

THE BALLINGER LEDGER

VOLUME 53.

BALLINGER, TEXAS, THURSDAY, AUGUST 24, 1939.

NUMBER 46

Opening of Local Schools Planned by Supt. Williams

Supt. Nat Williams has plans completed for the opening of the schools here on September 4. Faculty members have been given their assignments, schedules have been arranged and students will report at the high school on August 31 to be assigned lockers, receive books and get copies of the schedule.

Heavy enrollment is expected on the opening morning. Most of the pupils registered at the end of the last term but one day is set for registration of new students who did not register last year. The schedule for reporting at the high school is as follows:

Thursday, August 31, 9 a. m.—All seniors who registered at the close of last school year.

Friday, August 31, 1:30 p. m.—All juniors who registered at the close of last year.

Friday, September 1, 9 a. m.—All sophomores who registered at the close of school.

Friday, September 1, 1:30 p. m.—All pupils who did not register the end of the last term.

Following are the faculty assignments for this year:

- Senior High School**
 George E. Stowe, principal
 Christine Settle, English
 Cathryn O'Neal, English and speech
 Virginia Lamm, English and Spanish
 Beth Stiles, English and history
 F. T. Wright, history and athletics
 Marryatt Smith, mathematics
 Latin
 Mrs. Levy Lee, mathematics
 Mrs. Fred Kiechle, business administration
 Frederick Kingsbury, business administration
 Ernest Sublett, science
 Frances Taylor, homemaking
 J. Marvin Williams, vocational agriculture
 Gurthall Gilligan, band
 Mrs. Alex McGregor, choral and glee club
 Mrs. F. T. Wright, librarian
- Junior High School**
 Jack McKay, principal
 Faye McCandless, English
 Wynis Greer, English, reading
 Paul H. Gibbs, mathematics
 Lillian Knowles, mathematics and history
 Vhelma Parrish, history
 Eloise Jones, geography and agriculture
 Nell Shepperd, reading, penmanship and music
 Mary Talbot, music
 C. L. Kincaid, science
- Primary School No. 1**
 Mrs. W. A. Bridwell, principal and first grade
 Maurine Tipton, first grade
 Elizabeth Hoffman, first grade
 Pauline Morley, second grade
 Mrs. Myra Smith, second grade
 Edna Taylor, second and third grades
 Carmen Demmer, third grade
 Eugenia Baskin, third grade
- Primary School No. 2**
 Faye Clark, principal and fourth grade
 Mary Jane Kiechle, fourth grade
 Lola Eubank, fourth grade
 Iola Clayton, fifth grade
 Cleo Lane, fifth grade
- Latin-American School**
 Eva Camunee, principal
 Lucia Rede, assistant
- Negro School**
 H. J. Betts, principal
 Mrs. Fannie Mae Barnes, assistant
 Bertice Hardin, homemaking.

SEAL GOAT PAVING CAUSES COMPLAINTS OF DUST

Some complaint has been registered by property owners on account of the dust on Eighth Street and Broadway where seal coating was recently done.

City officials in charge of street work stated Wednesday that the work was done according to specifications of the state highway department. Inverted paving must have a covering of fine rock and dust and as the asphalt comes to the surface it must be covered again. This "bleeding" is caused by pavement being underneath the seal coat treatment and the hot sun's rays draw the asphalt to the surface, the only way it can go.

Supervisors of the local work believe that the worst of the "bleeding" is over unless there are some very hot days. Within a short time all the dust will be absorbed and the street left black and smooth.

The cost of seal coating done by local men was 1 1/2 cents per square yard as compared to contract bids of about 7 cents.

First Bale Sells Here for 9 Cents; Premium Given

Leonard Stallings, of Herring & Stallings, was the high bidder on the first bale of cotton sold here Friday afternoon. The price paid for the bale was 9 cents a pound.

The first bale was ginned at Morrison's Gin here late last Thursday afternoon for H. W. Pelzel. In addition to the money received from the sale of the cotton, Mr. Pelzel was handed a premium of \$29.50 given by Ballinger merchants.

Several other bales have been ginned in Ballinger and at other points in the county since the Pelzel bale came in. The second bale here was brought in Thursday night from the R. W. Bruce farm.

During the past week a number of farmers in this county bought poison to fight insects. Most of the damage appeared to be in scattered portions of the county and was not considered generally serious.

Local cotton men do not wish to be quoted on their estimates of the 1939 crop, but their "guesses" run from 20,000 bales to as much as was ginned last year, or slightly more than 26,000 bales. In some sections of the county cotton is more advanced and will be made within a short time. In other communities the crop is later and more rain is needed to mature it.

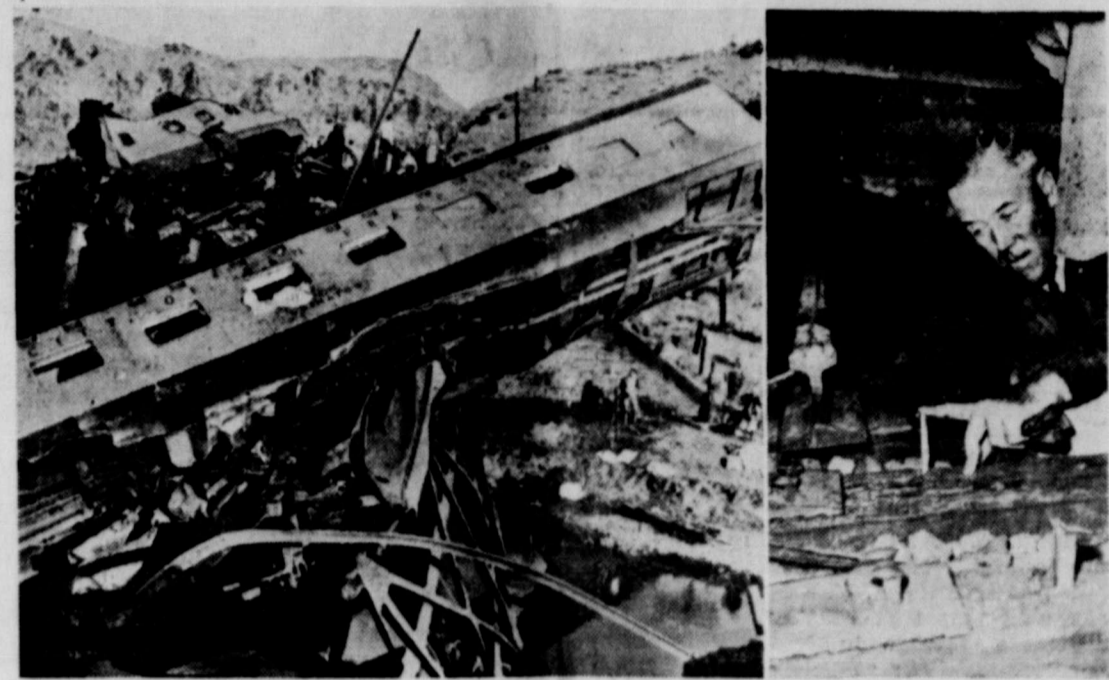

Miss Laura Edith Miller will return Saturday from Austin, where she received her certificate to teach. Miss Miller will teach high school Spanish and seventh grade in the Water Valley schools this year.

Oak Creek School Is First in County To Start '39 Term

The first school to open in Runnels county, at Oak Creek, began classwork Monday morning and will continue until about October 1 when studies will be halted a few weeks during the rush cotton season. A few of the standardized schools in the county will begin September 4. These are only the schools that intend to operate a full nine-month term. Others will begin each Monday morning thereafter in September and all common district schools in the county will be open no later than October 2.

- Marie trustees have contracted to send all scholastics in their district to the Bronte school this year and the Marie building will not be opened.
- Faculties of each of the common district schools follow:
- Runnels—Myrtle Ruth Hale
 Crews—W. T. Gassiot, Wanda Jean McCook, Naomi Keathley, Doris Bodine, Mozelle Pumphrey, and one to be elected
 Maverick—Gordon Griggs, Mrs. Gordon Griggs, Mrs. Modena Tunnell, Myrtle Borders
 Bethel—Clyde Simmons, H. T. Calk, Pearl Holton, Mrs. L. B. Greenwood, I. V. Pearson
 Dale—C. T. Hart, Mrs. C. T. Hart
 Dale No. 2—W. F. Hall
 Dry Ridge—J. M. Glascock, Mrs. J. M. Glascock
 Hagan—M. N. Turley, Mrs. M. N. Turley
 Benoit—Velma Taylor
 Barnett—W. C. Bryan, Mrs. W. C. Bryan
 Pumphrey—A. J. Cockrell, Cecil Dean Schwartz, Marjorie Bledsoe
 Independence—C. R. Lowe, Mrs. C. R. Lowe, Tessie Brown
 Cochran—Spence Chambers
 Mazeland—K. D. Watson, D. E. Wood, Bell Russell, and one to be elected
 Oak Creek—Dale Douglas, Mrs. Dale Douglas
 Cross Roads—Mrs. J. O. Schott, Kathleen Haverland
 Baldwin—Mrs. Minnie Hunt
 Victory—Ben Featherston, Mrs. Ernest Caskey
 Millar—Mrs. Lucille Massey
 Harmony—J. E. Dial, Mrs. Eula Mae Kruse
 Blanton—W. N. Gaddy, Mrs. W. N. Gaddy
 Spring Hill—Vera Taylor, Kath-

Railroad Accidents Take 25 Lives in Week's Time

Twenty-five persons were killed and at least 165 injured during the space of one week recently when three railroad accidents in the United States made tragic headline history. Pictured here is the wreckage of the City of San Francisco, which was derailed near Carlin, Nev., causing 23 deaths. Right: A railroad official inspects the sabotaged rails, pointing to the place where plates that held the rails had been moved several inches by vandals. On the same day, two persons were killed near Denver, Colo., when two crack trains crashed. Another wreck on the New York elevated lines resulted in injury to 50 persons.

30 NYA Boys Work On One-Room Annex To Mexican School

A crew of 30 NYA boys are at work here this week on the addition to the Ballinger Mexican school. The project was started last week but did not get well underway until Monday when a full crew was assigned to the one-room addition.

The room is 32 by 22 feet and will match the construction of the older two rooms. It will be completed in time for the heavy enrollment period at this school at which time an additional teacher will be employed to provide three rooms for the Mexican children.

Ben Jackson, of San Angelo, NYA chief in this district, was here Wednesday to transact business. He stated that in addition to the Ballinger project a crew of 45 boys was at work at Maverick where the community building is being rock veneered and otherwise modernized. These two projects are taking care of all eligible youths in this county at the present time.

A San Angelo architect is drawing plans for the NYA workshop to be built in Ballinger at a later date. An application for this project was filed several weeks ago but plans must be submitted before final approval at Austin and a work order is issued. This project will call for a building about 30 by 60 feet and when finished will be equipped with modern machinery and tools for wood and metal working.

FORMER BALLINGER MAN TO GET DEGREE FRIDAY

C. C. Sessions, former county attorney of Runnels county, will graduate from Southern Methodist University, Dallas, tomorrow (Friday) evening. Mr. Sessions left here three years ago to enter the Methodist ministry and since then has been taking a theological course at the university and acting as pastor of a church nearby. This year he is stationed at Burleson with part time service at Crowley.

Rev. Sessions spent more than three years in Ballinger, practicing law for a year and serving as county attorney one term.

- Mrs. Troy Simpson and daughter, Mary, are spending the week in Abilene, visiting relatives.
- Sam Malone, Jr., left Tuesday for Fort Worth to witness a performance at the Casa Manana.
- rlyn Atwell
 Greenwald—H. H. Shiller, Mrs. H. H. Shiller
 Red Bank—Evelyn Kennedy
 Kristoff—Mrs. Erma McLeod
 Brooks—Maude Taylor
 Emmanuel—M. H. Curb, Ursula Curb
 Offen—Sister George Samland, Sister Theonilla Vrba, Sister Emmanuel Obringer, Sister Ann Gossen
 Drasco—Thelma Bigby, and one to be elected
 Franklin—Eula Rae Wisdom
 Hatchel—A. M. Jackson, Mrs. Marion Cordill, Mrs. Kate Adams
 Eagle Branch—J. D. Steinbaugh, Mrs. Ralph Hodges
 Sweet Home—Henry R. Leach, Mrs. George Hester
 Mann—Two to be elected.

Soil Conservation District Explained at Miles Hearing

The public hearing on the proposed soil conservation district in Runnels, Concho, Coke, Taylor and Coleman counties, was held in the Miles high school auditorium Friday morning, more than 200 ranchmen and farmers attending.

V. C. Marshall, of Temple, chairman of the state soil conservation committee, explained to the landowners present the purpose of the plan. He said that should a district be formed it would place the administrative work in the hands of the officials of the district and leave the newly organized committee in an advisory capacity.

Landowners interest in saving the soil from further erosion were called upon to give their opinions about the forming of a district and the state board will use this information to determine whether or not an election will be called in this region to give every farmer and ranchman a voice in the matter.

It was emphasized at the Miles meeting that the district officers would have no authority to levy bonds or any other expenses against property in the district. All the efforts will be in a cooperative way to carry on some type of soil conservation that is considered needed.

All of Runnels county lies in the proposed district and the meeting was well attended by citizens of this county. County Agent John A. Barton and J. M. Williams, vocational agriculture teacher, of Ballinger, were present.

The state committee will determine within a short time if an election will be called to decide whether the district will be formed.

Joe Brice Wilmet, of Austin, attended to business and visited friends in Ballinger Wednesday.

Miss Mary Jackson, of Hillsboro, and Mrs. Harvey Jackson, of Fort Worth, were week-end guests in the home of Mr. and Mrs. Tom Caudie.

Millions of Troops Stand Ready in European Crisis

Ballinger people kept their ears close to radio receivers today as many broadcasts were made on the European war situation. Highlights of the days news included the message of President Roosevelt to King Victor Emmanuel of Italy for a peaceful solution of the pending crisis and urging the Italian government to lead the way for such action, and the plea of Pope Pius for world peace.

The Polish government refused to give up Danzig and to meet other demands of Germany and again proved to the world that it intends to "stand pat" and fight if necessary. News released at noon today said Hitler's troops had crossed the Polish border and also that Polish soldiers were practically surrounding the city of Danzig.

From Paris it was announced that French mobilization was practically complete. In a speech by Lord Halifax this afternoon Great Britain reiterated its determination to aid Poland if war came.

Radio reports said a conference of German leaders and army generals had been called for tonight by Adolph Hitler but this was unconfirmed.

The United States federal reserve system announced it was prepared for any emergency that might occur in Europe and would keep American business and markets operating as usual.

In all the days fanfare of

\$50,000 School Bond Issue Favored by Voters

County Tax Rate Set at 57 Cents; Budget Approved

The Runnels county commissioners' court in session here Saturday afternoon approved the budget prepared by County Judge Paul Trimmer and set the tax rate for 1939 at 57 cents on the \$100, a 2-cent raise over last year's levy.

The rate was set to conform with the budget calling for expenditures of \$189,200 and based on 90 per cent collections of the estimated tax rolls of \$10,000,000.

Divisions of the rate provide two cents for the jury fund; special road and bridge fund, 10 cents; road and bridge fund, 5 cents; general ad valorem, 25 cents; general improvement, 10 cents; road warrants No. 2, 2 cents; bridge warrants No. 3, 2 cents; bridge warrants No. 4, 1 cent.

In addition a levy of 3 cents was made for road district No. 3, and 20 cents for road district No. 5.

Proposed expenditures listed in the budget include:

Jury fund, \$3,500; road and bridge No. 1, \$34,000; road and bridge No. 2, \$24,000; road and bridge No. 3, \$10,000; road and bridge No. 4, \$16,000; special constitutional road and bridge, \$4,500; general county ad valorem, \$35,000; permanent fund, \$18,000; bridge bond sinking fund, \$2,200; bridge warrant No. 4 sinking fund, \$1,900; road warrant No. 2 sinking fund, \$1,400; road warrant No. 3 sinking fund, \$2,100; road district No. 3 sinking fund, \$3,600; road district No. 5 sinking fund, \$3,000; officers' salary fund, \$32,000.

B. C. D. Members And Guests Enjoy Watermelon Feed

Members of the Ballinger Board of Community Development and a number of invited guests met at city park Tuesday night for a watermelon feast and program. About 60 were present, a number being kept away by other affairs. Included in the crowd was a group from the Crews section.

After everybody was served an informal program was presented and several talks were made. Supt. Nat Williams spoke on cooperation of the school and community and pledged this support as long as school affairs were not interfered with and also solicited the support of the community in general for the schools.

Rev. Fred Clark, pastor of the Eighth Street Presbyterian Church, praised the social value of meetings "when people get together to rub shoulders and talk over common interests for the good of the community."

P. R. Dietz extended greetings from his community and discussed the need of rural-urban cooperation.

Judge O. L. Parrish talked on civic improvements that could be made possible through cooperation. He was optimistic over prospects for the growth and development of Ballinger.

Secretary-Manager Gus Barr concluded the talks with an appeal for support in all undertakings for the good of this section.

An auction sale of watermelons provided fun and brought in enough money to take care of the entire expense of the entertainment.

Mrs. Sim Cottelle and son returned Friday from Carlsbad, New Mexico, where they visited the caverns.

Be wise—advertise.

Ballinger citizens gave a good majority in favor of the \$50,000 school bond issue Tuesday and preliminary details of the building program are being rushed. The final tabulations showed 209 favoring the issue and 131 against.

Plans and specifications were ready Wednesday morning to go to the state planning board of the state department of education for approval. As soon as returned they will be presented to the works progress administration for approval and an application filed for assistance in constructing the new elementary building and other improvements included in the issue.

According to the plans a new elementary school will be constructed at the corner of Eighth Street and Bonvall Avenue to cost approximately \$110,000. The two primary buildings will be razed and the material used in the new building. A feature of the projected building will be a gymnasium and auditorium with seating capacity of 1,800.

Other improvements will include a modern home economics cottage, a chemistry laboratory, remodeling of the vocational agriculture building and additional land for the school system. This land will include the entire block in front of the junior high school.

The new elementary school will be modern in every respect, including a central heating plant, indoor toilets, library, principal's office and up-to-date classrooms. It will have a surplus of six classrooms that can be used later when the enrollment grows or when twelve grades are called for in the system. The new building will be of white concrete and modernistic in design.

Supt. Nat Williams and members of the board stated Wednesday that no time would be lost in getting the building underway. WPA officials were contacted several weeks ago and every possible assurance was given that the project would be approved and aid granted if the bonds were voted by the district.

John Becker, architect, had the plans drawn and ready to be sent to Austin this week. Only a short time will be required for approval by the state planning board and when they are returned the plans will be rushed at WPA headquarters to get a work order as soon as possible.

ALL WPA PROJECTS ORDERED STOPPED

All WPA projects were stopped Tuesday morning on a state order and will remain at a standstill until orders are received to start again. The cause was given as a money shortage and no work will be done in the state until finances catch up with projects and payrolls can be resumed.

The paving crew in Ballinger was at work on the block on Strong Avenue between Eighth and Seventh streets. This was halted upon receipt of the order but will be resumed as soon as possible. No other projects are underway in Ballinger and the only other of any size in the county is the Ballinger-Bronte highway work.

IN SOCIETY

Afternoon Tea for Californian
Miss Helen Harshaw of Long Beach, California, who is houseguest in the home of her sister, Mrs. Tom Agnew, was the inspiration for an afternoon tea of lovely appointments given Wednesday by Mrs. Agnew in her home in Wilke Terrace.

Mrs. E. W. Stasney was at the French doors opening on the terrace to welcome guests, who came at forty-five minute intervals from four to seven-fifteen. Mrs. Agnew stood next in line to present her sister Miss Harshaw to friends made on former visits here and to introduce new ones. Mrs. George Stowe introduced Mrs. Nat Williams.

The entire reception suite of this home, so beautifully adapted to entertaining, with its wide arched doorways, was given an artistic floral adornment. Floor baskets and vases were filled with mixed summer blooms in all the pastel shades in the reception hall. In the living room the fireplace was banked with ferns and other greenery. In front of this were arrangements of crepe myrtle plumes and perennial phlox. At the dining room entrance crystal floor baskets at each side held pink rosebuds and phlox. In the dining room roses were used exclusively. An exquisite centerpiece of crystal simulating a spraying fountain was filled with pink roses, blue ageratum and trailers of fern and queen's wreath. Pink tapers burned in single prism holders. At one end was the punch bowl of early American glass and at the other a large crystal tray of small cakes decorated in floral designs. Flower mints in crystal compotes finished the decoration for the lace-laid table. On the buffet a bowl of pink roses was flanked by pink candles.

Mrs. E. C. Baskin invited guests into the dining room where Mrs. C. P. Shepherd and Mrs. John Carrie alternated hours with Mrs. M. B. Wardlaw and Mrs. Ed O'Kelly in lading frosted lime punch and serving cakes. Others

assisting were Mrs. L. R. Tigner, Mrs. J. B. Striplin, Mrs. H. G. Agnew, Mrs. Claude Stone and Mrs. Tom Caudle.

Others included in the house-party were Mrs. John Weeks, Mrs. R. W. Earnshaw, Mrs. Edgar Boelsche and Mrs. Troy Simpson.

The Felix Cortez Mexican stringed orchestra furnished music throughout the afternoon.

Out-of-town guests were: Mrs. Edwin S. Mayer and Mrs. Sol Mayer of San Angelo, Mrs. Stephen Currie of Garden City, Mrs. Horace Sessions of Fort Worth, Mrs. R. D. Midgley of Matador, Mrs. Roy Worley of Sinton, and Mrs. John Stier of Bastrop, Louisiana.

Mrs. Elmer Shepperd Begins 14th Year as Rannels Baptist Associational W. M. U. President

Mrs. Elmer Shepperd is to begin her fourteenth year as president of the Rannels Baptist Associational Woman's Missionary Union as the result of her reelection last Thursday when this organization held its thirty-third annual meeting at Miles. To serve with her are Mrs. J. E. Jones, corresponding secretary-treasurer; and Mrs. T. J. McCaughan, recording secretary. Mrs. McCaughan, who, until a few years ago lived at Norton, will begin her twentieth year of service as an officer.

The formal opening of the session, with a song led by Mrs. O. T. Toney, was followed by an inspiring and instructing talk by the Rev. A. C. Donath, returned missionary from Africa. Other speakers included Mrs. J. H. McClain of Menard, state stewardship chairman; and Mrs. Charles Sivells of Brownwood, district president, who spoke on the recent Baptist World's Conference at Atlanta, Georgia. Mrs. Clarence Morton and Mrs. McCaughan gave the morning and afternoon devotionals.

Reports were heard from the following committees: periodicals, Mrs. Duke Shaw, Norton; mission study, Mrs. L. E. Bair; missions, Mrs. H. F. Mann, Paint Rock; Margaret Fund Mother, Mrs. R. P. Canady; stewardship, Mrs. Jack Carroll; benevolence, Mrs. W. I. Raley; Miles; education, Mrs. McCaughan; young people's work, Mrs. Ernest Moody.

Mrs. O. T. Toney gave the report from the Ballinger W. M. S. and others were heard from the societies at Norton, Bronte, Drasco, Winters, Miles, Paint Rock, Pumphrey, Rowena, and Robert Lee.

Miss Genevieve King, a senior in Baylor University, gave a beautiful chalk illustration of the song, "I Love to Tell the Story," and saxophone duets were played by Eldon Moody and John A. Kilough.

The watchword for the year was "The Love of Christ Constrains Us" and was proved effective by the gain of \$498.80 in

Jelly Kettle Wisdom

"GOOD news travels fast"—especially when it's word of this time-saving recipe for ripe cherry jelly. It gives you half-again more glasses and all the luscious flavor of the fruit—so be sure to follow directions.

Ripe Sour Cherry Jelly
(Makes about 10 medium glasses)
3 1/2 cups juice
7 cups sugar
1 bottle fruit pectin
To prepare juice, stem and crush about 3 pounds fully ripe cherries. Do not pit. Add 1/2 cup water, bring to a boil, cover, and simmer 10 minutes. Place fruit in jelly cloth or bag and squeeze out juice. (For stronger cherry flavor, add 1/4 teaspoon almond extract before pouring hot jelly.)
Measure sugar and juice into large saucepan and mix.
Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1/2 minute.
Remove from fire, skim, pour quickly. Paraffin hot jelly at once.

financial gifts the last fiscal year.

Others in attendance from Ballinger were: Mmes. Clyde Gabbert, C. J. Lynn, A. S. Love, M. M. Alexander, Mattie Holliday, T. H. McCoy, Stanley Price, A. M. King, Pyle Gustavus; Miss Elizabeth Alexander, a teacher in Mary Hardin-Baylor College at Belton; Miss LaRita Gale Price; Jack Carroll and Buster Gabbert.

Farewell Courtesy for Frances Fryar

Frances Fryar, who is leaving Ballinger with her family for Amarillo to live, was honor guest Thursday evening when Cordelia Lynn and Gloria McGregor were hostesses at the Lynn-McGregor shack near the Ballinger Country Club.

A large copper bowl filled with gorgeous red and gold dahlias and marigolds centered the table laid in blue linen where a blue service was used in serving the chicken barbecue supper with the dessert course of fruit, punch and cookies. Place cards were cleverly done by Miss Lynn and were girls wearing blue and white slacks walking by a signpost which read Amarillo 400 miles for all except the guest of honor whose said Ballinger 400 miles.

A surprise shower of gifts went to Miss Fryar. Others included were: Marcella Fryar, Janie Flynt, Sis Nicholson, Evelyn Teague and Betty Jane Lawrence.

Other society items on next page

Mrs. C. W. Cheatham and daughter, Carolyn, and Mr. and Mrs. A. B. Stobaugh spent the first part of this week visiting on a ranch near Marathon.

Will Low, of Beaumont, visited friends and attended to business in Ballinger Tuesday.

American women will spend 200 million dollars for a hundred million hats this year, it is estimated.

Southern Women Eager to Tell!

"One is bound to be gratified by the enthusiasm of Southern women for CARDUI!" says one of the Touring Reporters now conducting a Query in Southern cities.

"Of the 1297 CARDUI users we have seen so far," she said, "1206—or 93 out of every 100—said it definitely benefited them!"

CARDUI's remarkable success in helping weak, run-down women who suffer from headache, depression, nervousness, and other symptoms of functional dysmenorrhea due to malnutrition, is explained by the way it promotes appetite and digestion, and so builds physical resistance. Try CARDUI!

Dierschke-Glass Nuptials Held at St. Joseph's Church

On Thursday morning at 8 o'clock, Miss Rosalie Glass, daughter of Mr. and Mrs. Ben Glass of Rowena, became the bride of Walley Dierschke, son of Mr. and Mrs. Gus Dierschke of Bethel, in St. Joseph's Church at Rowena with a nuptial high mass. The Right Rev. Msgr. F. J. Pokluda performed the impressive double ring ceremony in the presence of relatives and friends.

Acolytes were Alton Glass, brother of the bride; Carl Droll,

Floyd Frerich and Sylvester Glass, all cousins of the bride.

As Miss Irene Schuhmann played Lohengrin's wedding march, Miss Gertrude Franke, aunt of the bride, entered on the arm of Landis Franke, cousin of the bride.

Miss Franke wore a powder blue gown of lace over taffeta, made on princess lines. On her head she wore a small lace cap, centered with a black bow.

Miss Felda Glass, sister of the bride, also bridesmaid, entered on the arm of the best man, Monroe

Going My Way?

A baby donkey and a young vacationist strike up a friendship at Blackpool, England. The four-legged baby isn't quite strong enough to work, but will soon be earning his oats by carrying children over the sand.

Dierschke, brother of the groom. Miss Glass wore a Nile green lace gown over taffeta also made on princess lines. She wore a small lace cap.

Miss Irene Dierschke, sister of the groom, was maid of honor. Her gown was pink lace over taffeta made on princess lines. She also wore a small cap of lace.

The bridesmaids carried arm bouquets of white and pink carnations with lace fern tied with white ribbon. The maid of honor carried the same kind of bouquet.

The bride entered on the arm of the bridegroom. The bride chose a luxurious gown of bridgeline satin that buttoned down the front. The yoke was of chintilly applique lace and had lace insertions in the train. The fingertip length veil of illusion was held with a coronet of tulle. For something old she wore a gold cross which was purchased in Germany over fifty years ago and was worn by her grandmother, Mrs. Joe Franke, on her wedding day. She carried an arm bouquet of white calla lilies tied with a large white bow.

During the mass St. Joseph's choir under the direction of Mr. Rudolph Franke sang the St. Theresa mass, with "Ave Maria" sung as the offertory.

After the nuptial blessing while the choir sang the hymn, "On This Day, O Beautiful Mother," Miss Margaret Blanchard, president of the Children of Mary Sodality, of which Mrs. Dierschke was a member and Miss Ruby Braden, niece of the groom, dressed in their sodality uniforms, presented the bride with a statue of the Blessed Virgin.

Mendelssohn's recessional was played as they left the church. An all-day celebration was held

at the home of the bride's parents. The table was centered with a three-tiered wedding cake decorated in pink and white, the bride's chosen colors.

Those present were: the Rt. Rev. Msgr. F. J. Pokluda, Rev. Knapp and Rev. G. A. Boeckman, Mr. and Mrs. Gus Dierschke, Mr. and Mrs. Jos. Franke, Mr. and Mrs. Hugo Braden and family, Mr. and Mrs. Frank Lange and family, Mr. and Mrs. Earl Crockett and daughter, Roxie, Mr. and Mrs. Otto Dierschke and family, Mr. and Mrs. H. M. Franke and family, Mr. and Mrs. Alvin Glass and family, Mr. and Mrs. Rudolph Franke and daughter, Kay Francis; Misses Bobbie Hafnerik, Augusta and Vera Schwertner, Irene Schuhmann, Ann and Gertrude Franke, and Irene Dierschke; Messrs. Robert Hasenak, Clements Schwertner, Ralph and Gerald Lange, Landis Franke, Monroe Dierschke, Alfred Jost and Raymond Bruchmiller and Freddie Haas of Goliad.

In the evening a dance was given at the O. D. H. S. Hall honoring the couple. L. B. Baca furnished the music.

The couple left on a short wedding trip.

On August 9 a shower was given in the O. D. H. S. Hall by relatives and friends.

In-Honor Affair for Miss Marcella Fryar

Miss Dorothy Lynn was hostess Friday in her home on Seventh Street to compliment Miss Marcella Fryar, including close friends of the honoree for an afternoon of contract bridge.

Yellow and blue were the chosen colors. All summer blooms decorating the living rooms were in these definite color tones as were the tallies and score pads.

A chicken salad plate with cookies and iced tea was passed by the hostess assisted by her mother, Mrs. Harry Lynn, and aunt, Mrs. L. R. Tigner.

Mrs. John Hollingsworth received high score prize and a lovely gift went to Miss Fryar. Others included: Misses Frances Fryar, Frances Gustavus, Mmes. Albert Fryar, Jack Seales, Tom Guin, Sam Malone, Jr., Leonard Stallings, Tommie Hall, George Stowe, and George J. Stengel.

Mrs. Hagan is Club Hostess

Mrs. E. L. Hagan entertained her forty-two club members and added friends Friday afternoon in her home on Fifth Street. A wealth of beautiful zinnias and other mixed bouquets were placed about game rooms where an acorn motif was stressed in game appointments.

A dessert course was served following the series of games.

Included were: Mmes. C. P. Shepherd, Ed O'Kelly, J. G. Douglass, R. W. Bruce, H. Warren Lynn, John A. Weeks, J. F. Currie, E. C. Baskin, Elmer Shepperd, Hamp Byler, James Wear, B. C. Kirk, James E. Brewer, Davis R.

Wants Executioner's Job

Clarence Peddicord, 23, blind operator of a candy stand in Vancouver, Wash., was one of the many unsuccessful applicants for the position of executioner at Sing Sing prison. The position was left vacant due to the illness of Executioner Robert Elliot. Peddicord is pictured with his "Seeing-eye" dog.

Hall, L. Schermerhorn, R. T. Trail and Pyrie Gustavus.

Anniversary Guest Celebration for Lions Club

The Ballinger Lions Club celebrated its eleventh anniversary Friday evening by having ladies night at which wives and other guests were included.

Groups of tables were arranged in the main dining room and centered with low green bowls of yellow blooms mixed with sprays of dusty miller.

As guests assembled and the two-course supper menu was served the "Singing Saxons," Ralph James Erwin, Tommie Mansell and Herbie Fulcher, accompanied by Miss Dorothy Teague, played a group of popular song hits.

Mr. R. J. Hawk, president of the club, was in charge of the formal program, which began with a sing-song led by Troy Simpson. This was followed by a vocal solo, "In My Garden," by Idabel Firestone, by Mrs. Jack Nixon, Jr., with Mrs. Alex McGregor, accompanist. The "fun" feature was the auction of a hat by R. W. Earnshaw. Mr. Nat Williams, new superintendent of the Ballinger schools, was principal speaker and chose for his subject "Sacrifice for Service," using as key words, love, ideals, opportunities, sacrifice and service. Mr. Hawk introduced club guests and members presented their individual guests.

Others present were: Messrs. and Mmes. E. C. Grindstaff, J. A. Killough, Gordon Griggs of Maverick, Cal Adair, S. R. Causey, Mike Wright, W. W. Chastain, H. G. Hamrick of Wingate, Levy Lee, Jack Seales, J. G. Tuckey, C. A. Bissett, Jack Rudd, George Hol-

man, J. A. Schnable, R. P. Tunnell, Tom Agnew, Jack Hampton, R. E. Bruce, Tommie Hall, M. A. Foy, John Purifoy, Jack Nixon, Sr., A. B. Fields; Dr. and Mrs. J. W. Dixon of Winters, Mmes. E. D. Landreth, Bowman of Maverick, Misses Norma Gene Bankston, Winnie Merle Adair, Mary Simpson, Messrs. Gus Barr, George Stowe, F. E. Walker, A. B. Fidler, Ray Tisdale, and Dr. O. H. Chandler.

Johnny Miller Gives Dance for Peppy Peppers

Johnny Miller included Peppy Peppers Friday when he entertained with an evening of various games, including ping-pong, and dancing in the home of his parents, Mr. and Mrs. Victor Miller, on Sixth Street.

Soda pop and cookies were served to: Otella Flynt of Midland, Clara Beth and Mary Lynn, Marjorie McGregor, Ann Creasy, and Mary Lou Davis; Lanham Flynt, James Striplin, Donald McGregor, Herbie Fulcher, Alexander McGregor, Jr., and the host.

Watermelon Feast for Baptist Adults

More than 175 members of the Adult Department of the Ballin-

ger Baptist Sunday School, including the Business Women's Bible Class, with Mrs. O. T. Toney, teacher; the Young Men's Bible Class, with O. C. Sykes, teacher; the Althean Class, with Mrs. B. C. Kirk, teacher; the Dorcas Class, with Mrs. Clarence Morton, teacher; the Victory Men's Bible Class, with E. E. King, teacher; the T. E. L. Class, with Mrs. Beulah Rape, teacher; the Parish Bible Class, with O. L. Parish, teacher; and adults who are teachers in the other departments were present. E. C. Grindstaff is general superintendent.

Following a watermelon feast, Gale Dunn, educational director, was master of ceremonies. Class rolls were called by the teachers, who reported outstanding accomplishments of the past year and future aims.

Following a series of games for the fun period, which included a "snake walk" and a competitive group sing-song, the serious note was again sounded by the singing of "Best be the Tie That Binds" and the concluding prayer.

Crosby and Joan Blondell In 'East Side of Heaven'

Headed by Bing Crosby and Joan Blondell, one of the most capable casts ever found in a single picture was assembled for Universal's "East Side of Heaven," which is to be shown at the Ritz Theatre next Sunday, Monday and Tuesday, August 27-28-29.

Bing and Joan are co-starred in this film which features hit songs, romance and comedy against a strong human background. And they are surrounded by a galaxy of players who already are knocking at Hollywood's carefully guarded portals leading to stardom.

Mischa Auer, often referred to as the mad Russian, tops the supporting cast. "Sandy," 10-months-old

baby of a Los Angeles milkman, does such a surprising job that studio executives already have the parents' signatures on a long-term contract.

Irene Hervey, who portrays Sandy's mother, is one of the film colony's most rapidly ascending young actresses. C. Aubrey Smith is a veteran of many extraordinary films. Jerome Cowan gives further proof of why Hollywood won't let him go back to Broadway.

Others in the cast include J. Farrell MacDonald, Mary Carr, Robert Kent, Douglas Wood, Jack Powell, Arthur Hoyt, Jackie Gerlich, Russell Hicks, Edward Earle and Dorothy Christy.

Scenes from "East Side of Heaven," at Ritz Theatre Sunday, Monday and Tuesday, starring Bing Crosby, Joan Blondell and the Wonder Baby "Sandy."

Midland Boosters Advertise Rodeo September 2-3-4

Advertising the fifth annual Midland rodeo to be held at Midland on September 2-3-4, a delegation of 30 or more Midland business men on a two-day good will tour over West Texas stopped here for a brief visit Wednesday, members of the party distributing literature and contacting local firms and individuals in the interest of their annual celebration which they termed "the outstanding rodeo of the Southwest."

The trip, sponsored by the Midland Junior Chamber of Commerce, is being made in a large bus.

Members of the party, attired in loud shirts, boots, big hats and other cowboy regalia, made a most colorful appearance as they left their bus and scattered over the city. Loud speaking equipment called attention to the rodeo, after music had attracted local citizens to the bus.

On their visit to The Ledger office, members of the group extended a most cordial invitation to all citizens of Ballinger to attend the celebration, day and night performances to be held each day. Regular western events, cowboy relay races, cowgirl sponsors contest, free-for-all horse races, a horse show and junior cowboy calf roping will feature the big show, it was said.

The delegation was headed by Bill Holmes, president of the Midland Junior Chamber of Commerce, Carl Ulffers, vice-president, and Jack Wilkinson, chairman of the organization's rodeo committee.

Miss Adelle Eads, of Santa Anna, has returned home after a visit with Mr. and Mrs. Jack Radd.

Winters-Ballinger Young People Hold Joint Service Here

Members of the Christian Endeavor Society of the Eighth Street Presbyterian Church were hosts Sunday evening to the Christian Endeavorers of the Winters Presbyterian church. The joint meeting was held beginning at 7 o'clock, an excellent program being rendered. Miss Mary Jo Webb gave the history of the hymn, "Lead Kindly Light," as a special feature.

At 8 o'clock the two groups attended regular worship service at the church, the pastor, Rev. Fred Clark, delivering a sermon on the subject, "Changing Places," from a text in Ecce. 3-15, "I sat where they sat."

The sermon in some of its parts was particularly appropriate for young people. The minister pointed out what great advantages could accrue one would imaginatively sit in the other fellow's place. It was shown how many wars could have been averted if one nation had tried to see the other's point of view.

Rev. Clark stressed the point of the young people sitting in the place of the older and the older in the young people's place. He called attention to the impulse of youth today and compared it with that of the older people in their youth. "Young people will meet, young people must meet, and just so long as they meet and court under circumstances that are spiritually favorable their courtship will be just as much of a benediction as that pronounced in our church services every Sunday morning.

In addition to the young people, a large group of adult church members heard the sermon.

Lanes and Garfield Stars Of 'Daughters Courageous'

Bringing together again the cast and director which made "Four Daughters" such a memorable event on last season's screen calendar, Warner Bros. "Daughters Courageous" will open a local run, Saturday midnight at the Texas Theatre, where it will continue Sunday, Monday and Tuesday, August 27-28-29.

Heading the cast are John Garfield and Priscilla Lane, with a notable supporting group of players including the two other Lane girls, Rosemary and Lola, Gale Page, Fay Bainter, Jeffrey Lynn, Claude Rains, Frank McHugh, May Robson and Dick Foran.

All of the cast of "Four Daughters" are present again in short, with the delightful addition of Fay Bainter in the role of the young and modern mother of the four girls, and Donald Crisp, as her solid, middle-aged fiance. The story of "Daughters Courageous," however, deals with an entirely different family than last year's screen play, and while the two films share the same charming, heart-warming quality, the new one has a good deal more humor interspersed with the romance. This time, as noted above, the girls have a mother, and it is the mother's problem which primarily concerns the family. Woven into the story is a modern version of

kid grown up, older certainly, wiser maybe.

The romantic interest, in what amounts to a side plot accompanying the main story about the relations of the "Dead Enders" and Fields, is capably handled by Margaret Lindsay and Ronald Reagan, and this well-tempered pair also have their share in furthering some of the melodramatic moments. The villain of the piece is Grant Mitchell, who gives an impressive portrait of a brutal but slyly hypocritical rascal.

REMODELING FINISHED AT PALACE THEATRE

Remodeling and other work commenced at the Palace Theatre several weeks ago, has been finished, it was announced today by Jack Scales, manager. The improvements include a new screen, new acoustical wood walls and ceiling, redecoration of the entire house, and new lighting fixtures. The projection equipment has been reconditioned and put in first class shape.

Roscoe Brown, Texas Theatre artist, was in charge of redecoration and refinishing the Palace.

TEXAS AND PALACE THEATRES ANNOUNCE "APPRECIATION WEEK" BEGINNING AUGUST 27

The management of the Texas and Palace theatres in Ballinger has announced that the week of August 27-September 2 will be observed as "Appreciation Week," during which the two showhouses will present special pictures to show their gratitude for past patronage and support.

The initial presentation at the Texas, this week-end, is "Daughters Courageous," a guaranteed money-back attraction, to be followed Wednesday and Thursday by Samuel Goldwyn's "Wuthering Heights," and on Friday and Saturday by "Island of Lost Men."

At the Palace Sunday, Monday and Tuesday, brought back by popular request is "A Star is Born." The mid-week attraction, Wednesday and Thursday, is "The Man Who Dared," and on Friday and Saturday the Palace will show a fast action western, "Frontier Pony Express."

Miss Mary Lou Agnew, of Abilene, is visiting Mr. and Mrs. Tom Agnew and Mr. and Mrs. H. G. Agnew this week.

Mr. and Mrs. Joe Forman and daughter spent Sunday in Valera, visiting relatives.

Gaynor and March In Technicolor Production

All the thrills of a trip to Hollywood are provided Ballinger film fans in "A Star is Born," technicolor production starring Janet Gaynor and Fredric March, and billed at the Palace Theatre next Sunday, Monday and Tuesday, August 27-28-29.

Miss Gaynor and March have written-to-order roles and have never turned in performances to match these.

Adolphe Menjou is at his splendid best as Oliver Niles, the producer, and May Robson is grand as the fiery old grandmother who urges Esther to go to Hollywood and realize her dream of movie fame.

Others who shine in the brilliant cast are Andy Devine, Lionel Stander, Owen Moore, Edgar Kennedy, J. C. Nugent and Guinn Williams.

All the famous gathering places of the stars come to a very natural life on the screen in technicolor. There's the Trocadero, where the stars go to dance, the Brown Derby, Grauman's Chinese Theatre, the Santa Anita race track, the Biltmore Bowl as it looks during the annual banquet of the Academy of Motion Picture Arts and Sciences, and many others.

TWO BALLINGER GIRLS LEAVE EUROPE FOR HOME

Two Ballinger girls who have been touring England and other European countries were on the high seas today en route to New York.

Miss Lola Eubank, daughter of Mr. and Mrs. E. M. Eubank, left England on August 18 and will embark at New York Saturday morning. She recently toured Germany, the Scandinavian countries, Italy and France.

Mrs. Susie Kallina left England this week and will arrive in New York early next week. Her father, Dr. F. M. Hale, stated today that he was sure she was aboard a liner and en route home.

Many local people have inquired anxiously about the two young women since threatening war clouds began gathering over Europe.

During the Festival of Sports in Berlin a policeman on a speeding motorcycle shot toy balloons floating in the air.

Mount Whitney is higher than Pike's Peak, being the highest peak in the United States.

NEW FEATURES BOOKED BY WEST TEXAS FAIR

Elaborate preparations are being made for the West Texas Fair at Abilene on October 2, 3, 4, 5, 6 and 7. Committees in charge of entertainment and exhibits have announced some outstanding attractions that are expected to draw large crowds to each program. A nationally known revue has been booked as a grandstand spectacle and the first all-Palmino horse show ever held in the United States will be a special feature.

A number of new exhibits have been added to the list this year. West Texas photographers being allotted a large space for showing their work.

An intensive advertising campaign will be launched during September and a number of trips will be made by fair boosters to sections surrounding Abilene.

The Texas state capitol at Austin is constructed of Texas granite obtained in a trade for 3,000,000 acres of what now is choice ranch land in the Panhandle.

More rain falls in districts of London lying north of the river Thames than in those to the south.

Why Not Develop Runnels County Into Lamb Feeding Area?

By John A. Barton
(County Agent, Runnels County)

Again the season approaches when the ranchman starts selling and contracting lambs to feeders. It is also the time when the farmer begins figuring what his feed crop is worth and in what manner he can realize the greatest return for it.

A start was made last year by farmers in turning away from cotton to another source of income. Feeding of lambs was one of the most successful sources of securing additional income. The projects were undertaken during the fall and winter when farm work was slack and time could be devoted to a side line such as this.

No one would suggest that an inexperienced feeder start on a big scale but that only a moderate start be made the first year. A still better plan might be that if there is a boy of club age in the home, to let him join the 4-H club and try his hand at feeding a few lambs for the spring market. By this method both the father and son can learn along together the best methods of feeding.

Last year eleven 4-H club boys in this county made an average profit on 100-pound lambs of \$2.20 each. Some of the boys made a much higher profit than this on

their projects. One boy stated that his maize was worth from \$6 to \$8 per ton, but when fed to lambs for 110 days it returned \$40 per ton instead of the small amount which it would have brought on the market.

Lambs can be fed a dry roughage or ensilage, and with the addition of a little grain or cottonseed meal, make a fat lamb that will top the market. Owen Ingram, Runnels county farmer who has five trench silos, has found that ensilage with the above additions will produce fat lambs as well as any feed. It has been found, however, that when more roughage is fed and less grain and meal, it will take longer to produce a fat lamb.

Another method is to let lambs run on early grain such as barley, wheat and oats. If there is sufficient grazing, lambs will get fat just on grazing alone. It is believed that from 75 to 90 lambs could be fattened on 100 acres of good grazing, with a little added grain and extra feed for the last period. This could be done without injury to the grain field.

Runnels county 4-H club boys will again feed lambs on commercial basis and any boy interested in feeding from 5 to 25 lambs or more, is asked to contact the county agent and sign

New Chinese Stamp Honors U. S. Flag

An unprecedented compliment was paid the United States by China recently when a new stamp was issued to commemorate the 150th anniversary of the Declaration of Independence by the United States. The stamp bears the flag of China and the U. S. to symbolize the traditional friendship that has existed for so many years between the two nations. As far as is known, this is the first time that an independent nation has so signally honored the flag of another.

up for the demonstration. Bulletins on lamb feeding can be obtained at the agent's office and anyone interested is asked to call or write for one.

Constipated?

"For years I had occasional constipation, swollen face, headaches and back pain. Adlerika always helped right away. Now I eat sausage, bananas, etc. anything I want. Never felt better." Mrs. Mabel Schott.

J. Y. Pearce Drug Co. and Weeks Drug Store

November 23 Set By the President For Thanksgiving

Thanksgiving Day this year will be a week earlier than usual. If President Roosevelt issues a proclamation setting the holiday for November 23, for many years it has been on the last Thursday in November but the date may be changed this year by the president.

The chief executive explained that many people had complained it was too long between Labor Day and Thanksgiving and too short a period between Thanksgiving and Christmas. Retailers and many others had proposed the change.

A number of events will be affected by the change. The annual Red Cross roll call is scheduled from Armistice Day, November 11, until Thanksgiving. This will reduce the time for signing up members in this organization one week.

The Texas interscholastic league requires that all high school teams complete their schedules one week before Thanksgiving Day and that the district championships be decided by that date so that bi-district champions can start playing on Thanksgiving Day. Schedules have already been made up for this year and practically all teams have their last game slated on November 24, one day after Thanksgiving.

In this region it will force an earlier turkey market in order to ship the birds to eastern centers in time for Thanksgiving dinners.

OUTDOOR COOKING AN IMPORTANT FACTOR

COLLEGE STATION, August 24.—Vacationers who plan to do some outdoor cooking have been offered several tips by C. W. Simmons, farm forester for the A. & M. College extension service. There is really a technique to camp cookery, he says, for it is just as important that the outdoor meal be well balanced as any other.

For a non-utensil dish, such as cheese and bacon toasted on pointed sticks, no fireplace is needed; but where a frying pan and kettle are required, there must be a fireplace to support them as well as retain the heat, Simmons says. The usual type of outdoor fireplace is similar to those in state parks and is made of a heavy iron grate and three stone or rock walls to hold in the heat.

A temporary fireplace may be made of two parallel logs. In selecting fuel, he suggests chips, twigs, and bark for such processes as boiling coffee; but baking or frying, coaling woods are needed to supply coals and not a flame. Elm, oak or ash are good for this purpose, he says.

"If you can't recognize these sticks in wooded areas, pick out the heaviest pieces for coals. The chances are this will eliminate pine, willow or other woods worthless for coals, he concludes.

If the 20 million families receiving less than \$2,000 a year spend as much for cotton goods as those receiving between \$2,000 and \$5,000, the cotton farmer would have a home outlet for an additional 2 million bales annually.

Gale Dunn Resigns Local Church Post; To go to Memphis

Gale Dunn, educational director of the Ballinger Baptist Church, tendered his resignation to the local membership last Sunday morning and has accepted a similar position with the Temple Baptist Church of Memphis, Tennessee. Mr. Dunn has had charge of the music and educational work in the Ballinger church for the past year and he and his wife have made many friends here during that period.

In accepting the new position Mr. Dunn stated that it would give him and his wife a bigger opportunity for service. The church to which he will go has a membership of 2,200 and he will be in charge of the music and educational work with the young people.

Rev. Clarence A. Morton, pastor of the Ballinger Baptist Church, said Tuesday: "The Baptist people regret very much to lose this splendid young couple who have endeared themselves to the church and the people of Ballinger as a whole. The Temple church being much larger and offering greater opportunity, the Ballinger church bids them God's speed in their new field."

Next Sunday will be the last day for Mr. and Mrs. Dunn with the Ballinger church and it has been designated in their honor. The entire membership is urged to be present and other friends

Local Legionnaires Will Elect Officers Tomorrow Evening

Members of the Pat Williams Post, American Legion, will meet tomorrow (Friday) evening at Legion Hall for a special business session and a social period following.

The main session will be for the purpose of electing officers for another year. This has been delayed and must be attended to this week before the state convention at Waco next week. All nominations will be made from the floor, according to Frank Cameron, post commander.

Cards have been mailed members of the local post notifying them and their wives to attend this meeting. As soon as the business is concluded, the Legion orchestra will tune up and entertain the group with novelty music and dance tunes.

The post has had a very successful year and counts a number of accomplishments. The membership has greatly increased and during the year a number of special meetings have been held including the Armistice Day breakfast and observance of the 20th birthday of the post.

Early in the year the post adopted an orchestra, composed mainly of sons of Legionnaires, has uniformed them and bought equipment needed. The local post of the couple in the city are invited.

has rendered service to many veterans and their families through the service officer and directed much other work. It is helping to sponsor the local housekeeping aid project and has done other civic work.

Every member is urged to attend the meeting tomorrow night and any veteran desiring to become a member is invited.

Card of Thanks

We wish to take this method to thank each and every one of our neighbors and friends who were so kind and generous with their assistance during our recent bereavement. Especially did we appreciate the beautiful flowers sent as a token of love by friends, and Dr. J. J. Shiller, Mrs. Adolph Schwertner, Mrs. Fred Sturm, Felix Moeller and Emil Ullrich for their kindnesses, and last but not least, Rev. G. A. Boeckman, Rev. Charles Knapp and the Rt. Rev. F. J. Pokluda.

May God's blessings be upon each and every one is our wish. Mr. and Mrs. E. B. Hoelscher and Children. 11-3

Agriculture has a big stake in the export market, and the welfare of agriculture should be kept in the forefront when foreign trade policies are considered—Secretary of Agriculture Henry Wallace.

WHY Humble Oil & Refining Co. Reduced the Price of Crude

This statement is published as a paid advertisement by Humble Oil & Refining Company for the benefit of those who are interested and not acquainted with the facts.

On August 11 the Humble Company posted reductions in the prices at which it purchased crude oil in Texas and New Mexico by amounts ranging from 5c to 32c per barrel, and averaging 18.5c per barrel. In view of the fact that this action on our part has been severely criticized before the public, we outline below the facts and reasons on which it was based:

1. On August 1 the quantities of crude oil listed below, aggregating 218,920 barrels daily in Texas, Louisiana and Arkansas, were moving to market at prices substantially below the Humble's postings for similar crudes:

AREA	BBL. DAY
Texas—	
West Central	37,000
Gulf Coast	22,600
Southwest	16,900
East Central	12,800
East Texas Field	6,850
Panhandle	1,500
Total Texas	97,650
South Louisiana	81,920
North Louisiana and Arkansas	39,350
Total	218,920

2. The amount of crude moving below Humble's postings was greatly increased when on August 10 the Sinclair-Prairie Company posted a reduction of 20c per barrel affecting the oil produced and purchased by it in Texas, New Mexico, Oklahoma and Kansas, which action was followed immediately by reductions in the price made by a number of smaller purchasers. These reductions applied to more than 150,000 barrels of oil. This, added to that mentioned in the preceding paragraph, equals 368,000 barrels. In the three States in which Humble operates, Texas, New Mexico, and Louisiana, the aggregate volume of oil moving below Humble's prices approximated 17 1/2% of the total current production in those States.

3. The movement of constantly increasing quantities over the past year or more of crude produced in the new Illinois fields, reaching a total of 300,000 barrels daily on August 1, on a price basis substantially lower than Humble's postings in its territory, exerted a progressively depressing effect on the crude oil market. The effect was felt in Texas; and actually since April 1 Humble has lost 10,000 barrels per day of business absorbed by Illinois crude. This loss of business was in addition to that lost by Humble as a result of the movement of crude at low prices in the territory where we operate.

4. On August 8, therefore, the total volume of oil moving at prices below those of the Humble was approximately 668,000 barrels.

5. The crude oil market has been under pressure for more than a year. The price adjustments made last October did not remove fully the disparity between Humble's prices and those of some oil moving in its markets. Since that time the volumes of crude moving below our prices have increased steadily, with the result that when the reductions of Sinclair-Prairie and others came on August 10, affecting approximately 150,000 barrels of crude per day, conditions were so bad that we were compelled to reduce our prices to meet this competition. In no case are our new postings lower than the Sinclair-Prairie postings for similar crudes.

6. The Humble Company is primarily a producer of oil. Its crude oil properties constitute its principal asset. Its net production averages 133,000 barrels a day. We are also crude oil merchants and purchase, at our posted prices, 251,000 barrels of crude oil daily in Texas and New Mexico. These prices also govern the price at which we sell the oil which we produce. Because of our large production we are vitally interested in the maintenance of fair prices.

Our refineries consume something near the amount of oil which we produce. As a consequence, with respect to our purchases we are in the same position as a merchant dealing in any commodity. To continue in business, we can not over a long period of time pay higher prices than our competitors. We are compelled to meet competition. The price of oil, like that of other commodities, is subject to change with market conditions. These are simple and fundamental business principles. We were reluctant to cut the price of crude, not alone because of its adverse effect on our own earnings, but also because of its effect on our customers and upon the industry and the state at large. Under these circumstances, we could not continue to pay the prices we had been paying.

7. As a matter of policy the Humble Company maintains stocks of crude oil very slightly in excess of the amount required as working stocks to carry on operations. We do not believe in storage of oil above ground but in production of oil currently as required for market. We do not speculate in oil. We have no desire to buy oil at any price to accumulate for storage.

8. We think the price for oil brought about by the competitive conditions above mentioned is lower than should be realized. In our opinion the flood of oil from Illinois and Louisiana, most of which is being produced wastefully, in violation of conservation principles, is primarily responsible for the market conditions which necessitated our price reductions. It is our hope that these conditions will be corrected and that the market will improve.

H. C. WIESS, President
HUMBLE OIL & REFINING CO.

LET YOUR GOAL BE MILLER'S LAUNDRY

"An Ideal Place to Wash"

Our eight Maytags are easy and cheap to operate. We furnish an ample supply of soft water and steam... our building is at a comfortable temperature at all times.

Bring your laundry here once and we are sure you will join the hundreds of housewives in saying:

IN SOCIETY

Presbyterian Group Entertained at Allen Ranch

Mrs. Rufus Allen entertained members of the Eighth Street Presbyterian Endeavor Society last Friday night with a watermelon party at the Allen ranch. Games and swimming were enjoyed by the group during the informal social hours preceding the feast.

Attending were: Misses Gladys Hill, Jane Routh, Mildred Hill, Esther Wiesepape, Mary Routh, Mary Jo Webb, Katherine Routh, Virginia Fowler, Lillian Allen, Edith Cameron, Gladys Sides, Messrs. Taylor Russell, Albert Routh, Bill Cameron, Henry Fowler, Warren Cameron, Monte Cameron, and Rev. and Mrs. Fred Clark and Mrs. Fred Hill.

Virginia Douglass Class Elects Officers

Mrs. Buford Fields and Miss Evelyn Crowell were co-hostesses Tuesday evening when they entertained the Virginia Douglass Class of the Methodist Church at Mrs. Fields' home on Eighth Street.

During the business session at which the president, Mrs. W. E. Moss, was in charge, officers were elected for next year. They are:

president, Mrs. Roy Miller; vice-president, Mrs. Henry Moody; secretary, Mrs. Ross Causey; treasurer, Mrs. Myles Nixon; teacher, Mrs. J. G. Douglass; assistant teacher, Mrs. E. C. Tinsley.

Ice cream and cake was served to Mrs. Ray Tisdale, Fred Middleton, Myles Nixon, Moss, J. D. Forman, Arthur Underwood, U. W. Johnson, Gordon Gressett, H. G. Agnew, Jack Nixon, Jr., Causey, Gurthall Gilligan, E. L. Rampsy, Moody, Tinsley, Miller, Misses Wayne Greer and Ernestine Behrens, and two visitors, Misses E. D. Landreth and A. B. Legate. Little Miss Mary Lou Fields assisted the hostesses in serving.

Stasneys Entertain Presbyterian Officers and Wives

Dr. and Mrs. E. W. Stasney entertained the deacons and elders and their wives of the First Presbyterian Church Monday evening on the back lawn at their home on Eighth Street.

The object of the meeting was to bring a report from a permanent committee on evangelism. Highpoints on the Synodical Auxiliary Training School at

Britain's First 'War Babies' En Route to Camp

Called to service by an armistice Britain, these soldiers—part of 20,000 young men between 18 and 21 years of age—gaily walk into London's Waterloo railroad station, bound for their various camps and barracks. They form the vanguard of 200,000 conscripted militiamen who were babies shortly after the World war ended, and are an integral part of Britain's preparedness campaign.

Kerrville were discussed. The key-word for the training school this year was "evangelism." Punch and cookies were served to Rev. and Mrs. Dwight Sharpe, A. H. VanPelt of Winters, Messrs. and Mrs. C. L. Baker, Harry Lynn, Warren Lynn, C. J. Lynn, Estes Lynn, Jack McGregor, Alex McGregor, Malcolm McGregor, W. R. Bogle, Ralph Erwin, Malcolm Wardlaw, Frank Pearce and C. R. Stephens.

Garden City Woman Shares Honors at Tea

We are calling readers attention to an error made in the Agnew tea write-up on the first page of society items, for which we take full responsibility. Mrs. Stephen Currie of Garden City, shared honors with Miss Helen Harshaw, of Long Beach, California, for whom the tea was given.

Nestor Palace Thought Found

Ruin of 13th Century B. C. Unearthed North of Pylos in Greece.

ATHENS, GREECE.—An archeological find which, it is believed, will result in further revelations of the utmost importance not only to students of antiquity but to all lovers of ancient Greek culture, has been made on the west coast of the Peloponnese, some 10 miles north of the present village of Pylos.

Here on a windy hilltop commanding rich fields of grain and olive orchards, with a broad view of the Bay of Navarino, a favored anchorage in peace and war throughout the ages, are the traces of a building that can be almost positively identified as the stronghold of Nestor known to every one familiar with the Homeric legend. The palace is said to be of the late Thirteenth century B. C.

The credit for the discovery of the site is shared by Dr. Constantine Kourouniotis, director of the Archeological museum in Athens and Prof. Carl W. Blegen of the University of Cincinnati. Professor Blegen has recently completed his extensive field researches on the ancient cities of fabled Troy.

Tombs Found 20 Years Ago.

The vicinity of Pylos became a known possible archeological site more than 20 years ago when Dr. Kourouniotis came upon two "bee-hive tombs," which he subsequently excavated. This led to the supposition and later to the almost certain knowledge that near by must be a royal palace, even the dwelling of Nestor, the wise monarch and one of the best known characters in Homer.

The Professor Blegen discovery and first rudimentary investigation which have followed will have a far reaching effect. From now on it appears that there can be no doubt of the fact that the stronghold, now a ruin, identifiable as a king's residence on account of its position, its architecture and the presence of bits of colored fresco and pottery, etc., was actually the dwelling of Nestor.

In this connection it should be recalled that in the Odyssey Telemachus, son of Odysseus, visited Nestor in Pylos, and upon hearing that his ever-wandering father might be found in Pherae sped thither in the hopes of meeting him. Pherae is known to have occupied the present site of Kalamata.

Heroic Age Revealed. Probably no site of equal interest with this, near Pylos, has been brought to light—at least on the mainland of Greece—since Dr. Schliemann revealed the first actual proofs of the existence of the Homeric heroes in 1870.

As a result of his excavations in the palace of Agamemnon at Mycenae a great deal of knowledge was given to the world concerning the habits and customs of the men and women who lived in the heroic age, a period that comprises roughly 1600 to 1200 B. C., and which now has the name, "Mycenaean."

From the Mycenaean excavations came most of the treasure which is held in the Archeological museum in Athens.

It is believed likely that similar treasure may be found in the Pylos stronghold. The place is guarded.

Scientists Admit Now That Garlic Wards off Disease

NEW YORK, August 23.—It was once commonly believed that onions or garlic could ward off disease, even if merely hung around one's neck. Now no less an authority than the American Medical Association agrees that this ancient superstition may have a basis of fact.

According to researches by Prof. R. E. Vollrath and others at the University of Southern California, at least one part of the odor of garlic does have power to kill germs. Plates of agar jelly such as ordinarily are used to grow germ cultures were exposed for thirty minutes to the vapor of crushed garlic. Living germs then were spread over these plates. All the germs promptly died, apparently because of garlic vapor which the agar plate had taken up.

The garlic or onion oil chiefly

responsible for the smells of these vegetables seems not to be the germ-killing substances. The real germicide is another chemical named acrolein, which also is present. Even when mixed with food materials such as white of egg, a trifling dose of this acrolein still is a good killer for at least some germ varieties. Juices of garlic or onion, presumably, may act the same way in food.

Primitive medicine men who knew nothing of germs may have noticed such effects of juice or vapor in avoiding sickness and thus started the superstition. Perhaps, continual smelling of crushed onion or garlic really did have some value in helping to sterilize the nose and throat and preventing the spread of old-time epidemics of plague, influenza or colds. Nowadays, better germ killers are available, so that garlic bouquets are scarcely like to come back into fashion.

Mrs. Sara Smith left Thursday afternoon for Colton, California, for a visit with her daughter, Mrs. E. P. Webb.

Malaria Bacteria Hide from Quinine Taken by Patient

LONDON, August 23.—The long-standing medical mystery of why malaria patients who have been "cured" with quinine so often relapse and have another attack seems to have been solved by experiments carried out by Lieutenant Colonel S. T. James and Dr. P. Tate at the Moltso Institute of Cambridge University, and described recently to the Royal Society of Tropical Medicine and Hygiene.

The germ of malaria is a concealed animal parasite which usually gets into the victim's blood in the bite of a mosquito. There it multiplies, digs into the red corpuscles of the blood and causes the malarial symptoms.

For these germs in the blood, quinine is a deadly poison. A few doses of the drug often rid the blood completely of the germs. That ought to cure the malaria. For a while it often seems that it has done so but presently, even without a new mosquito bite, a new case of malaria often develops. Victims sometimes must keep on taking quinine every few days all

their lives. Colonel James' light on this mystery is the discovery that germs of a kind of malaria which attacks chickens can live and multiply not only in the red corpuscles, but in the living cells which line the insides of arteries and other blood vessels.

Hidden away inside these cells the germs avoid the quinine and are not killed. After a while some of them come out into the blood again and start a new attack.

NEW PUBLIC BUILDING FOR PANAMA CITY

PANAMA CITY, August 23.—Panama has decided to erect a pretentious building in Panama City, the capital, to house the staff of the province governor's office, the national lottery and mayor. It will be on the site of the present mayor's office and will cost approximately \$100,000.

Plans are being prepared in the department of hygiene, welfare and public works, and work is to be started shortly. The building is to be modern and at the same time in harmony with the architecture of that part of the world. It may develop into a show place for tourists.

RURAL NEWS

NORTON
The revival meeting will begin Sunday at the Baptist church. Rev. R. G. Alexander, pastor of the Eden Baptist church, will conduct the services.
Miss Lesta Stewart is visiting relatives at Tulsa.

Mr. and Mrs. Joyce Crockett and family left Wednesday on a fishing trip to the Buchanan Dam.
Miss Halley Mae Morgan, of Big Spring, is visiting her mother, Mrs. Ursula Morgan.

Mrs. R. L. Conder, Jr., of Abilene, is visiting relatives here this week.

Mr. and Mrs. L. E. Roberson are visiting relatives at Dublin.

Mr. and Mrs. M. G. Roper and little son, Marion, of Winters, spent Sunday with Mrs. F. Roper.

Mr. and Mrs. Carl Lewis and T. J. Chapman have returned after an extended visit with Mr. Lewis' relatives in East Texas.

Mr. and Mrs. D. B. Crockett, of Ballinger, spent Sunday with Mr. and Mrs. D. M. Crockett and family.

Mrs. L. B. Hambricht is visiting her parents, Rev. and Mrs. E. E. Mason, of Big Spring.

Derwood and Billy Stevenson, of Tennyson, spent the past week-end with their grandparents, Mr. and Mrs. Luther Hambricht.

Bobbie Jo Hambricht has returned from Marlin, where she received treatment the past two weeks.

Rev. D. K. Barton, of San Angelo, was here Tuesday, making up attendance at the local Rotary club meeting.

Dairy Experimenter

Production of western beef may be more profitable to many New York dairy farmers than raising milk cows, according to Carl H. Frink, Clayton, N. Y., philanthropist, who has imported many hereford bulls from Nevada. Pictured here is a hereford bull calf with herdsman. If Frink's experiment is successful, it may alter the entire economic situation of dairymen.

DO YOU KNOW KEMP'S DAIRY

is the only Grade A dairy in Ballinger and one of the state's highest class.

Youthful Admirers Flock to Conn Training Quarters

Billy Conn, new Irish king of the light-heavyweights, is just like all other champions—always a favorite with the kids. Scores of young admirers hike to his training camp at Lieperville, Pa., every day, hoping to get a glimpse of the popular young fighter. Conn's backers are looking forward to the day when he'll put on enough weight to meet Joe Louis for the heavyweight title.

NUMBER OF HERMITS INCREASING IN BRITAIN

LONDON, August 23.—That the number of hermits is on the increase in Great Britain is revealed by the number of islands sold lately by auctioneers. Some seekers of solitude are able to pay big money for a tiny isle and they hide themselves away amid idyllic surroundings for 12 months every year.

Amid misty glens and grassy slopes they dwell in peace. Most of them raise sheep. John Monins, who owns an island off the west coast of England, is trying to form an association of island owners. Apart from the big islands, like Ana or Lundy, there are scores of others round Britain's shores which are constantly changing hands, as one owner wearies of solitude and another wants to try it out.

Many islands sell for \$5 to \$10 an acre. The most ever paid was about \$500,000.

Arthur Underwood and Ralph Seidel transacted business at San Angelo this morning.

Jelly Kettle Wisdom

"NEVER make your jelly on a rainy day" is a theory exploded by the modern recipes! With directions like these the juice will "set" in any weather, and luscious ripe peaches are the fruit to prove it quickly:

Ripe Peach Jelly
(Makes about 6 medium glasses)
2½ cups juice
¾ cup sugar
1 box powdered fruit pectin
To prepare juice, pit and crush thoroughly (do not peel) about 2½ pounds fully ripe peaches. Add 1 cup water, bring to a boil and simmer, covered, 10 minutes. (Add a few crushed peach-pit meats to fruit during cooking.) Place fruit in jelly cloth or bag and squeeze out juice. (If there is a slight shortage of juice, add small amount of water to pulp in jelly cloth and squeeze again.)
Measure sugar into dry dish and set aside until needed. Measure juice into a 2- to 4-quart saucepan.
Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. Continue stirring, bring to a full rolling boil and boil hard ½ minute.
Remove from fire, skim, pour quickly. Paraffin hot jelly at once.

Italy-in-Jugoslavia

Citizens of Ancona, on the east coast of Italy, face another bit of Italian soil just across the Adriatic on the west coast of Yugoslavia. Called Zara, this seaport, with its environs, was ceded to Italy by Yugoslavia in the treaty of Rapallo in 1920. Once the capital of Dalmatia, the Zara area comprises 42 square miles of territory and includes some 19,000 people. Its Italian population and historic association were arguments for its assignment to Italy. Protected by a group of small islands which almost surround the promontory on which it lies, Zara is strategically located as a potential base for naval operations. The technical geographic name for such a region is "enclave," which means an area enclosed by alien territory.

Rat-Proof Houses

Rat-proof houses are built in the island of Formosa, where these destructive rodents are a fearsome pest. To a stranger, a native hut at the first glance presents the appearance of being built upon four enormous mushrooms. In reality, the structure is lodged upon four posts, each of which is surmounted by an umbrella-shaped wooden shield. The rats can't get past that. The houses of the better-to-do natives are sometimes supported on posts upon which the owner has placed inverted biscuit tins or old tin pails, but the wooden shields are by far the more prevalent throughout the island.

Sea of Galilee

The Sea of Galilee, a body of fresh water 13 miles long by seven miles wide, or approximately the size of Staten Island in New York bay, is 700 feet below the level of the sea. The Jordan carries its overflow to the Dead sea, a body of salt water, 1,300 feet below sea level, from which there is no overflow. The distance between the two seas is about 200 miles.

Claude R. Stone, Jr. and Guy Lively, Jr. are attending the band school at Hardin-Simmons University, Abilene, this week and next. Mr. and Mrs. C. R. Stone took the boys to Abilene Sunday.

Supt. Nat Williams left today for Austin to attend to school business. He will return this week-end.

Miss Gladys Kemp, daughter of Mr. and Mrs. Frank Kemp, is at home from Hardin-Simmons University, where she completed her course at the summer school and received a degree last week.

Lignin From Corn Cobs Softens Hard City Water

AMES, IOWA.—In their search for some practical use for lignin, one of the country's principal waste products, federal chemists have discovered that recovered lignin is more effective in treating hard water containing iron than commercial compounds now in use.

At the agricultural by-products laboratory in Ames, chemists of the department of agriculture treated hard city water, hard well water, and water containing added iron with lignin prepared from corn cobs and found this material to be effective as an iron-removal agent. Supplies of lignin are inexpensive because they are almost limitless. Roughly, one-fourth of all wood plants, including trees, is lignin. As a waste product of wood pulp mills, where its disposal pollutes streams, it amounts to about 1,500,000 dry-weight tons each year. At least 6,000,000 tons a year is available from corn stalks and an equal quantity from wheat straw. Other extensive supplies are cottonseed hulls and sugarcane bagasse—the fiber remaining after the juice has been squeezed from it.

The discovery promises the first extensive use for lignin in its original form, because few cities have water sufficiently pure that it does not require treatment for removing iron, which imparts an unsightly appearance and undesirable taste.

Kenya Colony Famed For Big Game Hunting

Kenya, famous for its big game hunting, looks small on the map of vast Africa, but it is actually larger than France. It is a land of lakes that have no outlet, deserts where it sometimes does not rain for a year or more at a time, fertile, well-watered farm lands, elephants that climb mountains and tribes among which a wife can be bought for a small amount of grain or coffee.

Back from the hot, damp coastal region, Kenya slopes up gradually to a fertile plateau in the south, 4,900 feet or more above the sea, where white men can live comfortably. The climate changes from tropical to temperate as the land rises. In the hot lowlands are raised cotton, sugar and coconuts, and in the cooler uplands, wheat, maize, coffee and tea.

Up from Mombasa to Nairobi, the capital and leading big game hunting center, runs a railroad whose construction helped abolish slavery by ending the carrying of freight on the backs of men. Along it Theodore Roosevelt rode in an engine's coach during his celebrated African hunting expedition in 1909 and 1910.

More Camels Than Frenchmen

One large and useful population group in Tunisia is made up of camels. There are more camels in Tunisia than either Frenchmen or Italians, points out the National Geographic society. Over 160,000 strong, these camels, alive, are valuable as beasts of burden; dead, their hair is made into tents, coats, and shoes; their skins into water containers that serve in the desert with almost thermos bottle efficiency. Though motor transport has to some degree replaced the traditional and odoriferous denizen of the desert, the camel is still a highly useful means of transport. Easily covering 100 miles a day, it rivals the horse in speed. Except in the hot summer months it can go comfortably up to 10 days without drinking. Its endurance is proverbial.

FALL STYLE SHOW TO BE HELD ON SEPTEMBER 15

Ballinger merchants will cooperate with the Ballinger Business and Professional Women's Club in presenting a fall style show on September 15. The affair will be staged by a committee of the club women at the Texas Theatre and local women and girls will model the new fall styles.

The committee in charge of the show announced this week that G. O. Woodroof, C. C. Davis, Bettis & Sturges, Stone's and The Hub would cooperate and a full line of fall styles in coats, dresses, sport clothes, pajamas and robes, and evening dresses would be shown.

A more complete announcement of the show will be made next week when all details are perfected. Special walkways, lights and other equipment will be installed to permit all patrons of the show to see the models and the styles displayed.

BAPTIST BROTHERHOOD TO MEET AT BROWNWOOD

The second annual Baptist Brotherhood Jubilee for district 16 will be held at Lake Brownwood August 28 and 29. A number of local Baptists intend to attend. A free barbecue supper will be served the men the first night of the meeting and a free fish fry the second night.

Some of the best speakers in the Southern Baptist Convention will be at the Brownwood meeting to participate in the program.

Mrs. O. C. Sykes and son, Bobby, returned the past week-end from a visit with relatives at Goldthwaite.

Billy Sykes returned Friday from Detroit, driving back a truck, pick-up and car.

W. B. Woody returned Saturday from a business trip to Houston and other points.

Mr. and Mrs. Guy Leidigh and daughter, Margaret Ann, of Pittsburgh, Pennsylvania, were guests the past week-end of Mr. and Mrs. Tom Agnew and Mr. and Mrs. H. G. Agnew.

Mr. and Mrs. Bert Lowe, of Sweetwater, visited friends and attended to business in Ballinger Tuesday.

Price Campbell, of Abilene, was here Tuesday looking after business for the West Texas Utilities Co.

Ed Blanton, of San Angelo, transacted business and visited friends here today.

RURAL CLUB WOMEN EXPRESS APPRECIATION

Letters were received this week by city officials and the Ballinger Board of Community Development from the home demonstration clubs of the county expressing appreciation for courtesies extended during the encampments of the 4-H club girls and the home demonstration club women. City officials were thanked for the use of the park and the Boy Scout cottage. The B. C. D. was thanked for ice, ice water, refrigerators and theatre tickets.

Claude Collins, Jr. left today for Fort Worth to attend to business.

The best plan for all concerned is to send the change of address in advance.

U. S. Army Increases Production of Gas Masks

As the international situation grows more grave, the U. S. has seen fit to protect its national security and its far-flung interests by bringing its military structure into order. As part of its preparedness, the army is perfecting the gas mask in the U. S. Army chemical warfare school at Edgewood, Md. Left: An inspector tests safety glass for gas masks by dropping a steel ball on it. Center: A view showing the assembly of angle tube to the hood. Right: Final assembly of canister to tube. Each gas mask is thoroughly tested by expert workers for any possible defect.

**Hints for
the Farm**
Furnished by the
Extension Service
A. & M. College

If the terraces built by Texas farmers who took part in the AAA farm program in 1938 were put end to end like a rope, they would reach across the widest point in the United States and double back five times.
A final recapitulation of 1938 soil-building practices disclosed that these farmers decorated 208,528 acres of sloping crop land with 20,000 miles of terraces, did 3,580,500 feet of farm pasture riding on the contour, and in this manner and otherwise, improved an estimated 8 million acres, or more than half the tillable surface of Texas.
The report did not list results of the 1938 range program, which were to be tabulated later this week.

Although nearly twice as many farmers carried out soil-building practices under the program last year, compared with 1937, Texas operators failed by \$2,913,000 to earn the maximum available for this purpose.
Strictly soil-building features of the 1938 farm program in Texas cost the government \$3,677,000. But the value of terracing alone in three years would more than exceed the cost of the entire soil-building program, according to extension service estimates on terracing benefits.

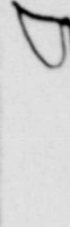

George Slaughter, chairman of the state agricultural conservation committee, remarked that "a good deal has been replaced of the soil fertility mined in the 20's and wasted on glutted markets in the early 30's," and that the AAA is stressing even more this year the idea of "conserving soil and moisture and reinforcing land against wind, water and tractor erosion."

Among items which qualified for 1938 soil-building payments: Approximately 125 water tanks, on farms; 3,580,502 acres of contour farming, summer fallowing, contour listing or contour seeding of small grains; 6,177 acres of tree planting; 23,915 acres of sod replacement; 7,709,865 acres of green manure crops turned under or legumes planted; 2,171,803 acres of permanent pasture mixtures seeded; and nearly 4 million pounds of slag, phosphates, or ground limestone applied to ailing cropland.

Fifty million acres in the U. S. have been destroyed by erosion to date. That is about 3 times the cultivated area of England. Fifty million more have been seriously damaged; 100 million have been impaired by erosion; and 100 million have been begun to erode.

One of four national offices handling the cotton export subsidy program is located at Houston, with Andrew J. Bohart in charge.

**WEST TEXAS
NOTES**

Runnels county will provide its share of the patronage at colleges of the state this year. Most of the students away at school last year plan to return and many 1938-39 high school graduates will begin four years of higher education in the fall. Lists of students from this county attending college will be compiled the second week in September.

Within a short time numerous Runnels county homes will be equipped with modern electrical conveniences. Rural electrification crews are building sections of lines in this county which they expect to have ready to energize about September 25. As a celebration in observance of turning electricity into these homes, a program is being planned in Ballinger at which an official of the REA at Washington will be present to push the switch and light several hundred homes.

New members of the Ballinger Board of Community Development is evidence of their interest in making Ballinger a better place in which to live and a better business town. Nine new names were added to the list last week to bring the total to 157 paying and working members in the organization. Opportunity is being offered every civic minded individual to join the organization and show his interest in Ballinger. The recently appointed planning board has submitted a number of proposals to the directors and most of them have been approved and committees named to look after the projects.

One week from next Monday will bring to a close summer vacations for most boys and girls of scholastic age in this county. Several schools in independent districts will begin nine months work and the end of vacation time for the children also means parents must settle down for a period. All Runnels county schools, in both independent and common districts, are ready to start. Faculties are practically complete and buildings are ready to receive pupils. Due to the large number of transfers, all independent district schools expect record enrollments at the opening of the fall term.

**COUNTY'S 4-H TEAM
WINS FIFTH PLACE
IN STATE CONTEST**

The Runnels county 4-H club boys' field crop judging team tied for fifth place in the state contest recently held at College Station. This was a satisfactory award, say instructors of the team, since there were 26 teams in the competition, the Runnels county boys had had only one year's training, and this was their first contest.
Representing this county were C. J. Poindexter, of the Crews club; Milton Wood and Gilbert Laska, of the Bethel club. The boys judged corn, both yellow and white dent; maize, kafir, wheat, oats, cowpeas, peanuts, Irish and sweet potatoes.

The Brady city council has issued a statement that every citizen owing taxes will have to make settlement at once or be faced with a suit. Sixty suits were ordered last week and others will be filed soon unless paid in full or satisfactory arrangement made. City Attorney Sam McCollum will have charge of filing the suits, totaling to date about \$7,000.

The safe in the Simmons Grocery Co. store at Iraan was taken from the building by burglars last week. Officers found the safe in a pasture, 17 miles west of Rankin, with the door blown open and about \$400 in cash missing. All checks and other papers in the safe were recovered. The same night the store was entered a car was stolen and the same men are believed to have done both "jobs."

Due to a reduction in the force of the state highway patrol, substations at Fort Stockton and VanHorn will be closed at once. Two patrolmen have been stationed at Fort Stockton several months and both will be discharged in the general cut in force. Two others were dismissed at Pecos last week as well as two men in the drivers' license division.

The Shackelford county commissioners' court awarded contracts last week for remodeling the court house at Albany. All offices and the court room will be remodeled and redecorated and better provisions made for taking care of the county records. The interior will be beautified and the offices made more comfortable.

The Bronte Enterprise issued an 18-page progress and prosperity edition last week. The occasion was the 50th anniversary of Coke county and many interesting tales of pioneer days were printed. Advertising patronage was generous and with a large number of cuts the paper was interesting and brought much favorable comment.

Menard county's annual budget was approved last week and the tax rate set at \$1 on the \$100. The commissioners' court adopted a resolution to discount tax payments which come in before the delinquent date. The court did not pass on the matter of calling a special election for the county park as petitions were not filed in time for the August meeting. The proposal will be taken up at the meeting on September 11.

The first Texas Peach and Fruit Festival at Stephenville last week attracted more than 2,500 spectators and exhibitors from all

parts of Texas and some from Oklahoma. The affair was so successful that plans are being made to hold another next year and enlarge the program. Peaches, grapes, plums, apricots, apples, pears, figs, six new and unnamed fruits, and watermelons were exhibited.

The Hill Country Race Meet and Rodeo at Junction three days last week was reported very successful, each afternoon and night program setting a successive attendance record. The grandstand was packed for the opening and for the first year night programs were held, capacity crowds attending. The opening street parade was said to have been the best ever presented at Junction.

The Sweetwater city commission discussed its proposed budget, the tax rate and improvements at a meeting last week. Following the meeting one of the members stated that the tax rate probably would remain the same as the year before, \$1.50 on the \$100. The commission decided to install three more traffic lights at intersections where traffic is heavy.

The first bale of cotton ginned at Miles, which also was the first bale ginned in Runnels county, was brought in Monday of last week. The cotton was raised in Concho county, 12 miles from Miles, by R. F. Hart. Miles merchants presented Mr. Hart with \$29.65 in cash and merchandise as a premium for the 568-pound bale.

A delegation of more than 100 Coleman people will attend the state convention of the American Legion at Waco. Legionnaires will be accompanied by the Coleman band which has led the parade for the past two years and probably will be accorded the same honor this year. Sixty-five Coleman musicians will go to Waco with a full staff of drum majors, including Miss Nina Lee Gilliam, who won first place at the 1938 convention.

The Talpa school will open on September 4 and classes will be held in the elementary building. Supt. Glenn Mitchell is planning to house all high school classes on the second floor and arrange for the elementary grades on the first floor. This arrangement will be effective until the high school building is finished. Work began this week on the new building.

Winters business men are trying to work out plans for handling traffic on the downtown streets next fall. In the past considerable trouble has been experienced on

two principal streets because of double and triple parking which often pins cars against the curb for long periods. Civic groups have been asked to cooperate with city officials in offering some plan that will take care of the crowded condition in busy seasons.

Howard Payne College, Brownwood, recently received a gift of \$57,997.92, to be added to its endowment fund. The name of the donor was kept secret. None of the principal may be spent but interest and income from investments will be used for operating expenses of the college.

The Liberty Theatre at Rising Star is being completely remodeled and modernized. New equipment has been purchased and will be installed as soon as the building is ready. H. H. Johnson, manager, expects to have the showhouse operating again some time in September.

County Attorney D. P. Parker, of Comanche county, has initiated a campaign against punch boards and forced many to be taken out of stores last week. He has given notice that charges will be filed against all operators and that the fine for a violation is not less than \$100 nor more than \$1,000.

**MEXICAN PARK SITE
NAMED BY OFFICIALS**

The Ballinger city commission has designated block 50 in the town of Ballinger for the use of a Mexican park and plaza. The city will pipe water to the location at once and an effort will be made to engender interest in improving the plot, adding play equipment and making the place suitable for Mexican fiestas.
The plot is located near the Mexican school and local Mexican leaders are anxious to help in converting it into a fine park with trees, flowers and shrubs.

Texas farmers participating in the AAA program last year used forestry practices, including planting and maintaining trees, on approximately 1,000 acres.

Range conservation and improvement practices were carried out on 37,455 ranches in 17 states—12,591 of which were in Texas—enlisted in the 1937 range conservation program.

**Rat Extermination
Campaign Will be
Started Here Soon**

County Agent John A. Barton returned home this week after making the western trip with 4-H club boys and within a few days he and J. E. Boog-Scott will meet with directors of the Ballinger Board of Community Development to discuss the best methods of organizing and conducting a rat extermination campaign in Ballinger.

Some work has already been done through local committees and most of the business men have intimated that they will cooperate in a city-wide campaign against the pests. The plan is to use government poison furnished at cost and all baits to be put out at the same time and the necessary follow-up work done. Mr. Boog-Scott would come here and supervise the work and B. C. D. committees would assist him.

Leaders working in the interest of the campaign state that local merchants are constantly carrying on some kind of fight against rats but are unsuccessful in their efforts because there is not cooperation on the part of all at the same time.

Local store managers report a heavy loss annually from rats and a heavy expense in fighting them. The estimated expense of a rat extermination campaign here will average from 25 cents to \$1 per merchant.

**Notice of Sale of Real Estate
Under Execution
THE STATE OF TEXAS,
County of Runnels:**

By virtue of an execution, issued out of the Justice court, of Precinct No. 1, Coleman county, Texas, on a judgment rendered in said court on June 26th, 1939, in favor of W. Marcus Weatherred, plaintiff, and against J. F. Jacobs, defendant, No. 5669 in such court, I did, on August 4th, 1939, at 8 o'clock a. m., levy upon all of the oil, gas and minerals, as same existed on May 13, 1939, at 2:45 p. m., in that 100 acres of land out of Survey No. 25, G. W. T. and P. R. R. Co. Survey, in Runnels county, Texas, described in the oil and gas lease executed by W. T. Willis and wife to J. F. Jacobs, dated February 9, 1938, recorded in Vol. 172, page 306, et seq., Runnels county deed records, here referred to, and on said lease, and on all the right, title and interest of said J. F. Jacobs in said lands and premises as of May 13, 1939, at 2:45 p. m., and at all times thereafter, to satisfy a judgment of \$85.50, besides interest and costs;

And on the 5th day of September, 1939, being the first Tuesday in said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, at the courthouse door of said county, I will offer for sale, and sell at public auction, for cash, the property aforesaid.

Dated at Ballinger, Texas, this 4th day of August, A. D. 1939.
C. R. ROBERSON,
Sheriff of Runnels County, Texas.
By Winona Parker,
Deputy. 10-31

'ROSES ROUND THE DOOR'

COLLEGE STATION, Aug. 23.—That old idea of "roses round the door" is not only sweetly sentimental but of scientific value, says Mrs. Bernice Claytor, specialist in home improvement for the Texas A. & M. College extension service. Vines or trellises used as screens do not cut off the air from farmhouse windows and doors, and they are effective in reducing solar radiation on the walls of the house, recent experiments have proved. Because the vines are lower in temperature than the house, it is also believed that they take heat from the walls by radiation, she says.

STOMACH COMFORT

Why suffer with Indigestion, Gas, Gall Bladder Pains or High Blood Pressure? Restore your Potassium balance with Alkalosine-A and these troubles will disappear. A month's treatment for \$1.50. Sold on money-back guarantee by L. C. Daugherty Drug Store. 6-1-24-

Farmers now pay city people something like \$1,500,000,000 annually for power and power machinery, whereas, before the World War, they sold power in the form of work animals worth several hundred million dollars annually.

It is estimated that the terracing done last year by Texas farmers participating in the AAA program will be worth approximately \$4,000,000 to the land over a period of three years.

The cathedral of Cologne, the capital of the Rhineland, took 500 years to complete. The finishing towers were built in 1880.

Breath Bad, Lagg?
You May Need This

Just as the lighthouse flashes a floodlight warning to sailors, so Nature sends out headaches, bad breath, biliousness, which often warn of constipation.

Too many misunderstand or neglect these symptoms and thereby may invite a host of constipation's ailments: sour stomach, belching, loss of appetite or energy.

Be wise. Take spicy, all vegetable **BLACK-DRAUGHT** tonight by simple directions and clear your bowels gently, promptly, thoroughly. This intestinal tonic-laxative helps give tone to lazy bowels.

Its long life and popularity testify to **BLACK-DRAUGHT'S** merit.

BALANCE

as defined by Webster:

A combination of factors, elements or the like, as in a diet, such that the proportions are correct for a certain purpose.

You can't improve on Webster, and when we say that 997 Motor Oil is balanced for performance, we mean that it has a combination of qualities such that the proportions are correct for the purpose of motor lubrication. . . . Definite improvements in 997 give it all the desirable qualities you seek in a motor oil in perfect balance—none are over-emphasized, none sacrificed. . . . And the result is—perfect performance in your car. BALANCED 997 gives you: a clean motor, low oil consumption, safe service, great stability at high and low temperatures, minimum engine wear, freedom from sticky gum and varnish-like formations on pistons and piston rings, easy starting in winter, instant lubrication, a perfect seal between piston rings and cylinder walls, low carbon, easy pumpability and circulation. . . . Try this product of Humble's policy of continuous improvement. Stop at the nearest Humble sign, drain and refill with Humble's BALANCED 997 Motor Oil.

ANGRY BEES ATTACK TEACHER AND PUPILS
LYDENBURG, Union of South Africa, August 23—Angry bees attacked T. Verschuur, a teacher, Mrs. Verschuur, and a number of school children near here, stinging the adults so savagely that they became unconscious and inflicting much pain to the children.
Mr. and Mrs. Verschuur were with a bus load of pupils when a native dropped a hive of bees. The party scattered. Verschuur ran to a patch of dry grass, which he set on fire to rout the buzzers. He removed dozens of bees from his neck and head, then fell unconscious. His wife swooned soon afterwards. Thirteen stingers were removed from head of one child.

Deadly Botulism Strikes Again After Thirteen Years

LONDON, Aug. 23.—For the first time in thirteen years the deadliest poisoner in the world has struck, killing four people. This poisoner is the germ of botulism, which lives without air and makes the deadliest poison known to science. It is computed that one teaspoonful of the concentrated poison would be enough to kill several times as many people as now live in the world.
Thirteen years ago in Scotland, eight persons died within a week from a little of this poison in a glass jar of paste made from wild duck meat. Last month four Londoners were struck down by eating a vegetarian food product called nut brawn, also put up in small glass jars. Nut brawn is said to be made from garden peas and carrots.
Eating the living botulism germs themselves does little or no harm. The deadly thing is the poison which they manufacture, the records showing that about seventy per cent of all persons who swallow any of this poison die. For a long time the great mystery about botulism was where the germs lurked between attacks on human beings for example, during the thirteen years that passed in Great Britain.
Several years ago, however, Prof. K. F. Meyer, of the Hooper Foundation in San Francisco, proved that these germs hide in the soil, especially in soils which have not been cultivated and do not contain much air, and being one of this poisoner's deadliest enemies.

Bar to High Flying Declared Not Cold, But Extreme Heat

LONDON, August 23—Heat instead of cold may be the chief practical obstacle of the stratosphere airplanes on which aviation authorities of most countries are experimenting both for war purposes and as a means of rapid transportation in time of peace, it was stated in a recent lecture before the Royal Society of Arts, in London, by Prof. G. T. R. Hill.
This reversal of the usual view is based on the necessity of cooling the airplane's engine. At heights of eight or ten miles above the ground the air is extremely cold, about 70 or 80 degrees below zero, Fahrenheit. That is one reason why stratosphere airplanes would need to be equipped either with space suits or hermetically sealed cabins to keep pilots and passengers from freezing to death.
But this extremely cold air also is extremely thin, having only about one-tenth the density of air at sea level. So far as oxygen is concerned, this thin air can be condensed by pumps to supply air to breathe or by a supercharger to give oxygen to the engine.
Professor Hill sees more difficulty about air for cooling. In the dense air close to the earth's surface air cooling of the engine is easy. The air passing the airplane carries away the engine heat as fast as it is set free. But the very thin air of the stratosphere, for all that it is so much colder, has less substance and less power of taking up heat.
Professor Hill believes that even engine radiators much larger than those now used on low-level airplanes might not be large enough for stratosphere craft. Entirely new ways of getting rid of the engine heat may need to be invented.

Salmon do not return to their birthplace to spawn because of sentimental reasons, but because there is more oxygen in the stream at its source, and the young need this.

Louisiana produces 95 per cent of the sugar cane grown in the continental United States and imports for refining many millions of tons of raw sugar.

New Brains Grown When Earthworm's Severed from Body

PARIS, Aug. 23.—Earthworms that lose their minds can grow new ones just as good, according to experiments reported to the Academy of Sciences by Prof. Marcel Avel, of the University of Bordeaux.
Like many other lowly creatures, earthworms can grow new parts of their bodies to replace almost anything that is lost. If not too much of the front end of a worm is cut off, even the head grows on anew; its top brain connected to the taste organ on the nose and its lower brain related to the food-grinding machinery in the throat.
Professor Avel has been studying just how these new brains grow with the worm's new head. By delicate surgical operations he has grafted tail sections of worms into the mid portions of their bodies and carried out other transplantations.
Decapitated, such altered worms produce their new brains just the same. The new brains seem not to be outgrowths of the worm's equivalent of a spinal cord but to develop, all by themselves, out of ordinary bodily tissues. In higher animals, such as man, the regen-

eration of lost or damaged tissues is confined to the skin, the bones and a few other items.
Human nerve cells will regenerate their long fibers or nerve wires, but so far as anyone knows a complete nerve cell damaged or destroyed is gone forever.
If more can be learned about the earthworm's secret of growing new nerve or brain cells out of ordinary cells greater success in repairing damaged human nerves is not impossible.

Women's Society and Club News

Party for Parents Given by Girl Scouts

The Algerita troop of Girl Scouts, with their sponsor, Mrs. N. Bruce Creasy, assisted by Misses Mary Lou Creasy and Jean Hargett, gave a special program for their parents and a few other guests Friday evening.

Following a bounteous basket picnic in a beauty spot under a huge mesquite in City Park near the middle drive, a display of stitched splatter pictures, moccasins and camp diaries was inspected in the "hut" on the bluff.

An "extra special" feature was the presentation of a play on scouting, "Mr. Waide and the Girl Scouts," written by the girls under the direction of Miss Hargett. Mary Ann Morgan was Mr. Waide; Sheila Moreland, the niece; and Betty Jean Harper, the adult Girl Scout sponsor.

Guests present were: Rev. and Mrs. Dwight Sharpe, Betty Ann and Dwight, Jr., Mr. and Mrs. Austin Harper, Mr. and Mrs. W. E. Blair, Mrs. Bun Morgan and Robert Earl, Mr. and Mrs. M. S. Patrick and Jackie, Peggy McGregor, Mr. and Mrs. Elbert Clappitt, Mrs. Aurelia Webb, Mr. and Mrs. R. Layne Moreland and Mr. and Mrs. Clarence Routh.

Girls present were: Patsy and Mary Elen Patrick, Earlene Webb, Sheila Moreland, Catherine Clappitt, Betty Jean Harper, Mary Ann Morgan, Billie Louise Blair, Ann Creasy, Martha Sharpe and Margaret Routh.

Art Class Studying in City Park

During the month of August, one may see at almost any time of day, some of the art students of Mrs. Harry Thomson, sketching or studying in City Park. Not

only do they find things of beauty but many things of interest in regard to understanding of line and color. Of especial interest are the stately Lombardy poplars, the gnarled mesquites, beloved by West Texans, the settling basins and the house of native stone beyond.

These classes combine work with play and often have picnic suppers or lunches, to which they invite friends.

Chief and Mrs. Cherry Are Hosts

Fire Chief Chester Cherry and Mrs. Cherry were assisted by Mrs. Cherry's mother, Mrs. J. H. Wilke, when they entertained members of the Ballinger Volunteer Fire Department and a large group of added friends including many from out of town Friday evening. Mr. Cherry is fourth vice-president of the state organization.

The more than 100 guests assembled in the large lighted rock garden at the rear of the Cherry home on Sixth Street. Low border plants, zinnias, lilies and petunias, in particular, presented a riot of color against the background of blooming and waxy green shrubbery against the high rock wall.

Reports of three meetings were made by delegates who attended. The state convention reports was presented by J. D. Motley, of Junction, D. G. Posey and K. V. Northington. Malcolm Morgan reported on the recent Hill Country Firemen's Association convention held at Coleman; and Herman Hulsey, and Frank Williams of Winters, gave details of the firemen's school at College Station.

Out-of-town guests attending were Chief Leon Powell, Jack Denman, Mr. and Mrs. Homer Mosley, Mr. and Mrs. J. D. Motley and daughter, Miss Elsie Motley, and Mrs. W. P. Riley, of Junction; and Mr. and Mrs. Frank Williams, of Winters.

Members of Cherry's Crew Entertained

Mr. and Mrs. Chester Cherry were hosts Monday evening to members of the distribution department of the West Texas Utilities Company, their wives and a few invited guests.

Following a wiener roast and ice cream and cake, the guests enjoyed bingo games.

Those present included: Messrs. and Mmes. W. B. May, Dick Stengel, Joe Baxter and family, Roy Sanders and family, Ollie Floyd and family, D. R. Davis and family, A. D. Walton, J. W. Black, Herman Hulsey, Riley Jackson, Joe Eubank and family, George Howell, C. A. Glover and family, and Hamlin Dorsett, Mrs. J. H. Wilke, Mrs. D. R. Hall, Billy Jack

Mrs. Carl West Honored With Shower

As a compliment to Mrs. Carl West, who is leaving soon, Mrs. Leonard Willingham gave a handkerchief shower in the home of Mrs. D. L. Brevard Monday afternoon.

Zinnias and marigolds were used for decorations in rooms where games and contests were enjoyed.

Miss Mildred Brevard presented the honoree with the shower of gifts after which ice cream and cookies were served. Plate favors were small corsages of dwarf marigolds and maiden hair fern tied with yellow satin ribbon. Mrs. Willingham was assisted by Mrs. C. H. Willingham and Miss Brevard in serving.

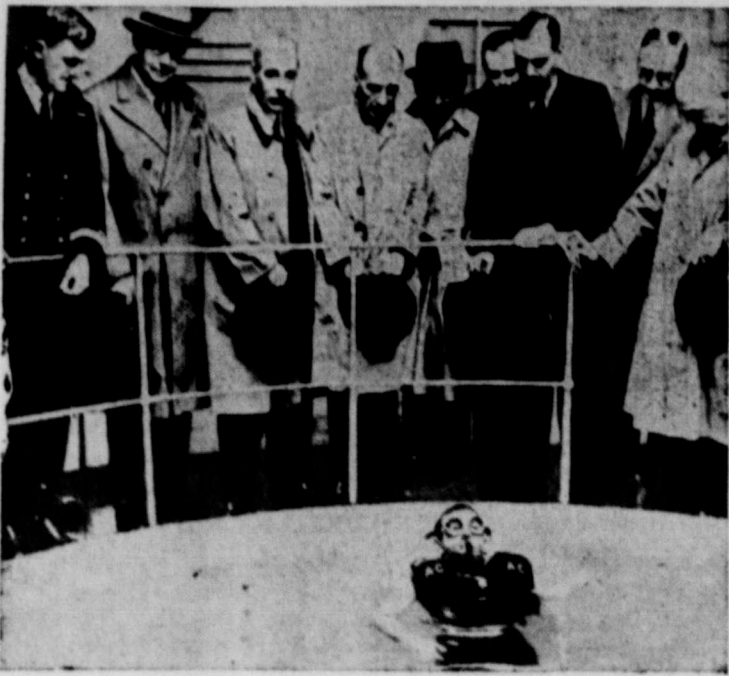

Present were: Mmes. West, Brevard, A. W. Malone, John D. Harvey, Jessie Booth, Tom Gaby, Grady Ayres, Lynn Canady, W. P. James, J. W. Reese, Lee Huddleston, A. C. Willingham, Joe Witt, J. P. Booth, C. F. Tounget, C. H. Willingham, L. A. Willingham, Troy Reese, James Reese, Misses Mildred Brevard, Juanita Huddleston, Imogene Booth, Oma Lee Tounget, Mary Reese, Audrey Reese, and Natalie Williams of Belton.

Philathea Class Entertained in Cox Home

The Philathea Class of the First Methodist Church met Monday evening in the home of Mrs. Mae Cox on Eighth Street with Mrs. Wilbur Redwine and Mrs. Joe Thomas joint hostesses. Queen's wreath, bachelor buttons and zinnias were used for floral decorations in the rooms.

Mrs. Claude Stone gave the

Parliament Members View Escape Lung

Members of the British parliament, investigating the loss of the submarine Thetis in Liverpool bay, saw a working demonstration of the Davis escape lung recently when they visited the submarine Triumph, sister ship of the ill-fated Thetis. An instructor is shown wearing the lung after he had escaped from a flooded hatch in a demonstration tank.

scripture lesson followed by the business session over which Mrs. Cecil Jones was in charge. Officers for the ensuing year were nominated by the committee and elected by the members. They are: first vice-president, Mrs. Gerald Black; second vice-president, Mrs. Cox; secretary-treasurer, Mrs. Redwine; teacher, Mrs. A. B. Legate; and assistant teacher, Mrs. Stone.

Refreshments of ice cream and cookies were served to: Mmes. Legate, Jones, G. O. Morrison, E. D. Landreth, Cal Adair, Stone, R. O. O'Neill, Thomas, Redwine, J. B. Striplin, J. E. Smith, Black, W. L. McAdams; and Miss Cora Hays.

Mrs. Bynum Honored With Farewell Affair

As a farewell courtesy to Mrs. Frank Bynum, who is leaving to make her home in Texarkana, Mrs. Clyde Gabbert entertained members of the Sew and Chat Club with a breakfast Monday at her home on Broadway. The Mexican motif was carried out in the rooms where Ramona love charms and potted cacti were used for decorations.

Following the two-course breakfast, games of bingo were played. Pal gifts were exchanged and the visitors, Miss Lillian Causey and Mrs. Hallie Gibson received guest prizes. The club members pre-

sented the honoree with a gift.

Present were: Mmes. Bynum, M. A. Foy, Ross Causey, J. E. Albright, Malcolm Morgan, Stanley Price, Bud Murphy, Russell, Gibson; and Miss Causey.

Hinson Family Holds Reunion at Pecan Springs

More than one hundred relatives and friends of the Hinson family gathered at Pecan Springs Saturday and Sunday for the annual Hinson reunion. Emmett Hinson, of Floydada, was elected president to succeed S. S. Allcorn, of Lubbock. The oldest member present was Mrs. Mattie Hinson Petree, of Huntsville, and the next meeting will be held at her home.

Those present were: Newton Hinson, of Levelland; Calvin Hinson, of Little Rock, Arkansas; S. S. Allcorn and family, of Lubbock; Charlie Witt and family, Howard Witt and family, Alton Maze and family, Rev. D. Love and family, and Mr. and Mrs. Wright Hinson and daughter, of Calgary; Wallace Hinson and family, Clifton Hinson and family, of Spur; Mrs. Jimmie Bohannon and daughter, of Clovis, New Mexico; Mrs. Mattie Petree and Mrs. Mabel Gaines, of Huntsville; Emmett Hinson and children, of Floydada; Jim Hinson and family, of Lamesa; Mrs. Annie Craig, son and family, of Eldorado; Mr. and Mrs. R. L. Huddleston and Mr. and Mrs. E. H. Forgy, of Ballinger; Mr. and Mrs. Don Hardegree and Mr. and Mrs. Gus Hardegree, of Colorado City; Mr. and Mrs. Paxton Hinson and son and Wilma Lee Jennings, of Mineral Wells; Elmer Hinson, of Dallas; J. P. Newsome and family, of Clyde; Carl Richardson and family and Franklin Brook and daughter, of Rising Star; Mrs. Dora Matthews and son, of Wintgate; Mrs. Porter Siniard, Mrs. C. W. Wright, Mrs. Edna Allcorn, of

Lubbock; Alver Wetsel and family and Claude Carville and family, of Winters; J. W. Brister and family and Mr. and Mrs. C. V. Wood, of Abilene; Clayton Petree and family, of Beaumont; Mr. and Mrs. Marshall Belcher and daughter, of Winters; Mr. and Mrs. A. S. Allcorn and son, Mr. and Mrs. A. E. Fuller and family, Mr. and Mrs. W. L. Allcorn and son, Leslie, and A. S. Allcorn, of Talpa.

Card of Thanks

We wish to thank our many friends for the floral offerings and other deeds of kindness during our recent sorrow, the death of our loved one. May God faithfully reward each one of you.

4-H Club Boys' Tour

By Wilbert Gully
Russell County 4-H Club Boy
This is an account of the 4-H club tour made by county agents and 4-H club members of district No. 7.

On our tour there were twenty-eight club boys, five county agents and two truck drivers, making a total of 35 members in the party. This trip included New Mexico, Colorado, Arizona and old Mexico.

In New Mexico, we went through the Carlsbad Caverns, discovered by a former cowboy, Jim White. It is now a national park, and great care is exercised to preserve it as nature made it over many centuries.

We left Carlsbad and traveled through the irrigated district of New Mexico where the farms were irrigated with artesian wells. The water is conducted on the farms by large ditches and then let out in smaller ones to the various fields.

From Roswell north we entered the pine timber and saw mills. Here we saw trucks hauling the evenly cut logs and great stacks of lumber were seen around the mills.

Many houses in New Mexico are built out of adobe brick and some are stuccoed, which makes a neat looking house. Adobe bricks are made from sand mud and straw placed in a mould.

The Indian dwellings are mostly built out of adobe and some of them are said to be 1,200 years old. Many of these ruins were seen in Mesa Verde national park

in Colorado. These Indians were known as the Cliff Dwellers. The museum in the park contains many specimens of pottery, baskets, and plow tools used by the Indians.

In Colorado you can see coal mines mostly located in the mountain sides. The coal is carried in small cars to the bottom where it is dumped into large cars and carried to all parts of the United States.

In Arizona we saw the Grand Canyon national park. The canyon has an average width of 12 miles and a depth of 5,200 feet. It is 217 miles long and the north rim is 1,200 feet higher than the south rim.

The Painted Desert and the Petrified Forest were two other interesting sights we saw in Arizona.

Leaving Arizona, we came back to El Paso along the rich and fertile Rio Grande valley, which is watered by the many irrigation ditches leading away from this river.

We visited old Mexico across from El Paso and enjoyed two hours in that country, looking over many curios that were for sale.

This tour was appreciated by all the boys, even if we did have to camp out, do a lot of our own cooking and dish washing, but at that the trip was over too soon.

I feel very fortunate in getting to make this trip and want to thank all those who made it possible for me to get this most wonderful trip.

Youth Forum Winners Receive Prizes

Winners of the annual American youth forum competition, Hilda Scott, 16, of Columbus, Mo., and James Gardner, 18, of St. Louis, Mo., are pictured in New York where they each received a prize of \$1,000.

SPORTS

The Ballinger Bearcats will have the advantage of more training this year due to schedules permitting coaches more time with players. For several years players and coaches have remained in school until 4 o'clock and were not able to get on the training field before 4:45.

Preliminary work has been started to have one of the best dressed and largest pep squads in the history of the school.

On our trip that we will always remember.

I feel very fortunate in getting to make this trip and want to thank all those who made it possible for me to get this most wonderful trip.

teacher, is to be the sponsor and will begin training as soon as the term begins. Ballinger has always had one of the snappiest squads in this part of the state and much of the color is created by these girls who play the game as hard as the players.

Gurthal Gilligan will start special drill work for the Bearcat band as soon as school begins and will have a full crew of musicians on the job to do their bit at each game.

Indications are that the Bearcat starting eleven will be one of the heaviest in many years. If all prospects develop without injury, the starting line-up should weigh in at between 160 and 170 pounds each.

Members of company C, 142nd infantry, returned home about midnight Saturday night after spending two weeks at Camp Hulien, near Palacios, in intensive military training.

Company C Returns After Two Weeks' Training at Camp

Captain Ross Murchison, commander of the local company, stated that the 1939 encampment was one of the smoothest operating he had ever attended. The Ballinger company performed like a veteran unit and was complimented by Colonel J. Watt Page as the best ever to attend the camp from here.

The battalion was accorded the privilege of being appointed as guard of honor for Governor W. Lee O'Daniel when he visited Camp Hulien Thursday and Friday of last week.

The Ballinger unit took part in all drills and field maneuvers and all the men were in good physical

Winters to Have Night Football; Lights Contracted

Winters business men have provided the money to install lights at Blizzard Field and have night football games there this fall. The proposal was advanced there several weeks ago and the past week-end a financial plan was submitted and quickly underwritten for \$1,700 with the understanding that lights would be contracted and installed as soon as possible.

Winters and Ballinger open the 1939 season with an exhibition game on September 22 and lights will be ready for the first night football game at Winters. With the announcement of installation of lights nothing was said about increasing the seating capacity, but rumors current here this week said more seats would be added to take care of the expected increase in attendance.

With a lighted field at Winters, this will make night football possible for all games in district 8A. There are two teams in the district which have not provided lights but all games with exception of holidays are scheduled at other places for these clubs.

Winters coaches have announced that they will begin training on September 1 and expect a large squad of candidates with which to build the team.

The lighting system to be installed will be one of the most modern that can be purchased.

B.&P.W. Members Arrange Program For Fall, Winter

Members of the Ballinger Business and Professional Women's Club met last Thursday evening at the home of Mrs. Aurelia Webb to discuss activities planned for the fall and winter and to attend to other business.

Miss Alida Macune, president, was in the chair for the business session at which a general discussion was held on a number of affairs planned for the fall.

One of the first of these will be the presentation of a style show on Tuesday, September 15, in which Ballinger merchants are to cooperate in a display of autumn and winter apparel for women. A definite date and other features of this program will be announced soon.

The program was under the direction of Miss Evelyn Crowell, committee chairman. Reports and plans were heard from other committee chairmen, as follows: finance, Miss Sarah Harwell; membership, Miss Wynis Greer; health and education, Mrs. Webb; publicity, Mrs. F. A. Lawrence.

Miss Macune has been appointed by Judge Sarah T. Hughes, state president, as state chairman on the study of taxation.

At the conclusion of the meeting ice cold watermelon was

POISON SALES INCREASE AS INSECTS MOVE IN

Poison sales were picking up here this week as farmers from many points in the county began fighting cotton pests. Local cotton men reported some damage from boll worms, fleas and leaf worms.

Most of the damage is in widely separated areas but a few days of cloudy weather probably will put insects to work in full force. There is plenty of poison on hand here and farmers are urged to watch their crops closely and begin poisoning at the first signs of damage.

Mr. and Mrs. John A. Weeks, Mrs. R. W. Earnshaw and son, John Weeks Earnshaw, returned Monday from a vacation trip in New Mexico and Colorado.

Texas was known as Florida, Amichael, Panuco, New Philippines, Cibola, Quivera, Tejas and Santa Fe before it became plain Texas.

B. J. Clark, of Houston; Mrs. S. H. Miller, of Talpa; Mrs. Sudie Thomas, of San Angelo; and Miss Ida Lewis, of Benoit, spent several days last week in their former home town, Lometa. The party renewed acquaintances they had not seen in forty years.

Judge and Mrs. Paul Trimmer and sons left Monday for Carlsbad, New Mexico, to see the caverns and visit other points of interest in that region before returning home this week-end.

J. D. Motley, of Junction, transacted business and visited friends in Ballinger Saturday.

Perfectly normal weather is unusual in any locality.

NOTICE
Will begin my fall class in piano Monday, August 28th. Anyone interested call 122. HATTIE MAE DUNLAP

Millions of Troops
(Continued from page 1)
starting news there was no sign of the weakening of any nation involved, but the democracies still hoped for a peaceful solution that would bring permanent peace on a guarantee that could be trusted.
Mr. and Mrs. L. M. Lovelace spent the week-end at Abilene, visiting relatives and friends.
Twelve per cent of the fertilizer packed in the United States in 1937 was put up in cotton bags.

Here's World's Wheat Supply—Except—

With the exception of Russia's huge wheat crop and China's output, the tentative world's wheat supply is 5,200,000,000 bushels. Which means that more wheat will be available for use in the '39 season than ever before, according to estimates made by the U. S. bureau of agricultural economics. The carryover is 1,200,000,000 bushels, and this year's wheat crop will total approximately 4,900,000,000 bushels.

DEATHS

Aud Marshall
Aud Marshall, 35, formerly of Ballinger, died in a hospital at Vancouver, Washington, Sunday, August 20. He was injured while working at an electric sub-station on August 11 and was in a serious condition for ten days before his death.
Decedent was an employee of the West Texas Utilities Co. at Abilene and Ballinger about five years. While here he married Miss Vivian Gallant, daughter of Mrs. Beulah Gallant, who has resided in the Blanton community for the past 20 years.
The body will arrive tomorrow (Friday) morning on the early Santa Fe train and will be taken to the home of Mrs. Gallant near Blanton. Funeral services will be held at the Blanton church Friday afternoon. Rev. Morris Perdue to officiate. Interment will be made in the Runkels cemetery.
Survivors besides the wife include four children, Johnny, James, Eva Maurine and Norman; his father, Alvin Marshall, of Sulphur Springs, three sisters and three brothers.
King-Holt Funeral Home is in charge of local arrangements.

WEDDINGS

Pages-Early
Mrs. Bonnie Early, of Norton, and Bill Pages, of Ballinger, were married on August 13 in the home of Rev. Hubert Crain, of Norton, who read the ceremony. Miss Irene Hickman, sister of the bride, was the only attendant.
Mrs. Pages is the daughter of Mr. and Mrs. H. Hickman, of Norton.
Mr. Pages is the only son of Mr. and Mrs. A. Pages, of this city.
Following a short wedding trip to San Antonio, the couple are at home on Twelfth Street.

BALLINGER MAN WILL ADDRESS MILES LIONS

R. W. Earnshaw will attend a social meeting of the Miles Lions Club tonight and will be the principal speaker at the program following the meal. The Miles club is holding "ladies' night" and an excellent program will be presented. Mrs. Earnshaw will accompany her husband to the meeting.

BALLINGER BRINGS HOME FISH FROM DEVIL'S RIVER

Owen Massey and party returned Wednesday from a fishing trip on Devil's River. They placed several catfish weighing around 40 pounds on cold storage here, reporting a fine trip and the best of luck.

Be wise—advertise.

Use of Artificial Action Is Urged in Drownings

TORONTO—Research workers in the Banking Institute University of Toronto announced their conclusion that prompt, adequate and prolonged artificial respiration was the fundamental treatment for drowned, asphyxiated or electrocuted persons. This finding came after wide experimentation with drugs and mechanical procedures in drownings and similar cases. The research group recruited the assistance of Toronto police and fire departments so they could do practical work at the scene of such accidents.
In the case of drowning, it was found that other procedures are of little value, including blowing into the lungs a mixture of 5 per cent carbon dioxide and 95 per cent ozone and the administration of two or three "whiffs" of amyl nitrite.
Injections of the usual cardiac and respiratory stimulants—adrenaline, ephedrine, coramine and cardiazol—were found to be ineffective. The transfusion of venous blood directly into the arterial system was also ineffective.

Five Children Publish Newspaper in Missouri

MARYVILLE, MO.—"Come on. We have got to hurry—Saturday is the deadline," is the cry of five youngsters in Maryville, Mo.
While most children consider Saturday a big holiday, five young publishers can be found at any hour of the day hard at work "getting out their paper."
The staff of the Maryville "Weekly Notes" includes Editor Orion Mehus, 11; business manager Bob Tebow, 9; and Ronnie Wayne Tebow, 10, reporter.
Their single-page, two-column news sheet contains bits of news, an editorial (if the editor gets sufficiently worked up over something), a Bible verse without fail and mention of neighborhood birthdays, if any. Weather news and poems also break into print.

Frank Allamon who is stationed at Fort Warren, Wyoming, with company L, 20th infantry, but is now on maneuvers at Camp Bullis, near San Antonio, was a week-end visitor in the home of his parents, Mr. and Mrs. Roy Allamon.

Mr. and Mrs. Clarence Bryant returned Wednesday after being away for six weeks. Mr. Bryant held several revivals and Mrs. Bryant was at the bedside of her mother, Mrs. S. R. Buxmaster, of Blanket, who has been seriously ill.

Ed Schuchard and Ed Schawe attended the county fair at Fredericksburg last week.

Old Spanish Town—in France

One of the striking anomalies in geography, says the National Geographic society, is that a small portion of Spain is entirely surrounded by France. To put it another way, there is a Spanish town (Livinia) in France. It happened this way: When the present boundary between the two countries was established nearly 300 years ago, it was provided that France should have the "villages" of the old Pyrenees province of Cerdagne. Livinia, the capital of Cerdagne, was no village, however, but a "town" by charter. So Spain, under the letter of the treaty, retained it, together with a fringe of land, with the understanding that it should never be fortified by the Spaniards. Today a mile-long neutral road, cutting across the intervening French territory, ties Livinia to the rest of Spain.

Wisconsin's Fish Crop

The Wisconsin conservation department estimates, from tabulation of the catch on a typical lake, that the annual yield of fish from its waters is 18 pounds per acre, the National Wildlife federation reports. This does not take trout streams into consideration. Applying the estimate to the total acreage of inland lakes in Wisconsin, the season's fish crop would be 18,900,000 pounds. Eastern Ontario estimates that a muskellunge is worth \$250 in tourist trade. Wisconsin is a great muskellunge state. "As for the cash value of our fish, anybody is entitled to figure it out to suit himself," says Conservation Director H. W. McKenzie. "But the total figure certainly is enormous."

'No News Is Good News'

By GEORGE PARSONS
Associated Newspapers, WNU Service.

"OF COURSE," said the smartly dressed visitor, as she glanced about the dimly furnished, sunny little room, "I can imagine your not wanting to work in winter—you always did hate wading through slush or snow, I remember, and it must be sort of nice just to stay at home and take things easy while the money is coming in. But in spring—well, that's different again."
The bungalow aproned hostess merely smiled as she reflected that stoking a furnace, shoveling paths, tending and stocking caps, wool leggings and warm scarfs for three active children, wasn't exactly "taking things easy."
"You know you can get your old job back in a minute," declared Madeline. "Miss Burke said just the other day she would be tickled pink to have you in the French section once more—that you were the best saleswoman she ever had. She even said that in case you were short of cash to buy a nice chic little dress for work, she'd make you a special rate on one of the sample models, for she said the girls who get married always are short of cash by the time they have even one kid, let alone three."
"You better think it over, dearie," urged Madeline, drawing her smart crushed gauntlet gloves over smooth white hands. "Any time before the fourteenth, Miss Burke said to let her know. My—" suddenly exclaimed Madeline, "it certainly will seem like old times to be going out to lunch again with you. And with Phil on the road three weeks out of four, you can get off for some good times instead of being tied to the house the way you are now, every day in the week just like every other day, week after week, month after month."
Her visitor gazed, Viola Armstrong looked thoughtfully about one room after another of the little house.
She wondered if she would be able to pick up the new dance steps—Phil never wanted to do out evenings during the week he was in from the "road"—it would seem good to go to a movie or musical show once in a while.
Three hungry children, trooping in from the sand-pile in the back yard, interrupted Viola's thoughts. Deftly she prepared supper.

As the children ate, Viola once more thought of Madeline's words. Of Miss Burke's offer. And she reflected that all three of the jolly brown-eyed youngsters would be fed and tucked into their beds before she would be home from the store, if she went back to work in town. There would be but cold comfort in buying pretty clothes and expensive toys for the children if she was never home to see them wear the clothes or play with the toys.
Supper over, the three laughing children trooped up the stairs to make ready for bed. Viola tucked each child into its own little bed or crib.
Slowly she made her way down the stairs and into the silent living-room. Madeline was right—it wasn't so cheery, this having one's husband on the road three weeks out of four. That is, it wasn't so cheery during the three weeks. The fourth, of course, was just like a gorgeous vacation.
That fourth week wouldn't be so much, though, if she were working in a store in town, Viola admitted to herself.
Seating herself before the well-worn old desk—the desk which had served Phil throughout his college years—Viola took out pen and paper, just as she did every night that Phil was "on the road."
Phil wouldn't be home till after the fourteenth—if she was going back to work, she must let him know.
Suddenly Viola remembered something Phil had said not many weeks before. "I never fret about the youngsters honey," he had told her. "I know you are right on the job, looking after them, instead of tearing around like a cuckoo flapper. I suppose it's lonesome business for you, but I'm telling you the kids are darned lucky to have a mother like you on the job 24 hours a day, every day in the week."
Forty-eight hours later, a certain gray-eyed young man tore open an envelope and eagerly scanned the closely written pages it contained.
"Madeline Clarke called—she looked like a million dollars—and she tried to inveigle me into going back to the store. No thanks. No clock punching and waiting on fussy women who have more time and money than they have taste. Not while I've such a grand job looking after the cunningest little house and the three sweetest children in the world, to say nothing of writing to the nicest husband who ever lived."
So read the letter which, strangely enough commenced: "Dearest Phil: Today has been just like every other Sunday when you aren't at home; there really is no news at all."

And ended: "P. S.: I've gone all through my cedar chest and piece bag, and I've found enough stuff to make enough braided rag rugs for the nursery, new cushion covers for the davenport, and for a coat for Betsy. Who says we aren't wealthy!"
Mrs. J. D. Eoff and baby are visiting in Dallas this week. Dr. Eoff accompanied them to Dallas but returned the first of the week.
Wilbert Lankford and Mrs. Bess Hartman, of Abilene, came in Wednesday to visit Mrs. R. W. DeMerville and other relatives.
O. C. Sykes left this morning for Dallas to attend a showing of the new Plymouth car.

State Farm Leader to Talk At Mass Meeting in Ballinger

C. H. Day, president of the Texas Agricultural Association, will be in Ballinger September 1 to address farmers of the county at a mass meeting at the court house, commencing at 2:30 p. m. Local leaders are anxious for Mr. Day to have a good hearing in Ballinger and urge all farmers to hear his message.

In a letter to J. Whit Patterson, secretary of the Runkels County Agricultural Association, Mr. Day says, "I am coming with all the vigor and power I have for I feel this is no time for play. If farmers ever needed to be organized, they do now."
Key leaders of the various communities in the county are especially urged to attend this meeting. Mr. Day will spend the entire day here and those who wish to have a personal talk with him should see him before or after the mass meeting.
Organizations have been formed in a number of communities of Runkels county and later a county association was formed. The state group wants to help build up county units and will do everything possible to assist local leaders.

Mr. Day will be in Miles on the afternoon of September 2. Definite plans for his visit there have not been announced.
Mrs. Paul Kirk is visiting relatives at Big Spring. Mr. Kirk accompanied her as far as San Angelo Sunday.
Mr. and Mrs. Gurthall Gilligan returned the past week-end from points in Indiana, where they had been spending their vacation.
Mr. and Mrs. Bill Henderson and children, of Waco, are visiting in the home of Mr. and Mrs. C. W. Johnson.

and had been connected with the Banner company for the past 14 years. He was transferred to Winters from San Angelo about 18 months ago. His wife died at San Angelo April 6, 1938.
Survivors are three children, Jimmie, 13; Bobby, 11; and Jane, 6; a brother and four sisters.

NEW EXPRESS AGENT AND FAMILY ARRIVE

G. G. Harwell, new agent for the Railway Express Co. in Ballinger, has taken over the local office and Mr. and Mrs. Lee Hamilton and family have moved to Abilene. Mrs. Harwell and daughter, Barbara Ann, arrived today and will make home in this city.

Added to grief and worry comes the responsibility of planning a dignified funeral. That's the one thing you can remove from your shoulders . . . through the dependability of King-Holt's Service.
