

THE BALLINGER LEDGER

VOLUME 57

BALLINGER, TEXAS, THURSDAY, OCTOBER 6, 1938.

NUMBER 52

114 in County Examined In Tuberculosis Clinics

Tuberculosis clinics were completed in Runnels county today and the final examinations were stated in Ballinger this afternoon. Dr. H. E. Smith, director of the division of tuberculosis of the state health department, and Miss Bernedeau Brunner, district health nurse, were here this week directing the work in the clinics with the assistance of Miss Sarah Harwell, county health nurse.

The patients were scheduled for the clinics several weeks ago and this week received X-ray and physical examinations by the state doctor.

The X-ray photographs will be developed in Austin and will be sent back to the patients' family physicians along with complete reports on the examination. The pictures and reports will be back in the county by November 1 and patients will go to their local doctors to receive information.

Those who show activity of the disease will be hospitalized later in accordance with the stages of the disease. The clinic examinations are a follow-up after skin tests given a number in this county last spring.

The first clinic was held Tuesday morning at Rowena where 20 patients were examined. Tuesday afternoon the examining group was in Miles, where 23 patients were X-rayed. Wednesday morning at Winters 23 visited the clinic and at Hatchel Wednesday afternoon 23 others were diagnosed. The final clinic was held here this afternoon when 25 went through for examination.

The state health officials were on the program at the federated woman's club meeting at Miles Tuesday afternoon. Dr. Smith spoke on "The Value of T. B. Skin Testing." He pointed out as one of the main features the fact that many were eliminated from further examination and X-ray pictures. He stated that all who had positive reactions from skin tests should take the complete physical examination.

Miss Brunner read a paper on syphilis and followed with a motion picture showing the cause and spread of this disease. Miss Harwell announced the beginning of school inspections next week. She will go to Wingate Monday, to Pumphrey Tuesday, and to Independence Wednesday.

NICHOLSON WINS PRIZES AT WEST TEXAS FAIR

John A. Nicholson, son of Mrs. R. A. Nicholson of this city, received four first prizes in the art exhibit of the West Texas Fair at Abilene this week. Mr. Nicholson's works, which were displayed in the professional division of the art department, won first places in oil portraits, oil landscapes, water color still life and water color portraits.

Mr. Nicholson is in Los Angeles, California, studying scene design at the Chouinard Art Institute, where he won a year's scholarship.

Mrs. J. A. Schnabel returned Tuesday from Sweetwater, where she visited her father.

Mead McShan, Pete M. Davis, Thomas B. Hill and John A. Barton went to Abilene today to attend the West Texas Fair and confer with AAA officials.

33 Couples Obtain Marriage Licenses During September

County Clerk W. W. Chastain did a "landoffice business" in issuing marriage licenses during September, averaging more than one a day. A total of thirty-three permits were issued during the month, which is high for any month of the year so far.

Six couples requested that their names not be published and the others are listed below:

L. Monroe Dodd and Miss Mary Lou Sellers
Gilbert G. Ocker and Miss Leona Lange

Howard Harvey Roberts and Miss Geneva Elizabeth Lawson
George Sheppard Robinson and Miss Gertrude Ellen Dawson

Arvill F. Cox and Miss Lou Ella Mae Stehle
Milford L. Swinney and Mrs. Dossie Smart

James Edward Wallace and Miss Azlee Adams
J. S. Savage and Mrs. F. E. Gotcher

J. M. Dunn and Miss Nettie Hanz
Gevara Aquire and Miss Elvira Pena

E. F. Day and Miss Frances Georgia Storm
Willie Washington and Miss Aurelia Collins

Thomas Findley Medlen and Miss Rosemary Elen Lasater
Macario Martinez and Miss Elbera Rellir

Willie Nicholas Mullis and Miss Inez Lee
Vernon Wood and Miss Maurine Eoff

G. R. Witter and Miss Elma White
W. D. Cozby and Miss Kaleta Lightfoot

Eulogio Ortiz and Miss Maselonia Aguiro
J. A. England and Miss Lillian Belew

Martin Campbell and Miss Dotty Lee
A. C. Hardin and Miss Bernice Lee Wood

H. A. Dewey and Mrs. Loie Watkins
Bevely Scott Hall and Mrs. Virginia Davis Pardue

Milton Floyd Henderson and Miss Ethel May Hornbuckle
L. C. Rose and Miss Mobeaty Thompson

Ernest Garcia and Miss Josefa Fabela

Two More Blocks Of Paving Signed For in Ballinger

Two more blocks were signed up for and the money paid in for paving this week. A survey was made on Sargent Avenue between Eighth Street and Broadway and work will start there within a few days. All property owners had placed their money in escrow Tuesday morning and city officials will pass on the project at once.

Good progress is being made on Tenth Street where five blocks have been signed up. An effort is being made to collect the property owners' share and as soon as it is put in the bank work will be commenced there.

Several other projects are being formed but to date have not been completed.

City officials stated this week that many people misunderstood the WPA approval on fifty blocks of pavement in Ballinger. This permits paving anywhere in the city where property owners are willing to pay their part of the cost. Heretofore approved projects have been for specific locations where all preliminary details had been arranged.

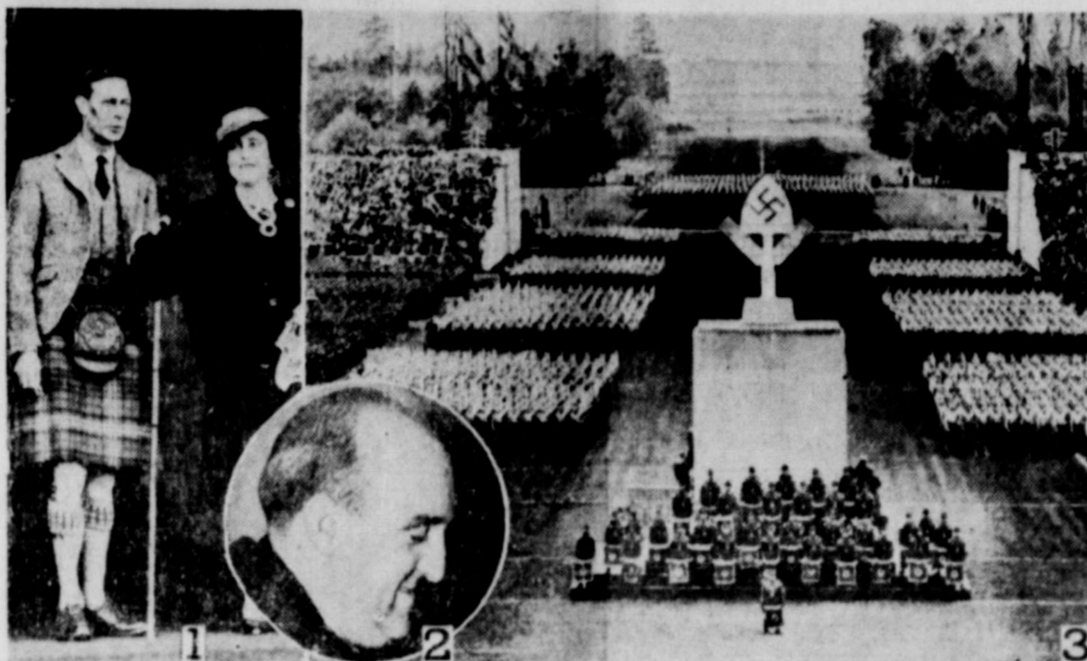

Masonry curb and gutter work is underway on Sharp Avenue between Ninth Street and Broadway.

Paving crews are ready to start work on any approved projects that are ready.

Neil McAlpine attended the Hardin-Simmons vs. Centenary football game at Abilene Saturday night.

Dr. Alfred Zedlitz, of San Antonio, is here visiting his parents, Dr. and Mrs. R. F. Zedlitz. He has been ill several weeks but is recovering and will report back for duty on October 11.

People and Events in World's News

1—Their Majesties, King George and Queen Elizabeth, are shown as they attended the Braemar Highland gathering at Aberdeenshire, Scotland, recently. 2—James H. Fay, winner of the Democratic nomination in New York's Sixteenth congressional district over Rep. John J. O'Connor, last remaining member on President Roosevelt's "purge" list. 3—Bare-headed and bare-chested young men of the Labor Service corps march into Zeppelin meadow carrying their spades on their shoulders for the mass demonstration during the Nazi congress at Nuremberg.

Fire Prevention Week Plans Are Perfected in City

Fire Prevention Week commences next Sunday, October 9, and during the entire period special efforts will be made in Ballinger to educate citizens to prevent fires, encourage them to check up and eliminate fire hazards and to include a general clean-up of their homes and premises.

Local firemen have prepared plans for participation in the events of the week and will present a number of programs. A fire prevention window will be on display at the Lee Hardware Co. D. G. Posey will arrange the window which will show the useless waste of fire.

The department will present a number of cash prizes to schools of the city. First, second, third and fourth prizes will be offered to both the negro and Mexican school children for the best posters on fire prevention. Another group of four prizes will be paid to the students of primary school No. 2 for posters submitted. In primary school No. 1 the contest will be for rooms instead of individual students.

Mr. Posey and Chief Chester Cherry will take the large pumper to the schools and give demonstrations on three kinds of fires and how to fight them. The wood fire will be shown and water used to fight these flames. An electric fire will be started and chemicals used to put out the blaze and a gas and oil fire will be started and water thrown on it to show the bad effects and later the flames extinguished with a chemical gun.

Chief Cherry will also talk to the students and more fully explain what was shown them in the demonstrations. He will also discuss common fire hazards that can be eliminated.

THREE MEN CHARGED WITH THEFT OF COW

Three Rowena men were arrested the first part of the week and charges of theft filed against them. Erwin Klaus, Dan Hoelscher and Walter Hoelscher are alleged in the charges to have stolen a cow from Otto Klaus which later was sold to Morris Wheelless.

Monday afternoon officers went to the home of Erwin Klaus with a search warrant and found two cases of beer. A suit of possession for the purpose of sale followed.

ELITE CAFE BURGLARIZED

The Elite Cafe was entered Tuesday night and \$7 in cash and about \$3 worth of sandy stolen. The loss was discovered by E. S. Payne, manager, when he opened the restaurant Wednesday morning. Entrance to the building was gained through the back door. The money taken had been left in a cigar box in the safe for change.

TWINS AND GRANDFATHER OBSERVE THEIR BIRTHDAYS

Fred and Robert Holliday, twin sons of Mr. and Mrs. Fred Holliday, observed their fourth birthday anniversary Tuesday. L. L. Stroble, the twins' grandfather, was also included for the birthday dinner of which the meat course was doves. Mr. Stroble said he was slightly older than the twins.

BIG SPRING PASTOR COMING OCTOBER 10 TO CONDUCT SCHOOL

Rev. Max Wilkins, pastor of the Grace Baptist Church, announced Wednesday a Bible school to be conducted at his church, October 10 to 21. Rev. Horace C. Goodman, pastor of the Tabernacle Baptist Church of Big Spring, will teach the books of Daniel and Revelations and will use a large chart in the lesson periods. Services will commence at 7:30 each evening.

The school is open to anyone who desires to take the course. Rev. Goodman is a capable teacher and members of the local congregation feel fortunate in securing him for the ten days' study.

Ginnings Reported About 13,500 Bales To Saturday Night

Cotton ginnings in Runnels county to last Saturday were unofficially reported at 13,500 bales. This was considerably less than expected and estimates for the total production were cut to around 20,000 bales for the year.

A decrease in ginnings was reported last week and those who have inspected fields in the county recently state that there is practically no top crop to be picked this season due to boll worm damage. This loss to the county is estimated at between 5,000 and 6,000 bales.

Cotton is arriving in Ballinger fast to be put in government loans. Local warehouses have experienced a rush this week and practically all bales ginned are being handled in this way.

The weather has been ideal for rapid opening and most of the farmers have gone over their acreage once and intend to finish the job in a short time.

SCHOOL INSPECTIONS BEGUN IN COUNTY

Miss Katherine Henderson, deputy state superintendent and state aid school inspector for this district, in company with County Superintendent E. C. Grindstaff, is visiting rural schools in Runnels county. The work will require more than two weeks, the final visits to be made on October 27.

Each school principal has been notified of the day and hour the visit to his school is scheduled and will be ready to comply with all requirements of the inspector in short order.

Fort Worth Group Visits Ballinger; B. B. Stone Speaks

Fort Worth business and professional men visited Ballinger Wednesday, arriving here at 11:30 a. m. and remaining until 2 p. m. The special train brought 125 men who are heads of large firms or leaders in their profession and the entire time here was spent in visiting local merchants and professional men.

A group of Ballingerites went to Miles Wednesday morning and boarded the special to return to Ballinger with the group. A short time was spent visiting in the downtown district before going to the Central Hotel where lunch had been prepared for the Fort Worth delegation and a group of local citizens.

George Clements, president of the Ballinger Chamber of Commerce, called the meeting to order and presided during the program following the luncheon. He introduced County Judge Paul Trimmer who extended a welcome to the visitors in behalf of Runnels county. Mr. Clements added Ballinger's welcome and presented Dr. Charles McCollum, of Fort Worth, who responded to the welcome addresses, telling of the purpose of the trip and giving facts and figures on Ballinger.

Judge B. B. Stone was the principal speaker for the occasion and for more than thirty minutes mingled humor in his unique manner along with serious thoughts about Fort Worth. Judge Stone formerly resided in Ballinger. He came here in 1900 soon after finishing law school and practiced here until in 1913 when he moved to Fort Worth to continue the practice of law there. He stated that he was "back home" and felt that Ballinger people were among the best on earth. He related experiences of his residence in Ballinger and told of the help received in Fort Worth after moving there because of the deeds of local friends.

Following the luncheon the visitors spent a short time in local stores and left here at 2 o'clock.

BABY'S FEET BURNED WHEN STEPS ON COALS

Mark Campbell, 2-year-old son of Mr. and Mrs. Rollin Campbell, sustained severe burns on his feet Monday afternoon and was rushed to Ballinger for treatment. The child stepped on live coals near the wash pot shortly after noon Monday. One foot was burned deeply and a slight burn was received on the top of the other foot. Mark's condition was better Tuesday when he was brought to town for redressing the burns.

Mr. and Mrs. J. C. Sturges spent the week-end at Hobbs, New Mexico, visiting relatives.

Year's Largest Crowd Brings Improved Business Saturday

County's Club Boys Will Have Exhibit At State Exposition

A registered Poland-China sow for one year returned above all costs to the owner \$117.81. Norbert Halfmann, of Olfen, is owner of the sow and his records show the above profit during the twelve-month period. This sow is one of the pigs brought to Runnels county by the county agent's office in the spring of 1936.

Young Halfmann states that he believes his success is largely due to his carrying out the recommendations of the Texas A. & M. extension service and the state experiment station. Briefly these recommendations were: first, secure good breeding stock; second, feed a balanced ration; third, provide a green pasture for sow and litters; fourth, use self feeder and provide clean water at all times.

Norbert kept accurate records for a year, beginning October 12, 1937, and ending October 1, 1938. The records reveal that two litters of nine pigs each were farrowed during this time, eighteen in all being raised. At the beginning the sow weighed 219 pounds and at the end of the year 390 pounds. The value of the sow was given as \$30, five pigs as breeders, \$37.50, 4 pigs fed through the summer made a profit of \$47.29 after all expenses were deducted. 9 young pigs valued at \$54. This makes a total of \$145.50 and deducting expenses of \$50.98 leaves a profit of \$117.81 for the year.

The youth provided green pasture through the year by the use of an electric fence which he has found very effective and easy to move to a new location.

W. J. Halfmann, father of the above mentioned club member, is raising purebred Duroc-Jersey hogs and he and his son are in a contest to see who is the best hog raiser and which breed is best.

MRS. J. Y. PEARCE ATTENDS BROTHER'S FUNERAL RITES

Mrs. J. Y. Pearce and Frank Pearce will return this week-end from Bunker Hill, Illinois, where they were called last Friday on account of the death of Mrs. Pearce's brother, Edward Baker. Mr. Baker visited in Ballinger several times and is well known here.

Subsidy Checks Received to Date Total \$75,859.71

Subsidy checks continued to arrive here in small shipments this week, bringing money to farmers of Runnels county who participated in the government program. A total of 500 checks had been received this morning amounting to \$75,859.71, which represents 336 contracts.

About one-sixth of the contracts have been paid, employees of the county agent's office estimating the total of subsidy payments at \$425,000.

Farmers are being notified as soon as their checks arrive and they are being distributed rapidly. Thomas B. Hill, administrative assistant, thinks subsidy checks will arrive almost every day in small batches and that approximately 2,700 will be received in all.

Saturday was the busiest day in Ballinger so far this year. Stores were crowded most of the day and downtown traffic was dense until late Saturday night.

Banks experienced a busy day and employees were forced to check over accounts part of Sunday to catch up. Cotton loans and the handling of subsidy checks caused additional money to pour into circulation and bring a sharp increase in business.

Additional subsidy checks are continuing to arrive daily and as fast as received farmers are being informed by past card where to call for them.

Merchants want rain and cooler weather to boost purchases of merchandise. All stores have winter stocks on hand and the heat wave has retarded sales of clothing particularly.

Cotton picking passed the half way mark last week and while the movement will continue at a brisk pace for another week it is expected to gradually slow down then.

Many Mexicans were here Saturday and spent the afternoon and most of the night in town, some remaining until late Sunday afternoon before returning to the farms where they are working.

Chicken Barbecue To Open Meeting Of Legionnaires

Members of the Pat Williams post of the American Legion will meet next Monday night for a stag party and a very important business session. The meeting will be held at the city fire station and in case the weather permits will take place on the lawn and if it is wet or cold will be held inside.

The evening's entertainment will begin with a chicken barbecue and all the trimmings for all members last year and those who have joined recently for 1939. There will be no cost to the individual and every paid up member for 1938 or 1939 is expected to be present.

Post Commander Frank Cameron will appoint standing committees for the year and take up other important business. One of the main subjects for discussion will be the organization of an order for the sons of veterans and the possible organization of an auxiliary unit of daughters.

Following the meeting Monday a membership drive will be launched with all present members taking part. Commander Cameron is anxious to have a large list of members by Armistice Day this year.

Members of the post will start at once preparing special Armistice Day programs to be presented wherever invited. These programs will be patriotic in nature and will recall the days of 1917 and 1918 when the United States was at war.

For several years the local post has been inactive and only had enough members to hold its charter. This year the Ballinger ex-service men plan to take their prominent place in the 21st district again and participate in all Legion activities.

Dr. and Mrs. J. G. Douglass and Mr. and Mrs. W. A. Bridwell spent the week-end on the Cecil Meaders ranch near Eldorado.

Miss Teddy Wardlaw, student in the University of Texas, Austin, spent the week-end here with her parents.

NORTON SCHOOL NEWS

Eagles Win Over Lakeview
A conference game with the Lakeview Indians was played at Lakeview Friday afternoon, from which the Eagles emerged on the victorious end of 7-0. This win makes us feel much better after a loss to Miles two weeks ago with scores of 12 to 8.

Change of Period Lengths Proving Successful
A change from the former forty-five minute period to one

hour periods has occurred. This change provides one hour for each lesson, one hour for lunch and one hour for physical education.

The periods are divided with the first part for studying and the latter part for recitation and lecture. The student body favors this change because it does away with part of the confusion resulting from so many moving from one room to another so often.

The football boys remained in San Angelo after the game Friday night to see San Angelo high school versus Thomas Jefferson high school of San Antonio.

Work on the cobblestone home making cottage is progressing nicely.

All the classes have chosen their sponsors and officers for this year. The seniors reelected their former junior officers. They are: Jack Compton, president; Ray Berrey, vice-president; Ada Patton, secretary. Mr. Elkins was chosen sponsor. Mr. McGlathery is junior sponsor. K. I. Sharpes, Jr. is president of the junior class. Doris Stuckey, secretary; and Pansy McDonald, vice-president. Neyland Compton is president of the sophomore class; Don Origgs, vice-president; and Louise Williams, secretary. Mrs. VanZandt is the class sponsor. Officers of the freshman class are: Floyd Clifton, president; Ben Taylor, Jr., vice-president; Virginia Smith, secretary; and Katherine Hambright, treasurer. Miss Morgan was elected sponsor.

Sh-h-But-

Watch out, folks! We hear the fashion has come to Norton. Some little girl (B.J.H.) completed a wardrobe (?) at San Angelo Friday.

How far is it from Lakeview to Norton? We don't exactly know, but we're willing to bet that

there's more than one road from Harriet to Brookshier. (If you don't believe it, ask Bro. Crain!) Why is it that a certain young lady with blue eyes and blonde hair always insists on going by Brookshier?

Two young ladies (no names can be given) were reported to wish that the skating rink furnished skates that fit on places other than the feet.

Come on, fellow students, let's have another pep rally like the one last Thursday night. It's the spirit as it was exhibited there that wins football games.

My! My! Aren't those freshmen boys the courtin'-est boys you ever saw? Specially those who were at Robert Herring's football party after the Miles game.

What charming young lady is wearing the sweetest gold necklace these days? Clue: the necklace came from our county seat—the young lady is connected with the pep squad.

We know two boys—one a "soph," the other a "fish," who can't keep anything, not even a "yellow" cat. Better luck next time, boys, third time's charm, you know.

INDUSTRY AND TRADE GAIN SLIGHTLY DURING AUGUST

AUSTIN Oct. 5.—Industry and trade in Texas during August gained slightly over the preceding month after adjustment has been made for seasonal influences. It was pointed out by Dr. F. A. Buechel, assistant director of the bureau of business research, University of Texas, in his recent survey of business conditions. There still remains, however, a substantial margin of decline from August last year, he said. The gradual improvement in business conditions in the North and East may be expected in time to exert a strengthening influence on the prices of Texas raw mate-

Firemen Block Attempted Suicide

Like the late John Ward, who killed himself last July in a sensational leap from a Manhattan hotel, William Abcarr, a psychopathic patient in New York's Bellevue hospital, stood on a narrow ledge of the hospital's ninth floor for several hours before fireman Thomas J. Kobac (left) gripped him by the ankle and dragged him back to safety. The incident attracted a large crowd.

4-H CLUB YEAR BOOK IS READY FOR DISTRIBUTION

Miss Myra Tankersley, Runnels county home demonstration agent, completed the 4-H club girls' year book this week and will begin distributing them to club members as soon as possible. A large part of Miss Tankersley's time during the next several weeks will be taken up with club work which will include meeting all the organized clubs of the county.

Demonstrations have been selected for the next year and are included in the new year book. Each club will select demonstrators at its first meeting of the year and all work will get underway within a short time.

Much work has been set up in the new program for cooperators and all club members will receive a full explanation of the aims for the year.

ROBINSON VISITS HERE

Hugh Robinson, formerly a member of The Ledger staff, visited friends here Sunday. Mr. Robinson was recently made city editor of the Brownwood Bulletin.

Hyenas, unless desperately hungry, live off the kills of other animals.

Say it with a Clear Skin

OUR SKIN
Frequently reflects how we feel. In business and social contacts we like our friends to tell us how well we look.

The lady now recognized—as physicians and scientists have for years—the vital importance of rich, real blood, as the foundation of strength, energy, and a clear healthy skin.

for that tired let-down feeling
It is well known how worry, overwork and undue strain take their toll of the precious red cells of the blood.

S.S.S. Tonic brings you new strength and vitality by restoring your blood to a healthy state, and its benefits are cumulative and enduring in the absence of an organic trouble.

improves the appetite
Further, S.S.S. Tonic whets the appetite... broadens better... natural digestive juices are stimulated, and finally, the food you eat is of more value... a very important step back to health.

Buy and use with complete confidence, and we believe you, like thousands of others, will be enthusiastic in your praise of S.S.S. Tonic for its part in making you feel like yourself again.

At all drug stores in two sizes. You will find the larger size more economical.

S.S.S. Tonic stimulates the appetite and helps change weak blood cells to strong ones.

County's Dealers Register 17 Autos During Past Month

Sales of new motor vehicles in Runnels county decreased during September, only 17 registrations being reported by the office of Tax Collector W. A. Forgy. Very few new models are out yet and this situation coupled with other conditions held sales to the lowest for any month of the current year.

With cotton loans being made, subsidy payments arriving and general fall business underway sales are expected to show a substantial increase in October.

The following registrations were made to October 1:

Fords
Holt Motor Co., Ballinger, 2 passenger, 2 commercial
Howard Motor Co., 1 commercial

Kendrick Motor Co., Winters, 2 passenger
Speer Motor Co., Winters, 1 passenger

Chevrolets
Healer Chevrolet Co., Ballinger, 2 passenger, 1 commercial
Jones Chevrolet Co., Winters, 1 passenger

Pontiacs
Underwood Motor Co., Ballinger, 1 passenger

Plymouths
Sykes Motor Co., Ballinger, 2

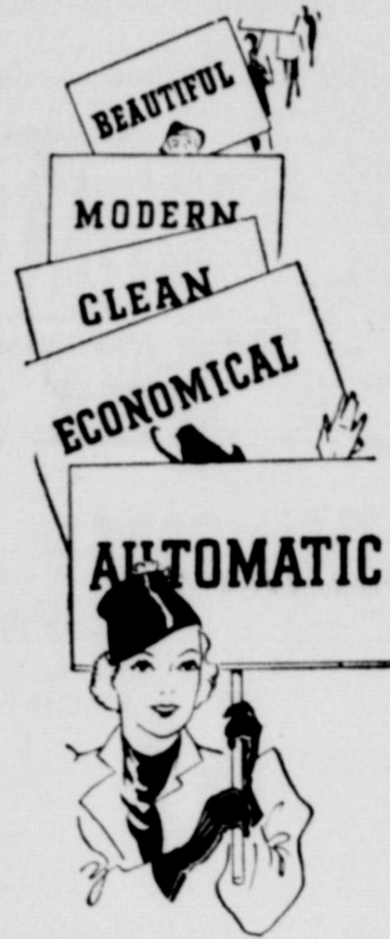

County's Dealers Register 17 Autos During Past Month

Singers are invited to novice Sunday. Singers of this section are invited to Novice Sunday afternoon to take part in a singing. The program will begin at 2:30 p.m. and a number of special groups are to be heard during the afternoon.

W. O. Wallace and Chester Cherry were among Ballingerites who attended the opening of the West Texas Fair at Abilene Monday.

The Free City of Danzig has an area of 197 square miles.

The Campaign is On!

THE DEMAND: Instant, Economical HOT WATER

Today's southwestern family operates more or less on a time schedule. Mother must be ready with breakfast... children must be ready for school... dad must be ready for work—all at a specified time! And this means hot water ready for instant use or some member of the family will be thrown off schedule. A new improved gas automatic water heater is your best assurance that your family life, as far as the time element is concerned, will run smoothly.

Trade for New Gas Automatic

Dependable

Natural gas service is the home's most trusted servant. Combined with the efficiency of today's water heater it provides hot water in the amount you need instantly.

Economical

Gas service is cheap. Add to this the improved design of automatic gas water heater and you have hot water service costing only a few pennies per day.

Long Life

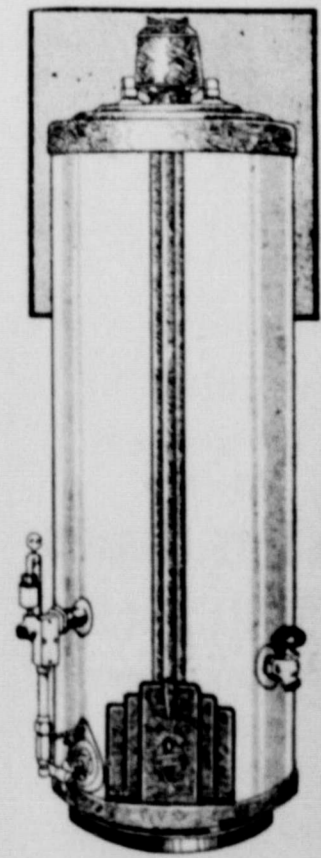

Strongly constructed of heavy metal with brass fittings and insulated, the gas automatic heater will last many, many years.

Good Looks

Streamlined in design these modern gas automatic water heaters fit in with your ideas of a smart, efficient kitchen.

Easy to Buy

Small down payment, trade-in allowance on your old heater and easy monthly terms make one so easy to own. Find out about these special low terms.

YOUR MILEAGE MERCHANT backs up his personal assurance of easy winter starting and oil economy by OIL-PLATING YOUR ENGINE —more than an oil change!

JUST because this is in print instead of coming direct from Your Mileage Merchant's lips doesn't change the fact that he backs every word personally. How does he go through with that? By giving your engine the only OIL-PLATING. That's not mere words; it's what patented Conoco Germ Processed oil does.

Activated by an added man-made compound—added to oil's best natural qualities—added to the best refining—this exclusive Germ Processed oil adds itself direct to the inner engine surfaces... unites so thoroughly that every working part stays constantly OIL-PLATED.

Does the chrome plating on the bumpers drain down every time your car stops? Neither does OIL-PLATING in your engine. When you want to start up again, after hours of wintry parking—after nights or even weeks in the coldest garage—you've got ready lubrication faster than instantly!—in advance of the fastest oil-circulation. For drain-proof OIL-PLATING has stayed lastingly plated all the way up, to make things slide lightly and swiftly for your starter and battery. That also tells you why you're rid of costly starting wear. And OIL-PLATING stays in as long as you use Germ Processed oil. The gauge-stick backs Your Mileage Merchant!

Switch in Time!

CONOCO CONOCO GERM PROCESSED OIL
OIL-PLATING GUARANTEED to lubricate before any oil can circulate

Women's, Society and Club News

Maverick Girl Marries Abilene Man in Early Morning Ceremony

Miss Susie Belle Thomas, daughter of Mr. and Mrs. W. J. Thomas of Maverick, became the bride of Weston L. Reynolds, of Abilene, Monday morning in a double ring ceremony before an improvised altar in the dining room of the Terrace at Abilene, Rev. C. H. Williams, pastor of the Fairmont Methodist Church, reading the marriage vows.

The bride wore a frock fashioned of duobonnet satin crepe and trimmed with white lace. She carried a corsage of white carnations.

Miss Mildred Carlton, of Abilene, formerly of Maverick, was the only attendant to the bride, and Holland Reynolds, brother of the bridegroom, of Abilene, served as best man.

Mrs. Reynolds attended high school at Bronte and Ballinger and business college at Abilene.

Mr. Reynolds attended the University of Texas and is now employed by the Terrace at Abilene.

The couple will reside at 1102 Butternut Street.

Out-of-town guests attending the wedding were Mr. and Mrs. W. J. Thomas, of Maverick; Dr. and Mrs. J. W. Reynolds, of Blackwell; and Mr. and Mrs. Eugene Thomas, of Big Spring.

Mrs. Rasbury Guest of Honor

Mrs. E. L. Rasbury, of San Angelo, a former Ballinger resident, was paid a pretty compliment by Mrs. J. G. Douglass when she entertained a group of Mrs. Rasbury's closest friends at a one o'clock luncheon last Friday.

Rooms of the Douglass home on Broadway were beautifully decorated in fall blooms in which the yellow and green tones predominated.

Yellow zinnias and golden glow with fern formed the centerpiece for the dining room table laid in Italian cut work. Golden glow in slender bud vases centered quartet tables.

Mrs. Claude Stone, Mrs. John Hollingsworth and Mrs. Leonard

Stallings assisted the hostess in serving the delectable luncheon menu.

Included besides Mrs. Rasbury were her daughter, Mrs. Alfred P. Luckett, of San Angelo; her sister, Mrs. R. W. Bruce, Mmes. Everett Hardgrave of San Angelo, C. P. Shepherd, M. C. Smith, M. B. Wardlaw, W. B. Halley, John Currie, G. G. Odom, F. M. Pearce, John Weeks, R. W. Earnshaw, J. Y. Pearce, C. R. Stephens, H. W. Lynn, E. C. Baskin, E. E. King, R. T. Williams, E. L. Hagan, Ed O'Kelly, A. B. Legate, R. A. Dickinson and W. W. Fowler.

Alathean Officers Assume Duties

Baptist Alathean officers, who were recently elected and installed, assumed active duties of leadership Sunday morning.

Plans for the year were briefly discussed by Mrs. Henry Doss, president. Others are: membership vice-president, Mrs. G. A. Swann; fellowship vice-president, Mrs. Weldon Howell; class minister, Mrs. C. W. Jennings; stewardship vice-president, Mrs. L. B.

Girl, 16, Is Mother of Triplets

Mrs. Paul Grimm, 16-year-old wife of a 19-year-old truck driver, recently gave birth to triplets, two girls and a boy. The triplets (shown above with mother) whose combined weight was 15 1/2 pounds, were reported "doing nicely" at a Steubenville, Ohio, hospital. Mrs. Grimm said "gee" when told by nurses of the triple blessed event. Her husband, who recently got off the relief rolls, was too surprised to comment.

Wallace and Mrs. J. R. Lusk were appointed to plan a program for Woman's Day and final plans were made for the fellowship supper to be held Monday evening when the Rev. Henson, of San Angelo, will speak on the Five-Year Program. Preparations are going ahead for the annual Christmas bazaar.

Mrs. Charles Bailey was leader and gave a devotional on "Seeing the Multitudes." Mrs. Lusk presented "Stewardship of the Gospel"; Mrs. Allison, "The Disciples of Christ in the City"; and Mrs. James Hargett, "Home Missions in the City Church."

Others present were: Mmes. Horace Murphy, A. B. Stobaugh, Ted Jones, Claude Wilmet, Wallace Jones, Frank Atwell, B. W. Pilcher, Oscar Pearson, I. O. Wooden, Warren McCullough, Misses Nan Kevil, Lula McElroy, Agnes Glober and Florence Westbrook.

Golden Jubilee Program for Baptist W. M. S.

The program meeting held for the Baptist Woman's Missionary Society at the church on Eighth Street Monday afternoon was attended by fifty. The golden jubilee theme was given emphasis in all topics. Mrs. Clarence Morton was leader and read the "Calendar of Prayer." Mrs. E. C. Grindstaff's topic was "Memoirs of Two Historic Occasions." Mrs. J. H. Endacott's was "A Trumpet

in Every Hand," and Mrs. Elmer Shepperd's "Be Ye Doers."

Mrs. O. T. Toney heard reports of standing committees and attended to other routine matters in the business period which preceded the program.

Additional society items on next page

EIGHTH STREET PRESBYTERIANS TO HAVE SPECIAL SERVICES

Rev. and Mrs. C. H. Ward left today for Raymondville, where they will visit relatives several days. They will not be here Sunday, but services have been arranged at the Eighth Street Presbyterian Church for Sunday morning.

The services will begin with Sunday school at 9:45 a. m. and continue without intermission into the regular preaching period. W. C. Redwine, Methodist layman, will be the speaker Sunday morning with Roy L. Hill in charge of the program. The public is invited to attend these services.

Miss Nell Shepperd, of Ranger, spent the week-end with her parents, Mr. and Mrs. E. Shepperd.

Mrs. W. A. Furgey returned Saturday from Odessa where she visited her daughter, Mrs. Jack Jobe.

Rudder; secretary, Mrs. J. A. Williams; assistant secretary, Mrs. Clemmie Barnes; pianist, Mrs. J. B. Arterburn; chorister, Mrs. Guy Lively; group captains, Mrs. Lively, Mrs. Fred Holliday and Mrs. Robert Lowry; teacher, Mrs. B. C. Kirk.

Surprise Poundings for Dunes

The Rev. and Mrs. Gale Dunn were given a surprise "pounding" late last Friday afternoon by members of the Ballinger Baptist Church.

On their arrival at their apartment in the home of Mrs. Pearl Gustavus on Eighth Street, they were received by a large group who presented the lovely and useful assortment of gifts.

The affair was sponsored by the choir, of which Rev. Dunn is director.

Dorcas Officers Installed

Officers were installed and a social meeting held Friday afternoon in the home of their teacher, Mrs. Clarence Morton, for members of the Baptist Dorcas Class.

Mrs. Edgar Boelsche, Mrs. James Parrish and Mrs. Jap Adams, Jr. were joint hostesses with Mrs. Morton.

Roses and blue daisies decorated rooms where pal gifts were revealed and exchanged. Plans were made for the new year's work and a year book adopted following installation of these officers: president, Mrs. Parrish; membership vice-president, Mrs. Malcolm Morgan; stewardship vice-president, Mrs. Drury Hathaway; fellowship vice-president, Mrs. Joe Eubank; class ministries, Mrs. Joe Beck, Jr.; secretary, Mrs. Theo Bell.

A plate of brick cream and cake with favors of coral vine sprays was served by the hostesses to: Mmes. R. C. Dobbins, J. T. Beckley, A. A. Wallace, Bell, Beck, Eubank, Hathaway, Morgan, Joe Flynt, Frank Flynt, Jim Golden, J. H. Endacott, Clyde Gabbert and George Neersta.

Mrs. Stone Entertains Club

Mrs. Claude Stone was hostess to the Triple-Four Contract Club and a few added friends in her Ninth Street home Tuesday with a dessert luncheon.

Beautiful fall roses, dahlias and other blooms graced rooms where the autumn season was suggested in game appointments.

Mrs. E. W. Stanesy received high score award in games played following the dessert course served with coffee by Mrs. Stone, Mrs. Frank Pearce and Mrs. J. G. Douglass.

Others included: Mmes. John Hollingsworth, Walter Boswell, W. B. Woody, Paul Kirk, Jack Holt, Hubert Zappe, Felton Wright, Sam Malone, Jr., Victor Miller, John A. Weeks, L. R. Tigner, Tom Agnew, J. A. Schnable, Troy Simpson, Edgar Boelsche, Harry Lynn, Ross Murchison, K. V. Northington, R. W. Earnshaw, J. B. Striplin, Alex McGregor; and Miss Teddy Wardlaw.

Miss Baskin Hostess to Bachelor Girls

Miss Eugenia Baskin was hostess to the Bachelor Girls Contract Club Monday evening in her home on Sixth Street.

Vantage placings of bowls and vases of roses and dahlias gave added attractiveness to rooms where tables were appointed in a fall floral motif. Miss Vhelma Parrish received the capsule gift.

A salad plate was served with punch by Miss Baskin assisted by her mother, Mrs. E. C. Baskin.

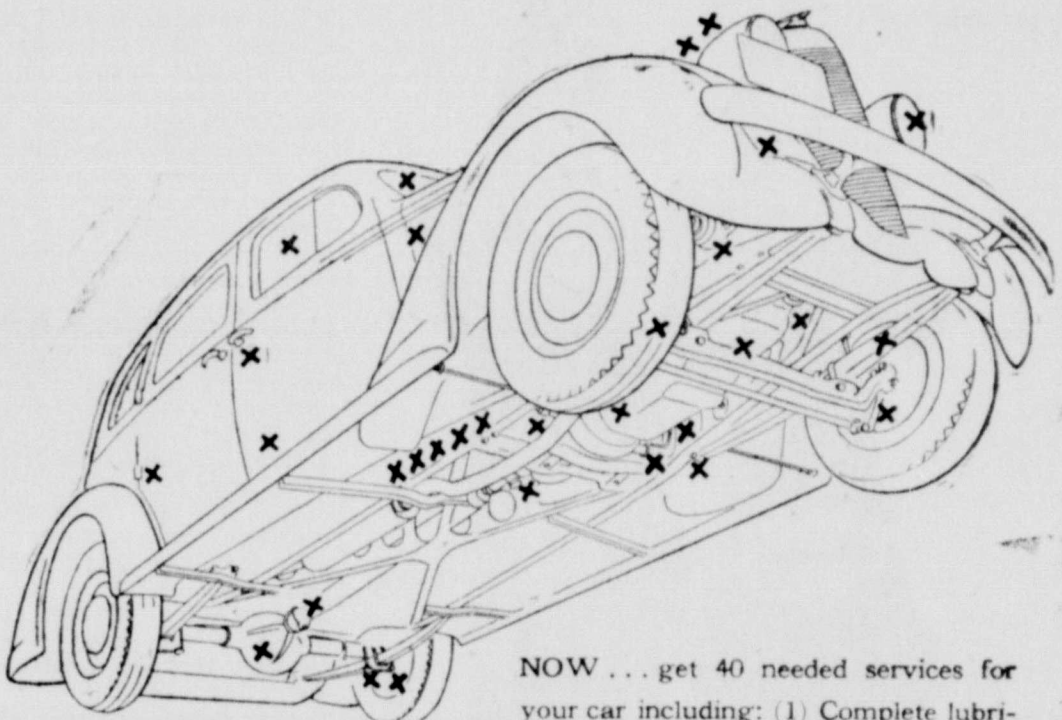

Guests included: Misses Armead Howard, Edna Mae Lowry, Mary Jane Kiechle, Beth Stiles, Cathryn O'Neal, Vernie Downing, Parrish, Bernice Simmons, Louise Batts, Frances Taylor, Virginia Lamm,

Elouise Jones; Pearl Currie and Imogene Waide, of Paint Rock.

First Christian W. M. S. Program

Mrs. Walter Allison presided over the business session held by the Woman's Missionary Society of the First Christian Church Monday afternoon. Mrs. W. O.

X marks the spots where we check and lubricate your car for one price...surprisingly low!

NOW... get 40 needed services for your car including: (1) Complete lubrication of every chassis part; (2) Many extra services in checking and servicing body, battery, radiator, etc.; (3) MARFAK, the chassis lubricant that lasts twice as long as ordinary grease. All at the price of a single lubrication job. A service bargain... needed by every car... drive in today.

SEE WHAT YOU GET FOR YOUR MONEY

- Clean all fittings, before and after lubrication
- Lubricate shackles with Marfak
- Lubricate distributor
- Lubricate starter, if required
- Lubricate starter pedal at friction point through floor boards
- Lubricate generator
- Lubricate clutch throwout bearing, if required
- Lubricate clutch pedal
- Lubricate clutch rods
- Lubricate brake linkage (clutch linkage)
- Lubricate foot throttle
- Lubricate fan bearing
- Lubricate water pump
- Lubricate drag link
- Lubricate steering gear
- Lubricate universals
- Lubricate ride control linkage
- Lubricate distributor shaft
- Lubricate spring seats
- Spray springs
- Check engine oil level
- Check oil filter
- Check transmission and differential
- Lubricate hood lacing
- Lubricate hood hooks and hinges
- Lubricate door locks and hinges
- Wax door latches and checks. (A small item, but important; grease would soil your clothes)
- Tight battery with hydrometer
- Fill battery to proper level
- Clean corroded battery terminals
- Grease battery terminals
- Inspect battery cables
- Thoroughly clean interior of car
- Clean all glass windows, including windshield, etc.
- Check all light bulbs
- Inspect and inflate tires to proper pressure
- Clean steering wheel
- Check and fill radiator
- Inspect wiper arms and blades
- Lubricate every other item as listed and recommended by your car manufacturer and as shown on the Texaco Check-Chart

...and remember we Texaco Dealers use **MARFAK** instead of ordinary grease

Women's, Society and Club News

Music Club Has First Meeting
The Ballinger Music Club held its first meeting Tuesday evening in the home of Mrs. Elmer Shepperd on Eighth Street.

Mrs. Shepperd welcomed members in the beautifully decorated living rooms and directed them to the dining room where Mrs. R. T. Williams ladled punch and Mrs. H. C. Lyon served sandwiches from the dining room table laid in Irish lace. The crystal punch bowl rested in a nest of queen's wreath blossoms and blue daisies.

Mrs. Waince Jones was in the chair for the brief business session. Mrs. L. Schermerhorn was director for the program which was a study of Puccini's opera "La Boheme." Miss Fay Canady read an interesting paper on "Opera Scenes," and Mrs. C. R. Stephens gave a biographical sketch of "Puccini—The Genius." As Mrs. Levy Lee told the story of the opera musical numbers were given by Miss Edith Miller, who sang "I am Called Mimi," Mrs. Jack Nixon, Jr., who sang "As Through the Street," and Miss Miller and John I. Guin, Jr., who sang the duet, "Ah Mimi False." Mr. Guion and Mrs. Arthur Giesecke played accompaniments.

Members are: Mmes. Claud Collins, Sim Cottelle, R. W. Earnshaw, Joe Forman, Giesecke, John Guion, W. B. Halley, Jones, Levy

Lee, Lyon, Alex McGregor, Nixon, F. M. Pearce, Schermerhorn, J. A. Schnable, A. B. Stobaugh, Troy Simpson, Stephens, Frank Turner, J. F. Currie, O. R. Lasater, Horace Murphy, J. Y. Pearce, E. Shepperd, L. R. Tigner, Williams; Misses Canady, Iola Clayton, Carmen Demmer, Hattie Mae Dunlap, Mary Talbot, Maggie Underwood, Eugenia Baskin, Wynis Greer, Elouise Jones, Clara Beth Lynn and Mary Jo Webb.

Sewing Club and Guests Complimented
Mrs. Levy Lee added guests Tuesday afternoon when she entertained her sewing club in the home of her mother, Mrs. J. E. Brewer, on Seventh Street.

A delectable molded salad plate with iced tea was served following a pleasant hour spent in conversation and handwork. Included were: Mmes. Billie Cordill, George Stowe, E. C. Grindstaff, K. V. Northington, H. J. Zappe, Neil McAlpine, Rollin Campbell, J. D. Forman, George Nesrsta, Edgar Boelsche, Troy Simpson; Misses Wynis Greer and Marryatt Smith.

No-Hostess Picnic Given by Girls
A group of sophomore high school girls entertained with a no-hostess picnic supper at the Ballinger Country Club last Friday evening.

Games, contests and old-

fashioned dances furnished entertainment for: Odena Parrish, Ruth Davis, Jeanne Endacott, Rosemary Hooper, Pauline Thorp, Minnie Edith Jones, Louise McMillan, Gayle Hirschfeld, Melba Bankston, Louise Hardin, Helen Spreen; Alexander McGregor, Winfred Campbell, Willburn Moreland, Leo Sides, Frank Atwell, Walter Trimmer, Robert Lowry, Stephen Zentner and Jack Bandy McGregor.

Tom Crockett Honored on Birthday
Honoring Tom A. Crockett on his birthday, Mrs. Crockett and children entertained at their Bethel home Friday evening with a supper. Barbecued chicken, Wieners, Mexican style beans, salad, pickles, pies, coffee and iced tea were served picnic fashion on the lawn. A big log fire made the background for tables arranged for games of 42 and Chinese chess. The Halloween theme was carried out in score cards and favors.

Guests were: Rev. and Mrs. Marcus Williamson, Mrs. Cora Hartgrove, Mrs. Ellen Sims, Mr. and Mrs. Randall Campbell, Mr. and Mrs. Rollin Campbell, Mr. and Mrs. Floyd Click, of Paint Rock, Mr. and Mrs. Mead McShan, Mr. and Mrs. J. D. Little, Mr. and Mrs. I. D. Little, Mr. and Mrs. Vernon Webb, Mr. and Mrs. Batts, Mr. and Mrs. Will Lampe, Mr. and Mrs. Hedrick Shelburne, Mr. and Mrs. David Duke, Mr. and Mrs. Claude Simmons, Mr. and Mrs. Earl Crockett, Misses Lillian McShan, Louise McShan and Mary Ruth Duke.

Junior Woman's Club Meets
For the first meeting of the Junior Woman's Club, Miss Eugenia Baskin was hostess Wednesday afternoon in her home on Sixth Street.

Roses and michaelmas daisies were combined with queen's wreath to give a pretty floral adornment to rooms where Mrs. W. E. Moss, president, extended greetings. Mrs. Ernest Moody gave an original paper on "The Ideal Club Member." Miss Carmen Demmer played the violin numbers "Meditation" by Glazanow and "Schoen Rosemarin" by Kreisler with Mrs. Alex McGregor accompanist.

The social committee, composed of Mrs. J. D. Forman, Mrs. Thomas B. Hill and Mrs. Malcom Morgan, passed a plate of yellow ice cream rose molds with angel cake squares lead in yellow.

Members are: Mmes. H. G. Agnew, L. C. Daugherty, J. H. Endacott, J. Dexter Eoff, Forman, A. C. Glover, E. C. Grindstaff, Hill, Ted Jones, Ray Tisdale, Price Middleton, Cecil Jones, J. A. Kilough, Lee Roy McAuley, Moody, Guy Middleton, R. L. Moreland, Moss, Rothal O'Kelly, Misses Baskin, Iola Clayton, Demmer, Elizabeth Hoffman, Elouise Jones, Mary Jane Kiechle, Cleo Lane, Pauline Morley, Cathryn O'Neal, Myra Tankersley and Maurine Tipton.

Mrs. Hawk is Hostess to Club
Mrs. R. J. Hawk was hostess to her contract club Wednesday afternoon in her home on Ninth Street.

Purple thistles decked rooms where Mrs. O. L. Huddleston received high score prize, Mrs. G. A. Swann the traveling award, and Mrs. Joe Beck, Jr., high cut. A salad course was served with iced tea.

Included were: Mmes. Jones Parrish, Beck, Ralph Payette, Dan Castle, James Parrish, W. B. May, Swann, Tommie Hall and Huddleston.

BIRTHS

Mr. and Mrs. Raymond McShan are the proud parents of a son, born Wednesday morning at their home on Tenth Street. The boy, who was named Gary Phillip, weighed 9 1/4 pounds at birth. Mother and baby are both doing nicely.

BALLINGER SCHOOL NEWS

Band Members on Assembly Program

In assembly Friday, September 30, Mr. Gilligan presented several band members in a most enjoyable program of musical numbers. Accompaniment for the following selections was furnished by Miss Dunlap: clarinet solo, "The One Rose," Ralph James Erwin; saxophone solo, "Makushia," Tommy Mansell; saxophone duet, "Ten Pretty Girls," Tommy Mansell and Ralph James Erwin. Mrs. McGregor accompanied others, which were a base saxophone solo, "O Sole Mio," Wellington Pearce; trombone solo, "When Irish Eyes Are Smiling," Jack Bandy McGregor; cornet solo, "When Mother Nature Sings a Lullaby," Alexander McGregor. Mr. Gilligan played "Memories" as a request number.

Where's That Birdie?
Dillard can't wait until Friday. A date with Betty H! Often seen lately: Jack and LaVerne.

Ann wishes Orland wouldn't ride horses. The little darling might fall off and get hurt. Some girls say "Sam Kopecky" and "Clark Gable" in the same tone of voice.

Keep trying, Boots. Maybe your gnawing will be accepted as an autograph on rulers and pencils. Oh, Wesley's an influential charmer. Maybe year-before-last's girl friend still follows his orders.

GOOD HOUSEKEEPING stamps its O. K. on MOJUD Clariphane SILK STOCKINGS

At a glance Good Housekeeping's fashion staff could see that Mojud Clariphane silk stockings are lovely to look at!

But Good Housekeeping knows that women are interested in wear, too, so they tested Mojuds, and have guaranteed them on all points.

Our Mojuds have also won the approval of hundreds of our customers, who revel in the smartness of their flawless texture and Screenlite shades, while they boast about their wear!

Firemen and Lions to Ride Burros in Comic Ball Game

Baseball teams selected from the Ballinger fire department and the Ballinger Lions Club will take nineteen wily donkeys and match their skill here on October 11. The game will be played at Fair Park under floodlights and proceeds will be used for charity.

A contract was made several weeks ago with a promoter who will bring two truck loads of donkeys here for this game. He will also provide the lighting system and other equipment for the game and local players will take charge of the burros to show fans they can ride as well as play ball. All fielders will be mounted on jacks, will ride them after the ball, get it and throw from their mounts. After hitting the horsehide batters will ride donkeys around the bases, provided the beasts decide to go.

and useful life. Others know Bertha is a disciplinarian and are less enthusiastic, but there are two sides to every story and two uses for every ruler.

Advance men for the donkey ball game say some of the trained animals are fast, some slow, some smart and most of them contrary. A few have the habit of pitching if the rider is not in the right place on their backs and few riders are able to keep their seats.

Miss Sarah Harwell, county health nurse, has listed a number of children in this vicinity that need operations before they can attend school and the money realized at the game will be turned over to her for that purpose. Those who attend the game will have plenty of fun and the small admission will help good cause.

Mrs. Tom N. Gaby received word Tuesday that her daughter, Mrs. H. S. Wilson, of Bronson, Florida, was seriously injured in an automobile accident, but is reported to be doing nicely at the present. Mrs. Wilson visited here last summer in the home of Mr. and Mrs. Gaby.

Bearcats Display Power In Beating Mozelle 63-6

The Ballinger Bearcats turned on the heat last Friday evening at the expense of the Mozelle team, piling up a score of 63 to 6 against the visitors. While Coaches Felton Wright and Paul Gibbs gave all their young hopefuls a chance in the game, the regulars were kept in a large part of the time and ran touchdowns almost at will.

Football men declared that it was the first time they ever remember where a team was never forced to kick during an entire game and scored every time they gained possession of the ball with exception of once when a pass was intercepted for a touchdown by the opposition.

Flannagan, Cox, Powers and Morris flashed an excellent running attack, all figuring in the ten touchdowns made. Linemen

played equally as well and at the end of the game the blocking recorder showed Wellhausen had only received one red light during the game and that one the first play after the kickoff.

The Ballingerites scored on the fourth play after receiving the ball. Morris gained two on the line, a pass Morris to Byers to Cox was good for 15 yards and a first down, Powers cut over tackle for 43 yards, and Morris circled end for the touchdown.

The rest of the game featured many long gains, Morris, Cox and Powers carrying the ball. Kopecky also showed the fans a flash of speed with end runs and cutbacks that took the ball down the field each time.

Only three extra points were added during the game. Adair kicked one from placement, added one with a pass to Powers, and Powers drop-kicked one.

The Bearcats get a rest this week and next week will go to Santa Anna for a game with the Mountaineers. After that they will be at home for four games in a row with Cross Plains, Brady, Rochelle and Coleman.

This week-end the main drawing card in district 25-B will be the game at Brady between the Brady and Coleman clubs. Both teams are undefeated and are listed among the contenders for the district championship.

TULIP BULBS SELL FAST UNTIL SUPPLY EXHAUSTED

Ballinger gardeners are doing their full share to make it "tulip time," and King-Holt Company has sold out on two shipments of bulbs. The first announcement that the bulbs were on sale caused a rush and the supply lasted only a short time. The second shipment was received last week and an advertisement carried in The Ledger last Thursday brought another rush and the second supply was out in a short time and numerous orders were booked that could not be filled.

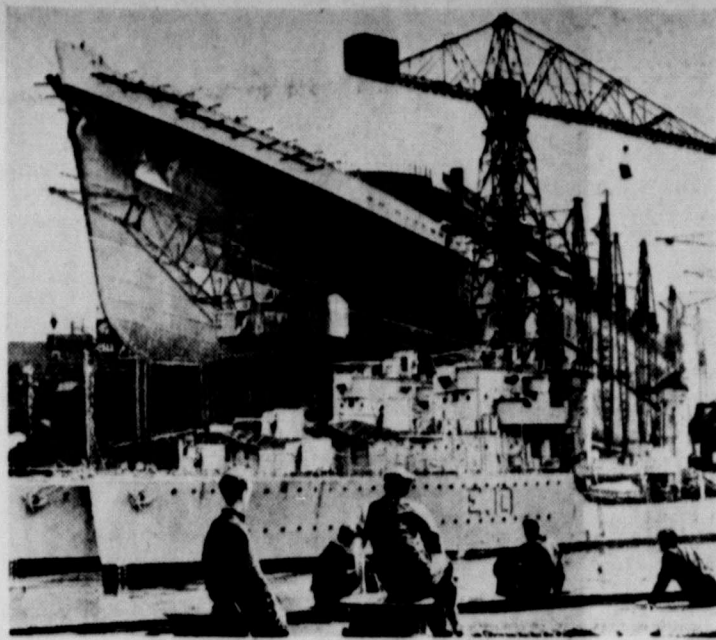

E. E. King, manager, stated Monday that he had telegraphed for a third shipment but was not sure that he could get more of the flowers. He said he would do everything possible to fill orders already on file, however.

Be wise—advertise.

Don't put up with useless PAIN Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them. Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.

FARM CASH INCOME IN TEXAS ON DECLINE DURING AUGUST

AUSTIN, Oct. 5.—Farm cash income in Texas dropped sharply during August in comparison with the corresponding month last year, according to Dr. F. A. Buechel, assistant director of the bureau of business research, University of Texas. The total farm cash income for the month exclusive of government payments, as compared by the bureau was about \$40,000,000 compared with \$77,000,000 during August, 1937. The computed figure is an understatement of approximately 10 per cent in each case. Aggregate farm cash income during the first eight months of the year was about \$200,000,000, compared with \$267,000,000 during the corresponding period last year, a decline of about 25 per cent.

The main cause of the decline of Texas farm cash income during August was the sharp decline in marketings of cotton combined with a decline in the price of this commodity in comparison with August last year.

Since income from cotton normally constitutes such a large proportion of farm cash income in Texas, coupled with the fact that most of the crop is marketed during the months of August, September, October, and November, unfavorable comparisons in farm cash income with a year ago will doubtless continue at least during these months.

The government estimate of cotton production in Texas as of September 1 indicated an output nearly two million bales less than the actual production in 1937. This decline in production alone, on the basis of present prices, will result in a decline in farm cash income of about \$100,000,000 during the coming cotton year. Income from grain also is currently far below last year ago. The decline in income from livestock and livestock products is moderately under a year ago, but year-to-year comparisons in income from these products could readily become more and more favorable if the expected improvement in general business materializes.

FILM LIBRARY SERVICE OFFERED AT TEXAS TECH

LUBBOCK, Oct. 5.—Preliminary bulletins on the new \$5,000 educational film library at Texas Technological College have been mailed to about 2,000 elementary and high schools in West Texas and eastern New Mexico, according to J. F. McDonald, director of extension. Films selected for the library include those on agricultural subjects, athletics, geography, travel, health and sanitation, home economics, industry and engineering, literature and music, science and nature study.

"Statistics show about a 30 per cent gain in interest and retention where this visual and sound aid is given to classroom lectures," says McDonald. "About 50 high schools and colleges in this area own projection machines and 50 others are contemplating purchase, in order to use the film library service." Rental fees, ranging from twenty-five cents to \$4.50 a film, will be used for purchase of additional films.

Free programs will be given this fall by the extension division to demonstrate the library facilities to parent-teacher and county teacher organizations of West Texas. Only other Texas colleges to add an educational film service thus far are the University of Texas and West Texas State Teachers' College, Canyon.

FIRST MONDAY CROWD IS LIGHTEST OF YEAR

The first Monday crowd in Ballinger this week was one of the smallest of the year for this "swap day," only a few persons visiting the trading grounds and only a few head of livestock being offered for sale or trade. Practically all farmers are busy gathering cotton and first Mondays are expected to regain their popularity when the rush work is over.

Half of Cotton States' Acreage In Feed Crops

Editor's Note—This is the first of a series of articles discussing "Southern Feeds and Their Use," published by the West Texas Cotton Oil Co. as a service to farmers and stockmen.

Nearly half of all cultivated acreage in the 10 states in the main Cotton Belt was devoted to five major food crops—corn, oats, hay, grain sorghums and sweet sorghums—in 1937, analysis of department of agriculture reports reveals.

These crops, with cotton—which may be classed as a feed crop, also, because of the cottonseed feed products it supplies—occupied 78 per cent of the total crop acreage in the Cotton Belt last year. In other words, the average farm in these states had, out of each 100 acres in cultivation, about 32 acres of cotton, 26½ acres of corn, 9½ acres of hay crops, 4 acres of oats, 4½ acres of grain sorghums, and 1 acre of sweet sorghums for forage or hay, with some 22 acres devoted to all other crops.

Differences which are found in feed production in widely-scattered parts of the Cotton Belt are slight, and serve chiefly to emphasize the fact that the Belt, as a whole, has essentially the same feeds. Taking Georgia, Mississippi and Texas as typical of the Southeast, Valley and Southwest portions of the Cotton Belt, the following table shows only minor variation in acreage in the major crops.

Per Cent of Crop Acreage in Major Crops, 1937

CROP	SOUTHEAST (Georgia)	VALLEY (Mississippi)	SOUTHWEST (Texas)
Cotton	24	16	16
Corn	40	35	16
Oats	4	1	4½
All Hay	10	11	4
Sweet Sorghums	7	1½	2
Grain Sorghums	0	0	11½
Other Crops	15	6½	18

Because of the importance of these six crops in the farming system, it is evident that their proper use is of major importance to the Southern farmer and livestock raiser. All provide excellent feeds; but feeding authorities agree that no one is a complete feed in itself and these feeds, along with many minor feeds produced or used in the South, will have the greatest value if properly combined in balanced rations for livestock feeding.

To provide accurate information on the value of Southern feeds and their proper use, based upon experiment station research and practical experience, is the purpose of the series of which this is the first article. In addition to the major sources of feeds, listed here, many other feed crops and feed products will be discussed, the complete series outlining, as completely as is practicable, all of the leading feeds used in the Cotton Belt.

Subject of the second article will be some of the fundamental facts on animal nutrition upon which all livestock feeding and uses of feeds are based.

GERMANY PLANS TO BUILD ROADHOUSES ON HIGHWAYS

BERLIN, Oct. 5.—It is planned to build a chain of roadhouses along the German state motor roads. These will be placed as far as possible at the various beauty spots along the way. Ultimately, it is hoped to establish one at about every hundred miles.

Besides these, there is to be a series of rest houses for drivers of long distance vehicles, where they can find comfortable accommodation for the night while their lorries are receiving attention.

Our advertisers want your trade.

SPORTS

This will be an off week for football fans in Ballinger. Brady will profit by the open date as a large number will go there Friday night to see the Coleman Bluecats and the Brady Bulldogs in action, two of the strong undefeated teams of the district.

The Bearcats proved their offensive power against Mozelle and fans believe that they will be able to score on any team in district 25-B. The defensive ability of the team is still unknown as the Bearcats have not met a strong team. They have this week off will go to Santa Anna next and then meet Cross Plains here. Their meeting with Brady here on October 28 will be their first real test on defense and may be more than they can take care of.

Football officials are to be congratulated for having all streets about the football stadium sprinkled last Friday night. This kept down much dust and made the game more pleasant for the patrons.

Several new faces were in the line-up Friday night and looked good to local fans. Lolka, a 190-pound prospective fullback, got his first chance under fire and appeared to have the making of a powerful offensive and defensive player. Backfield Coach Paul Gibbs is carefully instructing Lolka to make him ready for heavy service the latter part of the season.

Boothe at tackle exhibited ability on the defense and was one of the best looking linemen in the game. Childers at guard and Coleman at end were also stars in the 53 to 6 victory.

The Coleman and Brady eleven both came through with easy wins to throw a further scare in the Bearcat camp. Local coaches realize that Coleman, Brady and Winters all have strong teams and must be handled before the end of the season if a championship is won.

Information tabulated on the Mozelle game showed the Bearcats gained a total of 521 yards from scrimmage against their opponents' 49. First downs were Bearcats 16, Mozelle 3. The locals never failed to make the necessary yardage and therefore was never forced to kick. Row of Mozelle made a beautiful broken field run of 60 yards when he intercepted a Bearcat pass for his team's lone score and Morris did some fancy running when he returned a Mozelle punt for 50

yards. Cox turned in the longest scamper of the game—74 yards down the side line—to set his team up for one of its scores. Powers did several runs of 40 to 50 yards.

COACHES AND BAND DIRECTORS IN DEMAND

AUSTIN, Oct. 5.—Athletics and music are the two crying needs of modern schools, it is indicated by records kept by Miss Miriam W. Dozier, secretary to the teachers' appointment committee of the University of Texas. Since February 1, 1938, almost every call that has come to Miss Dozier for a man teacher has required that he be able to either coach some form of athletics or to direct a band. Almost every call for a woman teacher required some type of musical training.

Miss Dozier received 1,193 calls from February 1 to September 25, or five more calls than for a similar period last year.

Texas schools and colleges made the greatest number of inquiries concerning teachers, and Oklahoma ranked second. Numerous calls came from Louisiana, Arkansas, New Mexico and Arizona, and several from Ohio. Several inquiries from Latin-American countries were relayed to the committee through the department of education at Washington, D. C.

Fewer calls this year were from the smaller rural district schools, Miss Dozier found, and vacancies were for higher paid positions in better locations than those of the past several years.

The number of old and new registrants since February 1 totaled 753, Miss Dozier reported.

Those vital Vitamins...

We pride ourselves on the completeness of our stocks of vitamins, minerals and other nutritional aids. We carry only the tested products of recognized manufacturing laboratories. Thus, you are assured of full value and maximum benefits when you bring your Physician's prescription here to be filled. Our registered pharmacists are skilled and thoroughly experienced. Each prescription is filled exactly as your Physician directs. No substitutions or alterations are ever tolerated in this establishment.

J. Y. Pearce Drug Co. Oldest-Biggest-Best Phone 38 or 26 Free Delivery

She estimated that two-thirds of this number are new teachers and that about three hundred of the new teachers have been placed in schools.

Tests show that successful executives never possess very large vocabularies.

GOLDEN JUBILEE Celebration

The human side of BANKING

BECAUSE we deal in such cold and inflexible commodities as cash, facts and credit, it is perhaps logical to think of banking as being also cold and unending.

But banking has its human side. The problems of people—real people just like you and your neighbors—enter into almost every action we take and every decision we make. In our daily work we try never to lose sight of this human side of our business.

We think you will like the aura of warmth and friendliness which you will find at this institution.

The First National Bank of Ballinger Since 1886

These Not Only Look Good—They are Good!

They're good 'cause they're baked by experienced bakers, 'cause only the best ingredients are used, 'cause Connelly's recipes are right. You'll like them 'cause they're delicious, tasty, and inexpensive.

The reaction to Connelly's cookies is the same in either children or grown-ups. . . . They are good for that needed pep between meals . . . or for a ready dessert.

Buy only Connelly's cookies.

CONNELLY'S BAKERY

Sleeping Sickness in Horses And Mules Preventable

By John A. Barton
(County Agent, Runnels County)

Information sent to the county agent's office by the Horse and Mule Association of America states that encephalomyelitis (sleeping sickness) in horses and mules can largely be prevented by keeping flies and mosquitoes from biting animals. The association also says results show that only 25% of the animals will take the disease, and even when animals become sick 95% of them can be saved if a competent veterinarian is called at once.

The following symptoms are present more or less when an animal has this disease—first it is a progressive involvement of the brain and spinal cord. The incubation period ranges from 3 days to 3 weeks. Animals first appear excited, followed by progressive depression; walking in circles, inability to take food; involuntary dribbling of urine; spasmodic cramps or paralysis of limbs; rapid shrink, tucked belly and characteristic "ridge" in the flanks; pushing the head against objects; paralysis or spasms of the lips; congested and often icteric (yellowish) and hemorrhagic condition of the membrane of the eye; muscular tremors, coma, and finally, death. The temperature will range from 104 to 108 in early stages but later may be subnormal. Illinois experiment station records show that if flies and mosquitoes are kept away from horses and mules the chances are 99 to 1 that the animals will not take the disease. This station has perfected a mixture that when used on stock that are not being worked will keep off flies from 4 to 7 days with one application.

The Illinois experiment station makes the following recommendation—that all horses not at work and running in pasture be painted twice a week with this fly and mosquito mixture; horses that are being worked be kept in a screened stable when not at work, and when worked be sprayed at the time of going to work, once in the forenoon, and once in the afternoon.

If one does not care to keep off flies and mosquitoes, then the other remedy is to give an immunization serum of prevention.

The formula for the repellent of flies and mosquitoes developed by the Illinois experiment station can be obtained by calling at or writing to the county agent's office.

Club Boy Profits \$117 on One Sow In Twelve Months

Runnels county 4-H club boys are to be represented at the State Fair of Texas, Dallas, with exhibits of maize and cotton. These products, to be entered in the display for extension district No. 7, will compete for prizes offered by the fair association. Three boys in this county will be chosen to attend the 4-H club encampment on October 18, 19 and 20, the selections to be announced Saturday of this week.

This year 31 boys in the county are growing blight resistant maize that was secured from the Lubbock experiment station. The seed from this year's crop will be used by club boys and others as foundation for better maize production in 1939. Club boys sending maize to Dallas for the exhibit are Norbert Halfmann, of Ofen; Leo Johnson, of Bethel; Pat Pritchard and Jasper Drake, of Mazeland.

Twenty-one boys have cotton as a project, and are seeking to develop a better grade and staple and a more uniform staple for Runnels county. Five boys in the county will send a hundred open bolls to the Dallas exposition. Garlyn Hoffman, Ballinger; J. P. Hutton, Maverick; James Lampe, Bethel; Bradley Pape, Crews; and J. Ray Reese, Blanton; will pick the bolls and prepare the exhibit.

SOUTH BALLINGER HOME DEMONSTRATION CLUB

Members of the South Ballinger club met with Mrs. George McMillan Tuesday, September 20. The meeting began with each member going on a treasure hunt, the end of the search revealing a gift, with a special gift shower for Mrs. J. D. Hooks.

Mrs. McAdams, president, led in a discussion of "Decorations for Special Occasions." As we all know, we should "dress up" our table, at least now and then, for our own families, if it is only to put a vase of flowers on a spotless lunch cloth. Birthdays should always be special occasions, particularly where there are children. We should some times at least do our best for those whom we love best.

The hostess served a refreshment plate of white loaf cake and ice cream to the following: Mrs. J. D. Hooks, Ed Farley, J. W. Jones, B. M. Batts, Virgil McShan, Jones Sanders, Joe Thomas, Roy Halstead, Henry Leach, C. D. Harris, W. L. McAdams, Sam Hutcheson, Harold Routh, P. P. Holton and J. C. Reese.

The next meeting of the club will be in the home of Mrs. Virgil McShan.

WINTERS AREA ROAD READY FOR TOPPING

Contractors on the road project in the Winters section are finishing the base this week and will soon be ready to do the topping. All caliche work west of Winters has been completed and final touches were being given the five-mile sector east of Winters this week.

There will be a slight delay in the construction because all the crushed rock has not been prepared. The material is being trucked to the five miles of road west of Winters and within a very short time the first treatment of surfacing will be applied.

Notice in Bankruptcy

In the District Court of the United States for the Northern District of Texas, San Angelo Division In the Matter of Owens Drug Store Bankrupt.

No. 759 in Bankruptcy.

San Angelo, Texas, October 5, 1938.

You are hereby notified that the Owens Drug Store, a partnership composed of Martin Luther Owens and Buford Giltner Owens, of Winters, Texas, filed herein on the 21st day of September, 1938, its petition praying for a decree of the Court discharging said partnership from all debts owing by it save those specially excepted by law from such discharge; and said petition having been duly referred to the undersigned as Special Master, it is ordered that any creditor or other party in interest who desires to oppose the granting of the discharge as prayed for in said petition must on or before the 5th day of November, 1938, file with the undersigned formal notice in writing of such intention together with specifications of objections thereunder.

CARTER T. DALTON,
Special Master.
6-11

CREWS SCHOOL NEWS

Crews school opened Monday, October 3, with 140 pupils enrolled. There are also two new teachers, Miss Estes and Miss Pumphrey. A nice program was presented with Miss Winnifred Fuller playing a piano solo; Florene Berry in a reading, "The Builder"; an instrumental number by two boys, Cecil McDaniel and Leland Stovall. A nice talk was delivered by Rev. Morton.

The local school has the largest senior class that it has had in about seven years. There are fourteen seniors, who hope to accomplish much in the coming year.

The basketball girls are preparing for another season. Although we have lost a good guard, Sybil Simpson, and a forward, Comilou Fortson, we expect to have a fairly good team.

FIRST CHRISTIANS SET DINNER AND PROGRAM

Members of the First Christian Church will meet Monday evening at 7:15 to have supper together and to hear Rev. Elmer Henson, pastor of the First Christian Church of San Angelo. Rev. Henson will address the meeting on the second year's accomplishments of "The Five-Year Program of Advancement."

The supper and program will be held in the dining room of the church on Broadway.

Miss Faye Clark came home Monday from Temple and returned Tuesday to the bedside of her father, W. R. Clark, who was taken there for treatment two weeks ago. Miss Clark said there was little change in her father's condition but that attending physicians believed he was holding his strength and not losing ground.

HARMONY HERALDS

Rev. C. S. Cox, of Abilene, will preach at both services at the Baptist church Sunday.

Mr. and Mrs. F. L. Seals and daughters, Maxie and LaVerne, visited in the home of Dr. and Mrs. C. A. Watson, of Ballinger, Tuesday.

Those attending the singing at Bradshaw Sunday afternoon were as follows: Mr. and Mrs. W. B. Worthington, Mr. and Mrs. Joe Worthington and Carly Jo, Mr. and Mrs. Bob Green, Oren Mathis, and Mr. and Mrs. Clifford Parker. Mr. and Mrs. Edmund Dial spent Saturday night and Sunday with the former's parents who reside near Coleman.

Lloyd Giles and Carl Cummings are attending to business at Alpine.

Mr. and Mrs. W. T. Knowles and Sandra, of Haskell, spent the week-end in the home of Mr. and Mrs. W. T. Billups.

Mr. and Mrs. C. E. Branham and Dan visited Mr. and Mrs. Jimmie Lucas and family, of Miles, Saturday night and Sunday.

Clifford Eubanks, of Maybank, spent the week-end in the W. H. Eubanks home.

Mr. and Mrs. R. L. Pumphrey and family attended church at Crews Sunday night.

Mrs. T. A. Brevard visited Mrs. Gus Guestenberg, of Dale, Saturday.

Mr. and Mrs. W. T. Billups and baby, Lynn, and Mr. and Mrs. W. T. Knowles and daughter, Sandra, of Haskell, visited Mr. and Mrs. Lee Seals, of Miles, Sunday.

Mr. and Mrs. Don Eubanks and family, of Bethel, were guests Sunday in the home of Mr. and Mrs. W. H. Eubanks.

Mr. and Mrs. J. F. England went to Luling Sunday to attend the funeral of Bud England. Their daughter, Ruth, returned home with them Monday night.

CREWS CHATTER

Quarterly conference at the Methodist church Tuesday was well attended. A number of visitors from Talpa were present. Bro. Williams, the new presiding elder, delivered a fine sermon at the 11 o'clock hour. Women of the church served a fine dinner on the ground.

Miss Opal Grissom has been visiting in the home of Mr. and Mrs. C. F. Jenkins at Ballinger several days.

Recent marriages in our community were Fred Martin and Miss Naomi Berry, daughter of Mr. and Mrs. Henry Berry; also Buck Campbell and Miss Dorothy Lee, daughter of Mr. and Mrs. John Lee. Both couples have spent all their lives near Crews and received their education in the Crews school. They are all popular and have a host of friends who wish them happiness. The writer failed to learn the particulars of their marriages.

Mrs. Joe Irven is reported improving some at present but became worse Friday and spent the week-end at the Santa Anna hospital.

Mr. and Mrs. Wallace Traylor spent Saturday at San Angelo where Mrs. Traylor is receiving medical treatment. She is reported doing fairly well.

Mr. and Mrs. W. C. Mathis, Melvin and Billy were recent visitors in Abilene, visiting Miss Marguerite and Elvin Mathis, who are McMurry College students.

Mr. and Mrs. Beryl Campbell were hosts to a large number of friends Saturday night of the previous week, honoring Mr. and Mrs. Fred Martin, who were recently married. A miscellaneous shower of gifts was presented the young couple. An enjoyable evening was reported by the guests. Sandwiches and punch were served for refreshments.

The Fairland Association meet-

ing at Edith was well attended by members of the Crews Baptist church. They report a fine meeting and good attendance. Three new churches were received into the association. Those attending from here were: Mr. and Mrs. Lloyd Fuller, Rev. and Mrs. Hallford, Mr. and Mrs. J. G. Phipps, Mrs. Chester McBeth, Milton Young, John Lee and Walter Schwartz.

NORTON NOTES

The Week of Prayer for state missions was held at the Baptist church Monday, Tuesday and Wednesday nights of this week. Monday night's program was as follows: Devotional by W. E. Elkins; "Shedding Light on Texas' Need," by Mrs. Carl Lewis; special music, Pansy Setser and Vivian Keel; "Challenge to Laymen," V. O. Keel; "Challenge to the W. M. U.," Mrs. H. C. Daniels, Tuesday night; Devotional, Mrs. Roy Roper; special music, junior boys and girls; "Shedding Light on Mexican Missions," Carl Lewis; "Shedding Light on Negro Missions," Miss Naomi Ash; "Shedding Light on European Work," Mrs. W. E. Elkins, Wednesday night; Devotional by Mrs. T. R. Setser; "Our Ministry of Healing," Mrs. J. W. Crockett; "Our Ministry of Christian Schools," Mrs. J. E. Minshew; "Our Evangelistic Opportunities," Grady Barrett.

Mrs. H. C. Daniels was hostess to the Dorcas of the Baptist church at 3:30 o'clock Wednesday afternoon in her home. New officers were elected for the year and a social followed.

Miss Zaza Chenoweth visited at Benoit over the week-end.

Mr. and Mrs. Roper and family had as their guests Sunday Mr. and Mrs. M. G. Roper and baby, of Winters; and Mrs. M. Loudder, of Miles.

Miss Ann McCormick, teacher in the Talpa school, spent the week-end with Mrs. VanZant.

Norton high school football team defeated Lakeview 7 to 0 in a game Friday.

Miss Myrtle Setser, of San Angelo, visited relatives here the past week.

Mrs. Estelle Williams and little son, of Fort Worth, are visiting Mr. and Mrs. W. E. Elkins.

A. C. C. BAND TO PLAY, PARADE HERE SATURDAY AFTERNOON

The Abilene Christian College Band, dressed in brilliant blue and white uniforms, will make a stop in Ballinger Saturday afternoon at 3 o'clock for a parade and short concert.

The musicians will march through the business district and form at the intersection of Eighth Street and Hutchings Avenue for the concert. The members will be en route to San Angelo where the A. C. C. football team will engage the North Texas State Teachers' College eleven Saturday night.

This is one of the most prominent college bands in this section. A request was received this morning by Mayor E. M. Lynn for permission to parade and play a brief street concert.

Church of Nazarene Transacts Business In Annual Meeting

Members of the Ballinger Church of the Nazarene met Tuesday evening to transact business in their annual church meeting at which Rev. J. C. Henson, superintendent of the San Antonio district, was in charge. After a brief message from Rev. Henson on "Apprehending the Mysteries of God" he explained the nature of the meeting and the work to be done.

Officers elected for the new fiscal year are: Oddie Moseley, Sunday school superintendent; Mrs. L. A. Mosier, president of the Women's Missionary Society; and Miss Rosa Gene Brown, president of the Nazarene Young People's Society.

Members to serve on the church board of stewards and trustees for the year are: Z. V. Turner, M. D. Freeman, L. A. Mosier, M. R. Brown, Mrs. B. F. Douglas, and Mrs. E. J. Hendricks.

Mrs. James McGraw, Mrs. M. R. Brown, and Miss Sallie Hill were chosen as members of the church school board.

Elected as delegates to represent the local church at the district assembly in San Benito, October 26-28, were Mr. and Mrs. Z. V. Turner and Mr. Moseley.

According to Rev. James McGraw, pastor, with organization completed for the new year and plans being laid for greater gains along all lines, a bright future appears for the local church.

Reports Tuesday night revealed a 51% gain in Sunday school average attendance and a 36% gain in church membership was accomplished this year over the last, and that the total amount of finances raised for all purposes this year was double that of last year.

As a token of appreciation for the work of the pastor, the church board at the close of the business meeting voted him an increase in salary, which was the fourth given him in two years.

BLANTON WORKERS' CLUB

The Blanton Workers' Club met Tuesday in the home of Mrs. N. Gannaway, with twenty-three members present. The day was spent quilting two quilts for the hostess.

Those present at the luncheon hour other than the members were: Mrs. C. W. Toungel, of Abilene; Mrs. Fanny Dupre, of View; Miss Mamie Ruth Boothe, of Little Rock, Arkansas; Mrs. W. C. Bryan, Mrs. C. A. Burger and Miss Mary Ann Fowler, of Blanton.

Gifts were exchanged by the members following a short business session with Mrs. Charles Toungel presiding.

The club adjourned to meet in the home of Mrs. J. S. Flannagan on Tuesday, October 18.

Mrs. Jack Hall, of Lake Arthur, New Mexico, who had been visiting her parents, Mr. and Mrs. P. C. Straley, returned home Sunday.

CITY WAGONS WILL HAUL TRASH WITHOUT COST DURING CLEAN-UP WEEK

Chief of Police Lee Moreland announced today that city wagons would haul trash free next week as part of the city's cooperation in Clean-Up Week. Men on the wagons will start their rounds on Fourth Street next Thursday morning and will load all refuse found in containers in the alleys. Piles of loose trash will not be moved, however, and property owners are urged to provide containers not too large for two men to load. The entire city will be visited by the trash haulers next Thursday, Friday and Saturday, October 13-14-15.

An added feature for Clean-Up and Fire Prevention Week will be a talk by Mayor E. M. Lynn at the senior high school Monday

DRILLING ON BEDDO WELL AT 1,700 FEET TODAY

The Koerner-Goodrich-Castor No. 1 Beddo oil test was down to about 1,700 feet today and good progress is being made. Casing has not been set yet but will be before drilling into the Serratt sand found at about 2,300 feet in a previous test on the Beddo farm.

Art Tucker has the drilling contract on this well and is using a standard rig and equipment.

Miss Zaida Keith, of Brownwood, was a week-end guest in the home of Miss Anna Lee Wiginton.

Mr. and Mrs. John T. Rodgers and Miss Clara Louise Rodgers, of Fort Worth, have returned home after a week-end visit in the home of Mrs. W. E. Midgley. Mrs. Rodgers was formerly Miss Florene Harris, of Ballinger.

Mrs. F. M. Mitchell, of Corpus Christi, is visiting Mrs. W. E. Midgley.

Mr. and Mrs. K. V. Northington are spending a short vacation in San Antonio. They will return home some time next week.

Mrs. George Clements and Mrs. John A. Weeks went to Coleman Tuesday to attend the first meeting of the year of the Coleman Garden Club.

The first passenger elevator was installed in New York in 1857.

CAMERON Home-of-the-Month COMPLETE, Ready to Move Into For \$3009.00

A home to be proud of...

Approximately **\$24.78 PER MONTH** Pays Everything

Principal, Interest, Estimated Taxes and Insurance

This HOME is ULTRA MODERN IN EVERY RESPECT. Nothing has been overlooked in making this one of the most livable, yet compact, Homes of the Month.

The two large bed rooms have three outside exposures, which insure cross ventilation and plenty light. The bath has linen cabinets, medicine cabinet and tile floors. There are two halls connecting every room of the house. Entry to house from the garage is thru the back service porch. This home is literally filled with closets, hall cabinets, beautiful finishes and decorations.

Designed to meet every requirement of the Federal Housing Administration.

COMPLETE PLANS AND SPECIFICATIONS OF THIS HOME AND MANY OTHER HOMES OF THE MONTH MAY BE SEEN AT OUR OFFICE

Why You Should Finance Your Home Under the Liberal F. H. A. Finance Plan

The Federal Government has made it possible for every one to own a home, and pay for it in monthly payments often less than rent.

The F. H. A. Plan assures you of sound construction, good design, low interest rates and a long time to pay.

The Federal Housing Administration supervises the actual building of your home, which insures you against shoddy workmanship and materials.

You can borrow up to 90% of the appraised value of your home including the cost of the land.

You can pay this loan over a period of 25 years, at payments as low as \$6.01 per month for each \$1000.00 borrowed, plus 1/12 of taxes and insurance.

NO RED TAPE WE HANDLE ALL DETAILS FOR YOU

WM. CAMERON & COMPANY

HAS YOUR ADDRESS CHANGED RECENTLY?

Ledger subscribers are requested to notify the publisher of any change in their addresses promptly. Under the new postal laws newspapers and periodicals must pay postage due for notices of any change in addresses furnished by the postoffice. Besides, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move. The best plan for all concerned is to send the change of address in advance.

Dry weather, a heat wave, and dust flurries have made many people scan the sky for rain clouds. In previous years the dates of the Rannels County Fair was the signal for rain and during nearly every fair for about fifteen years moisture up to floods was received here. A general rain now would benefit everybody and do no damage unless accompanied by strong wind.

Proof of a big crowd in Ballinger last Saturday was seen in the condition of the court house lawn Monday morning. Paper sacks and other trash littered the grounds where cotton pickers ate their lunches Saturday and Sunday. Several men were employed all day Monday to clean up and haul off the debris.

Ballingerites have an opportunity to get cheap paving at this time but only a few blocks have been signed up for and the money deposited. There is danger of losing part of the appropriation unless additional blocks are signed for immediately and work provided for men on relief rolls. The last approved list by the WPA made possible the paving of 50 blocks with property owners only having to pay 75 cents per front foot for wide streets. This is only a little less than one-tenth of the full cost and property owners can get pavement at bargain prices.

Residents of the Ballinger independent school district are watching with interest to see whether the application for a PWA grant for school improvements will be awarded since bonds were voted for 55 per cent of the total. Applications have been received on 616 projects for a total of \$205,340.415, with grants sought for an aggregate of \$83,191.613 and loans of \$59,961.561. Due to heavy demands from Texas many applications will not be granted, but local officials have hope that since the Ballinger application is for a small sum and is favored by the congressman and both senators it will be approved.

Bowling a la Panda Is Easy and Lots of Fun

McI-Mel's tepin style is a little unorthodox, but quite effective. At Chicago's Brookfield zoo she engaged the new bowling season with a neat toppling of four pins. Her follow-up—that determined stroll through the pins—will get the rest of the pins, however.

WEST TEXAS

NEWS NOTES

City and school officials at Albany have launched a campaign to collect delinquent taxes. Both the school board and the city commission need additional receipts with which to continue improvement programs.

Houston Harte, San Angelo publisher, recently returned from a tour of Europe, was guest speaker at a meeting of the Menard Rotary Club last week. He told of conditions existing in countries visited and especially the democracy of Iceland, which he said was a model for the world.

During floods at Mevin last summer chickens at one farm took to the trees to avoid high water. Ever since their owner has been unable to get them inside the hen-house and they still choose to roost above the high water mark. Last week a hen's nest was found in the forks of a tree several feet above where the flood waters rose.

Plans are being drawn for a recreation center for Mexicans at Fort Stockton. The project includes a bandstand, a hall for games and a general meeting place for the Latin-Americans. Adobe walls for the buildings are already built for the WPA-sponsored project.

Two new buildings and other improvements are being planned by officials of John Tarleton College, Stephenville, for construction in the near future. The improvements include a recreation hall, a large athletic stadium, paving of streets on the campus.

and the building of a group of tennis courts.

Comanche citizens voiced disapproval of the proposed light plant bonds in an election held last week. The proposal was to authorize the issuing of \$179,000 in revenue bearing bonds. Interest was kept in the election which lost by about 4 to 1.

Roy Coalson, Coke county farmer, has proved the value of land planted to watermelons in this section. In diversifying this year he devoted one acre of his farm to melons and kept a record of sales which revealed he received \$95.70 from the one acre.

Miles citizens voted last week on a bond issue of \$12,750 and the proposition carried by the slim margin of two votes, 115 favoring and 113 opposing the bonds. Money from the sale of bonds will be used to match a federal grant to construct a gymnasium and provide a lighted football field.

The Rowena Theatre, which opened the past week-end, will have shows on Friday, Saturday, Sunday and Monday of each week. DeWitt Haley, of San Angelo, the owner, has installed sound equipment and booked a number of big pictures, some of them in German.

Train service at Eden was cut in half this week when three trains were dropped from the weekly schedule. Heretofore Eden has had daily train service but hereafter there will only be trains on Sundays, Tuesday and Thursdays. Decreased revenue was given as the cause in the railroad's plea for reducing service.

WPA projects at Junction for a time will center in beautification of the school campus. Plans have been drafted and approved for the work, sponsored by the Parent-Teacher Association, which will cost approximately \$4,160.

A company has been formed at Rising Star and a peanut warehouse will be operated there this season. One of the largest crops in the section's history is being harvested and good prices have been paid for all the goobers marketed to date.

A. E. Jones, ranchman of near Millersview, has let the contract for a \$7,000 home. It will be a one-story brick residence containing seven rooms and will be modern in every respect.

The John W. Westbrook Co.

When HEADACHE Is Due to Constipation

Often one of the first-felt effects of constipation is a headache. Take a dose or two of Black-Draught! That's the sensible way—relieve the constipation. Enjoy the refreshing relief which thousands of people have reported from the use of purely vegetable Black-Draught. Sold in 25-cent packages. **BLACK-DRAUGHT A GOOD LAXATIVE**

which had been drilling for oil in McCulloch county, moved to Paint Rock recently and will soon spud a test on the Simpson-Johnson land between Paint Rock and Eden.

Ground breaking ceremonies for the Texas ex-rangers' memorial museum at Santa Anna were held last week in ranger state park. The museum will house relics, particularly of those who served at Santa Anna and in Coleman county during the 70s. It will also be a community building and the auditorium will be used for civic gatherings.

P. E. Zimmerman, of Longview, is drawing plans for the proposed new court house at Coleman. When completed the plans and specifications will be filed with an application for a PWA grant on a building estimated to cost about \$200,000.

POULTRY EXPERT GIVES BEST WAY TO FATTEN TURKEYS

COLLEGE STATION, Oct. 5.—The cheapest way to fatten mature turkeys is to allow them to range on green pasture and to feed them a scratch grain mixture made up of equal parts of corn, barley, wheat, and oats, according to George P. McCarthy, poultryman of the Texas A. & M. College extension service. Tests made by the United States department of agriculture, and proven under field conditions by Texas poultry demonstrators show this combination of pasture and mixture of whole grain will add weight and finish in plenty of time for the Thanksgiving market, provided the birds are mature and in good condition in early October. Either white or yellow corn may be used in the grain mixture. Excess yellow corn gives a yellow

tinge to the turkey skin. While the skin will remain whiter when white corn is fed, birds on white corn must have plenty of green pasture to supply the vitamin A otherwise received from yellow corn.

Grain should be hopper fed and be in front of the birds all of the time. For the last three weeks before marketing, two feedings a day of oats soaked in water or skimmed milk may be given to increase consumption. This should be fed in hoppers. Never feed more than the birds will clean up in an hour, McCarthy says.

ARE YOU PICKING YOUR FEED CROP TOO?

You're MISSING a Big part of the value of your COTTON, unless you are picking the FEED CROP, too.

SAYS CONTOUR CULTIVATION SAVES BOTH TIME AND POWER

COLLEGE STATION, Oct. 5.—Contour cultivation results in the use of less fuel and allows more work to be done. "We hear a lot about terracing and contour farming saving the soil and holding the rain where it falls, and about better yields as a result," C. Hohn, specialist in soil and water conservation of the Texas A. & M. College extension service has commented. "If we had ever stopped and thought, and used a little common sense, we would have figured out long ago what some tests in Kansas proved, that contour cultivation also saves time and power. "We know it is easier to walk on the level than up and down hill. It stands to reason that a team can pull a plow easier on the level, or that a tractor will do more work and use less fuel under level conditions. I imagine lots of farmers in Texas could have told us that."

Hints for the Farm
Furnished by the Extension Service A. & M. College

Three of the 213 one-variety cotton community associations in Texas, Lone Tree in Victoria county, Munday in Knox county, and Seymour in Baylor county, have been selected as the source of the state's source of cotton in the AAA's 20,000-bale experiment. All produce Acala cotton.

The program is designed to improve marketing practices and to demonstrate to foreign spinners the high quality of American cotton being produced in one-variety communities. The 20,000 bales of uniform carefully picked and properly ginned cotton will be selected by the bureau of agricultural economics, according to F. E. Lichte, ginning specialist of the Texas A. & M. College extension service. The bales will be covered with cotton bagging and samples will be taken at the gin press box and information as to the variety, grade, staple, and point of production will be made available to foreign purchasers.

The bales will be handled in accordance with the best accepted practices at the gin, at the compress, and in transit. "In recent years, foreign spinners have complained on occasion that some American cotton was carelessly packaged and handled and that grade and staple in some bales was not uniform," Lichte said. "There has been persistent complaint, of course, over the general deterioration of grade and staple. This experiment is an attempt to show that America is making an effort to produce and handle correctly a quality cotton."

The program was recommended by a special committee representing several bureaus in the U. S. department of agriculture and the farm credit administration, and these agencies, together with various commercial marketing, compressing, and exporting firms, will cooperate in carrying out the plan. The AAA will provide a payment of \$3 a bale to cooperating marketing agencies in compensation for the additional expenses involved.

Millions of years from now, North America may be connected again with Asia and Europe, as it was at various time in the past.

research laboratory were discussed. One million dollars will be available annually for each of the four federal research laboratories through congressional appropriation, said Heard.

Dr. D. F. J. Lynch, Washington, D. C., in charge of investigation for the southern producing area, visited here September 15 to consider Lubbock's petition for allocation of the southern laboratory. States in the southern area are South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Texas, and Oklahoma.

"Emphasis will be placed on cotton research," said Heard, "although the other two crops will be considered. Information from research in one section of the nation will be available to plants in the other three sections."

Between 200 and 250 scientists and technicians will be employed in each of the four laboratories.

TEXAS TECH STUDENTS VOTE FOR SOCIAL DISEASE TESTS

LUBBOCK, Oct. 5.—A student poll at Texas Technological College indicates that over 71 per cent favor adoption of Wasserman and Kahn tests for social diseases. Forty-two per cent would be willing to pay \$1 fee for such an examination, and less than 20 per cent of 1,150 students questioned disapproved of conducting the test. Two hundred and forty-six of the 1,150 have already taken similar examinations at some time.

If the Tech student body adopts the tests it will be following the lead of students in other large institutions. Dr. J. W. Rollo, Lubbock health officer, and Dr. W. L. Baugh, Lubbock county health officer, heartily favor the movement.

The longest continuous rainfall on record in England lasted more than 58 hours, and fell at Camden Square, London, in June, 1903.

RESEARCH FOR COTTON USES TO BE MADE BY TEXAS TECH

LUBBOCK, Oct. 5.—M. E. Heard, professor of textile engineering, and A. H. Leidigh, dean of agriculture at Texas Technological College, returned recently from Birmingham, Alabama, where they attended a research crop meeting for the southern producing area. New uses for cotton, sweet potatoes and peanuts were considered at the meeting, and plans for the southern area federal

research laboratory were discussed. One million dollars will be available annually for each of the four federal research laboratories through congressional appropriation, said Heard.

Dr. D. F. J. Lynch, Washington, D. C., in charge of investigation for the southern producing area, visited here September 15 to consider Lubbock's petition for allocation of the southern laboratory. Reconstruction Reenacted In Epic Film, 'The Texans'

Texas in the turbulent days following the War Between the States forms the exciting background of Paramount's epic drama, "The Texans," which will have its first local showing in midnight preview Saturday night at the Texas Theatre, and continues in regular performances on Sunday, Monday and Tuesday, October 9-10-11. With Joan Bennett, Randolph Scott and May Robson heading a huge cast, the picture tells of the South's struggle to attain self-rule and find a new way of life after the ravages of the war.

Miss Bennett, playing a fire-eating Dixie belle who refuses to admit that the "great cause" is lost, and Scott, a returning soldier who advises a policy of conciliation, symbolizes the dilemma of the entire South during this period. Although goaded by the corrupt carpetbaggers and scalawags who took over the government and ran it for their own profit, wise Southerners guided the destiny of the state with patience. Scott's triumph over Miss Bennett and their decision to march their cattle to the Kansas market a thousand miles away mirrors the South's decision to join the rest of the Union in building a vast empire in the great Southwest.

Walter Brennan, last seen as General Jackson's right-hand man in "The Buccaneer," again has a role of a frontiersman of the Daniel Boone tradition. Robert Barrat is a corrupt carpet-bag official, while Robert Cummings, as a Southern officer, has his strongest screen role to date.

"The Gladiator" Stars Joe E. Brown as Superman. Joe E. Brown, the mighty-mawed comedian, appears as a scientifically-created superhero in his new Columbia comedy opus, "The Gladiator," to be shown at the Texas Theatre tomorrow (Friday) and Saturday.

Returning to Webster College as a sophomore, Joe soon becomes the innocent subject of a professor's experiment in increasing the normal human strength. The hilarious aftermath sees Joe become a national gridiron sensation, a record-breaking track and field athlete and the hero of every co-ed from coast to coast.

The strong supporting cast includes June Travis, Robert Kent, Lucien Littlefield, Dickie

Moore, Ethel Wales and the bearded behemoth, Man Mountain Dean.

Expose of City Slums Depicted in Film Booked Here

A timely expose of a metropolitan city's slums and their crime-breeding effects upon youth, Columbia's "Juvenile Court," is to be shown at the Palace Theatre next Sunday, Monday and Tuesday, with Paul Kelly, Rita Hayworth and Frankie Darro in featured roles.

Kelly portrays a lawyer who has risen from the slums. He meets Miss Hayworth and her young brother, Frankie Darro, while defending their older brother, a hardened gangster, and realizes that Frankie and his young chums are destined for a life of crime, due to the wretched conditions in which they live and play. The story's novel development reveals how Kelly fights to improve these conditions to regenerate the youngsters.

David Gorcy, Hally Chester, Don Latorre, Dick Ellis and Allan Ramsey are among the talented boy actors in addition to Darro. Johnny Tyrell, Dick Curtis and Joseph DeStefani are among the adults who head the supporting cast.

QUARTERLY CONFERENCE HELD BY METHODISTS

Dr. S. M. Williams, presiding elder of the Brownwood Methodist district, was here Wednesday to hold the fourth quarterly conference for the Ballinger church. Officials of the church gave their final reports for the year with exception of the financial statement which will not be closed until November 1 when the annual conference for Central Texas is held.

During the next few weeks a campaign will be waged to conclude all work and have the pastor's report ready to present at the annual meeting.

Experiments indicate that there is less loss of liquid during processing if air bubbles are removed from the packed jar by thrusting a knife down the sides, and if the jars are filled only to within one-half inch of the top.

Another Short Skirt Era Is Here

Fashion experts' predictions that the knee-length skirts of the flapper era are on their way back appear a little late. They have already arrived, judging from this Miami street scene.

'Woman Against Woman' Brings Stellar Triumvirate

A new screen triumvirate of Herbert Marshall, Virginia Bruce and Mary Astor makes its first appearance in "Woman Against Woman," which comes to the Ritz Theatre Sunday, Monday and Tuesday next, October 9-10-11. Robert Sinclair directed and Edward Chodorov produced from his own screen play.

Marshall has the role of the husband in this picturization of Margaret Culkin Banning's magazine story, "Enemy Territory," following his outstanding success in "Mad About Music." The story tells of a divorced man who takes his second wife to his home town where his first wife and child live. The second wife finds the town leagued against her and the first wife bent on making trouble, but her love for her husband gives her the strength to see the situation through.

Miss Bruce plays the second wife, stepping directly from her role in "Yellow Jack." Miss Astor is the first wife. The film was the first assignment on the M-G-M lot for Sinclair, former New York stage director associated with George S. Kaufman, Sam Harris and Max Gordon.

Supporting the triumvirate of stars are Janet Beeches, Marjorie Rameau, Juanita Quigley, Zeffie Tilbury, Sarah Padden, Betty Ross Clarke, Dorothy Christy, Morgan Wallace and Joseph Creehan.

The albatross is the most pneumatic of all birds. Every bone in its body is filled with air sacs, with the exception of the scapula and hyoid bones.

Bridge in France Built by Romans, Still Being Used

NIMES, France, Oct. 5.—Proof that Roman engineers and masons knew their jobs is furnished by the fact that the Pont du Gard, a historic bridge which was constructed when Jesus was preaching in Galilee, still withstands the onslaughts of time and intemperate weather.

Of late, there have been rumors that this, the greatest bridge built by the Romans, was proving unequal to the strain of modern traffic, but the rumors were exaggerated and only partly true. Architects who inspected the bridge report that it does need a certain number of repairs, which are being effected, but they are minor in character. Certain empty spaces, formed in the foundations, will be filled with cement and the bridge will continue its centuries-old career.

When Arthur Young, the shrewd, observant Englishman who wrote the "first guide book to France," visited it 150 years ago, he was so impressed with its grandeur, that he declared that it would last another 2,000 to 3,000 years. Architects of today share this opinion.

This bridge, one of the marvels of the world, crosses the river Gardon, and is part of an aqueduct which conveyed water from two springs at Uzès to Nimes, thirteen miles away. It was built about the beginning of the Christian era, and is constructed entirely of blocks of stone set together without cement. The stone came from a quarry nearby.

The bridge has three tiers of arches built one upon the other. The lower tier consists of six arches of a total length of 155 yards, twenty-two yards high and seven yards wide. On the top of this, the second tier is composed of eleven arches, measuring a total of 265 yards long and twenty-one yards high, with the uppermost tier of thirty-three arches 300 yards in length and eight yards high. The piles supporting this giant bridge are from four

and one-half to five yards thick.

Many inscriptions have been carved in the bridge, some of them from the Roman period, others less ancient. Further, many masons' set squares and chisels have been engraved. During the last century, it was a practice of stone masons to make a journey through France, working in one region after another before settling down, and no mason ever thought of undertaking this masons' pilgrimage without visiting the Pont du Gard. The mason's admiration for the great work of his ancestors took the form of humble carving depicting the instruments of his trade.

"The Best Place to Trade"

Charming? Yes, of Course

... but you can improve your attractiveness by using

Martha Turner's Cosmetics

We Offer First Treatment Free!

Mrs. Alice Bingham Returns

... and will give free facial demonstrations for one week—by appointment only.

October 10 to 15
9 o'clock a. m. to 2 o'clock p. m.

Many will remember with pleasure the seasonal visits to our store of Mrs. Bingham, demonstrating the value and economy of using MARSHA TURNER'S Cosmetics—helps. Again the ladies of this community will have the pleasure—on above dates—of accepting her offer of a limited number of expert facials free—and attending her daily lectures on "THE HOME CARE OF YOUR COMPLEXION." School teachers interested will be given special attention by appointment.

Call at Our Store—or Phone 96 for Appointment

Mrs. Bingham will give information in Fall Make-up to correspond with the Fall styles.
