C. of C. Directors Discuss Important Business Items

Directors of the Ballinger Chamber of Commerce met Monday night to attend to considerable business and hear numerous reports.

C. D. Richards, chairman of the committee to look after the Christmas program, reported that replies on 150 letters mailed to local business men brought only 21 answers. These 21 were in favor of a better program and pledged contributions of \$168 to be used for this purpose. The committee estimated \$600 to \$700 would be needed to carry on the work properly and post cards were sent out Tuesday to 125 firms that failed to answer the original letters.

A discussion was held by the directors in regard to a tax-supported institution. No action was taken on the proposal but directors are to give the matter further study and it will be brought up at the next meeting. Those in charge of memberships and budget reported that the organization was handicapped for funds and that the maximum amount apparently had been reached here on a membership and contribution bases.

W. B. May gave a report on a meeting with a representative of the Trans-Texas Airlines. This company is seeking a stop at Ballinger for passenger, freight and mail service and Mr. May stated that only minor improvements would be necessary at the local airport. C. D. Church, district engineer for the CAA, has been invited to come here and look the airport over and suggest work that needs to be done. Any expense would be shared 50-50 by the CAA.

Manager Roger Wheeler reported on the meeting of the Great

Plains Highway Association held at Junction last week which was attended by him and W. O. Wallace.

Otis Jacob reported on results of fire prevention and clean-up week in Ballinger. He said eleven miles of alleys had been cleaned of trash and brush, graded, and opened to traffic.

The directors will assist in the sale of a calf on Christmas eve by the Runnels County Livestock Association, the money to be used for prizes in the FFA-4-H club livestock show next spring.

Directors voted to request W. O. Wallace to again serve as the Ballinger director on the West Texas Chamber of Commerce board. Mr. Wallace has filled this position for the past thirteen years.

A lengthy discussion was held in regard to a Trades Day plan for Ballinger. Those present favored this move and a committee will contact local merchants to see if they are interested and willing to underwrite the program which would be continued through the fall and until Christmas.

The safety committee will hold meetings this week with the local police department, school officials and members of Boy Scout troops to discuss the forming of a safety patrol, composed of Scouts, to direct traffic on Eighth Street and Broadway during school hours when students are crossing these streets.

Members of the agriculture and livestock committee held a special meeting Tuesday night. Letters are being mailed this week to all contributors to the fund for the construction of an auction barn in 1946. The letter will inform those interested that plans are being made to continue the plan, looking to completion of the plant this year.

Three New Lions Clubs Formed in This Section

A group of Ballinger Lions attended the meeting of the Miles Lions Club Monday night. This was the first program meeting of the new club, formed several weeks ago with the assistance of the Ballinger club.

Attending from Ballinger were Judge E. C. Grindstaff, Ed Curry, John Puritoy, S. E. Cloninger, Jack Nixon, Jr., Myles Nixon and Walter Presson.

Judge Grindstaff was the principal speaker, talking on "The Relationship of the Lions Club to the Community." J. C. Wells, representative of Lions International, also attended.

Plans have been made for a big

charter night program to be held in Ballinger on December 10, at which time District Governor Jack Weich will deliver charters to new clubs at Miles, Rowena and Paint Rock.

This will also be "ladies night" for all Lions and their wives at Paint Rock, Rowena, Miles and Ballinger.

The Miles club is sponsoring the organization of the Rowena club and a meeting is to be held this week to elect officers and list charter members.

A group of Ballinger Lions also went to Paint Rock Tuesday night to attend the first meeting of the club there.

Local Auxiliary To Sell Poppies On November 6

The American Legion Auxiliary will conduct its annual poppy sale in Ballinger on November 6, the Saturday before Armistice Day. This is an annual project of the Auxiliary and in past years has always been successful.

Due to the large number of veterans in hospitals of the state who make hand-made poppies, units have been asked to take a larger amount than usual. The Ballinger unit has complied with this request and the sale will be in progress all day in order to sell all the red paper flowers.

Veterans in hospitals are permitted to make poppies and are paid a certain amount for each completed. The program has a two-fold purpose in that it provides them means of making some needed income and also gives them a job which takes their minds from their afflictions and serves as a treatment. It is considered one of the most worthy projects of work for veterans and for this reason poppies sell fast and without salesmanship. The sales are conducted without cost so that every cent taken in may be used in rehabilitation work by the Auxiliary for veterans or their families.

A booth will be set up in front of Stone's store on November 6 and girls will work from there to cover the entire town. The flowers sell for 10 cents each or any sum larger than that which the buyer wishes to contribute. Everyone is urged heretofore the total take-in has been far in excess of the dime per flower.

Everyone is asked to encourage the buying of poppies this year in order that the large number will be disposed of here. If all are not sold November 6, another sale probably will be held on Armistice Day.

Mr. and Mrs. O. K. Jacob spent the past week-end visiting relatives at Temple. Mrs. R. D. Wiseman, Mrs. Jacob's sister, returned with them for a few days' visit in the Jacob home, and she, together with Mrs. Jacob are spending a few days this week visiting two other sisters at Abilene. Mrs. Wiseman will return to her home at Temple the latter part of this week.

Little Dickie Crockett, of Fort Bliss, is visiting in the home of Mr. and Mrs. Guy Middleton this week.

Visitors in the home of Mr. and Mrs. J. H. Powers last week were Mr. and Mrs. Bill Slawson, of Holland; Mr. and Mrs. J. H. Slawson, of Killeen; Mr. and Mrs. Leslie Phillips, of Weslaco; and Mrs. G. W. Phillips and sons, of Crews.

24 Members Added By First Baptists In Revival Meeting

The revival at the First Baptist Church was closed Sunday night after a very successful week. Congregations at the evening services all last week were large, the auditorium being filled most of the time.

Dr. A. B. Rutledge, pastor of the First Baptist Church of Marshall, guest preacher for the eight-day revival, remained through the Sunday evening service and left for his home Monday.

Rev. B. J. Martin, pastor, stated that all phases of the campaign were successful and that 24 additions were received for the church membership.

The next special event at this church will start November 21 when Miss Sue Barksdale comes here to conduct a four-day training course for the Baptist Training Union. The course will commence Sunday night and be concluded Wednesday evening, the day before Thanksgiving.

No other special events have been planned for the church except that plans are now being made for Christmas activities.

Mrs. H. T. Hodge Dies at Abilene

Mrs. H. T. Hodge, 70, long-time resident of Abilene and well known over a wide area in West Texas, died unexpectedly at her home Wednesday morning following a heart attack.

Decedent was married to H. T. Hodge in Lee county in 1892 and moved to Abilene in 1913. Her husband operated theatres at Abilene and other West Texas cities for many years and her sons and grandsons are now operating theatres in Ballinger, Winters, Stamford, Merkel, Midland and Odessa.

Both Mrs. Hodge and her husband were very active in church affairs, being members of the First Methodist Church of Abilene.

A son-in-law, W. D. Scales, and two grandsons, Jack and Leonard Scales, have operated theatres in Ballinger for a number of years and are also active in church and civic affairs here.

Funeral services are to be conducted at the Evangelical Methodist Church, Abilene, this afternoon, Rev. J. H. Hamblen to officiate. Interment will be made in Cedar Hill Cemetery.

Survivors besides the husband include three daughters, Mrs. Dovie Scales, Ballinger; Mrs. Presley Nesmith, Abilene; Mrs. Ruth Laird, Odessa; four sons, Homer J. Hodge, Winters; J. Howard Hodge, Midland; Sanford J. Hodge, Stamford; Norman T. Hodge, Merkel.

Grandsons acting as pallbearers were: Homer Hodge, Jr., Winters; J. C. Foster, Odessa; Jack and Leonard Scales, Ballinger; Robert Tom Hodge, Merkel; Sanford J. Hodge, Jr., Stamford.

Mrs. W. W. Chastain, of this city, and her daughter, Mrs. Sam Runkles, of San Angelo, spent the week-end at Odessa, visiting in the home of Mr. and Mrs. Wallace Chastain. Mr. Chastain recently was transferred from McCamey to Odessa by the Shell Pipeline Co., and since going there has purchased a home. His family joined him a few weeks ago.

Oil interest here increased this week when the new well on the J. L. King estate came in for production. In this test the Gardner sand was topped Tuesday at 3,807 feet and the hole filled up and flowed after the drillstem test. Drilling was resumed to 3,898 when the Gray sand was found to be oil bearing.

This strike was encountered Wednesday afternoon and a drillstem test is being run today. This will determine whether production will be taken from this depth or the hole deepened.

Drilling was proceeding yesterday afternoon at about 1,000 feet in the Griffin-Henry Fowler, 100 feet from the Beddo producer. This test also is scheduled to explore the Gardner sand.

Surface casing has been set in the Price-Lenore Fowler and regular tours will be set up within a few days. This location is three-fourths of a mile south of the Beddo producer.

The Beddo is continuing to produce, flowing enough oil daily to meet the allowable of 80 barrels.

Drilling today on the E. S. Price-Clayton, located about three miles northeast of Benoit, was around 1,600 feet. This well is near the producing Price-Brookshire and is scheduled for pay depth.

Several other blocks are about made up and other wells probably will be drilled soon.

Lamesa Man Seeks \$144,405 Damages In Suit Filed Here

A damage suit filed in 119th district court here this week by attorneys for E. H. Kunkel, of Lamesa, asks a total of \$144,405 from the Gulf, Colorado & Santa Fe Railroad.

Kunkel, his wife and two daughters were injured here last January 3 in a collision at the Broadway crossing when his car was hit by a west bound motor car, injuring every member of the family and demolishing the car.

The suit lists the injuries sustained by each member of the family and sets out the amount of damages asked for each. Kunkel seeks \$10,000, Mrs. Kunkel \$75,000, Audrey Fay Kunkel \$50,000, Marjorie Nell Kunkel \$5,000, car damage \$1,750, and hospital expenses of \$2,680.

Kunkel claims negligence of the railroad company in maintaining proper warnings at the crossing, failure of the engineer and fireman on the approaching train to sound warning at the proper time, and also for operating a train within the city limits of an incorporated town at a high and dangerous rate of speed.

Letcher D. King, of Abilene, and Vernon D. Adcock, of Lamesa, are counsel for Kunkel.

NAVY DAY OBSERVED IN CITY WEDNESDAY

Navy Day was observed in Ballinger yesterday, speakers being heard at the high school chapel period and at the Jaycees' weekly luncheon at the Central Hotel.

R. E. Bruce and Rev. Larry Gilbert were speakers before the high school assembly, giving facts regarding the navy, its record and service.

Mr. Bruce was the speaker for the Jaycees at the noon hour Wednesday and Rev. Gilbert sang the navy hymn.

Mrs. O. T. Henley and son, John, of Gorman, were week-end guests in the home of Mrs. Henley's parents, Mr. and Mrs. F. W. Wellhausen.

Shakespeare Club to Present Art Show Here November 4

The Ballinger Shakespeare Club will sponsor an art show at the Ballinger Country Club on the afternoon of November 4. The exhibit will be open to the public at 4:00 p. m. for the remainder of the afternoon, and everyone is invited to attend.

Mrs. A. C. Wheeler, of Beeville, will present her collection of original paintings. The mother of Roger Wheeler, manager of the Ballinger Chamber of Commerce, she recently has been assisting with a number of art shows in various cities of the state.

Mrs. Wheeler does oil paintings, pastel paintings, and water color work. She also is interested in pencil art and charcoal paintings as well as lithographs and sculptures.

Mrs. Wheeler studied at San Antonio, Harlingen and New York city under such painters and sculptors as Joe Arpa, Harry Anthony DeYoung, Charles Rosen

and Margaret Glasscock.

The artist is a member of the Texas Fine Arts Association, the Art Foundation of Corpus Christi, and the South Texas Art League, and at present has four of her paintings on exhibit at the Elizabeth Ney Museum, Austin. Her most recent painting is a large oil work of Rancher Claude Heard's \$50,000 Hereford bull. This is her third large painting for the Bee county ranchman and it will decorate the entrance to Heard's ranch near Beeville.

Among her works at the Wheeler home are a sculpture of her son, Roger Wheeler, made when he was 10 years of age, and two other sculptures made after he was grown.

Mrs. Wheeler, a native of Boston, did art work as a hobby several years before she decided it would be an interesting career.

THANKSGIVING SERVICE PLANS ARE ARRANGED Arrangements have been completed for the public Thanksgiving service here on the morning of November 25. The service will be held in the new Seventh Street Baptist Church, and Rev. Lawrence Gilbert, pastor of the First Presbyterian Church, will deliver the praise sermon.

The hour set is 10:00 a. m., in order to give people time to attend and get home in ample time for their noon meal or to take dinner out of town or with friends.

Other pastors of the city will participate in the service and all citizens of Ballinger are invited to attend. The Ballinger Ministerial Alliance is sponsoring and prepared the program for this service.

Mr. and Mrs. Cal Adair are in Marlin this week where Mr. Adair is receiving treatments.

Cake Contest to Highlight Livestock Raisers Meeting

The regular fall meeting of the Runnels County Livestock Association will be held in the Ballinger high school gymnasium on the evening of November 4 for members and their families.

The cake contest, open to all housewives, is scheduled at 7:30 p. m. in the school cafeteria. Miss Ollie Chenoweth and Mrs. John Bradley will serve as judges to select three winners in each of the classes.

Two divisions of the contest have been made. One is for cakes made with fats and the other is for those without fats. In the first class will be devil's food, pound, layer and fruit cakes, while those without fats will include angel food and sponge cakes. A first, second and third prize will be awarded in each class, and a grand champion prize is to be awarded for the best cake.

After the contest, cakes will be cut and served with coffee or hot chocolate as refreshments.

W. R. Chambers, of May, will be the principal speaker for the program.

John A. Barton and J. M. Williams, members of the program committee, stated that musical numbers and other features would be presented. Special movies also will be shown. These have been especially chosen for this meeting and will be of interest to livestock people.

Andy Spreen, president of the association, announces that this will be membership paying time and all members are asked to renew their standing for another year and new members are invited to join.

WHEELER TO RESIGN DRAFT BOARD POST

Roger Wheeler will attend his last meeting of the Coleman-Runnels draft board at Coleman next Wednesday. Directors of the Ballinger Chamber of Commerce have found that the job requires too much time and is of a nature not best to be handled by a chamber of commerce manager.

Efforts are being made to find someone here to serve on the board and represent Runnels county.

Cpl. Horace H. Henry, son of Mr. and Mrs. B. B. Henry of Winters Rt. 2, has returned to his organization, the military police company of the 82nd airborne division, Fort Bragg. He is expected to attend an officers' training school soon. Cpl. Henry spent a fifteen-day furlough with his parents and friends.

Mr. and Mrs. Paul Trimmer and Miss Alice Smith returned home the past week-end after a trip to the West Coast. They spent two weeks away, mostly in California.

Mrs. John Endacott and Jimmy had as visitors in their home this week Mrs. Endacott's father, J. W. Dyer, of Roby; and her cousin, Mrs. Lorna Carmack, of Louisville, Kentucky.

POST OFFICE SUBSTITUTE CLERK EXAMINATIONS SET

Examinations are to be held throughout Texas for positions of substitute clerk in third-class post offices where employees do not have civil service status or where vacancies exist. J. L. Davis, secretary of the board of civil service examiners at Ballinger, announced today that examinations are to be held for the Miles post office in Ballinger, beginning at 8:30 a. m. November 20.

Applicants must actually reside within the delivery of the post office, and are advised to file their papers at once and be ready to take the examinations on the above date.

Mrs. Hugh McKenzie and daughter, Mrs. Mildred Morgan, of San Antonio, were visitors last week in the home of Mr. and Mrs. Chester Cherry. Mrs. Cherry's brother, H. C. Wilke, of Montelle, also visited here several days last week.

Former Winters Resident Killed in Car-Truck Crash

H. C. Wood, 60, resident of San Angelo, was killed instantly Wednesday night at about 9 o'clock when his car collided with a butane gas truck on the highway just west of the city limits of Rowena.

Driver of the truck was Herbert Loehmann, 37, of Brownwood. He stated he was en route to Notrees with an empty truck to get a load of butane. He stated that when meeting the car driven by Wood, both he and the car driver dimmed lights but that the car cut across the highway and he pulled

sharply to the right to avoid a head-on collision. The car continued to cross the highway striking the truck mid-way and near the rear wheels. Wreckage was scattered along the highway for 100 yards, witnesses said.

Wood formerly lived at Baldwin near Winters but recently had been residing at San Angelo. He was driving a 1937 Ford tudor. The body is being held at the Newby-Davis Funeral Home here. Members of his family arrived this morning and funeral services, while not complete, probably will be held at Winters.

Lambs Expected To be in Better Demand in 1949

COLLEGE STATION, Oct. 20.—The lamb situation looks a little different for the coming year.

During recent years, and especially since the war, sheep raisers have been sending a bigger share of the lamb crop to the slaughter houses than they used to. At the same time they have kept back a smaller number for breeding purposes—to use in flock replacements.

C. H. Bates, extension farm management specialist of Texas A. & M. College, says that with the prospective winter wheat acreages high and with a good supply of moisture in the sheep raising areas, lambs will be in pretty strong demand to put on the wheat pastures. And most ranchmen expect to hold back more ewe lambs than usual this coming year.

A relatively higher price for both mutton lambs and wool than

was received a year ago along with lower feed costs point toward a big increase in next spring's lamb crop.

On Texas farms and ranches last January there were just over 7 and a half million sheep and lambs. This was a record low, says Bates.

USDA economists say that the wool clip was the smallest it has been in the last quarter of a century. Farmers and ranchmen have averaged about the same amount of wool per fleece as usual, but they just didn't have as many sheep to shear. Sheep numbers can only increase if more lambs are kept for stock purposes. With the high prices of meat, farmers and ranchmen have sent more of their lambs to market than in past years, and have kept fewer for breeding stock.

Lamb prices have tended to go up right along with other meat prices, says the economists, but the sheep business depends on the profits from both wool and lambs. And the rise in wool prices has not been as much as the meat price rise during the past several years.

This is why the sheep raisers have kept so few lambs for flock replacements, says Bates, and sheep numbers are now the lowest in 75 years of record.

Cities Poor Picking For Country Girls Seeking Husbands

COLLEGE STATION, Oct. 27.—If you're looking for a husband, your chances of finding him are better in the country than in the city.

Yet rural young women leave the farm much earlier than young men and the migration rate is higher.

Why?

Recent studies conducted by rural sociologists in Washington State may have the answer. College girls were asked to give their preferences for a choice of husbands. Professional men were rated first, with business men second. The reasons given for not wanting to marry farmers had nothing to do with the man or his occupation, but his environment. The girls didn't like the social disadvantages, isolation, hard physical labor and long hours, as well as poor educational advantages and smaller incomes that are usually found in rural areas.

Mrs. Eloise Johnson, extension family life education specialist of Texas A. & M. College, says the study gave no indication that college education turns young women against farming—in fact, the higher the education of the girl's parents, the more favorable she is toward marrying a farmer. And girls from farm homes preferred farmers for husbands almost as often as professional men.

The majority of these students she says, expressed willingness to become farm wives if they could have the same conveniences, income and cultural and educational advantages on the farm as in town.

"They like the idea of 'being your own boss' on the farm," Mrs. Johnson says. "Enjoyment of country life and the skills used on farms are reasons for wanting to live in the country, too, as well as the fact that farm life is favorable to raising children, happy family relations and better health."

And yet they continue to leave the farms for the cities, where their chances for marriages are lower. The reasons given by these college girls are worth consideration by farm organizations and other groups interested in farming and farm life, Mrs. Johnson concludes.

SPORTS

It was a big night and a good show at Bearcat Field last Friday evening. All of Brady followed the football team here, expecting to break the jinx which has dogged the Doggies since 1941 when Ballinger started winning from Brady after several years of defeats. The McCulloch county fans stayed with their team until the final whistle but most of them realized it was a lost cause when the first quarter ended.

The Brady band and pep squad were on hand to add their flash of color. They were working every minute during the fracas and presented a very unique stunt at the half.

The Ballinger band crowned its sweetheart at the half in a beautiful ceremony. The band and pep squad formed a huge heart around an improvised throne and after the singing of "Let Me Call You Sweetwater" by the peppers, Walter Hill escorted Miss Clara Hill to the throne and Scotty Bell escorted Sallyne McGahey, the alternate sweetheart.

While a few Bearcats, mostly ball carriers, received the applause and publicity for a great game, all players on the field were responsible. Using a five-two-two-two defense, the Ballinger linemen and line backers stopped the Brady running attack all evening and also did a nice job in breaking up passes. It was eleven men playing heads-up all the way and one Bearcat is due as much credit as another.

The Coleman Bluecats came through with a win over the Winters Blizzards and this will make the Armistice Day game in Ballinger one of the classics of West Texas high school football and insure a complete sell-out.

The Bearcats take on the Lake View team here tomorrow night. Lake View has shown little power so far this season and should not cause the Bearcats much trouble. The Brady boys found the Indians easy and won by a lop-sided score.

Tickets will go on sale for the Coleman-Ballinger game the first of next week. For this contest 1,800 seats will be reserved and in addition 3,000 adult and 1,500 student tickets will be sold. The seat sale will be held in both Ballinger and Coleman. Coleman officials want every ticket they can get and the sale of reserves there will last only a few hours.

Radio station KNEL, Brady, was on the job here Friday night to give the few fans left at home a play-by-play account of the game.

Nutritionists Declare More Calories Found In Pecans Than Steak

COLLEGE STATION, Oct. 27.—Beefsteak is good. But there are more calories per pound in pecans. According to the nutrition experts, pecans have 3,336 calories per pound, while a pound of beefsteak has only 1,635. Turkey follows up a poor third with only 1,060 calories per pound.

In other words, says J. F. Rosborough, extension horticulturist of Texas A. & M. College, more calories can be bought for a dollar in pecan meats than in most any other type of energy food. And the next few months of the fall season offer the best opportunity for using pecans in food mixtures at reasonable prices.

Texas will harvest one of its largest pecan crops in history this year—close to 42 million pounds. The recent dry weather has kept their size down a little below average this year, but the meats are plump, rich and oily.

Pecan growers who have large quantities of nuts to harvest are interested in reducing the harvest cost as much as possible. A number of growers in Texas have used a mechanical tree shaker. This is a simple bit of equipment that has a fifty-foot steel cable and a hook which is fastened around a limb. The cable is attached to a shaft that works off a pulley attached to a tractor. Throw the cable around the limb of the tree, fasten the hook and put the tractor in gear. The pecan tree does a St. Vitus dance, and in three to five minutes all the pecans are on the ground. A blueprint of this machine can be secured from county agents or the extension service at College Station, says Rosborough.

These machines will save from a third to a half of the harvest cost, and can be made in any local blacksmith's shop.

Squirrels, and crows gather in quite a bit of the harvest, but a pecan grower with a large crop can well afford to hire a man to keep the crows out with a shotgun. As for the squirrels, metal squirrel guards are available, and when placed around the trunk will keep the little beasts from getting into the tree.

It isn't every year we get a bumper crop of pecans, says Rosborough; so we should take advantage of this year's heavy production, and like the squirrel, store up a supply of the rich, tasty food. Pecans in the shell may be placed in cold storage before the first of January, and held at a temperature slightly below freezing.

However, it's more practical to shell the pecans and store the meats. In the freezer locker these meats can be kept as long as two years.

Get the shotgun and the tree shaker ready for a heavy fall harvest.

WHERE EAST MEETS WEST IN BERLIN . . . One of the most tender and aching spots on the bruised body of this trouble-plagued world is the Potsdamer platz in Berlin where Russians, Americans and British all stand within arm's length of each other and don't feel too happy about it. There have been Russian forays across the line, ostensibly in search of black marketeers. There have been kidnappings of western Berlin police and there have been seizures of Americans who strayed a foot over the line. Here is a long line of U. S. MPs and jeeps drawn across the street to prevent influx of black marketeers into American zone.

Bearcats Defeat Bulldogs In First Conference Tilt

The Brady Bulldogs and most of Brady moved into Ballinger Friday evening for the annual tussle between the Bearcats and the Bulldogs. The Brady team was backed by a record of six wins and no defeats for the season and was highly regarded by Ballinger fans.

The Bearcats did not share this high regard and went to work on the Brady crew to prove it was just another football team, and with Walter Hill, Joe Vancil, John Reese, Scotty Bell, Jimmy Davenport, and a line of hard-charging Bearcats, the job was done to the complete satisfaction of all local fans.

The game was more one-sided than the score indicates. Once the Ballingerites lost on downs on the Brady one-yard line and when the game ended the Bearcats were just a yard and a half short of another score.

Hill proved to all Brady fans that he is just as big and powerful as advertised and as a Brady announcer said, "There goes Hill over center for about five yards—as usual."

Joe Vancil stepped into the role of a star in this game. He intercepted a pass and returned it to the Brady 16-yard line to set up the first touchdown. Later in the fray he was shifted to a sideback position and on an end run

carried the ball downfield for 36 yards to set up another counter. He also played a bang-up game in the line and as a line-backer on defense.

Davenport worked his educated toe overtime to kick the extra point after each touchdown and also did a neat job on each kick-off.

Both teams started off rather nervously and each made two fumbles which could have been costly.

In the first quarter the Bearcats were held for downs and Hill got off a beautiful kick which rolled out on the Brady 29. Here Jacobson attempted a short pass over the line which Vancil took on the run and made a nice return. Bell hit the line for 2, Hill for 6, and Bell went through left tackle for the score.

Starting the second half Brady received but could not gain and kicked to the Ballinger 42. Here the Bearcats turned on the power and Hill, Reese and Bell racked up three first downs, Hill going over from the two-yard line.

It was only a few minutes later that Vancil broke around left end for a 36-yard gallop to the Brady 15-yard line. Hill carried five times to take the ball across for the third touchdown of the night.

Brady received after this touchdown and on the second play

FISHIN' IN THE SHADE—A pole, a string, a hook, a worm and a small boy are sufficient to catch the large catfish in the expanse of dammed up water at Boys' Co-op Ranch of West Texas near Tankersly. The ranch will be a home for parentless, neglected or dependent boys from 32 counties of West Texas. Funds drive to open the ranch is being carried on under the leadership of Edwin S. Mayer of Sonora and M. D. Bryant and C. C. McBurnett of San Angelo. Picture above is posed by members of the Optimist Sunday school class of San Angelo.

Jacobson heaved a long pass to Hardin who gathered it in and raced on to the goal line untouched. The throw and run were good for 56 yards. Mayse added the extra point from placement.

The rest of the game was all for Ballinger with the Bearcats going deep into Bulldog territory three times, twice well within the five-yard line.

First downs for the evening disclosed Ballinger got 19 while Brady stacked up 5. The Bulldogs tried many passes but were only able to connect with one for any yardage.

Ballinger-Coleman Reserved Seat Sale Starts November 1

School officials announced this week that reserved seat tickets for the Ballinger-Coleman game on Armistice afternoon, would go on sale here at 10 a. m. Monday, November 1, at the Pearce-Rogers Drug Store. Parents and teachers will get first choice at tickets and the remainder of the seats will be sold to the first come starting on the above date.

Only 1,000 seats in the center of the large stand will be reserved and the remainder will be sold at general admission prices and the early bird to the game will get the best of these seats.

Reserved seats will go at \$1.20 including tax and each ticket will bear a stub for a specific seat. Ushers will be on the job to seat those holding stubs the day of the game.

Joe Forester, in charge of the sale of football tickets, asks that no one call him to reserve tickets as he will not be able to do this. After players secure tickets for their parents the board will be taken to the drug store and all those desiring reserved seats may secure them there.

A block of 800 reserved seats on the other side of the field will be sent to Coleman for sale there. School officials plan to make other seating arrangements if possible to take care of the expected crowd at this game.

'The Babe Ruth Story' Slated For Opening at Texas Sunday

Acclaimed by critics as one of the most dramatic and entertaining film stories ever to reach the screen, Roy Del Ruth's Allied Artists production, "The Babe Ruth Story," has been eagerly awaited by local theatre audiences. The picture opens a three-day engagement at the Texas Theatre Sunday, with William Bendix, Claire Trevor and Charles Bickford in the starring roles.

This screen story covers the entire career of the fabulous "Sultan of Swat," with particular emphasis on the baseball prowess which made him the most spectacular player in the history of the game.

"The Babe Ruth Story" comes to bat with scenes of the Babe's early life in Baltimore. It takes the Bambino to St. Mary's Industrial School, where he was taught to be a tailor, but turned out instead to be an outstanding baseball player. The story shows how Brother Matthias, a member of the Xaverian Order, took Ruth out of the ranks of incorrigible boys and guided him to baseball greatness. The action depicts all the thrilling highlights in the career of the home-run king.

William Bendix has the title role, and Charles Bickford is Brother Matthias. Claire Trevor portrays the showgirl whose knowledge of baseball saves the Babe's early career, and who later re-enters his life after he has lost track of her, eventually to find her.

In supporting parts are Sam Levene, who portrays a sports-writing newspaperman, William Frawley, Matt Briggs and Gertrude Niesen, whose singing provides highlights in the film. Also featured in songs are The King's Men and the Mitchell Boy Choir.

Scenes were filmed at Yankee Stadium, New York, at major league ball parks throughout the country, at Baseball's Hall of Fame in Cooperstown, New York, and in a specially constructed Yankee Stadium on a Hollywood sound stage.

"Big Town Scandal," a slashing thriller of sports and crime, and Columbia's "Thunderhoof," a violent drama of savage love in the desert, make up the double-feature program at the Texas Theatre tomorrow and Saturday, October 29 and 30.

The latest in an exciting series of films based on the famous network show, "Big Town Scandal" depicts the continuing battle of fighting newspaperman Steve Wilson to drive crime from Big Town. Handsome Philip Reed is again seen as Wilson, while Hillary Brooke carries on as Lorelei Kilbourne, ace police reporter.

Some of the most thrilling sport action ever seen on the screen is said to be incorporated in this picture. Stanley "Stash" Clements heads the gang of juvenile gangsters made up of Darryl Hickman, Carl "Alfalfa" Switzer, Roland Dupree and Tommy Bond.

The only players in the entire cast of "Thunderhoof" are Preston Foster, Mary Stuart and William Bishop. The equine wonder, Thunderhoof, is also featured in this new outdoor film.

Tuberculosis Bond Drive Will be Held; Starts November 9

O. C. Sykes has been named to look after the large gifts for the Runnels County Tuberculosis Association and this part of the annual campaign will be conducted in Ballinger and other communities of the county beginning November 9.

This is a part of the annual seal sale held by the association and on November 9 bonds will be offered to those who usually make gifts larger than those asked in

the seal sale. Bonds will be sold in denominations of \$5, \$10, \$25, \$50, \$100 and up to \$1,000.

Mr. Sykes will secure workers to make the canvass of business houses and others expected to contribute amounts equal to bonds. The drive will be conducted as quickly as possible in order to have this over before the beginning of the annual seal sale, which will get underway the latter part of November and be continued until Christmas.

The Runnels County Tuberculosis Association has finished a program of work during the past year which should encourage larger gifts this year and also provide more seal buying than ever before. Early in the year skin tests were given throughout the schools of the county and recently a mobile unit was in the county for six days, making more than 4,000 chest x-rays. All this work has been free and made possible through the association. In addition a large number have been given assistance in further medical examinations and in hospitalization.

Early Mailing Urged For Holiday Parcels And Cards This Year

Postmaster Tom Caudle has received a memorandum from the postoffice department urging early mailing of holiday parcels and greeting cards in order to assure delivery before Christmas.

Packages for distant points should be mailed not later than December 10 and local greeting cards should be put in the mails by December 15. The department calls attention to the fact that a line may be carried on each reading, "do not open until Christmas," but stresses that early mailing is necessary to get delivery.

The department is asking the cooperation of all newspapers, radio stations and department stores in getting over the urgency of early mailing. Every effort will be made by postal employees to keep up with their work during the holiday season, but large centers often develop mail congestion at this time of year.

In previous years the Ballinger office has been able to work all outgoing and incoming mail each day, but the fact that it leaves the local office does not mean

delivery on time. The cooperation of the public will be appreciated in this request.

General Election To Attract Many Voters Tuesday

Voting in the general election will get underway in Runnels county next Tuesday morning at 8:00 o'clock and continue through the day, ending at 7:00 p. m. All election judges and managers have been named by the commissioners' court and supplies and boxes were being delivered to the judges this week.

Interest in the general election is such that a record vote is expected in this county. Indications point to as large a turnout as in the first Democratic primary, when more than 4,500 went to the polling places.

Voting will be slower than in any other election this year due to the length of the ballot and the eight constitutional amendments included. The ballot is page size of this newspaper with eight full columns for parties and at the bottom the eight amendments are printed.

In order to assist those holding the election to make early reports of the results in their boxes, it is urged that everyone who can go to the polls early next Tuesday to cast a ballot.

'Luxury Liner' Happy Cargo Of Romantic, Musical Fun

The romantic adventures of a handsome captain on a cruise ship, aided and abetted by his stowaway daughter, form the framework of the musical goings-on of "Luxury Liner," M-G-M's latest Technicolor offering, to be shown at the Ford Theatre Saturday, Sunday, Monday and Tuesday, October 30, 31, November 1, 2.

George Brent is the captain who sails his luxury liner on her way to Rio believing his stage-struck daughter, Jane Powell, to be safe at her New York finishing school. Miss Powell has other ideas. Knowing that opera stars Lauritz Melchior and Marina

Koshetz are aboard the liner and determined to win their patronage, she stows away on the ship and, discovered, ends up peeling potatoes in the galley!

The exuberant Miss Powell, however, cannot be kept in her place. Before the cruise is over, she has escaped confinement, led a musically mutinous crew in the singing of the liting "Alouette," wooed the opera powers with her versions of the "Gavotte" from "Manon," "The Peanut Vendor" and an incredible ditty called "I Wuv a Wabbit" and, on top of all, engineered a romance between her captain father and lovely Frances Gifford.

A pound of pecans contains 3,336 calories. A pound of beef-steak contains 1,635, and a pound of turkey has only 1,090. But who would trade a pound of pecans for a big, thick, juicy steak that weighs a pound?

After ten years of the average of farm product prices becoming successively higher, it is hard to realize that this same index the next ten years could be successively lower. This possibility is worth thinking about.

WHY SO MANY REGISTERED LETTERS IN A BANK'S MAIL?

There is scarcely any other kind of business that receives so many registered letters in a year as come to the average bank. Cash, securities, and valuable papers and documents of all kinds come in by registered mail.

And the bank must take as good care of this precious merchandise as Uncle Sam did in getting it to the bank.

This offers just one more instance of the ease and safety with which any individual anywhere can do business with the bank.

AN HONEST ANSWER

★ Medical ethics are not something unique and set apart, but simply a direct application of the Golden Rule. They provide an honest answer to the question, "What is best for the patient?" As one physician put it, "I do for my patients what I would do for a member of my own family."

As pharmacists, we adhere to the same code. The quality of our medicines and service is the best it is possible to give. You, the patient, are our first concern.

Baseball Officials Would Stop 'Under Table' Pay

Directors of the Longhorn Baseball League met at Abilene Sunday afternoon, adjourning at 7:00 o'clock Sunday evening to meet again at San Angelo November 14 for morning and afternoon sessions.

A large volume of business was presented to the directors which required more time than could be given at the meeting Sunday.

After the opening remarks by President Howard Green, supply men were given time and the Rawlings ball was adopted as the official baseball to be used in the league for the 1949 season. This is a new ball in this section and

is considered a "dead" ball, which was favored by the club owners. The ball is official in seven leagues in the United States, including the Cotton States League.

A resolution was passed dealing with the cheating on salary limits or paying "under the table" sums not shown on player contracts. This resolution will be presented at the meeting of the minor league association to be held at Minneapolis this winter. If passed by the association the legislation will make it compulsory for club officials in all minor leagues to report squad rosters and salaries

THAT'S HOW TUNNELS ARE BORN . . . The final "breaking through" of the rock barrier where the two sections of the Brooklyn-Manhattan tunnel join underneath the waters of New York harbor took place with a considerable bang as a dynamic charge was used to blast a hole through the last few feet of rock separating the two ends of the tunnel. The project, which has been under construction since 1940 and will cost 70 million dollars, is expected to be open for motor vehicle traffic in 1950. Above, Sam Allen, superintendent of the Brooklyn section, shakes hands with Andy Amisano of the Manhattan section.

paid twice a month to national headquarters, via the league presidents. Each league president will be required to investigate all rumors of "under the table payments" and any president found negligent will be fined \$500 and suspended for two years. Any club owner found guilty will be subject to the same fine suspension, while the player receiving the extra money will be made a free agent.

Several hours were consumed in considering the affairs of the San Angelo club and in regard to outstanding indebtedness which has not been paid. When San Angelo men took over the club and properties from C. West, league directors compiled a list of debts owed by West and stated that when all these were paid the new owners could have the franchise. Statements Sunday disclosed some of these debts not paid while others not on the approved list had been submitted to the office of the national association for action but had been sent back for action by Longhorn League directors first. At the meeting at San Angelo on November 14 the matter will be investigated more thoroughly to determine whether league directives have been complied with by the new owners.

All clubs in the circuit were represented at the Abilene meeting.

Attending the A. & M.-Baylor football game at Waco Saturday were Mr. and Mrs. James Wear, Mr. and Mrs. W. J. Hembree and Mr. and Mrs. Malcolm Morgan. Mr. and Mrs. Morgan went on to Marlin, where they will stay for about ten days.

HERITAGE OF AN AMERICAN SOLDIER... When Pvt. Robert Johnstone Jr., of Easton, Pa., was killed in action in the battle for the Philippines, he left behind him a will that many would call strange. He directed that his G.I. insurance of \$10,000 should be used to educate a Japanese in the American way of life. This year his "love thine enemy" idea bore fruit. Robert Nishiyama (right above), a student kamikaze pilot during the war, arrived at Lafayette college, Easton, Pa., to start classes on a scholarship financed by Pvt. Johnstone's will. Here, he is greeted by Mr. and Mrs. Robert Johnstone and their son Bruce.

If trouble is experienced with
fruit rising to the top when
canning, there's a reason for it.
Fruit may float because the pack
is too loose or the syrup is too
heavy. Another reason may be
that all the air in the fruit tissues
may not have been cooked out.

REUNION OF LIVING HEROES... According to the old adage it's supposed to be better to be a live coward than a dead hero. By the same token it follows that it is even better to be a live hero, which is what these eight men are. They all won the Congressional Medal of Honor, most distinguished American war award, during World War II. They lined up like this on the platform in Madison Square Garden at the annual Air Force association reunion. Left to right, they are: John Kane, William Shome, John Morgan, J. Zramer, P. M. Hamilton, W. R. Lawley, Sergeant Vosseler and Mavnard Smith.

More Sugar and Less Honey Now Being Produced

COLLEGE STATION, Oct. 27.—During the war, there was a big shortage of sugar and folks in this country became heavy users of syrup, molasses and honey.

The pendulum is swinging back the other way now. This year, with a big supply of sugar, and prices going down, people just aren't using the honey and the syrup and the lasses on the biscuits as much as they used to, says C. H. Bates, extension farm management specialist of Texas A. & M. College.

The beekeepers don't have as many bee colonies this year as they did last, so there won't be as much honey produced. Last year's production was the second highest on record, but this year, things are a little different—a downward trend in production. The making of sorghum syrup has been dropping off, too, for the past several years. The past summer's drouthy weather has brought a further cut in sorghum syrup yields.

In the ribbon cane areas of Texas, the picture is still worse. Dry weather and reduced acreage of cane means a scanty production of cane syrup on farms in the eastern part of the state. The economists look for a decline in refiner's production of molasses and cane syrup from both domestic and Cuban supplies. Likewise, corn syrup production, which reached an all-time high last year, will be down to almost half as much this year.

So, for sweets of all types, it's a pretty spotty picture. But there's enough sugar in sight to keep prices to household and industrial users very near the present levels for months ahead, says Bates.

BETHEL HOME DEMONSTRATION CLUB

Mrs. Marion Hays was hostess to members of the Bethel home demonstration club last Thursday in her home.

Mrs. Eugene Lolka was at the piano as Mrs. Hays led the group singing of "The Song of Peace" and "Home on the Range."

Roll call was answered by members giving the name of the spice they used most.

Mrs. Grady Richards presided for the business session during which Mrs. Milton Harris was appointed foods demonstrator and Mrs. Charles Dankworth and Miss Laverne Dankworth living room and bedroom demonstrators.

Mrs. Hays gave a report on the last county council meeting and announced that the monthly council meeting would be changed from the second Saturday in the month to the second Friday at 1:30 p. m., in Miss Cenoweth's office. Announcement also was made that the Bethel club would be in charge of the exhibit from 4:30 to 5:30 p. m. on Saturday, October 30. Prices were given on articles that will be sold at this exhibit. Each club will be responsible for one case of food for CROP.

A program on first aid was directed by Mrs. Hays, and Mrs. Andrew Flint was in charge of the recreational period.

Punch and cookies were served to 15 members.

The next meeting will be held November 4, with Mrs. Claude Thompson as hostess.

Implement House's 'Family Party' Set For Saturday Night

The Ballinger Truck & Tractor Co. will present its big "family party" at the high school gymnasium Saturday night starting at 7:45. The free show was booked at the gym in order to have room to extend an invitation to the public. Raymond Berryhill, manager of the Ballinger International Harvester store, said the first of the week that he was extending an invitation to every person in this trade territory to attend the show, and while invitations have been mailed to a large number of people, this does not mean that everyone will not be welcome. He stressed attendance of young people and especially family groups.

The show will present six top-notch vaudeville artists in a varied show of entertainment and at the conclusion of the stage performance colored motion pictures will be screened. Included among the stage performers will be a singing master of ceremonies, a sensational acrobatic dancer, a musical nonsense purveyor, the queen of the accordionists playing a group of favorite numbers, a girl performing feats of magic, and a nationally-known tap dancer. Once a year the International Harvester Co. makes possible a show for all local dealerships and Mr. Berryhill presented one last year which drew a capacity house. This year arrangements are being made to handle an audience of 1,500 or more.

Saturday will be exhibit day for the home demonstration clubs and girls' 4-H clubs of Runnels county. The show will be open all day Saturday for inspection by the public and everyone is invited to attend. Arrangements have been made to use the showrooms of the Ballinger Truck & Tractor Co. on Ninth Street and all machinery and equipment are being removed from the showrooms this week to make room for the women and girls. Work of making up the displays will be started tomorrow afternoon and fresh vegetables and other perishables will be added early Saturday morning before the show is opened to the public. The home demonstration clubs will show their items together and

Saturday Exhibit Day for Women's And Girls' Clubs

Arrangements have been made to use the showrooms of the Ballinger Truck & Tractor Co. on Ninth Street and all machinery and equipment are being removed from the showrooms this week to make room for the women and girls. Work of making up the displays will be started tomorrow afternoon and fresh vegetables and other perishables will be added early Saturday morning before the show is opened to the public. The home demonstration clubs will show their items together and

all similar articles will be grouped on tables. Girls' clubs will have club exhibits and a full score card will be called for from each club in the county.

A feature of the 1948 Achievement Day will be a sales department where baked items, freshly dressed poultry and other foods will be sold. The poultry and other perishable items will be put in a deep freeze unit provided by Raymond Berryhill, manager of the Ballinger Truck & Tractor Co. During the day a number of demonstrations will be underway and all visitors are invited to witness these features. They will include hand-tooling of leather, ironing of shirts by the simplified method of time saving, etc.

49 Tuberculosis Cases Disclosed By Chest X-Rays

Officials of the Runnels County Tuberculosis Association have received a complete report on chest x-rays made in this county recently when a state mobile unit spent four days in Ballinger and two days in Winters. There were a total of 4,003 pictures which showed no signs of trouble, 49 were reported as definitely having tuberculosis, 52 were suspicious cases, 51 reported under other pathology, 16 films were bad and 108 were asked to have large pictures made of their chests by their physicians.

Practically all cases of tuberculosis or suspicious cases were found in the adults of the county. School teachers were taken separately and one teacher in the county showed definite infection. In the student list in Ballinger from high school down through the five-year old group there was not a single case of tuberculosis revealed by the chest x-rays and only two cases were suspicious. From 15 years of age down to the five-year group there was not a single case showing signs of the disease, a fact which should prove the value of work done in previous years by the county association in the schools.

19 to 1 YOU FRY 'EM WITH GAS

Thanksgiving and Christmas holidays are coming! Be ready for family, friends and fun. Buy new automatic gas range built to "CP" standards today.

DOUGHNUTS

- Sift together . . . 3/4 cups flour
- 4 teaspoons baking powder
- 1 teaspoon salt
- 1/4 teaspoon nutmeg
- 1/4 teaspoon cinnamon
- 2 eggs
- Beat well 1 cup sugar
- Gradually add . . . 3 tablespoons butter or margarine, melted
- Beat until light and fluffy. Add 1 cup milk
- Add flour mixture to egg mixture alternately with . . . 1 cup milk
- Turn out on floured board and roll 1/4 inch thick and cut with floured doughnut cutter. Fry in hot deep fat (360°-375° F.) 2 to 3 minutes, or until lightly browned, turning doughnuts when they rise to the top and several times during cooking; drain on absorbent paper. Makes 2 dozen.

Doughnuts—party favorite when black cats, and mischief-makers roam—are fried with gas 19 to 1 in your home town. Automatic gas range instant high heat reads the kettle quicker. Exact deep fat frying temperature is easy to maintain with the flexible, easy-to-adjust gas flame.

For baking, broiling and boiling, automatic gas range is fast and easy to cook with, too.

That's why 2,390,000 homemakers selected new automatic gas ranges last year. Why 19 out of 20 cook with gas in your home town.

No wonder it's 19 to 1!

SMART COOKS KNOW GAS has got it!
