

Citizens Name Officers To Push Youth Center

A large group of representative citizens met Tuesday morning in the chamber of commerce office to discuss plans for a youth center. After the meeting was called to order, permanent officers were named and plans formed.

Officers elected at the meeting Tuesday are: Ed Curry, chairman; Dr. C. T. Wharton, co-chairman; Mrs. M. E. McClenny, secretary; Jack Nixon, Jr., treasurer; Mrs. E. L. Williamson, telephone chairman; Jack Pridden, publicity.

After hearing a number of talks on plans for securing and operating a center for Ballinger young people, it was decided that the group needed something more concrete to discuss.

Chairman Curry stated, following the meeting, that he would name a committee to make investigations and report at the next meeting on the cost of a site and a building which would be adequate for the purposes. Another committee will report on the money needed for administration and operation.

Several matters will be considered by the two committees and if possible a building intact will be secured.

Ballinger young people have publicly asked that a youth center be provided. A few weeks ago they staged a downtown parade with banners asking that something be done to provide a place for recreation and entertainment.

Since then several meetings have been held but no permanent organization was formed until the called meeting Tuesday morning.

NEO-FASCISTS MAKE BID FOR POWER . . . Reminiscent of the days of Mussolini was this meeting of the Neo-Fascist party, Italian social movement, in Rome. This is a section of the gathering, many members of which are openly giving the old Fascist salute. Augusto de Marsanish (not shown in picture) addressed the throng with gestures not unlike those that were the trademark of Il Duce. The Neo-Fascist party is making bids for power in the elections May 25. Strange angle in the elections is that the Neo-Fascists have teamed up with the Monarchists to fight the Communists on one hand and the Christian Democrats on the other.

Electric Scoreboard Ordered by Jaycees

Ballinger Jaycees have placed an order for an electric time clock and scoreboard, to be installed at Bearcat Field this summer.

At the same time they have announced that their final project to raise money is scheduled July 2 at the Texas Theatre. On this date they will sponsor a benefit show and in addition to the feature film program a large number of valuable prizes will be given to those holding tickets.

The advance ticket sale will get underway next week. The tickets will be printed as soon as the picture title is known, and in the meantime the Jaycees will seek to sell 2,000 of the admission duets.

At present the Jaycees need about \$550 additional to be able to pay cash for the board and the installation.

The board is one of the very latest models. The timepiece shows the minutes and seconds remaining in the quarter at all times and is operated by an official who has automatic control of the mechanism. A horn sounds automatically at the end of play in each quarter.

A roving operator handles the downs, yards needed, and posts the score of each team. The board is large and all the game features recorded on it will be easy to see from any seat in the stadium.

Jaycees urge the cooperation of all Bearcat fans in this final fund raising project. They believe football patrons will appreciate the timepiece and scoreboard and that the project is popular with the public.

Various Violations Reported by Sheriff During Week-End

The office of Don Atkins, sheriff of Runnels county, reports various week-end activities.

Bill Flynt was charged Monday with transportation of liquor.

S. O. Flynt was also charged at the same time with possession of liquor for the purpose of sale.

Oscar Rudolph Boman was charged with driving while intoxicated and was fined a total of \$72.80 in county court.

Last week, three boys 13 and 12 years of age, were probated to their parents after signing confessions to a number of thefts and one burglary charge. They admitted breaking into the Higginbotham Bros. & Co. store recently and stealing three rifles and several boxes of ammunition.

Other thefts reported in their confessions included taking a pistol and ammunition from Dallinger Hardware, and other articles from Rieger Home & Auto Store, Perry Bros., Heidenheimer's City Bakery truck, Piggly Wiggly and Ben Franklin Store. These thefts covered a period of several months.

Sheriff Atkins stated that ten other young boys were held for petty thefts but that no charges had been filed.

Car Registrations Fall Below Total of Previous Year

Dalton Crockett, tax assessor-collector, reports that 7,873 motor vehicles had been registered in Runnels county up to May 26. This is apparently all registrations with the exception of new cars, commercials and trucks which may be purchased during the remainder of the year.

Last year on the same date a total of 8,119 motor vehicles had been registered. The reason for loss this year is not known, but there were more people in the county at that time than now.

This year the money receipts is some \$6,000 more than last year. This is due to larger cars and also because a number of trucking companies are located here and paid registration fees in the county this year. When they came here last year the trucks had already been registered.

The collector's office has recently sent out a large number of tax notices with fair results in payments.

Work in the office now is mostly reports and tabulations of various accounts carried by the county.

Galloway Speaker At Lions Meeting

Judge Ira Galloway, of Coleman, candidate for Congress, 21st district, was guest speaker at the meeting of the Ballinger Lions Club Friday noon.

"Responsibility of Citizenship" was the theme of the talk in which Judge Galloway cited many things that are wrong today and in which the individual must help in correcting. He stated that most people were willing to have their seat in the stands but were not willing to take their place in the game being played on the field.

The speaker pointed out some of the dangers to this country and urged that every man and present think on these matters and be willing to do his part in stopping things which are wrong.

At a directors' meeting following the program, John Purifoy, E. C. Grindstaff and Clyde Gabbert were named as official delegates to the international convention to be held in Mexico. The club voted to send a delegate at club expense but will give credentials to those making the trip on their own funds.

Miss Mary Jane Kiechle left the first of the week for Evanson, Illinois, and Chicago, where she will visit her grandparents and her brother and family.

Miss Dorothy Holliday and Wayne Fowler, of Dallas, will arrive Friday to spend the week-end with the former's parents, Mr. and Mrs. Fred Holliday.

This service is held annually on the Sunday nearest Memorial Day to honor those who have served in all wars. The service is brief because of lack of seating accommodations but will be appropriate with just a touch of military along with the prayers and short address.

Those who attend are asked to assemble in the grove near the fountain. Legionnaires are to wear caps and assemble at the west gate a short time before the hour set for the service. They will escort the colors and firing squad to the scene of the service.

Clarence Richards will have charge of the colors and the firing squad. Taps will be sounded to dismiss the audience.

Legionnaires point out that the program will be over in time for those attending to have dinner and go to their church services. In previous years attendance has been very small and this year all local people are urged to pay honor to those who have served, and especially those who died in defense of this country.

The First Methodist Church was the scene for the wedding of Miss Cordie Lou Forgye, daughter of Mrs. Cordelia Forgye, of this city, and Dixon Toney, son of Mr. I. L. Toney, of Goldthwaite. The Rev. C. D. Wooten, pastor, officiated at the double-ring service which took place at 3 o'clock Saturday afternoon.

Traditional wedding music

was given by James D. Everett, organist, who played a medley of pre-nuptial music, including "Indian Love Call," "Ah! Sweet Mystery of Life," "I Love You Truly," and "One Alone," and accompanied Mrs. Jack Nixon, Jr., cousin of the bride, who sang "Because," and "The Lord's Prayer," as the benediction. Mr. Everett also played traditional wedding marches.

M. L. Forgye, Jr., gave his sister in marriage. She wore a bouffant gown of imported Swiss organdy embroidered with floral motifs over plain organdy with molded bodice and short cap sleeves. The scalloped embroidered organdy bodice was topped to a plain organdy yoke which was accented with a Peter Pan collar. They covered buttons traced the back of the bodice to a narrow hand-rolled cord. The very full embroidered overskirt was worn over a full-length underskirt which fell over hoops and was ballerina length. The embroidered motifs edged the top of the long gauntlets and also was used on the organdy cover for the Bible topped with pink rosebuds and enhanced streamers of narrow ribbon and stephanotis. The Bible was given the bride by her uncle, M. D. Brooks. Her tiered shoulder-length veil of illusion cascaded from an embroidered caplet. Her only ornament was a strand of pearls and matching earrings. She wore white linen opera pumps.

Miss Virginia Henniger attended the bride as maid of honor. She wore a ballerina-length costume of pink silk net fashioned similar to that of the bride's with a low scalloped neckline and scallops outlined

with lace and centered with the attendant's bouquet flanked by pink tapers in double crystal holders. The three-tiered wedding cake was decorated with pink rosebuds and topped with a miniature wedding couple. Miss Lola Frances Toney, sister of the bridegroom, presided at the punch service and Mrs. Ira Thomas Toney, sister of the bride, both from Goldthwaite, served the cake. M. L. Forgye, Jr., registered guests. Others in the house party were Mrs. J. Thorp, Jr., and Mrs. Jack Nixon, Jr., cousins of the bride.

Wild Animal Epic, Comedies, Drama, Spotlight Week at Horseshoe Drive-In

Howard Hill, world's greatest archer, whose film, "Tembo," at the Horseshoe Drive-In Theatre today, tomorrow and Saturday, brings to the screen his exploits during his recent African safari, had a series of close brushes with death. Bringing down a charging lion, saving a member of his expedition from the

deadly embrace of a python, and liquidating a multi-ton rogue elephant—all using only bow-and-arrow as weapons—are a few of the many thrilling sequences, photographed in Anso color, and released by RKO Radio.

Universal's "Finders Keepers," other feature on the same bill, is said to combine laughter with suspense in a story about a youngster who finds a fortune in stolen money. Tom Ewell is starred in the comedy with Julia Adams and Evelyn Varden, New York stage actress "Dusty" Henley, 2½, makes his screen debut in the laugh hit.

Striking modern drama keynotes Samuel Goldwyn's "I Want You," which deals in realistic fashion with the problems of a typical family whose men are being drawn into service today.

The RKO Radio film, to be shown at the Horseshoe Sunday, Monday, Tuesday, June 1, 2, 3, stars Dana Andrews, Farley Granger, Dorothy McGuire and Peggy Dow. Robert Keith, Mildred Dumnock and Ray Collins head the supporting players. On the same program is "Hot

Lead," RKO Radio western, starring Tim Holt. A scheme to trap an outlaw band re-handled as they hold up a train keynotes the unusual drama. Featured are Richard Martin as Holt's pal and Joan Dixon as the heroine, with John Dehner and Ross Elliott. At the Horseshoe Wednesday only, June 4, the double-feature program includes a Laurel and Hardy comedy, "March of the Wooden Soldiers" and "Leave It to the Marines," starring Sid Melton and Mara Lynn. The Laurel and Hardy production is a first run offering.

ALWAYS BE CAREFUL DRIVING

The car that wears its own Sun Glasses

You find this "eye shade" band of darker color only on the genuine "Easy-Eye Glass" pioneered by Buick, and all glass used in Buicks is ripple-free, ground and polished plate safety glass.

You may have to look twice to see it—but a lot of the new Buicks have a soft blue-green tone in all glass areas—plus a slightly darker band which shades down from the top of the windshield.

And you have no idea what comfort all this adds to hot-weather driving.

Its name is "Easy-Eye Glass"—which tells only half the story. While it filters out 18% of the glare (and tones down the dazzle of oncoming headlights at night)—it also cuts down sun-heat as much as 50%.

So it's the best cure we know for hot laps in summer driving, when the sun beats down on the windshield.

Maybe you'd like to try this out before you buy your next car.

And while you're trying it out—you can also discover how it feels to boss around a Fireball 8 Engine, that puts its own exclusive added wallop into a high-compression valve-in-head power plant.

You can sample the sure-footed way a Buick settles into a curve—the way the front wheels seem to seek their course automatically—the smooth surge and falterless ease with which Dynaflo Drive feeds the power—the level confidence of Buick's million dollar ride.

You can get an idea also of the room, the

comfort, the smartness, the thrill that your dollars buy in this brilliant performer.

So why not arrange for a demonstration soon?

MOFFING UP IN INDO-CHINA... Soldiers of the French Vietnam are flushing a Vietminh rebel out of a concealed dugout during a gigantic mopping up operation in the southeast of the rich Tonkin delta during the recent French drive to clean the rebels out of that area. In the operation, the French forces used heavy artillery, parachute troops and aircraft. The drive liberated a large area from the Vietminh forces.

It is just a matter of time now until Ballinger has a municipal swimming pool. The contract has been let, the groundbreaking ceremony held and actual work has begun. Contractors have 60 working days in which to finish the job. There are still details to be worked out in regard to providing bathhouses. Plans drawn by the engineer were considered too elaborate and too expensive and were rejected by the city commission. Other plans are considered which will be in keeping with the amount of money left to spend. The original plans called for bathhouses which would cost about \$24,000. This in addition to the cost of the pool was more than the bonds voted by the property owners for the purpose.

The Texas Election Bureau is setting up its organization to handle the returns of three important elections this year. It will tabulate the results of two Democratic primaries and the general election in November. Everyone wants to get the

returns as fast as possible and many will be near radio sets election nights to hear the latest tabulations. Good service by the Bureau is dependent on its county correspondents and these must depend entirely on the election judges. Each year most of the judges comply with requests and telephone in the tabulations of their boxes but the reporting of the county complete is usually delayed for two days because some fail to make unofficial reports.

Ballinger's recreational facilities are responsible for a number of important meetings being held here every summer. Boy Scouts of this district held their annual camporee at the Ballinger Country Club the past week-end. All the facilities were made available to the boys during their two-day stay. Next month, girls from 22 counties will assemble here and have the facilities of the American Legion clubhouse for three days. Later the county's 4-H club girls will meet at the same place. During the summer a number of encampments, as other gatherings, will be held at city park. All these places are assets and leaders are to be commended for making them available for our guests.

WEST TEXAS NOTES

Brady school officials have announced the beginning of their summer recreational program. It will be the fifth straight year in which the Brady schools have cooperated with the city in promoting a full program of summer activities for youths. Supt. C. A. Reynolds stated that the activities would be about the same as in previous years except that there would be a "Little League" for baseball players of that age. One of the most popular parts of the program will be the swimming instructions at the municipal pool. School coaches will have charge of the project, which will get underway on June 9.

Farm Agent Paul Newton, of Menard county, has urged all persons with pecan trees to inspect them and to have them sprayed at the proper time. After inspecting many trees along the San Saba River, Newton stated that he believed all trees in this area should be sprayed as soon as possible. Signs of casebearers are in evidence and the right kind of treatment should get rid of the eggs, it was advised. Miles high school seniors and their sponsors left last Thurs-

day on their annual trip. Cities to be visited include Austin, San Antonio, Houston, Galveston, Baton Rouge and New Orleans; Jackson, Mississippi; Memphis, Tennessee; Little Rock and Mena, Arkansas. It is planned to return to Miles next Sunday. Fourteen graduates, six faculty members and parents are making the trip.

The Paint Rock Study Club held its regular meeting on Wednesday of last week. The new president, Mrs. Ed Whitesides, was presented and took charge of the meeting. Standing committees for the ensuing year were named and a discussion was held on the meeting time for the current year. L. B. Bell, of Shannon Memorial Hospital, San Angelo, was guest speaker for the program.

The Durham Peanut Co. has begun manufacturing peanut meal and oil at Comanche. Pat Cagle, company manager, said the purpose of the new factory was to supply an outlet for the profitable disposal of peanuts below the No. 1 grade, which the department of agriculture no longer insures. The original idea was to operate the plant only when it was profitable to growers to dispose of their crop by this method. If the experiment proves successful, the plant will be operated seasonally.

It was graduating time for three Brownwood schools last week. Howard Payne College gave degrees to 98 seniors Friday, when Dr. James B. Leavell, of San Angelo, delivered the address. The Brownwood high school presented diplomas to a class of 65 and Daniel Baker College gave degrees to 16. Howard Payne trustees met at Brownwood Friday.

Santa Anna had considerable building during the past year, including a \$160,000 school buildings and a \$47,778 water filtration plant. In addition, a number of homes and other construction is reported. Oil production in the vicinity of Santa Anna boosted building activities.

The Winters high school concluded a successful year when diplomas were given 41 seniors at the commencement program Monday night. Dr. Bryan Widdenthal, president of San Angelo College the past three years and recently named president of Sul Ross State College, Alpine, was the speaker. Sylvia Spill was valedictorian and Ruth Gerhart salutatorian. The highest ranking boy was Jimmie Morgan.

Humble No. 1-M. A. Rawlings, located three miles north of Bronte, is a promising oil producer in new territory. The test will be drilled to 6,100 feet or the Ellenburger. Already three pays have been encountered on drillstem tests and one or more probably will be taken for production later. The

The selection and preservation of drugs are among the chief responsibilities of the pharmacist. For proper storage of pharmaceuticals in the sixteenth century, it was specified that most drugs must be kept in silver, glass, or horn jugs and that eye unguents must be preserved in china, whereas marrow, lard, and crude matter of like character could be kept in zinc boxes. Twentieth-century medicines, many of which are extremely delicate in composition, require scientific processing and painstaking care for proper preservation and storage. Development of suitable methods for packaging and preserving drugs is one of pharmacy's many contributions to modern science, through which world-wide distribution of important pharmaceutical and biological products has been made possible.

Palo Pinto showed oil and gas when topped at 4,446 feet. The Goens lime yielded 2,000 feet of 46 gravity oil cut mud at 5,046 feet and a test in the Pennsylvania at 5,180 feet revealed oil and gas. The Sanders Construction Co. started work last week dismantling the upper two stories of the ward school building at Rising Star. The first floor will be retained and used as a part of a modern plant to be erected this summer. Most of the new section of the building is about complete and will be joined to the single story part of the old building during the summer. The old building was erected in 1912.

The past 12 months has been the most active for Coleman in construction, especially public buildings. A check-up reveals permits totalling \$850,000 for various public construction since June, 1951. Heading the list was the remodeling and enlarging of the Coleman county court house at a cost of \$275,000. This building is to be completed late in June, and dedication is set for July 16. Second in dollars and cents

was the new Coleman junior high school built at a cost of \$180,000. First Baptist Church completed a remodeling program costing \$40,000. Read the ads and SAVE!

Presbyterian Women of Church in Birthday Program

The Women of the Church of the First Presbyterian Church, U.S., met for their annual birthday program Monday afternoon in the church parlors on Broadway.

Assembly rooms were attractively decorated with snapdragons combined with queen anne's lace.

Mrs. B. W. Claunch gave the closing prayer and Mrs. Harry Lynn brought the devotional.

Mrs. W. B. Woody directed the program and presented a playlet with Mrs. R. T. Hall, Mrs. Alex Saunders, Mrs. E. W. Stasney and Mrs. R. R. Mizell assisting. The playlet, "Let Me Tell You," told the story and gave all the information concerning the offering for the Stillman College for Negroes, and the Sunday School Extension, and their causes. Ann Stasney, soloist, sang "In Christ There is No East or West," with Mrs. John Guion playing the accompaniment. Mrs. Alex McGregor, secretary of stewardship, urged members to give of their talents, time and money to the causes.

Mrs. Estes Lynn, president of the local Women of the Church, displayed articles of Chinese linen. Proceeds from the sale of the linen will be sent to a Chinese girl who is getting her masters degree from the University of Wisconsin.

At the social hour, hostesses were Mrs. F. M. Pearce, Mrs. Chester Cherry, and Mrs. B. W. Claunch. The linen laid refreshment table was centered with red gladioli, where Mrs. Woody presided at the silver punch service, and Mrs. Joel Bates served the pretty decorated all-white birthday cake. Sweetpea corsages were pate favors.

Others present were Mrs. Paul Trimmer, Mrs. Warren Lynn, Mrs. J. M. Pyburn and Mrs. Frances Cady Pearce, of Arlington.

'The Wild North' Brings Granger, Corey, Charisse in Top Adventure

"The Wild North" brings to the Texas Theatre screen Sunday and Monday, June 1, 2, another adventure-drama in the tradition of the widely-successful "King Solomon's Mines," with its action shifted from the torrid plains of Africa to the frozen wastelands of the Canadian trapping country.

The new M-G-M offering, which co-stars Stewart Granger and Wendell Corey, with Cyd Charisse playing the picture's only feminine role.

"The Wild North" was written for the screen by Frank Fenlon, who gathered much of his material from the files of the Royal Northwest Mounted Police and the personal memoirs of Constable Albert Pedey, whose exploits during one of Canada's foulest winters made

mountie history.

Both Corey and Miss Charisse come to the new picture from roles in M-G-M musicals. Rounding out the cast are Howard Petrie, Morgan Farley, Howsley Stevenson, Ray Teal, Ian MacDonald and the most unusual "heavy" in Hollywood history—the frozen North.

Filmed in color by Warner-color in the hitherto untracked territory around Kanab, Utah, "The Lion and the Horse" commences its engagement at the Texas today, also to be shown tomorrow and Saturday.

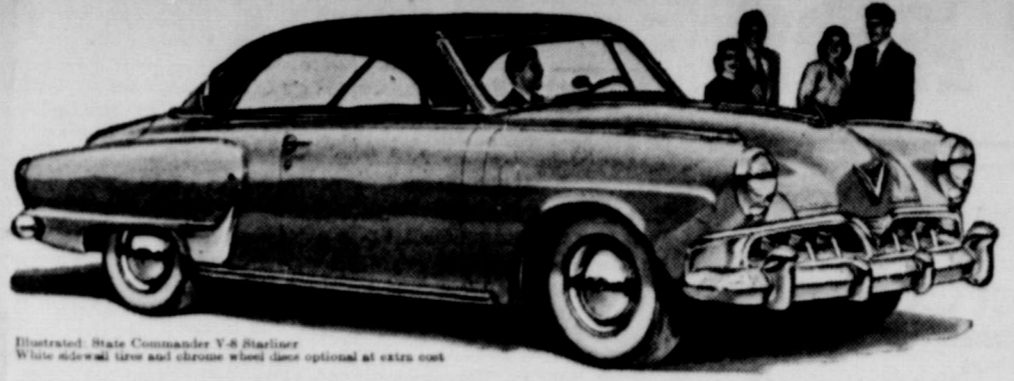

Steve Cochran is the star of the picture, with nine-year-old Sherry Jackson in one of the featured roles. Bob Steele, Ray Teal and George O'Hanlon also are featured.
