Memberships Being Sold For Concert Appearances

Approximately 100 men and women assembled at the Central Hotel Monday evening for a dinner and to receive instructions and supplies for a campaign to sell memberships for the Municipal Concert Company. The drive got underway Tuesday, when 100 people began calling on prospects.

Mrs. Leora Craig, representative of the concert company, was here Monday night to give information on the concert appearances and remained here this week to head the membership campaign. All workers are reporting to her each evening, turning in the money and memberships sold during the day. The drive will end Saturday evening and after that no additional memberships are to be accepted.

Memberships are sold to adults at \$6, and to students at \$2.40, tax included.

As soon as the sale ends a talent committee of five will be appointed and will select the concerts to be presented in Ballinger. The company offers a wide choice of artists from which to book programs and the number of memberships sold will determine the size of the groups to be heard here.

Under present plans three concerts will be presented in Ballinger during the remainder of this year and the first part of 1949. If more than \$1,500 is sold in memberships, additional concerts will be selected and scheduled.

The campaign is a whirlwind affair and after Saturday no more memberships will be taken by the association. There will be no tickets for a single concert and admission will be by membership only.

The association will be organized and officers elected at the first concert this fall.

This is the first attempt in several years to bring concert artists to Ballinger and the meeting Monday night was marked by much interest and a desire to work on the part of a large number.

Workers reporting late Wednesday afternoon had many sales of memberships, and several were nearing their goal of fifteen members, which entitles each to one free ticket.

Workers are to meet at the chamber of commerce office this evening at 6:45 and turn in as many sales as possible.

Appointment of the talent committee was made Wednesday and this group will meet tomorrow afternoon at 5 o'clock to select artists for the concerts here. The committee is: Mrs. Arthur Glecke, Miss Carmen Demmer, Miss Olga Schawe, Troy Simpson and Marvin Davies.

Judge and Mrs. E. C. Grindstaff left Saturday for Dallas to attend the annual meeting of the Texas County Judges and Commissioners Association.

Frankie Berryman was in Dallas the first of the week to attend the convention for county judges and commissioners.

Frank Flynt Motor Presented Award At Program Here

Officials of the Dallas division of the Ford Motor Co. were here Wednesday night to present the Frank Flynt Motor Co. the four-letter award the company is bestowing on qualifying Ford dealers at this time.

This was one of the first awards to be made in this section and is the highest badge of distinction a Ford dealer can earn. The award was presented by District Sales Manager P. G. Griffin.

The award was made at a dinner program at the Central Hotel at which all employees of the Flynt Motor Co. and about 25 special guests were present.

The four-letter award represents sound finances, efficient management, competitive spirit and modern facilities. The Ballinger dealer has met all requirements which is an attainment all employees as well as the management feel proud to reach.

The Dallas representatives arrived here yesterday afternoon in time for a visit to the Flynt Motor Co. and then assembled at the Central Hotel for the banquet and program at 8 p. m.

Defendant Wins Verdict in Trial Asking Damages

A jury in 119th district court rendered a verdict in favor of the defendant in a suit seeking \$60,000 damages. Frederick W. Bredemeyer, Edward Gottschalk and G. T. Pounds, Jr. were plaintiffs and Sunset Coaches, Inc., was the defendant.

The trial began last week and was continued until Monday to receive all evidence and the arguments by counsel. The case was the outgrowth of a car-bus collision near Winters last February.

The jury answered thirty issues in the suit, the main one deciding that the bus driver was not negligent in the performance of his duties. Under this verdict plaintiffs will be unable to collect damages from the company.

The jury set damages for Bredemeyer at \$500 and \$1,000 each for Gottschalk and Pounds. Judge O. L. Parish delayed signing a judgment in the case Monday but was expected to file it with the district clerk this week-end.

The trial was recessed several days last week to permit Judge Parish to attend the funeral of a relative.

State X-Ray Unit Makes 4,172 Films In Runnels County

The State Tuberculosis Association's transportable x-ray unit completed its work in Runnels county last Thursday when the clinic at Winters was closed and the unit moved on to Sweetwater for work in Nolan county.

Wednesday and Thursday of last week a total of 864 were taken through the clinic at Winters to make a grand total of 4,172 pictures made in Runnels county. This fell short of the 5,000 hoped for by officers and members of the Runnels County Tuberculosis Association.

At Winters the unit was set up in the Speer Motor Co. building for the two days. A number from outlying communities came to Winters to have pictures made, but the total there was less than had been expected.

All films made in this county have been sent to Austin for developing and to be read by three specialists. As soon as they are completed all whose chest pictures were made will receive reports on the findings.

The next big event for the county association will be the annual seal sale. This will be started in November about the Thanksgiving holidays, and continued until the Christmas holidays.

Various phases of this campaign will be arranged soon and a list of those who are to have charge of the work will be published.

Local Church Women Conduct Campaign For Overseas Relief

United Church Women of Ballinger are preparing to launch a "Pack a Towel for a Teen-Ager" campaign, to be concluded by November 29. This annual drive is conducted by the group for aiding unfortunates in Asia and Europe. This year efforts will be centered on helping teen age boys and girls in the many displacement camps who need almost everything and whose desires are the same as any other boy or girl.

The aid movement was started by the United Church Women of America in 1945 when a million diapers and thousands of layettes were sent to foreign lands. In 1946 half a million "kiddle kits" were shipped in 1947 boxes and bundles were shipped.

The 1948 plan is: Start with a pretty bath towel 22 inches wide. On one end of the towel fold new, or good as new garments, as complete an outfit as possible. Include bedroom slippers with soft soles, new material for dress, yarn, sewing kit. Also fold in soap, comb, tooth brush, hairpins, handkerchiefs, socks, stockings, necktie, scarfs packed into a pocketbook, pouch or washcloth, writing material. Use nothing breakable or that will spill. Include a friendly note with sender's name and address.

Any member of the United Church Women will be glad to receive the bundle and see that it is included in the shipment. The Ballinger organization hopes to collect a large number of these packages and everyone is asked to participate. There is no waste or overhead in this movement and 97 per cent of everything given reaches its destination.

Leaders outlined the plan at a meeting of women representing various faiths Monday and many are reported to be making up their bundles at this time.

Mr. and Mrs. George Beard left Friday for Tulsa and other points in Oklahoma, where they will spend a week visiting their son, A. D. Beard, and other relatives and friends.

Mrs. J. M. Tindall left Wednesday night for her home at Little Rock.

Mr. and Mrs. A. O. Bartlett, and Bob Bartlett of Schreiner Institute, Kerrville, and Mr. and Mrs. Marion Holman, of Phoenix, Arizona, returned Monday from Weslaco, where they visited Mr. and Mrs. Gaston Bartlett. They were on hand for the opening of the white wing dove season in the valley.

New Beddo Well Gets 250 Barrels in Gardner

A strike in a new oil sand in Runnels county the past week-end has touched off new interest and will assure considerable further drilling.

Production is from the Gardner sand in a well on the Beddo farm a short distance northeast of Ballinger. The test was started for production in the shallow Beddo pool but was carried on to a depth of 3,817 to 3,837 feet. The well headed 38 barrels of oil in three hours Friday, and in the official gauge Sunday night production was 128 barrels in 12 hours. Local oil men predict the well will be good for 250 barrels at steady production.

The hole was drilled by Al P. Goebj and Virgil J. Powell, of San Angelo.

The rig was moved Monday to

a new location on the J. L. King estate. This location is only a short distance from the old Watchhorn gas well, which was drilled to within about 300 feet of the Gardner sand when a strong gas pressure was encountered.

A number of deals are underway this week which carry drilling contracts and new tests are expected as soon as titles are perfected on a number of leases. It also was predicted that some drilling is probable on tracts on which oil has been found at shallow depths. Some oil men believe holes probably will be drilled as far distant as the McMillan field.

Additional drilling will tend to show the depth of the new producing sand and the directions for best production.

Runnels County Exhibit Wins First at San Angelo

18-Year-Olds Must Sign up at Coleman Late Ruling States

Roger Wheeler, Runnels county member of the Coleman-Runnels draft board, was in Coleman yesterday to attend a meeting of the board. While there he received information which is different from what had been given heretofore.

Those who become 18 years old must register within five days of their birthdays and it will be necessary to go to Coleman and sign up at the office of the draft board. A previous announcement had been made that registrations for Runnels county boys might be made at the Ballinger Chamber of Commerce office, but instructions from state headquarters say all registrations of any kind, after last Saturday, must be made at the draft board office.

Registrations through Saturday totaled 1,012 in Runnels county and 712 in Coleman county. The first of the week 250 questionnaires were mailed to single, non-fathers, non-veterans, and those questionnaires which had been returned were classified by the board at the meeting Wednesday. Any registrant not satisfied with his registration may make an appeal through a special board set up at Coleman.

Mr. Wheeler said he wished to express appreciation to the many people who assisted in the registrations. For ten days six booths were maintained at Ballinger, Winters, Wingate, Norton, Miles and Rowena, volunteer helpers manning each booth. A booth had been maintained at the court house here from the latter part of August through last Saturday.

Grand Jury Venire Called for Fall Term Of 119th Court Here

A grand jury venire of sixteen men has been summoned to be here at 10 a. m. Monday, October 4, to serve in 119th district court. Judge O. L. Parish set jury week for October 4 and instructed that the veniremen be called for this date.

Several cases are to be submitted for investigation. Grand jury veniremen to report are:

Walter Adams, Winters; Jasper Albright, Winters; Carl Baldwin, Winters; Ralph Ballou, Ballinger; E. T. Branham, Jr., Ballinger; Marvin Davies, Ballinger; La Dill Davis, Winters; Joe Dierschke, Rowena; R. E. Dorsett, Winters; Ras Gideon, Winters; W. T. Schneider, Miles; Joe G. Simmons, Miles; Henry Teplick, Rowena; Delbert Vancl, Ballinger.

The Runnels county agricultural booth won first place at the San Angelo fair, judging being finished Tuesday afternoon when ribbons were awarded winners. The exhibit scored 1,413 points out of a possible 1,500 and is attracting much attention from fair visitors.

The prize money of \$100 will go to the 4-H club boys and girls of this county who assisted in gathering products for the exhibit and also in arranging it.

John A. Barton, county agent, and Miss Ollie Chenoweth, county home demonstration agent, helped in assembling and preparing the material to fill the big score card on county exhibits. Walter Lange, of Olfen, also assisted and helped decorate and arrange the booth. Others assisting included Lloyd Rumsey, assistant county agent; Anna Lene Fuchs and Lucille Halfmann, 4-H club girls; Hilary Gully, Marcus Hoelscher, Charles Hoelscher, 4-H club boys.

The booth will remain intact at the fair until Sunday afternoon. A group left Monday morning for San Angelo to arrange and decorate the Runnels county booth at the San Angelo Fair and Race Meet. In the party were Walter Lange, John A. Barton, Lloyd Rumsey, Miss Ollie Chenoweth, two 4-H club boys and two 4-H club girls.

For several weeks local leaders and club members had been assembling the articles called for on the score card and everything required had been found and prepared for exhibit Monday morning. The background has the wording, "Runnels County" in large letters made of lint cotton, and below is a painted slogan, "Home of Diversified Farming."

Items called for on the score card included a full showing of field crops, fruits, garden produce and a large assortment of canned foods.

The quality of the products assembled for the display is said to be of high class.

Seth Swift, of Los Angeles, was here the first of the week, visiting relatives and friends. Mr. Swift is a pioneer of this county, having been reared at Runnels. He left here in 1901 and has lived in California ever since.

J. W. Moore and Sam Behringer spent Tuesday at Temple, where they visited Rev. E. L. Craig, who is a patient in the Scott & White Hospital. They found Rev. Craig doing nicely following surgery last week.

This is Our Policy... on
DELIVERIES, TRADE-INS, FINANCING, ACCESSORIES

When an automobile manufacturer produces a car so obviously ahead of the times as the Futuramic Oldsmobile, it's only natural that demand for that product should reach record-breaking proportions. Add to this today's pent-up need for automotive transportation—plus continuing shortages of steel and other critical materials—and you'll see why we, as Oldsmobile dealers, have a real problem on our hands. We value the good will of all our customers. We would like to provide all our customers with new Oldsmobile cars. But unfortunately, *this can't be done overnight.* That is why we are taking this opportunity to reaffirm publicly our POLICIES ON NEW CAR DELIVERIES, as listed in the box at right. We believe that under present circumstances these policies constitute a sound basis for "fair play" to everybody. And we hope that, on this basis, we may continue to serve you and merit your patronage for Oldsmobile and for ourselves.

OUR PLEDGE TO THE PUBLIC
DELIVERIES—We will deliver all new Oldsmobiles at the earliest possible date consistent with production.
TRADE-INS—We will take your order and deliver your car without requiring a trade-in. However, we have many valued used car customers we would like to supply, and we will give you a fair and reasonable allowance on your present car.
FINANCING—You may pay cash for your new Oldsmobile or finance it wherever you wish. We will be glad to furnish low cost finance and insurance terms if you so desire.
ACCESSORIES—All cars are delivered with accessories as ordered, and prices are figured to cover these. We pledge ourselves to add no "extras" except those each customer orders.

Randy Scott, Marge Chapman Stars of Epic 'Coroner Creek'

"Coroner Creek," Columbia's epic western in cinecolor, is to be presented at the Texas Theatre Sunday, Monday, Tuesday, September 26, 27 and 28. Randolph Scott and Marge Chapman are starred, with George Macready, Sally Eilers and Edgar Buchanan heading the supporting cast.

Scott, following his triumphs in the successful "Gunfighters" and "Albuquerque," returns to the screen in another portrayal of a lean, tough Westerner. As a stern, avenging cowboy, he's equally adept with fists or six-shooters. Playing opposite him is Miss Chapman, who, with her first outdoor epic behind her in "Relentless," has the part of the proprietor of a frontier hotel who loves and believes in Scott.

Forrest Tucker and Wallace Ford have meaty masculine roles, while Barbara Reed is another member of the distasteful side in an important part.

The furious, dramatic action called forth in the story of a cowboy gun-crazy with hate for the betrayer of his beloved is said to be seldom equalled for sheer and overpowering brutality. Such

events as an Indian raid, a cattle stampede, fist fights galore and shooting frays a-plenty highlight the action. The colorful locales of Arizona and California were utilized for the outdoor shots.

"Guns of Hate," an RKO Radio production, "Lone Star States," a Paramount screen song, and "The Enchanted Valley," a modern woodland idyll filmed in cinecolor, are linked in the special program to be shown at the Texas tomorrow and Saturday, September 24, 25.

Alan Curtis stars in "The Enchanted Valley," with Anne Gwynne in the feminine lead. Charley Grapewin and Donn Gill, crippled youngster of "The Yearling," are also featured, with Joe Devlin and Joseph Crehan in other important roles. More than twenty trained birds and forest animals contribute their talents to the film as well.

Furred, feathered and human creatures alike were directed by Robert Tansey, Academy Award winner, from an original screenplay by Frances Kavanaugh.

Mrs. Susie Faye Kallina left Monday for Denton, where she will be a student at T. S. C. W. this year.

'Mating of Millie' Tells Hilarious Story Of Girl Who Needs and Gets Husband

"The Mating of Millie," new romantic comedy, is the mid-week attraction at the Texas Theatre next Wednesday and Thursday, September 29, 30. Starring Glenn Ford (Gilda's guy) and Evelyn Keyes (Julie Benson of "The Johnson Story"), this Columbia picture has been heralded as the hilarious tale of a girl who needs a husband quickly (for the strangest reason) and a very personable young man who doesn't object to marriage, so long as it doesn't happen to him!

The story is all about a prim, fiancee-shy department store executive, (Miss Keyes), who wants to adopt an orphan but can't until she finds a husband. A floor-

walker in the store, (Ford), is the first one she tries to lure into a convenient marriage. He likes his freedom too much to fall in with her plans, but he promises to help her snare a mate!

Under his expert guidance, she turns into a vivacious beauty with a goodly amount of come-hither appeal. The change is so complete that two handsome acquaintances, who until now had only shown a casual interest, begin falling all over themselves in an effort to propose. But she wants Doug. He finally succumbs, but independently demands that it be on his terms. What they are is reported to be the funniest punchline in years.

'Half Past Midnight' Thrills, Terror and Triumphs Of Pioneers Seen in 'Arizona'

A Gene Autry starrer, "Bells of Capistrano," in which Smiley Burnette is the featured comedian, and "Half Past Midnight," neatly-turned mystery thriller which employs the elements of danger and romance to exciting advantage, make up the double-feature program at the Palace Theatre today, Friday and Saturday, September 23 through 25.

"Half Past Midnight," 20th Century-Fox film starring Kent Taylor and Peggy Knudsen in a cast which includes Joe Sawyer, Walter Sande, Martin Kosleck and Mabel Paige, achieves a high-spirited note through the breezy character of the central figure, Wade Hamilton, played by Taylor, whose greatest talent is to run head-on into mystery and murder. This amiable gent steps out for a night on the town and walks into trouble enough for two when he meets beautiful but troubled Sally Parker (Miss Knudsen). A series of suspenseful scenes follow in which the two see their alibi lost when the only eye-witness is also murdered. It is only with the intervention of a detective pal that Hamilton is given time to lead the police to the real killer.

Dr. and Mrs. F. M. Hale are in Nacogdoches this week, visiting their daughter and family.

A wide-open desert city of the 1860s, Tucson, Arizona, is the colorful scene of Columbia's great motion picture spectacle, "Arizona," which is to be presented at the Ford Theatre Saturday, Sunday, Monday and Tuesday, September 25, 26, 27, 28. Jean Arthur is starred as a pioneer woman among a thousand brawling men.

The supporting cast is headed by William Holden, Warren William, Porter Hall, Edgar Buchanan and Regis Toomey. Produced and directed by Wesley Ruggles, "Arizona" has been hailed as a mighty outdoor action drama, a turbulent romance and a magnificent adventure.

It's the story of early Tucson, when advancing civilization whipped into submission both the Indians and the renegade whites, when that very civilization brought into the far frontier the terrors

and trials of the Civil War. For the film, Columbia reconstructed the Arizona desert the entire city of Tucson of another day.

"Arizona" is based on Clarence Budington Kelland's stirring novel which was serialized in the Saturday Evening Post and adapted for the screen by Claude Binyon.

Lt. Murrell Landreth has sailed from San Francisco for active duty with the air force on Guam. Lt. Landreth completed pilot training during World War II and recently re-enlisted. Mrs. Landreth and twin daughters, Kay and Mike, are making home here with her parents, Dr. and Mrs. Charles Cheatham.

The tax-paying period for all property owners begins October 1. As in previous years the county and state levies will bear discounts for early payments: 3 per cent in October, 2 per cent in November, and 1 per cent in December. Most of the local collecting officers state they will be ready for early callers. Receipts have been made up and bound and the three local offices, city, school and county-state anticipate a big business in October. The city and school district give no discount, but many local people pay taxes at these offices early to avoid the last minute rush.

The Runnels County Tuberculosis Association has just finished a good job by bringing the state transportable chest X-ray unit here, thereby providing more than 4,000 films of Runnels county citizens. The local group does much work and has improved its services each year. Skin tests are provided in the schools and many cases are given assistance where families are not able to pay for complete examinations. This year has been the county association's biggest in taking the program to all adults. Within a few weeks results of X-rays will be made known, each person receiving a memorandum on the findings. Those who have any questions in regard to the readings should see their physicians at once for further check-ups. In this way you will be cooperating fully with the

association, which is working to stamp out tuberculosis.

For the first time in several years the city is at a standstill in major construction. The completion of the new water system, street and alley paving and the disposal plant for the sewer system is as far as the commission can go at this time. Left unfinished is the sewer system which was to have been extended to every section of the city. Money voted for this purpose in revenue bonds has been spent and some other plan of financing will have to be provided before extensions can be built and services offered to all residents. This is a project which is being pushed by health authorities and the best conditions cannot be expected here until hundreds of cess pools, septic tanks and pit toilets are eliminated and modern sewerage provided. People living in sections not served by the limited system desire this service and in most cases could save money annually because of trouble experienced with make-shift disposal apparatus. City officials have gone as far as possible with the funds provided.

Buy bonds every pay period.

WEST TEXAS NOTES

The Winters Town Hall Association has begun a membership drive to be closed the latter part of the month. The association will bring to Winters four or five numbers, including nationally-known entertainers and speakers. Memberships will be sold at \$10 per couple, \$6 for an individual and \$3 for each student. No tickets will be sold to the performances and admission will be only by membership. As soon as the drive ends selection of the course will be made and dates announced.

The sight conservation committee of the Coleman Lions Club has presented County Superintendent D. E. Loveless an eye-testing machine, to be used in all schools in the county. A full supply of charts and records were purchased with the machine and complete files will be kept on the condition of the eyes of all pupils in the county.

The Brown county commissioners' court last week called a special beer election and set the date for October 9. It will be the first beer election since May, 1941, when the county voted to remain dry 2,458 to 1,901. A petition, bearing the names of about 900 qualified voters, was presented to the court asking for the referendum. Brownwood has been dry since before national prohibition, but beer was sold at Camp Bowie, on the outskirts of the city, and in other Brownwood installations during the war.

A large number of farmers interested in dairy livestock were

present for the one-day dairy meeting at Rising Star last week. O. D. Dillingham, owner of the Banner Creameries, spoke on the merits and demerits of establishing a number of grade A dairy herds in the vicinity. Consideration was given the establishment of milk routes in case herds are formed.

Water rates at Comanche were reduced last week after rains put a three months supply in Lake Eanes. The mayor reminded patrons that the lowered rates were still on an emergency basis and that restrictions were still asked in the general use of water. The rains came at a time when the best wells in the city were falling. The current scale is \$1 for the first 1,000 gallons and less for heavier consumption.

Menard county 4-H club judging team members have begun training for contests to be held at the State Fair, Dallas, on October 19. The three top teams from Menard, Nueces and Bexar counties will compete with three top F. F. A. teams and the winning group will represent Texas at the International Livestock Show to be held at Chicago November 26. Four boys have been chosen for the Menard team and are receiving special training.

Installation of new mercury vapor street lamps was started at Snyder last week by a Texas Electric Service Co. crew. Steel standards with full lighting equipment are being put up in the center of the business district. The

new lights are the first of 80 to be installed. Lights to be placed outside the business district will be on wooden poles.

The cornerstone for the new St. Paul's Episcopal Church at Brady was laid in a special ceremony September 18. The Rt. Rev. Everett H. Jones, bishop of West Texas, officiated for the rites. Episcopals from Menard, San Saba and Llano were present. Contractors will begin work at once and will try to have the new structure finished before Christmas.

At a meeting last week of the Miles National Farm Loan Association J. E. Blackwell was elected president; S. E. Palmer, vice-president; and C. S. Coleman, secretary. Members of the loan committee were also appointed at this meeting and financial reports were given members.

At a meeting of the Coke county commissioners' court last week all bids for the construction of the Coke county hospital at Robert Lee were rejected. Judge Bob Davis stated that the bids were too high, the lowest being \$65,470. An election held in March authorized the court to issue time warrants for the construction but bids submitted were for considerable more than was anticipated.

Bronte schools had an enrollment of 278 at the end of the first two weeks, and there was a slight decrease in the high school division over last year. The lunch room has been feeding from 195 to 205 at the noon hour, and most of the special student groups are organized for activities.

Bearcats to Open Home Season Friday

The football curtain will be pulled back here tomorrow (Friday) night at 8:00 o'clock and local fans will have their first opportunity to see the 1948 Bearcats in action. The Dublin Lions will furnish the opposition and each team has a victory to its credit, the Lions defeating the Lake View Indians last Friday night by the score of 27 to 12, while the Bearcats were overpowering the Roscoe Plowboys by the count of 13 to 0.

Coaches Wayman Wilson and Douglas Cox have been working the squad hard this week, trying to make a big improvement, especially in some departments. Passing is being stressed this week in an effort to get better throwing and receiving so that a bigger variety of plays can be hurled at opponents.

The Ballinger defense came through in good style at Roscoe and held the Plowboys to only two first downs.

School officials stated everything was ready here for the opening game. All grandstand seats were painted three weeks ago and have had time to dry. Concession stands have been repaired and made ready for use by the Future Farmers of America and drinks and eats will be on sale to customers. Pillows will be available at the grandstand entrance and pep squad girls will have souvenir programs at the gate to sell at a small price. The colorful programs, furnished by the Coca-Cola Co., will show the number, name, position and weight of each player.

Home fans will again occupy the large stand on the west side of the field and the other stand is for visitors.

Game time will be 8:00 o'clock but band and pep squad entrances are scheduled about 7:30 p. m.

METHODIST PASTOR HAS SUCCESSFUL OPERATION

Rev. E. L. Craig, in Scott & White Hospital, Temple, is reported to be improving this week after having a tumor removed from his brain last week. Attending surgeons stated that the operation was successful in every particular and added that after two weeks the patient could return home and expected him to be as good as ever in four or five weeks.

Rev. A. S. Gafford, of Brownwood, was guest speaker at the First Methodist Church Sunday morning in the absence of the pastor, Rev. E. L. Craig.

SPORTS

"Let's Go Bearcats," is the cry of the football fans this week as the lads prepare for the opening of the home season tomorrow (Friday) night. Game time is 8:00 o'clock and a record crowd is expected at Bearcat Field.

Coach Dillard Adair, a Ballinger boy, former player and coach at Ballinger high, will bring his Dublin Lions to town to meet the Bearcats. The Lions played their first game of the season last Friday, defeating the stubborn Lake View Indians by the score of 27 to 12. There will be a little "brotherly love" grudge in the game tomorrow night, with Doug Cox, Adair's brother-in-law, who is assistant coach of the Bearcats, out to defeat the Lions.

A large part of the Ballinger team is new this year. Some of the boys have played a little on the first squad, on the "B" team or at junior high, but this will be the first appearance in the regular Bearcat line-up. The fans can help to make this team a winner by filling the stands and staying behind the lads, win or lose. The new players have been making fast progress since the training period and with a few more contests behind them will give a good account of themselves against anybody's team. Coaches and players expect to improve with each game during the 1948 season and so far have met expectations. Good fans will make possible a good team. Remember these players are only kids and a slap on the back will spur them on while criticism will hurt.

Besides a good team and a good game, the old sideline color will be there. The Bearcat band and pep squad are up to par and will be that "twelfth" man in every game. Pillows, programs, drinks and eats will be available for all who want them and a public address system will be employed for all necessary information but not to the extent that it interferes with enjoyment of the contest.

Ballinger fans are also interested in another game this week. A large crowd will go to Brownwood Saturday night to watch the Howard Payne College team in its home opener against the Texas A. & I. Javelinas, of Kingsville. Local fans have two interests in this

set-to. One is because Coach Felton ("Pooch") Wright is at the helm of the Howard Payne crew and second because a number of former Bearcat stars will be seen in the game.

A letter this week from Coach Wright states that the Yellow Jackets have begun to roll along and in this improvement Ballinger lads are looking good. Bill Scoggins is likely to be seen in plenty of action at center, where he is making a fine record. George McCortain, former Bearcat backfield ace, and an excellent passer, is going good. Sonny Davenport is showing much ability and is due to see some action. Bud Wright, son of the coach and a former Bearcat, is dividing time at center. Wendell Byler, grandson of Mr. and Mrs. Hamp Byler, in the words of Coach Wright is "hot as a pistol." Byler, playing in the backfield, is a deluxe passer and punter as well as a ball totter. Dickie Cope is moving in at a guard position and on the playing roster. Game time is 8:00 p. m., at the high school field.

County's 4-H Club Boys to Show Stock At West Texas Fair

A number of Runnels county 4-H club boys will take exhibits in poultry and livestock to the West Texas Fair, Abilene, next week. It is also planned to enter a Runnels county agricultural exhibit in the community division of the fair and the farm products now on display at San Angelo will be taken to Abilene late Sunday evening.

Obie Dee Bradford will show 9 capons, three single and three trios in the poultry division at Abilene next week.

George and Robert Pruser will exhibit two Shorthorn calves in the livestock division.

Weldon Minzenmayer will enter five registered Southdown sheep in the special division for this class.

William Minzenmayer will enter a fat Hereford calf in the competition.

Special Committee Reports on Study Of State's Schools

A \$2,400 annual base pay for Texas teachers was approved by the Gilmer-Aiken committee in session September 11 at Kerrville. This committee is an advisory group for the Texas legislature in a study of the state's schools.

The \$2,400 salary would be for beginner teachers holding degrees and those with experience and higher degrees would receive more on the scale. In the consideration of school problems the committee approved a teacher for each room of 25 pupils.

The best method to appoint a board of education for the state came up for much discussion. At present the state superintendent is elected and members of the board are appointed by the governor. A report given favored the election of a nine-man board from nine districts in the state, this board to be given the power to appoint its officers. Each member would serve a three-year staggered term.

Another important action favored by the committee would permit only independent districts of uniform type, replacing the 3,868 common and 987 independent districts in the state.

Counties which failed to reorganize into efficient districts within three years would be reorganized by a commission to be created by the legislature. Under this system the office of county superintendent would be abolished after three years.

The committee pointed out that when salaries were raised schools would have the right to expect better teachers and a resolution asked the legislature for an 18-man commission to study ways of securing efficient instructors.

The Gilmer-Aiken committee has been working with the Texas State Teachers' Association on all proposals to be presented to the legislature.

Local school officials are keeping close tabs on the recommendations of the committee which will affect all schools in this county.

Lloyd Rumsey, assistant county agent, stated that there might be other entries from this county at the Abilene show but had only sent in entry blanks on the items listed above.

IS MEDICINE DESTROYING ITSELF?

★ Things dramatic capture the imagination, sometimes to the point of distorting the perspective. This is as true in medicine as in other fields. The sensational results with sulfa drugs and penicillin are examples.

Less dramatic, but responsible for saving uncounted lives, are the broader public health measures. Sewage disposal; swamp clearance; water, milk, and food inspection are but a few of these triumphs.

The physician and the pharmacist have always been leaders in the field of preventive medicine. This fact led James Brice to observe, "Medicine is the only profession that labors incessantly to destroy the reason for its own existence."

The fight, however, is far from won. Diagnosis and treatment of disease are still the primary functions of the physician. The accurate filling of prescriptions is our responsibility as pharmacists.

"SOAPLESS SUDS" NOT GOOD FOR LINOLEUM FURNITURE; OK FOR CLEANING DISHES

COLLEGE STATION, Sept. 15.—The "soapless suds" or synthetic detergent powders have found wide favor with housewives, as they are generally excellent oil and grease removers. They are especially good for washing greasy pans and dishes.

Mrs. Bernice Claytor, extension home management specialist for Texas A. & M. College, says that this advantage—of dissolving grease—is not so good in washing linoleum, paint or furniture. "Detergents draw out the oil, causing finishes to dry out," she points out. "Oil is an essential ingredient in linoleum and oil paint."

Even ordinary soap will have a drying effect on linoleum and paint and should be carefully rinsed off, Mrs. Claytor says. She particularly warns against the use of grease solvents on linoleum. "One of the best ways to keep linoleum in good condition," Mrs. Claytor concludes, "is to wax it

'God of the Atom' Picture is Booked At Baptist Church

Proof that atomic energy is not too technical to understand or too dangerous to talk about will be presented at a free showing of "God of the Atom," natural color scientific film, at 7:30 p. m. Wednesday, October 6, at the First Baptist Church, according to Rev. B. J. Martin, pastor.

"God of the Atom" has been shown to church and school audiences averaging more than 85,000 a month since its release last September. The film is one of a series including "Voice of the Deep" and "The God of Creation," produced by the Moody Bible Institute of Chicago.

It will be shown here by a special Moody film representative, Rev. Percy A. Bagge.

Approved by the American Scientific Affiliation and commended by the Atomic Energy Commission, "God of the Atom" includes actual photographs of the Nagasaki and Bikini explosions as well as scientific apparatus used in atomic research. Narration is by Irwin A. Moon, preacher-scientist, famous for his "Sermons from Science" demonstrations during World War II.

"It is a remarkable film with authentic scientific information," Dr. G. M. Shrum, head of the physics department at the University of British Columbia, said

after a preview there. Appearing in the film is Larry Johnston, young physicist who aided in atomic development at Los Alamos and photographed all three wartime bombs as they exploded.

In an exclusive sequence, photographs of the giant 184-inch cyclotron at the University of California are shown. Concrete walls have since been built around the cyclotron, which has been rendered dangerously radioactive. "God of the Atom" concludes with a summary of the world crisis caused by the discovery of atomic power, and offers a unique solution to the problem.

ABILENE BUSINESS MEN ADVERTISE FAIR HERE

Abilene business men and members of the Abilene Kiwanis Club were in Ballinger Tuesday afternoon to advertise the West Texas Fair which opens next Monday for a full week.

Traveling in a chartered bus and carrying special entertainment, the Abilene boosters presented a short program on the streets here and extended an invitation to Ballingerites to attend the fair.

Although Texas is using several times as much commercial fertilizer as before the war, the supply is still limited because many of the fertilizer factories are army controlled. And the army is sending much of its fertilizer to Germany and Japan to build up agriculture in those countries.

Be wise—advertise.

EARNSHAW MOVE TO DALLAS

R. W. Earnshaw was here the first of the week to assist his wife in packing and moving their

Mr. and Mrs. W. O. Irby, who bought the Earnshaw residence in Wilke Terrace, will move there in the near future.

ON THE FENCE—Work watchers observe stock handling in a corral at Boys' Co-op Ranch of West Texas near Tankersly. The ranch is to be opened for homeless, neglected and dependent boys from 32 counties of West Texas. Boys will be admitted upon recommendation of juvenile authorities and will be reared under the influence of a normal home environment. The ranch will be largely self-sufficient once it is opened, the boys tilling the soil and raising stock to support their own home.
