Farm Bureau County Meeting Set Tuesday

The resolutions committee of the Runnels County Farm Bureau met Monday night at the court house for the purpose of making up resolutions to be voted on at the county convention, scheduled next Tuesday night. The county meeting is to be held in the high school auditorium starting at 7:30 p. m.

Present for the committee meeting were: Elliott Kemp, chairman; Mrs. O. D. Bradford, Kirby Robinson, Andrew Engler, all of Winters; Erwin Hoffmann, of Ballinger; Erwin Eggeneyer, of Miles; John A. Barton, county agent; Joe C. Johnson, assistant county agent; and Miss Evelyn Hill, secretary.

The county convention is held annually for the purpose of electing directors from each precinct. Resolutions will be read and passed on by the members, and delegates will be elected for the state convention.

All members of the Bureau are being urged to attend the meeting here Tuesday night.

Resolutions to be submitted are as follows:

First—Since cotton is our major cash crop, that the cotton acreage allotment be based not on what the farmer has previously planted but rather in total cultivated acres and that each farmer would get 50 per cent of his total cultivated acres as his allotment for planting cotton.

Second—That we go on record as asking that some plan be worked out to amend the child labor law to the satisfaction of both the cotton growers and

laborers, and ask A. & M. and other experiment stations to work with the cotton producing areas in an effort to produce a type of cotton best suited for mechanical harvesting where labor is a problem.

Third—That we urge further taxation of natural resources so that they carry their share of the tax load.

Fourth—Since state expenses must be derived from county membership, and full time county officers are a must to give proper service to members, and since there is a point where transition from a small unit to full time office that cause expenses to drop off proportionately, we ask that the state refund to the counties having a membership of 250 or more and a full time office at least \$150 per member for each one above 250.

Fifth—Be it resolved that we oppose any rise in income or any other taxes until the government cuts expenditures to within its income and keep tax money out of competition with private capital.

Sixth—Since there has been an increase in rural population in Texas and a growing need for more doctors, we recommend to the Texas Farm Bureau Federation that it work toward a program of allowing more students to qualify to enter medical schools.

Seventh—That we oppose the grading of beef or any other farm product.

Eighth—That we encourage 4-H, F. F. A., and G. I. training and soil farm partnership.

Ninth—That the state convention be held in a more centrally located town.

Local Firemen Given Reports, Elect Officers

The annual meeting of the Ballinger fire department was held Thursday night of last week at the fire station, when annual reports were given, officers elected, new advisory board members named and a preliminary discussion held in regard to the annual banquet.

Carl Freeman was elected president of the organization for the ensuing year and other officers are:

Jack Fry, vice-president; Charles Webb (reelected), chief;

Robert Owen, Jr., mascot; Pat Bell (reelected), sponsor; Rev. Emmett Brooks, chaplain;

Dr. C. F. Bailey (reelected), department physician;

Tommy McEntire, secretary.

New members of the advisory board are: Chester Cherry, Cal Adair, W. B. May, R. G. Erwin, Ewell Jones and F. M. Pearce. They will serve with the three hold-overs, Guy Swann, Horace Atnipp and Joe Satterwhite.

It was reported that the finance drive being conducted by local business men was meeting success, but many have not yet contributed and the amount donated is still short of the goal.

The annual banquet will be held November 8 at the school cafeteria and a committee is making arrangements. Following the dinner and program a business session will be held at which committees will be designated and special workers appointed.

Regular Meeting Of Tuberculosis Group at Miles

The quarterly meeting of the Runnels County Tuberculosis Association was held Tuesday evening in the school cafeteria at Miles. Rev. A. O. Rue gave the invocation, and Dr. Lloyd L. Downing, president, conducted the business.

Alvin Holbrook read the financial report and a report was given on the mass X-ray clinic held in the county.

The opening of the Christmas seal sale has been set for November 19 and will continue for five weeks. Rev. Rue is the county seal sale chairman. Bob Schytle is chairman at Miles, C. J. Robinson at Norton, Mrs. Dean Holder at Wingate, and local chairmen are to be named for Rowena and Ballinger.

Mrs. L. F. Jackson reported that all seals had been folded by Girl Scouts and are ready to go into envelopes. The goal for the county this year is \$5,000.

Mr. and Mrs. Charlie Straach served refreshments at the conclusion of the meeting.

Auxiliary Sale Of Poppies Set November 10

The Ballinger American Legion Auxiliary will conduct its annual sale of poppies on Saturday, November 10. A total of 1,500 poppies ordered from the state office will be here for sale by members of the Auxiliary and local girls on that date.

For the past thirty years, this organization has assisted disabled veterans by conducting the fall sale of poppies which are made in veterans' hospitals by patients. These veterans receive pay for making the red paper flowers and after they are sold the funds are used for child welfare and hospitalization work in veterans' hospitals of Texas.

A booth will be set up on a downtown street and salesgirls will operate from there. Hereafter there has been a sell out each year and the Auxiliary asks the same fine cooperation of the public this year.

FATHER AND DAUGHTER MEET FOR FIRST TIME

Joe Lee Calder, of California, spent several days here the past week-end with his daughter and family, Mr. and Mrs. Weldon Kilcrease and son, Daniel. Mrs. Kilcrease, 21, had never seen her father and they both had a wonderful time getting acquainted.

Nail Picker to Runnels County

The magnetic nail picker of the Texas Highway Department will arrive in Runnels county soon to sweep the highways and road shoulders of all metal objects. Electric magnets at the rear of the nail picker collect loose metal objects. The magnets are activated by a large generator in the bed of the truck and are strong enough to pick up manhole covers. In the pile of scrap metal above are some 2,000 potential punctures.

County's Bank Deposits Aggregate \$13,596,378

Deposits in Runnels county banks on October 10 totalled \$13,596,378. This is a gain of \$106,776 since the last call for statements on June 30.

At the time of the October call, very little cotton had been gathered in this county and deposits were not as large as at this time. In addition to the total given above, the independent Security Bank of Wingate had a considerable sum on deposit which is not included.

Reports by banks are as follows: First National Bank, Ballinger, \$5,277,729.20; Winters State Bank, Winters, \$3,695,902.50; Farmers & Merchants State Bank, Ballinger, \$2,360,886.89; First National Bank, Rowena, \$1,333,239.32; Citizens State Bank, Miles, \$928,621.05.

Induction, Physicals Ordered By Draft Board November 5

The Coleman-Runnels county selective service board has received call No. 19 for men to report for pre-induction physicals on November 5. On that date four men will report for induction.

Runnels county boys who will report for physicals on November 5 are:

Elmer Earl Harrah, Ballinger; B. J. Machann, Winters; James Lee West, Winters; Robert Lee Johnson, Winters; James E. Burson, Winters; Robert D. Kresta, Ballinger.

The four men to report for induction are:

Lonnie C. Stephenson, Leaday; Billy Eugene Day, Santa Anna; Maurice J. Moeller, Rowena; George W. Pruser, Winters.

The next induction call on the board will be for two men on December 4.

Estes Resigns As Band Head

A. T. Estes tendered his resignation as director of the Ballinger Bearcat band the past week-end and was relieved Monday. Mr. Estes did not reveal his future plans.

Supt. Ernest Caskey stated Monday that every effort would be put forth to secure a band director as soon as possible. In the meantime regular band rehearsals will be held and the band will be heard at football games during the rest of the season.

School officials stated the band and pep squad would continue drills and would present halftime features at all remaining games.

The Bearcat band, which is appearing weekly at games, numbers about 80 members. Most of these students have had one or more years experience and for game music will feature school songs and standard marches.

School officials stated Monday that instruction would be resumed as soon as a director is employed and in the meantime rehearsals and drills would keep the band in the best of condition.

CONTEST UNDERWAY AT COLORED SCHOOL

The crowning of Miss George Washington Carver will take place on November 15 at the G. W. Carver negro high school. The contest is sponsored by the athletic department. Entered in the contest are June Ruth Organ, Barbara Jean Owens, Dorothy Rene Andrews and Mary Helen Collins.

L. R. Rieger is in Claremore, Oklahoma, this week as a witness in a trial.

Queen Campaign, Hallowe'en Show, Net Seniors \$1,000

The senior class of the Ballinger high school staged its annual Hallowe'en carnival Saturday night at the library building, a large crowd attending. Activities started shortly after 6 p. m. and continued after the coronation of the queen at 10 p. m.

The selection of the queen provided interest for the entire school as the students worked diligently more than two weeks for their class favorites. Carol Ann Bailey was the successful candidate for queen and William Morris was named king. The contest was kept open until 9 p. m. Saturday, when final tabulations were made.

Representatives of all classes attended in formal and those who were defeated acted as court attendants to the king and queen.

Joe Forester, high school principal, stated Monday that all bills had not been received for expenses, but that approximately \$1,000 would be netted for the senior class. While carnival receipts were slightly less this year, money taken in on the queen contest made up the difference.

The proceeds will be used for the annual senior trip next May and for other expenses during the term.

A parade was held preceding the opening of the carnival. Herbert Minzenmayer and Harold Merrifield were masters of ceremonies for the side shows and gave the spels to tell prospective customers what they were about to see. A baby show featured football players dressed as babies and after the judging, prizes were awarded. Harold Merrifield taking first. Senior mothers sold homemade candy.

A jazz band, composed of Howard Hamner, Marvin Clark, Herbert Minzenmayer, Fred Holliday, Billy Tatum and James Cauble, furnished music for the shows and also played the marches for the coronation ceremony.

The complete court in the coronation ceremony included: Clydel Wilkins and Harlan Forbus, Joyce Campbell and Mike Egan, Diane Wilson and Pete Bryan, Della Tisdale and Jimmy Hamner and Virginia Harrah and Bobby Burton.

Erroy Payne, senior class president, was master of ceremonies for the coronation and principal Forester crowned the king and queen.

Methodist Revival Interest Growing; Will Close Sunday

Interest has been increasing each night at the revival at the First Methodist Church. Rev. Ben Behrens, of Rosenberg, is the guest preacher.

Rev. Behrens will be heard at 7:30 tonight and for Friday evening the service will start at 7 p. m. and will be out in time for local fans to listen to the football game at Lake View. No service will be held Saturday evening.

Sunday afternoon a large group will go to Brownwood to attend the mass meeting for all churches in this district. More than 10,000 are expected to gather at the Brownwood municipal auditorium and singers from all churches in the district will make up a chorus of several hundred voices.

Each evening during the service hours, visitations teams have been calling on Ballinger people who have not placed membership in any church. A large class is expected to be received at the morning service Sunday.

COUNTY'S COTTON GINNING TOTAL 7,083 BALES TUESDAY

Tabulations of cotton ginned in Runnels county through Tuesday showed a total of 7,083 bales handled to date. Gins in the northern part of the county had turned out 3,651 bales and those in the southern part 3,432 bales.

Farmers still need many pickers and a number of fields of pretty good cotton have not had a boll picked in them so far this year.

J. H. Morris, of Riverside, California, was here the past week-end to visit his sisters, Mrs. W. R. Pearce and Mrs. Vaughn.

The high-point of oil activities for the past week was the completion of the Axtex Oil Co. No. 1-Mrs. Nettie Currie four miles north of Ballinger. The upper Palo Pinto was producing at the rate of 32 barrels hourly and an official gauge is yet to be made when sufficient storage is available.

After 5 1/2 inch casing was set to 3,500 feet it was perforated from 3,424 to 3,435 and from 3,422 to 3,454 feet. The section was acidized and flow started which filled the two 250-barrel tanks in short time.

The project was drilled 250 feet into the Ellenburger at 4,630 feet and plugged back to the upper Palo Pinto.

A location of particular interest here is the W. S. Day No. 1-Mrs. Alice S. Dickinson. It is one mile west of Ballinger near former producers in the Caddo field. Drilling is projected to 4,200 feet and will start within the next two weeks.

Humble No. 8C-Sallie Odum flowed 400 barrels of 45.8 gravity oil when completed at 5,317 feet.

G. W. Strake No. 4-Mary L. Stubblefield will go to 5,800 feet. The location is 1 1/4 miles southeast of production in the Fort Chadbourne field.

Lion Oil Co. No. 1-Goetz, 4,300 foot projection in the Nora Gardner field, has been staked.

E. S. Price Oils No. 1-R. L. Huddleston, in the Beddo field, is approved for 4,000 feet.

Humble No. 1-A. C. Newsum, in the Tyree field, is scheduled for 5,000 feet. The location is six miles northwest of Ballinger.

Commission Passes Resolution Urging Right House Numbers

The city commission has passed a resolution dealing with the proper numbering of houses in Ballinger and an effort will be made at once to make corrections in sections where numbers are not right.

Most of the errors are in the Wilke Terrace addition on houses that face the avenues.

At the request of the city commission, a committee has been formed with a representative from each block in the area and the committee men will meet with the city commission Monday morning to receive instructions and will then work their blocks and make a report on getting the correct number on each house.

The resolution passed by the commission lists the avenue numbers as follows: Between Second and Third streets, 200 block; Between Third and Fourth streets, 300 block; Between Fourth and Fifth streets, 400 block; Between Fifth and Sixth streets, 500 block; Between Sixth and Seventh streets, two blocks, 600 blocks; Between Seventh and Eighth streets, 700 block; Between Eighth and Ninth streets, 800 block; Between Ninth and Tenth streets, 900 block; Between Tenth and Eleventh streets, 1000 block; Between Eleventh and Twelfth streets, 1100 block; Between Twelfth and Thirteenth streets, 1200 block; Between Thirteenth and Fourteenth streets, 1300 block; Between Fourteenth and Fifteenth streets, 1400 block; Between Fifteenth and Sixteenth streets, 1500 block.

A survey has been made by a special committee in which most of the numbers on streets were found to be correct. A few errors have been noted and these will be worked out by city employees later. There are also a few blocks south of Hutchings Avenue where errors occur and workers will call at these places in an effort to have the correct numbers posted.

Every house in Ballinger is expected to display a number following the special work. Delivery service has been handicapped and many complaints have been filed. Mail delivery also has been affected because of the faulty numbering and efforts will be made to see that every intersection is properly marked and every house numbered.

Last year the Ballinger Rotary Club sponsored a campaign which placed street markers at each intersection. Since then new construction has opened several new additions where markers are needed.

Property owners, in putting numbers on their residences, are urged to leave numbers for each lot in their block and get the correct number on each house. Some areas of the mis-numbered areas have six lots to the block and only four houses. In such cases numbers should be correctly posted leaving out only the two lots on which there are no houses.

No Better Time to Order One!

Standard equipment, accessories and trim illustrated are subject to change without notice.

There are many motorists in our community who have reached that position in life where they feel themselves entitled to a Cadillac—and yet, for one particular reason, have postponed placing their order.

They have heard, and quite rightly so, that there is some delay in delivery of new Cadillacs. And so, they have decided not to visit us until the car can be had more readily.

To them we say—there is no better time to order a Cadillac than right now. For each day you delay is costing you its price in motoring pleasure and satisfaction!

When you stop in at our showroom, we will talk to you frankly about what you may expect as to date of delivery. And we think you may be delighted to discover that the waiting period is not so long as might be expected—for so fine a car in such great demand.

And we think you will find, too, that once we have your order, it's a wonderful, satisfying feeling to know each passing day brings your Cadillac closer at hand.

But only when that day does arrive, and you take to

the highway, will you know how well worth waiting for a Cadillac is.

For only when you experience its magnificent performance for yourself—so stimulating to the spirit and so restful to the body that you actually look forward to those moments behind the wheel—will you realize how completely Cadillac stands alone.

Of course, if you have already placed your order for a Cadillac—then stand firm in your purpose!

Dealers who sell other cars are undoubtedly beseeching you to switch your preference—for the sake of immediate delivery.

But just remember: immediate delivery means not in demand. You are waiting for a Cadillac because so many wonderful people, like yourself, want no other car. And they know that their waiting will pay its rewards.

So stand firm. And be patient—for each day brings you closer to your heart's desire.

'Kid from Amarillo' and Hillbilly Farce with Weavers to Horseshoe

Charles Starrett and Smiley Burnette return to the Horseshoe Drive-In Theatre tomorrow and Saturday in Columbia Pictures' "The Kid from Amarillo." The popular team is supported in the outdoor action drama by the Cass County Boys.

"Down in Arkansas," the other feature on the double bill, stars the famed Weaver Bros. and Elviry. Also in the hillbilly musical are Pinky Tomlin, Ralph Byrd, Gertrude Green, June Storey, Chester Gunnels, "Big Boy" Williams, Berton Churchill, Alan Bridge.

Starting Robert Mitchum and Jane Russell, the presentation by Howard Hughes, "His Kind of Woman," at the Horseshoe Sunday, Monday and Tuesday, November 4, 5, 6, is an exciting romance of a man fighting for his life against an unseen foe. The action is laid at a luxurious hideaway resort on the Mexican coast, and featured are Vincent Price, Tim Holt, Leslye Banning, Charles McGraw, Jim Backus, Marjorie Reynolds, Philip Van Zandt and John Mylong.

Several new songs, including "Five Little Miles from San Berdo" and "You'll Know," are sung by Miss Russell in the role of a cabaret vocalist in the RKO Radio picture.

With the colorful background of the U. S. military academy, Warner Bros. brings "The West Point Story," one of the year's top musicals to the Horseshoe screen next Wednesday and Thursday, November 7, 8.

The high-powered, talented cast is topped by James Cagney as a trouble-shooting showman who goes to West Point to stage a musical production set against a series of eye-filling spectacles, song hits, beautiful girls and military-perfect cadets. Virginia Mayo, Doris Day, Gordon MacRae and Gene Nelson aid Cagney in this "Yankee Doodle Dandy"-type entertainment.

IN SOCIETY

Presbyterian Women of Church in Week of Prayer

Mrs. E. W. Stasney, secretary of Home Missions, was in charge of the Home Missions Week of Prayer and Self Denial program for the Women of the First Presbyterian Church, which was held in the parlors on Broadway Monday and Tuesday, and concluded at the Family Night on Wednesday.

Mrs. Stasney directed the prayer service and spoke on church extension at the Monday session. She gave high points on "Negro Work and Radio." Mrs. W. B. Woody's subject was "Christian Relations."

The church extension was again the main subject when the group met for the Tuesday program. Mrs. Estes M. Lynn talked on the mission school in Kentucky, and Mrs. Stasney brought a message on evangelism in all departments of the church extension.

Following the Family Night program in the church parlors on Wednesday, Dr. Conway T. Wharton, church pastor, reviewed the home mission study book, "By Faith." At the conclusion a mission offering was taken.

Local Young People Attend Presbyterian Fall Rally

Mrs. E. W. Stasney accompanied a group of young people, who were representing the First Presbyterian Church of Ballinger, to San Angelo last Saturday, where they attended the Presbyterian young people's fall

rally, which met in the Presbyterian Church of that city. They were Ann Stasney, Louise Miller, Robert Wilson and Sally Bailey.

Ballinger Music Club to Meet in Hambrick Home

Mrs. Charles Hambrick will be hostess to members of the Ballinger Music Club next Tuesday evening, November 6, at 7:30 o'clock, in her home on Broadway.

All members are urged to attend.

Girl Scout Troop to Attend Intermediate Scout Rally

Members of Girl Scout Troop No. 9 met at the Scout house Tuesday afternoon and practiced the skit which they will present at the intermediate Girl Scout rally, which will be held at Coleman next Saturday. It is a program staged in connection with Girl Scout Week.

The leaders, Mrs. O. H. Chandler and Mrs. Ray Graham, supervised the activities of the afternoon, and Midge Adair served refreshments to Sarah Chandler, Nita Duke, Lynn Herring, Sharon Tuckey, Patty Robertson, Linda Crockett, L. Nell Holbrook, Gale Jennings, Patsy Ashton, Jane Wade, Pat Darby, Margo Brunson, and

Frances Allen, Cub Pack 30-30 Meeting, Party Held at City Hall

Fifty-three Cub Scouts, members of six active troops, and their parents met at the City Hall auditorium Tuesday evening for a Cub Pack 30-30 meeting, followed by a Halloween party.

Dr. E. W. Stasney, cubmaster, called the meeting to order. As Jerry Candier came forward with the American flag the assembly sang "America," followed by the pledge of allegiance. Rev. Conway T. Wharton, pastor of the First Presbyterian Church, gave the prayer.

Dr. Stasney gave recognition to new cubs and their parents. The cubs gave a pledge to cubbing. Scoutmaster Reynolds was introduced, also the new board which is composed by LeRoy Rieger, Clint Dillon, Ted Tisdale and Robert McGarvey.

Each den under the supervision of the den mothers, Mrs. E. W. Stasney, Mrs. M. A. Davidson, Mrs. Scott Allen, Mrs. E. B. Davidson, Mrs. Tom Medlen and Mrs. V. O. Wade, presented a short skit.

A fun and fellowship period followed in the hall, where the Halloween theme was emphasized in decorations. "Witches' brew" was served from the refreshment table where the mothers of denners served from the punch bowl, which was flanked by orange and black candles. Other decorations were autumn leaves, ghosts and other cut-out seasonal symbols.

FRIENDLY NEIGHBORS HOME DEMONSTRATION CLUB

Mrs. A. W. Tyree was hostess

to twelve members of the Friendly Neighbors home demonstration club and one visitor when she entertained in her home Friday afternoon.

Mrs. Merle Taff directed the singing when the group sang in unison after members answered roll call by giving "The Applause that Saves the Most Time." Mrs. Eugene Baker conducted the business hour, and Mrs. W. J. Curtis gave the council report. Mrs. Calton Smith, a South Ballinger home demonstration member, gave a report of the 25th session of the state meeting, which was held at College Station. Mrs. John Duke discussed "Attractive Views From Our Windows."

The hostess served a sandwich plate with cake squares and coffee. Halloween motifs were used for table appointments.

The next meeting will be an all-day affair, which will be a demonstration on reed basket weaving, and will be held in the home of Mrs. John Wessels on November 8. A covered dish luncheon will be served.

COMMUNITY DAY PROGRAM HELD BY CHURCH WOMEN

"United Nations" was the program theme for World Community Day observed by the Ballinger Council of Church Women at the Church of God on Broad Street Monday afternoon.

The purpose of World Community Day is to bring to the consideration of church women ways and means to build a world Christian community. The National Council of Churches of Christ in America scheduled this day as an opportunity for dedication in paying the price of peace—namely, Christian living.

Mrs. B. B. Stultz was leader for the program and Mrs. M. H. Sanders brought the devotional and dedicated the offering, which will go to world relief. Mrs. Rufus Allen talked on "United Nations," and Mrs. Troy Simpson's topic was "What Do We Need Most?" Mrs. J. M. Harrison directed the song service, with Mrs. R. G. Cooper playing the accompaniments. Mrs. Cooper also played the prelude and postlude.

New business transacted was a report from the nominating committee, Mmes. C. F. Bailey, Harrison and Felix Itz, which reported the election of the following officers: president, Mrs. Estes M. Lynn; vice-president, Mrs. Simpson; secretary-treasurer, Mrs. J. O. Satterwhite. The program committee is Mmes. M. H. Sanders, H. H. Holland, B. B. Stultz, Q. V. Miller, J. M. Harrison and Joe Forman. Mrs. Forman conducted the installation service, and thanked the group for the cooperation she received during her term of office. It was voted to skip the meeting in December and concentrate on the World Day of Prayer to be held on February 29, 1952.

Mrs. Forman revealed that 6 duffie bags and 14 boxes of clothing had been sent to the Church World Service Center for distribution in Korea. A

nice collection of blankets was received for aged men and women, and children of Korea. The meeting was concluded with the benediction in unison. Approximately 55 church women were in attendance.

SAVES CHILDREN, DIES... Firemen lower a basket containing body of Mrs. Irma Randall, 35, a Brooklyn mother who died in flames after she had rescued four of her nine children. The mother was at home with the four youngsters when the fire broke out and spread quickly up to their apartment 50 feet above the ground. A crowd held a blanket and the mother tossed the children into it. All landed safely, but after the rescue Mrs. Randall's body lay across the burning window sill.

CZECH FUGITIVES FROM RED URANIUM MINES . . . These six Czechs are happy in the refugee camp Valka, near Nuernberg, Germany, after their escape from the dreaded Joachimov uranium mines where they were forced to mine uranium ore for the Russians. The six were sentenced to long-term forced labor by a Czech court for anti-Communist activities. They were in the mines for two years, working under inhuman conditions 435 feet below the surface, before they made their daring escape and surrendered to German border police. They hope to reach the U. S. or Canada. They were fed the best meal they had enjoyed in five years when they were taken to the German camp.

Two Men Charged With Violations Of Liquor Statute

Weldon Jack Ewing was charged here Tuesday with transportation of whiskey in a "dry" territory. He was arrested Monday night and 120 pints of whiskey were taken from his car. He made bond in the sum of \$1,000 and the case will await action of the next grand jury.

Another case was filed in 119th district court, styled the State of Texas vs. Weldon Jack Ewing, in which the state seeks forfeiture of the whiskey and the automobile.

Charlie Lawrence, arrested Saturday night, was charged with possession of whiskey for the purpose of sale. He entered a plea of guilty in county court here Monday and was fined \$100 and costs, a total of \$122.80.

CLOSE CALL FOR SUPERFORT CREWMEN . . . A thick cloud of smoke rises from the B-29 Superfort that crashed at Forbes air force base at Topeka, Kansas, shortly after the take-off on a training flight. All 12 men aboard the bomber escaped. Only one, Major John S. McIntosh, was injured. He suffered a broken leg. At the left is a foam fire-fighting wagon, and on the ground beside it are fire fighters in asbestos hoods.

There will be two holidays in November, one for two days, on Sunday and Monday. Each year the chamber of commerce sets up the holidays which will be taken by all Ballinger business houses. This year the Armistice celebration will continue through Monday, November 12, as the holiday falls on Sunday. November 22 will be observed here for Thanksgiving. This will not be statewide, as observance in a number of cities will be on the last Thursday in November. However, most towns in this section will go along with most of the nation on the fourth Thursday.

All salaried workers began paying on a new rate for withholding taxes today. The rate in the lower brackets is a little more than 11 per cent of the amount formerly paid. Employers have been provided with tables showing the amounts to take from salaries and will be required to withhold these sums and remit quarterly to the U. S. treasury.

visited their deer leases to see what condition the pastures are in and how the deer are looking. A number of parties will leave here in time to be on the ground the morning of November 13 and ready for a shot as soon as it is light enough. Most of the Hill Country has had rain recently which helped to provide grazing. A few local men will spend part of their time hunting turkeys.

Some local drivers are failing to come to a stop before making a right turn on a red light. The city ordinance regulating traffic states that a right turn may be made on a red light provided the car is stopped and there is nothing in the way of making the turn. Often people crossing the street on a green light are in the way of the car turning and unless this rule is obeyed pedestrians will do well to look in all directions before crossing.

Mr. Williams pointed out that the county has 95 men in the armed forces who are receiving benefits from the USO and is urging citizens to be ready when solicitors call. All counties in West Texas are being organized for the 1951 fund campaign.

With the Parent-Teacher Association taking the lead, all other Bronte civic groups joined to make the Halloween carnival a success. The Spanish room and a number of concession stands were opened early to feed the crowds, and games, shows and other entertainment attracted the merry-makers. The P-T-A. raises most of its funds with the annual event.

The third annual turkey shoot sponsored by the Brady Junior Chamber Commerce will be held at the jubilee grounds on November 11. It was decided that either open or scope sights may be used. Those with scopes will fire from 115 yards while open sighters will fire from 85 yards. Any person drawing blood from a turkey's head will receive the bird. Small target shooting will be conducted in groups, the high point men

winning turkeys. Stephenville community chest workers to date have received a total of \$2,946 to apply on a budget of \$8,000. A meeting was called to determine whether the plan would be continued and if work would be continued on the 1951 budget beyond October 31. Eleven organiza-

The steady growth of this bank has been largely due to the many business concerns which transact all their banking business here. And today, we are even better equipped in all phases of modern commercial banking.

Policies which insure dependability are the basis of this bank's service—always progressive enough to be truly helpful—always conservative enough to retain those principles of banking practice which time has proved to be safest and best.

Details which may be of great importance are also given careful attention. It's the big things and little things which make a satisfactory banking connection.

Coleman's diamond jubilee was celebrated the past weekend, pioneers of the area gathering at the city park Saturday for a home-coming program. The Coleman Chronicle issued a special edition for the event, setting forth much of the early history of the county. Camp Colorado was established in the county in 1856 as a frontier outpost and some time later surveys were made to outline a number of new counties in which Coleman was designated. The 1951 Comanche fall flower show, sponsored by the Civic

Garden Club, was held last week. "Harvest Splendor" was the theme of the show and various arrangements were displayed. Besides the citizen division there were sections for commercial florists. The climax was a style show in which merchants cooperated by providing costumes and models. An election is to be held at Brownwood in the near future to separate the Brownwood independent school district and the city of Brownwood, thereby simplifying annexation by the city of adjacent areas. Decision

to call the election was made last week when officials of the city and schools held a joint meeting. Speakers pointed out that the plan would represent a big saving in water costs to patrons at Early, which is just one of the problems facing the city council.

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Time to settle...

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their, delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

END THIS QUIBBLING!

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads.

More Than 90% of Employees Accept

Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse

But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer?

They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the

principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages?

Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19½ cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases?

The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements.

What About the 40-Hour Week?

The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand?

The continued quibbling of the leaders of the three unions has to do principally with

rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with a so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

Rules Can Be Arbitrated

The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Fixed

With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employees.

Bearcats Outlast Brady To Take 9AA Opener

Ballinger football fans were left limp as the Bearcat-Bulldog tussle came to an end at Brady Friday night with the Bearcats out front 39-32. It was a thriller the entire fifty minutes, the Bearcats' running being pitted against the Brady passing.

It was only in the closing one and a half minutes that Ballinger fans could feel a degree of ease as the Bearcats took a 7-point lead and had possession of the ball, the game ending with the Ballinger boys knocking on the Brady one-foot line.

After the opening kick-off both teams showed power. The Bearcats went to the Brady 10, where a fumble lost the ball and put it back to the Ballinger 20. Here the Bearcats began a sustained drive which carried downfield, Payne going over from the 2. Payne added the extra point.

At the opening of the second quarter the Bulldogs stormed back for their first score, a long pass setting the stage, and Turner carrying over from the 1. The kick was good and the score was tied.

Ballinger received the kickoff on its own 40-yard stripe and on the first play Payne went the 60 yards on a left end sweep to tabulate. The kick for the extra was wild.

Just before the half ended the Bulldogs hit for two beautiful pass plays and Campbell lugged the oval over from the 1. The kick was blocked and halftime found the contest knotted at 13-13.

Brady received the kickoff to start the third quarter but could not gain and kicked to Merrifield on the Ballinger 30. The seatback turned in one of his best broken field dashes of the night as he wiggled 70 yards to count. Payne's kick was good.

Brady received and took to the air, hitting tall left-end Jones for two passes, the last good for 41 yards and a touchdown. The Bearcats again blocked the place kick for the extra point.

The Bearcats received on their 42 and Payne and Merrifield turned on the power to carry to the 7, from where Payne scored. The slippery ball was wide for the extra point try.

On the next series of plays both teams were forced to kick after no gains. With Brady in possession, Payne intercepted a pass on the Brady 30 and on the second play Merrifield went all the way. Payne's kick was through the uprights.

Brady received and after two running plays, Turner flipped a long one to Jones, who went all the way, a total of 60 yards. The kick was good.

Brady recovered an on-side kick on the Ballinger 42 and after chalking up two first downs, Turner passed to Sesson for the score. The kick was blocked.

At this point all fans were standing and shouting as Ballinger had been cut to a one-point lead.

The Bulldogs were successful with a second on-side kick and carried to the Ballinger 20-yard line, where the ball went over. Payne picked up one yard and on the next play, Merrifield broke loose for 79 yards and the final score of the evening. A pass for the extra point was no good.

With Brady trying desperately to get back into the game, Ballinger recovered a fumble on the Brady 38-yard line. Payne broke into the open and carried the ball to the Brady 2-yard line. The Bearcats lined up fast and Payne plowed into the center, being brought down on the one-foot line as the game ended.

While Payne and Merrifield were outstanding in their ball carrying, nine other Bearcats were doing excellent blocking to pave the way for long runs. The defense against running plays was good but the passing attack of the Bulldogs was too much for the Bearcat secondary.

BEARCATS SUFFER LOSS TO COLEMAN

The Ballinger Bearcats lost to the Coleman juniors last Thursday night by a score of 7 to 0 and with the game went the district championship.

The Ballinger lads defeated the Colemanites earlier this year at Coleman and this was the only loss for the Bluekitens. Early this season the Ballinger and Winters teams tied 0 to 0 and the loss Thursday made the Coleman team the champion.

The Bearcats were out-weighted and found this weight too much for their running attack. Two fumbles also hurt the local club.

The Coleman boys scored early in the second quarter on a ground game which carried for 60 yards and over. The end run for the extra point was made.

The Bearcats threatened several times during the game but did not have the final punch.

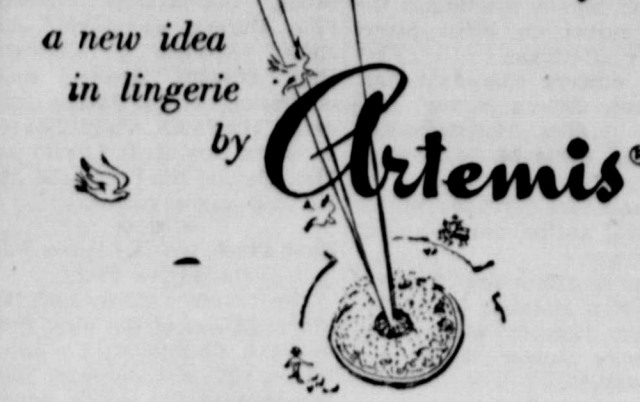

Mr. Powers has been representing this company here for more than three years on a part time basis. Hereafter he will devote full time to the work. He will sell automobile, fire and life insurance.

"This our fathers bought for us..."

Kipling was speaking of precious human freedom when he wrote, "This our fathers bought for us long and long ago."

But courage and valor are not solely the virtues of brave fighting men in combat. It took no less courage for men like Pasteur, Lister, Koch, and hosts of others to struggle for scientific truth against cries of heresy from the ignorant and the superstitious. Inspired by the example of these great men, your physician battles the same foes today. At his side is the pharmacist, always eager to carry the fight to the enemy.

'Fort Worth' Tells of Early Days in Texas: Scheduled at Hillcrest Tomorrow, Saturday

The rousing days of pioneer Texas, when the six-gun wrote the law, are graphically described in Warner's "Fort Worth," booked at the Hillcrest Drive-In Theatre tomorrow and Saturday.

"Fort Worth" stars Randolph Scott, named one of the top ten boxoffice stars in a recent poll,

Co-starring Jean Porter, Tom Neal and Iris Adrian, "G. I. Jane" is said to be a fast-moving comedy filled with highly amusing situations.

On the same program is "Inside the Walls of Folsom Prison," Warner Bros. factual drama which stars David Brian and Steve Cochran. Brian is seen as a prison official bent on wiping out the oppressive influence while Cochran plays an abused convict whose riotous attempt at escape serves to bring about much needed improvements.

M-G-M, telling the memorable adyssey of a boy who regains his courage in the heat of battle.

Two noted ex-G. I.s, Audie Murphy and Bill Mauldin, head the cast. Murphy was America's most decorated soldier before he won popularity as an actor. Mauldin, World War II's famous cartoonist, has a featured part as the hero's buddy. Also prominently cast are John Dierkes, Royal Dano, Douglas Dick, Tim Durant, Smith Ballew, Arthur Hunnicutt and Glen Strunge.

Darryl F. Zanuck's production of "No Way Out" is the attraction at the Hillcrest next Wednesday and Thursday, November 7, 8.
