

SPORTS

The major race narrowed down last Friday to a late post. The biggest sport of the week was the 100 of Winters to the Santa Anita Mountains. The Ballinger were chosen to win by three touchdowns but were led and now have a full game now posted against their rivals.

The game continued to open at the 100 yard line. The Ballinger and Santa Anita were tied at the 100 yard line. The game was a close one. The Ballinger were led by three touchdowns but were led and now have a full game now posted against their rivals.

The Ballinger will have their first game with the Santa Anita on Monday. The game will be a close one. The Ballinger were led by three touchdowns but were led and now have a full game now posted against their rivals.

Quadruplets Show School Spirit

A Texas team apparently has been something from an Oklahoma "team"...

The quadruplets showed school spirit during their performance. They were dressed in school uniforms and performed a routine that showcased their talents.

The girls were praised for their teamwork and individual skills. Their performance was a highlight of the school event.

The quadruplets' performance was well-received by the audience. They showed a maturity and skill beyond their years.

The girls' performance was a testament to their hard work and dedication. They were a source of pride for their school.

The quadruplets' performance was a memorable moment for everyone who attended. They were a true inspiration.

Bearcats Keep in Race With Win from Bangs

The Ballinger Bearcats came in second place in district 10B Friday afternoon in staging a fourth quarter rally to come from behind and beat the Bangs Dragons 13-6. The win also kept their record clear of defeat for the season and only a tie game at their 1,000 percent.

The game was a close one. The Bearcats were led by three touchdowns but were led and now have a full game now posted against their rivals.

# ARMISTICE Day

## Monday, Nov. 11th.

Seventeen years ago whistles sounded and bells rang. There was jubilation, rejoicing for those who lived, and, underneath, keen sorrow for those who helped make the celebration possible, yet could not join in.

Time has mellowed our thoughts for them, but has brought forward their place in the observance. Through them we have come to realize the futility of warfare, to keenly appreciate the significance of peace. Their part has been played; our part must lie in remembering it.

We pause November 11 to observe the close of the tragic phase in the world's history, to remember those who cannot celebrate its close with us. The significance of that minute lies not in all that happened, but in all that might have been, as well.

Time has softened the keen sorrow of 1918, but time can never alter the broken plans, the heartbreaks of those times. We cannot change them, but we can remember, and in remembering hope for a lasting peace.

**BALLINGER SCHOOL NEWS**

By Genevieve King

The first number on the chapel program Friday morning was a piano number by Wanda Williams. Following this Virginia Williams gave a reading. Juanita Faris, accompanied at the piano by Dorothy Teague, sang a number of popular songs. For the remainder of the program, Dorothy Teague played popular music. Coach Wright gave a football talk, and he called on each member of the squad for a short speech.

The Bearcats played well "in spots" in the Ballinger-Bangs game Friday afternoon. The Bangs Dragons made a rather spectacular touchdown in the first half of the game, but Ballinger made two "inch-by-inch" touchdowns in the second. The final score was 13-6. The Bearcats have a hard schedule for next week, but they are making good preparations.

Rev. Harvey Childress, pastor of the Church of Christ, gave the devotional talk Monday morning. The subject that he used was "Drifting."

Mrs. Jensen, state secretary of the Woman's Christian Temperance Union, addressed the student body Tuesday morning at the chapel hour. She discussed the evils of alcohol, and tried to impress upon the students the dangers of drinking.

The junior class met Monday afternoon after school to organize the class for the year. The following officers were elected: president, Melvin McMillan; vice-president, Duard Sheffy; reporter, Marjorie Lynn; secretary-treasurer, Mary Edith Weihausen. The sponsors that they chose were Miss Elizabeth Parker and Mr. Felton Wright.

**Senior Highlights**

Margaret Clark lives at 700 Tenth Street. She has been attending the Ballinger high school for the past three years. Margaret was a member of the

pep squad in 1933 and 1934, and she is at present a member. She came out for spelling in the interscholastic league work last year. Her favorite sports are tennis and volley ball. She has never come out for either of them, but this year she intends to try out for the volley ball team.

Wagner Byler lives at old Runnels. He has been attending the Ballinger high school each year since he has been in high school. Wagner has been a member of the 4-H club for his first three years in high school, and he is a member again this year. He is at present on the football squad.

Jack Carroll lives at 205 Eighth Street. He has been attending the Ballinger high school for the past year. He attended the Bethel school for his first two years in high school. In 1932-33, he entered declamation, and in 1933-34 he entered extemporaneous speaking for the interscholastic league work. Jack was a member of a Spanish club in 1932-33 and in 1933-34, and basketball in 1933-34. Jack was a member of the band last year and is at present in the band.

**Christmas Program—**

(Continued from page 1)

used to put a residence or yard in the contest.

The general steering committee will announce other features later which will include entertainment features at the churches and other places.

Committees responsible for this worked named at the meeting Friday are as follows:

General steering—Troy Simpson, J. A. Killough and C. R. Stone

Finance—R. P. Tunnell, Joel Massie, Clarence Richards and O. C. Sykes

Show window contest—E. E. King, E. Shepperd, C. C. Davis and L. C. Daugherty

Santa Claus visit—J. D. Motley, Chester Cherry and H. J. Zappe

Baby parade—Mrs. Tom Agnew, Mrs. J. B. Striplin, Mrs. J. A. Schmale and Mrs. Rothal O'Kelly.

**Varied Armistice Program Will be Staged at Rowena**

Citizens of Rowena will hold their annual Armistice Day celebration Sunday. Many Ballinger people are making plans to be present for part of the program and to participate in the noon meal which will be served by Rowena housewives.

The committees in charge of the elaborate celebration invite everyone to come to Rowena and enjoy the festive occasion. They have provided varied entertainment which will appeal to all classes.

The program will commence promptly at 10:30 a. m. with a parade in which decorated floats will be featured. The parade will end at O. D. H. S. Hall where prizes will be awarded the four best.

At 11 o'clock Hon. Charles L. South, congressman for the 21st district, will deliver the principal address.

The program will be climaxed at noon with a home-cooked dinner consisting of home-made sausage, chicken, turkey and all the trimmings that make up a complete menu.

A dance at night will be accompanied by good music and during the afternoon contests will entertain the crowd.

This is an annual event at Rowena, thousands gathering there every year to enjoy this holiday program.

**HARVEY BROOKS INJURED SLIGHTLY WHEN MOTORBIKE COLLIDES WITH AUTOMOBILE**

Harvey Brooks was injured slightly when the motorcycle on which he was riding Tuesday collided with the rear of an automobile at the corner of Hutchings Avenue and Ninth Street. The motorcycle was damaged considerably and Brooks was bruised about the face and body, but was resting well today after receiving surgical treatment.

**'Mum's' the Word**

The autumn festival in San Mateo county, Calif., features chrysanthemums as its chief floral exhibit. And "mum's the word" for little Martha Mori, who is speechless with wonder at the beauty of the huge basket of blossoms in which she nestles.

**STREAM ON THE DIVIDE**

RALEIGH, N. C., Nov. 6.—A small stream of water that spurts from the bank of a railroad cut through the continental divide at Ridgecrest, N. C., is split by a boulder, one part eventually reaching the Atlantic Ocean and the other the Gulf of Mexico.

**Centennial Board To Meet Saturday To Plan Program**

The Runnels county Centennial board has been called to meet at the Ballinger city hall Saturday morning at 10 o'clock. The board is composed of J. D. Motley, chairman; Mrs. John Q. McAdams, vice-chairman; Mrs. J. B. Striplin, secretary; H. C. Lyon and John A. Weeks. The board was appointed by the legislature in 1934 and held a meeting soon afterwards to organize.

Mr. Motley stated that considerable material relating to the 100th anniversary celebration has been received recently from the state board. One item is for a marble highway marker to be erected by the state highway commission somewhere in the city at the intersection of highways. Other markers to be erected at an expense of approximately \$200 each will mark the Colorado and Concho rivers. No definite information has been received in regard to this work, however.

State officials have requested the county board to make and announce at once plans and claims to programs during 1936 in conjunction with the Texas Centennial. This is the purpose of the called meeting Saturday. The board will discuss the proposed celebration of Ballinger's 50th anniversary and the possibility of connecting it with other

**Electric Impulse Betrays Disorder Of Mental Center**

PROVIDENCE, R. I., Nov. 6.—Real electric brain waves which may have somewhat the same relations to working of that organ as the electric impulse detected by the instrument called the electrocardiograph have to the workings of the heart are reported to the New York city scientific periodical Science by Dr. H. H. Jasper and Dr. Leonard Carmichael, of Brown University, in Providence.

Some time ago Prof. Hans Berger, of the University of Jena, in Germany, reported two kinds of electric brain impulses, a fast kind and a slow kind, detected when electrodes connected to delicate detecting apparatus are placed outside the skull. Dr. Jasper and Dr. Carmichael confirm this and have measured these electric pulses both outside the head of several individuals and by means of needles inserted into the scalp.

The slower and stronger pulses come about 8 to 12 to the second. The faster and weaker series come about 25 or 50 to the second. The brain waves seem to be strongest not when the person is excited but when he is quiet and relaxed. Apparently the waves

Centennial programs in this section.

change considerably in character when the person is mentally disturbed or when work for the brain to do is presented in the form of stimuli from the senses, such as a light or a sound.

A few cases of brain disease have been found to show brain waves as slow as 2 or 3 pulses a second. One mentally abnormal patient showed 10 brain waves a second across the right side of her head but only 6 or 8 waves across the left side. Thus confirming the idea of many psychologists that one cause of mental disease may be that the two halves of the brain get out of step instead of working harmoniously together.

**Turkey Crop—**

(Continued from page 1)

difference in weight and quality are that feeding conditions this year have been much better than in 1934 and because last year most of the turkeys on hand were sold, leaving no No. 2's for this year. Mr. Goode pointed out. Another factor which tends to improve this year's turkeys, was climatic conditions. There has been plenty of rain and lots of insects, which Goode stated were just what turkeys thrive on.

The favorite spot for New York treasure hunters is off the shore of Manhattan Island, near Hell Gate Bridge, where a British frigate was sunk during the Revolution. The frigate was loaded with \$3,000,000 in gold.

The Ballinger Ledger

Published Every Thursday by The Ballinger Printing Company... Office of Publication, 711 Hutchings Ave., Ballinger, Texas

HAS YOUR ADDRESS CHANGED RECENTLY? Ledger subscribers are requested to notify the publisher of any change in their addresses promptly.

Bullinger business men have started early to make this city one of the best decorated for Christmas in the state.

The nation has been called upon to provide a memorial to one of its eminent humorists—a friend of man. The Will Rogers memorial fund has been started and every individual is invited to contribute.

Runnels county residents will be called upon next week to become members of the American Red Cross. This great organization is financed through membership fees and once a year between Armistice Day and Thanksgiving Day, Americans are asked for a small amount which becomes a part of a great fund that carries relief to every part of the country.

\$20,000.00 WORTH OF TYPEWRITERS

Nearly twenty thousand dollars worth of typewriters alone have been purchased by Draughon's Business Colleges at Dallas, Wichita Falls, Abilene, and Lubbock during 1935—showing the bigness of these institutions brought about by the outstanding success of many of their graduates.

MARION COUNTY FARMER PROFITS BY POP CORN

JEFFERSON, Tex., Nov. 6.—R. K. Brown, of the Mims Chapel community, of Marion county, reports that he has had good results from a few acres of pop corn which he tried this season.

WEST TEXAS NEWS NOTES

Eden's trades days last Saturday, the second in a series of business promotion occasions, was the largest ever held in that town.

The third court of civil appeals last week awarded the Texas Power & Light Company a temporary injunction restraining the rival Brownwood Public Service Company from erecting transmission lines in Brownwood.

Under the direction of County Agent H. E. Smith interest is growing in trench silos in Coke county. There are six trench silos in the county now, either finished and being filled with ensilage or under construction.

All the fall wool on hand at the Sennors Wool & Mohair Co. warehouse was sold last week. C. D. Stokes, of Lampasas, veteran wool buyer, purchased the entire lot at prices ranging from 25% to 27% cents a pound.

According to a report from Paint Rock last week there were 6,321 bales of cotton ginned in Concho county from the 1935 crop prior to October 18, as compared with 6,107 bales ginned to October 18, 1934, from the 1934 crop.

Marble machine operators in Eastland county were notified last week that operation of these machines must cease. Those failing or refusing to comply with the sheriff's order to that effect were warned that they would be prosecuted and the machines confiscated.

Complete Abstracts to Land in Runnels County GUARANTY TITLE CO. Ballinger, Texas Office in Farmers & Merchants State Bank Building

DR. E. D. THOMPSON Rectal Diseases Piles and other rectal trouble treated without loss of time from work. 311 San Angelo Natl. Bank Bldg. San Angelo, Tex.

Counties have taken on these game boards since a recent ruling by a higher court that the machines are illegal.

In the recent poster contest held in the Winters public schools during Fire Prevention Week Lou D. Wyatt won first prize in the high school girls' class. Her poster will be sent to Austin to be entered in the statewide contest.

Breckenridge is soon to have a new industry. Ben Kessel, of St. Louis, has started the installation of a nut shelling plant in that city. He moved his equipment from St. Louis last week and will be ready for operation next week.

W. A. Clark, for ten years manager of the telephone exchange at Robert Lee, is leaving the telephone business. He recently leased the Robert Lee Observer, Coke county newspaper, from Mrs. T. E. Puett, owner.

The Lutheran Ladies' Aid Society of Mason sponsored a baby show at the Fort Mason Hotel last Saturday. Approximately 75 children, ranging in age from 2 to 4 years, were entered in the novel show.

By a vote of about 5 to 1, property-owning taxpayers of Coleman Saturday rejected a \$35,000 bond issue. An election on the bond issue was called by the city commission after promise had been obtained from PWA officials that

TEXACO Gas and Oils GREENWOOD Service Station

Coleman would receive a federal grant of \$12,000 toward the construction of a municipal auditorium-gymnasium. The attitude of most of the voters was that the city was already in debt enough and they did not care to get the municipality involved any deeper.

Last Wednesday and Thursday Brady's new radio station, KNEL, offered test programs for checking by the government testing bureau as to frequency. It was pronounced almost perfectly monitored and within the requirements as to frequency.

The Miles Parent-Teacher Association realized about \$130 from a Halloween carnival which it sponsored last week. A "queen" was crowned at the ceremonies, a musical comedy presented and other features were on the program witnessed by a capacity audience at the high school auditorium.

The Junction Junior Chamber of Commerce voted last week to rebuild the municipal golf course. Sand greens are being built, new hazards installed, fairways put in shape and general reconstruction work is being done.

The Menard pecan crop was about half threshed last week and prices were lower than they have ever been this year. Buyers are only offering four cents a pound, a drop of two cents from the opening prices.

Hints for the Farm

CANTON—That three crops can be successfully grown in the same year has been demonstrated by J. T. Scott, of the Hayden community in Van Zandt county, according to V. O. Teddlie, county agricultural agent.

Scott had three-fourths of an acre which he planted to Irish potatoes. He harvested 100 bushels of marketable potatoes which brought him \$76. He then planted the ground to corn, and in 58 days he had roasting ears. From these he sold \$10 worth in addition to the amount he used at home, and he then saved the stalks to be ground for roughage.

Scott now has the plot growing Irish potatoes, turnip greens and beans.

ANAHUAC—From a large native pecan tree which has never been very productive, E. S. Abshier of Chambers county expects to harvest a crop of paper shell pecans in 1938.

Acting under the direction of R. H. Mathis, county agricultural agent, Abshier top worked the tree in January 1934. In June 1935 he inserted about 50 paper shell pecan buds on the sprouts which had grown out on the tree where the big limbs had been cut off.

By 1937 Abshier expects to be able to prune out all of the old native pecan growth, leaving the tree with a new top composed entirely of the paper shell variety.

HEMPSTEAD—That Waller county farm families are considering more seriously the live-at-home plan is evidenced by the fact that 75 families are making their own syrup this year as compared with 15 families last year, according to J. V. Bush, county agricultural agent.

"There is no excuse for any farm family in Waller county not having syrup," says C. P. Gyger. "Ribbon cane seeded on an acre of land where 100 pounds of cotton seed meal has been applied will easily produce 125 gallons of syrup."

By mixing small portions of glue and crude carbolic acid with ordinary whitewash, A. E. Crutcher, San Patricio county orchardist, has found that as a result the whitewash clings to the tree much longer and the presence of carbolic acid acts as a repellent to many insects.

A profit of \$68.15 has been made by Mrs. Levi Vaughn, cooperator for the Oak Flat home demonstration club in Rusk county, from the sale of strawberries and wild dewberries. In April 1934, Mrs. Vaughn and her family put out 1,000 strawberry plants at a cost of \$2.85.

Mrs. Dan Becker of the Stone community in Washington county had seven acres of feed that it was impossible for her to cure. She decided to dig a trench silo and this she did at a cost of \$7, putting 54 tons of hegari in it.

W. L. Brown of Hardin in Liberty county grows selected varieties of sweet potatoes and grades them carefully. He then puts them in a large storage house, and keeps them until spring. He never receives less than 75 cents a bushel for his potatoes.

Hans Hanson, Jr., 15-year-old member of the Fairfurris boys 4-H club in Brooks county, dug and filled a five ton trench silo, from which he will feed two Hereford calves and the family milk cow.

WHITE LEGHORNS MAKE PROFIT FOR FARMER

GOLIAD, Tex., Nov. 6.—N. Borth of Melrose community in Goliad county has made a net profit of \$117.81 from his flock during the past three months. Borth has about 266 white Leghorn hens.

This poultry demonstrator adheres strictly to all the best methods of poultry production, including proper feeding methods of balanced laying mash, correct amounts of home grain, periodic worming with pure white gasoline, and shipping his eggs through the Goliad cooperative egg shipping association.

Borth attributes much of his profit to the prices he receives for his fertile eggs. He claims that he has received about \$20 more for the period by shipping cooperatively.

DON'T GET UP NIGHTS

Make This 25c Test Use Juniper oil, Buchu leaves, etc., to flush out excess acids and waste matter. Get rid of bladder irritation that causes waking up, frequent desire, scanty flow, burning and backache. Get Juniper oil, Buchu leaves, etc., in little green tablets called Bukets, the bladder laxative. In four days if not pleased go back and get your 25c. Get your regular sleep and feel "full of pep." City Drug Store.

Mr. and Mrs. Tom Kornegay, of Santa Anna, were visitors here Sunday afternoon. Mr. Kornegay was formerly employed in Weeks Drug Store here.

### 21 Licenses to Wed Issued Last Month

An increase of two was noted in the number of marriage licenses issued in Runnels county during October over the previous month. During September 19 of these permits were issued and in October 21 couples secured the writs.

Those applying for licenses to wed in October were:

- D. D. Johnson and Agnes Pounds
- Leonard Taylor and Mary McSwain
- Ned Snyder and Louise Viola Howell
- Howard Fomby and Mrs. Lois Thiefield
- Wilson Atwood and Edith Roach
- Virgil Fuller and Emma Sud-deth
- R. N. Walker and Ann Russell
- Lazaro Sanchez and Mrs. Amalia Gasmann
- Victor Wanorek and Hilda Henkhaus
- Hubert J. Zappe and Frances Elizabeth Trail
- Weldon Branham and Cleo Elms
- James Isbell and Carrie Maud Taylor
- Clarence Hambricht and Mildred Polk
- R. G. Weathered and Ruth Helm
- Juan Castilla and Jesusa Vasquez
- Claude Duffy and Zora Jones
- Mansfield Foster and Vivian McCartney
- Clarence Lee Wade and Roby Mae Bailey
- Hugh Bratton and Nelcar Benold
- Rudolph Gleich and Gertrude Wanorek
- George F. Crimm and Doris Virginia Bartlett.

### WOULD-BE SPOUSES DELAY IDLE MOVES

LONDON, Nov. 6.—Young men in the depressed sections of England, where unemployment is high, keep a "live register of eligible brides." Sir Arnold Wilson, M. P., made this declaration to the Unionist canvassing corps in London.

Mentioning the difficulties of transferring unemployed men from one district to another, Sir Arnold said, "many of them have a young woman whom they hope to marry, and they strongly object to being moved lest she should be snapped up by somebody else, while they object to the young woman being moved, lest she be snapped up when she gets to her new place. There is a live register of eligible brides, kept by local young men who object to seeing that register depleted in favor of some more-favored locality."

Breeding of fur-bearing animals along American lines is being carried out successfully on small German farms, the industry developing as a branch of livestock breeding.

### WANT ADS PAY

### A Modern Diana Bags Her Limit

An enthusiastic modern Diana is this young lady and why shouldn't she be? She has just bagged her limit of grouse Miss Helen Warren got her birds the first day of the New York state season and reported that the hunting was the best in recent

### Wife Beating is Not New According to Professor

University of Texas School of Journalism

AUSTIN, Nov. 6.—Wife-beating is news. But there's nothing new about it. And about the only difference now is that few modern men will pay to have their wives beaten.

The first recorded case of wife-beating in America is in the form of an Aztec codex or sheepskin, dated 1540. This document, now in the possession of the Garcia library at the University of Texas, came from the ancient village of Tecpacotec, near Mexico City. By means of Aztec numerals, pictures, and some Spanish writing, it relates how a certain Spanish lord paid a negro the sum of three sheep to give his wife a sound beating.

Dr. Carlos Casteneda, librarian of the Garcia collection, says he can not determine definitely whether the lord was too tender hearted to beat his wife or whether the wife was just too large. The Indian scribe, however, who kept this lord's records, presents a very realistic sketch of the chastise-

ment.

Primitive as this document may appear to us now, it is remarkably complete in detail. Aztec numerals are employed to designate the number of sheep, chickens, or pounds of maize the lord exacted from his Indian subjects. Four chicken heads, or four dots, and a chicken head, meant four chickens; and so on through nineteen. Twenty was indicated by a flag. The next step in this curious, but rather efficient, system was the square of twenty, indicated by a feather. A purse, made somewhat like our numeral eight, represented twenty cubed.

In the Garcia collection are many such graphic accounts of the Mayans, Aztecs, and Incas who once inhabited the region of Central America and the northern portion of South America. There are 43 in all, three of which are in the original and have never been published.

Various types of these codices are represented. Some are reproductions of clay and stone codices. These date back to the pre-Columbian era, before the time of

the Spanish Conquest. They contain no phonetic writing at all, consisting entirely of hieroglyphics.

Others, contemporary to the Conquest, show a marked influence of Spanish culture. Picture-writing is still used, but occasionally supplemented with a word of Spanish or Latin. These are more easily deciphered than the first. Aguave, an Indian product of the fibrous maguey plant, is used for parchment.

The third type is known as the post-Columbian. It is usually of sheepskin, with fewer pictures, but written almost entirely in Spanish. Such is the one on which the earliest record of wife-beating in America is recorded.

### SLIP COSTS LIFE

CHESHIRE, England, Nov. 6.—While putting a coin in a gas meter, Thomas Cove, 74, of Cheshire, slipped. His weight broke the lead pipe, and the candle he was carrying ignited the gas, which set his clothing on fire. He was burned to death.

First grade pupils of a school in Currituck county, North Carolina, obtained a pig only a few weeks old and cared for it under the supervision of their teacher until it was grown.

### Auto Registrations Jump Considerably As 1936 Models In

New motor vehicle registrations in October were almost double those in September. Only 28 new autos were registered in Runnels county in September, as compared with 51 registered last month, according to County Tax Collector-Assessor W. A. Forgey.

New car registrations for October were divided among dealers as follows:

- Chevrolets**
  - Patrick Chevrolet Co., Ballinger, 10 passengers and 1 commercial
  - Jones Chevrolet Co., Winters, 5 passengers
  - C. & C. Motor Co., Miles, 4 passengers
  - Erskine Chevrolet Co., Big Lake, 1 commercial
  - Dickinson Chevrolet Co., Tuscola, 1 commercial
- Fords**
  - Harwell Motor Co., Ballinger, 5 passengers, 1 commercial
  - Nance-Brown Motor Co., Winters, 5 passengers, 5 commercials
  - Miles Motor Co., Miles, 2 pas-

- sengers, 1 commercial
- Plymouths**
  - Sykes Motor Co., Ballinger, 3 passengers
  - Hoover-Bourne Motor Co., Winters, 1 passenger
- Dodges**
  - Sykes Motor Co., Ballinger, 3 passengers, 2 commercials
- Buicks**
  - G. L. Jennings, Abilene, 1 passenger

Numerous used car sales also were reported during October. Many of the cars sold were late 1935 models, whose sales were pushed hard to make room for the 1936 models which arrived recently.

### CAMELS FOR SOVIET FARMS

MOSCOW, Nov. 6.—Farmers of Soviet Russia are to be supplied 257 camels this year to be used in the establishment of new camel farms. The farm in the semi-arid Yedich district of western Kazakhstan now has 2,335 "ships of the desert," the herd increasing twenty-four per cent in 1934.

Imports of farm equipment into Canada early this spring were 94 per cent in excess of imports during the same period a year ago.

### Japan Has Many Sites for Location Of Airplane Fields

TOYKO, Nov. 6.—More than 300 suitable sites for airports have been located in all parts of Japan by prefectural governments at the request of the Imperial Aviation Association.

Of these 300 will be selected for immediate development with subsidies to be provided by the association, which has the backing of the government. Under the slogan "provide our cities and villages with airports," the organization has been conducting a nation-wide campaign for the development of commercial aviation. This already has resulted in the construction of thirteen airports by private interests, and several others have been built by cities, towns and villages.

The aviation bureau of the communications ministry is drafting a ten-year plan for the development of commercial flying that will cost nearly \$60,000,000.

**\$495**

AND UP. List price of New Standard Coupe at Flint, Michigan. With bumpers, spare tire and tire lock, the list price is \$20 additional. \*Knee-Action on Master Models only \$20 additional. Prices quoted in this advertisement are list at Flint, Michigan, and subject to change without notice.

**Patrick Chevrolet Co.**

## Cotton Rental Checks For \$113,542.94 Arrive

Runnels county farmers this week-end will receive a total of \$113,542.94 in government checks. To Tuesday County Agent Elmo V. Cook had received 2,293 checks from Washington, representing the second rental payment on 1935 cotton reduction contracts, and these will be distributed this week.

Every producer with a check in this shipment has been mailed a card asking him to call at the court house, sign a receipt, and get his money.

This shipment of checks does not represent all who signed 1935 contracts and additional checks are expected within a few days. As fast as they arrive farmers will be notified by mail that they are being held at the county agent's office.

The first checks were passed out Tuesday afternoon and will be issued the remainder of the week. Mr. Cook said most of second rental payments would be in the hands of the farmers by Saturday night.

### RELIEF CANNING PLANT WILL BE OPENED IN A FEW DAYS

Mrs. Hulda Mullins, in charge of the Ballinger relief canning plant, is expecting word within a few days to commence operations. Enough produce has been received to start steady operations and it is hoped to get underway early next week.

A request is issued for everyone with produce to be canned, to register at the cannery, giving the amount of produce and the date it will be ready. At that time the superintendent will be able to give the exact date produce will be needed.

### MRS. JOE SIMMONS' CONDITION VERY GRAVE

Mrs. Joe Simmons remained in a very critical condition at the Shannon Hospital, San Angelo, today (Thursday). She has been paralyzed from her waist down for some time and Wednesday attending physicians announced that she had developed pneumonia and was weakened by the disease. Relatives and friends are watching her condition closely with considerable fear for the final outcome.

Small quantities of grain and hay should be fed calves at the age of two weeks in order to give them a good start in life, livestock experts have found.

### Double-Duty Tires

That "necessity is the mother of invention" is aptly demonstrated here by the natives of Kurdistan, in central Asia. From discarded automobile tires they make very serviceable shoes as shown in the above picture. The tops of the shoes are made from goat hair and sheep wool.

## Many Children Declared to Lack School Clothing

The Ballinger High School and Primary Parent-Teacher associations are again asking citizens to contribute clothing for the needy school children of the city. According to the chairmen of the organizations, Mrs. C. J. Bell and Mrs. O. R. O'Neill, many children are not in school at this time because of the lack of proper clothing.

In one family, which Mrs. O'Neill cited, three children are out of school because they do not have sufficient clothing to keep them warm. There are two boys and a girl in this family and several P-T A members have been phoning various people in town trying to secure apparel for these children. Mrs. O'Neill stated that if the procedure of phoning all over town to find clothing had to be done for every one of the needy children it would be impossible to outfit them properly.

P-T A officials suggest that anyone who has any children's clothing to contribute to bring it to the city hall and leave it with Mr. Posey, who will turn it over to the organizations for distribution. Shoes, shirts, dresses, trousers, underwear and other articles are needed and donations will be appreciated by both the committee members and the needy children.

Last year a number of people gave clothing to this cause, but so far this year very few contributions have been made.

## Methodists Close Conference Year With Good Record

The congregation of the First Methodist Church closed the conference year Sunday with a rousing service at the morning hour of which Dr. J. T. McClure, presiding elder, was in charge. The program for the year was launched and fourth quarterly conference held. The entire Sunday school was marched into the auditorium at 10:30 for this service.

A highlight was the announcement that the congregation was over the top in finances and would send the pastor to conference with a report of paid in full on all local and connectional work. Rev. W. H. Vanderpool, pastor, and wife left Wednesday morning for the opening session of the annual conference and will return here next Sunday night after the appointments are read. No indication has been given here as to the assignment of Rev. Vanderpool, although the local congregation petitioned the conference Sunday morning for his return.

Dr. McClure announced that he had arranged for Bishop H. A. Boaz to speak at both services in the Ballinger church the first Sunday in December. Special arrangements are being made for these services and an effort will be made to fill the house for the eminent visiting speaker.

A large group from here will go to Brownwood Sunday to attend the annual conference and be present when appointments are read. There will be no services, except Sunday school, at the local church Sunday.

## Edison's Widow Bride at 70

A happy bride and bridegroom are Mrs. Miller Edison Hughes, above, 70, widow of inventor Thomas A. Edison, and Edward A. Hughes, 73, retired Franklin, Pa., steel manufacturer, shown after their recent Chattanooga, N. Y., wedding. Lifelong friends, the newlyweds are spending their honeymoon in Florida.

## American Legion Auxiliary to Sell Poppies Saturday

The American Legion Auxiliary will conduct its annual sale of poppies in Ballinger next Saturday. This has been done by the Auxiliary for the past 15 years and again this year members will offer the small red flowers, made by disabled former service men, for ten cents each, and ask that they be worn by the buyers during the day in honor of World War veterans.

Several committees sold large poppies to the business firms this morning and within a short time all were taken.

A booth will be operated in front of the Weeks drug store Saturday and girls and women will have baskets of poppies for sale at other places in the business district.

The paper poppies are bought from veterans who have no other means of making a living. The money raised in the public sales is used for relief of the disabled, caring for children of deceased veterans, and for hospitalization. This schedule was started the first year after the Armistice and is conducted in nearly every city and hamlet in the nation every year. Auxiliaries in many places sell poppies on Decoration Day as well as on Armistice Day, but in Ballinger they are always sold on the Saturday preceding November 11.

## '36 Chevrolet Seen By Large Crowds

On Saturday, November 2, Chevrolet Motor Company announced to the public its new 1936 model cars and trucks. Commenting on the new product and the manner in which the public has accepted the new Chevrolets, H. C. Howard, zone manager, Dallas, said: "In the Dallas zone territory, which comprises practically half of Texas, every Chevrolet dealership was literally crowded to over-capacity on announcement day." He continued, "The huge throngs of prospective buyers immediately endorsed the 1936 Chevrolet, which is significant by the number of new cars sold on announcement day. Many dealers in the Dallas zone made immediate delivery last Saturday on from ten to twenty-five cars to customers. Dealers everywhere are making immediate delivery—this fact—combined with the unusually low prices of the new Chevrolets, has enabled Chevrolet dealers and salesmen to secure more advance orders than even in the boom year of 1929."

Mr. Howard also stated that many people have commented to him on the exclusive safety features of the 1936 Chevrolet. Such as solid steel turret top bodies, new perfected hydraulic brakes, shock proof steering, and the safety of Chevrolet's "knee-action" ride are to be found in the low price field only in the 1936 Chevrolet models.

Chevrolet Motor Company has spent millions of dollars in enlarging plant facilities for the 1936 production in order that dealers everywhere can make immediate delivery of the new model. The additional manufacturing facilities expanded by Chevrolet has provided employment for thousands of craftsmen and factory workers. Mr. Howard stated further that the year 1936 appears to be the best year in the history of the Chevrolet company and its dealers.

## Paris Doctors Find New Way to Treat Hay Fever Victims

PARIS, Nov. 6.—Every year sees some physician proposing a new cure for the increasingly common malady of hay fever, the annual season for which now is beginning. This year it is a report from Dr. P. Vallery-Radot and Dr. G. Mauric, that they have done it by giving the sufferers

an artificial fever.

Only in very severe cases does the so-called hay fever produce much real fever. The chief symptoms are the closing and running of the nose and the inflammation of the eyes, resembling a severe cold, sometimes with throat symptoms like those of asthma.

The similar condition in the spring as a result of irritation by kinds of pollen dust in the air at that season instead of the hay dust and other pollens present in the fall, has the popular name of "rose cold," a name which describes the disease much better than "hay fever."

The new plan for treating both of these diseases is to give the patient a real fever artificially by

injecting a small amount of sulphur preparation into the muscles. The report is that an acute attack of hay fever is relieved immediately. By exposing the sufferer while this artificial fever lasts to a heavy dose of the pollen which is causing the trouble, permanent cures are reported. It is as though some mischievous organ in the body got so scared by the appearance at the same time of pollen and of a severe fever that it decided never to let the pollen bother it again.

It remains to be seen how well other physicians will succeed in using the fever treatment on their own hay fever patients.
