

THE BALLINGER LEDGER

VOLUME 61

BALLINGER, TEXAS, THURSDAY, JULY 24, 1947

NUMBER 33

Longhorn All-Star Game Scheduled Tonight 8:30

Baseball fans from all sections of West Texas will be in Ballinger tonight to witness the all-star game of the Longhorn League, beginning at 8:30. Letters requesting seat reservations have been received from all towns in the loop and from other towns in a radius of 100 miles from Ballinger. Some requested reservations for 20 to 30 seats in a block.

Practically all seats in the regular stands have been reserved for the game tonight and general admission tickets sold at the park will be for temporary seats erected along the left and right field foul lines. In case all seats in the stands are not sold by time for the ticket office to open, the board will be taken there and the sale of reserved seats continued.

J. W. Moore, local club owner, has made arrangements to take care of twelve sports writers and a radio hook-up on top of the center grandstand. Tables and chairs have been set along the front of the roof and visiting newsmen and league officials are to be seated there.

Reserved seats have been on sale at the Malone-Nance drug store this week and fans have been purchasing tickets fast. While the top pitchers of the league will be on duty tonight, the score may not be held too low as they may be facing the best hitters in the circuit. Selections have not been announced by team managers, but it is probable that Cindan will start for the western team and Jones for the easterners. Both have excellent records for the season. Four pitchers will be ready for each team and line-up changes will be made at the first signs of trouble.

Included in the out-of-town visitors tonight will include a number of scouts who will be looking over the all-star material for their clubs.

Three men will manage the West team for this game. They are Webb, of Midland; Stasey, of Big Spring; and McFarland, of Odessa. Buddy Hancken, of Ballinger, has been named to pilot the East team on the playing field.

The sluggers and star performers of the Longhorn League will hit the diamond tonight at 8:30 for the all-star game of 1947. This game will bring the cream of the league together in a game in which fast action and a high batting average are expected.

While most of the seats have been reserved, temporary bleachers which will accommodate a large number of spectators have been erected on the left and right field lines and general admission tickets for these seats will be sold at the gate tonight. The Ballinger man-

agement expects to take care of a large crowd and indications early this week pointed to a sell-out.

The East team will wear the home uniforms which are white. This team is composed of players from Ballinger, Sweetwater and Vernon. The West team, which includes players from Big Spring, Midland, and Odessa, will wear the road uniforms, which are gray. The batting order will probably not be known until just before game time. The starting lineups are likely to be as follows:

East
Dotlich, Sweetwater, 1b
Williams, Ballinger, 2b
Geiger, Ballinger, 3b
McMillan, Ballinger, ss
Cowsar, Sweetwater, lf
Hixon, Ballinger, cf
Simons, Vernon, rf
Hancken, Ballinger, c
Jones, Sweetwater, p
Other pitchers on hand to take relief work will include: Cook of Ballinger, Fahr of Vernon and McPike of Sweetwater. Cowsar will be the relief catcher and Huntly of Vernon and Dunlap of Sweetwater will be ready for infield or outfield duty.

West
Prince, Midland, 1b
Pearce, Odessa, 2b
Mareno, Big Spring, 3b
Deltoro, Big Spring, ss
Jakes, Odessa, lf
Davis, Midland, cf
Stasey, Big Spring, rf
Trasparesto, Big Spring, c
Cindan, Big Spring, p
Relief pitchers will include Gray of Midland, Baez of Big Spring and Nelson of Midland. Zigelman of Odessa, will be the relief catcher, and Alvis of Midland, and Martin of Big Spring will be utility men for the infield and outfield.

Four umpires have been assigned work at the all-star game with the popular Gigliello behind the plate and one at each base.

Much Damage Done At Park by Vandals

Trespassing and damage at the city park has reached proportions at night that is causing the keeper much trouble and also worrying city officials.

Monday night the Indian statue in the park was practically wrecked and other damage was reported by the keeper. Everything was all right when the lights were turned off but late visitors did considerable vandalism.

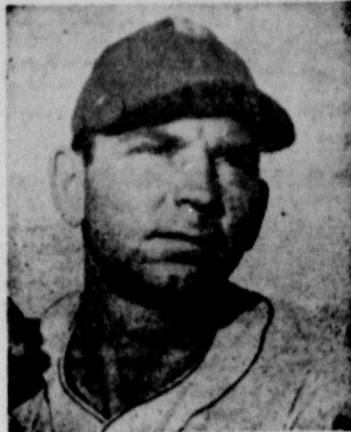

In recent weeks damage to tables, seats and playground equipment has been reported almost every day and flower beds have been given harsh treatment.

Warning signs have been posted at many places in the park but so far they have not been heeded. It was being suggested this week that police patrols be put on duty in the park until the trespassing is controlled.

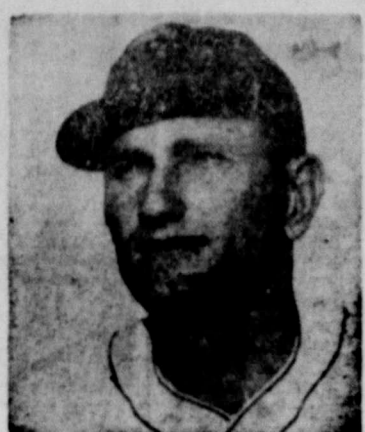

The park is closed to visitors after lights are turned off in the evenings and police probably will be asked to keep a watch after that hour.

Mr. and Mrs. J. M. Willis have received letters recently from their son, who is stationed at the Naha army air base in Japan. He has been there for the past seven months and is expecting to be away about two years. He writes that he is doing fine but would like to have the Ballinger paper for the next twelve months.

4-H Club Boys Attend District Encampment At Lake Brownwood

A group of Rannels county 4-H club boys left Monday morning for Brownwood to attend the district encampment Monday, Tuesday and Wednesday. John A. Barton, county agent, and W. H. Schwartz, Crews adult leader, accompanied the boys.

The encampment was held at the state park on Lake Brownwood and was attended by 200 boys from 18 counties in district 7. The number from each county was limited in order that facilities at the camp would take care of all and that the program of activities could include every boy.

Rannels county clubbers who attended were: L. C. Davis, Weldon Minzenmayer, Mark Campbell, Leoran Hoelscher, David Halfmann, Arnold Frerich, Clarence Book, Robert Beach, Jr., James Schwartz, Edward Redman, Kenneth Hambricht and Marcus Hoelscher.

In charge of the encampment were W. I. Marshall, district 7 agent; R. E. Colander, wildlife specialist; and J. W. Potts, state club agent.

The program included wildlife study, safety, rifle shooting, swimming and games.

Irby to Construct Modern Building

W. O. Irby announced this week that he would sell all the material in the building recently damaged by fire at the corner of Eighth Street and Strong Avenue, the buyer to move the salvage from the lot.

As soon as he has disposed of the material, Mr. Irby will erect a modern building with the entire front space devoted to a drive-in station which will feature Humble products.

Insurance adjustments were made on the building this week and no time will be lost in cleaning up the debris and starting the new structure. Gasoline pumps will be lifted and reinstalled when the station is completed in the center of the much larger drive-in space.

A room will be provided at the rear of the building with opening on Strong Avenue for Job's Paint and Body Shop.

Mr. and Mrs. M. L. Jarrett and daughter, Gay Nell, and Mr. and Mrs. Rex Cook spent the week-end in Odessa, visiting Mr. and Mrs. V. O. Williams. While there they saw the Ballinger Cats beat the Odessa Oilers Saturday night.

Supervisor Employed For Veterans' School, Expansion Reported

The Rannels county vocational school for veterans has grown in recent months until the first full time supervisor has been employed for the vocational agriculture classes. At present eleven of these classes are being taught in Rannels, Concho and Coke counties under the local set-up.

Preston Fitzhugh, first vocational agriculture teacher hired for this county, has been advanced to the supervisor's post and is now making trips to the various classes.

On August 1 a full time supervisor will be employed for the farm shops now in operation and later a second supervisor will be added and several new shops opened in this territory. At present shops are established at Wingate, Winters, Paint Rock and Ballinger, and the one at Eden is being operated part time. Everything is ready to begin operations at Miles and another will be established in Coke county as soon as a building can be secured.

Bayless Fletcher is the first supervisor to be employed. He has been teaching a mechanical course since the school was organized and

will take over the first five shops. Additional shops will be under a second supervisor who will be named later.

James D. Abbott, vocational agriculture teacher, has resigned and will return to school in the fall. John Shipley has been employed to succeed him. A graduate of A. & M. College, Mr. Shipley has been teaching in the veterans' school in Kaufman county.

RAYMOND WHITWORTH IN McCLOSKEY HOSPITAL

Raymond Whitworth, injured in a car crash here last week, was taken to McCloskey Hospital, Temple, last Thursday.

The young man sustained a bad scalp wound and it was at first thought his skull might be fractured. Information received by his parents since he entered the hospital was to the effect that it was only a severe wound. Another injury was a broken collar bone, which had not been set at the time a letter was received by relatives here.

W. R. Whitworth, father of the injured man, said Raymond was reported resting well and his wounds healing nicely.

Mrs. Charles Sullivan and baby son have returned to their home in Houston after a month's visit in the home of Mrs. Charles Castor.

C. C. Directors Hear Reports on Projects

Directors of the Ballinger Chamber of Commerce were in regular meeting Monday night to transact a large amount of business and hear several important reports.

Rodeo publicity was discussed and it was stated that two-color posters, automobile bumper cards and one-sheet posters for billboards and windows had been ordered. An order will be placed soon for tickets and other supplies to be needed later. Part of the advertising material will be distributed by the Jaycees on their trip over this area to advertise the rodeo.

The membership committee reported that approximately \$450 had been added to the budget through new members and the increasing of contributions of old members. The budget is still considerably short and last week cards were mailed to a number of firms asking them to boost their monthly payments if possible.

The highway committee was instructed to cooperate with Mid-

land and other cities in getting a gap closed on the Robert Lee-Sterling City highway. This open stretch is about 30 miles long and it was pointed out that traffic from highway 80 could be routed through Ballinger.

It was voted to work with the county and city in an effort to secure pavement at the upper end of Eighth Street to connect with the Bronte highway.

It was voted to have safety and speed signs erected on streets passing schools and a discussion was held on installing lights and blinkers at some street intersections.

The chamber will give all boys attending the 4-H club encampment complimentary tickets to any picture show in the city. This annual custom is being continued.

A committee was instructed to contact Santa Fe Railroad officials relative to getting improvements on the Tenth Street crossing.

A number of other reports of a routine nature were heard.

Funds Made Available For '47 Farm Program

H. S. Carter, in charge of the AAA farm office at Ballinger, was notified Wednesday morning to continue all work in this county as before the shutdown. He said the local office is ready to resume operations and will handle all the 1947 program as originally planned.

Action of a point Senate and House group Tuesday assured the program support for the remainder of the year and showed promise of an appropriation to continue the work into 1948.

A \$265,000,000 fund to make benefit payments and meet other costs of the farm program on 1947 crops has been approved by both branches of Congress. The President had asked for \$301,000,000 but the house cut this to \$165,000,000 and the issue was finally decided at \$265,000,000.

As soon as the bill was passed, AAA offices were advised to reopen

and continue their 1947 work. Mr. Carter and a number of employees of the local office have been waiting for the outcome of the bill and will lose no time getting started again.

Another agreement reached is the acceptance of the Senate provision for continuation of the federal crop insurance program on an experimental basis with \$5,000,000 to meet costs. The house had voted only \$1,000,000 to liquidate the present program.

Agreement to continue the "conservation and use" program on a reduced basis next year, with maximum individual payments reduced from the present \$10,000,000 limit to \$500, ended a stalemate which threatened to delay congressional plans.

The conference agreement is still subject to House and then Senate approval.

Good Progress Continues On New Water Reservoir

Good progress is being made on the new municipal water reservoir on Valley Creek. The past week-end 120,000 cubic yards of dirt of the estimated 183,000 necessary to complete the dam had been moved. As dirt work is completed a gravel blanket is placed on the excavation by the contractor and the Seidel Construction Co. is building the rock rip-rapping for the dam.

The city engineer estimated that the dirt removal would be completed during August if weather conditions remained favorable for steady work.

A separate contract is to be let later for the 12-inch pipeline from the lake to the city, and another contract will be made for the water treatment plant near the corporate limits.

The intake plant is about complete except for installation of pumps, and all equipment for this part of the work is expected by August 15. After the pumps are installed in the intake tower it will be capped and a railing built to complete this job.

No date has been set for letting additional contracts to complete the entire system.

LIQUOR BOARD GETS 29 CASES OF BEER FROM SHERIFF HERE

Sheriff J. L. Moreland turned over 29 cases of beer to the state liquor control board Tuesday. The brew had been taken in recent raids and from cars in arrests in this county.

Sheriff Moreland stated that he had no whiskey at this time and all the "evidence" was cases of beer.

Mr. and Mrs. Sam Malone, Jr., are spending their vacation at several places in Colorado.

LACK OF CASH

Lack of Cash may cause your business to collapse before the disposition provided in your Will can be carried out... But you can avoid this possibility with the right kind of life insurance program. Let me show you how to plan the program.

IN SOCIETY

Class Missionaries Entertain First Baptist Rachel Class

Mmes. W. E. Elkins, S. E. Cloninger, Cam Blackmon, West Talbot, Clarence Bissett, E. T. Branham, Jr., and Fate Parker, class missionaries, were hostesses to members of the First Baptist Rachel Class Thursday evening, entertaining in the garden of the Elkins home on Eighth street.

Mrs. Malcolm Morgan, class teacher, presided for the program, and was assisted by Mrs. J. G. Tuckey. After the devotional which was presented by Mrs. Mark Davis, Mrs. Blackmon introduced Mrs. Talbot who gave several clever readings.

At the social hour, the hostesses presented Mrs. Morgan a corsage,

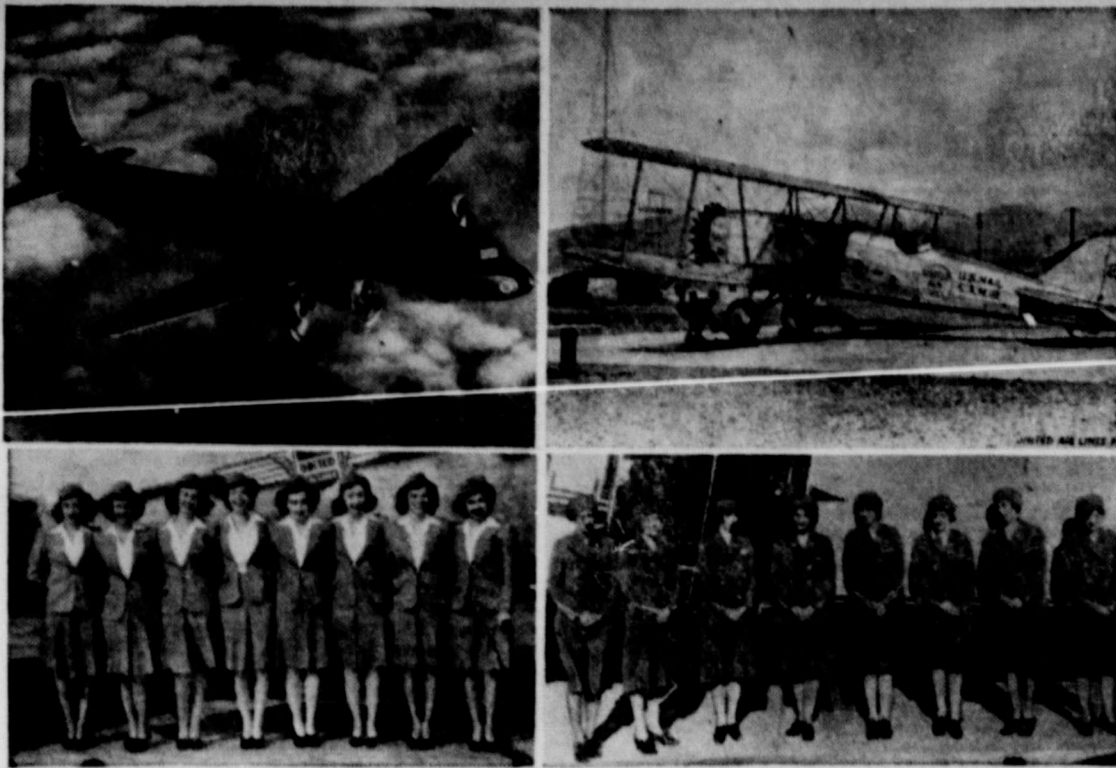

and served ice cream and cake.

Others were: Mmes. Fred Moncrief, Ross Bartlett, W. K. Wheatley, James Parrish, Paul Kirk, C. R. Moore, and A. J. McDonald.

First Baptist Sunday School Classes Have Picnic at State Park

First Baptist Sunday school classes, which include 15 and 12 years of age boys, and their dates, were entertained with a swim at State Park, Abilene, Thursday evening by their teachers, Jack Gibbs, H. W. Ketchum and Frankie Berryman.

Following the swim, a picnic supper was served and games were played. Mrs. Ketchum and Mrs. Gibbs assisted with the picnic supper.

SAGA OF AERIAL PROGRESS . . . From single-engined bi-planes to giant four-engined airliners; from 115-mile-an-hour speeds to 300 miles an hour—that is the saga of United Air Lines' mid-continent airway between Chicago and San Francisco, which completed two decades of service on July 1. Top left shows United's Mainliner 300, epitome of air passenger transportation in 1947. Photo at top right goes back 20 years to show Boeing 40-A which carried 1,000 pounds of freight and two passengers at 105 miles an hour. Bottom pictures illustrate how styles among airline stewardesses changed between 1927 and 1947.

Others were: Martha Ann James, Grace Ann Bryan, Wanda Crager, Arline Miller, Anna Sue Hembree; Everett James Grindstaff, Johnny Marshall, Troy Stuart, Jimmy Gressett, Sonny Davenport, Jimmy McAden, Bob Vancil, James Read, and C. W. Jennings, Jr.

Mmes. Barr and Bradley Hostesses to Ace of Clubs

On Thursday noon, Mrs. Earl Barr and Mrs. John Bradley were hostesses to members of Ace of Clubs and added guests when they entertained with a buffet luncheon at the ranch home of Mr. and Mrs. Barr north of town.

Garden flowers in pastel tones were used in profusion about rooms where summer colors were emphasized on the luncheon plate. Home made ice cream was served at the conclusion of games, and coca colas throughout the afternoon.

Mrs. B. B. Nunnally, of Coleman, was awarded high guest prize; Mrs. H. G. Agnew, the high club prize; and bingos went to Mmes. W. O. Irby, Edward Sommer, and H. M. Benefield. Others present were: Mmes. Roy Worley, W. K. Wheatley, Buddy Hancken, C. L. Baker, W. E. Moss, Sam Conner, Leonard Scales, and Marvin Davles.

All-Star East-West Players Will be Entertained at Club

The Longhorn League's all-star players, their wives, and dates will be entertained at the Country Club following the league's first

annual game here at the ball park tonight.

Other guests will be members of the Ballinger Cats and their dates, and wives; the four umpires and wives; and League President Howard Green of Abilene. Cecil Davis of California, brother of the late James (Stormy) Davis, Jr., has been invited to attend. Dancing will be the main diversion, and sandwiches, cookies and punch will be served throughout the entertainment.

Hosts for the occasion will be Bill Moore, president of the Ballinger baseball club, and Mrs. Moore; Roy Worley, assistant manager of the team, and Mrs. Worley; and the following Ballinger fans, Messrs. and Mmes. R. W. Earnshaw, Jones Taylor, Earl Barr, H. G. Agnew, W. E. Moss, W. O. Irby, Cal Adair, John Bradley, Dr. and Mrs. W. K. Wheatley, Dr. and Mrs. O. H. Chandler and Dr. and Mrs. Charles F. Bailey.

First Baptist R. A. Boys Attend Encampment

Rev. B. J. Martin, local pastor of

the First Baptist Church, left Monday for the Royal Ambassador encampment at Camp Leuders, near Abilene, accompanied by a group of R. A. members.

Rev. Martin will be camp pastor for the encampment which will last from Monday through Thursday. Mission work and recreation programs will be given the boys, and a brotherhood program will be held Wednesday evening when 500 men from the different Baptist churches in this district will be present.

Others leaving for the encampment were: Mr. C. D. Branham, William James, Lanny and Billy Maedgen, James Marshall, Zane Branham, and Billy Branham.

More than 100,000 plants form a giant floral clock at the zoo in Sydney, Australia. The clock's dial is 18 feet in diameter and the minute hand is eight feet long.

The forest service reported that in 1945 forest fires destroyed \$5,000,000 worth of timber, and caused physical damage estimated at \$26,726,919.

REV. W. A. ERWIN DIES AT MENARD SATURDAY

Rev. W. A. Erwin, pastor of the Eighth Street Presbyterian Church here for a number of years, died at his home in Menard Saturday after a short illness.

The body was brought here to the Newby-Davis Funeral Home and prepared for burial and was returned to the home in Menard Sunday. Funeral services were conducted there Monday morning at 10:30 and the body was taken overland to Amarillo for burial.

Rev. Erwin left here about a year ago and since that time has been serving the First Presbyterian Church, USA, at Menard. He was 81 years of age.

Survivors besides the wife include five brothers: George R. Erwin, San Angelo; J. S. Erwin, Cross Plains; T. R. Erwin, Weatherford; Arthur Erwin, McClean; Horace

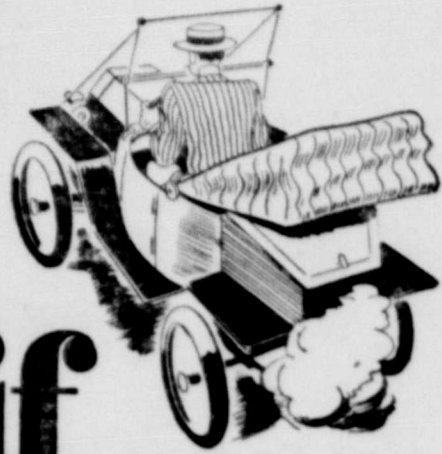

F. Erwin, West Warwick, Rhode Island; one sister, Mrs. S. A. Bullock, San Angelo; and two grandchildren and three great grandchildren.

Newby-Davis Funeral Home was in charge of arrangements.

LONE STAR GAS COMPANY

SOMEHOW the sky seems bluer and the sun shines brighter when you and this Buick are enjoying the day together.

Somehow the sudden summer shower seems more of a lark, less of a bother, when it's pattering on the snug shelter this tidy number throws up automatically at your touch on a control.

Somehow autumn air is more winey, swirling winter snows more fun when your choice is a Buick — and a Convertible as tight and all-weather-ready as this one.

Maybe it's because your style sense tells you these sleek lines and this rich treatment are going to stay the fairest of the automotive fair.

Maybe it's because you find, in the big Fireball straight-eight under your treadle foot, an ever-eager, ever-lively companion-in-adventure that acknowledges no peer for life and lift and velvet-smoothness.

It could be the rare and pleasurable steadiness given an open car by good, solid Buick construction. It could be, simply,

that here at last you find size and ability and smartness and finish to match your dreams of a perfect travel mate.

All we know is that this is one of the standout favorites in a line of cars that stands out as the most wanted in America.

So when good friends come to us asking, "How do I get one of those snappy Buick Convertibles?" our full and forthright answer is always the same:

Sign up for one, sir — soon as you can. The sooner we have your firm order for one, the sooner you start climbing up our customer list.

And we promise you: You'll mount that ladder equally fast whether or not you have a car to trade.

ONLY BUICK HAS ALL THESE STAR FEATURES

HIGGINBOTHAM'S

SPORTS

Monday was "Stormy Davis Night" at Odessa and fans contributed more than \$158 to be sent to the victim's parents. All clubs in the Longhorn League were requested to help and owners of most of them have indicated they would do so. According to the Sporting News, baseball magazine, this was the first casualty in organized baseball this season.

Tonight will see the largest audience in Ballinger park this year. All regular seats have been sold and some 1,100 temporary bleacher seats have been erected to take care of those who buy tickets at the gate. Delegations from every town in the circuit will be here and fans from a wide area around Ballinger have purchased tickets.

Cat fans will see Rightfielder McDonald in action here Friday night for the first time. He joined the local club on the current road trip and will come here to play in the opening game of the series with the Odessa Oilers, which starts tomorrow night.

The Cats get six games at home with the two bottom clubs of the loop, Odessa and Vernon. These fellows may prove a jinx to the locals but the latter are trying to widen their margin over the three lower clubs and get in the play-off at the end of the season.

Bob Stringfield and Steve Kolesar were able to go the full nine

'KNOW-HOW' HELPS DEFEAT FLOOD MENACE . . . With the Mississippi off on one of its most destructive benders in a century, farmers up and down the river were hard put to keep the rampaging waters from flooding their fields. At Wapello, Ia., this crew of flood fighters rigged up a portable grain elevator to carry sandbags up to levee in background for speedier reinforcement and to eliminate necessity of workers' hauling heavy bags up the slippery 15-foot embankment.

innings Sunday and Monday, thus giving a needed rest to the hurling staff. Both kept the hits well scattered and were never in too much danger.

The crowd probably will assemble early tonight to see the hitting practice and warm up of the stars. It will be the heaviest slugging power seen in any game in this section and the moundman who keeps out of trouble will have to put something on the ball. The three leading batsmen of the loop, Cowser, Williams and Dotlich, are members of the East team.

Hitting Averages In Loghorn Loop Hold About Same

There was little change in the hitting records in the Longhorn Baseball League the past week. Cowser, of Sweetwater, pulled a little farther into the lead with an average of .456. He amassed a total of 140 hits out of 307 times at bat and of these hits 28 were home-runs, to hold top honors in this department.

Stu Williams, of Ballinger, held to second place with an average of .439, and Buddy Hancken kept well up in front with .382. Hixon raised his average more than any other Cat, pulling up among the leaders with an average of .397 for the season.

McMillan, Kolesar, Geiger and Smithhart kept their averages above .300 for the season to the end of play on July 14. Five games played by the Ballinger club at Midland and Sweetwater were not reported and these may change the standings to some extent.

The all-star game here tonight will bring together all the top

hitters of the league and probably will make the going rough for pitchers.

Summer Athletics Program for Boys Will End August 2

The summer recreational program for boys will be completed next week, according to Coaches Wayman Wilson and J. E. Garrett. A large team of Coleman boys will come here tomorrow (Friday) for contests with the local youths and all sports included here during the past eight weeks will be played.

The last overnight camp for the summer was held Wednesday, a large number of boys attending. Coach Wilson stated that he would take the Ballinger boys to Coleman next week for return matches with the Coleman teams and that at the end of next week the boys would be dismissed and the program concluded.

Coaches Wilson and Garrett will go to El Paso August 3 to attend the state coaching school which will be in session through August 8. Registration for the 1947 school is large and besides the usual features the annual football classic between the northern and southern division high school stars will be played on the Friday night before the school ends. State basketball stars also will play a game while the school is being held.

Upon their return to Ballinger the coaches expect to take a squad

of about 22 players on a two weeks outing before September 1. Football training begins September 1 and the local gridsters will be pushed for their first game of the season with the class AA Stephenville team on September 12.

DEXTROS

Mrs. Della Sheffield

Mrs. Della Sheffield, 76, who was visiting relatives at Hereford, died there Sunday afternoon from a heart attack. She had been in failing health since her husband, J. R. Sheffield, was killed in a car accident between Paint Rock and Eden in June, 1945.

Decedent had lived in Concho and Runnels county for the past 21 years, making home most of the time at Eden.

The body was brought here and held at the Agnew chapel until 2:00 p. m. Wednesday, when it was taken to Concho. Funeral services were held in the school auditorium Wednesday afternoon at 3:00 o'clock. Rev. L. B. Smith officiating. Interment followed in the Concho cemetery.

Survivors include two sons, Oscar R. Sheffield, Wilmington, California; L. D. Sheffield, Eden; two daughters, Mrs. Irene Hackler, Cleburne; Mrs. Lorraine Strickland, Ballinger; seven grandchildren and one great grandchild.

BRIGHT TO INTERVIEW PROSPECTIVE STUDENTS

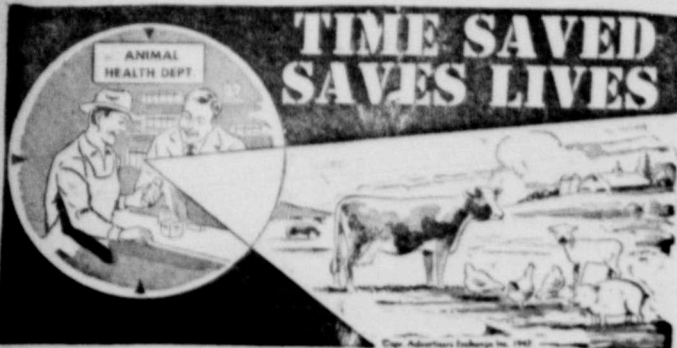

H. F. Bright, registrar of San Angelo junior college, will be in Ballinger all day Saturday at the office of the Ballinger school board for the purpose of interviewing local students interested in a bus route from Ballinger to San Angelo daily. Mr. Bright has been working

here at intervals for several weeks trying to secure enough students to begin operation of the bus in the fall. He has lined up a number of students for the college, but most of them intend to live at San Angelo during the school year.

Cagney in '13 Rue Madeleine' Furious Drama of Adventure

When 20th Century-Fox's exciting, action-packed adventure story, "13 Rue Madeleine," which stars James Cagney, comes to the Texas Theatre next Sunday, Monday and Tuesday, July 27 thru 29, Ballinger movie-goers will be treated to a double helping of the revolutionary and excitingly realistic screen technique first introduced in the same studio's sensational "House on 92nd Street." Producer Louis de Rochemont and Director Henry Hathaway, who were responsible for the latter film, are said to have invested "13 Rue Madeleine" with even greater thrills and action-packed entertainment.

With Annabella, Richard Conte and Frank Latimore in featured roles, the film unfolds one of the most astounding adventures ever screened—a suspenseful story of espionage behind enemy lines, a saga of daring and of exploits against fearful odds unlike anything ever before filmed.

The picture marks the first time that James Cagney has accepted an outside offer since he and his brother set up their own producing company several years ago.

For the principal feminine role, the studio was fortunate in having Annabella on its contract list. The talented blonde star was ideally suited for the role of the French

woman who comes to America when her country is invaded and attempts to go back as a secret agent. Richard Conte, who scored a smash success in "Somewhere in the Night," is said to have his most ambitious role in this film, while up-and-coming young Frank Latimore plays his first heavy dramatic role.

An unusual climax features "The Guilty," the Jack Wrather production for Monogram, which is the No. 1 film of the double-feature program at the Texas Theatre tomorrow and Saturday, July 25, 26, with Bonita Granville and Don Castle in co-starring roles. The second feature on the twin-bill is "It's a Joke, Son!" based on the radio characterization, "Senator Claghorn."

A psychological murder mystery, "The Guilty" casts aside the tricks of the usual "whodunit" to make of Cornell Woolrich's original yarn, "Two Men in a Furnished Room" a screen thriller which promises many spine-tingling situations.

Miss Granville is seen in the dual role of twins, one good and the other bad. As the bad twin she is loved by many men, among them Castle, Wally Cassell and John Litel. Regis Toomey is a hard-boiled but very human detective, and in support are Netta Packer, Oliver Blake, Caroline Andrews and Thomas Jackson.

Kenny Delmar is starred in his familiar characterization of Senator Claghorn in the comedy, "It's a Joke, Son." June Lockhart, Una Merkel and Douglas Dumbrille are in support, with the Kenneth Farrell being introduced in the romantic lead opposite Miss Lockhart.

"Durango Kid" Yarn, Mystery Story Palace Week-End Offerings

"West of Dodge City," one of the popular "Durango Kid" yarns, and

ELEANOR EXPRESSES HER OPINION . . . Members of the press clustered around Mrs. Eleanor Roosevelt for a news conference before she addressed 2,500 delegates to the 56th annual convention of the General Federation of Women's Clubs in New York. Mrs. Roosevelt confided to reporters that the Taft-Hartley labor act "will undoubtedly create disunity in the country instead of unity—and women are vitally concerned."

a murder-mystery, "Fall Guy," make up the double-feature program at the Palace Theatre tomorrow and Saturday, July 25, 26. In addition several short subjects are booked for the same dates.

Starring Charles Starrett and Smiley Burnette, the story of "West of Dodge City" takes place in the action-filled days of the great Southwest when unscrupulous promoters, carpet-baggers and conniving schemers flocked in to prey on the small towns and struggling settlers.

Newcomer Nancy Saunders is the lovely heroine. Mustard & Gravy, a riotous comedy team, spark the proceedings with their gags.

Mysteriously dazed, a young veteran comes out of unconsciousness to find himself suspected of committing murder in Monogram's dramatic "Fall Guy." Clifford Penn is introduced to films in this pay-

chological mystery, which boasts a cast including Robert Armstrong, Teala Loring, Elisha Cook, Jr., Virginia Dalie, Douglas Fosley and Charles Arnt.

Others in support are Christian Rub, Iris Adrian, Jack Overman and John Harmon. The screenplay is based on a story by Cornell Woolrich.

A crooked bank official and a band of rustlers provide "Hopalong Cassidy" with plenty of work in the Clarence E. Mulford action story, "Rustlers' Valley," to be shown at the Palace Sunday and Monday, July 27, 28.

William Boyd plays the "Cassidy" role with George Hayes and Russell Hayden as his saddle-mates, "Windy" and "Lucky." John Beach, Stephen Morris and Muriel Evans also portray important roles.

Eddie Bracken in 'Fun on Weekend' Said to Provide Laughs by the Score

Eddie Bracken and Priscilla Lane reveal a formula for making quick—if evanescent—millions in one of the gayest comedies to emerge from Hollywood this season, "Fun on a Weekend." To be shown at the Texas Theatre Wednesday and Thursday, July 30, 31.

To prove his theory that if you have enough brass, you strike gold, Director Andrew Stone devised an

ingenious plot with just the cast to expound it.

As a bashful youth, stranded at a fashionable Florida resort, with lots of ambitious ideas but only a nickel for a cup of coffee, Eddie has a tailor-made part. Miss Lane, as a damsel in similar distress, provides the brass necessary to put his theories to the test.

Arthur Treacher and Allen Jenkins aid and abet the stars while Tom Conway adds fresh impetus to his rising orbit with a noteworthy romantic performance.

New Insecticides May be Answer For Cotton Pests

COLLEGE STATION, July 23.—They're still in the experimental stage, not on the market in commercial lots, and much research remains to be done—but USDA scientists believe they may have something in two new insecticides for the control of cotton insects.

They are benzene hexachloride and chlorinated camphene. Results to date indicate that these organic chemicals may be much more effective than any of the standard dusts now in use.

A mixture of benzene hexachloride which contains 5 per cent of what is known as "gamma isomer" has proved deadly to the boll weevil and cotton aphid, but not the bollworm. This is just the opposite of DDT, which takes care of the bollworm but not the aphid or weevil.

The camphene compound apparently controls all of the common cotton insects.

The USDA bureau of entomology and plant quarantine, the Texas A. & M. College agricultural experiment station and other state experiment stations have been testing the products under field conditions.

One mixture which made a good showing in tests last year near Waco and College Station consisted of 5 per cent DDT, 3 per cent of the gamma isomer of benzene hexachloride and a neutral diluent. The dust was applied at the rate of 10 pounds per acre repeated every four to five days as long as the insect infestation lasted. When bollworms were present the dusting was done at the rate of fifteen pounds per acre.

At Waco, where lots of insects were present, cotton treated with this mixture yielded 59 per cent more than comparable plots that were dusted with calcium arsenate alone. The infestation was lighter at College station but similar results were obtained.

USDA treatments near Waco with 20 per cent chlorinated camphene produced average yields of 46 per cent above that of cotton dusted with calcium arsenate.

As things shape up now, it looks like either the benzene hexachloride-DDT combination, or the chlorinated camphene will be the ticket with several kinds of insects, including the bollworm, are present. If the bollworm is not causing damage the benzene compound alone seems to get the job done.

The probable price of the new insecticide and the comparative costs of these and calcium arsenate, DDT and other dusts now in use are not known at present and will not be until they are manufactured in volume.

Meanwhile, say Texas extension service entomologists, cotton farmers will do well to go ahead with the dusting materials not recommended. The new products need further testing and, even if they continue to show up well and have no harmful effects, it may be several years before they are on the market in commercial lots.

And, they add, you're wasting your time if you try to remember

"chlorinated camphene" and "benzene hexachloride." If and when these insecticides are offered on the market they'll have more simple trade names.

INDIAN CULTURES LINKED IN ARCHAEOLOGIST'S BOOK

AUSTIN, July 23.—The first attempt of an archaeologist to interpret the broad relationships between the Indian cultures of Texas and surrounding areas has just been published by the University of Texas.

Alex D. Krieger, university archaeologist, used specimens and early historical documents to write his book, "Culture Complexes and Chronology in Northern Texas." He limited his study to agricultural and pottery-making tribes of Texas, but the degree of contacts between these and neighboring tribes are fully discussed.

The book has a full index, photographs, drawings, and maps. Among the areas described are the Canadian River Valley, Llano Estacado, upper valleys of the Red, Trinity, Brazos and Colorado rivers, the Abilene region, Old Spanish Fort site, and north-eastern Texas.

IN SOCIETY

Current Book Club Entertains Husbands and Guests

Current Book Club members held their annual summer entertainment in the beautiful garden of the home of Mr. and Mrs. Sam Behringer on Tenth Street when they included their husbands and a few guests Tuesday evening.

At the conclusion of games of forty-two, iced watermelon was served to Messrs. and Meses Behringer, Tom Caudle, O. R. O'Neill, Jack Nixon, Paul Petty, A. J. McDaniel, Ed Curry; Misses Zasa and Ollie Chenoweth; Mrs. John Barton, Mrs. O. C. Sykes, Mrs. Gertrude Woods and Mrs. Halton Laxson.

Miss Neida Sanders Weds Kenneth Wooten

Miss Neida Sanders, daughter of Mr. and Mrs. T. J. Sanders, was married to Kenneth Wooten, son of Mr. and Mrs. E. W. Wooten, of Abilene, at 9:30 o'clock Monday evening, July 7, in the home of the bridegroom's uncle and aunt, Mr. and Mrs. C. A. Berry of Ballinger.

The Rev. J. R. Lawson, pastor

of the Grace Baptist Church, read the single ring service before relatives and close friends.

The bride chose a tailored dress of white faille trimmed with black buttons and black stitching. Her hat was white and other accessories were black. She wore an orchid corsage.

The couple were attended by Miss Gwendolyn Berry and Mr. Roland Berry of San Bernardino, California, cousins of the bridegroom. Miss Berry wore a frock of aqua blue butcher linen and white accessories and a gardenia corsage.

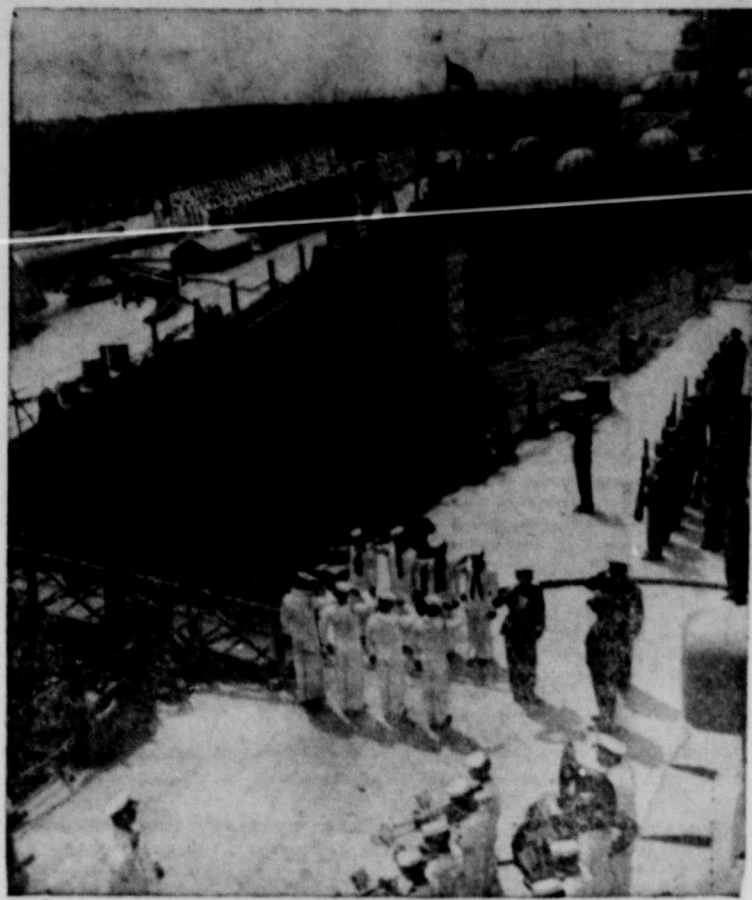

Mrs. Wooten attended Ballinger High School and Mr. Wooten attended San Angelo High School before going into the Navy.

Following a wedding trip to New Mexico and Colorado the couple will be at home in Ballinger.

Others attending the wedding besides the parents of the couple were Mr. and Mrs. M. L. Berry and son, Weldon, of San Bernardino, California; Mr. and Mrs. Jim Berry and daughter, Barbara; Mr. and Mrs. Melvin Berry, and Mrs. Mae Betterton, the bride's grandmother.

Mr. and Mrs. R. J. Wheeler witnessed the baseball game in San Angelo Sunday between the San Angelo Colts and Lampasas.

C. R. Stone is attending the fall market in Dallas this week and also attending to business in Fort Worth.

TWO U. S. BATTLESHIPS RETIRED . . . A certain amount of pomp and circumstance must accompany even the decommissioning of a naval vessel. Here, Adm. Thomas C. Kinkaid, commander of the Atlantic reserve fleet, is piped aboard U.S.S. North Carolina.

TOWNSENDITES BACK AGAIN . . . Four thousand advocates of the Townsend national prosperity plan, in Washington for the seventh annual Townsend plan national convention, covered on Capitol Hill to urge congress (for the 13th successive year) to pass their bill. Photo shows, left to right, Sen. Claude Pepper (Dem., Fla.); Dr. Francis E. Townsend, creator of the plan; E. C. Townsend, his son, and Rep. Homer D. Angell (Rep., Ore.).

LOOK, GIRLS, A REAL ARABIAN PRINCE . . . Three girl students at the Bay-side, L. L. high school appear reasonably thrilled over meeting a genuine Arabian prince. He is Prince Nawaf Ibn Abdul Aziz (but what's the initial?), the son of King Saudi of Arabia. Prince Nawaf, all decked out in his regal raiment, visited the school in order to get a rough idea as to how American youngsters receive their education.

Cats Return Home For Seven Games

The Ballinger Cats returned home today and will be here for seven games in a row, including the all-star game tonight in which six of the Cats will appear in the line-up for the eastern team.

Tomorrow (Friday) night the locals open a three-game series with the Odessa Oilers at the Ballinger park. This series ends with the tilt Sunday afternoon and the Vernon Dusters will come here Monday for night games Monday, Tuesday and Wednesday.

A few new faces will be noted in the Ballinger line-up. McDonald has joined the club and is now playing outfield. He has been playing with Greenville in the Big State League (Class B) and prior to that played on the A. & M. College team. A pitcher also is due to be seen in the next home series and the management may have others here before the end of the home stand.

Players who take part in the playoff at the close of the season must be under contract on August 1 and all club managers are trying to get men lined up by that date. There will be few changes in any team roster after July 31.

The Cats are getting a chance at the two tall-end clubs in the next home stand and could fatten their average.

MICHAELIS DESCENDANTS HOLD FAMILY REUNION

The children and grandchildren of the late Mr. and Mrs. Paul Michaelis met two weeks ago at the ranch home of Mr. and Mrs. George Schneider, near Georgetown, for a family reunion. Mrs. Schneider was the former Miss Minda Michaelis.

A barbecue dinner with all the trimmings was served at the noon hour and in the afternoon the group gathered for visits, picture making and other entertainment.

Members of the family attending included: Mr. and Mrs. Elo Michaelis and Paul, Wingate; Mr. and Mrs. Schneider, Georgetown; Mr. and Mrs. Edwin Schneider, Mr. and Mrs. Harland Lee, San Antonio; Mr. and Mrs. Hugo Michaelis and Lee, Brownwood; Mr. and Mrs. W. E. Lee, Donna, Dorothy and Jimmy, Tacoma, Washington; Mr. and Mrs. V. E. Phillips, Johnny and Marvin, Mr. and Mrs. Harry Lancaster, San Angelo; Mr. and Mrs. Pat Michaelis and Freddie, Bradshaw; Mr. and Mrs. Clyde Davis and C. C. Jackson, Mississippi. In addition to the children a large number of other relatives attended the reunion.

Children stayed over for an extra day's visit in the Schneider home and some remained for a fishing trip to Buchanan Lake.

REVIVAL AT HATCHEL WILL START SUNDAY

Evangelist J. T. Corder, of Seagraves, will be with the Hatchel Church of Christ from July 27 to August 10 in a gospel meeting. Services are to be held each evening at 8:30 o'clock and on Sunday at 10:30 a. m. Dinner will be served on the grounds each Sunday. The members invite the public to attend.

Personals

Mrs. Oscar Pearson left for her home at Prattville, Alabama, Wednesday after a month's visit with friends at Ballinger.

Fred and Robert Holliday, and Howard Hamner left Monday with the group of First Baptist Royal Ambassadors for the encampment at Leuders Park near Abilene. They will return home Thursday.

Miss Mary Joyce Bryant has returned to her home in Wichita Falls after visiting in the home of her uncle and aunt, Mr. and Mrs. Cal Adair.

Mrs. Louis Afflerbach and grandson, Bobby Afflerbach, visited in San Antonio this week. They were accompanied home by Dorothy and Carolyn Afflerbach, who had been visiting at Hallettsville and San Antonio several weeks.

Mrs. A. H. Eberhart, who had been visiting her daughter, Mrs. Preston Fitzhugh, and Mr. Fitzhugh several days, has returned to her home at Bluffdale.

Mrs. J. C. Sturges went to Dallas the first of the week to attend market and make fall purchases.

Judge and Mrs. E. C. Grindstaff and son left Wednesday morning for San Francisco to attend the Lions International convention.

Midshipman Arthur H. Mikovsky, of Ballinger, now attending the U. S. naval academy, Annapolis, Maryland, is participating in an extended summer training cruise to Europe aboard the aircraft carrier USS Kearsarge.

Leo Castor, of Corpus Christi, has returned home after visiting his mother, Mrs. Charles Castor, and other relatives. He was accompanied home by his nephew, Dwain Carter, who visited several days.

Mr. and Mrs. J. A. Schnable and Jon were in Abilene Sunday to attend a family reunion held at Cobb Park. More than 120 relatives gathered there for the dinner and program with most of the group seeing the ball game in the afternoon in which Abilene defeated Lamesa 19 to 2.

J. W. Moore left Monday for Ft. Worth and Dallas to attend to business.

Mr. and Mrs. Joe Forester returned Sunday from a trip to Colorado and points on the West Coast. Mr. Forester reported a delightful vacation.

Mr. and Mrs. Dan Woodroof returned home last week from a vacation trip to a number of western states, including the Pacific Coast.

Cecil Davis, brother of the late James (Stormy) Davis, was in Ballinger Wednesday to visit friends of his brother.

Mr. and Mrs. Charles Olsak and daughter, Charlene, returned home Thursday after a week's trip to Corpus Christi, Houston and Liberty, where they visited relatives and friends.

Raymond A. Hash, No. 2 fire truck driver, left Sunday for College Station, where he is taking a short course in fire fighting.

Wheel Balancer at Sykes. 24-31

KELLEY AND BRADEN PARTNERS IN BALLINGER RADIO SERVICE

A deal was closed this week in which Oscar Braden and Dub Kelley become partners in the Ballinger Radio Service. They will continue to operate in the Ballinger Electric Co. building and said with two men on the job they would be able to render fast and efficient service.

Both men are well known to radio set owners in this territory.

Department of agriculture agronomists are saying that the record wheat crop in Texas and the U. S. this year is due in part to new varieties of wheat which were planted. In the past ten years, 30 improved varieties of wheat have been distributed to American farmers.

Supplies of glass jars, jar rubbers and closures are bigger than in recent years. The homemaker will also find better supplies of pressure canners, home freezers and more freezer locker space.

County 4-H Encampment Preparations Completed

Plans were completed here Saturday for holding the Runnels county boys' 4-H club encampment on August 6 and 7. A group of local leaders met in the office of County Agent John A. Barton to map plans and discuss what would be included in the program.

The boys are to register at city park on the afternoon of August 6 in time to pitch camp and prepare their supper. Entertainment features will include baseball games, picture show, boxing, pillow fights, boat rides and a kangaroo court at night.

The second day will be spent in club activities and probably some demonstrations. A barbecue dinner at noon the second day calls for a number of invited guests to enjoy the hospitality of the boys.

Committees named at the meeting Saturday were:

Subsistents and general—Joe Moeller, W. H. Schwartz, J. A. Barton
Entertainment—Ralph Gerngross
Swimming—Cecil Patton, W. F. Minzenmayer, M. B. Folsom
Police—A. C. Poehls, Frank Book
More than 100 boys are expected to attend the two-day encampment.

Mrs. J. M. Watson and daughter, Mrs. Raymond Hash, visited relatives at San Angelo Tuesday and Wednesday.

4 Assessed Fines In County Court; Others on Bond

Cases handled in county court the past week included a number of drunken driving charges and several others growing out of car accidents.

T. O. McCamout was charged on four counts after a car wreck near Winters last week. County Attorney Roy L. Hill filed suit for driving while intoxicated, aggravated assault with motor vehicle, carrying a pistol and possessing whiskey. Bond was made but this case has not been disposed of to date.

Walter F. Aeklin pleaded guilty to a charge of possession of beer for the purpose of sale and was fined \$100 and costs.

Bill Bradshaw paid a fine of \$100 and costs on a driving while intoxicated charge.

Ed Bradshaw, a brother of Bill, was fined \$25 and cost for resisting an officer.

Charles Wayne Spiller, fined in Tom Green county on a driving while intoxicated charge and who had his license suspended, was arrested here Tuesday night. A driving while intoxicated charge

was filed against him and being a second offense it became a felony. He made bond of \$1,000 and will appear before the next grand jury. He was also fined \$100 and costs for operating a car while driving license was suspended.

FORMER BALLINGERITE SUCCUMBS AT LUBBOCK

Word was received here last

week of the death of Mrs. W. R. Spencer at Lubbock on July 13.

An early resident of Ballinger, decedent had many friends here. She was active in religious and social work while living here, being a member of the Eighth Street Presbyterian Church and a past president of the Shakespeare Club.

In 1904, she and her husband,

the late Judge W. R. Spencer, moved to Snyder, and after residing there a short time moved to Lubbock, where Mrs. Spencer had lived ever since.

Mrs. T. E. Butler, a sister, and Mrs. Nell Butler Bone, a niece, are survivors.

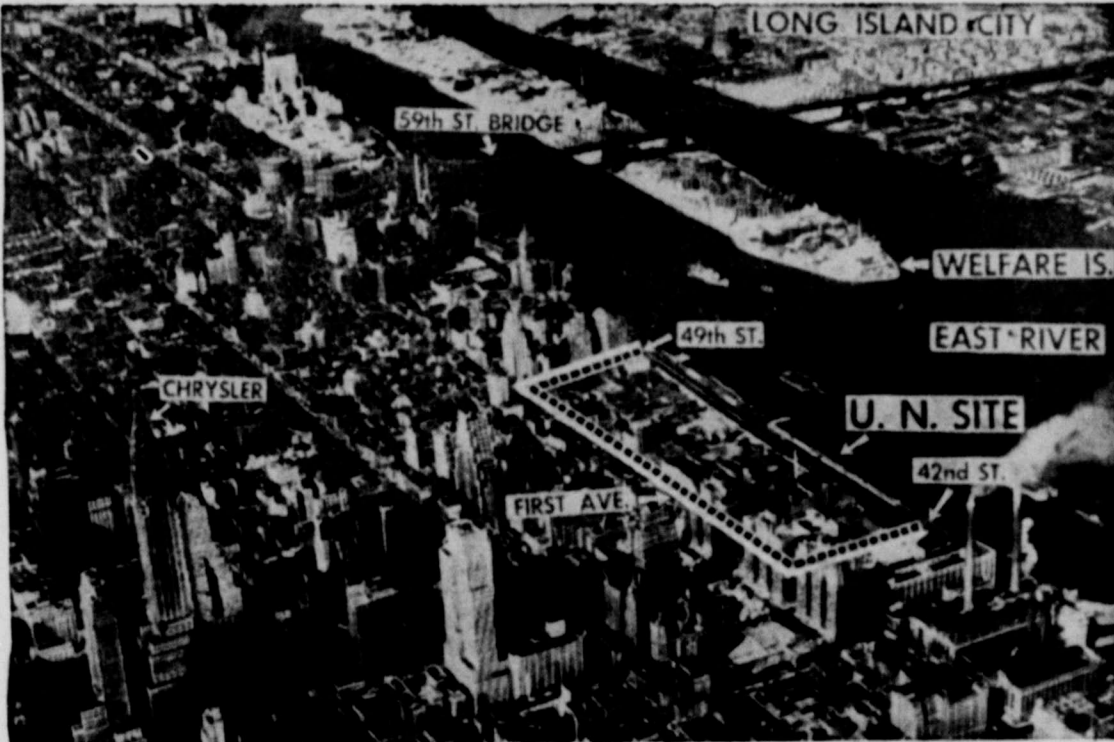

Mr. and Mrs. R. E. George were in Dallas this week to attend market and buy merchandise

HERE'S ONE ELEPHANT WHO FORGOT . . . Saucy, a London pachyderm, and her master, Ivor Hosaire, used to do this "bite his head off" trick five years ago before Rosaire went into the army. But five years was too long for Saucy to remember the routine. When they tried the trick recently, Rosaire, dangling by his ears, had to do a great deal of shouting between the elephant's teeth before she remembered to let go.

HEALTHY, HE SAYS . . . Ten-year-old Kenneth Dunn of Manhattan loses out his chest for Dr. Gerard Moeck who examines him before he goes to police athletic league camp in the Adirondacks.

WORLD CAPITAL TO RISE HERE . . . Striking aerial view shows the section of New York—midtown Manhattan—where the world capital, headquarters of the United Nations, is scheduled to rise on the site donated by John D. Rockefeller and New York City. The site, as outlined, runs from 42nd street to 49th street and from First avenue to the East river. View is looking east.

HUNGRY WORK, THIS BEING A REFUGEE . . . Red Cross officials claim that 34,812 persons were left homeless in the four mid-western states which were ravaged by flood waters. And all 34,812 of them were hungry. In this photo, a boy-sized flood refugee takes a man-sized bite at the Red Cross shelter in Belleville, Ill., while his dining companion looks on with some astonishment. The floods were among the most destructive in the past century.

HARD TO STOP . . . Gerald Green Jr., 3, shown here with mother, Mrs. Zara Green, was pronounced dead by doctor after he had swallowed some crayons, then responded to treatment.

Club Women Plan Encampment Here; To be Held in Park

Plans are being completed for holding the home demonstration club women's encampment here on August 13. The women will meet at city park for the one-day program and committees on general arrangements, program, food and recreation have been appointed to plan a well-rounded schedule.

Program numbers will include ten minutes of recreation or stunts by each club. The main talk is to be given by Miss Thelma Casey, district home demonstration agent, who will speak on "Leadership Training," giving special emphasis to club programs.

The food committee is asking each member to bring a basket picnic lunch and the council will provide the drinks and dessert for the noon meal.

No exhibits will be held in connection with the encampment this year as a special event of this nature has been planned for the fall.

The county council will hold its regular August meeting in the afternoon, changing the date in order not to have two meetings in the month.

LOCAL LEGION POST NAMES DELEGATES TO CONVENTION

The state convention of the American Legion will begin at Ft. Worth Sunday and continue thru Wednesday of next week. At a called meeting of the executive committee of the Pat Williams post Tuesday afternoon, Jack Nixon, post adjutant, and Jack Seales were named delegates to represent the local post. Ollie Floyd also will attend the convention and will be a delegate to the 40-8 session which begins Sunday.

D. G. Posey, county service officer, plans to attend the service session which is to be held on July 28, but will not remain for the entire convention.

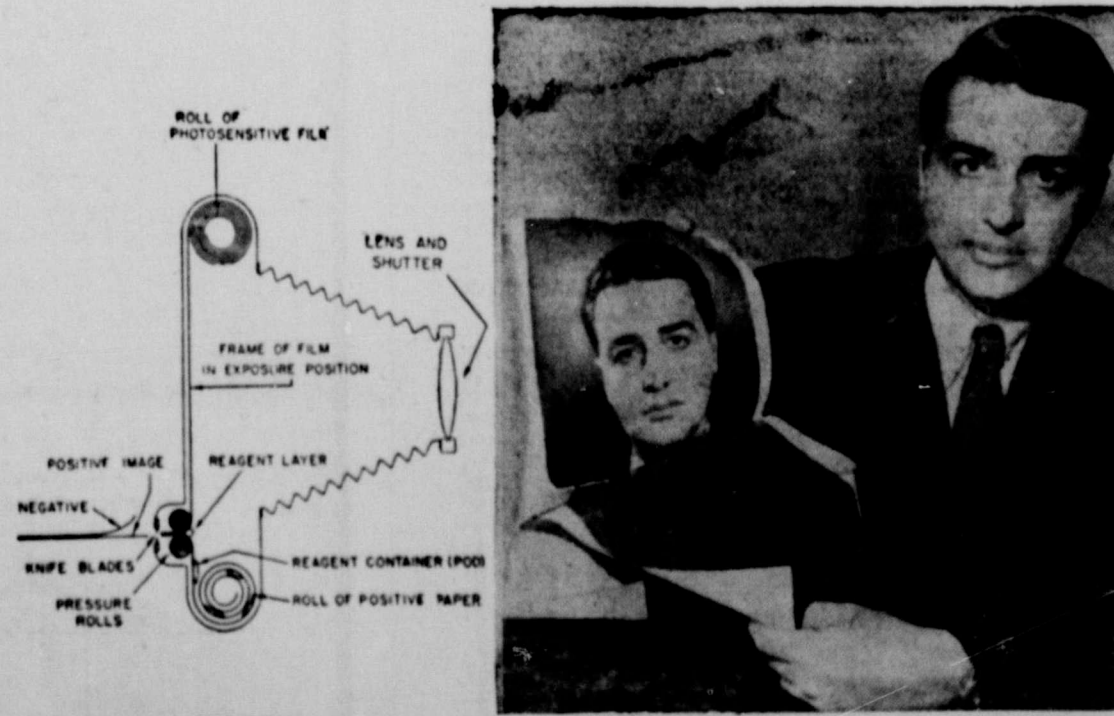

Card of Thanks
I wish to express my thanks to those who assisted in any way in extinguishing the fire at my place at the corner of Eighth Street and Strong Avenue on July 12. Especially do I wish to thank the Ballinger fire department for its fine work and quick response.

W. O. Irby
John Purifoy will join M. L. Bird, of Abilene, this week-end and fly to San Francisco to attend the Lions International convention. They will make the trip in Mr. Bird's private plane.

CAMERA DELIVERS FINISHED PHOTO IN ONE MINUTE . . . Edwin H. Land, New York City, shows a positive print and negative just taken from the new camera that delivers a finished print in just 60 seconds from the moment it is snapped. The camera itself is an orthodox one, the secret being in the attachment to the back, which can be adapted to any camera. The attachment accommodates a roll of printing paper in addition to the regular film. As the film is wound to the next frame after exposure, film and printing paper are brought into contact. Between them is a tiny sealed container of developing and fixing chemical. Pressure of the roller breaks this container and spreads the chemical evenly on the paper. Development and fixing, are complete in one minute.

The recent membership drive by the Ballinger Chamber of Commerce failed to secure enough new members to bring the annual budget up to requirements. About the only thing left for directors and officials of the organization to do is to ask present members to boost their monthly payments a little in order that the proposed program may be put over. The chamber needs about \$2,000 more annually. For a number of years everything else has been going up but dues paid to this organization have remained the same. In order to maintain proper help, carry on a program for the betterment and progress of Ballinger, more money must be raised. Citizens who have been interested in Ballinger all these years should examine their monthly payments to the organization and see if they are large enough. The success of the program will be limited to a great extent to the income.

Ballinger officials are moving as fast as possible towards a solution of the water problem here. Good progress is being made on the Valley Creek lake but the actual release of water from this lake is some time in the future. At present the small reservoir on Elm Creek must suffice. For several weeks consumption has been heavy and right now with rain needed badly many people are irrigating long hours daily and the lake level is going down. While no restrictions have been talked, patrons would do well to begin conserving and use only the necessary amount in this way a shortage may be averted within the next several weeks.

Runnels county farmers are being hurt every day the current heat wave continues. Feed crops are burning fast and production is going down. The range is also dry and stock water is vanishing in most sections. Cotton is standing the dry, hot weather better than other crops but a number of farmers in town the past week-end said the plants were not putting on much at this time. A general rain would be worth much to this county and some of the burned feed would put out and still make a fair yield.

STOCK COUNTRY GROWERS ALSO GET BIG PRODUCTION FROM SMALL GRAIN FIELDS

COLLEGE STATION, July 23.—The Texas wheat belt is not the only place in the state where farmers are making big small-grain crops.

Many of the West Texas counties are coming up with good grain crops off acreage planted for temporary pasture. In Howard county, for example, Durward Lewter, county agricultural agent, reports that while that county is not considered a good small-grain producing area, "you'd think it should be after seeing some of the yields made this year following extremely heavy grazing."

Howard county wheat yields ran from four to over 25 bushels to the acre, on 10,000 acres harvested. The county average was ten bushels, made off fields that were grazed heavily before the harvest. Lewter says that there were plenty of local combines to take care of the crop.

The wheat was planted in various ways—some in rows 40 inches apart, some in double rows 20 inches apart, some drilled with a common wheat drill. County Agent Lewter, after checking close to determine which planting method gave the best yields, reports that the 20-inch double rowed fields produced the most grain.

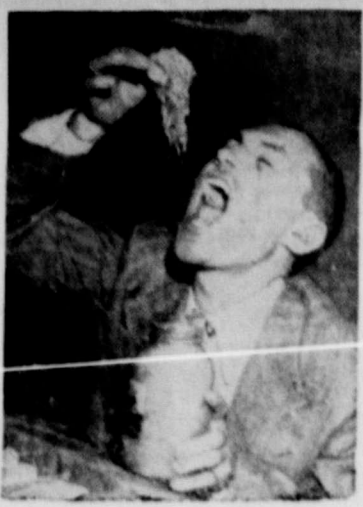

The best reason for knowing enough to come in out of the rain is not to keep from getting soaked but to avoid being struck by lightning.

Lightning kills about 400 people in the United States every year.

The first gasoline automobile in the United States was invented by C. E. Duryea in 1892.

QUIMODES ATOM BOMB . . . Frae. T. D. J. Leach is leading figure in development of an American-British weapon of which he says, "by comparison the atom bomb is a clumsy method of attack." He is a New Zealander.

HE WAS RIGHT . . . Jack Ladinski, food corporation head, went all the way in court to prove that his sauerkraut had been mishandled on railroad and that it had not fermented and exploded by itself.

WEST TEXAS NOTES

An election has been called at Coleman for August 5, when voters will be asked to authorize the issuance of \$350,000 in bonds for improving the waterworks system. The money would be used to connect Coleman with the Hord Creek lake and provide the necessary purification and storage system on top of the hill west of that city. It would also enlarge and improve the distribution system. At present Coleman is preparing to ship in water from Brownwood, starting in August. In an election held at Coleman this week a \$300,000 issue in revenue bearing bonds was submitted for improvement of the city's light plant and fire station.

Citizens of the Rising Star school district approved a \$41,000 bond issue last week which will be used for repairing, improving and modernizing the school plant. Tabulations showed the bonds carried by more than 4 to 1 and school officials expressed appreciation for the fine support.

J. D. King, formerly superintendent of schools at Ennis, has been elected to head the system at Brownwood. He will succeed J. R. Stalcup, who served as superintendent at Brownwood for more than twenty years. Mr. King will move his family to Brownwood at once in order that he may complete the faculty and get other details arranged before the opening of the fall semester in September.

Hundreds of old timers will gather at Lake Eanes, Comanche, tomorrow for the annual reunion. The program arranged is strictly in keeping with the pioneer days. There will be an exhibit of old relics, old time square dancing and many of the pioneers plan to be attired in costumes of the gay 90s. Letters have been received from people living in other sections of the state and outside, saying they would be present for the 1947 reunion.

The Fort Stockton school board faces the task of securing 11 new teachers. Resignations have poured into the board the past few weeks

and others may be received later. E. W. Smith, superintendent, was visiting universities and colleges looking for teachers last week.

Bilroi Boswell, Paint Rock Turkey raiser who for the past three years has looked after from 400 to 600 turkeys and received wide publicity on her project, sold her remaining birds last week to close up shop. She plans a trip to Florida in the fall. She stated that lifting around 2,000 pounds of feed and water daily was too much for her.

The Log Rollers convention of the Woodmen of the World was held at Bronte last week for initiation of new members. Thirty-one new members were registered from out-of-town lodges including Tennyson, Ballinger, Veribest, San Angelo and Abilene.

A large crew is making temporary headquarters at Miles while working on new gas lines in the area. The work being done by the Lone Star Gas Co. calls for joining a pipeline from the Eden gas field with the main line two miles north of Miles. Ditches were started last week and the new pipe will be laid soon.

More than fifty Brady women are giving time to develop and organize a Girl Scout camp to be held at Richards park on August 3, 6, 7, and 8. Registrations are being received along with \$1 payments by the girls and a large number will be on hand for the opening of the four-day outing. Leaders have been secured and other workers are getting all preliminary arrangements completed.

The annual Stephenville peach show is to be held on August 1 and 2. Hugh Wolfe, president of the show appointed a number of committeemen to make preliminary arrangements, look after entries and provide exhibit space. A "peach queen" will be crowned as a special feature. Orchardists from a wide area will participate in the exhibits.

The Menard Baptist Encampment opened its grounds near the city last week with a large number attending. Rev. Harley Smith, veteran minister from Brazil, was the speaker each morning and his 25 years of service in that country was background for several discussions. The Brady Baptist Association is conducting the services this year.

The Rowena Baptist Church has announced a vacation Bible school to be held from August 4 to 8, inclusive. Registration will be taken Saturday, August 2, and students will begin actual work the following Monday morning. Interesting courses have been planned for all ages included.

TEXAS FARM WOMEN THANKED FOR CANNED FOOD DONATIONS SENT TO PHILIPPINE ISLANDS

COLLEGE STATION, July 23.—Texas farm women have received word of thanks from Luzon for canned goods they donated through the U. S. Philippine war relief.

Gratitude for 12 cases of assorted canned foods was expressed in a letter from Leandrc V. Uyguanco, medical officer in charge of the Central Luzon leprosarium, where the food was received and used by the leper patients in that institution.

Maurine Hearn, vice director for women and state home demonstration agent of the Texas A. & M. College extension service, who received the letter, said that much food has been contributed by Texas rural women through war relief.

"In the name of the lepers of this institution, I wish to express our most sincere gratitude and thanks," Uyguanco stated in the letter.

That gratitude and thanks, said Miss Hearn, goes directly to the farm women who contributed war relief food.

The British Admiralty reports that Thompson and Lindsay Islands have vanished from the South Atlantic. These charts have been on the charts since 1825.

American ate an average of 382 eggs per person in 1946.

If a diamond is structurally perfect and pure white, it will become invisible in a glass of water.

DRINK MORE Dairyland PASTEURIZED MILK

TO KEEP YOUR ENGINE HEALTHY Change FILTER ELEMENTS Regularly

The oil filter on your McCormick-Deering tractor protects the engine against wear caused by dirty oil. But unless the filter element is periodically replaced its purpose is defeated and no protection results. For your engine's sake . . . and the sake of your tractor investment . . . be sure to renew the filter element each time you change oil. Remember, the new-style "umbrella" element keeps oil clean and your engine protected for 120 hours of hard use (100 hours for Diesel engines). Take home a supply of these protective elements the next time you are in town.

HOW THE "UMBRELLA" FILTER ELEMENT WORKS

The element is made of two large sheets of special creped, impregnated cellulose—accordion-folded to form a double-walled cylinder. Oil from the crankcase is pumped under pressure into the filter housing where it completely envelopes the element. The oil is forced through tiny pores in the element and all sludge and dirt is retained on the outer surfaces. The clean oil passes down between the two sheets and goes back to the crankcase.

IN SOCIETY

Mason City Park Scene of Reunion of Pape Family

City Park in Mason was the scene of a family reunion last Sunday when members of the Pape family met for the second get-together. Five children of the late Mr. and Mrs. August Pape, who came to Texas seventy-five years ago from Germany, and their children and grandchildren were present for a barbecue and basket picnic dinner.

Present for the gathering were about two hundred relatives. The children of Mr. and Mrs. A. Pape are W. H. Pape of Seguin, Mrs. Carrie Leifeste of Mason, August Pape of Cost, Texas, Carl Pape of Monthalia, and Mrs. Hannah Feuge of Fredericksburg.

Mrs. Ed Pape introduced relatives from Runnels county;

Mrs. Leifeste introduced those from Mason county; Leo Feuge those from Fredericksburg; and Hugo and Herbert Pape introduced those from Seguin, Cost, San Antonio, and Houston. Miss Alma Leifeste of Mason led the group in singing hymns preceding a short sermon by Rev. August Pape of Cost; and a prayer by Alton Stehle of Abilene; an address was given by attorney Alvin Pape of Seguin. Pictures were made in the afternoon, and the group voted to have its next reunion in Seguin next summer.

Those attending from Runnels county were: Mr. and Mrs. Ed Pape, Vernon Pape, W. H. Pape, L. Afflerbach, Chester Afflerbach,

Mrs. Luella Rumpy, Mr. and Mrs. Floyd Sims and children of Winters, Mrs. N. L. Faubion and children of Crews, and Mr. and Mrs. Walter Duke and children.

Know Your Neighbors Entertained by Mrs. Adair

Mrs. Cal Adair included Mrs. Ruth Bankston when she entertained Know Your Neighbors Wednesday afternoon in her home on Tenth Street.

Arrangements of garden flowers were used throughout party rooms where guests enjoyed an afternoon of individual handwork.

Mrs. Doug Cox assisted her mother in serving a salad plate with iced tea.

Others were Meses Dee Saylor, John Barton, Joe Flynn, John Castor, Jack Nixon, Malcolm Morgan, Cam Blackmon, Jones Taylor, Cecil Jones, and Leroy McAulay.

Mrs. Adair and Miss Atkins Host Philathea Class

Mrs. Cal Adair and Miss Griffee Atkins were hostesses to the Methodist Philathea Class Monday evening, entertaining in the Doss Bible Class room at the church on Tenth Street.

Mrs. Adair conducted the business routine and also named a nominating committee composed of Mrs. O. R. Lasater, Mrs. Cecil Jones and Mrs. Ford Taylor. Mrs. H. B. Loyd gave the devotional.

At the social hour the hostess served punch with decorated cake squares from the lace-laid table which was decorated with an arrangement of zinnias in pastel shades.

Birthdays celebrated were those of Mrs. Ernest Caskey, Mrs. R. D. Midgley, and others present were: Meses Tom Agnew, R. W. Earnshaw, Claude Stone, Paul Buchanan, Robert Bruce, John Barton, O. R. O'Neill, and Miss Thelma Midgley.

Mrs. Malone Leader for Foreign and National Program

Mrs. E. S. Malone was leader for a foreign and national program when the Eighth Street Presbyterian Woman's Auxiliary met Monday afternoon in the home of Mrs. Rufus Allen on Tenth Street, with Mrs. J. F. McMillan and Mrs. J. W. Black as co-hostesses.

Living rooms were given added beauty by arrangements of asters combined with feverfew where Mrs. Malone gave introductory remarks on the program, "China" and "The Rural Church." After the devotional by Mrs. Carroll Bell, the following articles were discussed: "He Sent Them to Preach," by Mrs. Allen; "There is Hope for Rural Areas," by Mrs. J. R. Mackey; "A Thousand Dollars and How it Dwindled," by Mrs. Roy Hill; "The Flying Basketball and Gospel Team," by Mrs. Ola McMillan. Miss Eva Lilly read the names in the Yearbook of Prayer and gave the prayer for missionaries. The program was concluded with the Mizpah benediction.

At the social hour the hostesses were assisted by Mrs. Clark Koller in serving a salad plate with date pudding and punch. Others present were: Meses C. J. Jennings, J. D. Coulter, A. W. Sledge, F. C. Miller, and Miss Maggie Lilly, and baby Linda Koller.

LONGHORN LOOP EMPIRE IS FAVORITE WITH FANS

One of the brightest prospects umpiring in Texas baseball this year is Ernest Gigliello, the colorful Pennsylvanian of the Longhorn League. He has won the confidence of players and fans and when he is introduced to a Ballinger crowd, always draws a round of applause from the stands. He has been assigned to work behind the plate here tonight in the all-star game.

Among those who have seen him this year and who have complimented him on his fine calling of games is J. Alvin Gardner, president of the Texas League.

Gigliello will return to school at the University of Missouri this fall where he is a junior in the journalism school. He aspires to "go up" in baseball and when his umpiring days are over become a sports caster or writer. His family operates a newspaper agency in a small town near Pittsburgh.

C. R. STONE NOTIFIED OF RELATIVE'S DEATH

C. R. Stone received a message the first of the week notifying him of the death of Mrs. D. E. Rose, his home in Lawrenceburg, Tennessee. Funeral services were held there Tuesday afternoon.

Mrs. Rose visited here with the Stones a few years ago and while here made a host of Ballinger friends.

Brazilian Palm Tree Yields Valuable Wax

Heralded as the world's most valuable vegetable wax, carnauba wax is a product of the carnauba palm tree. The entire world's supply comes from the northeast area of Brazil, and about 70 per cent of the annual harvest goes to the United States.

Carnauba wax comes from the fanlike leaves, radiating from the crown of the tree. Giving the appearance of a coating of dust, the wax forms during the dry season, preventing excessive water evaporation from the tree. Drought increases the yield of wax, but a severe drought over a period of several years may kill the tree. Young trees begin to produce wax after 8 or 10 years.

In harvesting the wax, largely from wild trees, the stems are cut and the leaves collected as they fall to the ground. Cut leaves are sundried for three to five days, during which their wax coating becomes a flour-like dust. In a windproof shed the dried leaves are beaten to liberate the dust, which is placed in clay vessels and melted down into wax, or mixed with a small quantity of water and boiled. When dissolved, the wax is strained through a coarse cloth or wooden press to remove some of the impurities, and then allowed to cool. The solidified mass is broken into small pieces and packed in bags for shipment to market.

Puerto Ricans Seek Greater Governing Power

Virtually all Puerto Ricans ask for a broader governing act to replace the organic act of 1917, which granted American citizenship to all the island's people but limited their citizenship rights.

That act, with amendments, provides that the island's governor shall be from the continental United States; and that he and other top officials including five Supreme court justices shall be appointed by the senate of the United States. Puerto Ricans aged 21 and over elect the members of their own 19-man senate and 39-man house and their resident commissioner at Washington.

Seeking their full rights as United States citizens, the islanders would like to choose their own governor, who has the power to veto acts of their island congress. And since the U. S. congress can also override actions of the island legislators, Puerto Ricans would like their elected resident commissioner at Washington, who sits with the U. S. house of representatives, to have a vote as well as a voice in that body.

Diet Affects Teeth

Children in one family who show varying degrees of susceptibility to dental decay may be subsisting on different diets even though they eat at the same table, says Dr. Nina Simmonds of the University of California. Dr. Simmonds recalls a family which recently came to the dental clinic. Two sisters, aged ten and thirteen years of age, showed almost no tooth decay; their brother, six years old, who lived in the same household had scarcely a tooth which was not diseased. After questioning the mother, Dr. Simmonds concluded that the explanation was as follows: The boy, who was the apple of his father's eye, was undisciplined so that he was eating only what he chose, mostly starches and sweets. Although there was good nourishing food on the table, containing adequate amounts of such nutrients as proteins, fats, minerals, and vitamins, he was getting almost none of these substances which he needed for healthy teeth.

Functional Designs

Clothing designs are more functional than they might at first seem, and the machine age has left an indelible impress on the industry. Of the many factors affecting fashions, the automobile—in its 50-year evolution from the towering, noisy, one or two-cylinder, five-mile-an-hour horseless carriage of the gay nineties to the streamlined, fluid, silent motor car of the mid-Twentieth century—has had a potent effect. The linen "duster" and flowing motoring veil that are laugh-provoking museum pieces today were necessary equipment for the motorist of 50 years ago, who rode in an open car over dusty roads. His clothes were only too obviously functional. But with the advent of closed cars and effective heaters, the motorist no longer needed these extra protections against the elements. Today, he is even protected from extreme summer heat by air-conditioning in his automobile.

Cell Constituent

Defined by chemists as a sterol, one of the high-molecular weight cyclic alcohols, cholesterol is a normal constituent of every living animal cell. It also is found in the blood, the bile, and is the main ingredient of certain types of gallstones. There is little true cholesterol in any food of vegetable origin, recent tests show. In milk it is associated with the fat and hence the amount in skim milk is negligible; likewise there is almost none in egg white. Egg yolk and brains are the only foods which contain more than 1 per cent cholesterol. Most muscle meats contain only about 0.1 per cent cholesterol, and there is little evidence that this amount is likely to cause trouble in any diet.

AT PENNEY'S YOU CAN AFFORD GOOD QUALITY

Some people still have the strange idea that small budgets don't entitle them to good quality! Nonsense! They're the very people who must have quality. What they buy must give good and satisfactory service. Everything you find at Penney's is tested to make sure it will give you every dime's worth of value for what you spend—all that, and more!

Chenille Luxury At an Amazing Price! 4.98

Here's fluffy, rich chenille made into gay new floral designs—at an unbelievably low price! You probably know how wonderful chenilles are—they wear for ages... rinse easily... need no ironing. But you'll have to see for yourself how beautiful, how luscious these chenilles really are! Your choice of colors, too! Creamy white, blue, dustyrose, peach, or green backgrounds—with multi-color designs to blend perfectly! The laundered, preshrunk size is 80" x 105".

This Concerns **You**

Because we'll repair your home or auto radio, radio-phonograph combination, phonograph or record changer—and have it ready **WHEN YOU WANT IT.**

Because we can and will repair all makes of automobile radios. And then see that they perform properly—**ON YOUR CAR.**

Because, without exception, our work must be satisfactory, or we will make it satisfactory—**TO YOU.**

Because there are now two of us to prove that when four hands replace two the result is quicker service—**FOR YOU.**

PILGRIMAGE TO LOURDES SHRINE . . . Members of a party headed by Rev. Father James R. Cox of Pittsburgh, Pa., are shown just before they boarded an airliner which carried them across the Atlantic on a pilgrimage to Our Lady of Lourdes shrine at St. Agnes, France. Included in group is 12-year-old Sally Ann O'Leary, crippled since birth, who hopes that the miraculous powers claimed for the shrine will heal her. Since the end of the war, thousands of persons have made the pilgrimage to the Lourdes shrine in search of health and out of devotion to their faith. Pittsburgh business and professional men compose this party.

J. O. Satterwhite Buys Ford Tractor Dealership Here

J. O. Satterwhite, recently of Lubbock, has purchased the Ford tractor dealership in Ballinger and is preparing for a formal opening which he will set a date for in the near future.

For a number of years Mr. Satterwhite has been connected with the factory for the Ford tractors as a sales and service manager. After spending two years at Lubbock he decided to enter business

and looked over a number of towns and made a final decision to come to Ballinger.

The building on South Seventh Street is being remodeled and will be completely redecorated before the formal opening. A partition is being built which will cut the shop off from the show room and offices. Some equipment is already arriving and Mr. Satterwhite said that new all-steel fixtures would be installed along with a complete line of all parts.

Modern machinery will be installed and the entire building will be air conditioned. The show room will be conveniently located where new tractors can be displayed.

Mr. and Mrs. Satterwhite are already here and for the time are living at the Central Hotel. Mr. Satterwhite stated that they had come to Ballinger to be good citizens and to help in every way possible to build the town. He extended an invitation to citizens of this area to visit him and to become acquainted.

The firm name will be the Runnels County Implement Co., Inc., and when the opening is announced, a complete roster of the employees will be given. Chester Uecker has been employed as bookkeeper and office manager and is already on duty.

M. H. Turner, zone manager of the Stewart Co., Dallas, is here helping with the installation of fixtures and machinery and will remain through the opening.

3-DAY REUNION HELD BY CROCKETT FAMILY

The annual Crockett family reunion was held July 18, 19 and 20 at the picnic grounds on the Joe D. Crockett place on Valley Creek, 115 people attending the affair. A brother, Bob Crockett, and his wife, of Norton, were unable to attend because of illness. A sister, Miss Maggie Crockett, Humble, and another brother, Jude Crockett, McKinney, also were absent.

The large crowd of relatives spent three happy days together with plenty of entertainment and eats provided all the time. Barbecued beef, fried chicken and all the trimmings were on the menus each day.

Those attending were: Mrs. Davie Crockett, Norton; J. N. Crockett, Mullin; H. J. Crockett, Mr. and Mrs. W. B. Hodges, Lampasas; Mr. and Mrs. T. A. Crockett, Ballinger; Mr. and Mrs. D. M. Crockett, Mr. and Mrs. Davy Crockett, Norton; Mr. and Mrs. T. H. Crockett, Linda and Lane, Mr. and Mrs. Dalton Crockett, Mr. and Mrs. Jack Carwile, Mr. and Mrs. Claude Simmons, David, Don and Tom Simmons, Mr. and Mrs. Mack Setser, Mr. and Mrs. Fred Underwood, Sue, Sally and Hal Underwood, Mr. and Mrs. Earl H.

Apartment Being Built at City Hall For No. 2 Driver

A new apartment is being built on the second floor of the city hall and will be used by the second driver of local fire trucks, who was recently placed on full time. Raymond Hash has been named the new driver and together with his family will move into the city hall as soon as the apartment is completed. A partition is being constructed on the second floor and when completed will leave two bedrooms, a combination living and dining room, and a kitchen and bath.

This space has been housing the city engineer's office, the office of the rat-proofing campaign, and desks of contractors who are here working on projects. These offices have been moved into the city hall auditorium and this change has closed the auditorium to a number of organizations which have been holding regular meetings there.

City officials stated that for the present this arrangement would have to prevail in order to take care of the crowded condition in the city hall. Separate contracts have been let on water and sewer projects, and contractors have established offices in the city hall while such work is underway. The rat proofing campaign has also created another office which will remain for some time.

CATS TAKE ODESSA OILERS FOR THREE GAMES IN ROW

The Ballinger Cats made it three in a row from the Odessa Oilers Monday night, capturing the last game 8-4. Steve Kolesar went the full route for the Cats, allowing 9 hits, while his teammates were collecting 17 off the delivery of Motos.

Stringfield also heaved the full route Sunday, giving Ballinger moundsmen a much needed rest. Last week Manager Hancken was forced to use two or three pitchers every night, which left the chunking corps pretty badly shot.

The Cats moved to Vernon Tuesday for a two-game series and will come home today for some of the club to participate in and others to watch the all-star game.

Ten inches of snow equals in water content, on the average, approximately one inch of rain.

Crockett, Mr. and Mrs. R. H. Hodges, Tom A. Crockett, Jr., Ballinger; Mr. and Mrs. Bill Warren and Sylvia, Paint Rock; Mr. and Mrs. Walter Crockett, Mr. and Mrs. Jack Atnipp, Tommie and Joe Atnipp, Bill Barker, can Angelo; Mr. and Mrs. Joe Crockett, Miss Carrie Ruth Crockett, Norton; Mr. and Mrs. L. E. Crockett, Mr. and Mrs. A. L. Crockett, James and Clyde Crockett, Mr. and Mrs. Crockett Hodges, Jimmie Hodges, Bennie Theford, Mr. and Mrs. D. W. Williams, Dewayne and Lovern Williams, Winters;

Mr. and Mrs. Nath Crockett, Mattie Lou Crockett, Mr. and Mrs. Herman Crockett, Morton; Mr. and Mrs. H. C. Mounts, Levelland; Mr. and Mrs. Fletcher Crockett, Jack Crockett, Midland; Mr. and Mrs. E. A. Jeanes, Coleman; Mr. and Mrs. Tommy Payne, Hattsville, California; Mr. and Mrs. R. F. Crockett, Mr. and Mrs. W. A. Hamilton, Wayne Hamilton, Dayton Hamilton, Pittsburgh, Pa.; Mr. and Mrs. Wilson Pardue, Sherry Pardue, Mr. and Mrs. Jim Terry, Ed Terry, Mr. and Mrs. Joe Howard, Abilene; Mr. and Mrs. Norman Butts, two sons, Sweetwater; Mr. and Mrs. Earl Dorsett, Windell Dorsett, Jean Hope, Winters; Mr. and Mrs. Ernest Crockett, J. S. Crockett, Mr. and Mrs. H. J. Crockett, Joan and Billy Crockett, Penwell.

Opening Program For Station KRUN Is Being Arranged

Arrangements for the opening program of the Runnels County Broadcasting Co. are being made here and the date set for August 16. According to a statement of the management of station KRUN, a full day's special program will be arranged for the opening and will feature all communities of this area, as well as local organizations.

None of the exact programs have been announced by the several groups which have accepted a definite time during the day. They will, however, secure their best entertainment, plan a timed program and be ready to go on the air.

Work in the downtown studio is practically finished and the erection of towers and of a small building in South Ballinger is all the work that remains to be done. Federal approval for the site of the towers has been received and

your job will only require a short time to complete. All equipment will be tested prior to August 16 so that nothing will interfere with the formal opening.

Special staff men have been here several weeks making preparations for the opening and operation of the station.

BASEBALL MEN SPEAK AT LIONS LUNCHEON

Buddy Hancken, manager of the Ballinger club in the Longhorn Baseball League, was guest speaker at the Ballinger Lions Club meeting last Friday, talking on his impressions of Ballinger as a new-comer. Hancken stated that the first few days he was not too

favorably impressed but after the first home games his regard for the town began growing.

He complimented local fans as good sports and for their loyalty and said every player wanted to win for them.

Other guests included Manager Pat Stacey, of the Big Spring Club, who complimented the town for its fine attendance record and the manner in which the citizens backed their team. Umpire Gigliello spoke briefly, declaring that he liked to officiate in Ballinger, and otherwise complimented the town.

"OLE MISS" SMASHES ANOTHER LEVEE... Roaring flood waters of the Mississippi smashed through the Chouteau island levee across from St. Louis, inundating 2,000 acres of farmland on the Illinois side of the river. Heavy rains swelled the Mississippi to an almost record crest at St. Louis as soldiers and volunteer workers labored mightily to hold the remaining levees together.

 T. N. MINIX, Pastor

mileage on the state system had more than quadrupled since it was first accurately measured in 1929. The endless struggle to build new roads as fast as traffic demand increased has shoved the 1929 paved mileage of 6,061 up to 25,734 on July 1, with more being added every day.

"This still isn't enough," Redditt declared. "The blight of congestion and hazards to safety on many sections of these paved roads render them inadequate to handle the heavy traffic using them."

He expressed confidence that the commission's recent expanded policy for building farm-to-market roads on a cooperative basis with counties, together with the current federal aid program, would result in substantial improvements to the state's farm transportation problem.

The total investment in the state road network stood at \$934,197,811.55 on July 1, Redditt stated. This includes all expenditures made under the supervision of the Texas highway department since it was created thirty years ago.

"It has been a good investment," he said. "I doubt if any other similar expenditure of public funds has done so much good for as many people."

The chairman paid tribute to the thousands of employees who

IF you were called away from your FAMILY for a few days, you would provide the money for their NEEDS until your return. BUT SUPPOSE you were called away FOREVER—Have you provided for their needs in that event? A Planned Life Insurance Program will do just that. We Invite Discussion

had built the organization into one of the top road building agencies of the nation. "Of the 7,663 employees on the payroll today, 2,278 have been with us for ten years or more, while 100 have served the department 25 years or more. Only one has completed 30 years of service, but two others are approaching the 30-year mark."

"This organization has made it possible for Texas to maintain its place at the top among the states of the nation in carrying out a vast post-war construction program. Today work is progressing on contracts in excess of \$77,000,000, a volume that has never before been reached in the department's history."

SOUTH BALLINGER HOME DEMONSTRATION CLUB

The South Ballinger home demonstration club met last Tuesday in the home of Mrs. B. M. Batts.

Mrs. Newman Smith presided in the absence of the president, Mrs. Tom Crockett, and Mrs. Calton Smith demonstrated the making of corsages.

A molded salad with iced tea was served to: Mmes. C. D. Harris, E. T. Branham, Jr., J. P. Boothe, Crockett, Calton Smith, Newman Smith, Austin Williams, J. Wesley Jones, Archie Wallace, Chester Barnett, Ed Farley, Fred Moncrief, Jack Fry, Herman Oliver and Virgil McShan.

The next meeting, an all-day

affair, will be held in the home of Mrs. Joe Thomas.

W. B. Woody was taken to Temple Monday and entered McCloskey Hospital for treatment. Mr. Woody suffered a heart attack recently and since then has been in the Bailey Clinic-Hospital. His condition was improved the past week-end and he was able to make the trip to Temple. Mrs. Woody accompanied him and returned here Monday night.

A HITTING POST OR A SIGNPOST

* Birthdays, anniversaries, graduations, a new job—all are occasions for rejoicing as well as for reflection and new resolve. Whether or not a list of resolutions is made, the accomplishments of the past can be either a hitting post or a signpost to a brighter future. Careful self-appraisal is often as revealing as a stock inventory. But no matter what the goal, the ability to reach it depends on health. Your physician stands ready to take your physical inventory at any time. Why not seek his advice now? His suggestions can be relied upon for a sound health program.
 Registered pharmacists are on duty at all times to fill your prescriptions.

Card of Thanks
 We wish to express our deep
 feeling of thanks to the people of
 Ballinger for their many expres-
 sions of sympathy in the loss of
 our loved one, James (Stormy)
 Davis. We deeply appreciate every-
 thing done for him and for us
 during this sorrow and for the

expressions of sympathy, flowers
 and many other kindnesses shown
 while we were at Sweetwater and
 in Ballinger, and for the letters
 sent to our home in Mobile, Ala-
 bama.
 Mr. and Mrs. C. A. Davis
 and family. 24-1t

REV. COOK BACK FROM AUSTIN
 Rev. Steve Cook returned from
 Austin today and will be here for
 regular services at the First Pres-
 byterian Church Sunday. He has
 been doing special educational
 work in Austin for the past three
 weeks.

Mrs. Alpha Miller and daughter,
 Miss Zerline, of Carning, Califor-
 nia, are here spending the sum-
 mer with Mr. and Mrs. J. E. Min-
 chew.

Mrs. Walter Bryan, of Robstown,
 has returned home after visiting
 Mr. and Mrs. W. A. Forgy here
 and relatives and friends at Win-
 ters.

EMPTY BARGES IN THE OLD CANAL . . .
 Coal barges lie desolate
 and empty along the Allegheny river at Harmarville, Pa., a mining
 community near Pittsburgh. In background of photo is the tipple
 (that's a coal screening plant where cars are unloaded) of Wheeling
 Steel's Harmar mine.

THINK BEFORE YOU BUY

Think of the many savings
 you can make by shopping
 where prices are LOW on
ALL items EVERY DAY in the
 week

What have you been paying for these
 foods? Compare item for item and
 brand for brand, note the savings you
 can make at Safeway on quality foods
 of every description. Why pay more?
 Shop at Safeway today and every day.
 Keep track of your savings. You'll dis-
 cover that Safeway low prices can
 work wonders.
