Venire of 120 Called for Jury Duty November 24

A special venire of 120 men has been called to appear here Monday, November 24, to serve as petit jurors in the 119th district court.

Judge O. L. Parish has set criminal week for November 24 and scheduled robbery cases in which Henry J. West and Beryl E. Walker are to go on trial. These cases developed in a robbery at the home of E. S. Price near Ballinger when valuable jewels are alleged to have been stolen by the two men.

Selection of a jury is expected to require many veniremen because the case had much publicity and most people in this area read or heard much concerning it.

Sheriff J. L. Moreland sent out cards to all members of the special venire advising them when to report and asking that they use return cards showing they had received the notice.

Jones Gives Report On Rat-Proofing Job To City Commission

The Ballinger city commission Wednesday heard a health report submitted by John C. Jones, who has been here the past year in charge of the rat-proofing campaign. Mr. Jones is being transferred to Stamford, and will leave here November 17 to take over his new assignment.

Mr. Jones gave a report on what had been accomplished here during the past year and what was yet to be done. He estimated it would require about nine months to completely rat-proof the entire city. After this work is done, Mr. Jones asked that periodical inspections be made to prevent creation of rat harbors. Local men have been trained so that the work can proceed without delay and will make the required inspections.

Work has been completed at the intersection of Fifth Street and Phillips Avenue where water ran across yards after heavy rains. A report given the commission said the pavement had been corrected to prevent further damage.

Instructions were given to secure forms for licensing of plumbers and K. V. Northington was added to the board which will issue the cards.

H. M. Kemp received approval on a permit for erecting a small office on Broadway where he and associates have been operating a used car lot.

The commission voted to hold meetings at night hereafter in order not to interfere with members' business. The meetings will be cut from four day-sessions to two night-sessions a month. Called meetings will be held whenever deemed necessary.

HOWARD PAYNE COLLEGE HOMECOMING TURKEY DAY

The 1947 homecoming of Howard Payne College has been set for Thanksgiving, November 27, at Brownwood, and arrangements are being made to entertain approximately 500 exes on this occasion.

The program will open with a meeting of all ex-students in the college auditorium at 10 a. m. and at noon a barbecue lunch will be served on the school campus.

The climax of the day's program will be a football game between Howard Payne and Abilene Christian College in the afternoon.

A number of former students living in Ballinger and Runnels county are planning to attend the homecoming program.

Mr. and Mrs. Robert F. Wood arrived in Ballinger last week to visit relatives and friends. Mr. Wood will return to his work while Mrs. Wood and daughter will remain for a longer visit in the home of Mr. and Mrs. Luther Walden.

Club Girls Report At Council Meeting Held November 8

The Runnels county home demonstration council held its regular meeting in the district court room of the court house last Saturday. Several 4-H club girls of the county were present for the meeting.

The girls presented an interesting program and made reports on club activities for the past several months. Nine girls were awarded 4-H club pins for outstanding work during the past year. The council served ice cream to all present, after which they returned to the office of Miss Ollie Chenoweth, county home demonstration agent, for the regular council meeting.

In the absence of the chairman, Mrs. Lula White, of Winters, was elected to serve as chairman at this meeting. Eight clubs had representatives at the meeting and each club had a good report. It was reported that a new club had been organized at Wilmerth with Mrs. Dell Gardner as chairman.

The council voted to hold a Christmas party at the next council meeting on December 13 in the Winters club house. Each member is invited and asked to bring a gift with her name enclosed. The gift is not to exceed \$1 in value.

An announcement was made in regard to the one-day training school to be held here November 14. Miss Helen Swift, of the A. & M. College extension service, and Miss Thelma Casey, district 7 agent, of San Angelo, will be in charge.

Half Car Potatoes Received for Lunch Rooms of County

Half a carload of potatoes was unloaded here Monday for the school lunch rooms of the county. Supt. W. E. Elkins stated that the car contained 18,000 pounds of potatoes which would be slightly over six pounds per pupil and was expected to last two months.

Last week 126 cases of canned tomatoes were received for the lunch rooms of Runnels county and so far this year much more food has been received than in the past. With funds reduced for meals, the surplus food is helping the lunch room to operate at a profit.

Other shipments are due to be received during the year and as fast as they arrive will be distributed to schools in the county which have lunch rooms.

Supt. Elkins stated that all common schools were having a holiday on Armistice Day and schools at Olfen and Rowena were dismissed Monday on account of funerals in those communities.

JOHN BARTON UNDERGOES SURGERY AT SAN ANTONIO

John A. Barton, Runnels county farm agent, was operated on in San Antonio Saturday morning. He had been suffering sometime with an eye infection and a recent examination revealed the need of surgery.

Word received here by friends Monday morning stated that he was on the operating table one hour and fifty minutes but that surgeons thought the operation would be successful.

He will be required to remain in the San Antonio hospital several weeks.

Maurice Bartlett, of San Angelo, was here Tuesday to spend Armistice Day with his parents and friends.

Nixon Appointed Junior Red Cross County Chairman

Jack Nixon, Jr., has been appointed chairman of the Junior Red Cross for Runnels county and will launch a membership drive at once which will reach all students in all schools of this county.

Membership in the organization will be by room with a fifty cent contribution making all students in the room eligible for membership. Teachers and other school officials in the county will assist in getting the campaign over to the pupils and will strive to have every boy and girl attending a school in this county a member of the junior organization for the ensuing year.

Following the membership drive groups will be formed in the county chapter and activities started. The Junior Red Cross institutes many projects and each room will select any of these which interests the children and they will be provided supervision in the program.

During the war this county had a very active junior unit and many articles were made and shipped to veterans' hospitals and camps.

Twenty Subscribe For Rodeo Stock At First Meeting

A mass meeting of interested rodeo fans was held at the city hall Monday night to discuss the stock selling campaign now underway to form a permanent organization. At the close of the meeting approximately twenty persons had subscribed for shares of stock in the corporation and each had paid their \$100.

Another meeting was called for Thursday night of next week to which the present stockholders and all interested persons are invited. Those in charge of sales hope to have enough stock subscribed by that time to go ahead with the organization and make application for charter.

No thorough solicitation has been made in the selling of stock, but committees have been named to call on prospects. Those sponsoring the campaign are anxious to finish the job as soon as possible so that plans can be made for holding the show next year and contracts with producers made early in 1948.

Plans are to hold the 1948 show at the Ballinger baseball park and a verbal agreement has been reached for the use of the park. The exact time would have to be set so that it would not conflict with home games of the Longhorn League.

Temporary officers of the association urge that every person interested in presenting a permanent rodeo here be at the meeting next Thursday night, 7:30, in the city hall.

Services Planned For Thanksgiving Here November 27

The Ballinger Ministerial Alliance in session last week made plans for Thanksgiving services in Ballinger this year. They departed from the custom of the past few years of holding the services on the Wednesday evening before Thanksgiving and will hold the annual praise services Thanksgiving morning.

The 1947 services will be held in the Church of the Nazarene and the hour will be announced next week. It will be set so that every one attending will have ample time to get home and make last-minute preparations for dinner. The music will be furnished by the Grace Baptist Church and the sermon is to be delivered by Rev. C. R. Dunaway, pastor of the Four Square Gospel Church.

Other details and the complete program will be published next week. All residents of Ballinger are invited to attend.

FIREMEN ANSWER CALL TO BANNER CREAMERY

Ballinger firemen were called to the Banner Creamery Sunday afternoon when an oil stove in the office flared up. No connections were necessary and the slight blaze did no damage to the buildings or contents and business was resumed as usual as soon as the burning stove was removed from the office.

Mrs. Parker Resigns District Clerk Office; Crockett Appointed

Mrs. Winona Parker has tendered her resignation as district clerk and will vacate the office as soon as her successor is named and bond approved.

Judge O. L. Parish has appointed Dalton Crockett to the office and he will take the oath and make bond at once. A bond of \$5,000 payable to the governor and approved by the commissioners' court is required.

For more than a year Mr. Crockett has been employed in the office of W. A. Forgey, county tax assessor-collector. He began work there soon after receiving his discharge from the service on the veterans' plan of on-the-job training.

Mrs. Parker was elected to the job in the last election for the county and district officials and has had charge of the office ever since.

Only a small showing was encountered at the depth where oil was found in the No. 1 Northington and drilling is proceeding to the Ellenburger, expected to be found at 4,420 to 4,500 feet. The operation is moving slowly in hard lime and regular geologic tests are being taken.

The pump is still being regulated on the Pan American No. 1-Hugh Campbell and to date no official gauge has been made. The operators have experienced trouble in getting the pump to work properly but expect to clear the trouble in a few days.

Leasing continues in the county and several blocks are being formed at this time. Local oil men expect several locations to be made soon after the first of the year.

Shipment of Fish Received for New Valley Creek Lake

B. C. Henry brought the first load of fish to the new lake on Valley Creek Saturday from the San Angelo hatchery. The first fish to go into the lake included 3,000 bass about six inches long and 1,000 bream. Mr. Henry stated stocking of the lake would be completed early in 1948.

The city has passed an ordinance prohibiting fishing at the new lake until July, 1949, at the request of the state fish, game and oyster commission. This will allow the fish put in the lake to grow larger and also to spawn next summer.

Mr. Henry stated that other fish would be brought here soon for the old city lake and other lakes and tanks in the county.

A large number of fish was put in the Ballinger Country Club lake several weeks ago to replenish the stock there. Most of the large ranch tanks in this area have also received fish the past year.

SATURDAY SAID BEST FALL SHOPPING DAY

A number of Ballinger merchants reported last Saturday the best day for sales this fall. The crowds were in town most of the day and the cooler weather gave incentive to buying, especially for the dry goods merchants.

Cotton pickers swarmed to town in large numbers and food stores did a rushing business in supplying groceries for the week. The local labor camp was filled with farm helpers on jobs in this county.

Reports indicate the cotton crop nearly gathered and pickers will be here only a few more Saturdays before moving on to other sections.

4,000 Buildings to be Sold at Camp Bowie November 18 to 20

Many people in this part of the state will be attracted to Brownwood November 18, 19 and 20, when 4,000 buildings at Camp Bowie will be offered for sale. Inspection dates are November 10 to 17, when prospective buyers may visit the camp and look over buildings they are interested in purchasing.

"Fair, fast and final" is the slogan adopted by the war assets administration for this tremendous sale. It was explained that everyone would have the same opportunity to buy buildings, and all will be sold to the highest acceptable bidder. Buyers can bid in a building, pay the bill and remove the structure the same day. All sales are final, the buyer taking the building where it is located and in the condition it is in when the sale is made.

Included are barracks, recreation halls, supply rooms, administration offices, store houses, officers' quarters, mess halls, maintenance buildings, hutments and various other buildings. All buildings are to be removed from the camp by the purchasers.

The sale has been advertised extensively throughout West Texas.

BALLINGER HUNTERS GET SET FOR ANNUAL TRIPS

Ballinger deer hunters are getting ready that week to leave on their annual trips. Most of the Ballinger parties already have their leases secured and are leaving here Saturday in order to be on the spot when the season

opens.
About a dozen different groups were preparing this week to spend a few days in the deer regions of the state. Provisions were being purchased and camping equipment assembled.

Several Ballinger men have visited their leases and report that the deer seem to be plentiful and in good condition although most of the Hill Country was dry the past summer.

CLUB WOMEN TO BE HERE FOR TRAINING SCHOOL

Representatives of all home demonstration clubs in Runnels county will be here tomorrow (Friday) to attend a one-day training school for council members-elect and committee chairmen.

Touchdown Pass Defeats Bearcats 7-0 at Coleman

It was just not in the books for the Ballinger Bearcats to defeat the Coleman Bluecats Tuesday afternoon in Coleman and the lone score made with a forward pass. White to Clifford, in the first few minutes, set up a 7 to 0 score that was the ball game.

Fumbles, five of them, stopped several nice attacks started by the Bearcats and in the final period a pass play was dropped that would probably have tied the score.

Ballinger received the kickoff but lost yardage in a series of plays and kicked to midfield. Coleman failed to gain but White faded and shot a long pass downfield to Clifford, who had worked behind the Ballinger safety. He took the ball and ran the rest of the way to the goal line. Laird kicked the extra point.

The Bearcats came back with a stiffened defense which stopped both the running and passing attack of the Bluecats and held them to only three first downs the remainder of the game. The Ballinger lads' offense also gathered power and they chalked up nine first downs running and passing but could not get across the pay dirt line. Each time it appeared that the battering Bearcats were headed for a score, a fumble would stop their drive.

Their best opportunity to score came when Agnew was completely in the clear on the ten-yard line. Davenport threw the ball to him but Agnew's anxiety cost the Bearcats a score, in all probability, as the ball slipped out of his hands to become merely an incomplete pass.

It was a great ball game, and although hard for the players and fans to face defeat, the boys battled hard all the way and turned in a fine game. More than 5,000 fans witnessed the game, all the seats and much standing room being taken.

The game leaves Coleman the only undefeated game in the district with games still to be played with Brady and Santa Anna. Much interest will center in the Coleman-Brady game.

The Bearcats have only the Winters Bizzards remaining on their schedule and this game also will attract much interest, as the teams will be well matched with each having a good chance to win. The game is to be played at Winters November 21.

Not All Poppies Sold By Auxiliary Unit; Small Crowd Blamed

The American Legion Auxiliary held its annual poppy sale Saturday with only fair success. Members of the Ballinger unit were on the streets the entire day but did not sell all the flowers they had ordered. The need of additional helpers to cover the town and the short crowd on the streets were responsible for the under-par showing.

Proclaimed by Robert Ripley as the world's greatest top spinner, "Topsy" Landreth will be a headliner on the program. He has made appearances in 36 states and only recently returned from Hollywood where he made a short for a major picture producer. Mr. Landreth will present an act that will be highly entertaining and will do unheard of things with tops.

Howard Payne College, Brownwood, is assisting with the show this year and a feature presentation will be a girls quartet from there. The young ladies are Misses Carolyn Grill, Lois Robertson, Gayle Pruet and Marjorie Brooks. Miss Patricia Hambrick will be at the piano for the numbers. Another act by performers from this college will also be heard on the program but the specific details of the act have not been announced.

The show will lead off with the big candy sale in which customers will receive many useful and valuable gifts. Next will be the college numbers and the big finale will present the minstrel and chorus of fifty people. Rehearsals have been underway for the past two weeks and the show has been polished and is ready for the presentation.

Seats are on sale at the Curry-Hambrick store and will also be sold at the entrances Friday evening. Reserve seats are \$1 and the Lions are making a special low rate of 25 cents to students. Arrangements have been made to take care of a crowd of approximately 1,500.

Don't deny your children the knowledge that can be gained through the Texas Almanac. Now on sale at Ballinger Printing Co.

Approximately 1,500 of the little red flowers were sold during the day, leaving the local unit approximately 500 short of its goal.

In previous years when all poppies were not sold on the Saturday preceding Armistice Day, they were sold on Armistice Day but this year with most people going to Coleman for the afternoon there will be no opportunity.

Poppies will be held over until the sale next spring on Saturday before decoration Day and offered for sale at that time. The Auxiliary will keep all it ordered and in that way veterans who made the poppies will receive their full pay.

Officials of the organization express thanks to the girls who assisted and also to all who bought and wore the red paper flowers.

ARMISTICE CELEBRATED IN BALLINGER CHURCHES

Special emphasis was given to Armistice Day in several Ballinger churches Sunday. The Methodist and Baptist churches paid special recognition to all veterans in the congregations and those represented on their service flags.

At the First Methodist Church, a special bulletin was distributed at the morning service honoring veterans of the two World Wars. This bulletin was supplied by American Legion members of the church.

Rev. H. B. Loyd delivered a sermon on a formula for peace and indicated mistakes made in the past in securing a peace which would last. He pointed his hearers to the Christian way of life as a real solution and added that in any negotiations for peace, God should be taken into the conference.

SPORTS

Ballinger football fans have only one more game to look forward to now, and that is with the Winters Blizzards, Friday night, November 21. The game will be played in Winters and reserved seats for the game will be sold. A number of seats will be offered here and a notice elsewhere in this newspaper will give the exact time and place. The seats would have been placed on sale here before today but Winters will play Lake View this Friday and school officials did not want to have two sets of tickets on sale at the same time.

Coleman might find a little trouble in its game with Brady, but should win the game and at the same time the championship of district 9-A. This would place them in position for the bi-district game with the winner of the Comanche district.

The Ballinger-Winters tussle is expected to draw a large crowd. Both teams defeated Brady by one touchdown and they appear to be of equal strength. It will be a good game and will be the Runnels county classic.

Carl Black had to remain on the sideline at Coleman Armistice Day. A knee injury at Brady has kept him out of practice as well as out of the game at Coleman. If he had been in good condition it might have been the difference between victory and defeat. Such things are just the luck of the game and the breaks had to be against the Bearcats this year.

Coaches Wayman Wilson and J. E. Garrett do not have too much to look forward to next year. They will lose practically all their first-

string with big Hill an exception. The coaches will be looking for new starters next season from the B team and junior high team of this year.

Football fans took a ribbing after the game Tuesday but turned the tables to some extent by inviting Colemanites over next summer to a professional baseball game.

F. F. A. PARTY TONIGHT TO HONOR SWEETHEART

Goats were purchased last week and will be barbecued today in time for the party tonight. A full menu has been arranged with barbecue the main dish. All members of the chapter and their dates are to attend.

of Robert J. Latzel
Miss Ora Mae Rohmfeld, daughter of Mr. and Mrs. F. Rohmfeld of Olfen, became the bride of Robert J. Latzel, son of Mr. and Mrs. John Latzel, of Miles, in a double ring ceremony Tuesday, at St. Boniface Church.

Rev. Norbert F. Wagner officiated at the wedding and sang the nuptial high mass. Rev. W. F. Bosen sang the proper of the

mass and also sang the Ave Maria, by Rossini, at the offertory.

The bride, who was given in marriage by her father, wore a gown of white slipper satin with a marquette yoke trimmed with seed pearl embroidery. The basque waist buttoned into a point in back and the shirred skirt fell into a regal train. Her veil of illusion was held by a tiara of seed pearls. She carried a white prayer book, topped with gardenias and showered with satin ribbon and lily of the valley. For something old she carried her mother's white pearl rosary.

The maid of honor, Miss Evelyn Latzel, sister of the groom, wore a fitted princess gown of melon rose crepe, with a matching crownless hat, trimmed in metallic bustle style bow. Her flowers were yellow carnations on a prayer book showered with white satin ribbon.

The bridesmaids, Mrs. Erwin Wilde, sister of the bride, and Mrs. Leo Schwertner, sister-in-law of the groom, wore gold crepe gowns made on identical lines as the maid of honor. They carried deep rose carnations.

The flower girl, little Miss Dolores Schwertner, niece of the groom, was gowned exactly as the bride and carried a colonial bouquet of white gladioluses.

Master Jimmy Buxkemper, nephew of the bride, carried the rings on a shirred, white satin pillow.

Sylvester Rohmfeld, brother of the bride, attended the groom as best man. Ushers were Erwin Wilde and Leo Schwertner. The groom was attired in a conventional blue business suit as were his attendants.

After a reception held in the

home of the bride's parents the couple left on a wedding trip for points in Texas and New Mexico.

Out-of-town guests included Mr. and Mrs. Anton Rohmfeld, of Kingsville; and Mr. and Mrs. C. O. Buxkemper, of Slaton.

At the end of the dinner Mrs. Henry Bieciuk presented a gift to Mrs. Cook from the circle.

Those included were: Mmes. Oscar Batts, Bieciuk, E. L. Ingram, R. E. Key, Orland Middleton, L. F. Wilson, Jr., Woodrow Wilson, Ray Fuqua, K. V. Northington, Jr., Roger Wheeler, Max McCarary, Jr., Loyd Wheeler, Leonard Stallings, LaDu Craig, and Miss Mary Lynn.

Rising costs are shown in the building of city projects. The new municipal water reservoir, plants and distribution system will cost approximately \$50,000 more than engineers first estimated and for which bonds were voted. This has been occasioned by a 20 per cent increase in materials and about the same increase in labor costs. Estimates were made more than a year ago and since the work started many needed items have advanced. Contracts for pipe and machinery cannot be made on a guaranteed basis, but the charge to the city will be the prevailing price at the time shipment is made. At any rate it appears that Ballinger will have an abundance of water next summer and it will not be necessary for local home owners to let trees and shrubs die. A town cannot grow without water and while it may be expensive to provide it sometimes, it is essential. It was wise to pro-

vide a supply that will permit growth.

About this time each year local business houses and individuals are called upon for large amounts in contributions. Coming up this month will be the sale of tuberculosis bonds and seals, the Boy Scout funds drive, sale of rodeo stock, poppy sale, Lions Club minstrel tickets and numerous other items. All these are good and should get the full support of the citizens, but will be a drain on the pocketbook. Between now and Christmas there will be a number of calls and it is likely that this year there will be a need for local charity during the holiday season. All the goals can be met if each one will do his part. None of the quotas is high but if only a few participate the burden will be heavy or the programs will fail. Let's be ready when the solicitors call.

The Christmas shopping season is here and Ballinger stores are ready to serve this trade area with one of the widest selections shown here since before the war. During the next few weeks merchants' ads in this newspaper will give many suggestions for gifts for everybody on the list and in most cases will feature these at prices which afford genuine savings. With buying conditions improved, there is no need for the most exacting shopper to go out of Ballinger to make purchases. In recent years we have not talked "trade at home" to any great extent but the time has come again when it should be unpopular to leave home to buy. Merchants are taxed to pay for many worthwhile local projects and are entitled to your patronage when you spend. Dollars spent at home help build a better community, while dollars spent out of town help to make another town better and definitely hurts the home town merchant.

WEST TEXAS NOTES

Armistice Day was celebrated at Menard with the usual big program which features sale of livestock and merchandise for the benefit of the Parnet-Teacher Association. The program opened Tuesday morning with a mile-long parade of decorated cars and other motor vehicles. The auction was held at the park near town where dinner was served by the band mothers and members of the senior class. A street dance closed the celebration Tuesday evening.

A bond issue will be held at Fort Stockton the last of November at which time citizens will decide whether \$375,000 in bonds will be authorized for school expansion. Plans call for the construction of more classrooms, a gymnasium and a cafeteria. All construction would be of brick to match the buildings already in use. Trustees stated some time ago that additional room would soon be necessary to handle the increased enrollment in the schools.

The interior of the Ray Baptist Church, near Miles, has been completely refinished. Last Sunday was the last day for Rev. T. H. Harmonson to be with the church and the entire community was present for the farewell service. Another pastor will be secured as

soon as possible.

Rowena gins continued full time operation last week, bringing the total number of bales ginned for the season to 3,538. Ginners stated that receipts were slowing somewhat and that most of the cotton would be gathered within another ten days. Seed was selling at \$85 per ton at Rowena last week.

Enrollment of all school children in Coleman county in the Junior Red Cross was started last week. Mrs. Anna D. Wells, chairman, was asking the aid of all teachers in getting a 100 per cent membership in each room. After the enrollment is completed, regular activities will be started.

A new oil well in the Bead Mountain pool near Valera was brought in last week, flowing around 300 barrels per day. The well was logged to the top of the oil bearing Strawn sand at 2,803 feet. This was about 100 feet higher than the same sand in the discovery well. After production was assured, the rig was moved to another location.

Bronte business men last week completed the organization of a Lions Club with Vernon Lammers as president. Twenty-four signed for membership in the new civic club and the membership drive will be kept open for several weeks until all men in the community have had an opportunity to join. Members of the Ballinger Lions Club assisted in the organization of the Bronte club at the first meeting.

In an effort to smooth out traffic conditions at Winters, two parking lots are being cleared and made ready for cars of merchants and others who work in the stores. This step was taken after petitions were circulated to have parking meters installed along the side walks in the business district. Civic leaders there thought that by providing parking space for merchants' cars, plenty of space would be left on the streets for the customers even on week-ends. Business men have agreed to use the parking lots.

Operators at Cisco and Rising Star are predicting a big increase in oil production in that section

shortly after the end of the year. They point out that many new leases have been completed on land between Cisco and Rising Star and that a number of companies plan to drill soon after January 1. Prices on new leases range from \$5 per acre up.

Strong opposition was voiced last week by Congressman O. C. Fisher to the proposal that a large game preserve be established within the Camp Bowie maneuver area. Mr. Fisher stated that congress had not in the past and he did not believe would favor the giving of such tracts of land for this purpose.

American Education Week, November 9-13, was observed by the Sweetwater schools, all rooms being open to visitors. "The

schools are yours" was the slogan for this special period, during which efforts were made to better acquaint patrons with their educational plants by inviting them to witness classwork.

An engineering firm has just completed a survey at Stephenville for the purpose of increasing the city water supply. The final report declared the best solution more wells and larger mains. The estimated cost to solve the problem was \$500,000. No action was taken by the city administration but an early start was said necessary to prevent a shortage next summer.

THE PURPOSE OF OUR ADVERTISING

We like to talk over banking matters with our friends who come here. But there are many others who do not get in to see us very often, or who may stay only a minute or two when they do come. So in our advertisements, we "broadcast" to everyone, ideas that occur to us or which may have been brought up in some of our conversations with depositors here in the bank.

By doing this, we feel that we can keep in closer touch with a larger number of our friends. We hope that you will be in our "audience" this year, reading these little messages, which we believe you will find interesting. We shall be very glad to have you ask questions at any time.

ALAN BAXTER FLORENCE RICE in "BORROWED HERO"

Alan Ladd Has Vigorous Role In Intriguing Story, 'Calcutta'

Paramount has presented Alan Ladd with a new and intriguing setting for his exciting brand of living and loving, and the result is said to be the most thrilling Ladd flicker to date. "Calcutta" is the title and background of the picture, and it is to be presented at the Texas Theatre next Sunday, Monday and Tuesday, November 16, 17, 18, with Gail Russell and William Bendix in the other starring roles.

Although "Calcutta" is laid in India, it is not a story about India, but a murder-mystery with an Indian locale. It also deals with the adventures of daring pilots flying the famous "hump" from Calcutta to Chungking. Ladd plays one of these pilots, who returns from a trip with his co-pilot, Bendix, to find that their flying buddy has been murdered — with an Oriental noose.

Ladd and Bendix cannot wait for the police to hunt down the murderer. They set out after him themselves, and things immediately begin popping. Ladd meets, falls for, but still suspects the girl who was supposed to marry

the murder victim, a beautiful American girl with a dubious background.

Gail Russell has the most unusual role of her short, but brilliant career as the girl Ladd alternately loves and slugs, while Bendix provides all of the comedy and much of the tough fighting in "Calcutta." Featured roles are handled by June Duprez as a night club singer, Lowell Gilmore and Edith King.

Spine-tingling action and split-second thrills are promised at the Texas tomorrow and Saturday, November 14, 15, when the latest Red Ryder picture, "Rustlers of Devil's Canyon," starring Allan Lane, is to be shown in conjunction with a PRC feature, "Heartaches."

For the western fan, the Red Ryder film is sagebrush drama as it should be played—all stops out with everybody swinging from the floor and no holds barred.

Rugged Allan Lane leads the way in the title role of Red Ryder and does a bang-up job, as aided by his pal, "Little Beaver" (Bobby Blake) he short-circuits a gang of cattle rustlers who are terrorizing the little Wyoming community of Sioux City. In the course of bringing the thieves to justice, Lane gets in some fast gunplay and wicked fistic action, proving once again how he came by the title of the "cowboys' cowboy."

A home-talent carnival sponsored by the Melvin Parent-Teacher Association brought in net proceeds of \$1,000. The affair, opening with a coronation ceremony at the high school auditorium, drew a capacity audience. Carnival booths, side-shows and games took in the money which will be used by the association in carrying on its work in the schools.

A three-day race meet at Brady sponsored each fall by the July Jubilee committee, attracted many spectators, the largest attendance being reported on Armistice Day. A track has been completed at the new plant of the July Jubilee, where stables were built to take care of a number of horses. The stands were packed for the first fall program.

'The Texas Wranglers' on Stage Of Texas Theatre November 19

A big stage show is coming to the Texas Theatre next Wednesday, November 19, presenting the favorites of stage and screen, "The Texas Wranglers."

"The Texas Wranglers" stage show carries five people, and this group of entertainers is built around the famous Trout family. There are four of the group from this family, and they are native Texans, living down in Central Texas. Events, to be exact.

Muri Alexander is the leader of "The Texas Wranglers," and he carries with him the wonder Hollywood horse "Smoky Boy," who has appeared in many western pictures. This horse does an act all his own, being put through his

'Bulldog Drummond Strikes Back' and Outdoor Film, 'The Kansan,' to Palace

Plenty of pulse-quickeners thrills combined with a romantic and exciting plot are in store for Palace Theatre patrons when they see "Bulldog Drummond Strikes Back," latest in the series of adventures of the Gebonair detective, which is being shown at the Palace Theatre today, tomorrow and Saturday. Another feature-length picture, "The Kansan," a short, "Rhapsody in Rivets," and chapter 6 of "Sea Hound," make up the program.

With Ron Randall in the title role, and Gloria Henry, Anabel Shaw, Pat O'More and Terry Kilburn also featured, "Bulldog Drummond Strikes Back" is a fast-moving story of murder and greed with the suave sleuth fighting his way to a startling solution.

Over 100 Legion Men Gather for Armistice Breakfast Program

More than 100 Legionnaires gathered at the Ballinger Country Club Tuesday morning at 6:00 o'clock to celebrate Armistice Day. The annual breakfast brought out the largest number of ex-service men in recent years and plans for the affair were well handled by a number of committees.

When the first veterans arrived Tuesday morning the cooking detail was ready for them and all were served as fast as they arrived. Following the meal the veterans were reminded of Armistice Day, what it means, and it was stressed that we are now living in a second armistice period in which politicians are trying to

'Ivy' Drama of Exil Woman Starring Fontaine, Knowles

"She's the kind of person I hate worse than poison." That's what Joan Fontaine has to say about the character she portrays opposite Patric Knowles, Herbert Marshall and Richard Ney in Universal-International's "Ivy," to be shown at the Ford Theatre Sunday, Monday, Tuesday, November 16, 17 and 18.

Joan also has another description of the character. "A clinging vine who turns out to be poison ivy." That's a pretty good description. In the picture Ivy apparently is a sweet young thing who clings to anyone and everyone for protection. But underneath she's black as coal, a woman who mur-

ders her husband just so she can be free to go after a man with more money.

Joan took the assignment on very short notice. She read the script quickly, gave her consent just as quickly and started shooting 10 days later, with her wardrobe only one-third completed. Stars seldom go into pictures in such a rush. They like plenty of time to think things over and plenty more time for preparation.

Joan isn't that way, however. She knows what she wants, is quick to make decisions and once made she seldom changes her mind.

There were two things about "Ivy" which sold her on it at once. One was that it gave her an opportunity to play a "heavy" for the first time. The other was that in addition to being juicy, the role completely dominates the picture, furnishing motivation for everything that happens.

Sir Cedric Hardwicke heads the featured cast which includes such well-known Hollywood players as Lucile Watson, Rosalind Ivan, Sara Allgood and Henry Stephenson.

Holidays Announced For Thanksgiving In Ballinger Schools

The Ballinger schools have announced Thanksgiving holidays to start Wednesday, November 26 and students and teachers will have the remainder of the week off.

The 69th annual meeting of the Texas State Teachers Association will meet in San Antonio November 27, 28 and 29. Advance information indicates that approximately 15,000 teachers will attend this year. Supt. Frank M. Jackson, of San Angelo, is president of the association, and Miss Mattie Cook, of Winters, is a member of the house of delegates.

Three general sessions for the group will present such speakers as Congressman Walter H. Judd, of Minnesota; Mrs. Agnes E. Meyer, of the Washington Post; Dr. A. J. Stoddard, of Philadelphia; Dr. L. D. Haskew, of the University of Texas; and Dr. Glen E. Snow, president of the National Education Association.

Fifty section meetings are scheduled. Colorful entertainment is also being planned.

arrange another peace that will last. Each veteran was urged to accept his responsibilities in his community and nation in seeing that American remained strong and ready to defend itself against any foe.

Gold star fathers were recognized and the group stood in one minute of silence for those who made the supreme sacrifice. Gold star fathers present included C. D. Richards, Henry Wiesepape, E. H. Powers, Henry Goetz and A. J. H. Borders.

Following the program the men spent the rest of the morning playing games and talking over war experiences. Most of those present remained until about 11 a. m., when the party broke up to go to Coleman for the afternoon football game.

How do you feel at the end of a day? Is that old time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now regain their glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a general run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow cheeks. "CP" is displayed in addition to private brand names. • Before "CP" mark of quality is added seven-teen performance and convenience advantages must be built into the range. • Some of these advantages are: automatic lighting for oven, broiler, and top burners, automatic oven heat control, smokeless broilers, fixed simmer position on all burners. • Look for "CP" before you buy.
