

THE BALLINGER LEDGER

VOLUME 56.

BALLINGER, TEXAS, THURSDAY, SEPTEMBER 16, 1937.

NUMBER 49.

4,000 Mexican Pickers Jam Streets Saturday

Business hummed in Ballinger Saturday and at the end of the day grocers of the city declared it one of the best food selling days in many years. Wholesale grocers stated that it exceeded any day for them and added that practically every retailer ordered all day Saturday after getting their stocks lined up Friday for a big rush.

Wholesale houses remained open all Saturday afternoon and until late in the evening to supply their customers with items on which there had been a sell-out. Dry goods merchants reported a fair day but pointed out that they needed a good snappy "norther" to incite the movement of heavy merchandise now on their shelves.

Eating houses and cold drink and ice cream dispensers were rushed to the limit all Saturday and their business remained good all day Sunday.

Local officers estimated approximately 4,000 Mexicans were in town Saturday with the peak evident about 8 p. m. Traffic was jammed many times and the city employed a number of extra police to direct traffic and to keep watch during the night.

The court house lawn Monday morning looked like a three-day reunion had been in progress and the caretaker and assistants began cleaning up, gathering paper sacks, boxes, watermelon rinds and other rubbish that had been strewn in the park. A rummage sale on the court house square Saturday morning only lasted a short time until all the used clothing was sold and the women in charge quit business.

Local merchants are anticipating the largest crowd of the season this week-end. Several thousand additional Mexicans arrived the first part of the week to begin picking cotton in this county. Many of these contracted to gather cotton for farmers last year and with the weather fine, most of the cotton was permitted to open before calling for pickers.

All gins in the county are operating at capacity and some far into the night. The yield on the first picking indicates that the county's 1937 production will be between 60,000 and 65,000 bales, while some observers set the figure slightly higher than the largest total above.

Most local stores employed special "spotters" Saturday to prevent shop-lifting and some profited by having done so.

DOWNY VISITS HERE

R. E. (Bob) Downey, publisher of the Smiley Sun, and at one time editor of the Rowena Review, was a visitor, with his wife and others, in Ballinger last Saturday. Mr. Downey said the principal crop around Smiley is poultry and he raises chickens and turkeys himself.

Henry and J. E. Fowler, Jr., left Friday for Stephenville, entering John Tarleton Agricultural College for their senior year's work.

Fire Sunday Night Does \$7,000 Damage To C. O. D. Grocery

Fire damage to the stock, fixtures and building of the C. O. D. Grocery and Creamery on Seventh Street about 9:45 Sunday night is estimated at over \$7,000. Jim Dankworth said the insurance in force would cover approximately one-third of the loss. The building is owned by Dankworth and C. D. Middleton.

The blaze originated in a balcony at the rear of the building and spread rapidly to cover the entire storeroom and cream department. The cause could not be determined, although matches stored in that part of the building might have been ignited. The grocery and market in the front of the building were damaged considerably by smoke and water while the main loss was to the reserve stockroom and cream buying station. Water seeping through to the W. B. Currie Produce Co. store next door did a little damage to feed.

H. O. Andrews, city night watchman, turned in the alarm.

Mr. Dankworth stated that the grocery and market would be repaired as soon as possible in order that business in these departments might continue. Some time will be required before the creamery, recently installed, can be reestablished.

Marfa Man Speaks At Rotary Club Meeting on 'Aims'

Hunter Metcalf, of Marfa, was the principal speaker at the Ballinger Rotary Club luncheon Tuesday noon. Mr. Metcalf, who referred to himself as the "pill-rolling lawyer of the hills," is past district governor of his district. He is the only lawyer on the state board of pharmacy. He spoke on the four aims of Rotary.

H. C. Lyon was in charge of the program, with the topic "Charter Member Day." He read the names of the 20 charter members and told briefly of how the club was organized.

Mrs. Jessica W. Bennett, of the Abilene CCC office, told of the new requirements and regulations for boys enrolling in the corps. She asked club members to recommend worthy young men, whether their families were on relief or not, to the CCC.

The next meeting of the Rotarians will be next Tuesday evening, at which time the district governor will speak.

Curry Brookshier will leave Friday for A. & M. College, where he will be enrolled as a junior.

Scenes and Persons in the Current News

1—Insurgent troops, led by a single brass horn, triumphantly take over Santander, last important Spanish government post on northern coast. 2—Maybe Max Schmeling is whispering to Mike Jacobs, promoter, what he'll do to Joe Louis in the bout next June for which Mike signed him. 3—Out of breath, but not running from the Chinese is little Princess Yori-No-Miya, fourth daughter of the emperor and empress of Japan, seen in sports at a Tokyo school.

Doves Plentiful As Season Opens In the South Zone

Runnels county hunters have started killing the biggest dove crop in many years. First hunters in the field found little trouble in getting the bag limit within a few minutes and even the poor shot could find plenty of tree roosters.

The dove season will be open in this county until November 1 with the bag limit 15 birds per day to each hunter. The same rules regarding hunting after sundown will prevail again this year.

Qual season in this zone is from December 1 to January 16.

The deer season will open on November 1 and continue until December 30 with the exception of blacktail. The season on blacktail will only be open for fifteen days, November 16 to December 30. A federal regulation governs the hunting of duck in this zone, permitting an open season from November 20 to December 19, with hours of 7 a. m. to 4 p. m.

A license for those hunting outside the citizen's own county is required for all game.

SINGING CONVENTION TO BE HELD AT MILES SUNDAY AFTERNOON

H. W. Bigler, president of the Miles Singing Association, announces a fall song festival at Miles Sunday afternoon. The program, to be presented in the Methodist church, will commence at 2 o'clock and continue until 4:30. Invitations have been sent to many singers in this section who are expected to attend and participate.

Several quartets are to render special numbers.

EPWORTH LEAGUE UNION MEETS IN BALLINGER; WINTERS GROUP IN CHARGE

With the Winters group in charge of the program, the regular monthly meeting of the Runnels County Epworth League Union was held in Ballinger Tuesday night.

The meeting was directed by the recently elected president, Rankin Pace, of Winters. Others on the program included Miss Coppie, district manager of the League; Miss Lazzell Ashley, Wilbur Redwine, Elva Ashley, Estelle Baldwin, Leona Inman and Carl Lester Davis.

The next meeting of the organization will be held at Wingate October 9, with the Ballinger group in charge of the program.

After the benediction, the group assembled in the basement of the church, where the Ballinger young people directed a recreational program. Refreshments of ice cream and cookies were served.

Miss Peggy Brown has returned to her work as cashier at the West Texas Utilities Co. office here. She had been in El Paso and other western points for several weeks.

Victor Miller, Jr., is to enroll as a student at John Tarleton A. & M. College, Stephenville.

Cotton Loans Explained By County Farm Agent

County Attorney Files Five Cases In Local Courts

County Attorney Roy L. Hill filed six cases Monday morning as a result of arrests made here and at Winters over the week-end. Two felony cases were filed, one for aggravated assault, and three cases developed from raids made by state liquor control board agents.

A burglary charge was filed against Derwood Pogue Monday and examining trial will be held some time this week. Employees of the Hub were taking stock Sunday and left the front door unlocked. Pogue is alleged to have entered the store, taken several pairs of women's silk hose and walked out the door. A bystander on the street saw him and called local officers who arrested him.

Fred Milliron was brought to Ballinger from Winters Sunday afternoon and charged with driving while intoxicated. His bond was fixed Monday morning at \$500. He was arrested Sunday after officers were called to a Winters wagon yard to settle a disturbance. Milliron left the place in his car and officers followed and made the arrest.

Willie Velt, negro, was charged with aggravated assault and is being held in the Runnels county jail. He is alleged to have beaten up Lizzie Holt, Winters negro, Saturday night.

In raids by state officers at Winters Saturday night T. E. Vaughn, H. O. ("Boss") Green and Ida Green were arrested and charged with possession of liquor for the purpose of sale. Bonds in each case were set at \$250 and all were released.

In city court one Mexican was fined on a charge of drunkenness. This was the only Mexican arrested here over the week-end and there were about 5,000 in town Saturday night.

AMERICAN LEGION MEETING TO BE HELD MONDAY NIGHT; WISEPAPER TO GIVE REPORT

Members of the Pat Williams Post, American Legion, will assemble Monday night at 8 o'clock at Legion Hall for their regular monthly meeting. Post Commander A. H. Wiesepe and Adjutant Lee Hamilton hope a majority of the post membership will be present to transact business demanding attention at this time.

The post commander will give a report on the state convention held at San Angelo to which he was a delegate from the local post. Mr. Wiesepe attended all the business sessions and served on a number of important committees and will tell the membership of the program for the ensuing year. D. G. Posey will also make a report on the service officers' school held during the convention.

Receipts in duplicate for all purposes Ballinger Printing Co.

There is still some confusion in the minds of cotton farmers regarding the 9-cent per pound government cotton loans, how to get them, and the conditions. The following questions and answers make clear the points that are most confusing:

Who is eligible to borrow?

All persons or those who hold an interest in cotton grown in 1937 and will agree to cooperate in the 1938 farm program.

What cotton is eligible and rate per pound of loans?

Middling or better in grade 7-8 inch or better in staple, 9 cents; middling or better in grade 13-16 inch in staple, 8 cents; under middling not below low middling 7-8 inch or better in staple, 7 3/4 cents.

Interest and carrying charges will amount to about \$3.75 to June 30, 1938, or about 75 points per bale. These charges will be against the loan cotton. Interest rate is 4 per cent per annum. The procedure for securing these loans will be the same as in the 1935 loan program.

A producer may place his cotton in the loan and withdraw it before July 1, 1938, by paying off the loan and carrying charges and then sell it, and is otherwise eligible to receive the benefits of the subsidy payment for 63 per cent of his base production. A farmer who signed a 1937 contract will be based on his 1937 contract in the number of pounds allowed on his contract for which he will be allowed 65 per cent for subsidy payment. If he signed a 1936 contract and did not in 1937 his base will be on the 1936 contract and so on back in 1935 and 1934. The average of the ten U. S. spot markets will be the basis for the subsidy payment.

The maximum payment that anyone can receive is 3 cents per pound or \$15 a bale for 65 per cent of the established base production.

If the cotton is sold outright, the steps necessary are to get a receipt signed by the buyer which should state the date, bales or numbers of the bales and weights. These should be retained and as soon as forms are received, receipts can be attached and turned in to the county agent's office for future reference.

ST. BONIFACE COUNCIL KNIGHTS OF COLUMBUS ENJOYS GOOD PROGRAM

Members of St. Boniface Council No. 2772, Knights of Columbus, met Tuesday night at their hall in Offen. The meeting was called to order by Grand Knight Martin Maas. Clarence Lange was reported on the sick list.

It was decided to have a card party for the knights and their friends. The attendance prize was drawn for J. A. Lange, who was present to claim it.

Under the good of the order, the lecturer being absent, the chaplain made a speech on the constitution of the United States, the 150th anniversary of which is being celebrated this week. He especially talked about Charles Carroll, one of the more prominent signers and who outlived all other signers.

Contractor Begins Work On Ballinger Postoffice

County's Ginnings To Past Week-End Total 10,000 Bales

An unofficial check-up on cotton ginnings in Runnels county to Saturday night, September 11, showed slightly more than 10,000 bales already ginned out. Local cotton men predict that the peak would be attained this week and next, and that approximately 10,000 bales will be ginned each week.

Farmers stated Monday while here attending to business that most farms were well supplied with pickers and that large crews coming here from now on would have trouble obtaining jobs. Families arriving Monday were taken to small farms to assist in picking where large crews were not needed.

Ginning in the north end of the county is later than in the south portion and this week will begin the fast movement of cotton there.

Conservative observers declared Monday that they would stay with their guess of 65,000 bales for this year. Some are more optimistic and forecast as high as 75,000 bales while some farmers believe the county's production will be as low as 50,000 bales.

H. W. Lynn, manager of the West Texas Cotton Oil Co. mill here, has definitely fixed his production at 65,000 bales and for a number of years he has never missed his guess far. He also said much seed was arriving at the Ballinger mill and that large quantities of feed are being contracted at this time. Three shifts are being employed at the mill for steady operation.

Local Authorities Confer With WPA On Paving Project

City officials are confident that the Ninth Street paving project will be resumed as soon as the seasonal labor slump ends and a new supervisor is appointed. Difficulty in securing track hire allowance is also holding up the job.

Mayor Estes Lynn, City Secretary K. V. Northington and J. D. Motley, manager of the Ballinger Chamber of Commerce, went to San Angelo the first of last week to confer with district WPA officials regarding the appointment of a new supervisor. Lee Hamilton, formerly project supervisor, resigned to take over the Railway Express Company agency here. Last Friday Mr. Callahan, assistant district supervisor, and Pete Culum, area engineer, came to Ballinger to interview the four local men applying for the supervisor's post. Some difficulty is anticipated in getting a man for the position as he must not only know construction but must be able to prepare the intricate governmental reports which are sent in to the San Antonio headquarters. First choice will naturally be given a local man, and one will be tried, but with the understanding that if he does not meet the qualifications, another will be designated.

Mr. Lynn and Mr. Northington were in Eastland Monday to attend a meeting of representatives from 12 West Texas counties regarding truck hire for municipal projects. The original appropriation for paving Ninth Street included funds for truck hire but since then changes have been made in the financial arrangement of these projects. The representatives conferred with state WPA officials who expressed hope that money for the truck hire would soon be forthcoming.

Runnels County Livestock Association

T. C. Bateson, of the Dolph-Bateson Construction Company, contractor on the postoffice building in Ballinger, arrived here this week and started a crew of workmen clearing the lot and making excavations for the foundation of the new building. W. G. Shadday, superintendent, is here supervising the initial work and organizing the excavation and commencing actual construction within the next ten days.

Mr. Bateson only attended to preliminary arrangements and returned to Dallas but will return here at regular intervals during the construction of the building. The men in charge expect it to require 150 working days for completion of the structure. Ten men with fresnos and trucks were employed this week but as soon as construction starts on the foundation the crew will be increased to 25 or more. Mr. Shadday said local labor would be used as much as possible and a number have already been given employment.

The Dolph-Bateson Co. obtained the contract to erect the new postoffice building from the government with a bid of \$51,040, and previously the lots were purchased by the government for \$8,500, making the total cost \$59,540.

McCLAIN MAKING HOME AT WACO TEMPORARILY

A card received Monday from Rev. J. H. McClain states that he and his family have located temporarily at 1114 Franklin Street, Waco, and requests that The Ledger be sent to that address. He said they were anxious to receive every copy of the paper and keep up with their Ballinger friends.

"As we look back to Ballinger it is with tender feeling to our many friends, both in the Baptist church and throughout the community," Rev. McClain wrote. "They have meant much to our hearts and lives in the past ten and more years. We find ourselves at a loss to express our hearts' feeling to the great number of friends who from day to day have spoken so appreciatively to us. Just this word I trust will bear to each of them some thought of the mutual feeling we hold for them."

The former Ballinger preacher said his son, James, had entered school at Waco and that they would make home there until some permanent work opened for them.

LOCAL NIMRODS SET DOVE HUNTING RECORD

The exploits of two local nimrods do much to calm the fears of those who think our wild life is being rapidly slaughtered by hunters. Arthur "Junior" Dooze and Fred Kiechle, Jr., set some sort of a record the opening day of the dove season when they used two and a half boxes of shotgun shells to get a net bag of four doves. That averages up, our statistical department tells us, to slightly over eighteen shells per bird.

B. B. Westbrook and Miss Florence Westbrook are visiting relatives in Waco this week.

**HAS YOUR ADDRESS
CHANGED RECENTLY?**

Ledger subscribers are requested to notify the publisher of any change in their addresses promptly. Under the new postal laws newspapers and periodicals must pay postage due for notices of any change in addresses furnished by the postoffice. Besides, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move. The best plan for all concerned is to send the change of address in advance.

Traffic may not be all it should be here on a busy Saturday, but those who "cuss" local officers should remember that a town the size of Ballinger has a limit to the number of cars it can take care of on the streets. Considering the large number of automobiles and trucks, here Saturday we believe the local police did a neat job in maintaining open lanes through the streets most of the time and keeping traffic moving fast enough to permit shoppers to get away from the curb without undue delay. The local officers will do their best on week-ends and invite the patient cooperation of every citizen in the undertaking.

Now comes the time of year to clean up and make the city look better and also safer from fire. While Fire Prevention Week is being observed all over the nation, Ballinger residents will not only eliminate fire hazards but will beautify the community and remove disease causes. There are many vacant lots on which are high dead weeds that should be burned or cut and hauled away. Every possible aid will be given by local firemen and city officials during the special week of October 3-9. City wagons will haul trash free and firemen will be glad to stand by in the burning of piles of refuse or dead weeds. Civic pride should make every property owner want to cooperate and more especially since the Rannels County Fair will open the next week and a clean city will be a good advertisement while thousands are here for the big show.

King Cotton still reigns. Ballinger merchants were made to smile Saturday when fall business commenced with a bang and approximately \$30,000 in retail business was done by local merchants. There is no time when all lines of business hum like the cotton picking season in years when big crops are made. Everybody shares in the benefits and so many people are employed in the harvesting that there is a big payroll and fast circulation of money. Picture shows in Ballinger had every seat occupied Saturday afternoon and night, clerks in many stores here were swamped in trying to serve the lines of waiting customers, one Mexican vendor sold 140 dozen ice cream tubs and sold out at night. Merchants began to refill their shelves Monday morning and get ready for another record breaking week-end. Nearly every business man interviewed Monday said it was his best business day in Ballinger and others declared it was the best day since 1929.

Mr. and Mrs. W. C. Rhoden and children, of Abilene, visited friends here Sunday.

**WEST TEXAS
NOTES**

[Clipped from Our Exchanges]

At the last meeting of the Winters city council it was decided to make an effort to add 50 cents a month to the bills of water consumers. The 50c will be a sewerage charge. Depleted condition of the municipal treasury was given as the reason for the action.

The trade extension committee of the Brady Chamber of Commerce will resume its plan of two drawings each Saturday. The first drawing will be held at 11 o'clock Saturday morning, and if the person whose name was called is not present, the money will be added to the award for the next Saturday morning. In the afternoon names will be drawn until someone present gets the prize.

Peggy Miller, 5-year-old Menard girl, has been recommended by County Judge W. H. Franks, for a Carnegie Foundation reward. Peggy rescued her 4-month-old brother from a burning building and a few minutes after the roof and walls of the building collapsed.

James Parker, of Alpine, defeated Floyd Williams, also of Alpine, to win the first annual tournament of the Trans-Pecos Golf Association held at Fort Stockton last week. Organization of the association was perfected during the tourney and plans made to make the annual meet one of the outstanding sporting events in that section.

Three sheep taking shelter under a tree on the Holland ranch near Senora were killed recently by a bolt of lightning. R. A. Halbert, owner of the ranch, was working some cattle nearby and, having realized the danger of the lightning, was leaving the pen when he saw the animals killed.

E. L. Martin, prominent ranchman of the Eden section, established a national record for ram prices when he paid \$550 for a buck at the first West Texas Ram Sale held recently at Eden. The buck, purchased from Senator Wilford Day, of Parawan, Utah, was grand champion of the show.

M. E. Fry, prominent Hereford breeder of Brownwood, last week shipped a registered polled Hereford bull to Dr. Pablo Pardo Santayana, of Montevideo, Uruguay. The animal is 21 months old and weighed 1,555 pounds. It was the only bull in the United States that came up to Dr. Santayana's specifications. The price paid was \$1,000.

Several homes and business houses in Robert Lee are installing "bottled" gas systems.

A. & M. College

An adequate and well balanced food supply for the non-productive months and a convenient and appropriate place for storing this food is engaging the interest of West Texas home demonstration club women and 4-H club girls, according to reports of county home demonstration agents in this region.

More than 100 pounds of shelled dry pinto beans gathered for winter use from a few months ago on the ranch of Mr. and Mrs. Gordon McAdoo, of Hudspeth county. These beans have also supplied a sufficient amount of fresh beans for family use and are now loaded with blooms and young tender beans again. "From all indications, we will be able to gather at least the same amount or more in the fall crop," Mrs. McAdoo says. These beans had only a few showers of rain and were watered from a surface tank twice.

"Mother took one look at the tomatoes we canned as part of our 4-H club work and that meant more work for Dorothy and me," says Reba Nell Sutton, of San Saba county. "The next thing we knew, we were canning six bushels of tomatoes for the family pantry. Now we are very proud of our nice supply of salad pack tomatoes adorning our pantry shelves and aiding in making a balanced diet for our family."

Providing a suitable, well ventilated storage space for the 341 containers of fruits and vegetables she has canned to date is part of the work of Jean Hoffman, of Rannels county 4-H club girl. Her pantry is located in a rock house not far from her kitchen door. It has two doors and one window to give sufficient light and ventilation.

**BALLINGER GOLFERS
MAKE "HOLE IN ONE"**

Dr. George Nesrsta joined the "hole in one" rank at the Ballinger Country Club Sunday afternoon when he sank an ace on the 105-yard No. 5 hole. His tee shot was high and hit the sand just short of the cup and rolled in for the one. He was playing in a four-some and three witnesses signed his card when he completed the round.

Another "hole in one" was recorded two weeks ago which has not been reported. Charles Thorp made a one on the 185-yard No. 9 hole for the first in his life, even though he plays practically every day during the season and attends many tournaments.

STATE CHAIRMAN DISCUSSES COTTON PRICE ADJUSTMENT

COLLEGE STATION, Sept. 15.—Advices from the field indicate that a large majority of eligible cotton farmers in the state plan to take advantage of the government's cotton price adjustment payment plan, George Slaughter, chairman of the Texas agricultural conservation committee, has announced.

The plan was made possible through the authorization by congress for the use of \$130,000,000 for this purpose. Slaughter said. It is contemplated to make payment on cotton sold by farmers eligible to receive the adjustment on the basis of the difference between the average market price and 12 cents.

It is understood that payments will be made on 65 per cent of the producer's base as estimated in the Triple A program. Slaughter pointed out that if the 1937 production does not call for the entire appropriation, payments will be made on a larger part of the base production.

"It is especially important that the producer keep receipts which list the gross weight of each bale sold, that the receipts carry the date of sale, and are signed by the purchaser," Slaughter said. The receipts will be necessary in establishing the sale, and as a record of the total number of pounds of cotton sold.

The amount of the payments made to individuals will depend upon the level of cotton prices at the time the producer sells his cotton. Slaughter indicated that the current price adjustment plan was the forerunner of a permanent farm program which is expected to be the primary business of congress at its next meeting.

An Exceptional Bargain

Ballinger, Texas

IN SOCIETY

Presbyterian Young People Entertained

Naming students who are going away to college as guests of honor, the Woman's Auxiliary of the First Presbyterian Church entertained last Thursday evening with a picnic supper in city park.

Rev. and Mrs. Dwight Sharpe and Dr. and Mrs. E. W. Stasney were sponsors for the delightfully informal affair.

Included were: Misses Dorothy Ruth Lynn, Marcella Fryar, Helen Thomson, Teddy Wardlaw, Marjorie Lynn, Laura Edith Miller, Faye Wardlaw, Bobbie Johnson, Elsie Motley, Rosemary Lasater, Jack Lynn, John Pearce, Victor Miller, Jr., David Baker, Rex Nixon, Leonard Scales and Harlan Thomas.

Sunday School Class Has Party

Mrs. Bun Morgan entertained her class of the Ballinger Baptist Sunday School Monday evening in her home on Eighth Street.

Games were played and punch was served with cookies to: Gayle Hirschfeld, Louise Hardin, Pauline Thorp, Marion Ferguson, Ellen Jean Stanley, Marguerita Best, Mary Ann and Robert Earl Morgan.

Oklahoma Visitors Complimented

Mrs. B. M. Welton, Miss Cathryn Welton, B. M. Welton, Jr., and Rex Pettjohn, of Stigler, Oklahoma, were named guests of honor at a prettily appointed no-host supper given at the Ballinger Country Club last Friday evening.

Supper was served on the screened porch and bridge games were played in the large living room.

Included besides the guests of honor were: Dr. and Mrs. Oren Chandler, Dr. and Mrs. C. F. Bailey, Messrs. and Mmes. Loyd Herring, Leonard Stallings, Robert Bruce, Felton Wright, John Stitt, Floyd Stanback, Ford Taylor, George Goughly, J. C. Sturges, Jr., Jack Rudd and W. B. Woody.

Mrs. Welton is Honoree at Club

Mrs. Ford Taylor named Mrs. Welton honoree when she entertained her bridge club on Friday in her home on Broadway.

Late summer blooms decked rooms where contract games were played. Mrs. Welton received the guest award.

Others were: Mmes. J. C. Sturges, Jr., W. B. Woody, Oren Chandler, Leonard Stallings, Loyd Herring, Jack Rudd and George Goughly.

David Guion is Visitor Here

David Guion, internationally-known pianist-composer, of New York city, and Miss Neil Guion, a teacher of public school music in Dallas spent the week-end here, visiting relatives.

Mr. Guion has spent the past three months in Fort Worth, where he has been one of the artist performers in "Melody Lane" of Billy Rose's "Casa Mañana." His compositions for the orchestra, piano and voice number more than two hundred. He is a prominent member of the American Society of Authors, Writers and Publishers. His earlier works consist of cowboy songs and negro spirituals. Lately he has had published his "Mother Goose Suite" for the piano and a symphony in three movements for the orchestra. He says that one of his favorite but not one of his most popular compositions is "Shingande," an African ballet.

On Sunday evening relatives were given the privilege of hearing the following program in the Estes Lynn home on Eleventh Street: "Cowboy Love Song," the theme song of the Texas Cavalcade; "Prairie Night Song;" "Ride Cowboy Ride;" his arrangement of "Carry Me Back to the Lone Prairie;" "The Harmonica Player" from "Alley Tunes;" "Arkansas Traveler;" and the D major movement of "Country Dancing."

S. S. Class Has Wiener Roast

As a farewell courtesy to her Sunday school class of the Methodist Church preceding its promotion from the Junior to the Intermediate department, Mrs. J. B. Striplin gave a wiener and marshmallow roast in city park late Friday afternoon.

Following games ice cream tubs were served by Mrs. Striplin, Mrs. M. L. Forgy and Mrs. R. W. Earnshaw.

Class members are: Dorothy Forgy, Calvin Howell, Clyde Harville, Claude R. Stone, Reid Caskey, Mary Lou Davis, Wanda Jack Thomas, J. B. Dankworth, and James Striplin. Guests were John Weeks Earnshaw, and Eloise Carsey of Voss.

Striplins, Hosts to Club

Mr. and Mrs. J. B. Striplin were hosts to the Sockeye Supper Club Tuesday evening in their home on Sixth Street.

Red radiance roses were used to decorate the living room, while pink roses were combined with queen's wreath for the dining room. Other appointments for the table from which the supper was served were in silver with pink tapers.

WINTERS AND BALLINGER CLUBS BOOKED TO PLAY DONKEY BASEBALL GAMES

The Ballinger Caddo Club and the Winters firemen will engage in two donkey baseball games, on September 23 and September 27. The first game will be played at Winters on Blizzard Field beginning at 8 p. m., and the return game here will be on the night of September 27, at Fair Park.

Contracts entered into several weeks ago by the two teams have been confirmed and on the above dates the donkeys will be brought in by truck for the games. The company providing the burros will also furnish lights for the night games.

The donkeys used have been trained for the past four years and are more proficient at the game than some of the players who will be in the line-up. Some of the jacks play the game fair while others are lazy, hard to handle, and some even a little frisky in running bases.

A small admission will be charged for each game with the Caddo boys sharing in the receipts here and the Winters firemen there.

T. B. PREVENTION AND CURE TO BE SHOWN AT THE FAIR

The state tuberculosis association will be represented at the 1937 Runnels County Fair with a booth. Miss Helen LeLacheur will be in charge of the exhibit.

Commission Will Hear Truck Line's Application Here

The Ballinger Lions Club went to Winters Tuesday noon for a joint meeting with the Winters Lions Club. Sixteen Ballinger men were present for the meal, served by the Winters home demonstration club at their club house.

President George Hill called the meeting to order and requested President George Goughly to introduce the Ballinger group. E. D. Stringer introduced the Winters members.

J. D. Motley was master of ceremonies for the program presented by the Ballinger club. R. W. Earnshaw was the principal speaker and extended greetings for his club and expressed appreciation to the Winters group for the invitation. He invited the Winters club members to be guests of the Ballinger Lions on the second Friday in October and the invitation was accepted.

Mr. Earnshaw complimented the Winters Lions on the meals served by the home demonstration club and their convenient place of meeting.

Entertainment numbers included two readings by Marilyn Agnew and a song and dance number by Winnie Merle Adair with Cal Adair playing the piano accompaniment.

Attending from Ballinger were Messrs. Goughly, Motley, Adair, and Earnshaw, Rev. Wallace Jones, W. W. Chastain, W. A. Forgy, J. A. Schnable, E. C. Grindstaff, Dr. Oren Chandler, J. A. Killough, R. P. Canady, Bob Hubbard, Troy Simpson, Winnie Merle Adair and Marilyn Agnew.

"IRISH BRIGADE" ENDS SOJOURN IN SPAIN

DUBLIN, Sept. 15.—Return of General O'Duffy's "Irish Brigade" from Spain where they fought for the insurgent cause, revealed a split that began in the war zone. When the contingent arrived in Dublin the Kerry men marched by themselves. They said that General Franco refused to accept officers appointed by O'Duffy. When the Irish leader threatened to take his troops back to the Irish Free State the Spanish commander-in-chief said: "Send your bandera home." The Kerry recruits asserted that they were often under enemy artillery fire although never in action and that they never saw the government forces except through field glasses. They also say that each morning they saw Franco's army executing government men in massed groups.

BIG TORPEDO HUNT LAUNCHED IN BRITAIN

LONDON, Sept. 15.—Men who make fishing a business along the coast of England have lost interest in fish since the recent high-speed naval trials in Weymouth Bay. Fifty torpedoes, worth \$10,000 each, are lying on the bed of the bay, and the British government has offered large rewards for their recovery.

Salvaging fleets have begun operations to recover the \$500,000 torpedo treasure. A naval expert in London defended the policy of using torpedoes so near land, saying that dummy torpedoes will sink if the water carried in the head in place of explosives is not ejected at the end of the run. Since this frequently did not happen, tests are always carried out in shallow water.

University Plans to Issue Handbook Which Will Serve as Museum Guide

AUSTIN, Sept. 15.—Mrs. Helen Donovan Barnard, curator of the anthropology museum at the University of Texas, is preparing a handbook under the supervision of the director of the museum, Prof. J. E. Pearce, which will serve as a guide to museum visitors, whether they be serious students or interested laymen.

Notes from this handbook reveal that the university museum probably has the largest collection of local materials of any museum in the United States. Several thousand earthenware vessels of Caddo and Asinai Indian manufacture; ornaments of conch shell and of bone; stone and earthenware pipes; flint implements and weapons; wearing apparel and other perishable material preserved in the caves of the extremely dry areas of West Texas; food preserved in ashes or cached in caves; and skeletal material of man, much of it showing artificial head deformation—these are the local materials which have drawn to the university scholars interested in the reconstruction of the life of the Indian in Texas during prehistoric times. Approximately 90 per cent of the local material of the museum is prehistoric, although university archeologists have found mounds of historic date, easily recognized because of the presence of glass beads or other articles of European manufacture.

In addition to local collections, the museum displays materials representing various Indian tribes of the United States, Central America, and South America, including casts of large ceremonial figures or stelae used by the Maya Indians. Foreign mate-

rial, including Babylonian clay tablets from Mesopotamia, artifacts from the Dutch East Indies, and materials from the Fiji Islands, and materials from the Philippine Islands, China, Japan, Korea, Africa, Australia and Greenland are also exhibited.

Collections of foreign material are constantly being supplemented. The university recently acquired the S. R. Mitchell collection from Australia, containing a churinga, an object which is very sacred to the male aborigines, so sacred, in fact, that any woman who by chance sees it is immediately killed. A bulroarer or thunder-maker used in sacred ceremonies and several war clubs are also among the Australian artifacts received recently.

One of the most beautiful articles on display is a coconut shell carved by the natives of Java. A carved teak wood box and table also came from Java; and, despite their artistry, are the work of men of primitive culture.

Some of the Indian ornaments are intricately carved. Probably the most valuable specimen in the museum is a conch shell gorget with human head carved in relief. The head clearly shows hair and ear ornaments and possibly a lip plug. Another conch shell gorget has the figure of a turkey carved in it. A rose quartz bannerstone of beautiful coloring has a high polish. The use of the bannerstone has never been determined, but it is believed that it was placed on the end of a stick and carried in ceremonies much as a flag is today. Three small pendants of bone carved in the shape of insects, resembling grasshoppers, are among the

unusual ornaments displayed. The pottery exhibited ranges from the crudest types to vessels made and decorated with such skill that it is hard to believe they were shaped only with the fingers and simple smoothing stones and carved with flint points set in stick handles. Designs common on Texas pottery include incised scrolls, equal-armed crosses, swastikas, scratched or brushed lines, concentric circles, sun symbols, and band lines.

The flint fist axe "coupe-de-peigne" (blow of the fish) is of especial interest since it is found in no state except Texas but is often found in European countries. Skulls are displayed to show artificial cranial deformation by Indians of the East Texas region. The Indians bound their heads with something which flattened their foreheads, and made a distinct depression across tops of their heads. On display also are skulls from West Texas from which the molars of the female skulls are absent. Since the wisdom teeth are often present in these skulls, it is believed that the molars were removed as a part of a ceremony indicating that the child had reached maturity.

HANDY WITH BIKE

William C. Bailey, eighty-four, who took up bicycling at seventy-nine, shown as he pedaled out of Chicago on a return trip to his farm in Vermont. The octogenarian made the 1,028-mile trip by cycle to Chicago to visit relatives in 18 days. He planned to make some stops en route home but declared he would pedal the entire distance himself.

unusual ornaments displayed. DISTRICT HEALTH NURSES CONFER WITH MISS WHITE

Miss Olga Buresh, supervising nurse, and Mrs. Zoe Austin Jones, advisory nurse, of the recently formed district of the state public health service, with headquarters at San Angelo, were in Ballinger this morning conferring with Miss Beulah White, county health nurse. They are making a survey of health conditions in the forty-eight counties comprising the district.

I'M IN EARNEST—MORE MILEAGE FOR YOU IS MY LIVING

I'm in business all for myself. I can't afford to lose customers. The finest way to hold them, is by having an oil that isn't always making you add another quart, and keeps the engine quiet. That's why I specially want to tell you about my Conoco Germ Processed oil and the improvement you get. Now your everyday oil naturally just flows around. It can't stay up through the engine all by itself. But Germ Processed oil absolutely does. It forms the nearest thing to a permanent layer of oil—a real plating of oil, which doesn't keep getting all used up. And it can't ever fail to keep real good lubrication on every last part of your engine, all the while you use Conoco Germ Processed oil. Nother oil can Oil-Plate your engine. Which gives my station quite an edge with folks wanting to be economical but safe on their oil.

O'Briens Latest Has Salt Sea Romance

Thrilling adventure dealing with a trans-Pacific yacht race, a spectacular shipwreck, and a run-in with munitions smugglers, pervades the action romance in George O'Brien's latest starring picture, "Windjammer," to be shown at the Palace Theatre next Sunday, Monday and Tuesday.

For the third time in his screen career, George O'Brien takes to the sea. Previous sea pictures, one of which was "Seas Beneath," which proved a tremendous hit with his followers, convinced producer George A. Hirliman that the public would welcome a change from O'Brien's western roles.

In "Windjammer" O'Brien, as the ace assistant of the California state's attorney, is entrusted with the task of serving a multi-millionaire yachtsman with a subpoena. His efforts to get aboard the boat, just leaving for Honolulu, and later to combat the smugglers, who pick up the yacht party following a storm and shipwreck, make an exciting story played against the salty background of the Pacific.

Constance Worth, beautiful, young blonde Australian actress, who made her American screen debut in "China Passage," has the leading feminine role opposite O'Brien.

Featured in the picture, which was filmed on the high seas and at Los Angeles harbor, is William Hall, with the supporting cast

including Gavin Gordon, Lal Chand Mehra, Brandon Evans, Ben Hendricks, Lee Shumway, Stan Blystone and Frank Hagney.

Constipated 30 Years
"For thirty years I had stubborn constipation, awful gas bloating, headaches and pains in the back. Adlerika helped right away. Now I eat sausage, bananas, pie, anything I want and never felt better."—Mrs. Mable Schott, J. Y. Pearce Drug Co.

CHANGES MADE IN ELIGIBILITY REQUIREMENTS OF CCC; DISTRICT QUOTA IS 900 YOUTHS

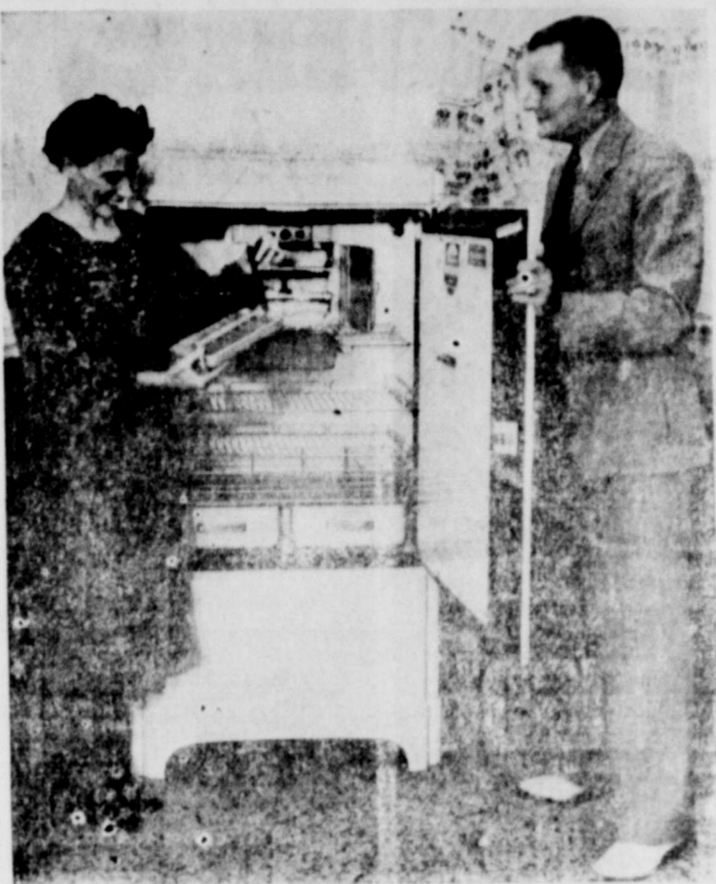

The department of labor has changed the regulations covering eligibility for the civilian conservation corps. A boy may now be selected who has been out of the CCC only six months, providing he meets the other eligibility requirements. Heretofore a boy had to remain out a year before becoming eligible for reenlistment.

The quota for district 13-14, which includes Runnels county, is 900 boys. Headquarters for the district are at Abilene.

The educational program in CCC camps for the coming months will include regular school and vocational subjects. Wood working, rock work, fence and bridge construction, truck and tractor operation and maintenance and many other subjects are included in the vocational training program.

Typewriter ribbons at Ledger office.

Not a Housewife—'A Neolectress'

And is her face happy! Mrs. Ben D. Parker of Abilene had "time on her hands" so she thought about the campaign to re-name the modern West Texas woman, sponsored by the West Texas Utilities Company. As a substitute name for "housewife" she coined the word "Neolectress"—meaning "a modern home maker alert to this new electric age." Above she is examining the instant cube release, which is a feature of the electric refrigerator (Frigidaire) she received as a reward for her originality. Harold Austin, district manager for the service company, made the presentation.

'They Gave Him a Gun' Stars Tracy, Tone, Gladys George

With Spencer Tracy, Gladys George and Franchot Tone in the leading roles, "They Gave Him a Gun" is to be shown at the Ritz Theatre next Sunday, Monday and Tuesday as one of the more important releases from the Metro-Goldwyn-Mayer studios.

Franchot Tone deserts genteel characters to play a "tough guy"; Spencer Tracy deserts the "tough guy" character for a kindly adviser of a wayward youth; and Gladys George, following her success in "Valiant is the Word for Carrie," plays another valiant role as a war nurse who marries a racketeer she fails to save in "They Gave Him a Gun."

The picture, based on the novel by Major William Joyce Cowen, and directed by W. S. Van Dyke, II, deals with the effect of war on the psychology of a kindly young clerk who goes through war into a

dangerous post-war racketeer. Tone starts as a clerk, is drafted and taught in warfare that "all men are equal with guns in their hands," a maxim that leads him to crime and disaster in later life. Tracy plays the kindly side-show barker, his buddy during the war, who attempts with Miss George to save the youth from his ultimate fate.

Cowen's book, written largely from his own experiences, has been a current best seller. It was adapted to the screen by Cyril Hume, Richard Maibaum and Maurice Rapf and was produced by Harry Rapf.

R. A. Wagner, of San Angelo, attended to business in Ballinger Monday.

Want ads are economical and bring results.

LOCAL CHURCH OF CHRIST MEMBERS HONOR MINISTER

The congregation of the local Church of Christ last Sunday honored their minister, J. Earl Miles, with a basket dinner and get-together at city park. Mr. Miles, who lives at Abilene and comes to Ballinger each Sunday to conduct services, resigned to take a position as head of the science department of Abilene Christian College. He had been assistant in that department.

Officials of the church are endeavoring to secure another minister. The man selected will be permanently located in Ballinger.

About thirty out-of-town friends of Mr. Miles besides the local membership attended the get-together.

The first rubber tire was patented by Charles Goodyear in 1884.

Carroll, Lederer, Auer Seen In 'It's All Yours,' Comedy

Madeleine Carroll loves Francis Lederer; Mischa Auer adores Madeleine Carroll, and Lederer adores Auer in Columbia's zestful new romantic comedy, "It's All Yours," which will head the new screen bill at the Texas Theatre starting Saturday midnight and continuing Sunday and Monday next.

The film romps riotously through more romantic complications than

ever floored Cupid with one fatal blow. Speaking specifically, Madeleine is a mouse-like secretary to an empty-millionaire who brings his foreign-bred nephew, Francis Lederer, to the States. Five years later Lederer's escapades are the scandal of San Francisco. On his death bed, Lederer's uncle leaves his entire fortune to Madeleine with instructions for her to make Lederer fall in love with her and marry the fortune instead of inheriting it.

Madeleine goes wild. To prevent her from spending the fortune while he tries to recoup it through the courts, Lederer goes along as her private secretary. Thus begins one of the wildest husband-hunts in all screen history, with Mischa Auer, a penniless baron, joining in the fun.

Supporting the principals in an imposing cast of fan favorites including J. C. Nugent, Grace Bradley, Victor Killian, George McKay and Charles Waldron.

Bobby Breen Brings Music, Mirth, Love in "Make a Wish"

All the elements of a thoroughly entertaining motion picture are combined in Bobby Breen's new musical starring vehicle, "Make a Wish." RKO Radio release to be shown at the Texas tomorrow and Saturday.

Foremost among its attractions is the sweetly tender voice of young Bobby himself, who sings several numbers written especially for the picture by Oscar Straus, noted Viennese composer. Another Straus song is sung by the lovely Marion Claire, radio vocal star, who makes her screen debut in this production.

A new Basil Rathbone, essaying his first completely romantic screen role, shares the love interest with Miss Claire, though their romance is complicated by the fact that the young lady is engaged to Ralph Forbes. The strong comedy element in much of the story is in the capable hands of a large group of popular comedians, the explosive Henry Armetta, Leon Errol, Donald Meek and Leonid Kinskey.

Ballinger, Texas

Dairy Specialist will Hold Two Meetings in County

E. R. Eudaly, of College Station, dairy specialist and booster for trench silos, will be here next Wednesday, September 22, for a meeting with dairy farmers of this vicinity. The meeting for the Ballinger area will be held at the O. E. Kemp dairy, two miles west of town, beginning at 9:30 a. m., and every person interested in dairy stock and the storing of feed in trench silos is urged to attend.

A herd of dairy cattle will be assembled there and Mr. Eudaly will classify the animals during the demonstration, dividing them into pens as excellent, good, medium and poor.

A trench silo at the Kemp dairy has been opened and the feed will be examined and discussed by the extension service specialist. Mr. Eudaly was here last year for a joint meeting of Ballinger Rotary Club members and farmers at city park and talked on the storing of feed in trench silos. He is one of the leaders in the state in promoting the construction of this type of feed storage and has tested trench silos in every possible way to prove their worth.

On the afternoon of September 22 Mr. Eudaly will go to Winters to meet with a group. A small dairy stock show will be held on the street at the Sinclair filling station and the specialist will judge the animals and talk feed problems with farms of that part of the county.

It is hoped to have large crowds present at each meeting in this county. County Agent John A. Barton said, and he urges local business men to attend the demonstration near Ballinger.

GATESVILLE PREACHER WITH BAPTISTS SUNDAY

Rev. Clarence A. Morton, of Gatesville, will preach morning and evening at the Ballinger Baptist Church Sunday. All members of the church are urged to hear him. Other regular services of the church will be held at the scheduled hours.

Mr. and Mrs. Claude Stone received high couple score prize. Others were: Dr. and Mrs. E. W. Stasney, Messrs. and Mmes. Tom Agnew, R. W. Earnshaw and Troy Simpson.

Exhibits for Fair Are Being Planned By Communities

County Agent John A. Barton met with farmers of the Miles community Tuesday night to discuss the Runnels County Fair and to give them assistance in preparing an exhibit for the agricultural building. After a full explanation of the community exhibits to be held as a special feature of the 1937 fair, those present decided to enter this department and a committee was named to select produce, plan decorations and get ready to fill the full score card requirements.

Fred Salling, chairman of the committee, will be assisted by: N. S. Wright, Rudolph Harsh, Mrs. N. S. Wright, Mrs. G. F. Gordon, Mrs. Rudolph Harsh, Mrs. J. L. Roach, Mrs. Jim Eckert.

In addition to preparing and entering the community exhibits the women will cooperate in the women's department with a club exhibit and a number of individual entries. Men and boys are also planning to make entries in the poultry, livestock and agricultural departments and Mr. Barton is expecting some splendid exhibits from Miles.

Secretary J. D. Motley visited Winters Tuesday afternoon and found a number of people working on displays for the county fair. He said a school exhibit would be entered by the Winters high school and that the vocational agriculture class expected to make an exhibit of its work in a special division.

Mrs. E. J. O'Kelly and son, Hammond O'Kelly, left Friday for Lubbock in response to a message stating Mrs. O'Kelly's sister, Mrs. W. A. Stovall, had died. Decedent formerly lived in the Crews community of this county but had been making home at Lubbock several years.

Acetylene, fuel gas used in the welding of metals, is a colorless compound of 7.75 per cent hydrogen and 92.25 per cent carbon.

Battle Infantile Paralysis Wave

Prevalence Springs, Ont.—One of the most serious infantile paralysis epidemics in years has struck the United States and Canada. Science is testing the efficiency of zinc sulphate nose sprays as a preventive among 5,000 children in this Canadian town, where there was a dangerous outbreak. Dr. John Hensch of the Haguerier clinic is shown treating one of the district children.

SENTENCED TO SAME CELL FOR FIGHTING A DUEL

CETTINJE, Yugoslavia, Sept. 15.—Because they settled a quarrel by fighting a duel, two men must pass twelve months together in the same prison cell.

Maballo Jovotich, 6 feet 6 inches in height and broad in proportion, appeared in court with his antagonist, Gavro Zhivkovitch, a small, weak looking man. Both are 41 years of age. The duel was fought with revolvers. Gavro sent his rival an alarm clock, set to go off at 6 a. m. and the two met at that hour in a grove of olives outside the town. Having more to aim at, Gavro shot Mahallo in the arm. The wounded man took refuge behind an olive tree and continued to fire, without much success. Neither was seriously damaged and finally they called off the affray, but the police got wind of it and arrested them.

Mrs. E. E. King left Tuesday for Waco to spend the week-end and to accompany Eddie Jane Holt home after a visit in the King home.

GROUP FOUNDED IN 1419 ACTIVE ANEW IN LONDON

LONDON, Sept. 15.—Not long before he died, King George V was instrumental in reviving the Boy Players of the City of London, and during the coronation season these children, clad in ankle-length Elizabethan surcoats, black velvet knee-breeches and white-plumed hats, have taken part in several functions.

Originally founded in 1419 by Henry V, the Boy Players were the only actors admitted to the city. They laid the foundations of English drama, reaching their highest skill in Elizabethan times, when many of them created the great Shakespearean heroes for the first time on any stage. Their work ended in 1609, but now they have begun to flourish anew. Besides singing madrigals, they appear on the stage at the Old Vic and in opera at Sadlers Wells, and are also in demand for pageants.

The boys hold four practices weekly in their hall, which is on the site of the old house of Richard Whittington, who was Lord Mayor of London when they were first heard of in 1419.

APPLICATIONS BEING MADE FOR STATE SCHOOL AID: DEADLINE IS OCTOBER 1

Applications for state school aid of all kinds are being made out this week at the county superintendent's office. These applications must be received by the state department of education, Austin,

by October 1, and each blank must be signed by the president and secretary of the board of trustees and by the principal of each school.

The aid sought is for high school tuition, transportation and salaries. County Superintendent E. C. Grindstaff urges trustees of all districts in this county to

attend to this matter immediately so that the applications can be filed on time.

The Navesink lighthouse at New York has 712,000 candlepower and under favorable conditions its beam can be seen 50 miles out at sea.

Twin Ferris Wheel to be Feature on Fair Midway

The time-honored ferris wheel will be found in double version on the Runnels County Fair grounds with the J. T. Tidwell shows and carnival. Twenty-five shows and rides plus hundreds of alluring concessions make up the biggest carnival traveling in the South-

west which was booked for the week of October 11 to 16 this year through the cooperation of fairs at Lubbock, Amarillo and Abilene.

The giant ferris wheel is just one of the many novel rides included with this carnival. The "Octopus," America's newest riding device, is the big thriller this year, and a large one will be set up on the midway at the 1937 Runnels County Fair. Mr. Tidwell stated that more than half a million people have been carried by this riding device during the current season.

There will be rides for the children and a number of others that will appeal to everyone. The shows presented on the midway are different from those usually seen in carnivals. Large troupes offer entertainment that will keep the midway thronged with people until late at night. These shows are patterned after the largest celebrations staged in the nation in recent years and are both amusing and educational.

For those who stroll down the midway to glimpse the wonders of the world of tinsel and lights there will be free attractions that alone are worth a trip to the fair. The Daredevil Daniels, five of them working on the top of a 150-foot flagpole, will do breathtaking stunts high above the throngs of merry-makers who are everyone on the grounds can see.

The Tidwell shows, traveling in 70 transport buses and 40 large trucks, will arrive in Ballinger on Monday, October 11, for the full week's engagement.

Mr. and Mrs. C. J. Lynn spent Sunday in Abilene, visiting relatives and friends. They were accompanied home by T. S. Lankford.

CRASHES AT 200 M. P. H.

Cleveland, Ohio. — Lucky deer! Count Clo von Hagenberg of Germany is pictured here emerging from the ruins of his plane which crashed while traveling 200 miles per hour. The internationally famed stunt flier provided an unexpected thrill for 50,000 air fans attending the National Air Races when he climbed out of the wreckage, saved them and collapsed as he attempted to get into an ambulance.

Local Mexican Regrets His First Slip in 37 Years

Lupe Rodriguez was ruefully reflecting Monday morning on the evils of the demon rum and the effects it can have on a long and shining record of good behavior. For 37 years Lupe has lived in Ballinger and for 37 years he has had not one bit of trouble with the police.

But Sunday, under the maddening influence of eight bottles of beer, he tried to run over a man. And the sad part of this tale is that, with all the people in Ballinger to choose from—in the 37 years of good behavior—the man he almost ran over was J. L. Moreland, chief of police. Consequently, when Lupe awoke Monday morning, he was in the county jail, with no recollection of what had happened. While he was being fined \$1 and costs in city court he bemoaned his slip from grace "I must have been crazy," he said. Chief Moreland agreed with him.

NORTON SCHOOL NEWS

Salutations to The Ledger people and the reader public. Another school term has opened with a bang! and many other less easily described noises.

The first news to greet the students' ears was that of the marriage of Mr. McGlathery or "Mr. Mac" as he is known to us. We welcome "Mrs. Mac" heartily and invite her to accept the junior class to sponsor with "Mr. Mac."

There are two ex-students taking post-graduate courses. They are Doris Phillips and Bill Morgan.

We have already decided that we are going to like our two new teachers, Miss Morgan, who teaches high school English, and Miss English, who teaches the second and third grades.

The student librarians for this term are: Elizabeth Clifton, Maxine Smallwood, Leta Lewis, Stuart Sester, Kenneth Sharpe, Louelle Morgan and Doris Phillips.

Football prospects look rather well this year for both junior and senior teams. Among the first games on schedule for the Eagles is the one with the Paint Rock Indians on September 24.

There are about forty high school girls in the pep squad this year. It appears to be going to "go places" under the capable leadership of Ella Mae Jennings, Phyllis Roper and Leta Lewis, while the drum girls, Ada Patton and Joan Conger, are ready to beat a tattoo of "Left! Left! Left! Right! Left!" when the new drums arrive. The pep squad suits are attractive black military skirts and blouses.

BENOIT HOME DEMONSTRATION CLUB

You may read about the clubs and what wonderful work they are doing, but you never realize how fine the club work is till you attend regularly each meeting of the Benoit club.

A few of the members met Tuesday afternoon at 2 p. m. with Mrs. Walter Lange. Color and line in the arts of sight was the program. The social hour was spent in playing of new games, which were enjoyed by all.

The hostess served cold drinks and cookies.

We hope to have all members present at the next meeting on September 21.

China's population has been estimated at approximately 474,787,000.

SAVING MONEY HERE!
MEANS GREATER VALUE HERE!

COLLECTING LIQUID RUBBER ON FIRESTONE PLANTATIONS IN LIBERIA. From these plantations comes an ever-increasing supply of the world's finest rubber. Money saved here and in manufacturing and distribution enable Firestone to sell quality tires at lower prices.

THAT'S WHY YOU GET MORE FOR YOUR MONEY IN FIRESTONE STANDARD TIRES

PRICES AS LOW AS \$6.40

FIRESTONE builds a first-quality tire made of top grade materials and sells it for less money because Firestone passes savings along to you in the form of extra values. Firestone controls rubber and cotton supplies at their sources, manufactures with greater efficiency and distributes at lower cost. Because of these economies—

YOU GET EXTRA PROTECTION AGAINST BLOWOUTS—eight extra pounds of rubber are added to every 100 pounds of cord by the Firestone patented Gum-Dipping process. By this process every fiber of every cord in every ply is saturated with liquid rubber. This counteracts dangerous internal friction and heat that ordinarily cause blowouts.

YOU GET EXTRA PROTECTION AGAINST PUNCTURES—because under the tread are two extra layers of Gum-Dipped cords.

YOU GET EXTRA PROTECTION AGAINST SKIDDING—because the tread is scientifically designed.

YOU GET LONGER NON-SKID MILEAGE—because of the extra tough, long-wearing tread.

Make your car tire-safe now for fall and winter driving. Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new Firestone Standard Tires — today's top tire value.

DON'T RISK YOUR LIFE ON SMOOTH WORN TIRES!

DO YOU KNOW THAT last year highway accidents cost the lives of more than 38,000 men, women and children? That a million more were injured? THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to smooth, worn, unsafe tires?

JOIN THE Firestone Save a Life Campaign To-Day

Small Grain Farmers Urged To Treat Seed Before Planting

County Agent John A. Barton is starting an educational campaign to make Runnels county farmers realize the importance of treating wheat, oats and barley to prevent smut. Results in the county last year showed the great loss from this disease and experiment stations have definitely proven

Making the grade

GROWING children with an abundance of energy usually do make the grade... and with ease.

Every thoughtful mother recognizes this fact... mothers know too that children need help to build and maintain blood strength.

Particularly is this true with those who have suffered some illness or who look pale... are easily... are underweight... or have lost their zest for food.

S.S.S. Tonic is especially designed to build-up children's health through the red-blood-cells, thus putting them in better condition to enjoy the food they eat and to regain lost weight... all which make for greater strength and vitality.

Help your child to "make the grade" by starting him or her on a course of S.S.S. Tonic now. There is no substitute for this time-tested remedy and no ethical druggist will suggest something "just as good."

that it can be controlled with little effort and a minimum of expense.

One grain dealer in this county estimated the loss on wheat alone at \$30,000 and treatment of seed would have amounted to less than \$5,000.

Right at this time many farmers are beginning to think about planting small grain for winter grazing and for their next spring crop. For that reason Mr. Barton is sending out material, making radio talks, and using the newspapers to get information to the farmers showing the importance of seed treatment.

A number of wheat fields were visited by the county agent this year where from 20 to 40 per cent was destroyed by stinking smut. Not only was the yield greatly reduced in these fields but the price was lowered 5 to 10 cents a bushel. Stinking smut in wheat changes the grain into a mass of spores called "smut balls" which have an offensive fishy odor, but are not readily observed in the field. Many farmers fail to notice it until threshing time and it is carried over to the next crop by seed covered with spores from the smut balls broken during threshing.

For the best results the following instructions are being given grain growers through the farm agent's office. "Run your seed through a seed grader and fanning mill to take out light grain and smut balls if there are any. Then treat with ethyl mercury phosphate dust manufactured especially for seed treatment. The trade name for this is improved Ceresan. Apply at the rate of half an ounce per bushel in a mixing machine or as recommended in the directions on the container. The dusted grain should be kept in a pile, bin, wagon, box or sack for at least 10 hours and during that time the dusted grain left uncovered. Treated seed may then be planted, or stored but not for longer than four weeks. This treatment will not clog or corrode the drill in the least. The treatment is applicable to wheat, oats or barley."

The machine for mixing may be just a large can with a tight lid. A barrel can be mounted to turn on an axis, or a concrete mixer is good.

Anyone interested will receive all assistance possible from the county agent in this work. Communities are urged to organize, secure some kind of a mixer, purchase their materials in quantities, clean up combines and threshers, and put forth every effort to rid their small grain of smut.

Rev. Homer Vanderpool went to Coleman Monday to attend a conference of Methodist ministers and lay leaders of the Brownwood district.

Mr. and Mrs. Tom Agnew and children returned Friday from Long Beach, California, where they spent the summer.

Harry Lynn and Hugh Robinson went to Lubbock Sunday, accompanying Miss Dorothy Lynn to Texas Technological College.

The SNAPSHOT GUILD WATER POEMS

An episode in an amateur photographer's picture Odyssey of the travels of water. Exposure 1.22 at 1/25 second.

THE moods of water, tumbling, bubbling, gushing, spouting, dashing, splashing, trickling, rolling, rippling, dripping, glad, angry, smooth, rough, serene, peaceful, make adjectives for poets. For the amateur photographer with any poetry in his soul whatever, they make themes for beautiful pictures and the subject of a delightful picture hobby.

We know of one amateur photographer who used his camera to picture the grand circle water makes in its journey from land to sea to the clouds and back to the land again. This picture epic of water began with a photograph of a tiny woodland spring, then pictures of a rivulet, a brook, a river, a mighty river with its waterfalls and rapids, the bay through which it flowed into the ocean, the ocean itself, a cloud and sunbeam picture over the ocean, thus picturing water being caught up for its return journey, and finally rain.

This idea far from exhausts the possibilities of poetic water pictures, especially when human interest is added. The majestic sweep of water over Niagara Falls is a poem in itself but a honeymooning pair in the foreground adds romance. A fair swimmer in clear water on which sunshine is shimmering creates a poetic pattern of life and light. A pseudo-moonlight picture over a placid lake of a youth and a maid in a canoe (a shot into the setting sun with a small lens opening) gives a poetic mood to "the

waters stilled at even." Foam at the prow of a careening yacht or its burning wake over the stern depicts the poetry of motion.

Verses may be illustrated. "Where the breaking waves dash high on a stern and rockbound coast" is a place for photographs of one of water's most inspiring moods, and then, from the billows "there is not in the wide world a valley so sweet, as that vale in whose bosom the bright waters meet."

Endless are your opportunities for making delightful photographs of water scenes. But there's a trick to successful water photography. It's largely a matter of shooting so that the pictured water has the right "feel" or texture.

For example, it's possible to shoot spray too fast, so that it has a hard, brittle look, thereby losing its essential sense of movement. On the other hand, rippling water should be shot fast enough so that the ripples are distinct, each with its own highlights.

Another point is lighting. Choose the angle that gives you the maximum "texture," the characteristic interplay of light and shade. No one can tell you exactly how to go about this; a little experimenting will tell you better than volumes of words. But keep this in mind. Any fair-aided body of water reflects a lot of light. Your exposures, therefore, can be faster or, preferably, your "stop" smaller than for a comparable summer landscape.

John van Gulder

VARIED ACTIVITIES INTEREST WEST TEXAS HOME MAKERS

COLLEGE STATION, Sept. 15—Varied home activities have interested West Texas home demonstration club members during the hot, dry summer time, according to reports from county home demonstration agents in that territory.

Eight women's clubs in Runnels county with an attendance of 87 women studied summer care of the yard. Their aim was to learn how to conserve moisture, how to make the water strike deep and to learn how to mulch. Other features brought out in keeping a yard attractive were watering once a week, cultivating every three or four days not more than two inches deep, keeping grass out of beds, and watching for

insects in order that they might be controlled.

In McCulloch county, 93 women recently studied furniture refinishing. As a result, Mrs. Doyle Cates, cooperator in the Rochelle home demonstration club, has removed the old finish from a four-piece bedroom suite with lye paste. She is now busy sandpapering with coarse and fine sandpaper getting the surface ready for the new finish. "It's a hard job, but well worth it," says Mrs. Cates. Mrs. Will Dutton of the East Sweden home demonstration club has refinished an old walnut china cabinet in the natural wood. She uses this cabinet for her collection of pictures and is proud of her refinished heirloom.

Mason county home demonstration club women recently answered roll call with a list of kitchen time savers. Among the items named were: time schedule of work in the kitchen, recipe file, nest of measuring spoons and nest of measuring cups, tea strainer that fits on teapot, double boiler, clothes sprinkler, and rotary egg beater with fitted bowl.

MISS KATHERINE BELL TO REPORT SCHOOL NEWS

Miss Katherine Bell, senior in the Ballinger high school, has been designated school correspondent for The Ledger and will edit the school column each week during the entire term. She will have an assistant at the junior high school who will report the news from that building to be incorporated in the column. Teachers in the primary building will assist Miss Bell in getting other school events and her column will be interesting reading.

Miss Bell brought honor to the Ballinger school last spring when she was state winner in ready writing. She won in the county, district, region and accompanied by her English teacher last year, Miss Lucille Williamson, went to Austin and took first place in the state competition.

She will have the cooperation of her English teacher, Miss Arnead Howard, this year, and her school column will be considered a project in English.

Sam Behringer returned Friday from Georgetown, where he had been to place his daughter, Miss Camille, in Southwestern University.

County Farm And Home Agents Back From Conference

John A. Barton, county farm agent, and Miss Myra Tankersley, county home demonstration agent, returned Saturday from College Station, where they had been to attend the annual conference of extension service representatives.

Agents from all over Texas received information from specialists and experiment station operators during the five days. Mr. Barton said the 1937 program was more technical than in previous years because the classes were composed of agents only and speakers lectured on proven experiments which will be put into practice by agents in their counties.

The home demonstration agents spent much of their time planning a program of work for another year which will be followed by the women's and girls' clubs and by individuals.

It was announced that the 1938 farm program would be given the agents within two months. The speakers stated that it would be similar in requirements to the 1937 program but would set up goals for farmers and it they would comply in units.

Word was received from Washington that the range program had not been closed and anyone who operates 100 acres and upwards can still sign an application and comply for government payments this year. A number in Runnels county signed last week and others were due to make application this week and start compliance.

Miss Tankersley said she would continue meeting with the clubs and carry on the general work with them and also would rush arrangement of exhibits for the Runnels County Fair.

Mr. Barton will begin holding committee meetings in communities where interest has been shown in placing community exhibits at the fair. He will give assistance in selecting products and help each community committee to fill the score card with the best produced in the area.

Railroads Offer Very Cheap Fare To The Exposition

Students, teachers and patrons in this section will have an opportunity to visit the Pan-American Exposition at Dallas on October 23 at a very moderate rate. A special train for pupils and others in this part of district 14 will be made up at San Angelo, leaving there at 7 a. m. and departing from Ballinger about 7:45 a. m.

The round-trip fare is \$2.40 in a chair car. It will arrive at the exposition grounds, Dallas, at 3 p. m. Returning it will leave Dallas at 9:30 p. m. on October 24 and arrive in Ballinger about 6 a. m.

The train is one of a series of specials planned by all railroads to the Pan American Exposition to accommodate the educational movement, beginning September 10 and ending October 30. Exposition officials have offered numerous price concessions to the groups, and a two-day holiday for the schools has been proclaimed by Gov. Allred. An optional two-day all expense tour have been provided for \$2.25 which includes housing, meals, admission and major attractions.

No definite action has been taken in this county on the

excursion, but most of the common schools will start the fall term on the first Monday in October and teachers will be informed of the date and the cost of the trip. School officials expect a large number to take advantage of the cheap fare to the exposition city and the tours arranged while there.

PICTURES TAKEN IN STORM PROVE LIGHTNING SLOW

PARIS, Sept. 15—Ball lightning moves so slowly that one may walk away from it and escape, according to pictures made recently at the Eiffel Tower during a storm. The revolving camera caught views of the lightning floating round the tower and perching on the top of the tower, forming a kind of dance. The balls of fire varied from the size of a fist to a football. Sometimes they exploded suddenly, then disappeared.

FIRE AT MASON GIN
DOES \$1,600 DAMAGE;
ORIGIN IS UNKNOWN

Fire at the W. F. Mason gin Tuesday night about 10:30 caused damage estimated at \$1,600. The fire, which originated in the storage house, spread quickly. An employee discovered the fire when it first started and rushed for help but when he returned the entire building was in flames. There were about ten bales of seed cotton in the house and it was all consumed.

The cotton, valued at \$600, owned by farmers who had left it to be ginned, was fully covered by insurance. The building, which cost \$2,500, was damaged about \$1,000 and was partially covered. A spark from a rock or a match head is believed to have started the fire. The blaze was confined to the building by firemen and no damage was done to the rest of the gin plant.

WEEKS DRUG STORE
ADDS TWO NEW MEN

Herman Spencer, formerly of San Angelo, is now associated with the local Weeks drug store. Mr. Spencer, who is a registered pharmacist, was with the San Angelo store for four years. He and Mrs. Spencer and two children moved here last week.

Burke Dyess, of Austin, began work in the fountain department of the store today. He was with the Eldridge Moore drug stores in Austin.

SANTA ANNA RODEO-FAIR
BOOSTERS VISIT BALLINGER

A large group of Santa Anna citizens were in Ballinger Wednesday in the interest of their fall fair and rodeo which begins next Tuesday. The rodeo is expected to be one of the best in this section, with top-notch riders competing. A daily attendance of over 5,000 is anticipated during the three-day affair. George M. Johnson is chairman of the rodeo committee, and T. H. Upton is general committeeman for the fair.

W. B. DUNLAP BETTER

W. B. Dunlap, who was stricken by a severe heart attack Tuesday afternoon while in the Currie Produce Co. store, is reported slightly better today.

McKAY IS REMOVED
TO WICHITA FALLS

According to word received here, Jack McKay has been removed from his sister's home in Rule to that of his parents in Wichita Falls. Mr. McKay, principal of the Ballinger junior high school, has been seriously ill since the first day of school. He is slightly improved and will go through a clinic in Wichita Falls.

CHECKER CHAMP OF U. S.

Nathaniel Rubin, twenty-five, of Detroit who was crowned new national checker champion of the United States at the annual tournament sponsored by the National Checker association at Providence, R. I. He defeated William Ryan of New York, winning two out of six games. The other four were draws.

Baseball Loop Heads To Meet Here Tonight To Settle Argument

Managers of all teams in the Concho Basin Baseball League will meet in Ballinger tonight to decide the winner of the second half. Bronte, Winters, Rowena and Miles managers notified Frank Cameron this afternoon that they or their representatives would be here to discuss the situation and vote on the final interpretation of the rules. In case Ballinger is declared the winner, the manager of the Bronte club, Mr. Bell, and W. A. Hampton, manager of the Ballinger team, will arrange for the first play-off game and select the place. If San Angelo and Ballinger are ordered to play one game to decide the second half winner, arrangements will be made for that game.

W. A. Hampton, manager of the Ballinger baseball team, and Frank Cameron went to San Angelo Wednesday night to meet with officials of the Concho Basin League and the manager of the San Angelo team to decide on the winner of the second half.

The Ballinger management claims the Bearcats won the second half since Miles withdrew from the circuit and did not meet the San Angelo team for the last two games of the season. The league president, Grady Mathison, ruled the second half a tie and gave until 6 o'clock tonight for the Ballinger and San Angelo clubs to arrange for a play-off game to decide the winner.

The Ballinger representatives returned home with no agreement reached and this morning league officials telephoned here to ask that all games be thrown out and one game be played between the Bearcats and the Shepherders with the winner to play the Bronte team, winner of the first half, for the loop championship. Hampton and Cameron countered with the request that all managers of the league be called for a meeting and the decision left to their vote.

Cats Divide Double Bill With Rowena; Title Playoff Looms

By losing the last game of a double-header with the Rowena team last Sunday, the Ballinger Bearcats may have put themselves in a tie with San Angelo's Shepherders for the championship of the second half of the Concho Basin Baseball League schedule. After taking the first tilt 7 to 6, behind the pitching of Mitchell Lee, the Ballingerites slipped in the nightcap to lose by an identical score. Brosig and Feist were on the mound for the Saints. The games were played at Rowena.

Winters' Blizzards were slated to play the Bucaroos at Bronte but forfeited the games as they were unable to round-up a team. The Bronte manager was forced to refund money to a sizeable crowd assembled to see the double-bill.

BIRTHS

Jon Edwin Schnable, 8 pounds, arrived at the Halley & Love Sanitarium Friday afternoon at 2:30 and will make home here with his parents, Mr. and Mrs. J. A. Schnable. Mrs. Schnable and the young man have been taken to their home on Sixth Street and both are doing nicely under the capable nursing of Papa "Snow." The cooler weather the past weekend is attributed to the "Little Snow" arriving Friday.

The aard-vark, or "earth pig," is found only in Africa. It feeds chiefly on ants.

BARNETT BELLINGERS

There was fairly good attendance at Sunday school Sunday. Everyone is invited to attend each Sunday.

Mr. and Mrs. J. A. Norton, of Olney, spent part of last week in the D. C. Camp home.

Mr. and Mrs. Burtus Jones and son were dinner guests in the E. A. Norman home Sunday.

Mr. and Mrs. Cecil Lander visited the latter's parents, Mr. and Mrs. Charley Manske, of Kristoff Sunday.

Miss Minnie Lea Camp was the guest of Misses Thresa and Clemmie Lee Lakton Sunday.

Mrs. Lee Howell and daughter visited Mrs. C. L. Howell, of South Ballinger, Monday.

Mr. and Mrs. E. A. Norman and children visited in the J. E. Jones home at Ballinger Sunday afternoon.

Cotton picking is well underway in this community.

Mrs. J. B. Dorsey was called to the bedside of her daughter, Mrs. Calvin Fielder, of San Angelo, who was ill, Monday morning.

HERRING HOURGLASS

Everyone in this community seems to be busy picking cotton.

Several children of this community entered school at Talpa Monday.

Mr. and Mrs. Arthur Fuller had as their guest Monday Mr. and Mrs. Seth Alcorn, of Lubbock.

Mr. and Mrs. Jack Fuller visited Mrs. A. E. Fuller Monday afternoon.

Mr. and Mrs. Seth Alcorn, of Lubbock, spent Monday night in the home of Mr. and Mrs. Lonnie Alcorn.

Terry Whitley spent Sunday with

Kenneth Rosford.

Curtis and Ralph visited Ewing and Roy Fuller Sunday.

Several from this community attended a singing convention at Content Sunday afternoon.

There was a large crowd at Sunday school and church Sunday morning.

There will be church Saturday night, Sunday morning and night. Everyone has an invitation and welcome to attend the services.

Mr. and Mrs. Dick Preas had as their guests Saturday night and Sunday Mr. and Mrs. Pate, of Valera.

Mrs. Willie Faubion visited Mrs. Miller Saturday afternoon.

Mrs. Owen Bragg, Mrs. Clyde Brevard, Mrs. Odie Morton, and Mrs. Minnie Rosford spent Monday morning in Talpa.

MEXICANS IN BALLINGER CELEBRATE DIEZ Y SEIS

The Mexican population of Ballinger, increased by several thousand due to the influx of cotton pickers, was today celebrating Mexico's independence from Spain, proclaimed September 15, 1810, but observed on the following day.

The Diez y Seis festivities got underway last night with a baile at Fair Park. The program for last night and today included two dances, special dialogues, musical numbers, speeches and an address by Sr. Jose P. Arellano, member of the Mexican commission at Del Rio.

Mr. and Mrs. Baker Henderson, who reside on a ranch near Barnhart, visited friends in Ballinger Wednesday. Mr. Henderson said conditions were fair in his section but he could use a few rains.

Want ads are economical and bring results.

31 Women Receive Health Certificates At End of Course

Nineteen women of the Crews community were awarded certificates from the state health department this afternoon by Miss Beulah White, county health nurse. The women have completed a twelve-hour course in home nursing and sanitation.

Tomorrow afternoon, certificates will be awarded to twelve women at Hatchel who have met the same qualifications.

Completing the course at Crews were: Mrs. Mary Lee Phipps, Mrs. Della Collom, Miss Gladys Collom, Mrs. Mildred Young, Miss Leola Young, Miss Zena Young, Mrs. Reba Morris, Mrs. Ina Mathis, Mrs. Esther Pape, Mrs. Jewell Queen, Mrs. Esthel Brooker, Mrs. Amber Fuller, Mrs. Teny Campbell, Mrs. Marguerite Mathis, Miss Doris King, Miss Winifred Fuller, Mrs. Wilma McBeth, Mrs. Gladys King, Mrs. Valera Lee.

Those at Hatchel who received the certificates were: Mrs. Claudia Mathis, Mrs. Frances Vinson, Mrs. Theima Vancil, Mrs. Judell Phillips, Mrs. Claudie Campbell, Mrs. Gena Mathis, Mrs. Ruby Mathis, Mrs. Almedia Kresta, Mrs. Alta Knight, Mrs. Arlie West and Mrs. Thelma Gentry.

Mr. and Mrs. C. E. Baker, of Bunker Hill, Illinois, have been visiting in the J. Y. Pearce and Frank Pearce homes. Mr. Baker is a nephew of Mrs. J. Y. Pearce.

First "Trailer Widow" Seeks Lift

Revere, Mass.—Mrs. Sadie Hahn, fifty-six, believes she is the nation's first "trailer widow." She married Paul Hahn, fifty-five, last year in a Dalworth, Texas, trailer camp, and spent their honeymoon in a trailer. Recently he deserted her here, taking the car, but leaving her the trailer in order perhaps, that she might pick up a "hit" home.

beds and serve with mayonnaise thinned with cream.

Salad Bowl

- 1 small head cauliflower
- 1/2 large Bermuda onion
- 1/2 cup pimiento olives
- 1/2 cup French dressing
- 1 head lettuce
- 1/2 cup Roquefort cheese

Remove outer leaves of cauliflower and separate heads into flowerettes. Slice the flowerettes crosswise into thin slices. Slice the Bermuda onion crosswise and separate each slice into rings. Slice the olives. Marinate the cauliflower, onion rings and olives slices in French dressing for half an hour. Just before serving add shredded lettuce and crumbled Roquefort cheese and toss lightly in a salad bowl until the lettuce is thoroughly coated with French dressing.

LOST ISLAND IS HUNTED BY SOVIET SCIENTISTS

MOSCOW, Sept. 15.—To verify the existence of Sannikov Land, sighted by navigators 127 years ago, a new scientific expedition has been organized. The land is said to be northeast of Kotely Island in the Arctic Ocean north of Eastern Siberia.

I. I. Cherevchny, who will scout for the expedition, has left by air for the region of New Siberian Islands, largest of which is Kotely. His flights will be over regions where no airplane has flown. His base will be at Tixie Bay, and later he will establish himself on Kotely Island. From there he will make flights into the heart of the Arctic basin, exploring the De Long Archipelago.

Ballinger Lions Guests of Winters Club at Luncheon

James H. Goodwin, of Midland, attorney for the West Texas Motor Truck Lines, was in Ballinger Tuesday making arrangements for a hearing here the first part of October of the motor transportation division of the Texas railroad commission. He came here direct from Austin Tuesday where he had contacted members of the commission in regard to holding a three-day hearing in Ballinger to present data showing the line was needed in this section and also to take up several other cases pending.

Mr. Goodwin was not sure of the exact date of the hearing but said he would be able to announce it next week. While here Tuesday he made arrangements for the city hall auditorium for the sessions.

In the application of the West Texas Motor Truck Lines will seek authority to operate from Ballinger to Bronte, Robert Lee, Sterling City, Garden City, Midland and west from that point with connections in New Mexico.

While here Mr. Goodwin contacted a number of local merchants to obtain information regarding shipments to points west and to line up witnesses locally for the hearing here. He stated that state examiners would devote six days to investigation of the proposed route and that the sessions would be shifted from here to Midland for interviewing witnesses in that vicinity.

The route will also create a necessity for the improvement of highways used and a movement has been started for forming an organization with representatives

from each of the counties to push for preferred road building during 1938.

E. Shepperd returned Monday from Waco, where he had been to accompany his daughter, Miss Nell Shepperd, to Baylor University.

Menus of the Day

There is nothing like a crisp fresh salad—either tossed in a mold or of the molded variety to add zest to warm weather meals. Here are some that are especially good.

- Lime Salad—Molded**
- 1 package lime gelatin
 - 1 cup boiling water
 - Juice 1/2 lemon
 - 1/4 cup whipped cream
 - 1/4 teaspoon salt
 - 1/4 cup mayonnaise
 - 1/2 cup cottage cheese
 - 1/2 teaspoon onion juice
 - 1/4 cup pecans, chopped
 - 1/2 cup pimiento, cut up
- Prepare gelatin according to formula, add balance of ingredients. Pour in individual molds. When firm, unmold on lettuce

Football Season To Get Underway Here Tomorrow

The football season will open here tomorrow (Friday) night at 8 o'clock with the Ballinger Bearcats taking the field for their initial game of the year against the Mozelle high school eleven. Floodlights have been adjusted on the field and everything will be ready to entertain a large number of fans.

There is an unexpressed feeling of fear in the hearts of both fans and players as they begin the season with Mozelle. Heretofore the Mozelle lads have been considered a sure victory for the Bearcats, but this year they start the season with a veteran club that has

been in training for more than a month and all players are in fine condition. Mozelle coaches took 25 candidates for the team to the Abilene state park in August and have been drilling them hard ever since.

On the roster are ten letter men who showed promise last year of starring in the 1937 season.

Coaches Felton ("Pooch") Wright and Paul Gibb have been working their boys early and late to get them in condition and give them enough plays for a game after the late start. Their prospects are much better than last year but there are still weak places in the line and backfield which makes the calibre of the team uncertain until it is seen under fire.

The band, pep squad and student body will be on the job tomorrow to lend color to the game.

A game has been scheduled with the Roscoe team for October 1, the game to be played here. This completes the 1937 schedule, leaving one date open in case of a playoff.

Supt. H. C. Lyon announced today the assistants who will be on duty at all games this fall. The appointments are:

Ticket Sellers—Miss Alma Lee McWilliams, Jack Nixon, Jr., L. M. Lovelace

Ticket Takers—George Stowe, Frederick Kingsbury, Ernest Sublett, Jack McKay

Policemen—W. A. Holt, Gerald Black, Lee Moreland, George Little, J. A. Schnable, Earl Baxter, Fred Caudle, Claude Compton

Patrolmen—S. L. Ferguson, O. T. Burton, Marvin Roskos

Paymaster—Alex McGregor

Bath House Manager—Arthur Wiesepape

Score Keeper—Melvin Holt.

SPORTS

The Concho Basin League schedule ended Sunday and the winner of the second half is still in doubt. A series between the Ballinger and San Angelo clubs may be necessary before the opposition for Bronte, winner of the first half, is selected for the championship game. There probably is an argument in the air which will require a ruling of President Tory Slaughter to settle. Ballinger has played two more games than San Angelo and according to the percentage column should be ahead. Miles dropped out of the league several weeks ago and gave notice of such fact. The regular schedule called for the Giants to play the sheepherders last Sunday and this caused the unequal number of games for the two clubs. This dispute will have to be settled at a league meeting the last of this week.

The Bearcats took the first game from the Rowena nine Sunday and were going good on the second when one of the local players erred and the Saints took advantage of it to initiate a hitting spree that brought them a win and placed the league without an disputed winner in the second half.

Now enters football to entertain sports lovers for the next several weeks. Just how well local fans will like the season is yet to be determined. About 30 local boys that are going to put out all they have in every game, but the district offers several veteran ball clubs with plenty of strength. Dopsters are picking Winters and Brady for tops in the district with a few throwing their vote to Rising Star. Some coaches venture the guess that the Bearcats have more than they have advertised and will have to be beaten on the field instead of on paper. This may be true as Ballinger coaches are working steadily and saying little.

The locals suffered a loss last week when Fritz went out of practice with a knee injury that will keep him out of games for several weeks, if not for the season. Fritz is a letter man that went good last year and was being depended upon for much work this year, both defensive and offensive.

The loss of Fritz is giving a number of other youths a chance to show what they can do and the coaches may discover something good by his absence from the backfield. Just who will start in his place Friday night will not be known until time for the kickoff. Penn, Adair, Roe and others have showed plenty and the three named are most likely to get the call. Other backfield starters are almost sure to be May at fullback, Morris at quarter, and Powers at half.

Johnny Barnett is sure to start at one end and the other wingman is undecided. McKay, Carter and others look rugged and will be ready. A guess at tackle indicates Gressett and Flanagan. Sonny Parrish will likely start at center. Guards are unknown, but Cox, Jones, Allen and Richardson are all good enough and are in A-1 condition.

MASS SUICIDE HYSTERIA IN CHINA RUNS COURSE

NANKING, China, Sept. 15.—China's mass suicide hysteria that began a few months ago with the death of the popular film star, Yuen LingYu, appears to have ended.

The actress fell in love with a rich tea merchant, but she was married and her husband objected vigorously. When she ended her life, actress friends, movie fans and usherettes caught the mass suicide fever and took their own lives. Five workmen who had saved their money to see Yuen's latest film, heard of her death and threw themselves hand-in-hand into the river.

It is reported that this wave of suicide madness has spent its force.

Wall of China? No, Boulder Dam!

At first glance, this scene appears to be a view from above of China's winding, historic Great Wall. But in reality it's an air view of America's Boulder dam and lake. The Great Wall effect is created by a new serpentine roadway leading from the dam to points in Arizona.

BALLINGER SCHOOL NEWS

By Kathryn Bell

Chapel Program

The chapel program, September 10, was conducted by Supt. H. C. Lyon. Mr. Lyon spoke to the student body concerning their aims for the coming year. He urged that advantage be taken of every opportunity offered at the present, and in the future. The weaker, mentally and physically, that a person is, the harder it is for him to succeed. That is the reason, we were told, why people who are completely normal should reach higher goals and achieve more for themselves and for others.

Mr. Lyon announced that he planned to speak more often to the assembly than he had the past few years. So we will look forward to hearing him again soon.

Senior Class Meeting

The senior class had its first meeting Monday, September 13, for the purpose of electing class officers and sponsors.

Mr. Stowe presided at the meeting, and as a foreword, explained fully to the seniors what would be the policies of the school this year.

Sid Reese was reelected presi-

dent by acclamation. Miss Reese has been class president for the past two years, having been vice-president her freshman year.

Fred Jennings was elected vice-president, and Edith Jones, secretary-treasurer and class reporter. As sponsors, the class selected Miss Genevieve Green and Mr. Ernest Sublett.

Before the meeting adjourned the president appointed a committee to assist her in choosing the class colors. Acting with her are: Fred Jennings, Tony Nixon, Edith Jones and Virginia McShan.

A special business meeting was held by the senior class September 14. At this meeting Tony Nixon presented to the class the plans made by Sid Reese, president, and Jack Connelly. It had been arranged for the seniors to have the concession rights on all drinks, peanuts, and candy sold at the football games this season, beginning with the game September 17.

Before the meeting closed, Mr. Stowe discussed the matter of having a school annual. The class was given the choice of editing the annual, or of having a trip to San Antonio. It was decided in favor of the trip.

Pep Squad Organized

The high school pep squad had

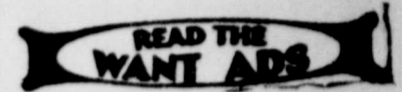

its first meeting September 7, at the physical ed. period. All former members and candidates for membership this year were present. Miss Elizabeth Parker, the sponsor, announced that this year there would be 16 drums in the drum corps, and, in addition, the pep squad would also have trumpets this year. The leaders for 1937 are: Misses Virginia McShan, Cordelia Lynn, and Mary Simpson. The members of the drum corps are: Laverne Smith, Eulalia Nicholson, Mabel McMillan, Lucille Hooks, Doris Lane, Isla Mae Jennings, Vera Mae Winans, Ella Mae Witter, Cyrene Andrews, Anita Evans, Johnnie Fay Batts, Mildred Doherty, Marguerite Snyder, Theopal Powers, and Evelyn Teague. Those who will play trumpets are: Norma Jean Bankston, Maureen Duncan, Mary Edith Herring, and Billie Joe Embry. Virginia Anderson and Gloria McGregor will carry the school banner. In addition to these, there will be fifty girls in the stunt squad.

your hair red, be sure and get the next copy of this paper and "read all about it!"

The junior high school will be represented in the School News this year. Miss Winnie Merle Adair will act as school reporter and will keep us informed as to the activities of that school. In addition to the reviews of their chapel programs, there will also be accounts of the pep rallies and perhaps a bit of "inside gossip."

This junior high news will appear in the paper next week in addition to your regular school news report.

Dr. Miles Nerveine

(Liquid or Effervescent Tablets)

Soothes irritated nerves, permits refreshing sleep, helps you to "get hold of yourself."

NEARLY everyone is nervous these days. Financial worries, street and home noises, late hours, hard work and exciting recreation put a strain on the nervous system that brings on Sleeplessness, Nervous Headache, Nervous Indigestion, Restlessness, Irritability.

An attack of nerves may make you lose friends, quarrel with your husband or wife, appear a tyrant to your children.

DR. MILES NERVEINE has been soothing the nerves of the nation for nearly 60 years. If you are nervous, get a bottle or package at your druggist. He will refund your money if you are not entirely satisfied with the results.

Large package or bottle—\$1.00. Small package or bottle—25c.

SOCIETY.

Sunday School Classes in Business and Social Meetings

The members and their families of two of the men's classes of the Ballinger Baptist Sunday school, taught by Judge O. L. Parish and Neal Nutt, enjoyed their annual barbecue party at the ranch home of Mrs. George Holliday on Tuesday evening. The menu was served camp style on long tables near the barbecue pit and the large pot of stew.

About seventy were present for the affair. After supper the guests were seated in informal groups for conversation. The program included brief talks by Judge Parish, E. E. King and E. C. Grindstaff.

Tuesday afternoon the members of the J. O. Y. Class of the Baptist Sunday school were entertained in the home of their teacher, Mrs. O. T. Toney.

Refreshments were served to: Misses James Parrish, Pete Thompson, Bill Duncan, Joe Beck, Jr., Hubert Chabysek, Otis Jacob, Jonas Parrish, Gene Morrison, Joe Eubaak and Cecil Kemp.

Members of the Dorcas Class of the Baptist church school met in

the home of Mrs. Drury Hathaway Tuesday afternoon with Mrs. Claude Collins as co-hostess.

A dessert course was served during the social hour to: Misses Frank Flynt, J. O. Tuckey, Ferguson, A. A. Wallace, Joe Flynt, Malcolm Morgan, Edgar Boelsche, and Harris Russell.

During the business sessions of the J. O. Y. and Dorcas classes, it was voted to unite. Mrs. Toney will be the teacher of the new class which will continue under the name of the J. O. Y. Class. Plans were made for the organization and the election of officers for the new Sunday school year in the near future.

Mrs. Hartman Hostess to Workers
Mrs. U. E. Hartman was hostess to the Methodist Workers' Class in her home on Broadway Tuesday afternoon.

Plans were made for a rummage sale to be held Saturday.

Following the informal social hour a salad plate with iced punch was served by the hostess, assisted by Mrs. W. A. Nance, to: Misses Hamp Byler, David R. Hall, W. E. Midgley, John Currie, H. C. Lyon, Viola Allison, C. P. Shepherd, E. J. Catey, W. W. Chastain, John Weeks, John Loveless, R. W. Bruce, J. M. Garlington, E. C. Baskin, W. F. Mason and Miss Alice Morgan.

Picnic for Gulf Employees

Mr. and Mrs. Cal Adair entertained employees of the Gulf Oil Company, their wives and girl friends, with an informal gathering at city park Friday.

Barbecue and ice cream were served to: Mr. and Mrs. Clarence Bissett, Mr. and Mrs. Clayton Bissett, Mr. and Mrs. Heath, Mr. and Mrs. Maxie Cole, and two sons; Mr. and Mrs. Malcolm Morgan and daughter, Gwendolyn; Messrs. Gordon Gressett, Derwood Bissett, Vernon Carroll, Gaylord Hubbard, Foy Farmer; Misses Pauline Morris, Lurline Brookshier and Delmas Morris.

Games were played after the picnic dinner and at the close of the program Mr. Adair expressed appreciation for the fine cooperation given the company.

DEATHS

H. C. King
H. C. King, 81, died at his home, at the corner of Tenth Street and Sealy Avenue Monday morning at 3:30. He had been in failing health for the past three years but was only confined to bed for two weeks prior to his death.

Decedent came to Runnels county 35 years ago and for many years was a farmer in this section. He moved to town six years ago and made home here ever since.

Last rites were conducted at the Jennings Funeral Home Monday afternoon, Rev. M. C. Golden officiating. Interment followed in Evergreen Cemetery.

Survivors include the wife; five daughters, Mrs. John Mountz, Mrs. Marvin Smith, Mrs. W. E. Hamilton, Mrs. Jim Hash, and Mrs. Ollie Hamilton; and two sons, Boyd and Cleave King, all of Ballinger. Ten grandchildren also survive.

Jennings Funeral Home was in charge of arrangements.

Miss Loyce Fowler, local manager for the Western Union Telegraph Co., has returned from a vacation trip during which she visited at Hamilton, Dallas and other points.

Mrs. Cleora Smith relieved Miss Fowler at the telegraph office while the latter was away.

Don't put up with useless **PAIN**
Get rid of it

When functional pains of menstruation are severe, take **CARDUL**. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardul and see whether it will help you, as thousands of women have said it helped them.

Besides easing certain pains, Cardul aids in building up the whole system by helping women to get more strength from their food.
