Why are Prescriptions often Written in Latin?

Perhaps you have noticed that the prescriptions which your physician writes are usually written in Latin. No doubt you have wondered why. Prescriptions are written in Latin because Latin is a dead and never-changing language, universally employed in medical practice. A Latin prescription written in America or England can be filled in Puerto Rico, Russia, or France, even though the pharmacist may not know a word of English. On the other hand, no matter where your prescriptions may be written, we can fill them promptly and accurately. That is our specialty.

'Streets of Laredo' Large-Scale Western with Old Texas Locale

Devotees of outdoor action film drama are due for something very special in Paramount's Technicolor western adventure, "Streets of Laredo," to be presented at the Texas Theatre Sunday and Monday, August 21, 22.

Co-starring William Holden, William Bendix, Macdonald Carey and Mona Freeman, the picture offers not only big stars but, according to advance reports, has large-scale action thrills, great dramatic impact and some of the most beautiful scenery ever captured by the color cameras.

Set in the days when the great

state of Texas stood at the crossroads between law and disaster, "Streets of Laredo" concerns the adventures of three musketeers of the West, banded together in outlawry. Eventually two of them—Holden and Bendix—by force of circumstances, join the Texas rangers. The third—Carey—continues his highway robberies alone, but all three expect to be reunited in short order.

However, things happen that make good and permanent rangers of Holden and Bendix and they back out of their agreement

to work with Carey. Then he goes on such a rampage of lawlessness that a showdown is inevitable. Added fuel to the enmity between the erstwhile friends is the rivalry between Holden and Carey for fiery Mona Freeman. It is she who finally resolves the conflict in a sensationally dramatic climax.

'Edward, My Son' Dramatic Film Teaming Tracy and Debby Kerr

"Edward, My Son," which Metro-Goldwyn-Mayer selected for the honor of inaugurating production at its new studios in England, pre-

sents Spencer Tracy and Deborah Kerr, two of Hollywood's most popular stars, in the most exciting roles of their great acting careers. "Edward, My Son" will be shown at the Ford Theatre next Saturday, Sunday, Monday and Tuesday, August 20 through 23.

The dramatic story of a man whose mad obsession to provide the best for his only child brings ruin to everyone with whom his life is bound, this is the pictorialization of one of the most successful plays to be produced in Great Britain and on Broadway in years.

It is a story played by a group of electrifying characters against a fast-moving background that covers thirty action-filled years in one man's life. It is a story in which scenes of high voltage drama follow one another in rapid succession. It is the story of romance, the romance of one man's devotion to an ideal that does not exist.

A carefully chosen group of experienced British actors and actresses round out the outstanding cast.

Principals of "Streets of Laredo," to be shown at the Texas Theatre next Sunday and Monday, are William Holden, Mona Freeman, William Bendix, Macdonald Carey and Clem Evans. The setting is in Texas, and the film is in color.

'The Accused,' Suspense-Laden Thriller Starring Loretta Young, Rob Cummings

A suspense drama that is said to be even more thrill-evoking than Hal Wallis' "Sorry, Wrong Number" is to be shown at the Texas Theatre Tuesday, Wednesday and Thursday, August 23, 24, 25. It is Paramount's "The Accused," another film triumph from Wallis, who seems to have cornered the market on the breath-holding variety of entertainment. In addition to being one of the most exciting films ever, it stars Loretta Young, academy award winner,

with handsome Robert Cummings. Miss Young will be seen as a university psychology teacher, whose book knowledge of human behavior does not help her when she becomes involved in murder and finds herself the central figure in a relentless woman-hunt. Cummings portrays one of two men who love her—a lawyer who comes to her defense, Wendell Corey plays the other man—a police lieutenant who closes in on her.

phoney and other insects and diseases. If San Jose scale is found, mark the tree and then go back and treat it. Rosborough recommends washing the tree with a mixture of 1 pound of concentrated lime sulphur and 3 gallons of water. Apply the liquid to the framework branches and the body of the tree—this should hold the scale in check until a thorough job of spraying can be done in the winter. If the scale is left unchecked, it may kill the tree. He says to keep the solution off the leaves, if possible, because it will burn them.

phoney has appeared this year. It is characterized, says Rosborough, by a checking of the current season's growth and the leaves on infected trees take on a peculiar dark green color. The fruit on infected trees is smaller than usual and the crop is light. Trees suspected of having this disease should be removed from the orchard because they are a probable source of infection.

Trees that were abnormal this season and have been on the sick list should be removed and this also applies to those infected with crown gall, nematodes or oak root rot. Do a good job of orchard keeping, he says, and the orchard will help keep you.

The use of a DDT spray mixture for controlling peach borers is becoming more popular, he says. It is made by mixing 3 pounds of 50 per cent wettable DDT powder in 50 gallons of water. Spray the body of the tree thoroughly with the mixture. Although the first application is usually made early in July, a second early in August and a third early in September, Rosborough says there has been little evidence of early borer damage and it is probable that an early August and September spraying will be effective.

In some of the older bearing orchards, a disease known as

'Atlantis' Tells Story Of Fabled Continent

The main attraction at the Palace Theatre Sunday and Monday, August 21, 22, is Seymour Nebenzal's ornamental production of "Atlantis," filmization of Pierre Benoit's famous novel, "Atlantida," a story of the fabled lost continent.

Maria Montez, typifying the popular conception of pagan beauty, is Queen Antinea, absolute ruler of the legendary kingdom, who is reported to be a descendant of Neptune. As the youthful French Spahis officer who is enslaved by her beauty, Jean Pierre Aumont co-stars opposite Miss Montez, with Dennis O'Keefe, a fellow officer with a less susceptible nature, as the third stellar player.

As a stirring obligato to the heady romance of the picture, "Atlantis" presents several spectacular production numbers, among them the age-old tribal dances of the legendary Tauregs of Central Africa.

Supporting players include Morris Carnovsky, Alexis Minotis, husband of Katina Paxinou and former head of the Greek National Theatre, Vladimir Sokoloff and Russ Conklin.

Orchard Work Best Done After Fruit is Removed from Tree

COLLEGE STATION, Aug. 17.—When the fruit is off the trees and sold, the orchard owner has an opportunity to do some of the jobs that were put off during the growing season. Sucker sprouts are growing on both young and old trees and they should be removed, says J. F. Rosborough, extension horticulturist of Texas A. & M. College. Otherwise, they will make additional growth during the next 60 days and will take up plant food and moisture that is needed by the tree.

An orchard cleanup program is in order, he thinks. Remove from the orchard all fruit that has fallen on the ground. He says it's probably full of worms and other insects and diseases that could cause a lot of trouble in the orchard next year. You know an ounce of prevention is worth a pound of cure and a thorough cleanup, he says, is that ounce of prevention.

Every tree in the orchard should be checked for San Jose scale,

Small Grain Pastures Advised by Specialist For Winter Dairying

COLLEGE STATION, Aug. 17.—There are certain items that should be on every dairyman's "must" list and one of these, says R. E. Burleson, associate extension dairy husbandman of Texas A. & M. College, is small grain pastures for fall and winter grazing. Plan at least one acre for each cow in the herd, for it is one way to get more feed for less money and that means lower production costs and more net income.

Silage is another source of cheap feed nutrients so have the silo ready for filling by the time the crop you are growing for silage is ready for harvesting.

In many sections of the state, it will pay you well to supplement the drying pastures with plenty of good quality hay and silage, says Burleson. Give the cows all they will eat. They will pay you well for it. Summer time isn't over in Texas and chances are good that many pastures will be brown from the heat and dry weather before fall grazing crops are available so have the supplements ready.

Herd culling is always in order, says Burleson. Make the herd fit the feed supply. The same amount of feed produces more milk when

Harley Sadler USO Campaign Leader For Four Counties

Harley Sadler, of Abilene, has been named USO chairman for a district composed of Runnels, Taylor, Callahan and Coleman counties. A drive is to get underway shortly to raise \$10,000,000, of which Texans are asked to contribute \$500,000.

Mr. Sadler, well known showman and politician of this region, issued a statement this week in which he said: "The cold war continues and our people have called for a big army, navy and air force so that our country will be ready to meet any pressure from the enemy.

"Ninety-eight thousand of our Texas young men and women are now in uniform and it is up to us to keep their ties with home, so they may return to us happy and useful citizens."

The USO is continuing work among troops all over the world and giving much attention to those in hospitals of this and other countries.

A quota will be set for each county within a short time and local people will be asked to help.

Vacation time for students is about over and in Ballinger they will go back to books and other school work on September 5. A heavy enrollment is expected, due to consolidation of districts and the increase of children attending the first grade. Officials are working hard to complete the faculty and be ready to get the routine underway without delay. First extra-curricula activity of the year began Monday when candidates for the football team came out for early practice sessions and coaches will lose no time in getting the boys in physical condition for games on the 1949 schedule.

Contracts have been let for finishing two gaps on pavement in Runnels county which will help to complete the good roads system. The gap on the farm-to-market road from Crews east to the Coleman county line has been contracted and the ten miles of pavement from Ballinger north on the Crews road will be completed and connected with farm-to-market highway 153.

Company I, 142nd infantry, stationed in Ballinger, has made excellent progress since organization and while the unit is far from full strength, officers are on

HAS YOUR ADDRESS CHANGED RECENTLY?

Ledger subscribers are requested to notify the publisher of any change in their address promptly. Under the new postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the postoffice. Besides, there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move. The best plan for all concerned is to send the change of address in advance.

the lookout for recruits and will accept them any time. As a benefit to Ballinger the company now has an annual payroll of around \$10,000 and when recruited to full streets will put about \$40,000 in circulation here. This should be enough incentive for local business men to encourage employees to join the guard. Besides the financial returns, it offers excellent training and in case of trouble a well disciplined unit would be available for public protection. In case of war the youths, who would have to enter service any way would have the advantage of training and being in condition.

It is nearing the time of year when cotton estimates are made and unless there is wholesale damage to the Runnels county crop by insects, the yield will be good. With some 135,000 acres in cotton, pickers will be in demand within a short time and gins may be operated until in the spring. Due to recent rains, cotton men are slow to forecast the production. At present cotton is doing well, but there is insect prevalence in some spots. Moisture has been sufficient in most sections, although part of the county is still dry, but the crop is far advanced and stalks are still putting on blooms, squares and bolls.

BALLINGER STUDENTS GRADUATE AT BAYLOR

Two Ballinger students will get degrees at Baylor University, Waco, in commencement exercises to be held there today. President W. R. White has announced that 352 students will be included in the commencement program for degrees.

Ballinger students participating are Gwendolyn Pauline Morgan and Hilton E. Morgan.

Grilled Dinner

Plentiful summer vegetables easily become a part of broiler meals. One combination starts with summer squash that is cut into thin slices and steamed for a short time so that it is partially cooked. The squash is removed from the water, seasoned and brushed with melted butter or margarine and placed on the broiler rack along with slices of canned corned beef and tomato halves.

WEST TEXAS NOTES

Three Concho county schools will open their fall terms September 1 and another will start on September 5. Those getting the early start on September 1 include Eden, Eola and Millersview and the Paint Rock schools are scheduled to open September 5. Most of the schools will have the same number of classroom teachers as last year with the combined county schools eligible upon cooperative agreement to have two special service teacher units. Scholastics at Eden are 947; Paint Rock, 214; Eola, 180; and Millersview, 106. The attorney general has held the action of the Concho county school board invalid in annexing the Salt Gap, county-line school, to the Millersview district. The opinion states the district comes under the jurisdiction of the McCulloch county school board.

The Brady high school band started work last Monday to get ready for the football season. Rehearsals are being held each morning with both musical drilling and stunt practice included. The band will hold its first summer camp, to be held on Lost Creek at the mouth of the San Saba River. The equipment and personnel will be taken to the camp Sunday, August 21, and remain there until the following Friday. During this period the schedule will include practice by sections, full band rehearsals, marching and stunt drills.

Farmers in the Melvin community were greatly benefited last week when moisture averaging around 3 inches fell. Cotton farmers received the most benefit while some late maize in the area will be helped. Most of the feed row crops are being harvested and maize shipments from Melvin have been heavy the past two weeks. Farmers recently have harvested a good oats, wheat and flax crop to make 1949 one of the best years.

The Erath county commissioners' court last week entered into contracts for the remodeling of

the court house at Stephenville. Total amount of the contracts was \$73,417. The outside of the building will be sandblasted and repainted, a new asbestos roof put on, new steel-casement windows installed, the interior replastered, ceilings lowered and plastered, six rooms added and rest rooms improved. One of the most needed improvements will be the enlargement of the county clerk's office to provide space for rush work.

Members of Trinity Lutheran Church, Miles, dedicated their new building with special services Sunday. The pastor and members met at the church door to start the special activities. A ribbon across the church entrance was cut by the charter members and the contractor unlocked the doors leading to the auditorium. Then pastor and members entered the church for the formal dedication rites. An open house for the general public was held Sunday afternoon.

Rowena Lions held their regular meeting last week at the Lowake Inn and the meal was followed by a short business session. Lion Maas has built a number of road signs and Lion Pavleek will paint them within a few days and they will be set up on roads leading into Rowena. Henry Tepleek was named on a committee to help get farm-to-market roads.

Coke county home demonstration club members attended the annual encampment at Christoval on Augusts 3 and 4. During the encampment the group worked on copper tooling and other metal work. A recreation program was held in which swimming and other games were included. The main program presented everyone dressed in Indian costumes for songs, stories and contests. Miss Theima Casey, district agent, assisted with the program.

Dr. S. B. Thompson, president of Daniel Baker College, Brownwood, announced last week that

An anonymous donor had presented the endowment fund of the college with business property valued at \$25,000. This brings to a successful finish the \$250,000 endowment fund campaign sponsored by friends of the school. New students will begin arriving for the fall semester on September 12 and former students will be registered on September 15, classwork to start the following day.

The Winters school board announced last week that Harold Thomas has been assigned as high school principal. Mr. Thomas has served the school as band director the past several years. John W. Sherwood has been appointed coordinator of distributive education and will begin his work on September 5. Supt. I. L. Lasater revealed that the school has been granted a third teacher in the vocational department under the new school legislation.

Comanche business houses were closed Monday to observe V-J day. This was one of the few West Texas towns to make a holiday of the event which brought an end to fighting the Japs. Hostilities ceased August 14 but as that date fell on Sunday, it was voted to close on Monday.

Dr. W. L. Allen, Rising Star health officer, has called upon all citizens to rid their places of flies and breeding places for mosquitoes. The health officer declared sanitation was the number one item in a successful health control program. Dr. Allen will have the support of the civic clubs in the clean-up campaign and the proper disposal of garbage.

Maverick Baptist Revival to be Led By 3 Young Men

Roy Harrell, of San Angelo; and James Featherston, of Wichita Falls, will assist Pastor Van Gladen in a revival at the Maverick Baptist Church starting Saturday, August 20, and continuing through Sunday, August 28. Group prayer meetings will be held each evening at 8 o'clock, and services will follow at 8:30 p. m. The time for morning services will be decided later.

All three of the young men who are to work in the revival will be graduated from Hardin-Simmons University on the evening of August 19. They will go to Maverick the next day to start the special campaign. Roy Harrell, young San Angelo minister, will lead the music for the revival. In addition to being a part time pastor, he has spent considerable time with the Life Service Band of Hardin-Simmons University. As program chairman of this group, he arranged many student-conducted religious services during the past two years. James Featherston will play the piano during the meeting. He has been active in musical circles at Abilene during his college days.

The church pastor, Van Gladen, has been at Maverick since January of this year. After the revival he intends to enter Southwestern Baptist Theological Seminary, Fort Worth, to complete his education.

All people near Maverick are invited to attend as many services as possible.

SPORTS

Ballinger fans will have an opportunity to watch the 1949 Cats in 12 more home games on the regular schedule, one of them a double-header on September 5.

The local management would like to get big crowds the rest of the season. Win or lose, Ballinger fans have had a summer of good entertainment and the way has been paved for good baseball in the future. Much depends on the attendance during the remainder of the season and the closing out with as little deficit as possible.

The Ballinger club got a late start this year. It was February before it was known whether there would be baseball here. This meant to start from scratch without a park or equipment. Much has been accomplished and the men who have given time and money are to be commended.

Anybody can be a good fan when the team is winning and a championship is in sight. It takes a really good fan to stay in there and pitch when the club is far behind and things are not going well. Let's help the management and team by turning out

the rest of the season, seeing some good games and supporting a swell bunch of players who are giving their best.

When the 1949 season ends will be the time to get a manager and begin lining up proven players on contracts so that the 1950 season can be started right. Fans should be interested in sodding the field and making other improvements to provide one of the best parks in the league.

The Big Spring Broncs will hit town next Monday for games on August 22, 23 and 24. The Sweetwater Swatters will follow August 25 and 26, and the Vernon Dusters will be back August 27 and 28. This will be one of the longest home stands of the year and will give every man, woman and child in the community a chance to show just how much baseball is appreciated in Ballinger.

The last baseball game of the 1949 schedule in Ballinger will be played on September 7, and on September 9 the football season will get underway with the Bearcats meeting the Seymour team.

The complete schedule for the Bearcats follows:
September 9—Seymour, here
September 16—Roscoe, here
September 23—Dublin there

September 30—Stamford here
October 7—Rotan, here
October 14—Haskell, here
October 21—Brady, there
October 28—Lake View, there
November 11—Coleman, there
November 18—Winters, there

Coaches Wayman Wilson and Douglas Cox are meeting the Bearcats twice daily for grueling drills.

MIDLAND RECEIVER NAMED LEAGUE'S "ROOKIE OF YEAR"

Kenny Jones, Midland Indians' catcher, has been named "Rookie of the Year" of the Longhorn League by a vote of sportswriters and radio men.

In the final voting, Jones got 38½ votes to take the honor, the first ever offered. He will receive a special award from the league, to be presented before the end of

the 1949 season. Wayne Batson, Odessa Oilers' first baseman, was second, and other contenders in order were: Wayne Wallace, San Angelo; Carlos Pascual, Big Spring; Ray Hill, Roswell; Bill Dossey, Ballinger; and Wayne Moon, Vernon.

BOY SCOUT JACKIE RUDDER RECEIVES CHURCH AWARD

Jackie Rudder, member of Boy Scout troop 30, was presented the award "For God and Country" in a special part of the program at the First Baptist Church Sunday night.

The award was made by the pastor, Rev. B. J. Martin, after Jackie had been presented by his scoutmaster, Oscar Batts. This award is held by only four scouts in the entire Concho Valley council and three of the boys are members of Ballinger troop 30.

The other is held by a Brady scout.

To receive the award a scout must meet rigid requirements in general church work and pass an examination given by the pastor of his church. Other members of troop 30 holding this award are Jim Erwin, of the Eighth Street Presbyterian Church; and Bill Boggs, of the First Presbyterian Church.

FORMER BALLINGERITE'S HUSBAND DIES MONDAY

Albert Chelet, of Port Neches, Texas, died Monday, August 15, following a heart attack, at his home. Funeral services were conducted Tuesday.

Mr. Chelet was married to the former Miss Willie Harmon of this city in 1918, and they moved to Port Neches several years ago. Miss Harmon was the daughter of

the late W. S. Harmon, one of the first settlers in this country, and is a sister-in-law of J. C. Cline, who still resides here, living with his daughter in the old Harmon home on Eleventh Street.

Mrs. Chelet will move soon to Alamo, where she will make home with a sister, Mrs. Annie McKinney, who also formerly resided in Ballinger.

BAPTIST RALLY SCHEDULED AT SAN ANGELO AUGUST 23

Baptists of this section will attend one of 85 meetings being held in Texas at San Angelo on Tuesday, August 23. The meetings are known as "Grow with Your Church," and outstanding pastors and laymen are touring the state to appear on the programs.

The San Angelo meeting will open at 10 a. m. at the First Baptist Church. Every phase of the church's work will be included in the program and the closing address will be on tithing.

Mrs. Lula Chilcoat, cousin of J. C. Cline, was here recently for a few days visit with Mr. Cline. It was the first time the cousins had seen each other in 56 years. She also visited relatives at San Angelo before returning to her home at Vicksburg, Mississippi.

Miss Margaret Liverman Weds Everett Louis Gentry, Jr.

Mr. and Mrs. Fred C. Liverman announce the marriage of their daughter, Margaret, and Everett Louis Gentry, Jr., son of Mr. and Mrs. E. L. Gentry of Odessa.

The wedding took place Saturday evening at seven o'clock in the parsonage of the Calvary Baptist Church in Abilene, the pastor, Rev. John D. Alexander, officiating at the single-ring ceremony.

straw hat was feather trimmed and veiled. Her accessories were white and she carried a white Bible topped with white carnations and white ribbon streamers. Her only ornament was a double string of pearls, a gift from an aunt, and carrying out the tradition of something old the bride carried a white lace handkerchief which her aunt, Mrs. Bob Straley, had carried at her wedding.

Mrs. Lester D. Cape was matron of honor. She wore a navy blue street-length crepe dress with white accessories and a white carnation corsage. Lester D. Cape served as best man.

The couple left on a wedding

trip to the Carlsbad Caverns in New Mexico. For travelling the bride wore a beige crepe frock fashioned with a darker shade of lace. Her accessories were brown and beige and she wore a white carnation corsage. The couple will be at home in Odessa where Mr. Gentry is employed.

Haines, was born in Runnels county, and she now makes her home with her mother. Mr. and Mrs. Schneider lost a son, Harry, in Austin county, and they also lost the daughter, Mrs. Andy Spreen.

Mr. and Mrs. Schneider resided on the old Dr. Dickinson farm near Ballinger when they moved to this county. Later they bought the Leatherwood farm three miles east of town where all their children were reared. Mr. Schneider retired and moved to Ballinger in 1927, and Mrs. Schneider has been living where her home is now on Eleventh Street since Mr. Schneider passed away soon after moving to town.

Active and happy, Mrs. Schneider assists with the housework and works in her garden. She leaves this week for Bellville, where she will visit her sister, Mrs. Augusta Schneider, who is 92 years of age and is as active as Mrs. Schneider.

And when it comes to that important item of economy, the cost of Electric Cooking is amazingly small, considering the marvelous conveniences and the extra leisure time it brings.
