

THE BALLINGER LEDGER

VOLUME 54.

BALLINGER, TEXAS, THURSDAY, JULY 1, 1937.

NUMBER 28.

Ballinger Stores to Close Monday in Observing 4th

Ballinger business houses will be closed next Monday in observance of Independence Day. With the Fourth coming on Sunday, local merchants decided to close on July 5 to give their employees a holiday and opportunity to attend some of the celebrations in progress in the state.

Locally the only observance of the national red letter day will be the annual party and golf tournament at the Ballinger Country Club. Others who do not hold membership in the club, will take the holiday in sundry ways, some going to Dallas and Fort Worth for the Pan-American Exposition and the Frontier Fiesta. The annual races and July Jubilee at Brady will begin Monday morning and that city will get heavy patronage from here.

The Stamford Cowboy Reunion and the Crockett livestock show and sale, to be held on July 1, 2 and 3, will not get the number from here as in previous years as local business concerns will not be closed on those dates.

Perhaps the largest number of Ballingerites to leave town will go on week-end camping and fishing trips along streams in this section.

No petition was circulated here in regard to closing, it being an established custom to observe the Fourth of July on Monday when the holiday falls on Sunday. A partial canvass was made of the business district and of the service clubs, every person interviewed desiring to suspend business on July 5.

LOCAL MEXICAN W. O. W. CLUB DEFEATS ANGELOANS

The baseball team of Anahuac Camp, local Mexican W. O. W. lodge, defeated the San Angelo W. O. W. lodge team last Sunday at Fair Park by the score of 13 to 7. Melchor Medrano pitched for the Ballinger nine.

The local team, organized by J. E. Lopez, was undefeated all last year and is looking forward to another successful season.

Mrs. Gertrude Wood and mother, Mrs. A. G. Ellis, and Mrs. H. Laxson and mother, Mrs. A. T. Campbell, returned Monday from Fort Worth and Dallas where they attended the Frontier Fiesta and the Pan-American celebration.

Mrs. J. B. Striplin and son, James, came in Wednesday from Tennessee, where they had been visiting relatives the past three weeks.

Mrs. Homer Vanderpool is here from Fort Worth, spending the week with her husband.

Mr. and Mrs. Harry Lynn and daughters returned this week from Dallas and Fort Worth, where they attended the celebrations in those two cities and visited relatives.

Police Watching Double Parking; Free Lot Needed

Extra police were employed in Ballinger last Saturday to help unsnarl downtown traffic and efforts were made to eliminate as much double parking as possible. Chief of Police Lee Moreland stated Wednesday that additional patrolmen would be used again next Saturday to keep streets open and force motorists to move on or find parking places.

Chief Moreland stated that it was permissible for people to do their shopping and then come back and park any way they could while loading, but they were warned not to park in the streets and leave their automobiles to do both the shopping and loading. He also urged local citizens to leave their cars at home on Saturday afternoons and evenings or to park them outside the business district where they would not interfere with the crowds of out-of-town buyers.

A close watch will be made of alleys to keep cars from parking there. The alleys must be kept open for delivery cars, Chief Moreland pointed out, and trucks and private automobiles will be tagged when found parked there.

Mr. Moreland said a public parking lot was badly needed in Ballinger for busy days. There is no place for motorists to park in large numbers and a convenient lot near the business district should be provided, the police chief suggested.

Winters authorities announced recently that they would stop double parking. All curbs there have been painted and traffic officers instructed to watch cars and keep them from behind other vehicles.

DR. HALE RETURNS TO OFFICE AFTER MONTH IN HOSPITAL

Dr. F. M. Hale is able to be back in his office here this week after spending a month in a San Antonio hospital. He returned to his home last week, considerably improved, but was unable to resume his practice until Monday morning. He is much better but still suffering from the trouble that affected his feet.

HENRY JONES IMPROVES AFTER AUTOMOBILE CRASH

Henry Jones is recovering from injuries sustained in an automobile wreck June 19, when he had a head-on collision on the Ballinger-Winters highway. He suffered severe cuts and bruises which have about healed and he is able to look after his business at Winters.

Jack Nixon, Jr., attended to business at Junction Friday.

Norton Club Girl Winner In 4-H Bedroom Contest

The girls' 4-H club bedroom contest ended this week when all the rooms were scored for the second time. Cost of improvement ranged from \$3.72 to \$16.65. Mary Dell Murphy, bedroom demonstrator of the Norton club, won first place and will receive a free trip to the short course at College Station.

This is Miss Murphy's first year in club work and in referring to her room, she said, "I have always wanted a room like this and I am so proud of it."

In the beginning her room had two old wooden beds, which had been painted white, a chest of drawers made from an old folding bed and a closet. This was transformed into a convenient, comfortable and attractive room, a place in which to rest, read and study.

Miss Murphy began her work by repapering the walls and ceiling and painting the woodwork. The beds were taken down and one of them was cut down to "modernize" it. The paint was removed with fly paste and then refinished with dark stain and varnish. The chest of drawers was finished to match and provides plenty of storage space for linens, bedding and flat wearing apparel. An old table which had been in the family for years and had been discarded was refinished to match the other furniture and is being used for a study table. Above it hangs a home-made shelf for books. A

small dressing table was made and a mirror hung above it. The closet is large and provides room for clothing, shoes, etc. The floor was refinished and stained dark to harmonize with the furniture in the room. The total cost for all the improvements was \$3.72.

The second place winner in the county contest was Miss Winona Faubion, demonstrator for the Crews 4-H club. The narrative of her accomplishment follows:

"First I took everything out of the room, washed the kalsomine off with the hose. Daddy and I built my closet then I painted the room and enameled the window facings and door facings and closet door. Next I took my bed out and removed the enamel which was on it and refinished it with two coats of enamel. I made my dressing table out of two orange crates, enameled the top and put a cretonne curtain around it. The stool for the dressing table is made of a nail keg and has a covering of cretonne to match the dressing table. I took an old mirror from an old chest of drawers and hung it above my dressing table. I moved a desk into my room for my study center and hung a small picture above it.

"My closet has a shelf above for storing linens and a rack in one end for my shoes. I also made my curtains and a tufted bedspread. The total cost of my improvements is \$5.57."

Fair Officials Planning Twelve Community Visits

Births Outnumber Deaths as First Half Year Closes

Records of vital statistics for the first half of 1937 at the city secretary's office and on file with the county clerk indicate that births in Ballinger and Runnels county are keeping well ahead of deaths.

A total of 118 births was registered with County Clerk W. W. Chastain, compared with thirty-seven death certificates issued. This is not a fair comparison, however, as persons dying in Ballinger and some of the other large towns are not registered with the county clerk, the place of death rather than the legal residence being recorded. Of the 118 births, 52 were white males, 55 white females, one male Mexican, eight female Mexicans and one female negro.

In Ballinger forty-two birth certificates were issued, divided as follows: sixteen white males, fourteen white females, four male Mexicans, five female Mexicans, two male negroes and one female negro. Thirty-eight deaths were recorded at the city hall.

There were no twins or other multiple births recorded in either the city or the county.

NEW EQUIPMENT ADDED BY SYKES MOTOR CO.

Sykes Motor Company, local Dodge and Plymouth dealer, has added a Motor Analyzer to the extensive service facilities offered by the dealership.

This machine, as announced by O. C. Sykes, president of the dealership, enables the service men to make a thorough test of the motor and ignition systems within a very few minutes. Compression leaks, bad spark plugs, faulty ignition and other important possible defects are revealed on gauges read as easily as a thermometer.

Mr. Sykes pointed out that careful check-up with the analyzer often detects minor troubles which, if uncorrected, later involve costly repair jobs. He also emphasized the dangers of faulty ignition systems. Possibility of short circuits with attendant fire hazards, light failures, and other dangerous conditions will be obviated with the new analyzer which brings any tendencies along this line to light.

Complete check-ups with the new analyzer will be made free of charge, Mr. Sykes said.

COUNTY AGENT AND WIFE VACATIONING IN MEXICO

Mr. and Mrs. John A. Barton left Monday for a ten days vacation trip in Mexico. They went from Ballinger to Laredo and planned to go from there to Monterrey for a sightseeing trip. Mr. Barton will return here next week to look after the work in the county agent's office.

Miss Shirley Ann Brown is visiting her grandmother, Mrs. Alice Brown, in Brownwood.

As one of the first steps in staging the 1937 Runnels County Fair four committees of the Ballinger Chamber of Commerce have begun making plans for a number of booster trips to various communities in this county to advertise the fair and interest rural citizens in selecting produce for exhibition.

J. D. Motley, secretary, stated that ten or twelve night trips were being planned. The boosters intend to take a large number of people, the Ballinger Cherry Band, a group of entertainers, and advertising material for the fair. The trippers will spend an entire evening in each community visited.

Next week a schedule for the trips planned will be announced and all local citizens are urged to join the excursions.

Mr. Motley said Monday that the best prospects in years for a good fair were now in sight. An entertainment program that will draw thousands is assured and farmers and livestock raisers will have the best exhibits in many years.

Within a few weeks a committee will have the premium list prepared and prizes to be offered will attract exhibitors in all departments. It is hoped to revive interest in community agricultural exhibits and an entire building will be devoted to this one feature.

Local merchants are asked to start talking the fair and to urge their friends to make preparations to take part in the big 1937 celebration.

ROWENA BAPTISTS TO HAVE EVANGELISTIC SERVICES

The Rowena Baptist Church under the leadership of the pastor, Rev. R. B. Coleman, announces revival services starting next Sunday, July 4, and continuing through Sunday, July 11. Rev. W. P. Ray, pastor of the Lampasas Baptist Church, will conduct the campaign.

Special prayer services are being held each evening the remainder of this week.

Singers are requested to help in the meeting and the public is urged to attend all services.

BALLINGER AND ROWENA BANDS TO PLAY CONCERT

Continuing the summer series of open-air concerts on the court house lawn, the Ballinger Cherry Band will combine with the Rowena band this (Thursday) evening in a joint concert, which begins at 8:30 o'clock.

Gordon Wetzel, employed by Mike Boyd since school closed, has returned to Brownwood where he accepted a position with the Barnett Baking Co.

Ballinger Stores To Close Monday In Observing 4th

All 4-H club boys who are members of the Runnels county cotton club were here for a meeting Saturday afternoon and returned for an all-day meeting Wednesday to continue their study of grading and classing cotton.

The meeting are being held in the office of Herring & Stallings with Hill Hampton, local manager of the West Texas Cotton Growers' Association; Thomas B. Hill, soil conservation agent; Wesley Reese and Leonard Stallings, local cotton buyers, giving instruction to the boys. Some eight or ten sessions will be held here. The five aptest boys then will be organized as a grading and classing team and taken to the short course at College Station. Three boys will be designated to the team with two going as alternates.

Government standards will be followed on both grades and staples, these to be furnished by the West Texas Cotton Growers' Association. Herring & Stallings are donating the actual samples for the school and the four men instructing are giving as much time as possible to teach the boys.

At the short course the team will compete with teams from all other cotton growing counties in the state.

There were 20 boys present at the meeting this week and all evinced much interest in the instruction.

REACHES DREAM CITY. FINDS IT OVERRATED

LONDON, June 30.—H. St. J. Philby, British traveler, who reached the lost city of Shabwa in Southern Arabia by permission of the mighty King Ibn Saud, has returned to tell that it is the city of a dream.

Long was it sought vainly by travelers whose imaginations were inspired by stories of its ancient glories. Old Roman Philby wrote that this capital of the Himyarite kingdom had sixty temples within its walls and that the riches of the East flowed through its markets.

All that Philby found was a population center of no vast extent with two gateway towers, a broad street and the foundations of what may have been a single temple. The city was built above a rock salt mine and this supplies a clue to its fallen greatness. Philby believes that floods washed most of the buildings away.

Some idea of the size of the locomotive is given by an Exposition houseman, Texasita Lois Crow.

Miss Hughey Will Help Home Cooks With Problems

Streamlined methods which clip both time and trouble from the process of putting up fruit will be offered Ballinger housewives by Miss Pearl Hughey, home economist for the Community Natural Gas Company, who is visiting the company's local office June 28 to July 3.

"Knowing the preserve and jam season would be in full swing when I reached Ballinger, I've come prepared with some brand new and simplified recipes," Miss Hughey said. "The fruit and berry season is so short that at best it means crowded hours for all of us who are interested in taking advantage of it to provide winter delicacies for the family," she added. "That's why I'm in favor of oven canning, which saves time and trouble, and eliminates

tedious standing over the stove to stir the fruit."

Miss Hughey has a number of suggestions which should be of practical assistance to housewives of Ballinger and vicinity. Do you know what makes perfectly grand fruit lose not only its shape but most of its juice during the canning process? Or why fruit occasionally spoils after canning, in spite of close attention?

"Too much heat is the answer to the first, and too little to the second," Miss Hughey replies. "Violent boiling of the fruit during canning, caused by too much heat either in oven or the open-kettle method, will result in a shapeless, juicy-less mess in most instances. On the other hand, too little heat will result in under-processed fruit which will spoil in the cans. That's one reason why I'm enthusiastic about the oven-canning method. With the automatic heat control on the modern gas ranges, you can measure your heat as accurately as the sugar you use."

As on her previous visit to Bal-

linger, Miss Hughey will conduct a series of floor demonstrations on modern cooking methods at the gas company office, J. A. Schnable, local manager, says. In addition, her services will be available on appointment to visit Ballinger homes and demonstrate cooking methods as well as giving instructions on the use of the gas range.

"Her services are free to Ballinger housewives as a part of our regular customer service," Mr.

Schnable said. "Anyone may secure her help by calling telephone 167 and asking for Miss Hughey or making an appointment for a home call."

NORWAY PROMOTES TRAINING OF MORE DOMESTIC SERVANTS

OSLO, June 30.—The everlasting servant problem is being tackled in a new way in Norway. The government has adopted a scheme

for the promotion of domestic training throughout the country and has set up a special section in the ministry of agriculture to deal with the matter.

The woman chosen to head this section is Miss Dina Larsen, who organized the state school for the training of domestic teachers, and has previously acted as the government's adviser on domestic training questions. Miss Larsen will have under her a staff of

experts on nutrition, household and kitchen equipment, and rationalization of housework. Most interesting of all, she will have a corps of itinerant women teachers who will go about giving domestic training courses in all parts of Norway.

Mrs. Ford Taylor left Friday for Monroe, Louisiana, to be with her sister, Mrs. J. W. Speer, who is seriously ill.

LIVING UP TO MY AD

Giving you tops in Mileage

I know the trouble. So many oil ads yell mileage, that you can't tell one way or another. I don't want my own ads to be in that class, so I'd like you to know all I'm staking, when I personally recommend Conoco Germ Processed oil to you. In my case, you see, I'm the owner of my business. And there's nothing makes repeat customers for me like my Germ Processed oil . . . or I ought to say, the long mileage it gives you. The patent Germ Process makes this oil get fastened real firm to the bearings and cylinders and other parts—as if they'd been built with an actual plating of oil that can't separate . . . can't thin out and burn right up. Neither is it going to run down every time you stop. Then you can't make any "dry starts" with Oil-Plating, and right there is where engineers say you will end a good half of all the wear you used to get in Summer. The less wear, the less oil your engine eats. You'll get on to this yourself, from your cool quiet Oil-Plated engine. And that's how I make another good friend for my Conoco Germ Processed oil.

Grocery Installs Air-Cooling Unit

Sam Behringer, owner of the Behringer Grocery, this week installed a modern washed-air conditioning system in his store.

The unit, which was built by W. D. Pulliam, of San Angelo, who also constructed the unit now in use at the City Cafe, consists of an eleven-foot duct on the outside of the building and an eleven-foot duct inside the store extending down from the ceiling, the cool air being distributed from the duct through louvers in the bottom and four sides of the duct.

The system will raise the humidity content of the air from 29 to 60 and reduce the temperature to an average of 80 degrees F., agreed upon by scientists as the ideal temperature for this time of the year.

Behringer's and a store in San Angelo are the only two grocery stores in West Texas having air-conditioning systems.

The wedding took place on Sunday afternoon, June 27, place not mentioned.

Commenting on the marriage Mr. Simpson writes, "Your representative could never have been made to believe that he would ever have married one of West Texas' persecutors in politics, but love knows no bounds and maybe East and West Texas will be the more fortunate some day."

Mr. Simpson represents Rannels, Coke and Concho counties in the legislature.

SEARCH FOR WARTIME NURSE IN GERMANY

BERLIN, June 30—Berlin authorities are trying to find a wartime nurse who befriended a little girl from South Africa during the world war. Ada Phillips, 1 year old, was sent to Berlin for tuberculosis treatment in 1912 and was cured.

The war came on and food difficulties brought back her illness and left her crippled. Her nurse had to leave Berlin and lost track of her.

In 1917, the nurse found the girl again in Berlin in a pitiful condition, crippled and starving. Taking her into her own home, the nurse cared for her, later having her exchanged to England for a wounded German prisoner. Now Ada Phillips, fully cured, has asked the German Red Cross to help her find the nurse.

Mrs. Robert Furman entered the San Angelo clinic Tuesday for treatment.

IRISH FAMILIES STAGE NEW STAY-IN STRIKE

DUBLIN, June 30—Families in the slum areas of Sigo have furnished a variation of the stay-in strike.

Fifteen families from condemned houses moved secretly into unfinished municipal houses. The dwellings have no windows and no doors. The stay-in strikers explained that they had been unable to get homes in previous corporation housing schemes, although they had been promised them.

Civil guards tried to persuade them to leave, but they refused. They allowed the contractors to continue working.

Some of the houses which the strikers left have been occupied by people who quit even worse habitations.

WOMEN BEAUTIFY ROADS

DUBLIN, June 30—Irish women have banded together to beautify the roads. Recently the lord mayor of Dublin inaugurated the work by planting a cherry tree.

Poison Received Here for Battle Against Hoppers

Thomas B. Hill, soil conservation agent, stated Tuesday that Runnels county farmers were fighting grasshoppers in many sections and that the county agent's office here was giving every possible assistance on farms infested by these pests.

A shipment of poison arrived here this week to be used in the fight in this county. Last week 1,000 sacks of bran were shipped here and Tuesday Mr. Hill secured syrup which will be sold at cost to the farmers of this county.

Under the present plan the government is supplying half the bran and the farmer furnishing the other half or its equivalent, the government all the poison, and the syrup will be sold at 17 cents a gallon. Mr. Hill stated that farmers who did not wish to buy bran for their part of the mixture could bring cottonseed hulls.

In obtaining poison farmers must bring their bran or hulls to Fair Park where the government portion will be issued and mixed before it is taken from the building. Those who wish to buy their syrup can get it there at the above mentioned price. Farmers must bring containers to take the poison mash away in as no sacks, boxes or cans are available at the mixing plant.

Approximately 1,400 letters are being mailed this week advising farmers of the service offered here and giving complete instructions for battling hoppers.

Mr. Hill said he had assisted a number of farmers this week whose fields were being ravaged by hoppers. Where the mash has been scattered around a field excellent results have been attained and destruction of the pests is speedy. All farmers are asked to keep a close watch for hopper damage to crops and also to examine cotton regularly for flea infestation.

Local Rotary Club Begins New Year With Sessions Head

The Ballinger Rotary Club closed its year with an appropriate program on Tuesday, June 29, honoring outgoing officers and those who will take over direction of the club's affairs the ensuing year.

Paul Petty, retiring president, gave a brief report on the work done by the club during the past twelve months, paying tribute to the committee members who have served faithfully under his leadership. He especially thanked the program committee for its work and in seeing that a good program was arranged for each weekly meeting. He referred to the fellowship, the attendance record and the financial condition of the club and urged members to assist the incoming officers as they had during the past year.

Horace Sessions, incoming president, was presented and spoke on his hopes for cooperation from committees and explained the club paper, "The Turn of the Wheel," which will be edited during the next year by Dwight A. Sharpe, assisted by Estes Lynn and R. T. Williams. The first issue of this mimeographed paper, distributed at the luncheon Tuesday, included the programs for the succeeding six months and all standing committees. President Sessions said that the club publication would be a hobby of his and that he hoped 52 issues would be published while he was head of the club.

The first president of the Ballinger Rotary Club, H. C. Lyon, was presented and in a short talk expressed the club's appreciation to Mr. Petty for his leadership and presented him with a Rotary emblem, a gift from the members. Albert Fryar will arrange the first program of the new year, this to include a group of guests giving their versions of the Pan-American Exposition at Dallas.

Frank Cameron was elected to membership in the club with the classification of garage operator.

**Contest to Find New
Word for Housewife
Begun by Utilities**

A growing "suspicion" that West
Texas women resent being called
"housewives" prompts a radio con-
test to find a new name for the
home-maker, W. O. Wallace, dis-
trict manager for the West Texas
Utilities Company, announced
yesterday.
Prizes valued at approximately
\$500 will be awarded in the con-
test, Mr. Wallace said. The grand
prize will be a large sized electric
refrigerator (Frigidaire).
The contest will begin July 5,
lasting six weeks. It will be con-
ducted over radio stations KGKL,
San Angelo, and KRBC, Abilene,
and will be supplemented by news-
paper advertising in their broad-
casting radius. Details of the con-
test, Mr. Wallace said, will be
given on the company's woman's
news programs over the two
stations Monday morning at 9:15
o'clock in Abilene and 9:30 o'clock
in San Angelo.

Women will be invited to invent
a substitute name for "housewife"
and explain why they prefer that
particular name in a 100-word
letter. It was learned. Second
prize will be choice of an electric
dishwasher or a washing machine,
and third prize will be a food
mixer. The next ten best names
will each win their author a small
electric appliance.

Mrs. Don Mathis and children,
Don, Jr., and Marjorie, of Hous-
ton, visited relatives here for a
short time Tuesday.

Mr. and Mrs. R. T. Williams and
daughter, Miss Eleanor, left today
for California, where they will
spend several weeks vacationing.

Mrs. Joe Forman and daughter,
Mary Jo, returned Wednesday
from Pelly, where they had been
visiting for the past two weeks.

"Maytime," based on the unfor-
gettable Broadway play by Rida
Johnson Young, comes to the Ritz
Theatre next Sunday, Monday and
Tuesday, July 4-5-6, enhanced ten-
fold by the vaster resources of
Hollywood and the artistry of
Metro-Goldwyn-Mayer.

Jeanette MacDonald and Nelson
Eddy are the stars and John
Barrymore appears in his first
role since "Romeo and Juliet."
Lynne Carver, a screen new-comer,
has the juvenile feminine
romantic part with Tom Brown.
Noel Langley adapted the piece
and the songs were written by
Sigmund Romberg, composer of
the original Broadway score, with
Herbert Stothart, who composed
the first screen opera, "Char-
lotta," which occupies a melodious
sequence.

Hollywood's "Maytime" is a
lavish thing, beautiful to see and
lovely to hear. Obviously, it was
possible to attain a breadth of
background that was impossible
on any stage.
Hunt Stromberg and Robert Z.
Leonard, who respectively pro-
duced and directed last year's
screen hit, "The Great Ziegfeld,"
occupied the same positions in the
production of "Maytime." They
have gone to even greater lengths
in the new offering, reviewers
declare.

Jeanette MacDonald and Nelson
Eddy add to the laurels they won
in "Naughty Marietta" and "Rose
Marie." Their song together, "Will
You Remember?" from the stage
play, is unforgettable. Miss Mac-
Donald also sings two complete
operatic arias and parts of others.
Eddy sings three excellent novelty
songs, "Students Drinking Song,"
"Vive L'Opera" and "Virginia
Ham and Eggs." Together, they
give a beautiful rendition of the
folksong, "Carry Me Back to Old
Virginia."

RESOLUTION
June 30, 1937.

It is with sincere regret that the
Ministers' Association of Ballinger
learns of the resignation of Bro.
J. H. McClain as pastor of the
Ballinger Baptist Church. Our
fellowship with him has always
been pleasant. His consecration
and sincerity and his ability as a
"true shepherd of the flock" has
brought his congregation to many
victories during his long ministry
here. His earnest championship
of strict Christian principles in
all social issues has influenced not
only his own congregation, but
many others as well, for right
living.

Mrs. McClain also has con-
tributed much to the cultural and
religious life of Ballinger.
May happiness and fruitful
labor be among the blessings that
God shall bestow upon them in
their new field.

Second Half in Concho Ball League Sees Winters Member

Managers of teams in the Concho Basin Baseball League met at San Angelo Tuesday to approve the schedule for the second half, hear evidence in protested games and attend to other business. The Robert Lee team, loser of 18 games in the first half, has dropped its membership for the second half and Winters was voted its berth in the loop. Teams reporting ready to go in the last lap which commences on July 11 are Ballinger, Bronte, Miles, Rowena, San Angelo and Winters.

The Bronte club was declared winner of the first half and a

team, would be in the line-up. Winters promoters plan to put a fast aggregation of players in the circuit race and offer plenty of trouble to other clubs in the second half.

The league president, Tony Slaughter, of San Angelo, ordered all games rained out on June 6 to be played on Sunday, July 4. This will send the Ballinger team to San Angelo, Bronte to Rowena, and Robert Lee to Miles. All these contests are double-headers.

The Ballinger team will appear in new uniforms at San Angelo next Sunday. The suits, which have been ordered for some time, will arrive in time to be pressed and fitted for the Fourth of July games.

The official standings at this time, with each team to play two games Sunday, follow:

Bronte	16	2	.889
Rowena	12	6	.667
Ballinger	10	8	.556

The second half schedule follows:

(Season Ends)
Before one of the largest crowds of the season, the Ballinger Bears and Rowena Saints shared a double-header in baseball last Sunday, playing at Rowena. The locals won the first encounter 8-7, with White pitching. The Saints took the second, a seven-inning affair, 6-2. Smithwick tossed for the Saints and Watkins was on the hillock for Ballinger in the nightcap.

San Angelo's Shepherders took two straight games from the Miles Giants Sunday, the score for the first being 14-3, and for the final tilt 11-4. Oscar Peoples pitched for the Herders in the first go and in the second Troy McKinney allowed the Milesmen only one safe blow.

At Bronte the Pirates shut out the Robert Lee Generals in the first game of a double-header, the count ending 7-0. Pitcher Corley whiffing 12 men. The Bucs took the closing melee 6-2. Doran pitched both games for the Robert Lee team.

Janet Gaynor and Fredric March come to the Texas Theatre for three days on Sunday, July 4, also being screened in special Saturday midnight prevue, in David O. Selznick's technicolor production, "A Star is Born."

This glamorous story of a little country girl who came to Hollywood, faced the odds of 100,000 to one and scaled the heights of stardom, marks the first up-to-the-minute story to be filmed in technicolor.

Adolphe Menjou, May Robson, Andy Devine and Lionel Stander are in the supporting cast.

The film shows many famous Hollywood landmarks in their natural colors for the first time. Among these are the Trocadero, world-famous night club, Grauman's Chinese Theatre, the Santa Anita race track, the Biltmore Bowl, the Hollywood Legion Stadium, where the stars see their prize fights; the Hollywood Bowl; the Brown Derby, celebrated eating place; and the famous intersection of Hollywood Boulevard and Vine Street, the center of movieland.

Will Rogers at Best as Lovable, Laughable and Witty "David Harum"

The most laughable and lovable character in American fiction, as only Will Rogers could play him, brings humor, thrilling romance and gripping action to the Texas Theatre when "David Harum," 20th Century-Fox's adaptation of the novel by Edward Noyes Westcott, opens tomorrow (Friday) for two days' showing.

In the perfect role in his greatest picture, Rogers plays a canny and kindly match-maker who helps young love along, climaxing his efforts by winning the most extraordinary horse-race ever filmed, pounding to a whirlwind finish as an entire stadium sings the winner on to victory.

Hard-headed, soft-hearted David Harum is a small-town banker with a grasping reputation but a soft spot in his heart for Evelyn Venable and Kent Taylor, who, in the romantic leads, have the supreme luck of capturing the interest of the best "course-of-true-love" aider in seven counties. Because the young man is in such financial straits that he dare not pursue his courtship of his rich young sweetheart, Rogers induces Taylor to bet all of his meager savings on the outcome of a trotting race in which he, Rogers, is to drive a shrewd horse-trader, the banker is convinced of his horse's definite superiority.

Interfering, however, with the orderly process of the race is the peculiarity of the horse, who can win only when hearing a favorite tune. The rousing chorus of a stadium full of people singing to a blaring band sweeps Rogers and his horse on to brilliant victory.

Mr. and Mrs. R. E. Clements, of Goldthwaite, returned home Tuesday after spending a few days with their son, George Clements.

Mr. and Mrs. E. C. Grindstaff left this week for Mineral Wells, where they will join Mr. and Mrs. W. C. Rhoden, of Abilene, in a camp. The two couples will visit in Dallas and Fort Worth before returning home.

Mr. and Mrs. George Stowe, of Abilene, were in Ballinger Tuesday, visiting friends and attending to business.

Mr. and Mrs. Loyd Herring left this week for Mexico, D. F., where they intended to spend two weeks sightseeing.

Fort Worth Fiesta Plays to Capacity Crowds at Opening

FORT WORTH, June 30.—The Fort Worth Frontier Fiesta, featuring the 1937 Casa Mañana Revue, this week got off to a flying start with a record attendance of 12,000 at the huge cafe-theatre alone on opening night.

As the successor attraction to the 1936 Frontier Centennial moved into high gear on its regular schedule, words of praise poured from the typewriters of eight distinguished newspaper and magazine critics who flew here from New York for the formal opening.

Besides the huge crowd that three times jammed the "House of Tomorrow" on opening night, thousands of persons witnessed the other unique attractions that Billy Rose, Broadway showman deluxe, has placed on the grounds to make Fort Worth the fun spot of the nation—Melody Lane, where famous composers play their own compositions; Firefly Garden, where the renowned Salici Puppets perform; Pioneer Palace, already celebrated for the extraordinarily hilarious performance last year, and the thrill show, "Flirting with Death."

Already the nation has learned that the Frontier Fiesta is even greater and more spectacular than the show last year. From the moment President Roosevelt, by

remote control, severed the larist stretched across the entrance of the grounds, there has been a continuous clicking of turnstiles as crowds poured in to see the galaxy of stars such as Paul Whiteman, Harriet Hoctor, Everett Marshall and many others.

A completely new show in Casa Mañana this year, using as its theme the four best selling books, "Gone With the Wind," "Wake Up and Live," "Lost Horizon," and "It Can't Happen Here."

KEEP COOL

What could be more invigorating and refreshing these hot days than to step into a cool shower for a few minutes.

Why not utilize that extra closet or other space in your home by turning it into an extra bath. Cabinet showers occupy very little space, are easily installed and are very reasonable in cost. Consult your local dealer and find out how little it will cost you to enjoy the luxury of a shower this summer.

Less Monthly Discomfort
Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated. Careful, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

Following the devotional by Mrs. Halley, Mrs. G. P. Teague sang "He Needs Me" as a solo with a quartet chorus composed of Miss Maggie Lilly, Mrs. Paul Petty and Mary Jo Webb. "Up to Date on the Philippines" was the subject discussed by Mrs. A. H. Wiesepape; "Leyte and Samar" by Mrs. Rufus Allen; "Seven League Boots Needed," by Mrs. Dewey Campbell; and "Mujeres Mas" (Those who go the second mile) by Mrs. Ben Smith. Mrs. E. E. McVay read the names in the book of prayer, and a quartet, "Go Work in My Vineyard," was an additional musical number.

Mmes. Halley, J. W. Black, Joe Astertag and U. S. Daniel were hostesses during the social hour and served punch and cookies to the following: McVay, Wiesepape, Petty, Smith, W. A. Taylor, J. H. Card of Thanks
To our many friends who ministered to us in so many ways, both spiritual and material, at the time of our great sorrow:

Since it is not possible for us to see and thank each of you in person, we take this method of expressing our appreciation. Your kind thoughtfulness makes our grief seem less poignant, and our grief easier to bear. May He who said, "Inasmuch as ye did it unto one of the least of these . . . ye have done it unto me," bless you, every one.

CHRISTIAN VACATION CHURCH SCHOOL CLOSSES

The vacation church school at the First Christian Church closed last Friday noon with a picnic in the park. Attendance was consistently good during the two and a half weeks.

Some of the parents have mentioned definite improvement in the attitude and conduct of their children in the home life as a direct result of the teaching and guided activity of the sessions. This is gratifying to the faculty who feel that such is the true measure of a good school.

Handwork was exhibited and certificates for good work and attendance were presented to the children at the morning church hour Sunday.

Rev. McClain Resigns After Serving Church Ten Years

Rev. J. H. McClain, pastor of the Ballinger Baptist Church for more than ten years, tendered his resignation to the membership at the conclusion of the Sunday morning service. The resignation, to take effect June 30, came as a surprise to many in the congregation and to the entire city.

Rev. and Mrs. McClain came to Ballinger on March 1, 1927. Recently members gave them a shower on the anniversary of their tenth year of service to the local church. During the decade here, Rev. McClain has met with excellent success in all departments of the church.

Listed among his outstanding achievements was the retiring of indebtedness on the church, built under the pastorate of Rev. Alvin Swindell, whom Rev. McClain succeeded. A \$7,500 pipe organ was installed and paid for by the membership and a modern parsonage bought and paid for during the past ten years. Under the

Rev. J. H. McClain

leadership of Rev. McClain 599 members have been received into the church by letter and 331 by baptism, a total of 930. He has conducted 260 funerals and performed 234 wedding ceremonies. In addition to this work he has been connected with many movements in the Baptist association for this section, has served in the interest of religious education for Baptist schools of the state, and is a leader in young people's work in the region.

Many churches have enjoyed his services in conducting revivals and many people have been led to Christ under his preaching.

Aside from his church work, he has filled a place in the civic life of Ballinger during his entire stay

"Mosquito Control" Essay Wins \$500

An essay on "The Importance of Mosquito Control and the Gorgas Memorial" brought a check of \$500 to William L. Drake, Jr., of Milwaukee, Wis. The check was presented to young Drake in the White House. Photograph shows, left to right, Mrs. Henry L. Doherty, who donated the prize; William Drake, receiving the award from President Roosevelt; Admiral Carey T. Grayson and Senator F. Ryan Duffy of Wisconsin. The essay contest was the eighth annual in memory of Maj. Gen. William C. Gorgas.

He has cooperated with the service clubs and at one time held membership in the Rotary Club for several years. He has assisted in worthwhile movements of all kinds which made his town a better place in which to live.

The resignation not only takes a pastor from the Ballinger church but means the end of service here for his wife who is a leader in many departments. She has led in women's work, takes an active part in Sunday school affairs and has promoted the young women's group until she has received statewide recognition for the accomplishments. She is a musician of rare ability and for several years has presided at the console of the pipe organ at all services of the church. She is also a good pianist, has a fine contralto voice and is a willing worker in musical presentations in her church and at other places where needed. She has written a number of religious tracts and pageants, some of which have received compliments from leaders.

Both Rev. and Mrs. McClain are always ready to cooperate in any Christian movement and their support to other churches is always pleasant.

Rev. McClain stated that his future plans were yet undeter-

mined but he probably would have an announcement to make soon. Official board members of the church accepted the resignation at the Sunday evening service but had no comment to make on who might be called to succeed him. In accepting the resignation they voted to pay him two months' salary as a love gift and to extend his use of the parsonage until it was needed by his successor.

WOMAN FINED \$100 AND COSTS ON BEER SELLING CHARGE

Mrs. Mary Cooper was fined \$100 and costs, totaling \$13.00, in county court here Monday morning on a charge of possession and sale of beer. About three dozen bottles were confiscated in the raid Saturday night on the place across the Colorado River bridge. Constable George Little and deputies made the arrest.

The only other disturbance reported over the week-end was the arrest of several negroes at Winters for carry guns and an investigation will be held there later in the week.

Bobbie Jean and Lonnie Ray Forman, children of Mr. and Mrs. Robert Forman, are visiting relatives and friends at Coleman and Brownwood.

Girls to Represent Ballinger at Three West Texas Fetes

Ballinger will have official representation at three West Texas celebrations during the first part of July. A young woman will represent the city at Stamford, Brady and Sweetwater, taking part in all the special features provided.

Miss Lynette Spreen, daughter of Mr. and Mrs. Andy Spreen, will go to Stamford on July 1, 2 and 3 to take part in the features for sponsors at the Cowboy Reunion. She will take her favorite horse to Stamford, riding in parades and participating in the arena events for cowgirls from numerous West Texas towns. Miss Spreen is an excellent rider and will be at home in the events announced.

Miss Margaret Burk will attend the July Jubilee at Brady and take part in the coronation of the queen at Richards Park. She will also go to Sweetwater on July 9 and 10 to participate in the contest to select the goddess in the West Texas beauty revue.

Miss Burk was officially chosen "Miss Ballinger" for 1937 and attended the West Texas Chamber of Commerce convention at Brownwood and the Fort Worth Frontier Fiesta.

Committees in the three cities have been advised by the local chamber of commerce that the Ballinger representatives will attend.

Eyeballs Tell the Man

That a man's character can be judged by looking him straight in the eyes is a rule that has been liberally amended by an Austrian scientist. "Look him straight in the eyes," is his rule, according to the Montreal Herald. He finds that the angle of the eye shows nothing, lids and brows everything. The protuberant eye denotes a man of action, the sunken eyes a dreamer. It does not follow that the deeper the eye the greater the power of thought. In the active type the whole eye is visible; in the thinker it usually is overlapped by the eyebrow. A fluttering eyelid is the sign of a jumpy disposition. If the lid bats slowly the owner of it is generally of a restful nature.

Tricks in Elephant Sales

Many tricks are used in India in preparing an elephant for sale, notes a writer in Collier's Weekly. Body scars caused by an ill-fitting howdah are hidden by dyes, defects in his head and face are covered by fancy chalk designs, cracks in his feet are filled with putty and even missing toes are glued on, to make five on each fore foot and four on each hind foot, as this normal number is an important factor in this animal's appearance and, therefore, his price.

Patches While They Wait

The Mai Mai, native market compound at Johannesburg, is one of the few places in the world where a man may remove his trousers in the open air and saunter about while being patched. Patches are le grand chic with the native miners from the Reef. They hurry to the Mai Mai on pay-day and hire the squatting open-air tailors to sew patches on new trousers, the more patches the more style—Collier's Weekly.

Ten Have Been Generals

Ten men have held the rank of general in our army since our separation from Great Britain. George Washington was made a general by the Continental Congress, June 15, 1775. When he was called back into the military service in 1797 he was commissioned a Lieutenant-general. Ulysses S. Grant was the first man to be commissioned a general under the Constitution, July 25, 1866.

Miss Genevieve Green, teacher in the Ballinger high school, was here this week to visit friends.

John and Price Maddox, of Colorado, were in Ballinger Friday, visiting their brother, Leo Maddox.

Kerrville Hospital Ready to Receive T. B. Patients Now

County Judge Paul Trimmer received notice from the Kerrville state sanatorium this week that it was ready to receive patients for treatment of tuberculosis. At present the maximum capacity of the hospital is 99 but as soon as another building is equipped it will be more than 170.

As in other similar institutions the patient will be required to make formal application for entrance through the county judge of his county. The county will have to guarantee the return transportation of all patients and to see that suitable clothing is furnished for the patient while in the sanatorium.

The maximum stay at the sanatorium is six months and the rules governing treatment are printed on each application form. Tuberculosis patients in this county who would like to enter the new state institution should talk to Judge Trimmer and application blanks will be obtained for them.

Heretofore most patients from Runnels county have been sent to the state hospital at Sanatorium.

Texas. The Kerrville plant will greatly relieve the crowded condition there and in time will be one of the largest and most modern plants in the state.

The United States veterans' hospital for tubercular patients, located at Legion, Texas, about two miles from the city limits of Kerrville, is one of the most modern in the Southwest.

I love my wife—Why?
She's a great pal, ready for fun and frolic or to help me meet problems courageously. No matter how busy her days have been, our evenings are filled with happy companionship. If the radiance of her vitality were to dim she'd go to our physician, to learn if malfunctioning ductless glands could not, with his attention, be corrected.
