Scientists Allowed Choice of Climate At New Laboratory

TASHKENT, U. S. S. R., July 5.—Scientists lucky enough to be assigned to the experimental laboratories at Tashkent no longer will need to leave their homes or laboratories to get a change of climate. Two local samples of controlled climate are to be available every day, in the form of two steel chambers approximately ten feet square and equipped with apparatus to produce inside them any kind of climate that anybody wants.

One subject of inquiry at the Tashkent station is the effects of the extremely dry climate of nearby deserts. Accordingly, the new climate chambers will have special apparatus to heat and dry the air inside so that desert conditions are reproduced.

There even will be arrangements for duplicating the intense sunlight of a desert noon. On the other hand, the station also is concerned with problems of climatic effects in mountain regions within its jurisdiction. To duplicate the climate of these loftier lands, both climate chambers will have cooling equipment, so that either dry or moist air can be cooled below zero if desired. Other apparatus gives artificial rain or fog. In the entire repertoire of natural weather, only snow is omitted, and this only because neither the scientists nor anyone else yet knows how to make artificial snowflakes. The plan is that one of the new chambers for controlled climate will be used chiefly for agricultural experiments with crop plants or domestic animals, the other chiefly for tests with human beings.

Kansas train-auto collisions in 1935 killed 63 persons, only four less than the combined toll the two preceding years.

Pedal 970 Miles to See Landon

William Rotzler, left, and Wilfred Hosen, center, New Brighton, Pa., youths, decided they wanted to have a chat with Alf M. Landon, Republican presidential nominee, and refused to let the fact that they had only bicycles for transportation delay their journey. Here they are pictured with Governor Landon after their 970-mile "wheel" to Topeka.

Safeway Campaigns To Help Producers Generally Praised Federal Specialist To Conduct Cotton School at Abilene

Creation of wider markets for Texas agricultural products by stimulating increased consumption has been the object of five intensive farmer-consumer campaigns waged by Safeway Stores, Inc., during the past six months, it was announced today.

The campaigns which have been praised by farm leaders throughout the country were conducted in behalf of various industries representing beef, lamb, citrus fruits, dairy products, and canned peaches.

L. B. Harris, divisional advertising manager of Safeway Stores, Inc., in announcing results of these five campaigns said that additional farmer-consumer crusades would be waged during the balance of the year.

"This plan to help agriculture was originated by Safeway nearly five years ago when sheepmen were faced with financial ruin because of enormous surpluses," he asserted.

"In that critical period Safeway through extensive newspaper advertising and increased sales efforts marketed in excess of 15,000 lambs in two days.

"This cooperative movement resulted in immediate financial salvation for the sheep industry and led to the inauguration of these farmer-consumer campaigns which have so successfully demonstrated the advantages of the chain store method of distribution."

Praise for the help extended to their respective industries as a result of these farmer-consumer campaigns have been voiced by officials of the National Livestock and Meat Board, Pacific States Livestock Marketing Association, California Fruit Growers Exchange, Utah Wool Growers, Idaho Wool Growers' Association, Montana Wool Growers' Association, Arizona Cattle Growers' Association, the Texas and Southwestern Cattle Raisers' Association, American Livestock Association, Nebraska Stock Growers' Association and other agricultural groups throughout the country.

R. C. Pollock, secretary of the National Livestock and Meat Board, in a communication to R. W. Doe, vice-president of Safeway, said in part:

"Your campaigns have been very complete, well organized, and without doubt very effective. I know that your activity along this line is appreciated by all branches of the livestock and meat industry."

Summarizing the effect of the campaign, Mr. Harris said Safeway is striving continually to reduce living costs to consumers and at the same time provide the farmer with an easy and profitable distributing system without paying unnecessary "in between" expenses.

VANDERPOOLS RETURN HOME AFTER TWO WEEKS' VACATION

Rev. and Mrs. Homer Vanderpool and son returned home Thursday after a two weeks' vacation. Rev. Vanderpool closed a revival at Byrd, Brown county, last week and joined his wife and son in Fort Worth for a visit at the central and frontier Centennial celebrations.

Rev. Vanderpool will be in his pulpit here the next two Sundays before going to Rotan to conduct a city-wide revival.

Mr. and Mrs. C. R. Stone and son returned home the past week-end after spending a week in Dallas attending the Centennial exposition while Mr. Stone bought fall merchandise at the opening of the dry goods season.

Mr. and Mrs. A. C. Cloven left Wednesday for their home at Brownfield after a visit here with Mrs. Cloven's parents, Mr. and Mrs. T. J. Parrish.

Dr. and Mrs. W. B. Halley have as their guest, Mrs. Halley's sister, Mrs. Roy Porter, of Sweetwater, Tennessee.

A government cotton classing school will be held at Abilene, August 10 to 15, inclusive. E. L. Dorn, formerly of this city, mailed announcements of the school to many people here this week, inviting them to attend.

The school will be under the supervision of H. W. Thompson, federal specialist in cotton classing, and is open to cooperative and society ginners, county agents, vocational agriculture teachers, private ginners and others interested in cooperative marketing. All costs in connection with the school will be paid by the association, but those attending will have to pay their own expenses, such as transportation, meals, etc.

While the school is being held primarily for those who have had experience in cotton classing and who wish to have their classing ideas checked by a government expert, beginners are invited to attend.

The new government grade standards which go into effect August 29 this year, will be displayed and explained by Mr. Thompson. Since there is quite a change in the standards the school will be very beneficial to everyone, according to Mr. Dorn.

LOCAL SCHOOL DISTRICT EQUALIZATION BOARD COMPLETES ITS HEARINGS

The equalization board for the Ballinger independent school district, composed of M. L. Northington, J. McGregor and A. L. Spang, completed its work this Thursday afternoon. Fewer notices were mailed to property owners this year and only a few appeared before the board to ask that their valuations not be raised.

A. F. Brock, assessor and collector for the Ballinger school district, stated that no property conditions had been raised and that the notices mailed were in instances where valuations were reduced by property owners and the board had put "them back to the same figure turned in last year."

Mr. and Mrs. Orville Rose, of Abilene, have moved to Ballinger to make home. Mr. Rose has purchased a stock of groceries and will operate a filling station and grocery. The store is located on the left after crossing the Colorado River bridge on the San Angelo highway.

Mrs. R. W. Earnshaw and son returned Sunday from Dallas, where they had been visiting relatives and attending the Centennial exposition.

Mrs. Wesley Love, of El Paso, is a guest in the home of Mr. and Mrs. J. C. Sturges. Little Mary Catherine Sturges returned home

with Mrs. Love after a month's visit in El Paso.

Better See Your Local Lumberman First

The other day we listened to the story of a man in another community who purchased a "ready cut" house.

The material came cut to length and ready to nail together.

Before the building was completed, however, the purchaser was ready to concede that there are many flaws in the "ready cut" system. Carpenters on the job were on the verge of hysteria before the work was finished.

All of which illustrates that the promise of great savings in building materials from such houses are not always to be relied upon.

Our lumbermen in Ballinger are doing their utmost to give service. They furnish reliable building information as well as building materials. They merit your patronage.

THE BALLINGER LEDGER

Menus of the Day

If you are one of those wise cooks who are keen on using all leftovers you will be interested in these delicious desserts.

Cake Crumb Pudding
Two cups stale cake crumbs, 1 egg, milk, jelly and 2 tablespoons of sugar are the needed ingredients.

The amount of milk needed will depend on the kind of cake and the staleness of the crumbs, but usually about 2 cups are required.

Four the milk over the crumbs and let stand until absorbed. Add yolk of egg and beat well. Turn into a buttered baking dish and bake in a moderate oven until firm to the touch. This takes about 30 minutes. Remove from the oven and let cool. Spread with jelly and cover with the white of the egg beaten until stiff with the sugar. Return to a slow oven and bake 3 minutes to puff and color the meringue.

Uncooked Crumb Pudding
A good uncooked cake crumb pudding uses 2 cups dry cake crumbs, 1 cup stewed fruit and 1 cup cream whipped. Rub fruit through colander to remove stones and skins and make smooth.

Mix crumbs and fruit well and fold in cream whipped until firm. Turn into a shallow pan and let stand in the ice box for several hours to chill and become firm. Cut into squares and serve with sweetened whipped cream.

Spiced Bread Pudding
1 cup toasted bread crumbs
1 cup brown sugar
1 teaspoon soda
1/2 teaspoon ground cloves
1/2 teaspoon nutmeg
1 teaspoon cinnamon
1 cup sour milk
1 cup raisins

Steamed Pudding
When sponge cake, ginger bread or other cakes are too dry to serve, it is a good plan to steam them and serve with a sauce. 1 1/2 tablespoons cornstarch, 1/2 cup brown sugar, 1/2 cup granulated sugar, 1 pint boiling water, 1/2 cup raisins and 1 tablespoon butter makes a good sauce.

Mix the cornstarch and granulated sugar, then add the brown sugar and boiling water. Stir and cook over a low flame until the starch is thoroughly cooked, then add raisins and butter and cook for 5 minutes. Serve hot or cold.

MRS. DOOSE TO PRESENT REQUEST RADIO PROGRAM

On August 14 Una V. Doose will give a request radio program of her own work, submitted specifically for this weekly broadcast from 7:45 to 8 p. m. over KOKL, San Angelo. The subjects vary, following the introductory discussion of poetry, viz:

- "The Great Divide" (a stela song)
- "A Silver Carmen" (an age)
- "Suspense" (a religious poem)
- "Divorce" (a current topic)
- "My Blue Symphony" (philosophical)
- "Dearest" (a love lyric)
- "Anastasia's Cheats" (a whirling number)
- "My Swan Song" (supremacy of the soul)
- "Trouble" (a negro dialect)
- "To My Audience" (personal verse)

A few requests have come for this reader to give an elegy she has written in the memory of Will Rogers, in prose, however, and only through the personal requests of a large majority of her audience, will she feel free to give this number entitled "Dogie Maverick's Message from the Old Bank House," in the vernacular of the old-time cowboy.

MAURICE BARTLETT TO LEAVE FOR HAVANA, CUBA, TONIGHT

Maurice Bartlett plans to leave this (Thursday) evening on the train for Houston, where he will board a ship for Havana, Cuba, for a two weeks' vacation.

Bartlett, a clerk in the Weeks Drug Store here, won the trip as the result of a contest conducted this spring by the Southwestern Drug Company. His prize was first in the state and Robert Lusk Jr., also of Ballinger, also took first money in the customers' division of the contest. Lusk was given a trip to the Centennial exposition or the equivalent in money.

Bartlett plans to stop briefly in New Orleans then go on to Havana, where he will spend a week on a planned tour of the island city. He will return by boat over the same route.

Mrs. Z. A. Snell is at home after spending most of the summer in Lubbock, visiting her daughter, Mrs. R. L. Stephenson. She was accompanied home by Mary Ann Stephenson.

Mrs. C. F. Bailey and niece, Miss Mary Alice Leathers, of Blum, left today (Thursday) for a two weeks' visit at Los Angeles, Riverside and Glendale, California.

19 Couples Secure Marriage Licenses During 'Ruby' Month

The number of marriage licenses issued during July was five less than the number issued in June. During the past month only 19 couples secured the coveted writs. Although June failed to live up to its name of being the "month of brides," July was particularly consistent with the names of the young women included in the list granted licenses. The birthstone for July is the ruby, which may or may not account for the four in the July group to get married whose names are Ruby.

According to the records of County Clerk W. W. Chastain those applying for licenses were:

- E. E. Brumley and Willia Mae Peyton
- Everett Weyrick and Myrtle Robbins
- Elton Davis and Ruby Lightsey
- C. L. Jones and Loreta Hardcastle
- J. W. Powell and Evelyn Powell
- Arthur Underwood and Cleo Hoffman
- Leon Russell and Ruby Johnson
- Felix Book and Ruby Wilberg
- Lee B. Parks and Wilma Jonas
- T. C. Brooks and Geta Mathis
- D. H. Killebrew and Viola Pruet
- T. B. Saunders and Ruth E. Guthrie
- A. L. Wood and Ruby Harris
- O. J. Pumphrey and Moisesy Belle
- Ray Holstead and Nora Talley
- McCoy Thompson and Edna Meyers

And three couples who requested that their names not be published.

Miss Willie Dell Schawe, of New York, is here to spend the remainder of the summer with her mother, Mrs. A. Schawe.

Auto Sales Above Last Year's Mark; Gain Made in July

Motor vehicle sales in Runnels county during the first half of the year as compared to the same period in 1936 were almost double. Some dealers declared that sales were not quite double, but most of them stated that they sold as many cars up to the first of July, 1936, as they did during the entire year 1935.

During the past month 53 licenses for new automobiles were issued as compared to 49 during June and 41 in July, 1935.

According to the records of County Tax Assessor-Collector W. A. Forgey the following registrations were made in July:

- Fords**
Kendrick Motor Co., Winters, 9 passenger, 2 commercial
Chevrolets
Patrick Chevrolet Co., Ballinger, 6 passenger, 4 commercial

Large Attendance Expected at Club Encampment Here

Miss Myra Tankersley, county home demonstration agent, is mailing letters this week to presidents of all home demonstration clubs in the county, giving complete information and instructions regarding the annual encampment to be held in Ballinger Wednesday and Thursday of next week.

The letter requests that each club president contact the members of her club and find out how many will attend so that arrangements can be made to take care of all. A suggested menu for the meals is given and each delegation is asked to bring enough food for its members and for several extras in order to provide for the invited list at the Thursday noon meal.

Each individual is being asked to bring her cot, bedding, eating and cooking utensils and other items she will need. A large dressing tent will be erected at city park and the women will set up their cots in the open.

The club women will arrive here Wednesday afternoon and after the evening meal will present their first program. Thursday morning and Thursday afternoon will be devoted to programs which have already been arranged and at noon Thursday a number of guests will attend the meeting.

Miss Tankersley is expecting a large number of women at the two-day encampment. Practically every club in the county has stated that a delegation will be present and some will be represented by large groups. All those who attended the short course at College Station this summer are expected to be present and will take part in the programs.

WESTS ATTEND HOMECOMING OF BOSQUE COUNTY TOWN

Mr. and Mrs. D. M. West returned Sunday night from Fort Worth where they were called Thursday night to the bedside of a relative. The relative lingers, but without hope of recovery, according to attending physicians.

Mr. and Mrs. West returned by way of Eulogy, one of the oldest inland towns in Bosque county, to attend the eighth annual homecoming of former citizens. Mr. West resided there after coming to Texas when a young man, and before entering school in Brownwood. It had been more than 25 years since he left there and he had never been back except to spend one night.

Many people returned for the occasion, coming from Fort Worth, Dallas, Cleburne, Austin, San Antonio, Lubbock and Lamesa. Besides Mr. and Mrs. West, Mr. and Mrs. Sorie Alexander and family, and Mr. and Mrs. Robert Walker and family, of Pumphrey, Mr. and Mrs. John Beard and family, and Mrs. W. J. Bethea, of Wingate, attended the celebration.

A man, face scratched, clothing torn and covered with dust, rushed into a police station with a yell for vengeance. "The car that hit me three minutes ago was No. 76-542," he growled. "I can prove he was exceeding the limit and I want—I want—"

"You want a warrant for his arrest?"

"No. What good would a warrant do me at the rate he was traveling. I want extradition papers."

Mrs. R. A. Dickinson returned Sunday from several days' visit with relatives in Brownwood.

Bus Drivers Are Employed by Board For 3 School Runs

At a meeting of the Runnels county board of education here Monday afternoon bus drivers were employed, protests heard on transfers, and a considerable amount of routine business was transacted. All the afternoon was required to consider all the business presented.

Bus drivers were named after numerous applications were examined and discussed by the trustees. Those for busses that operate to the Ballinger schools are: Bill Poe, H. C. Scroggins, D. W. Gilbreth and P. I. Wood. For the Norton school Earl Cope and Joyce Crockett were employed, and for Winters Dick Sullivan and Marvin Bedford.

A group of trustees from common school districts was present to protest on a number of transfers from their districts. It was complained that the pupils in question could attend school in their home districts as their grades will be taught in their own school. In most cases the transfers were denied by the board and the children will have to attend the common district schools or pay tuition at other schools.

County Superintendent E. C. Grindstaff will begin preparing a list of transfers at once, and this will show the number each independent district in the county may receive.

The county board arranged a proposed calendar of work for the common district schools which will be presented to the trustees here on August 28 for approval and adoption.

RHODEN IS TRANSFERRED TO ABILENE OIL MILL

Mr. and Mrs. W. C. Rhoden are preparing to move to Abilene this week to make home. A transfer was announced Monday by officials of the West Texas Cotton Oil Company in which Mr. Rhoden is transferred to the Abilene office as cashier of the Abilene mill, and Oral Toney, of Midland, will come here to take Mr. Rhoden's place.

Mr. Rhoden has been with the Ballinger mill for the past nine years, handling the books and clerical work in the office. He will enter the general offices of the company at Abilene.

Mr. Toney was employed in the local mill office for several years, leaving here for Midland about two years ago. He and Mrs. Toney, formerly Miss Grace Murchison, are both well known in Ballinger.

Mr. and Mrs. Rhoden recently built a new residence on Sixth Street which they will probably sell before leaving here.

And Then He Sneezed

"Name?" queried the immigration official.

"Sneeze," replied the Chinese proudly.

The official looked hard at him. "Is that your Chinese name?" he asked.

"No," Mexican name," said the Oriental blandly.

"Then let's have your native name."

"Ah Choo."

Can What You Can

Few household tasks yield as much satisfaction as home canning. More interesting and more abundant meals and greater economy is achieved than the amateur would consider possible. The labor is so amply repaid that every moment of it becomes worthwhile. To be assured that none of the efforts or materials are wasted you must be certain that your equipment is adequate and your method "fool proof."

Open Kettle Method
In this method food is cooked directly in an open vessel and

then packed at once in sterilized jars and sealed immediately. All jars must be in perfect condition, and boiled for at least 15 minutes. Food is packed into the jars to within 1/2 inch of the top while boiling hot. Seal at once. Set aside to cool. Do not turn jars upside down while cooling and do not screw bands down after jars are cold and sealed.

Cold Pack Method
Sterilize perfect jars for 15 minutes. Prepare foods according to recipes. Add liquid to 1/2 inch of top. When using syrup 1 1/2 inches

from top of jar. Wipe top of jar and place sterilized lid on firmly. Process length of time indicated in recipe whether for pressure cooker, steam cooker or wash boiler. Remove jars from cooker and set aside to cool. Do not turn jars upside down while cooling and do not screw tops down after jars are cold.

Mustard Pickles
1 quart green cucumbers cut small
1 quart tiny cucumbers
1 quart sliced or very small onions
1 large cauliflower cut in pieces
4 green peppers sliced

Soak all ingredients for 24 hours in salt water, using 1 cup of salt to 1 gallon of water. Then scald in the same brine and drain. Make a paste of 6 scant tablespoons of ground mustard, 1 tablespoon of turmeric, a scant 1/2 cup of flour, 1 cup of sugar, 2 quarts of vinegar. Mix dry ingredients with a little vinegar, then add remainder of vinegar. Scald, stirring until well mixed and smooth. Pour over the vegetables while hot and seal in jars.

Corn Relish
Grind 1 large head of cabbage, 4 onions, 4 green peppers and 6 red peppers. Add scraped kernels of 20 ears of young corn. Bring to a boil with 1 1/2 cups of sugar, 1/2 cup of salt, 4 cups cider vinegar. Add 3 more cups of vinegar and a mixture of 3 tablespoons dry mustard, 1 tablespoon turmeric, 1/2 cup flour, 1 tablespoon celery seed. Cook 30 minutes. Pour in jars and seal while very hot.

Spiced Peach Jam
3 1/2 cups prepared peaches
1/2 cup lemon juice
7 1/2 cups sugar
1 teaspoon cinnamon
1 teaspoon cloves
1 teaspoon allspice
1 bottle liquid fruit pectin
Select 2 1/2 pounds of fully ripe peaches. Wash carefully. Peel, pit,

and grind or chop very fine. Add the lemon juice and spices. Measure the sugar into a large kettle and add the prepared fruit. If the mixture does not make 3 1/2 cups of prepared fruit, fill up the last cup with water if necessary. Mix well and bring to a full rolling boil over the hottest fire. Stir constantly while boiling. Seal in glasses or jars.

Pears
Pare and core. Drop in slightly salted water. Drain and boil 3 to 5 minutes in No. 2 or No. 3 syrup. Pack in sterilized jars, fill with syrup to within 1 1/2 inches of top of jars. Put on caps, screwing on tight. Process 25 minutes in hot water bath or 75 minutes in oven at 250 degrees or 10 to 15 minutes in pressure cooker.

"Cavalcade of Texas," great historical drama at the Texas Centennial exposition, is played on the world's largest and most elaborately equipped permanent stage setting. The set is 300 feet long, 100 feet deep, and 80 feet high at the back wall.

ED FARLEY INJURED HEAD IN FALL AT MARKET

Ed Farley, meat market owner, sustained a severe gash on his head early Monday morning from a fall in the rear of the market. Mr. Farley went to work about 4 a. m. and while in the rear of the store stooped over to pick up a rope, when he did this he either tripped and fell or fainted and fell and received the gash.

Emmitt Wilke, who works in the market, came down later and found Mr. Farley in the back of the store unconscious and called for a doctor. After receiving medical attention, Mr. Farley was reported to be resting very well.

Mr. and Mrs. D. W. Hooper left Sunday for Uvalde to get their daughter, who had been visiting there several weeks. They will attend the Centennial exposition at Dallas this week.

Mrs. L. D. Suggs and children, of Houston, returned home Saturday after visiting T. B. Saunders several days.

Fairness

Our charges are reasonable and fair—we are governed by fairness in fixing them—and we do not add financial worries to the already great troubles of bereaved persons. Nevertheless, our services are rendered to all with thorough, painstaking care, and rich or poor are all treated with equal respect and sympathy.

DEATHS

Mrs. Amandie Cornelius
Mrs. Amandie Cornelius, 87, died at her home Monday morning at 9:30 following illness of three months' duration. She and her husband moved to Ballinger from Wingate two years ago when her health began to fail, and made home here ever since.

Decedent was a member of the Baptist church and took an active part in religious affairs until her health would not permit her to attend services.

Survivors besides the husband are: a daughter, Mrs. E. J. Reed, Coleman; a son, Ivie Cornelius, Ballinger; a sister, Mrs. L. A. Huddleston; and four brothers, Jim, V. L., C. C. and C. R. Rohan, Texarkana.

Funeral services were held at the Jennings Funeral Home Tuesday afternoon, Rev. J. H. McClain officiating. Interment followed in Evergreen Cemetery.

Jennings Funeral Home undertakers were in charge of arrangements.

Campbell Infant
The infant of Mr. and Mrs. B. E. Campbell died at the family home near Runnels Sunday, August 2.

Burial was made in the Runnels cemetery Monday morning.

Hubbard-Williams Funeral Home was in charge of arrangements.

Ed Spill, editor of the San Antonio Express, visited relatives here the first of the week. Mr. Spill was on his way to Dallas to see the centennial exposition.

King-Holt Employs Funeral Director And Furniture Man

A. L. Mayhew, formerly of Floydada, has accepted a position with the King-Holt Company. He will work in both the furniture and undertaking departments of the local store.
For the past five years Mr. Mayhew has been associated with the Harmon Furniture and Undertaking Company at Floydada and comes to Ballinger highly recommended in every way. He is a licensed embalmer and funeral director and received his training in 1930 at the Dallas School of Embalming. He also has a state funeral director's license, which is required following enactment of a recent legislative act. Since 1925 he had been in the furniture business at Floydada and is familiar with every phase of it.

He was a member of the Methodist church in his former home and will be active in church work here. Mr. Mayhew was also an active Rotarian at Floydada and until leaving there was president of the Floydada Junior Chamber of Commerce.
Mrs. Mayhew will join her husband here this week-end and they will live in the Lyon apartments on Eighth Street. Mrs. Mayhew has also been very active in religious and social circles at Floydada.

SKELETONS GIVE CLUE TO 14-YEAR-OLD MYSTERY

YARNA, STATION, Australia, Aug. 5.—Finding of a human skeleton and the bones of a horse about 200 miles from Port Augusta, has revealed a clue to a mystery of fourteen years. In 1922, Olen Swindon, manager of Moonarie Station, while on a trip in charge of a cattle branding plant, discovered on reaching Kangaroo Well that the pumping apparatus was not working satisfactorily. The party pushed on to Kokatha, where Joe Smith, 21, was instructed to return to Moonarie and instruct the blacksmith to repair the pump.
After a month's absence the party returned to Moonarie, where it was learned that some horses at the well had perished through lack of water. Smith never was seen again.

MOTHER OF 11 ADOPTS 6
MAFEKING, August 6.—Although she had eleven children of her own, Mrs. Lovina Pretorius, who recently died at Potchefstroom, adopted six orphans during her life. She was married three times. In addition to the seventeen she reared she once found a native tot which evidently had fallen from a wagon, and paid a native woman to bring it up.

Electricity used to illuminate the grounds at the Texas Centennial exposition is sufficient to supply power for the lighting of the commercial and residential areas of America's busiest city of 100,000 population.

Automatic Board—

Continued from page 1)
county rate will be set at a meeting the commissioners' court in Ballinger Monday. The rate has already been discussed but it is illegal to definitely fix the total until after the state rate has been announced. The county rate last year was 56 cents on the \$100 valuation.
The Ballinger independent school district tax rate remains at \$1 for another year, the same it has been for several years.
The municipal tax rate will be set by the city commission in

September. Last year it was \$1.10 on the \$100.

Even the folks in the "upper" have to draw the shades now-a-days. There are windows in the upper berths of some of the new trains on the western railroads.

Mrs. M. C. Atkins and son, of Bryan, are the guests of Mrs. H. J. Atkins and Miss Grifflie Atkins this week.

Misses Helen Moore and Elva Sykes left Monday morning for Waxahachie to visit friends.

175 SUBSIDY CHECKS HERE FOR FARMERS

One hundred and seventy-five cotton subsidy checks for Runnels county farmers arrived this week and distribution will commence tomorrow (Friday) afternoon, according to John A. Barton, county agent. This batch of checks represents approximately \$7,500 for farmers who operated cotton farms last year under contract with the government. Most of the checks are for an average of \$40.

Mrs. S. A. Riddle and Mrs. Arch Hackley, of San Angelo, visited Mrs. E. H. Boelsche Monday.
