites all Sherry's former women friends with their ill-assorted husbands, to their country home. The ensuing party, with its surprising consequences, carries the story to a triumphant finale.

Wheeler and Woolsey, "The Nitwits," Outwit a Murderer in Rousing Comedy

It used to be, "Set a thief to catch a thief." Now it's "Set 'The Nitwits' to outwit the thief."

Bert Wheeler and Robert Woolsey are said to exemplify this variation of the age-old adage in their newest comedy, "The Nitwits," to be shown at the Palace Theatre tomorrow (Friday) and Saturday.

The boys are now cast as cigar counter proprietors with sleuthing propensities. Woolsey invents a lie detecting machine which shocks a confession out of the most stalwart liar. Wheeler writes songs with murder themes as an avocation.

An opportunity to put their fads to practical use comes when they attempt to solve a blackmailing plot which is a highlight of "The Nitwits." An extortionist operating

as "The Black Widow" is terrorizing the city and has slain two men. Wheeler's sweetheart, played by ravishing Betty Grable, is accused when she's found with the murder weapon.

"Murder in My Heart," "The Black Widow Will Get You If You Don't Watch Out" and "You Opened My Eyes" are the three melodies in "The Nitwits" which should find favor with the American whistling and singing public.

Fred Keating, Miss Grable, Evelyn Brent and Erik Rhodes are in the featured cast as possible suspects. George Stevens directed this RKO-Radio picture.

PRIMARY P-T A WILL MEET WEDNESDAY

The Ballinger Primary Parent-Teacher Association will hold its first meeting of the school year in the primary building next Wednesday afternoon. All mothers eligible for this group are requested to attend. Following a short business session, beginning at 2:30, a social and general get-together will be held.

The officers and committee chairmen of the organization have mapped an excellent year's program, and much is expected to be accomplished during the school term.

Miss Louise Wardlaw has returned from Lubbock, where she attended the summer school at Texas Technological College.

Mr. and Mrs. Tom Agnew will return home this week-end from California, where they had been visiting for the past three months.

Schools to Open Monday; Registrations are Heavy

Everything is ready for the opening of school here Monday morning. Supt. H. C. Lyon and all the principals have been busy this week, getting books arranged for issuance to the students, completing the schedule, registering pupils, and attending to other details in connection with the opening.

Monday evening at 8 o'clock the general public is invited by the board members to attend an "open house" at the junior high school. No program will be presented, but the trustees will escort visitors through the new building and otherwise entertain them, with the high school and intermediate P-T-A members acting as hostesses. This will be the only program in connection with the opening of the local schools.

Supt. Lyon stated that the following schedule would be carried out Monday:

Pupils in the primary, central elementary, negro and Mexican schools will report at 8:30 a. m. to receive books and assignments and then be dismissed for the day.

At junior high school sixth grade pupils will report at 8:30 a. m. for books and assignments and be dismissed. Seventh graders will report at 10:30 a. m. and eighth graders at 1 p. m.

At senior high school ninth grade students will report at 8:30 a. m., tenth graders at 10:30 a. m., and eleventh graders at 1 p. m.

One hour's recess will be allowed at noon for pupils in all buildings. Supt. Lyon said it was hoped that parents would tell their children to take plenty of time at noon to eat their lunches and not permit them to rush back. Children will not be permitted back in the buildings until 1 p. m. and in bad weather are urged not to return to school until just before time for the afternoon session to begin.

The primary school will be dismissed at 2:30 o'clock each afternoon and pupils in all other grades will continue their studies until 4 p. m.

Regular class work will commence at 8:30 Tuesday morning.

The faculty is all under contract and every member is expected to be here not later than Saturday morning. A faculty meeting will be held Saturday morning in the superintendent's office to discuss the questions relative to the opening of the fall term. Notices have been sent all non-resident teachers to be present for the conference.

A number of rural students were on hand Monday morning to register and select courses for the year. These were pupils who failed to register at the end of the spring term.

Every patron is invited to attend the "open house" at the junior high school Monday evening. The high school orchestra will furnish music for the occasion.

Following is the faculty for the 1935-36 term:

Senior High School
H. B. Bell, principal, history
Miss Lucie Williamson, advanced English
Miss Maryann Smith, Latin
Miss Genevieve Green, business
Mrs. Levy Lee, mathematics

Mrs. Billie Cordill.

LARGEST SENIOR CLASS IN HISTORY OF SCHOOL IS ENROLLED HERE

A check-up by local school officials Wednesday afternoon revealed 85 members have already been registered for the 1935-36 senior class. Others probably will be registered the latter part of this week and during the succeeding few weeks. It is predicted the class enrollment will exceed 90. Last year there were slightly over 80 in the senior class.

Miss Genevieve Green came in Wednesday from her ranch home near San Angelo to prepare for her school work here this year.

Rev. W. H. Vanderpool returned Monday from Kola, where he had been conducting a revival.

Menus of the Day

A clear soup, or one that is light and savory is an ideal prelude to a substantial meal. Other soups, rich in meat and vegetables can serve adequately as the main dish when supplemented by a salad, or substantial dessert. Here are satisfactory examples of each type.

Louisiana Soup

Soak one pound of dried lima beans one hour or more. Put part of a ham bone, the beans, three onions, twelve peppercorns, and one half a bay leaf with six to eight cups of water in a soup kettle and cook slowly until the beans are tender—two or more hours. Reserve one and one half cups of whole beans. Force the remaining beans and stock through a puree sieve. Return the whole beans to the stock, add one cup minced carrot, one-half cup minced green pepper and one small can tomatoes. Cook until tender. If there are bits of ham adhering to the bone, mince them and add to the soup. This soup with toasted bread is sufficient for dinner with a salad and dessert.

Bortsch

2 1/2 cups shredded raw vegetables (carrots, celery and beets)
2 cups shredded cabbage
2 or 3 onions
3 cups water
3 cups canned consomme or rich beef stock
1/2 cup tomato paste
2 tablespoons sugar
1 tablespoon lemon juice
Peel carrots and beets and cut in very narrow strips; shred outer stalks of celery; slice onions and cook in a little fat about 5 minutes; shred cabbage. Combine vegetables; add water and consomme and cover and cook very slowly until the vegetables are tender. Do not strain. Add tomato paste, salt and pepper, sugar and lemon juice. Serve very hot with a teaspoon of sour cream on each serving.

2 1/2 pounds shin of beef
2 fowls
2 large carrots
2 white onions
2 leeks
parsley
thyme
1 clove garlic
1 rural leaf
2 gloves
salt and pepper
5 quarts cold water
Wash the chicken carefully, put it in a large soup pot, add the beef and cover well with the cold water. Let stand for an hour, then put on the fire and bring slowly to a boil. Remove the scum, add half a glass of cold water and bring to a boil again. Repeat this process twice. Simmer very slowly for an hour, then add the rest of ingredients and simmer for 7 hours. Strain through a fine sieve and through wet cheese cloth. When cold carefully remove grease. Reheat before serving.

Shrimp Salad

Prepare fresh or canned shrimp and marinate in French dressing for one hour. Serve with mayonnaise and sliced stuffed olives on lettuce beds.

Meat Loaf

Combine 2 pounds of ground round steak with one pound of ground lean pork. Add one onion, grated, 1 cup crushed cracker crumbs, season and add 1 slightly beaten egg. Form in loaf. Pour over contents of No. 2 can of tomato juice. Bake in moderate oven.

Fire Prevention Dates Set September 30 to October 5

Fire Prevention Week will be held one week earlier in Ballinger than the national observance. This decision was reached Wednesday at a conference of city and fire department officials in order not to conflict with the Runnels County Fair.

Fire Chief Chester Cherry said an intensive campaign would be conducted from September 30 to October 5 in order to have the city cleaned up for the fair.

Members of the fire department have arranged for special features on fire prevention and will conduct an educational program in the schools and before service clubs. The city authorities will order city wagons to remove trash and may arrange for a field mower to cut weeds on vacant lots.

Citizens are urged to get ready to clean up their premises and pay special attention to the elimination of fire hazards.

Following is a proclamation issued by Mayor E. M. Lynn:

"Fire uncontrolled is one of the most serious problems that confronts us today, by reason of the fact that it has taken a heavy toll in the number of people burned to death annually and by reason of the further fact that this form of

waste has proven to be a heavy financial burden on each of our citizens.

"Fire to a very large degree is preventable by the proper application of education in fire prevention and fire protection.

Now, therefore, I, Estes M. Lynn, mayor of the city of Ballinger, do hereby proclaim the week of September 30 to October 5 as Fire Prevention Week, during which week I most respectfully urge our civic and commercial organizations, our school officials and teachers, and our citizenship as a whole, to cooperate and work with the fire chief, fire marshal and city officials in an effort to control this useless loss of life and property by fire. Every home and place of business should be inspected carefully and all fire hazards removed.

"In testimony whereof, I hereunder sign my name and affix my seal of office on this, the 3rd day of September, A. D. 1935.

"ESTES M. LYNN,"

"Mayor."

Miss Mildred Miller, of York, Alabama, will leave tomorrow for her home after a visit here in the home of her uncle, Dr. E. C. Baskin.

Demand GOOD LIGHTING

NOT THIS WAY

Inadequate and improper lighting conditions cause near-sightedness and eyestrain in children.

BUT THIS WAY

The STUDY LAMP provides light of the right quality and quantity for reading or studying.

More than half the boys and girls who fail in their studies have defective vision!

That puts it squarely up to parents to provide proper lighting conditions for study and reading. For poor lighting is the chief cause of eye strain and near-sightedness, in children.

If your child holds his book abnormally close to his eyes when reading, or if he squints, or complains of headaches . . . beware!

To make sure that your child will have proper lighting when the duties of the new school year arrive, let one of our representatives make a free survey of your home. The sightmeter will tell you the results. Your local office will be glad to tell you when our lighting representative is available.

DEATHS

Mrs. Ralph Mackey
Mrs. Ralph Mackey, 20, died at her home in Norton Saturday evening at 9 o'clock. An infant daughter born a few hours before her death was doing nicely this week.

Decedent, a daughter of Mr. and Mrs. L. C. Underwood, of Norton, had lived practically all her life in that section. She was a graduate of the Norton high school and last October was married to Mr. Mackey. Funeral services were first set for Sunday afternoon but on account of heavy rains, high water, and the condition of the roads, was postponed until Wednesday morning. The rites were held at the family home in Norton and interment made in the Norton cemetery.

Survivors besides the husband, daughter and parents are nine brothers, W. C. Underwood, Brownwood; L. L. Underwood, Luther; D. B. Underwood, L. C. Underwood, Jr.; and J. E. Underwood, Winters; A. N. Underwood, Honolulu, Hawaii; A. F. Underwood, Ballinger; F. F. and Pat E. Underwood, Norton; and two sisters, Mrs. D. E. Compton, Norton; and Mrs. Ray V. Starke, Winters.

Jennings Funeral Home undertakers were in charge of arrangements.

Mrs. Ida Radican
Mrs. Ida Radican, 90, died at her home here Friday after serious illness of only about a week. She had been in ill health for some time but was stricken with heart disease a week prior to death.

Decedent came to Runnels county 20 years ago on account of the health of her husband, who died in 1914, and had made home here ever since. She was a faithful member of the Ballinger Baptist Church and was regular in attendance and work.

Funeral services were held at the church Saturday morning at 10 o'clock, Rev. J. H. McClain officiating. Interment was made in Evergreen Cemetery.

Survivors include two daughters, Mrs. P. C. Henry, Eagle Pass; and Mrs. J. W. Layton, Houston; five sisters, Mrs. A. M. Brownfield, Brownfield; Mrs. D. W. Duncanson, Winters; Mrs. Lillie Mackey, Winters; Mrs. W. F. Erwin, Abilene; and Mrs. F. E. Stephens, Iowa, and a brother, Almer Daugherty, Elkins, New Mexico. Three grandchildren also survive.

pallbearers were: B. C. Kirk, J. A. Williams, R. T. Williams, J. L. Davis, O. L. Parish and W. B. Dunlap.

New Text Books Ready for Schools

County Superintendent E. C. Grindstaff has completed filling the library at the court house with new text books and still has many packages which have not been unpacked. After other schools in the county have been opened and their books taken out he probably will have room for the unpacked volumes.

One reason for the large amount of books on hand this year is that new geographies are specified for all the grades from the third to the seventh inclusive. Heretofore, one book often served two grades, but recent regulations demand a separate book for each of the five grades, and as the volumes are bulky, it requires much room to store them.

The superintendent's office is prepared to serve the schools' requirements and Mr. Grindstaff believes there are enough text books in the library to supply every school as it is opened.

Independent district schools do not draw their text books from the library in the county superintendent's office, but receive their shipments direct.

The county board of education has authorized repairs on several school buses serving the Ballinger district. The motors will be checked over by mechanics, oiled and greased, tires examined and some replaced.

The Franklin school opened Monday morning for a short term before cotton picking, and the Dry Ridge, Blanton, Mazeland, and Brookshier schools were already open. No other common district schools are due to open until some time in October. The Miles and Winters (independent districts) schools opened Monday morning.

PLANTING TIME HERE FOR FALL GARDENS

COLLEGE STATION, Sept. 4—Most of the success of the fall garden depends on preparing the soil correctly, according to J. F. Rosborough, extension horticulturist.

"All weeds and vegetation must be removed before planting," Rosborough said, "or the soil will dry out quickly and possibly carry diseases."

The extension horticulturist recommended a heavy application of summer manure before planting is started. He explained that summer manure, which has no acids or burning ingredients, is used to increase the water holding capacity and to prevent the soil from becoming hard and crusty following the fall rains.

He recommended that as soon as the soil is plowed, it should be pulverized. "Select vegetables that are resistant to heat to plant in the fall garden from the last of August to the first half of September," Rosborough continued, "such as onion sets, Swiss chard, tender greens, Irish potatoes, carrot, beets and collards. Later plant such vegetables as lettuce, radishes, mustard, and cabbage which will withstand the cold weather. Bush beans will grow unless the weather turns too cold."

He went on to say that in many gardens, hardy vegetables such as peppers, egg plant, okra and tomatoes, which have survived the summer heat and are ready to produce a fall crop, should be fertilized in sandy soils, the addition of one to two tablespoonful per plant of 6-12-4 commercial fertilizer will be beneficial.

"Wise gardeners do not stake all in a fall garden by just planting a turnip patch," he said, "but they plant other vegetables such as Swiss chard, tender green, loose proof turnips and other leafy things of this type along with the old stand."

"Before cold weather sets in pumpkins, cushaws, summer

35 Team Prospects Report for Grid Work-out Monday

Football training began here Monday afternoon with 35 youths reporting at the new high school athletic field to receive equipment. The wet ground caused by recent heavy rains interfered with practice somewhat but the coaches have been getting a look at the material. They expect 15 or 20 more prospects to report next Monday, making between 50 and 35 candidates for the team this fall.

Coach Felton T. Wright will look after the line this year and Coach Paul Gibbs will take over the backfield, kicking and passing. An order was given Tuesday for the construction of a "bucking board" to be used for training linemen and to condition other players.

Both coaches are optimistic over the prospects for a winning combination. Five lettermen and a number of husky recruits with plenty of speed and nerve have reported. Some trouble was being experienced in getting enough equipment to take care of all players, it being necessary to issue the 22 new pairs of pants the first day.

Next Monday afternoon at 4 o'clock training will begin in earnest and every candidate for the team is expected to be out and ready for action. Light workouts will be taken for a few days until muscle soreness has been eliminated and then real conditioning will commence with plays and signal practice thrown in.

auditorium at the Wingate school. The board approved only slightly over half of the appropriation for this county. It was pointed out that there is very little man-power available at this time, however, and work on any of the projects will depend on labor conditions.

PHILCO REPRESENTATIVE TO BE HERE WEDNESDAY

C. C. Meyers, special representative of the Philco Radio Company, will be at the King-Holt Furniture Co. store Wednesday of next week. He will spend the day here demonstrating the 1935 Philco sets and the management of the store invites radio fans of this section to come to the store and hear the new machines perform.

Mr. and Mrs. J. L. Chastain and Frank LaMotte spent Sunday and Monday in Big Spring, visiting relatives.

squashes, and other vegetables of this type should be stored in a protected place," he continued. "In the western part of the state, store these vegetables in the cellar; in the southern part, store them where ventilation will absorb the vegetable moisture and keep rot fungus down."

Lady Took Cardui When Weak, Nervous

"I can't say enough for Cardui if I talked all day," enthusiastically writes Mrs. L. H. Caldwell, of Staeville, N. C. "I have used Cardui at intervals for twenty-five years," she adds. "My trouble in the beginning was weakness and nervousness. I read of Cardui in a newspaper and decided right then to try it. It seemed before I had taken half a bottle of Cardui I was stronger and was soon up and around."

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.
