Bank the Bank Way

Transactions between banks are largely handled by mail. Banks have accounts with each other much the same as depositors have accounts with us. The amounts involved are larger, but a vast volume of financial business is done by mail with safety and with dispatch.

We like to have depositors come in as often as possible, for the business of this bank has been built by friendly personal service. But when you are very busy, or on stormy days, we suggest you try banking by mail. It is convenientit is quick-it saves time-it is economical and it is safe.

Mail checks you receive to be credited to your account, and have use of the money at once.

HOW ARE PRESCRIPTION PRICES DETERMINED?

The cost of medical care has increased along with that of other necessities of life. Moreover, sickness seems to strike most frequently at a time when it is the most difficult to pay. In recognition of this situation, we are pleased to publicize our prescription pricing policy. We do not offer bargains, nor do we claim to undersell. Prescription prices are determined by the cost of ingredients and operating expense. Our prices are as low as efficient service and quality drugs will permit. Above all, they are fair.

DENEATH that big broad bonnet is the reason of this headline

It's a four-barreled automatic carburetor -Airpower by name-which has a way of gulping in what the dictionary defines as "a sudden blast of wind" when extra power is needed.

And the way this gorgeous performer can step out as this occurs is something you'll always remember.

For ordinary driving, two barrels are all you need-and two barrels are all that are working. They give you an extra thrifty flow of uel for round-town cruising.

When extra power is wanted in a hurry-the "reserves" swing into action - feeding extra fuel and extra air in an ever-thrifty mixture, which delivers the greatest horsepower in Buick history.

This is one of many distinctions that endear ROADMASTERS to fine-car owners.

It's a car as rich in finish as it is in powera car of expansive room-restful silence-level in gait-beautifully responsive to your mood

And it offers the effortless ease of Power Steering* especially engineered by Buick to highway.

Equipment, accessories, trim and models are subject to change without notice. *Optional at extra cost on ROADMASTER and SUPER only.

APPLIES IRISH WHIP . . This mad piece of action took place in the Civic Auditorium at Richmond, California, during a wrestling match between Enrique Torres and Ben Sharpe, Senor Torres, who hails from south of the border, is applying a hold known to the trade as "the Irish whip." Ben, who is a pregeny of the Canadian Sharpe family, is acting in the role of the whip. You can almost hear the crack of the whip as Torres flips the huge wrestler and Sharpe flies through the air to the mat.
