VOL. 66

BALLINGER, TEXAS, THURSDAY, OCTOBER 25, 1951

Important Amendments to be Settled in State-Wide Election

Texas will go to the polls on November 13 to cast ballots for or against five proposed amendments to the state constitution. So far, little interest has been shown in the issues and local officials predict very few in this county will exercise their voting privilege.

The issues being submitted are very important and most of them deal with money which would be required if passed.

In brief here are the five measures:

1. House Joint Resolution No. 37: To provide for investment of the permanent university fund in securities other than bonds issued or guaranteed by government units and agencies.

2. House Joint Resolution No. 2: To increase from \$25 million to \$75 million the amount of bonds that may be issued for the veterans' land fund; making Texas veterans of service since 1945 eligible for loans; making clear authority of the legislature to pay interest and principal on bonds out of the general revenue if necessary.

3. House Joint Resolution No. 22: Authorizing the legislature to provide a statewide system of retirement and disability pensions for appointive officers and employees of counties.

4. Senate Joint Resolution No. 8: Raising tax rate ceiling for rural fire prevention districts from 3 to 50 cents per \$100.

5. House Joint Resolution No. 6: Eliminating all requirements as to citizenship and residence in Texas for eligibility to receive old age assistance, aid to the blind and to dependent children; authorizing the expenditure of an additional \$7,000,000 for these public assistance programs.

The West Texas Chamber of Commerce has expressed favor for the first two and is opposed to the last three.

The organization believes that the amendment relating to old age assistance would result in lowering payments to present recipients and "open the gate" to abuses even greater than now exist. The opinion was expressed that laws affecting the entire state welfare program should be rewritten.

The chamber opposes the amendment making possible pensions for county appointive officers and employees since it was pointed out that the federal social security act now opens the way for county officials and employees to contribute jointly to this program. A state pension system for these people would therefore be a straight-out duplication.

It has been found that rural fire problems are being handled satisfactorily by volunteer local action and that a higher tax ceiling for districts is not needed.

City Will Repair Burned Building At Bruce Field

The city commission Monday approved two building permits and transacted other business.

C. S. Florence was granted a permit for \$6,000 to construct a new residence on Sixth Street between Murrell and Borsal avenues.

France Jones received a permit for \$7,750 to construct a new residence on Eighth Street between East and Largent avenues.

The commission voted to repair sections of the building at Bruce Field recently damaged by fire. The center of the building was burned but firemen saved the eastern and western wings of the structure.

The eastern end will be repaired, closed in on the burned section and moved to the city water plant, where it will be used for a warehouse and repair shop.

The western section will be closed in on the open end and renovated for the veterans' school. Classwork will be resumed there in the near future.

SOCIETY

Miss Timms, Daniel Fischer, Jr. Wed in Church Service
St. Mary's Catholic Church was the scene of the wedding service last Thursday morning at 9 o'clock when Miss Peggy Lanell Timms, daughter of Mr. and Mrs. R. V. Timms, became the bride of Daniel D. Fischer, Jr., son of Mr. and Mrs. Daniel D. Fischer, all of Ballinger.

The Rev. Edward B. Postert, O. M. L. church pastor, was officiating clergyman for the single ring ceremony, and the nuptial mass, read before an assembly of relatives and close friends. Jimmie and Robert Wade served as acolytes.

Arrangements of white gladioli decorated the altar, which was lighted by white cathedral tapers in branched candelabra.

The church choir sang the mass hymns, accompanied at the organ by Mrs. Sim Cottle, who also played Rossini's wedding marches.

Miss Ruth Ann Erwin was maid of honor. She wore a gray tweed suit with green weskit, and other accessories were green. Her corsage was of white carnations. Miss Marcella

Fischer, sister of the bridegroom, was bridesmaid, and wore a wine gabardine suit with black accessories and a white carnation corsage.

Ivan Fischer attended his brother as best man, and groomsmen were Alton Fischer, cousin of the bridegroom.

The bride wore a navy suit of gabardine. Her off-the-face hat was red velvet, and other accessories were red. She wore a red rosebud corsage. For something old she wore a brooch belonging to her mother.

Mrs. Fischer attended Ballinger High School, and Mr. Fischer is a graduate of Ballinger High School.

After a wedding trip to Carlsbad Caverns and other points in New Mexico, the couple will be at home on their farm in the Bethel community.

Dr. Murphy received his doctor of philosophy degree at Oxford University in England and returned home this summer. He has a degree in law from the University of Texas.

Mrs. Estes M. Lynn introduced the speaker, who discussed England, Spain, Italy and France, and showed colored slides of these countries.

He commented that England was perhaps the most drab and dull country, but he found the English people to be brave, although they are scarce of luxuries.

He found Spain to be very illiterate and poverty stricken. He said that the Franco government was suited to a people not ready for democracy. Italy, he said, is a country living in the past, and Scotland and Scottish people much like American people, in that they made foreigners feel very much at home. And he was very impressed with France, and that the warmth and gaiety found in Paris cannot be found anywhere else in Europe.

Mrs. J. O. Satterwhite conducted a short business meeting after the program. Mrs. Chester Cherry, executive committee chairman, announced the retirement of Mrs. Ford Taylor, and Mrs. Satterwhite announced that Mrs. Cherry had been named to fill the vice-presidency, made vacant by the resignation of Mrs. Tay-

lor, Mrs. Dorsey Read, program chairman, announced that Mrs. Verlie B. MY CHURCH IS MY RESPONSIBILITY

Ultimately a man's life is judged good or bad. The subject of morality does not have a place for a fence rider. A moral man is a man conformed to right; subject to, or influenced by the moral laws of the Supreme. He is virtuous, practically sufficient; serving in the conduct of life to teach a moral. He is responsible to the church and to society.

Face to face I stand before you, resolute that nothing shall interfere with my service to my people through my church. I assure you that I do not take it lightly when I say that my RESPONSIBILITY is to my CHURCH. And I truly confess that I am most happy when serving its purpose. Boost your church. Support your church through its many programs of service to humanity. Attend regularly.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benediction and a stronger democracy for a better citizenry. Today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. There we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

SOCIETY

Methodist W. S. C. S. Circles Meet in Homes

At the regular circle meetings of the Methodist Woman's Society of Christian Service, which were held in homes, emphasis was made on attendance of the Week of Prayer and Self Denial to be held at the church on Tenth Street next Thursday at an all-day meeting.

Mrs. C. P. Shepherd was hostess to the Sally Odom Circle in her Eighth Street home, at which Mrs. Grady Richards directed the business routine. Mrs. W. O. Irby brought the devotional, "God is No Responder of Persons," and Mrs. H. G. Agnew gave the lesson on "Christian Missions and Human Rights."

The hostess served a sandwich plate with cake and coffee. Others were: Mmes. J. F. Currie, W. W. Chastain, D. L. Vestal, Oliver Cochran, R. D. Midgley and Ed O'Kelly.

Ida Campbell circle members were entertained in the rural home of Mrs. Herbert Tickle with Mrs. C. D. Harris as co-hostess.

Rooms were decorated with bouquets of garden flowers where Mrs. Harris conducted the business period, when the circle made plans for serving supper to the church visitation committee, and voted to contribute for redecorating the parsonage. Mrs. E. L. Rampey gave the devotional, and Mrs. J. C. Reese gave the lesson and a poem, "No Sects in Heaven."

Hostesses served pie and coffee to those previously mentioned and to: Mmes. George M. Beard, A. J. H. Borders, J. E. Brewer, Tom Crockett, C. M. Gibson, Felix Itz, O. R. Lassater, Hatton Laxson, John Loveless, Henry Moody, Tom McEntire, A. O. Strother, C. D. Wooten, J. W. Barr. Mrs. Tom Medlen was a visitor.

Ettie Gressett Circle members were guests of Mrs. W. D. Scales and Mrs. Jack Scales in the home of the former on Eighth Street, where arrangements of bronze and yellow chrysanthemums gave added beauty to rooms.

Mrs. Marion Hays presided at the business session and gave the devotional. Mrs. Sam Conner was assisted in giving the lesson by Mmes. Troy Simpson, R. A. Dickinson and W. E. Midgley.

Hostesses served a salad plate with coffee. Others were: Mmes. T. J. Forgey, Elizabeth Coleman, Arch Brookshier, Jack Nixon and Tom Caudle.

Mrs. Stasney Leads Presbyterian Inspirational Meeting

Mrs. E. W. Stasney, secretary of Home Missions, directed a program on her cause for the regular inspirational meeting of the First Presbyterian Women of the Church Monday afternoon in the church parlors.

After the opening hymn in unison, with Mrs. Estes Lynn at the piano, Mrs. Joel Bates conducted the business. Mrs. Stasney was assisted in presenting the program by Mrs. Bruce Creasy, Mrs. M. B. Wardlaw, Mrs. R. F. Zedlitz, Mrs. R. T. Hall and Mrs. B. W. Claunch. The closing prayer was read in unison.

The social hour hostess, Mrs. H. W. Lynn, entertained in the church parlors, where yellow chrysanthemums and cosmos were used for decorations. Pie and coffee were served. Others present were: Mmes. John I. Guion, Harry Lynn, Chester Cherry, J. M. Pyburn, W. B. Woody, K. V. Northington, C. L. Baker, and Miss Jennie Bennett.

Presbyterian Women of Church in All-Day Meeting

Miss Maggie Lilly, secretary of Missionary Education, was leader for the First Presbyterian, U. S. A., Women of the Church program on "Rural Prospects," which was held in the church parlors on Eighth Street at an all-day meeting Monday.

Miss Eva Lilly gave the devotional and Miss Maggie Lilly reviewed the first chapter of the study, and was assisted by the following in presenting other chapters: Mmes. W. F. Lange, B. H. Erwin, Rufus Allen, Mart Gorman, J. D. Coulter, B. B. Stutz and E. S. Malone.

Following the morning program, a covered dish luncheon was served in the church dining room, which was decorated with arrangements of fall flowers. In the afternoon Mrs. Lange directed a business session, when plans were considered for the Church Homecoming on November 4.

Others present were: Mmes. Olin Smith, A. W. Sledge, John Reese, Alvin O. Rue, F. C. Miller and R. T. Russell.

COME IN—Let us show you how low trucking costs can be!

5,500 reports! NOT the result of manufacturer's testing—but owner-reported figures from on-the-job operations!

It's another Ford first! A complete record of cost-to-run reports, ranging over the whole field of trucking! It's the book of final results from the nationwide Ford Truck Economy Run! See it before you buy ANY truck—see how low trucking costs can be, for loads like yours, in your kind of work!

This book is made up from daily on-the-job running cost reports by ordinary truck operators, doing everyday truck work. There were no "special" models in the Ford Truck Economy Run. Every one of the 5,501 trucks were stock model jobs, equipped with the standard Power Pilot.

What Should It Cost per mile to run a truck? The only way to find out is to check the running cost experience of other men in your kind of work! Now you can do that—for the first time—with this important new Ford service. Only your Ford Dealer has it!

Availability of equipment, accessories and trim as illustrated is dependent upon material supply conditions.

The Power Pilot is standard equipment on this Ford F-8 BIG JOB and on all today's Ford Trucks. Gives you most power from least gas! The book shows that 1 out of 2 Ford F-8 BIG JOBS in the 22,000 G.V.W. range ran for less than 4¢ a mile!

"Only 2 1/4¢ a mile!"

Contractor C. W. Miller (address on request) ran his Ford F-1 Pickup 8,189 miles in the Ford Truck Economy Run. "We spent \$181.41 for gas, oil and maintenance. A running cost of only 2 1/4¢ a mile!"

C. W. Miller

Covers every important truck-using business! Whatever you haul—appliances, bread, gravel, or almost any loads—you'll find on-the-job running cost evidence in this book. Come in and see it!

FORD TRUCKING COSTS LESS

Because Ford Trucks last longer! Using latest registration data on 2,318,000 trucks, life insurance experts prove Ford Trucks last longest!

Gift Tea is Compliment for Miss Minzenmayer

Miss Patsy Minzenmayer, whose marriage to Vernon Smith will be solemnized on November 3 in a home ceremony, was complimented Thursday afternoon when the honoree's aunt, Mrs. Herbert Minzenmayer, Mrs. Paul Best and Mrs. Wood Gleghorn were hostesses at a pretty gift tea in the Minzenmayer home in Wilke Terrace, including more than 100 friends of the honoree.

The bride-elect's chosen colors, blue and yellow, were given attractive emphasis in all details with fall blossoms in yellow tones being used to decorate party rooms where Mrs. Gleghorn extended greetings and presented Mrs. Minzenmayer, Miss Minzenmayer and her mother, Mrs. Lyle

Winter, and Mrs. J. V. Smith, mother of the bridegroom-to-be.

The dining table, which was laid in lace, was centered with an oblong blue bowl with yellow and blue chrysanthemums. Mrs. Hudson White, aunt of the honoree, served cake squares iced in yellow and decorated with blue florals, and Miss Joy Campbell ladeled punch.

Ginger Gurley registered guests in the bride's book and gifts were displayed by Mrs. Best and Mrs. Watson Briley, of Winters, aunt of the bride-elect.

Miss Eubank, Dan Daugherty to Wed

All-State Revival For Methodists To Begin Sunday

The First Methodist Church will have evangelistic services from October 27 through November 2 in cooperation with the All-Texas Methodist revival.

Rev. Ben Behrens, of Rosenberg, will be here to assist in the special services and will be

heard each evening at 7:30 p. m. This is called the most concerted effort in the history of Methodism. It was started two weeks ago when all pastors in the northern part of the state went to the two conferences in the southern part of the state for the opening of the revival. As a result of their work more than 10,000 members were added to the churches.

The revival for the three conferences in the northern section of the state will start on October 27 and all pastors from Southern conferences will be in pulpits in the northern areas. Every Methodist church will have a revival underway at the same time.

Special services and visitation will make up the evangelistic effort.

Special features for the Brownwood district include a youth rally at Coleman at 8 p. m. on October 27. Rev. Kermit Hollingsworth, of Galveston to speak. A district mass meeting will be held in the memorial auditorium, Brownwood, Sunday, November 4, at 3:30 p. m. Rev. Robert E. Goodrich, of Dallas, will bring the message. Each church in the district will send singers to help make up the great chorus.

Members of the local church

have been making plans for some time for the revival here. All friends of the church are urged to cooperate in every way possible to make this one of the most successful revivals in the history of the church.

\$150 CLEARED BY LIONS ON SIX-MAN GRID GAME

A fair sized crowd witnessed the six-man football game here Friday night between the Millersview and Norton teams. Joe Satterwhite, committee chairman for the game for the Ballinger Lions Club, stated Monday that the club cleared about \$150 after paying all expenses. The expenses included stipulated sums for the two teams and numerous other items.

Many fans from the two communities followed their teams here and were joined by a fair turnout of Ballingerites. The attendance was cut somewhat because a large number of local fans went to Coleman and Brady to see 9AA district contests.

The Norton team maintained its winning streak by defeating the Millersview boys 53 to 34.

Mrs. L. V. Boggess and sister-in-law, Miss Ufa Bennett, left Friday for Dallas, to spend the week-end and attend the state fair.

TALPA P.-T.A. ARRANGES CARNIVAL AND DINNER

The annual Halloween carnival and chicken dinner will be held at the Talpa high school on Wednesday, October 31. Serving of the supper will start at 6 p. m. and will consist of chicken and dressing, homemade pies and other trimmings. Prices will be 75 cents for adults and 50 cents for children.

The carnival will include bingo, fish pond, cat stand, country store, hope chest, spook house and other attractions.

The affair is sponsored by the Talpa Parent-Teacher Association and proceeds will be used to purchase a new piano for the Talpa school.

Dr. and Mrs. Harry J. Lovelless returned home Sunday after a three weeks vacation in New Mexico, Arizona and California.

AUTOMATIC GAS RANGE

NOW ON!

Cleanliness counts most

To keep her kitchen utensils mirror-bright and her kitchen walls spotless is every homemaker's goal. Ninety-six out of 100 homemakers in this area cook with a Gas range. It is no secret that many of them choose Gas on the basis of cleanliness alone.

CLEAN! Greasy steam from foods (which comes from all foods) stays inside the pan with "waterless" Gas cooking—doesn't escape to settle on kitchen walls. Only Gas ranges give exact control so necessary for this cleaner kitchen cooking. Why? Because Gas ranges give you dozens of heats to cook with—not just a few.

CLEAN! Greasy vapors are produced in broiling, too. But a Gas range gives cleaner broiling. Why? Because a Gas range broils with the broiler door closed. Greasy vapors are locked in. These locked in vapors rise... right into the live Gas flame which consumes them.

CLEAN! Today's automatic Gas range burners give pure stainless heat. And when spillovers happen, burners don't smoke up the kitchen by "burning off" spilled foods. Instead they can be shut off instantly. Spilled foods are cleaned up with soap and water (for which every homemaker agrees, there is no substitute).

'A Millionaire for Christy' Gives Big Opportunities to MacMurray, Parker

In the tradition of such splendid comedies as "The Awful Truth" and "It Happened One Night," Thor Productions' "A Millionaire for Christy," starring Fred MacMurray and Eleanor Parker, comes to the screen of the Texas Theatre Sunday and Monday, October 28, 29, with the same delightful approach—warm, bright and downright hilarious.

Under the releasing banner of 20th Century-Fox, this story of a secretary seeking a rich husband comes off as one of the funniest motion pictures in some time, just the right kind of relaxing entertainment for these troubled days.

Miss Parker, previously recognized chiefly for her dramatic endeavors, comes forth like a comedy director's dream. She has that combination of stunning attractiveness, throaty voice and sexy glint that gives promise of a topnotch comedienne.

She has learned the knack of making a funny line even funnier. As for MacMurray, he is perfectly cast as a playboy radio announcer who becomes hopelessly entangled with Miss Parker on the day he is scheduled to be married to another woman. Fred again shines with the whimsical ebullence that has become synonymous with him. Richard Carlson and a beautiful newcomer named Kay Buckley are choice items in the entertainment department.

"Corky of Gasoline Alley," the second of a Columbia series based on the comic strip created by Frank O. King, is one of two features billed at the Texas today, tomorrow and Saturday. All of the characters of "Gasoline Alley" appear in the film, whose cast includes Scotty Beckett as Corky, Jimmy Lydon

Western, 'Walls' Thriller, Stark Drama and Romance Spice Offerings at Hillcrest Drive-In

Universal's "Wyoming Mail," in Technicolor, vividly showcases an exciting era in the development of the American frontier—that period when the U. S. railway mail service was seriously endangered by the threat of outlaw raider bands operating against the postal system. The film, starring Stephen McNally and Alexis Smith, is one of two features at the Hillcrest Drive-In Theatre tomorrow and Saturday, October 28, 29. Supporting players include Howard DaSilva, Dan Riss, Ed Begley, Roy Roberts and Whit Bissell.

Marilyn Maxwell and Richard as Skeezix, Don Beddoe, Gordon Jones and Petti Brady. Ricardo Montalban handles a dashing spectacle role in Universal's "Mark of the Renegade," the other current feature. Also starred is Cyd Charisse, and featured are J. Carroll Nash, Gilbert Roland and Andrea King.

Basehart pack a dynamic and romantic punch in their starring roles with Dorothy Hart and Signe Hasso in Universal's new production, "Outside the Wall," No. 2 feature on the twin-bill. This is a documentary-type thriller dealing with the rehabilitation of a former convict.

Montgomery Clift, Elizabeth Taylor and Shelley Winters are teamed in Paramount's "A Place in the Sun," to be shown at the Hillcrest Sunday, Monday and Tuesday. This production gives the trio the richest roles of their careers, and what they do with them reportedly will be a matter for Academy Award consideration at the end of the year.

Outstanding support headed by Keefe Brasselle, Fred Clark and Raymond Burr lends additional dimensions to this arresting drama based on a screenplay by Michael Wilson and Harry Brown.

Beauty Sets Forth To Win Her Man

Romance and drama in New Orleans at the turn of the century form the theme of "My Forbidden Past," starring Ava Gardner, Robert Mitchum and Melvyn Douglas, and to be presented at the Texas Theatre Tuesday and Wednesday, October 30, 31.

Miss Gardner has the role of an imperious Southern beauty infatuated with a handsome Yankee doctor, but unable to do much about it because of her straitened finances. When an unexpected inheritance makes her wealthy, she promptly uses the money in a cold-blooded campaign to get rid of the doctor's new bride so that she can marry him herself—a scheme that leads to dramatic consequences.

Supporting players include Lucille Watson, Janis Carter, Gordon Oliver and Basil Ruysdael.

Marseilles, the turbulent, 2,500-year-old Mediterranean harbor city, is the romantic setting for "The Wicked City," daring love story starring Maria Montez, Jean-Pierre Aumont and Lilli Palmer, filmed in France. It opens for its premiere engagement in Ballinger at the Hillcrest next Wednesday, October 31, for two-day presentation.

"The Wicked City" is based on an Edouard Peison novel, "Hans le Marin," recounting a highly inflammable love affair involving a Marseilles cabaret girl, a stranded French-Canadian seaman and a gypsy fortune-teller.

Mrs. Eunice Stanley and Mrs. Ruby Williams attended a school on hair styling and permanent waving at Abilene last week.

The Ledger this week begins its 66th year as a publication in Runnels county. Established at Runnels before there was a Ballinger, the paper has carried the news since the days of stage coach robberies down to the present. During the 65 years just concluded, good times and bad have been experienced but a group of determined pioneers weathered the first years in the great Southwest and worked unceasingly for the fine community we now enjoy. When Ballinger was founded, the newspaper was moved to the new county seat and has been published here since 1886. For 26 years of that time it was printed six days a week, the daily being discontinued in 1931. We are glad to be listed among the pioneer firms of Ballinger and Runnels county.

HAS YOUR ADDRESS BEEN CHANGED?

Ledger subscribers are requested to notify the publisher of any change in their address promptly. Under postal laws newspapers and periodicals must pay postage due for notices of any change in address furnished by the post office. Besides there always is the probability that your paper will be delayed or fail to reach you altogether if you do not give immediate notification when you move. The best plan for all concerned is to send the change of address in advance.

earlier than usual and some are already displaying all their merchandise and featuring lay-away plans for gift buyers. Every effort will be made to encourage early shopping and business men who bought large quantities of gift goods will feature sales in November. No Christmas programs on a city-wide basis will be presented until the first part of December, with December 8 the big special day when Santa Claus and his reindeer will be here for a morning appearance. Street decorations will go up immediately after Thanksgiving and all store managers are asked to cooperate in making Ballinger a well lighted and beautifully decorated town.

Interest is developing slowly in the special state-wide election set for November 13. On this date five constitutional amendments will be submitted to the people. All five are important and should attract all eligible voters to the polls. In Runnels county election supplies have been purchased and all voting boxes will be open during the day. Citizens are urged to inform themselves on the proposed constitutional changes and to cast ballots for or against the issues.

WEST TEXAS NOTES

The Miles Parent-Teacher Association has plans perfected for its Hallowe'en carnival on October 27. The affair will start with dinner served in the school cafeteria for the general public. The main carnival features will be in the school gymnasium and a general theme of "Texas" will be carried out in all features. Representatives of all classes have been named to assist in staging the program.

Brownwood was host to the fall convention of the Veterans of Foreign Wars Saturday and Sunday, about 400 members of the VFW and Auxiliary attending. Yesterday a crowd of 5,000 was estimated at the Lyndon B. Johnson Day program in which the junior United States senator was the honor guest and speaker. Brownwood business houses were closed from 11 a. m. to 1:30 p. m. in order that all might hear the senator's address.

County Judge Carl Peek has announced that Miss Mary Thorpe will be the new Concho county home demonstration agent and is expected to arrive in time to begin her work on December 1. She has been serving as agent in Lampasas county and has had ample experience in all phases of the extension service program. The county has been without an agent for several months.

The new Coleman junior high school was opened to classes today and will greatly relieve the crowded condition in the system. The opening was delayed almost a week in order to complete inspections before furniture and equipment were installed. An official opening and inspections by the public will be held in November under the direction of the junior school Parent-Teacher Association. Two of the junior classes have been in one of the ward schools and the other in the high school building since the opening of the term.

The Novice school will hold a home-coming on November 2 and 3. Special programs will be presented and all former students and faculty members are being invited to attend. B. C. McCasland, superintendent in 1914, will be one of the speakers. A homecoming football game will be played between the Novice and Lawn teams.

Eastland countians interested in growing turkeys made an all-day tour on October 17 to visit eight flocks. There were more than 5,000 birds in the eight flocks and many of them will be sold on the Thanksgiving market. Turkey growers, feed dealers, produce store managers and other business men made up the party. J. M. Cooper, county agent, arranged the tour.

The Winters Civic-Garden Club is sponsoring a flower show and game tournament this afternoon and tonight. The show is to be presented in the American Legion club house and all flowers and plants will be on display until 10 p. m. The game tournament begins in the afternoon and will continue into the night to

The peanut harvest has begun in Comanche county and the 1951 crop is the lightest in the past 40 years or since the heavy production was started in the county. In some fields the nuts are being left on the vine and baled along with the hay. A few irrigated farms will produce approximately 75 bushels per acre but others suffered from the drought and are far below normal. Comanche county farmers raised their part of a fund and will enter a rain-making project next year.

Construction of new bleacher stands at the Bronie school's football field has commenced. C. E. Arrott was given the contract for building 400 seats on

the north side of the field and moving the present seats to the south side. The new stands will have concrete tile foundation with board seats.

Burglars entered The Toggery at Brady on Tuesday of last week and left with some \$2,000 worth of merchandise. Night-watchmen believe the crime was committed between 5 and 3 a. m. Everything apparently was in order when the officers passed at 5 o'clock and the robbery was discovered when the owners opened the store at 8. Glass was broken from the front door and the lock pried open. In the list of merchandise missing were 50 sport coats, 100 pairs of slacks and other items.

hay with the nuts. In previous years the peanut crop has brought a cash income of about \$1,750,000 but this year fields except a few in river bottoms are yielding only about 1 1/2 bushels per acre. Farmers are rushing to get the hay baled before the first frost and thereby have a better grade. The hay is selling from \$45 to \$75 per ton.

The new high school building at Menard was officially dedicated in a special program Friday. Only recently completed, the building has been occupied by classes a short time. The program was presented in the auditorium, followed by inspection of the entire building and closing with a special football game at night. Many former teachers and students attended. The building was constructed at a cost of about \$400,000.

Double Surprise for a lot of folks

Could You Prove It?

"To err is human," and even the most careful employees of business houses sometimes make mistakes. If you got a statement indicating indebtedness for a bill you had paid, could you prove you had taken care of the obligation at the proper time?

There will be no trouble, if you pay by check. An endorsement on your cancelled check would plainly show the money had been received. It is easy to settle disputes, if you pay bills this modern way. A check is the most convenient medium for transferring funds. IT ALSO PROVIDES A RECORD.

Put your finances on a sounder basis now—for your own protection. An account at this Bank may be helpful in many ways.

EVERY time we publish the price of a Buick, it seems to surprise a lot of people, because they come in and tell us so.

They just can't believe that so little money buys such a lot of car—but it's true.

And that brings us to the second surprise—which is how much power and performance—how much comfort and room—what a long list of standout engineering features you get for the price.

Take power. You'll find that no other car at the price of the Buick SPECIAL pictured here delivers the horsepower you get from its high-compression, valve-in-head Fireball Engine.

Take comfort. The best thing to do is try the depth of its seats—their width—and the headroom you get in this Buick SPECIAL, and judge for yourself.

Take the ride. This Buick has big soft coil springs on every wheel, plus the solid firmness of a torque-tube keel—and the way this combination smothers the bumps is something that's hard to match in cars costing a thousand dollars more.

Take the way it steers. Buick engineers have given this light-handling beauty a special "front-end geometry" that almost does the steering for you—even brings the front wheels back to a straight line when you come out of a turn.

And you can add to all this Dynaflo Drive*—that puts magic smoothness into every mile you drive—and practically repays its extra cost by the way it protects the whole driving mechanism, and by the dollars it adds to trade-in value.

So if you have been hoping, some day, to own a Buick—what's holding you back? If you can afford any new car—better come in and see us now.

*Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.*

the risk of self-medication

THE WEATHER and human ailments are favorite topics of everyday conversation. The next-door neighbor is alert to recommend her favorite remedy for any set of symptoms. Another friend holds implicit faith in something else. You are caught in a cross fire of claims and counterclaims. Artemus Ward observed that, "The trouble with people is they know too many things that ain't so." What seems to be almost identical symptoms in two patients may result from entirely different causes.

Your physician has spent at least eight arduous years in the study of health and disease. He is thoroughly familiar with the techniques of diagnosis and treatment. The pharmacist's specialty is the preparation and dispensing of the drugs your doctor orders. When ill, first see your doctor. Then bring your prescription to us.
