New Manager Employed For Local Baseball Club

Directors of the Ballinger Baseball Club announced this morning that they had accepted the resignation of "Dutch" Funderburk as manager, effective today, June 1. The change was made after an unsuccessful road trip in which the Cats won one and lost three.

Larry Gilchrist will arrive here this afternoon to assume the job as skipper of the Cats in tonight's game. Gilchrist was on a tour through Oklahoma as the first of the week, seeking new material for the Ballinger club and will bring several men with him today to bolster the defense and offense. Names of the new men are not available at this time. Several college stars are due to arrive here shortly for try-outs.

Funderburk's resignation came after about seven weeks play in

the 1950 season in which the Ballinger club has occupied the cellar all of that time.

Directors stated this morning that every effort would be made to put a winning club on the field at once and start a drive for a first division slot.

Gilchrist has been in organized baseball for a number of years. He managed the Gainesville club in 1946 and has been a co-owner of the Borger club in the West Texas-New Mexico League recently. An infielder, he is in playing condition this season.

The Cats will be at home through Sunday. They continue the series with the Odessa Oilers tonight and tomorrow night and then the Roswell Rockets will move in for games Saturday night and Sunday afternoon.

Rodriguez Pitches, Cats Hit the Ball; Odessa Shut-Out

Roberto Rodriguez was in rare mound form Wednesday night and Johnny Jones, Stu Williams and the rest of the Cats were also in their hitting as the cellar-dwellers handed the league-leading Odessa Oilers a 12 to 0 defeat.

A threatening cloud kept many fans from the park and they missed a good show as the nationally famous clown, Johnnie Jones, kept the audience laughing during preliminaries and for two innings after the game got under way.

Tall, rangy Johnny Jones, Cat rightfielder, led the hitting attack with a double, a triple and a home-run which accounted for five of the Cat runs.

The same clubs meet here again tonight and again tomorrow (Friday) night in the three-game series.

Girl Scouts to Close Day Camp Activities With an Open House

The Day Camp for Ballinger Girl Scouts will close tomorrow (Friday) with an open house at the new cottage on Fifth Street from 7 to 9 p. m. All Ballinger people are invited to drive by and inspect the new home and also see the exhibit of handcraft work on display.

County Polio Chapter Gets Check for \$3,325 To Liquidate Debts

The Runnels county chapter of the National Foundation for Infantile Paralysis has received a second check since the first of the year to assist with work in this area. The check which arrived last week was for \$3,325 and will be used to retire outstanding indebtedness against the chapter.

In January a check for \$2,600 was received from the national headquarters and these two loans plus the money received in the annual March of Dimes will take care of all indebtedness against the local chapter and leave a balance of about \$1,400 for the remainder of the year.

For the first time in more than a year the Runnels county chapter does not have a case in a hospital. All patients from this county have been dismissed and no new cases have been reported.

O. L. Huddleston, secretary of the local chapter, stated that all outstanding bills would be paid this week and the slate wiped clean for the first time in many months.

During the past two years, funds raised for the chapter in the March of Dimes and in special campaigns have not been nearly enough to take care of local needs. Last year it was necessary to secure more than \$8,000 on a grant from the national foundation.

Heavy Gasser on Knight Farm Put Under Control

Excitement ran high here this week when the biggest gas well in this section blew in and for more than 24 hours was out of control. The O. W. Killam No. 1-J. F. Knight, located northeast of Ballinger near the old McMillan field, blew in Monday after casing was perforated at 3,958-68 feet.

The gas flowed through 5-inch casing and the roar could be heard for a mile or more. Experts were rushed here from Houston and late Tuesday afternoon put the well under control. While it was open the gas sprayed distillate in a fine mist over a wide area. No official gauge has been made of either the oil or gas. Gas flow was unofficially estimated at 15 to 20 million cubic feet.

A wildcat, Vincent & Welch, Inc., of Midland, No. 1-P. M. Davis, two miles southeast of Winters, was also brought in this week, flowing from the Palo Pinto. In a

four-hour drillstem test gas rose to the surface in five minutes and oil flowed at the rate of 10 barrels an hour. Preparations are underway to cement casing at around 3,590 feet and test production.

Ted Weiner and others, Anton Oil Corp. No. 1-A. Jennings was completed with a daily flow of 328 barrels in the Winters Strawn field. The same company has located another well which will be the No. 1-A Arnold. It will be north of the No. 1 Arnold, which is being completed in the Serratt sand at 2,554 feet.

Gulfshore Oil Co. & G. W. Strake No. 1-Ollie Davidson, 7 miles northeast of Winters, is scheduled for a 5,500-foot rotary test.

Herrmann Bros., Witco Carbon Co. & Crown Carbon Co., of Amarillo No. 1-Brice, two miles northwest of Wingate, is scheduled for a 5,300-foot test.

Farm Bureau Directors Named at Meeting Here

Members of the Runnels County Farm Bureau assembled in the city park here Monday night for an important meeting at which new directors were elected and a meeting of that board was set for Saturday, June 10, when new officers will be elected and the board organized.

New directors are: E. F. Albro, Wilmeth; Tom Moreland, Ballinger; Ben J. Frerich, Rowena; R. L. Beach, Miles; and Edward Hoelscher, Offen. J. B. Estes, of Hatchel, past president, will serve as an ex-officio member of the board.

Other business discussed at the meeting, which was attended by more than 100, was the rural telephone cooperative system.

Carroll Land, manager of the Tom Green county REA; and Chester Kenley, secretary of the

telephone co-op committee, explained the proposed system which is planned for 12 counties. An application for the West Texas Telephone Co-Operative was filed on February 10 at Washington, and a loan of \$500,000 was asked.

Part of the group attending the meeting Monday night expressed themselves as satisfied with their present service and others expressed the desire to join the co-op.

A committee composed of F. D. Gardner, Wilmeth, and L. A. Wilbanks, Pony Creek, was named to make a survey of the county and determine the number who would like telephone service from the proposed system.

Mrs. M. B. Webb explained changes in the Blue Cross. Refreshments were served at the conclusion of the meeting.

Rotarians to Send Scoutmaster Batts To National Meet

Oscar Batts, scoutmaster of troop No. 30, was presented a check by Frank M. Pearce, chairman of the Boy Scout committee of the Ballinger Rotary Club, Tuesday when the club met at the Central Hotel for its regular luncheon program, to cover expenses on a trip to Valley Forge, Pennsylvania, where the National Scout Jamboree will be held from June 30 through July 6.

The local club sponsors troop 30, which has a membership of about 50 boys, including a senior unit. Mr. Batts has been scoutmaster of this troop the past 8 years and has accomplished great things with the boys under his direction.

Rotary members made contributions to cover expenses for Scoutmaster Batts to make this trip with about 70 scouts from the Concho Valley council and 10 leaders. The party will leave San Angelo June 23 and arrive at Philadelphia June 27. Three days will be spent in pre-camp training. The group will enjoy a 6-hour sightseeing tour in Washington, and on their return will make a stop over in New York and Niagara Falls. Buster Berryhill, assistant Scoutmaster of the senior unit, and Bill Hart, also an assistant, will probably accompany Mr. Batts.

There will be 51,000 scouts from all over the world at the jamboree. They will enjoy cook-outs, patrol and other activities. Trips will be made into Philadelphia and a fireworks display will be held on July 4.

The club committee is composed of Frank Pearce, O. C. Sykes, Walter Mueller, Allen Davis, Clifford Cook, E. M. Lynn and D. G. Posey.

Ballinger Jaycees Elect New Officers

Ballinger Jaycees met Tuesday night at Martin's Inn for their regular business session which included the election of officers for the year. These officers will take office within the next few weeks and carry on the projects of the organization.

Bob McGarvey was named president, and other officers are: Buddy Gray, first vice-president; Gene Heidenheimer, second vice-president; James Gibbs, secretary; Dr. W. K. Wheatly, sergeant-at-arms; Joe Freeman, state director; Jack Williams and Dr. Wheatly are new directors who will serve with the holdovers, C. A. Bissett and Jimmy Wilson.

The Jaycees voted to pay one-third the cost of relamping the softball field.

On Monday night of this week a group of Jaycees met at the Girl Scout house on Fifth Street and painted the interior. Within a short time another work session will be held when the outside will be painted.

Runnels 4-H Club Boys Given Eight Registered Durocs

Eight Runnels county 4-H club boys received a registered Duroc boar and seven Duroc gilts at San Angelo Saturday. The animals were presented by the Sears Foundation.

Hubert Frerich received the boar and gilts went to David Burleson, Winters; Emmett Eggenmeyer, Rowena; James Englert, Rowena; Clyde Halfmann, Rowena; Jerome Hoelscher, Rowena; Maurice Holle, Winters; Jerry Dean Watkins, Winters; and Billy Thomas, Winters.

These boys will care for the animals and show them in September in district competition. Later they will raise a pig crop and give back a gilt from the first litter to another boy next year.

Thirty other boys from Coke, Concho, Menard and Tom Green counties also received registered Duroc pigs.

Cotton is Theme of Rotary Club's Rural-Urban Program

The Ballinger Rotary Club held a rural-urban program Tuesday at its regular weekly luncheon at the Central Hotel, a number of farmers of this section attending as guests.

County Agent John Barton was in charge of the program and was assisted by E. D. Paschal and Jerry Lusk. The entire time was devoted to a summary of Runnels county as a cotton producing area.

Mr. Barton gave the resume on the 1949 crop, showing that 65,860 bales were marketed here at approximately \$156 per bale or a grand total of \$10,274,160. Seed from the above ginnings were valued at \$1,185,480, making the 1949 crop worth about \$11,459,640.

Mr. Barton also estimated some of the major expenses of growing and harvesting this crop. He listed picking at \$2.50 per 100 pounds or \$3,283,000. Ginning was given as \$13 per bale or a total of \$856,180 and yardage and compressing at \$1.50 per bale or \$98,730. These items total \$4,237,970.

Other expenses such as seed, hoeing, chopping, cultivation,

replanting, insect control, man-labor, tenant rent, upkeep on tractor and other equipment and miscellaneous items all enter into the picture and determine the final profit of the farmer.

Speakers gave illustrations of production from correct methods in other sections. They pointed out that in California three bales per acre are about normal and on experiment stations where everything is just right, three bales per acre are the result. From these figures, the speaker stated that if this area could be one-third right, results would be one bale per acre which would have given a 135,000 bale crop in 1949 instead of 65,860 bales.

In Runnels county, agricultural leaders are working on a seven point program as follows:

1. Fit cotton into a balanced system of farming.
2. Take care of the soil.
3. Act together on best varieties.
4. Make your labor count.
5. Control insects.
6. Pick and gin for higher grade.
7. Sell for grade, staple and variety value.

Important Data Given By County PMA Office

The Runnels county office of the production and marketing administration makes a number of important announcements to farmers and ranchmen this week.

Wheat Allotments

Wheat acreage allotments will be in effect for the 1951 wheat crop, according to Mead McShan, chairman of the Runnels county PMA committee. The legislation under which wheat allotments are established requires that they be proclaimed each year by the secretary of agriculture unless a national emergency exists.

The chairman further explains that each year the national allotment is based on the estimated needs for the coming year after making allowance for the supply of wheat on hand on July 1.

Farms on which no wheat were seeded for harvest in any of the years 1948, 1949 and 1950, may apply for a 1951 wheat acreage allotment. To be considered for an allotment on a new farm the farmer must apply in writing to his county PMA committee by June 26.

The application must contain evidence that the land for which the allotment is requested is suitable for the production of wheat and that the operator will be largely dependent for his livelihood on his farming.

Cotton Buyers

All persons who intend to buy cotton from farmers in Runnels county this fall are asked to go to the PMA office and leave their names and addresses. The county committee can keep them informed about marketing quotas regulations and provisions.

There will be certain requirements in connection with the marketing quota program that each cotton buyer will need and the county PMA committee will furnish buyers this data if they know who they are and their addresses.

Mesquite Experiment

Experiments in mesquite eradication are underway in Ector county which are being watched by many observers. Four plots were sprayed with different chemicals in the hope that a quick, sure method of eradication can be developed that will be reasonable in cost.

CHAMBER OF COMMERCE INCOME BEING BOOSTED

Ballinger Chamber of Commerce committees have been calling on firm managers this week, asking for increases in their monthly or annual dues to the organization. While only a few of the members have been interviewed, excellent results have been registered, only four of the first twenty called on not making an increase in their payments.

Officers and directors of the chamber have asked for regular increases in order to have the income meet the budget set up for the next twelve months.

The work will be continued until all local firms have been contacted.

Mr. and Mrs. Rodgers Jones and daughter, Shirley, left yesterday for Alexandria, Louisiana, to visit Mr. and Mrs. Rodgers Jones, Jr., and son.

Storage Loans to be Extended One Year; Measurement Begun

The Runnels county PMA has announced that the farm storage program will be continued. Because of large crops in 1949 and large carry-overs in 1950-51, the government's farm construction loan program will be extended another year, according to Mead McShan, chairman of the Runnels county committee.

The original program, begun in June, 1949, was extended to make loans available through June 30 of this year.

The farm storage program is open to producers of grain and certain other crops including wheat, oats, barley, corn, rye, grain sorghums, soybeans, dry edible beans and peas and peanuts. The loans for this storage are in amount not to exceed 85 per cent of the cost of the structure. Loans bear interest at the rate of 4 per cent per annum and are payable in five annual installments, or earlier at the farmer's option. Interested farmers and ranchmen may make application at the PMA office.

Other PMA activities include the beginning of measuring cotton acreage in the county. Ten reporters began work last week and by June 5 twenty more will be employed. During this work 88,916 acres of cotton and 201,826 acres of other crops will be measured. A total of 46,827 acres of wheat has already been measured. Farmers are urged to give full cooperation to the reporters when they call.

Cotton growers are advised that if they are overplanted on one farm, cotton sales on all farms will be held up until the penalty is taken care of. Those found overplanted will be permitted to destroy the overplanted acreage.

District 4-H Girls' Club Camp Now Underway at Bruce Field

The district encampment for 4-H club girls opened here Tuesday, the program getting into full swing Wednesday. There are 44 girls and 12 home demonstration agents and a number of adult leaders registered for the four-day program which is being held at Bruce Field.

Three 4-H girls from each county in district 7 are here to receive special training which they will take back to their clubs and to county encampments to be held later in the summer.

Miss Thelma Casey, district agent, is assisting with the activities.

Each night a program based on the theme of the day is being presented by the girls. Tuesday was Friendship Day, Wednesday had a Gypsy theme, today the girls are featuring Mexican Day, and Friday, last day of the encampment, will be a Western Roundup.

Today at noon the girls had as guests, County Judge E. C. Grindstaff, members of the county commissioners' court, and their wives.

State Youth Worker To Talk Here June 7

S. L. Ballamy, director of community service for the State Youth Council, will speak in Ballinger on June 7 at the district court room. The program will be held in the evening and all persons interested in the youth of the county are invited to be present and hear this statewide worker on juvenile problems. A special invitation is being sent to all church, civic and school leaders and every effort will be made to secure a good representation.

Mr. Ballamy is being brought here by a special group interested in a better youth entertainment. The work was started after a survey was made of all high school students in the county. Questionnaires were handed to the high school students and a large number answered them in a frank manner, setting forth what they thought was needed and wanted by the young people of the various communities.

A committee is compiling information from the more than 300 questionnaires answered and this data will be given the speaker for incorporating in his address and in discussing the local situation.

Mrs. L. B. Rudder returned home Monday from a six weeks visit at Cadillac, Michigan, with Mr. and Mrs. Robert F. Jay, who have a new daughter, Roberta.

Mr. and Mrs. L. B. Rudder, Mrs. Allene Roach and Carolyn attended the graduation of Brooks Rudder, Jr., at North Texas State College last Sunday.

Character is written all over it!

It's a wonderful feeling to take the wheel of a magnificent new Pontiac convertible—to feel the pride of driving a car with character in every line and action.

Naturally, the convertible is the sweetheart of the Silver Streaks, a car with a manner all its own. But *character* is a basic Pontiac in-

redient—one that adds greatly to the pride and pleasure of owning and driving any Pontiac model you choose.

Every new Pontiac has character written all over it and stamped deep into its background. That's an important reason why dollar for dollar, you can't beat a Pontiac!

Bearcats Win Regional Baseball Championship by Taking Rotan

Tall Jimmy Davenport finished his high school athletic career in a blaze of glory Monday night when he pitched the Ballinger Bearcats to the regional baseball championship, letting the Rotan Yellowhammers down with six hits and striking out 15. Not only did Jimmy turn in one of the best

pitched games of the year but he led the hitting attack with two singles and a double in four trips to the plate and batted in 3 of the Bearcat runs. The Bearcats slammed out nine base hits and took advantage of Kenneth Clark's wildness and loose fielding of the Rotan lads to hand

the opposition a 13 to 1 defeat. The game was played at Cat Park before one of the largest baseball crowds of the season. Clark walked four, hit three batters and made three wild pitches to help the Bearcats in the scoring business. His teammates were credited with eight errors which also proved costly. Winning this game gave Bearcat athletic teams the regional championship in football, basketball and baseball for the 1950 season and made two years in a

Row for these honors.

'You're My Everything' Starring Dan Dailey and Anne Baxter. Also Returns Silent Film Favorites

A silent movie, vintage of 1924, colorful actors, whose names were furnished one of the nostalgic highlights for "You're My Everything," 20th Century-Fox Technicolor musical, to be shown at the Hillcrest Drive-In Theatre on Wednesday and Thursday, June 7, 8.

To give more realism to this old-time movie the producer and director rounded up a number of by-words with movie fans of the '20s. Buster Keaton brought along the pancake hat he wore in every film he made, more than 200, since buying it for \$3 back in 1922. Jack Mulhall, one of the screen's most noted lovers, returned to the set to play himself, and Stuart Holmes and Charles Morton, stars of the silents, found a touch of nostalgia

"Cinderella." Walt Disney's all-cartoon magical musical in Technicolor, is the principal attraction at the Texas Theatre next Sunday and Monday, June 4, 5. The production is said to provide a challenge to his previous big hit, "Snow White."

Lucifer and effect the release of Cinderella from the tower room in which she has been locked by the stepmother to keep her from Prince Charming.

Moviefgoers will hear six hit songs: "Cinderella," "So This is Love," "A Dream is a Wish Your Heart Makes," "Cinderella Work Song," "Bibbidi-Bobbidi-Boop" and "Sing, Sweet Nightingale."

Roy Rogers and Trigger, a fast-moving story snatched right from newspaper headlines, rib-tickling comedy, and songs written by top composers in the field of western music, add up to first-rate film entertainment. Republic is offering in "Twilight in the Sierras," to be shown at the Texas tomorrow and Saturday. Others in this Trucolor picture include James Magill, Russ Vincent, William Lester, George Meeker, Harry Strang and Edward Keane.

Two of the nation's greatest animal trainers, Chubby and Harriett Guilfoyle, a husband and wife team, contributed their talents and combined 75 years of experience to inject thrills, action and excitement into the new adventure film, "Forbidden Jungle," to be shown in conjunction with the Roy Rogers western at the Texas tomorrow and Saturday. Lovely Alyce Louis, Don Harvey, Robert Cabal and Forrest Taylor head featured players.

in their roles.

Anne Baxter, who shares starring honors in "You're My Everything" with Dan Dailey, did an impersonation of Clara Bow, the famous "It" girl, and the 20th Century-Fox studio was turned back 25 years for this silent film sequence. Director Lang huddled four companies together on one stage, had orchestras playing "mood" music and swordsmen dropping off parapets into mattresses on the floor for this black and white movie set right in the middle of all the Technicolor splendor of "You're My Everything."

Cummings and Scott 'Paid in Full' Stars

Robert Cummings, Elizabeth Scott and Diana Lynn star in Paramount's gripping drama, "Paid in Full," to be shown at the Texas Theatre Tuesday, Wednesday and Thursday of next week, June 6 through 8. Eve Arden heads a brilliant featured roster which includes Ray Collins, Frank McHugh and Stanley Ridges.

Dealing with a theme that long has been regarded as "not for the movies," this Hal Willis production is the absorbing story of two sisters in love with the same man and the lengths to which one goes to win him. Daring in scope, "Paid in Full" provides a rare emotional experience for movie-goers, according to preview critics.

"Paid in Full" is based on a sensational Reader's Digest story by Dr. Frederic Loomis.

Rotary Hoe Said To Reduce Costs Of Cotton Raising

COLLEGE STATION, May 17.—Next to harvesting, cotton chopping and hoeing are the greatest man-hour consumers in the production of a cotton crop. In central Texas, for example, 22 per cent of the man-hours required to produce a cotton crop are spent on chopping and hoeing. According to Fred C. Elliott, extension cotton work specialist of Texas A. & M. College, cotton producers can reduce this time consuming operation by using rotary hoes and at the same time increase their income from cotton.

He says many farmers last year reported that they made savings up to 60 per cent on these two items through the use of the rotary hoe. Figures taken from

Gorgeous, Melodious 'Cinderella' Has Appeal for Adults as Well as Kiddies

When Walt Disney planned his widely-discussed musical all-cartoon feature, "Cinderella," to be presented at the Texas Theatre Sunday and Monday, June 4, 5, he aimed for pronounced adult appeal in the production in addition to its all-over family appeal.

His treatment of the famous fairy tale embraces continuous dynamic action and a kaleidoscope of scenes ranging from the Royal Ball to the cute sequence in which girl mice shoo boy mice out of Cinderella's bedroom so that the girl mice and the birds can help Cinderella with her morning bath.

Romance is deftly incorporated in the whole production. In the past Disney has avoided stressing romantic scenes in his pictures. But now he has permitted Prince Charming to exchange a honeymoon kiss with Cinderella, one that is as fervent and warm as any enjoyed by any romantic pair on the screen. Humor also runs riot in "Cinderella." One of the laugh highlights is the sequence in which Jaq and Gus, the mice, outwit Lucifer, the cat, to obtain trimmings for a dress for Cinderella.

Suspense is built up when the birds and mice unite to thwart

Successful Poppy Sale is Conducted Here by Auxiliary

Members of the American Legion Auxiliary conducted the annual spring Poppy Day sale Saturday and were successful in selling the full shipment. A total of \$229 was realized from the sale of 1,500 poppies, many paying more than the required 10 cents.

The sale was directed by Mrs. Price Middleton, poppy sale chairman, who was assisted by 17 Auxiliary members and eight high school girls.

Veteran-made poppies are sold here twice a year on the Saturday before Armistice Day and the Saturday before Memorial Day. In previous years the Auxiliary has always been able to see the full quota.

Poppies are made by hospitalized veterans who receive pay for their work. Part of the money goes into state rehabilitation work and the remainder is retained by the local chapter for similar work.

Auxiliary officers express appreciation to all who helped in any way with the sale and to those who bought. They will conduct the next sale in November, the weekend before Armistice.

BROKEN SHOULDER IS SUFFERED BY CHERRY

Chester Cherry sustained a broken shoulder Friday afternoon while working near Talpa. While running a line Mr. Cherry was crossing the Santa Fe tracks when his foot slipped and he fell backward, striking his shoulder on a steel rail.

He completed the line before coming on to town and going to the hospital for examination. The picture showed a break under the shoulder blade.

ITINERANT SALESMEN MUST HAVE PERMITS, LICENSES

During the week a number of Ballinger housewives have called the chamber of commerce office to register complaints in regard to insistent itinerant salesmen working here.

There is a city ordinance that requires that a salesman must have a license from the city or a letter to solicit from the chamber of commerce. Housewives are urged to ask every salesman for this letter and if he does not show it, call the police.

Mr. and Mrs. Bob Wright, who were married at Brownwood last Saturday, were visitors in the home of Mr. and Mrs. Cal Adair the past week-end. Bob formerly lived in Ballinger with his parents, Mr. and Mrs. Felton Wright. Other guests in the Adair home were Mr. and Mrs. J. E. Garrett, of Vega.

JUNIOR HIGH HONOR STUDENT RIDES BUS 62 MILES DAILY

Mildred Dorotik, daughter of Mr. and Mrs. Frank Dorotik, of Rowena, was high honor student at Ballinger junior high school. She had an average of 95.4. Helen Kennedy, daughter of Mr. and Mrs. D. O. Kennedy, won second honors. Mildred makes the trips back and forth from her home southeast of Rowena on the school bus which her father drives. They leave home before 7 o'clock each morning and cover 31 miles, picking up all the students from that part of the county who attend Ballinger schools. On her return home in the evening she has covered 62 miles. After the evening meal, the time is spent in studying and practicing on the piano before retiring.

She was also awarded a certificate for not being absent or tardy the past school year.

Mildred can easily be classed as a football and baseball fan. She never misses a chance to attend all school games as well as attending all the baseball games when the Ballinger Cats are playing at home.

The Ballinger junior high school graduation exercises were held Friday morning in the school auditorium. Supt. Caskey presented certificates to 88 students who will enter senior high school next September. The junior high school choral club sang three numbers with Charles Kelly directing.

County Superintendent W. E. Elkins gave the address on "Education," and I. B. Funderburk, junior high school principal, made the closing remarks.

Mr. and Mrs. O. C. Sykes, of Ballinger, and Bill Sykes, of Fort Sumner, New Mexico, left the first of the week for College Station to attend the graduation exercises at A. & M. College Wednesday when Bob Sykes received his degree.

Mr. and Mrs. David T. Caudle, of Odessa, are parents of a son, born on May 29. The young man weighed 7 pounds five ounces and has been named Thomas Elbert. Grandparents are Mr. and Mrs. Tom Caudle and Mr. and Mrs. Elbert Clamplitt, Ballinger.

Ballinger Pioneer And Peace Officer Dies at Age of 94

Word was received in Ballinger last Thursday of the death of B. W. Pilcher at Council Bluffs, Iowa, on May 13. The passing of the 94-year-old Ballinger pioneer brings to a close one of the most colorful lives ever known to this section.

Decedent came to Ballinger more than 64 years ago. He walked from Abilene to be one of the first at the new town being opened by the Santa Fe at the terminus of the new line being built into West Texas. Arriving here he erected a tent and dealt "monte" for the railroad workers camped at the present townsite. He was here when the lot sale was held on June 29, 1886, and soon afterwards became a peace officer, a position he held for more than 50 years and until his health failed.

His wife passed away in 1948 and he went to live with a niece, Mrs. Harry W. Marks, at Council Bluffs. He had become blind and was unable to leave his chair without help. Since leaving here he had been in ill health until his death from a cerebral hemor-

rhage. The letter received here last week stated that the body had been cremated and placed in a vault. The ashes will be brought to Ballinger later and buried in Evergreen Cemetery by the side of his life-long companion.

Attendance Small For Memorial Rites Held at Evergreen

A very small group attended the memorial Day service held at Evergreen Cemetery Sunday evening at 6 o'clock, sponsored by the American Legion. The service was held to pay tribute to the soldier dead of all wars and to especially honor those who gave their lives fighting for freedom.

The group assembled in the small grass covered park in the center of the cemetery. Legionnaires composing the color guard and firing squad marched to the meeting place where Rev. C. D. Wooten, pastor of the First Methodist Church, offered the opening prayer.

Chaplain Larry Gilbert praised those who gave or offered their lives in defense of liberty we still enjoy. He made reference to the small number present for such an occasion and offered regrets that so many have apparently forgotten the sacrifice made by the youth of the land only a few years ago. He also offered an apology for those who promised to carry on after victory until a lasting peace came to the world and who today are doing so little to make this true. The speaker declared: "It is only fitting that we set aside such a day as this for the memory of those who so heroically gave their last full measure of devotion for the freedom that they held so dear to their hearts. It is only fitting that such a time be set aside to thank Almighty God for the sacrificial devotion that so many young men and women showed their country in a time of crisis.

We must never forget how in times when all seemed lost that young men and women, without thought of their own personal lives, were willing to give all for the final victory that they hoped would come."

The speaker spoke of the complacency of the people today and made reference to the "cold war" going on by forces which would destroy our democratic way of life. "Such memories as we have talked today should sober our thinking as we look upon our unsettled world. Many people have died that the world might be free—but we are still free."

The program was concluded with a three-volley rifle salute to the dead and the sounding of taps.

New Minister Begins Services in Ballinger

The Eighth Street Church of Christ has a new minister, who will begin his services here on June 1. The new man is J. L. Davis, for the past few years minister of the Church of Christ at Kenedy.

While at Kenedy, Mr. Davis was successful in building up a fine membership. He is better known as "Col. Davis" as he has been for many years and still holds the rank of colonel in the U. S. air forces.

Dr. Frank Pack, of the Bible department, Abilene Christian College, has been serving the church for the past year but must conclude his work here because of other duties during the vacation period.

Mr. Davis and his wife and son, a freshman in Abilene Christian College, will move into the minister's home this week and will be on hand during the revival to assist in every way possible and meet the members of the church.

There were many disappointed people in Ballinger last week when the 1950 census figures were announced. In a contest conducted before the announcement estimates had ranged from 5,535 to 10,875 and a majority who gave it close study guessed between 7,000 and 8,000. The corporate limits of Ballinger have not been extended to include new sections. All of South Ballinger and Hillcrest lie outside the city limits and were taken in the rural census. However, had citizens there been counted it would not have raised the total to more than 6,000. Plans are being studied for a recheck to determine if there were people missed in the enumerations and citizens may be called upon to assist in this unofficial count. If a considerable number are found, a supplemental list can yet be added to the 1950 census.

The general rain the past week-end came at a good time, when many farmers had just finished planting a large acreage in sorghums, cotton and other crops. There was sufficient moisture to bring up the crops but the general rain will give all row crops a good start, will help what small gain is left in the fields and will give the range a boost. In many

sections the rain was hard enough to put water in storage tanks and small streams. Several places in the county received as much as two inches and new tanks were filled. Most sheep in the county had been sheared long enough to stand the wet, chilly weather and losses are believed to be light.

The Ballinger schools have just concluded a very successful year, graduating 67 seniors in a special program last Thursday. While the buildings were overloaded the entire year, all students were taken care of. In extra-curricula work Ballinger students made an excellent record, athletic teams winning the district and more in football, basketball and baseball. Patrons of the district have authorized \$200,000 in bonds for new construction and within a short time a negro school and a 12-room elementary building will be started. The board hopes to have all construction completed by February, 1951. School officials know that the load, especially in the lower grades, will be heavy in the fall and for a few months classrooms will be crowded until the new elementary building is finished.

WEST TEXAS NOTES

Brady had a population increase of 919 during the past ten years while McCulloch county took a loss of 1,555 during the same period. Brady's population was announced last week as 5,921. The total was disappointing to many who expected not less than 7,500. The same condition was given as in many other towns of similar size—that entire new additions were outside the corporate limits. The population of Melvin is 696, and no comparison can be made with the count in 1940 as the town was not incorporated then. J. V. Henton, developer of the new Sundown addition to Winters,

has received 18 commitments with loans of 95% of the appraised values. Work has been started with the pouring of five foundations and Mr. Hinton said construction would be continued on five units at a time. Streets are to be cleared and graded and a low water culvert leading to the addition will be built at once. Patrons of the Stephenville school district voted May 20 to authorize the issuing of \$275,000 in bonds for improvements and new construction. More than 1,700 votes were tabulated and the bonds were okayed by more than 2 to 1. The school board stated that some of the work would get underway in the near future to help take care of needs at the beginning of the fall semester.

The Menard American Legion post is sponsoring a fishing contest to start June 10 and continue through July 10. The contest is open to all fishermen and there will be five divisions with three prizes in each. Divisions are: yellow catfish, largest bass, largest channel or blue catfish, heaviest string of bass, and lady catching largest bass. Merchants have contributed valuable prizes for the fifteen winners and reports are to be made to a committee each week. Eddie Jones has been employed as the first full-time manager of the Comanche Chamber of Com-

Ledger subscribers are requested to notify the publisher of any change in their address promptly. Under postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the post office. The best plan for all concerned is to send the change of address in advance.

A Great Banking System

Bank assets were at an all-time peak of 180 billion dollars at the end of 1949, according to recent figures of the Federal Deposit Insurance Corporation. This was about 2 billion higher than the previous record—and an increase of 4 billion during the year.

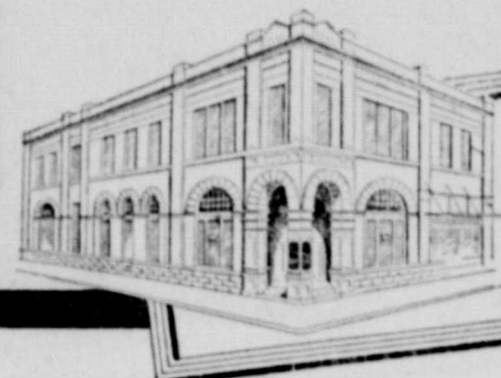

Loans reached a new high of about 50 billion. Deposits increased 3 billion to reach 165 billion. The continued growth of capital brought the total to over 13 billion. Never have our banks been in a safer and stronger position to serve business and millions of individual depositors. Free enterprise made this record possible.

The progress of this bank—your local bank—was even greater than the average. We shall welcome new opportunities to serve.

merce. The organization has been

revamped and activities enlarged and the full cooperation of business firms is promised. Mr. Jones is seeking a location for an office and intends to have it open soon. Bill Clements is president of the organization and a full board of directors has been elected.

Graduation exercises were held at Howard Payne College, Brownwood, last Thursday, when 152 members of the senior class received degrees. Mrs. J. Howard Hodge, of Midland, and L. H. Tapscott, of Dallas, were the principal speakers. Mrs. Hodge, a graduate of Howard Payne and now president of the Texas Federation of Women's Clubs, delivered the commencement address.

St. Joseph's school of Rowena graduated 20 seniors last Friday. Hugo Braden, Jr., was the high ranking student for the year and Joe Havlak took second honors. Baccalaureate services were held in the evening. Rev. Fidelis Albrecht, of San Angelo, delivering the sermon. Rev. W. F. Bosen presented diplomas to the seniors. Sixteen completed work in the grammar school and were given certificates which entitle them to enter high school next fall.

The federal population count in Coke county revealed a loss of 555 from 1940 to 1950. Bronte has 1,013 inhabitants as compared to 754 in 1940, and Robert Lee's population is 1,070 as compared to 662 in 1940. Oil activities in Coke county account for the growth of both Bronte and Robert Lee. The official population of Coke county is 4,035, compared to 4,590 in 1940.

The Paint Rock Lions Club launched a clean-up campaign last week. Members gathered on the streets with trucks and pickups and went from house to house, hauling all rubbish to the dump grounds. They even took time out to clean vacant lots. Club officials stated that a spraying machine had been secured and regular applications to rid the town of flies and mosquitos

will be started this week. Full cooperation was urged of all citizens during the summer in keeping their premises clean.

Members of the Rising Star Chamber of Commerce voted last week to resume the annual free fall fair this year. The latter part of August was decided as the best time and definite dates will be set soon for the three days. This fair was cancelled during the war, the last one being held in 1941. The fair is to be held in August in order to present the exhibits in the large market building, used later in the year for peanut storage.

Directors of the Coleman County Farm Bureau voted last week to seek a rural telephone cooperative in the county if it is found the people want it. A committee was named to make a survey of the entire county to acquire the necessary information. Inasmuch as there have been no telephone co-ops in Texas, it is impossible to give the exact cost per patron. It was thought that the initial cost would be \$25 to \$40 for each customer plus monthly charges of about \$3. The survey of the county will be postponed until after the grain harvest.

Volunteer leaders in home demonstration clubs last year in Texas held 9,401 meetings that were attended by 137,000 rural women.

ROWENA HOME DEMONSTRATION CLUB

The Rowena home demonstration club held its regular meeting at the Home Furniture Co. in Ballinger on Wednesday, May 24. Mrs. Freddie Galias presided at the business session. Roll call was answered with "The Best Show I Have Seen This Year."

Miss Ollie Chenoweth, county home demonstration agent, gave an interesting talk on the selection of good furniture.

After a visit through the store the members went to city park for refreshments, which were served to twelve members and one visitor, Miss Alice Kalina, by Mrs. Werner Lange and Mrs. Frank

Lammert.

The Rowena home demonstration club was host to 125 guests at a community play party on Wednesday, May 9, in Komensky Hall. The party was in observance of National Home Demonstration Week. All home demonstration clubs in this county, Lowake home demonstration club and the members of the commissioners' court and their families were invited.

In spite of inclement weather prevailing, six clubs were represented at the affair. Frankie Berryman, county clerk, was an honor guest.

The club had an exhibit of work they had done in the club work. Guests viewed an array of leather tooling, book-ends, textile painting, brown bread, banana bread, cookies, congealed salad, covered belts and buckles which were on display.

The party began with a community singing, followed by a "Truth or Consequence" program. Consequences were hilarious and brought many laughs.

The children under ten years of age were shown picture films of fairy tales.

After games were played by the adults present, the group enjoyed dancing followed by refreshments of punch and cookies.

Engagement of Miss Flynt Announced at Tea

Mrs. Joe Flynt was hostess at a beautifully appointed tea Saturday afternoon in her home on Sixth Street to announce the engagement and approaching marriage of her daughter, Eva Jo, to Dr. Verne A. Scott, Jr., of Dublin.

A profusion of garden flowers in the bride-elect's chosen colors, dusty rose, fuchsia, and lime green were used throughout the entire reception suite where friends in groups assisted in dispensing hospitalities. Sweet peas in soft pastels and peonies in fuchsia shade were used on the coffee table and credenza. The dining room decoration was

especially lovely. A tall silver candelabra tied with a huge bow of dusty rose which was inscribed with "Verne and Eva Jo," in gold letters, and holding lime green tapers, centered the dining table laid in madeira linen. Nougats of sweetheart roses in ruffled green net completed the table decorations, and the table was appointed in silver.

The more than 125 friends who called in four groups were received by Mrs. Frank Flynt, who presented Mrs. Joe Flynt and Miss Flynt, and the bridegroom-to-be's mother, Mrs. Verne A. Scott, of Stephenville.

Alternating in serving the white cake which was decorated in

Nixon, Jr., soloist, sang "I Love Thee," by Grieg, and "Luxemburg Gardens" by Manning, with Miss Duke playing the accompaniment. Miss Flynt will become the bride of Dr. Scott in a double ring ceremony at 7 p. m. on Saturday, June 17, at the First Baptist Church, with the Rev. B. J. Martin, church pastor, reading the vows.

The bride-elect is a member of the 1950 Ballinger High School graduating class. She was named queen of the schools in her senior year, and class favorite in her Junior year, and outstanding member of the Ballinger Bearcat band. She served as treasurer of the Cue and Curtain Club. Her major has been music.

Dr. Scott received his degree as Doctor of Veterinary Medicine at A. & M. College last year, and has had his office in Stephenville the past year.

Bill Crockett Honored on Birthday Anniversary

Mr. and Mrs. Arthur Crockett named their son, Bill, honor guest when they entertained Thursday evening with a party in their home on Seventh Street. Bill was celebrating his thirteenth birthday anniversary.

Arrangements of lilies decorated party rooms where games were played. The pretty birthday cake which was decorated with pastel floral and topped with pink candles centered the lace-laid dining table. White tapers in crystal candelabra completed the table appointments where a sandwich plate was served with the cake, assorted nuts and punch.

Those present were Mr. and Mrs. Lee Parker, Quinell Stanley, Nancy Davis, Joyce Lee Wington, Louise Miller, Dorothy Thomas, Joann Blackmon, Wanda Jean Williams, Carolyn Davidson, Shirley Burk, Ann Catherine McDonald, Delphine Berryhill, Charles Parrish, Red Hudgens, Aubrey Faubion, Larry Phipps, Henry Van Frank, Robert Wilson, Maurice Corder, Raleigh Eaton, Billy Flynt, Ronny and Linda Crockett.

J. Sligh and their two children. Mr. Sligh received his degree at Texas Tech, Lubbock, this spring and has accepted a position with Textile Mills in Georgia.

Busy Hour Club Entertained by Mrs. Gabbert

Mrs. Clyde Gabbert was hostess to members of the Busy Hour Sewing Club in her Eleventh Street home last Friday afternoon.

After a period of handwork was enjoyed, the hostess served a salad plate with cake and fruit punch from the dining table where a reflected arrangement of summer blossoms formed the centerpiece. Plate favors were plastic umbrellas filled with mints.

Gifts were exchanged, and a gift was also presented Mrs. J. M. Hash, a visitor. Others were Mrs. J. B. Terry, Mrs. Mack Setser, Mrs. Ruel Boswell, Mrs. A. E. Graham and Miss Anna Belle Hash.

Mrs. Patton and Children Hold Reunion at Park

Mrs. Siddle Patton was united with eight of her nine children at a family reunion held in the City Park on Sunday.

The get-together was the first that the mother and her children had enjoyed in more than twenty years. One daughter, Mrs. Bill Tenery, of Encinal, was unable to be present for the affair. There were about forty-five relatives present, including the children and their families, grandchildren and their families, and two great grandchildren.

Mrs. Patton was born in Hill county February 2, 1889. She came to Runnels county in 1920, and makes her home with her children

at intervals. At present she is making her home with her son, Willard Patton, at Levelland.

After the basket dinner was enjoyed at the park, the afternoon was spent in making pictures and visiting among relatives. Friends visiting in the afternoon were Mr. and Mrs. I. N. Hallmark and daughters, and Mr. and Mrs. J. A. Patterson.

The children present were: Mr. and Mrs. Elmer Patton and children, Mr. and Mrs. Cecil Patton and children, all of Ballinger; Mr. and Mrs. Melvin Patton and children, of Houston; Mr. and Mrs. Willard Patton and children, of Levelland; Mr. and Mrs. Grover Patton, of Artesia Wells; Mr. and Mrs. J. sentatives from Ballinger will be Messrs. and Mmes. Malcolm Morgan, Tom McEntire, W. N. Selby, D. G. Posey and Chester Cherry.

At the social hour a sandwich plate with iced tea was served to members of the Fire Department by Mmes. Chester Afferbach, Walter Mueller, Lynn Candier, Henry Moody, Morgan, McEntire, Charles Webb, Jack Fry, and Raymond Hash.

Mmes. Harris and Chastain Host Methodist Workers Class

The home of Mrs. C. D. Harris on Sixth Street was decorated with garden flowers when Mrs. W. W. Chastain was co-hostess at entertaining members of the Methodist Workers Class Wednesday afternoon of last week.

Mrs. Harris presided at the business routine after Mrs. C. D. Wooten gave the scripture reading, the fifth chapter of Matthew, and Mrs. A. O. Strother gave the prayer.

At the social hour games of bingo were played. Hostesses served ice cream and cake with mints to: Mmes. J. G. Douglass, Wooten,

'The Life of Riley,' Starring Bendix,
Said Full of Joy for Young and Old

That popular radio skit, "The
Life of Riley," which has been
among the top air programs the
past five years, reaches the Horse-
shoe Drive-In Theatre screen
tonight (Thursday) for two-day
showing. The star, William Bendix,
has the Riley role, and the film
proves to be the first ether pro-
gram to be filmed with any simi-
larity to the format which made
it a radio success.

Irving Brecher, who originated
the radio version and still pro-
duces it, wrote, produced and
directed the filmization at Univer-
sal-International studio and was
given free rein in his determined
effort to screen with fidelity the
human element and humor which
characterize the air program.

Rosemary DeCamp has the role
of the Riley's wife, while that of
the daughter is played understand-
ingly by a new screen find, Meg
Randall. Other parts are essayed
by Jimmy Gleason, Bill Goodwin,
Richard Long, Mark Daniels and
Beulah Bondi.

The Horseshoe will present
double bills every Saturday night
in June, beginning June 3 with
"The Spoilers," Rex Beach's strong
story of life in the fabulous Klondyke, and a Hal Roach comedy in
Technicolor.

Highlighting "The Spoilers" is
the memorable fight scene, which
is enacted by Randolph Scott and
John Wayne over the affections of
Marlene Dietrich and the control
of the Midas gold mine.

"Fabulous Joe" is a United
Artists production with plenty of
action although not a western. A
color cartoon also will be screened
with these double showings.

On Sunday and Monday, June 4,
5, the Horseshoe's main attraction
is "The Kid from Texas," in Technicolor. This feature is said to
relate the true story of "Billy the
Kid," and stars Audie Murphy
and Gale Storm.

"Lady from Cheyenne" is the
feature Tuesday and Wednesday,
June 6, 7, which are also "buck
nights." Loretta Young and Robert
Preston have the leading roles in
this picture.

Card of Thanks
We wish to express our apprecia-
tion to the friends who were so
kind during the recent sorrow
in the loss of our husband,
father and brother. We express
thanks for the flowers, food and
many kind expressions of sym-
pathy.
