Hulling Plant to Get Castor Bean Output

Machinery for a castor bean hulling plant will be received here this week and will be set up in the quonset building on the Charles Dankworth place south of Ballinger.

The plant will be ready this week-end to receive beans and local men have qualified as graders.

There are about 500 acres of castor beans planted in this county and some production will be made on the acreage. Raisers are guaranteed 10 cents a pound and the hulling charge

will be about 1/2 a cent a pound. Producers are asked to deliver their beans to the hulling plant as soon as they are gathered and graded, a check will be issued at the PMA office.

A few growers have already gathered their beans but most of the crop is just now ready to be taken from the stalks.

This is the first experiment for Runnels county farmers and the year has been very unfavorable for any kind of crop. The success of the small acreage planted will show up well with other cash crops.

MARKING END OF JAPANESE SUMMER... This is a view of the parade that featured the Yuiyama beach carnival, the traditional celebration that marks the end of the summer season at this Japanese resort. Three bathing beauties who were chosen as carnival queens are on the float in center. This year the carnival was marred by an attempt by the Communists to turn it into one of their "peace festivals." Police estimated that about 8,000 Japanese and North Korean Reds came to Yuiyama.

Red Cross Sponsoring Overseas Gift Parcels

The Red Cross has launched its "Christmas on the High Seas" program which will carry packages to service men in foreign countries.

The Runnels county chapter has been called on to assist in this undertaking and has agreed to make shipments in November and in time to reach their destination by December 1.

This will allow time for packages to be distributed to units and given to the soldiers by Christmas.

Each package is to be attractively wrapped. All packages are to be turned in to Mrs. M. A. Foy, executive secretary of the local Red Cross, and shipment will be made early in November.

Individuals, organizations, Sunday school classes and any other group are invited to prepare a package or any number of packages and deliver them to the Red Cross.

Many of the packages will go to Japan and Korea and considerable shipping time will be required.

Last year the local chapter participated in this program and it is hoped that the number of packages will be increased this year.

Dr. Wharton to be Advisor In Feature Film Production

Dr. Conway T. Wharton has been granted a two months leave of absence from the First Presbyterian Church, U. S., and will go to Hollywood, where he will serve as technical advisor for 20th Century-Fox in the production of "The White Witch Doctor."

Otto Lang is director for this feature picture and 20th Century-Fox requested the World Board of Missions to furnish a man who could and would serve as technical advisor. The board in turn requested Dr. Wharton to take the assignment for the production of this missionary picture staged in the region of Africa where Dr. and Mrs. Wharton served so many years. The elders of the local church voted to grant their pastor the two months to do this special work.

Some time ago, Dr. Wharton loaned Director Lang his book, "The Leopard Hunts Alone," to be used as reference in the making of the feature. Many of the sequences have already been filmed in the Belgian Congo.

The tentative time for shooting the remainder of the footage is October 15 to December 15.

Mrs. Wharton probably will go to California with her husband and assist him in this work. Dr. Wharton stated that they had always worked as a team and he wants to have her with him in this undertaking.

His work will deal especially with the language of the natives, their costumes and the Christian missionary aspect.

The building will contain a large social department 45 by 26 feet 8 inches which will be connected with a similar room in the rear of the church building. It will have accordion doors between the two rooms.

The new structure will contain the pastor's study, 12 by 14 feet, with an entrance from the social room and from the outside. Two rest rooms will be built at the rear and center of the building.

Additional kitchen space will be provided in the new building and a swinging door will connect it with the kitchen in the other building.

Work on the new building is to be pushed as much as possible until completed.

The building committee is composed of M. B. Wardlaw, Chester Cherry and Carl Murman.

Book Review to be Offered by F. H. A.

Mrs. West Talbot, teacher in the Ballinger Junior high school, will review "While Still We Live," by Helen Mac Innes, in the high school auditorium at 4:00 o'clock Tuesday, September 30.

The review is being sponsored by the Ballinger Future Homemakers of America chapter. Tickets are 50 cents for adults and 30 cents for students and may be secured from the ticket committee, Norma Jean Lisso, Carolyn Bigby and Polly Maas, or any homemaking students or at the auditorium on the day of the review.

Masons to Have Special Events In Near Future

The Ballinger Masonic Lodge has two special events scheduled which are expected to increase interest and attract large attendance.

On the evening of October 17 a degree team of the Scottish Rite Lodge, Dallas, will confer a master's degree in a special ceremony at the Ballinger high school gymnasium.

For this occasion all local members and Masons in nearby towns are invited. For the convenience of the visitors and the local members dinner will be served at the high school cafeteria at 6:10 at the price of \$1 a plate. This will permit visitors to have their dinner and get to the auditorium for the opening of the lodge.

Local Farm Loan Association Holds Annual Meeting

The annual stockholders meeting of the Ballinger National Farm Loan Association was held Saturday at 2 p. m. at the offices on Eighth Street.

H. E. Stubblefield and B. M. Batts were reelected directors to serve with the holdovers, Wesley Wood, Willie Stephens and Oscar Pruser.

Reports showed a total of 138 loans in effect at the present time for \$336,991 and six applications pending for loans of \$35,000.

At the conclusion of the shareholders meeting, directors were in a short session at which the following officers were named:

Wesley Wood, president
Willie Stephens, vice-president
Eugene Loika, secretary-treasurer
Willie Belle Middleton, assistant secretary-treasurer.

The board of directors will meet each month during the ensuing year.

Local Farm Loan Association Holds Annual Meeting

E. L. Williamson and Jim Williamson left Wednesday for Decatur, Mississippi, to attend the funeral of Mrs. Williamson's sister, Mrs. I. M. Cole. Mrs. Williamson was at the bedside of her sister the past two weeks and since attending funeral services of her niece.

Mr. and Mrs. Herman Brown and children returned Sunday from Brownfield, where they visited relatives the past week-end.

Four Producers Added in County During the Week

Oil operations in Runnels county continued normally the past week with several completions and a number of locations.

John J. Eisner No. 4-Zora Mitchell was completed for a daily flowing potential of 119 barrels of 42.5 gravity oil. It is a quarter mile northwestern extension of the Suesie field.

B. C. Morrison No. 6-J. T. Brandon was finished for a daily flow of 75 barrels of 41.7 gravity oil. This is a quarter mile outpost of the East Cree-Sykes field.

Union Sulphur No. 14B-O. C. Sykes has been completed for 113 barrels of 42.3 gravity oil daily. It is a one location north extension of the Cree-Sykes (upper Gardner) field.

The South Cree (upper Gardner) field has been extended one location west with the completion of Geochemical Surveys No. 2-G. M. Wood. The gauge on the well showed 302.18 barrels a day of 44 gravity oil. Top of pay was encountered at 3,333 feet.

Thirty feet of oil-cut mud was recovered in Geochemical Surveys No. 1-Walter Adams, southwest of Crews, on a two-hour drillstem test. Top of pay is 3,357 feet. Drilling now is below 3,900 feet.

A. J. Remm, Trustee, No. 1-John Armstrong has been staked and will be drilled to 4,000 feet. The location is four miles south of Crews.

Union Sulphur No. 20-B-O. C. Sykes has been spotted half a mile east of production and is projected for 4,500 feet.

Southern California Petroleum Corp. No. 4-Joe Irvin will be drilled a quarter mile west of production in the Cree-Sykes field. The permit is for 4,000 feet.

Humble has staked Nos. 5 and 6-G. W. Poe for 3,300 feet. These are offsets to No. 4-Poe, a producer, and work will start when permits are granted.

The state railroad commission has designated the Humphrey-Lee (lower Caddo) field in Runnels county. Two offsets southeast and southwest of the Lee producer have been staked.

Humble No. 3-G. W. Poe has been finished for 144.80 barrels of 43.8 gravity oil. The Goens pay was topped at 4,494 feet.

Casing has been set to 4,456 feet in Humble No. 4-G. W. Poe and a concrete plug will be drilled out to test production this week-end. The Goens line was topped at 4,435 feet.

Geochemical Surveys No. 2W-John W. Harris is projected for 4,000 feet. The location is a quarter of a mile east of production in the West Crews field.

The Coleman-Runnels draft board has announced the names of 29 men who are to report for induction on October 1. This is the largest call in some time from the board.

Runnels countians on the list are:

Carl Kirby Jr., Winters
Robert C. Wright, Winters
Glenn Jordan, Winters
James C. Colburn, Winters
Raymond Rohmfeld, Ballinger
Warren A. Edwards, Winters
Edward Bredemeyer, Winters
Bobby J. Dodd, Wingate

Ralph W. Spreen, Ballinger
Wilbert F. Gruber, Ballinger

Mrs. Barnett Wins King-Holt Award

Mrs. Frank Barnett was the winner of the Domestic console model sewing machine given by the King-Holt Co. in a "count the dots" contest. Almost 300 answers to the contest were received, the counts ranging from 193 to 8,047.

The correct answer was 2,493 and nine persons turned in the perfect score. Mrs. Barnett's letter was received about three hours ahead of the next correct answer, according to the post office cancelled stamp.

Over 90 per cent of the answers received by the King-Holt Co. were near the correct answer, ranging between 2,450 and 2,500.

In addition to the first prize of the sewing machine, a large number will receive trade certificates good for \$50, \$35 or \$25 on some model sewing machine. The certificates will be mailed as soon as they can be worked up.

Sixteen Youths Of This County To be Inducted

Auto Races Give Fans Excitement

A large crowd was on hand Sunday afternoon for the fast events at the Ballinger racing arena.

Eddy Fenwick furnished most of the excitement when his car got out of control on the north turn and crashed half way through the fence at the north-west concession stand. His carburetor was knocked off and caught on fire.

Bill Arnold got a shower of boiling water when his radiator hose blew off, but was uninjured.

Lewis Blackmon, of Winters, won first in the dash first in the first heat, and third in the third race.

Cecil Neff, of Ballinger, was first place winner in the third race, first in the Australian pursuit race and first in the feature.

Bill Arnold took second in the third heat and second in the first heat.

Mr. Mark won second place in the feature.

Races are scheduled again Sunday afternoon starting at 3 o'clock.

Gifts Will be Shown By 8 County's Club Boys at San Angelo

Runnels county 4-H club boys will show 8 registered Duroc gilts in a combination county and area show to be held at the San Angelo fair grounds Saturday. The show will start at 10 a. m. and be concluded by noon.

The following club boys of this county will show gilts: David Lange, Bernard Gully, Carl James Wilde, Virgil Hoelscher, Harvey Fuchs, Clifford Frey, Hilmer Halfmann and Royce Heathcott.

These boys received these gilts as weaned and have developed them. In November the boys will breed their gilts to a registered boar and carry the gilts through a breeding program. They will raise this litter of pigs and fatten three of them for the show the next fall. They will sell some of the registered pigs to help improve the quality of hogs in the county. The sow will be rebred after the pigs are weaned.

The show is known as the Sears swine program and the San Angelo area is made up of Coke, Tom Green, Concho, Menard and Runnels counties.

Capt. and Mrs. Richard Baker and son, of Walker AFB, Roswell, New Mexico, were weekend guests of Mrs. Baker's mother, Mrs. Eulalia Nicholson. Capt. Baker recently returned from England after a tour of duty overseas.

Water Seeping Into Basements Court House, Jail

Water seepage in the basements of the court house and the county jail have made it necessary to set up pumps in both places. Water has been seeping in the jail basement for some time, starting even before the first rains fall in this area.

When a check was made at the court house the past week-end 19 inches of water was standing in the basement. A pump was installed and the water pumped out on the lawn and when a hole was cut in the concrete floor it was found that water was running in through a gravel formation. The seepage will fill back to the floor level within a very short time.

The floors of the basement are about six feet under ground. Checks have been made of all plumbing to see that there were no leaks and the investigation shows that it is a natural vein of underground water which is causing the trouble.

At the court house many of the old records, election boxes and other property is stored in the basement.

Guests in the home of Mr. and Mrs. Cal Adair the past week-end were Mr. and Mrs. Cecil Range, of Lubbock; and Mr. and Mrs. J. H. Hough and children, of Snyder.

First Shipment Emergency Hay Received Here

The first shipment of emergency drought relief hay was received in Ballinger Saturday and was unloaded and taken by those who had made applications. In the one-car shipment were 15 tons of mixed hay which was sold at \$22 per ton.

PMA officials have been advised that 9 carloads have been shipped to this county and other shipments will be made as fast as possible. The remainder of the 9 carloads will arrive sometime this week.

Up to last Saturday night 323 people in this county had filed petitions for the hay. The requests are for 1,524 tons, about half asking for legumes and the others for the mixed hay.

PMA officials stated Monday that no time limit has been placed on when hay can be ordered. They expect it to be continued into the winter after farmers and ranchers can determine their needs.

The quality of the hay in the first shipment was fair and about like what has been on the local market.

Miss Virginia Zedlitz has been brought home from Gonzales Warm Springs Foundation. Although greatly improved it will be several months before she can resume classwork in Ballinger high school, where she is a junior student.

City Buys Warehouse; Will Store Equipment

The Ballinger city commission Tuesday morning authorized the purchase of land and a warehouse building adjoining the city hall. The lot is 50 by 140 feet and there is a warehouse at the rear, 30 by 50 feet. The purchase price was \$6,000 and money received from the sale of buildings at Harman Park will be expended for the purchase.

The warehouse will be used for a water meter repair shop, storage for city property and equipment and various other purposes. Machinery and equipment which have been standing out will be housed in the warehouse.

Final details of the sale of buildings at Harman Park have been completed with Earl Turnell, of Snyder, and the city has received payment of \$9,840. Mr. Turnell stated he would begin moving the apartments within the next ten days and intimated he would take them to Pecos.

One building permit was approved at the meeting Tuesday. Magdalene Villa received a permit for \$625 for improving a house on South Sixth Street.

Lone Star Gas Co. Asks For Rate Increase Here

Mack Young, manager of the Lone Star Gas Co., met with the city commission Tuesday morning and formally asked for an increase in gas rates in Ballinger. After the proposition was presented the commission asked for more time for consideration.

The Lone Star application for the increase was supported by statistics and information reflecting rising costs in overall operations, while the price of gas has been held substantially below pre-war levels. The new rate, if granted, would affect approximately 1,564 customers in Ballinger.

The Lone Star manager emphasized that residential and commercial rates here have not been increased generally in the past 25 years, but conversely were reduced ten cents per 1,000 cubic feet in May, 1942. He said the proposed rate is only 3 cents a thousand higher than the rate charged by the company prior to the 1942 reduction.

"Under the proposed rate revision," Mr. Young said, "the increase per customer (family unit) would average about 71 cents per month or less than 3 cents a day. Of each additional 71 cents paid by customers each month, 36 cents will go to various taxes, thus leaving the company only 35 cents."

The manager further stated "higher rates are needed at once if our standard of service is to be maintained and if we are enabled to obtain sufficient capital to expand our facilities to meet the ever-growing demand for service."

Mayor J. W. Moore stated following the meeting Tuesday that the commission wanted time to study rates in other towns and to learn the reaction of citizens.

Local Churches Will Celebrate Standard Bible

The pastors of several Ballinger churches will lead in a community meeting to celebrate the publication of the revised standard version of the Holy Bible. The service will be held Wednesday, October 1, at the First Christian Church, Broadway and Murrell. Rev. Hubert C. Smith, pastor of the First Methodist Church, will deliver the principal address and other cooperating ministers will have parts on the program.

Ministers cooperating in the service include Rev. Joseph Emery, Rev. J. M. Harrison, Mr. C. B. Orabood, Rev. A. O. Rue, Rev. Smith and Dr. C. T. Wharton. Others plan to cooperate if adjustments in their Wednesday night services can be arranged.

People of all congregations in Ballinger and vicinity are invited.

Bibles of the new version will be presented to the Ballinger library and to the Ballinger high school and to other schools if the offering is sufficient to purchase them.

The Bible printed by Gutenberg during the years 1455-1456 was the first book printed. Five hundred years later the greatest first-edition of any book is the Bible, almost 1,000,000 volumes. Christian scholars of forty denominations, 80% of Protestantism, assisted over a period of fifteen years in accomplishing this revision. Now the Bible is printed in the language of the day and churches all over the world are celebrating it.

Bibles of the new version will be on display for inspection at the service.

Barton Gives Best Varieties Of Wheat to Plant in Area

Planting of oats is in full swing in Runnels county at this time and many farmers plan to plant wheat a little later. County Agent John A. Barton gives the following information on the best wheat varieties to consider for this county:

"In selecting what varieties of wheat to plant, one should consider the yield first, the resistance to disease second, and the ability to withstand drought third. The desirable varieties wanted by the millers and bakeries also should be taken into consideration.

"From the Texas experiment stations at Denton, Chillicothe and Spur records show that a number of varieties will be okay in this area. These are Okanah, Comanche, Western, Pawnee and two real early varieties, Wichita and Triumph. The last two are not as desirable as the first four listed.

"Okanah, which is especially strong in its ability to resist blight and stem rust.

"With our present supply of moisture the outlook is better than for several years and it is suggested that the planting of some of the more desirable varieties will make a good yield and the most dollars per acre. Everything considered, if the highest dollar per acre is obtained, seed should be cleaned and treated before planting to eliminate the bunt and stinking smut that reduces yield in the field and also reduces the price. The sale of such wheat also gives the county a black eye in the wheat markets of Texas as an area where the wheat is infested with stinking smut.

"The germ that causes stinking smut lives on the seed itself and when the seed is planted and germinates, so does the smut germ and it grows up through the stem and blooms to the heads. This type of smut has an offensive odor and lowers the grade of wheat, causing lower prices.

"The remedy is simple and not expensive. Use some type of chemical protectant, Ceresan being the most common.

"The date to plant may vary with the season, but where grain for harvest is wanted is

best between October 15 and November 15. Where pasture is wanted, an earlier date may be taken. If the two early varieties are planted too early and not grazed, it has happened that a late spring freeze has killed the wheat in the head stage."

Book Review to be Offered by F. H. A.

Mrs. West Talbott, teacher in the Ballinger junior high school, will review "While Still We Live," by Helen Mac Innes, in the high school auditorium at 4:00 o'clock Tuesday, September 30.

The review is being sponsored by the Ballinger Future Homemakers of America chapter. Tickets are 50 cents for adults and 30 cents for students and may be secured from the ticket committee, Norma Jean Lisso, Carolyn Bigby and Polly Maas, or any homemaking students or at the auditorium on the day of the review.

Proceeds will be used to support the high school homemaking program.

Mrs. Billy F. Brown and Miss Joyce Smith, home economics teachers, are assisting members with arrangements for the presentation.

In Helen MacInnes' novel she gives the history of Poland during World War II. Interwoven in the great epic of Poland is the fictional love story of a young English girl who undergoes many trials to help Poland. The title of the book is taken from a phrase in Poland's national anthem, "Poland Has Not Perished While Still We Live."

Mrs. Talbott has spoken to organizations in West Texas a number of times and is one of the leading reviewers in Ballinger.

Mrs. Elmer Cooper fell at her home on South Broadway Saturday and broke both legs. The Cooper home is being remodeled, and Mrs. Cooper was moving some sheetrock when it fell on her, knocking her down and causing the breaks. She is in the local hospital.

A degree team of the San Angelo DeMolay chapter will be here Tuesday night to confer degrees on a number of candidates. The Ballinger lodge is interested in organizing a DeMolay chapter here and a committee of six members has been appointed to sponsor the movement. This program will be presented at the lodge hall on Hutchings Avenue.

Mr. and Mrs. Herman Brown and children returned Sunday from Brownfield, where they visited relatives the past week-end.

First Presbyterian Building Program Starts This Week

The First Presbyterian Church, U. S., started a building program this week which will add a new social department at the rear of the present building.

The new addition will face on Phillips Avenue and will match the native stone material of the church. The ground work was started Tuesday by the B. C. D. Construction Co., the foundation to be 45 by 40 feet.

Sub-contracts have been let to the Ballinger Electric Co. for wiring and other electrical work and to C. L. Armstrong for the plumbing.

The building will contain a large social department 45 by 26 feet 8 inches which will be connected with a similar room in the rear of the church building. It will have accordion doors between the two rooms.

The new structure will contain the pastor's study, 12 by 14 feet, with an entrance from the social room and from the outside. Two rest rooms will be built at the rear and center of the building.

Additional kitchen space will be provided in the new building and a swinging door will connect it with the kitchen in the other building.

Work on the new building is to be pushed as much as possible until completed.

The building committee is composed of M. B. Wardlaw, Chester Cherry and Carl Murman.

Sixteen Youths Of This County To be Inducted

The Coleman-Runnels draft board has announced the names of 29 men who are to report for induction on October 1. This is the largest call in some time from board 21.

Runnels countians on the list are: Carl Kirby, Jr., Winters; Robert C. Wright, Winters; Glenn Jordan, Winters; James C. Colburn, Winters; Raymond Rohmfield, Ballinger; Warren A. Edwards, Winters; Bobby J. Dodd, Wingate; Wilfred F. Franke, Rowena; Harry A. Hantsche, Winters; Norbert Matthesen, Ballinger; Calvin Schovajsa, Miles; Edward Bredemeyer, Winters; James McAden, Ballinger; Lennell Frison, Ballinger; Ralph W. Spreen, Ballinger; Wilbert F. Gruber, Ballinger.

Auto Races Give Fans Excitement

A large crowd was on hand Sunday afternoon for the fast events at the Ballinger racing arena.

Eddy Fenwick furnished most of the excitement when his car got out of control on the north turn and crashed half way through the fence at the north-west concession stand. His car-buretor was knocked off and caught on fire.

Bill Arnold got a shower of boiling water when his radiator hose blew off, but was uninjured.

Lewis Blackmon, of Winters, won first in the dash first in the first heat, and third in the third race.

Cecil Neff, of Ballinger, was first place winner in the third race, first in the Australian pursuit race and first in the feature.

Bill Arnold took second in the third heat and second in the first heat.

Mr. Mark won second place in the feature.

Races are scheduled again Sunday afternoon starting at 3 o'clock.

Airman 3c Buddy Evans and wife have returned to Keesler Field, Mississippi, after spending ten days with his parents, Mr. and Mrs. M. M. Evans.

Four Producers Added in County During the Week

Oil operations in Runnels county continued normally the past week with several completions and a number of locations.

John J. Elsner No. 4-Zora Mitchell was completed for a daily flowing potential of 119 barrels of 42.5 gravity oil. It is a quarter miles northwestern extension of the Suesie field.

B. C. Morrison No. 6-J. T. Brandon was finished for a daily flow of 75 barrels of 41.7 gravity oil. This is a quarter mile outpost of the East Cree-Sykes field.

Union Sulphur No. 14B-O. C. Sykes has been completed for 113 barrels of 42.3 gravity oil daily. It is a one location north extension of the Cree-Sykes (upper Gardner) field.

The South Crews (upper Gardner) field has been extended one location west with the completion of Geophysical Surveys No. 2-G. M. Wood. The gauge on the well showed 302.18 barrels a day of 44 gravity oil. Top of pay was encountered at 3,535 feet.

Thirty feet of oil-cut mud was recovered in Geophysical Surveys No. 1-Walter Adams, southwest of Crews, on a two-hour drillstem test. Top of pay is 3,357 feet. Drilling now is below 3,900 feet.

A. J. Renn, Trustee, No. 1-John Armstrong has been staked and will be drilled to 4,000 feet. The location is four miles south of Crews.

Union Sulphur No. 20-B-O. C. Sykes has been spotted half a mile east of production and is projected for 4,500 feet.

Southern California Petroleum Corp. No. 4-Joe Irvin will be drilled a quarter mile west of production in the Cree-Sykes field. The permit is for 4,000 feet.

Humble has staked Nos. 5- and 6-G. W. Poe for 3,300 feet. These are offsets to No. 4-Poe, a producer, and work will start when permits are granted.

The state railroad commission has designated the Humphrey-Lee (lower Caddo) field in Runnels county. Two offsets southeast and southwest of the Lee producer have been staked.

Humble No. 3-G. W. Poe has been finished for 144.80 barrels of 43.8 gravity oil. The Goens pay was topped at 4,494 feet.

Casing has been set to 4,456 feet in Humble No. 4-G. W. Poe and a concrete plug will be drilled out to test production this week-end. The Goens lime was topped at 4,435 feet.

Geophysical Surveys No. 2W-John W. Harris is projected for 4,000 feet. The location is a quarter of a mile east of production in the West Crews field.

Gilts Will be Shown By 8 County's Club Boys at San Angelo

Runnels county 4-H club boys will show 8 registered Duroc gilts in a combination county and area show to be held at the San Angelo fair grounds Saturday. The show will start at 10 a. m. and be concluded by noon.

The following club boys of this county will show gilts: David Lange, Bernard Gully, Carl James Wilde, Virgil Hoelscher, Harvey Fuchs, Clifford Frey, Hilmer Halfmann and Royce Heathcott.

These boys received these gilts as weaned and have developed them. In November the boys will breed their gilts to a registered boar and carry the gilts through a breeding program. They will raise this litter of pigs and fatten three of them for the show the next fall. They will sell some of the registered pigs to help improve the quality of hogs in the county. The sow will be rebred after the pigs are weaned.

The show is known as the Sears swine program and the San Angelo area is made up of Coke, Tom Green, Concho, Menard and Runnels counties.

Capt. and Mrs. Richard Baker and son, of Walker APB, Roswell, New Mexico, were weekend guests of Mrs. Baker's mother, Mrs. Eulalia Nicholson. Capt. Baker recently returned from England after a tour of duty overseas.

City Buys Warehouse; Will Store Equipment

The Ballinger city commission Tuesday morning authorized the purchase of land and a warehouse building adjoining the city hall. The lot is 50 by 140 feet and there is a warehouse at the rear, 30 by 50 feet. The purchase price was \$6,000 and money received from the sale of buildings at Harman Park will be expended for the purchase.

The warehouse will be used for a water meter repair shop, storage for city property and equipment and various other purposes. Machinery and equip-

ment which have been standing out will be housed in the warehouse.

Final details of the sale of buildings at Harman Park have been completed with Earl Turnell, of Snyder, and the city has received payment of \$9,840. Mr. Turnell stated he would begin moving the apartments within the next ten days and intimated he would take them to Pecos.

One building permit was approved at the meeting Tuesday. Magdalene Villa received a permit for \$625 for improving a house on South Sixth Street.

Lone Star Gas Co. Asks For Rate Increase Here

Local Churches Will Celebrate Standard Bible

The ministers of several Ballinger churches will lead in a community meeting to celebrate the publication of the revised standard version of the Holy Bible. The service will be held Wednesday, October 1, at the First Christian Church, Broadway and Murrell. Rev. Hubert C. Smith, pastor of the First Methodist Church, will deliver the principal address and other cooperating ministers will have parts on the program.

Ministers cooperating in the service include Rev. Joseph Emery, Rev. J. M. Harrison, Mr. C. B. Orabood, Rev. A. O. Rue, Rev. Smith and Dr. C. T. Wharton. Others plan to cooperate if adjustments in their Wednesday night services can be arranged.

People of all congregations in Ballinger and vicinity are invited.

Bibles of the new version will be presented to the Ballinger library and to the Ballinger high school and to other schools if the offering is sufficient to purchase them.

The Bible printed by Gutenberg during the years 1455-1456 was the first book printed. Five hundred years later the greatest first-edition of any book is the Bible, almost 1,000,000 volumes. Christian scholars of forty denominations, 80% of Protestantism, assisted over a period of fifteen years in accomplishing this revision. Now the Bible is printed in the language of the day and churches all over the world are celebrating it.

Bibles of the new version will be on display for inspection at the service.

Water Seeping Into Basements Court House, Jail

Water seepage in the basements of the court house and the county jail have made it necessary to set up pumps in both places. Water has been seeping in the jail basement for some time, starting even before the first rains fall in this area.

When a check was made at the court house the past weekend 19 inches of water was standing in the basement. A pump was installed and the water pumped out on the lawn and when a hole was cut in the concrete floor it was found that water was running in through a gravel formation. The seepage will fill back to the floor level within a very short time.

The floors of the basement are about six feet under ground. Checks have been made of all plumbing to see that there were no leaks and the investigation shows that it is a natural vein of underground water which is causing the trouble.

At the court house many of the old records, election boxes and other property is stored in the basement.

Guests in the home of Mr. and Mrs. Cal Adair the past week-end were Mr. and Mrs. Cecil Range, of Lubbock; and Mr. and Mrs. J. H. Hough and children, of Snyder.

Mack Young, manager of the Lone Star Gas Co., met with the city commission Tuesday morning and formally asked for an increase in gas rates in Ballinger. After the proposition was presented the commission asked for more time for consideration.

"The Lone Star application for the increase was supported by statistics and information reflecting rising costs in overall operations while the price of gas has been held substantially below pre-war levels. The new rate, if granted, would affect approximately 1,564 customers in Ballinger.

The Lone Star manager emphasized that residential and commercial rates here have not been increased generally in the past 25 years, but conversely were reduced ten cents per 1,000 cubic feet in May, 1942. He said the proposed rate is only 3 cents a thousand higher than the rate charged by the company prior to the 1942 reduction.

"Under the proposed rate revision," Mr. Young said, "the increase per customer (family unit) would average about 71 cents per month or less than 3 cents a day. Of each additional 71 cents paid by customers each month, 38 cents will go to various taxes, thus leaving the company only 33 cents."

The manager further stated "higher rates are needed at once if our standard of service is to be maintained and if we are enabled to obtain sufficient capital to expand our facilities to meet the ever-growing demand for service."

First Shipment Emergency Hay Received Here

The first shipment of emergency drought relief hay was received in Ballinger Saturday and was unloaded and taken by those who had made applications. In the one-car shipment were 15 tons of mixed hay which was sold at \$32 per ton.

PMA officials have been advised that 9 carloads have been shipped to this county and other shipments will be made as fast as possible. The remainder of the 9 carloads will arrive sometime this week.

Up to last Saturday night 323 people in this county had filed petitions for the hay. The requests are for 1,524 tons, about half asking for legumes and the others for the mixed hay.

PMA officials stated Monday that no time limit has been placed on when hay can be ordered. They expect it to be continued into the winter and after farmers and ranchers can determine their needs.

The quality of the hay in the first shipment was fair and about like what has been on the local market.

Miss Virginia Zedlitz has been brought home from Gonzales Warm Springs Foundation. Although greatly improved it will be several months before she can resume classwork in Ballinger high school, where she is a junior student.

TEXAS-BORN IKE
...a man of integrity

He Is the Choice of Texas Democrats for President!

Texas Democrats for Eisenhower!
That is the rallying cry of Texans who believe in the traditions and time-honored principles of the Democratic Party — but NOT in the policies and practices of Trumanism.

We are the Texas Democrats who have studied the candidates and platforms of the two major parties and are ready to announce: "We like Ike!"

We are the Texas Democrats who feel that best interests of our party, our state and our nation would NOT be served by another four years of Trumanism.

We are the Texas Democrats who stand ready to carry out the mandate of the State Democratic Convention which on September 9, 1952, resolved: "It is the recommendation of the Convention that every Democrat in Texas vote and work for the election of Dwight D. Eisenhower for President and Richard Nixon for Vice President."

If you, as a Democrat, feel as we do — join us! Be a Texan — not a Trumanite . . . Vote Ike!

Dean Martin and Jerry Lewis Make Merry in Hilarious 'Jumping Jacks'

Dean Martin and Jerry Lewis will be off on another of their hilariously unpredictable jaunts when Paramount's "Jumping Jacks" is shown at the Texas Theatre Sunday, Monday and Tuesday, September 28, 29, 30. This release marks the sixth screen appearance of the sensational comedy team that has been writing box-office history since their first film appearance a little more than two and a half years ago.

Dean and Jerry now strap on their 'chutes and climb into jump boots to play a pair of paratroop rookies who have the joint (Lt. Benning in this case) jumping with laughter at their attempts to qualify as rugged airborne soldiers.

Dean is the sky GI who has all the girls falling, and Jerry, of course, is the terrorized trooper who gets dizzy just from climbing into a plane. In fact Jerry doesn't belong in the army at all—he's a song-and-dance man who comes on the post to live up a camp show, is mistaken for a genuine GI, and can't fight his way back to civilian life.

Assisting in the revelry is vivacious Mona Freeman, who emerges as a shapely charmer after a long series of adolescent roles. Mona joins Dean in warbling a bright set of new Mack David-Jerry Livingston tunes.

"Holiday for Sinners," M-G-M prize ring story starring Keenan Wynn, and "The Half-Breed," robust, entertaining outdoor thriller, starring Robert Young, Janis Carter, Jack Buettel and Barton MacLane, comprise the double-feature program at the Texas tomorrow and Saturday.

With a background of New Orleans' famous Mardi Gras, "Holiday for Sinners" features in its supporting cast Janice Rule, Gig Young, William Campbell, Richard Anderson, Michael Chekhov and Sandro Giglio.

The plot of "The Half-Breed" emphasizes the wrong that was often done Indians when the white man began taking over the western frontier. Color is by Technicolor.

Rita Hayworth, Glenn Ford Stars Of Torrid Romance at the Hillcrest

Rita Hayworth, more beautiful and more exciting than ever, is back on the screen in Columbia's "Affair in Trinidad," at the Hillcrest Drive-In Theatre today, tomorrow and Saturday, Glenn Ford, the man Rita loved in the memorable "Gilda," also is starred in the new film.

Set on the tropical island of Trinidad, the new film is said to be an absorbing romantic drama which gives Rita Hayworth an opportunity for some pretty uninhibited dancing and a torchy tune or two to sing.

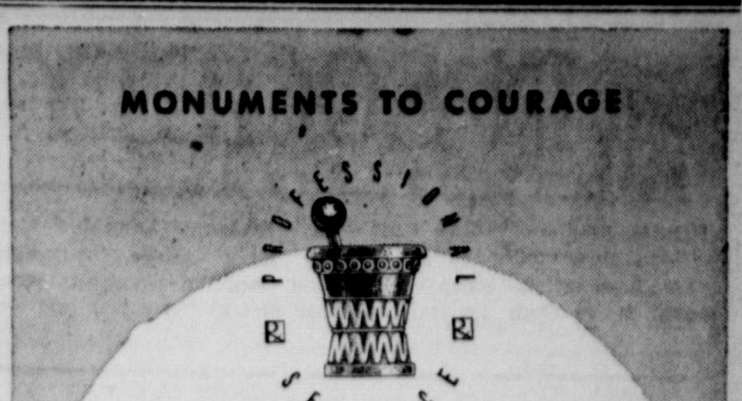

Katie, Katie loves money. This is the triangle that comes about when a rich boy and a poor doctor quarrel over a pretty nurse, each hoping she'll say, "You for Me." It's M-G-M's new romantic comedy, to be presented at the Hillcrest Sunday and Monday, September 28, 29.

Peter Lawford has another of his happy-go-lucky millionaire playboy roles. Jane Greer plays the nurse who wants love but who is tempted to settle for security. Gig Young, Elaine Stewart, Barbara Ruick and Tommy Farrell have amiable parts.

Literal translation of the word "mortgage" is death pledge.

MONUMENTS TO COURAGE

Progress in science has not been without opposition. Ignorance, superstition, and reluctance to accept the new frequently have impeded advance. Use of an anesthetic to ease the pain of childbirth was once decried by a clergyman, who called it a decoy of Satan. An eminent physician rejected the explanation of childhood fever when it was revealed that unclean hands of attendants spread the disease. Jenner, Lister, and others endured crushing ridicule and criticism. The vast assortment of life-giving drugs available today represents the contributions of the world's great medical scientists, past and present—enduring monuments to their courage, conviction, and intellect.

Cadillac

This Time—He Knows He's Right!

Here's a man who is through with doubt and wonder about the wisdom of his choice in a motor car. He has just taken possession of his first Cadillac—and, this time, he knows he's right.

He's a mighty happy man as he rolls serenely along the highway—heading for home and the delighted approval of his family and his friends.

And how the years and the miles will justify his confidence!

First to reassure him will be the car's magnificent performance.

He will discover smoothness, almost beyond belief—smoothness of operation, smoothness of handling, smoothness of ride on all types of highway.

Then he will notice the quietness: just the soft sound of the wind slipping by—and, now and then, the tick-tick of the electric clock. He can whisper—and be heard.

And there will be, of course, the sheer brilliance of Cadillac performance—the lightning-fast acceleration, the great bursts of power when emergencies loom, the quick response to brakes and steering wheel.

And, finally, he will learn of the car's endurance—so great that there is no practical limit to its life and its usefulness. Records reveal that numerous Cadillacs are still going strong at well past half a million miles.

Yes—this time he's right. And so will you be right if you choose a Cadillac. Better come in and place your order—today.

THEY JEEPED THROUGH IRON CURTAIN... Among the 44 escapees from behind the Iron Curtain who arrived in New York recently on the transport General Taylor were the five members of the Ol-larek family, Mr. and Mrs. Ludovit Ol-larek and their three children, Ludwig, Albine and Stephen. Ol-larek owned a prosperous construction firm in Bratislava, Czechoslovakia, until Communists came to power. He decided to escape. He bought a German amphibious jeep and drove it across the Moravia river to Austrian territory under the noses of the border guards. The family will resettle in the United States, living temporarily with relatives in Little Neck, L. I.

Mr. and Mrs. E. C. Grindstaff for their reassembly meeting on Thursday evening of last week.

A barbecued chicken supper with all the trimmings was served from two chuck wagons by Mrs. Grindstaff and the social committee of the club. Mrs. W. O. Irby, Mrs. Fred Harwell and Mrs. Cal Adair, to guests dressed as Westerners.

The president, Mrs. Malcolm Morgan, gave the welcome and presented the Lone Star Quartet, composed of C. L. Walden, Curley Hennigar, Dude Smith and Louis Walden, who sang western and spiritual numbers. Mrs. Morgan presented Mrs. Lloyd Downing program chairman, who outlined the year's study and gave introductory remarks concerning programs. The yearbooks were distributed. George's Ready-to-Wear

JOURNAL

It has often been said that a woman's wardrobe reflects her status in society. Years ago, when women were the victims of confining clothes, they were also enslaved politically and economically. Hobble skirts, large and difficult-to-manage hats, corsets so tight that a bad case of vapors were usually the result—these were the fashions of the early 1900s.

Women's position in society was the same in comparison. Votes for women were unheard of and laughed about, economic equality was derided as being foolish and impractical. It was no wonder that the Suffragettes revolted. Never was a woman so completely a slave as before World War I.

In 1921, when American women gained the vote, the age of the Flapper arrived in full force. Short hair, short skirts, and rolled stockings reflected the culmination of a long and bitter struggle to gain women's freedom—women's suffrage. As women shed their mental shackles, they shed their physical ones. They freed their minds with modern designing methods.

Today, as in 1921, undergarments are the basis for correct fashion. Brassieres such as Peter Pan's "Hidden Treasure" continue to set women free psychologically by building their figures and consequently their egos. They free women anatomically by offering firm support without boa-constrictor strangulation. Comfort and naturalness are the keynotes of fashion today.

Although we have traveled far towards freeing women wardrobe-wise, the ballot box still needs the woman's touch, as it did in the days of Miss Pankhurst and her Suffragettes. Don't forget to vote!

DENTISTS

I. M. Turner

I. M. Turner, 64, died at the Ballinger Clinic-Hospital Tuesday after being ill the past six years and in a critical condition the past week.

Decedent came to Texas in 1900 and moved to Runnels county in 1904. He made home in this immediate section ever since and engaged in stock farming. He was married to Lucy Ann Wood in 1907.

Funeral services were held at the First Baptist Church yesterday (Wednesday) afternoon at 4:00 o'clock. Rev. Joseph L. Emery, pastor, officiating, assisted by Rev. Emmett Brooks, pastor of the Seventh Street Baptist Church. Burial followed in Evergreen Cemetery.

Survivors besides the wife include three daughters, Mrs. Carroll Corder, San Angelo; Mrs. Velma Jaeggli, Austin; Mrs. Davis Nunn, Abilene; a brother, Marvin Turner, Ballinger; a sister, Mrs. H. A. Cochran, Santa Ana, California; and two grandchildren.

James Barron

James Barron, 87, died at the family home, 1100 Eighth Street, last Thursday at 9:30 p. m. He had been in failing health for some time and was in a critical condition only a few days before death.

Decedent came to Texas in 1882 and settled at Buffalo Gap. In 1905 the family moved to Wingate, where he lived until 1923. He was an active landowner and stockman at Wingate and also operated a mercantile store and was postmaster there from 1907 to 1917. In 1917 he assumed charge of the newly organized bank at Wingate and operated the institution until 1920.

The family moved to Ballinger in 1923 and settled in South Ballinger. In 1930 the Barrons moved to their home on Eighth Street, where he resided until his death. His wife passed away in 1950. He was among the very few remaining open range riders of the state.

Survivors include three daughters, Mrs. E. L. McFarland, Houston; Mrs. Robert Wheeler, Marfa; Miss Demma Barron, Ballinger; two sons, Dr. John L. Barron, Winters; M. D. Barron, Los Angeles.

Funeral services were held at the First Baptist Church at 4 o'clock Saturday afternoon. Rev. Joseph L. Emery officiating.

Lions Have Guests At Special Meeting To Hear Authority

A large number of guests were present at the meeting of the Ballinger Lions Club Friday to hear Paul Weaver, technical assistant to the vice-president of the Gulf Oil Corp.

Mr. Weaver is an authority on natural resources and has been in his present position the past 26 years.

His address here dealt principally with the administration's committee which is aiding other nations in money and technical advisors for increasing production of natural resources. He referred to the "have" and the "have-not" nations of the world and pointed out that there are probably no "have" nations today.

Mr. Weaver gave specific illustrations of assistance given other nations which were not good for the United States in creating more resources or in friendly feeling for neighboring countries.

The Lions Club is continuing to meet at the Central Hotel since the closing of the dining room. The facilities and equipment are used and the food is prepared by the C. O. D. Grocery Co.

SERVING UNCLE SAM

Airman Ic Rex Evans, who is stationed at Albrook AFB, in the Canal Zone, has talked several times lately with his parents, Mr. and Mrs. M. M. Evans, over the short wave radio set operated by E. C. Tinsley. Mr. Tinsley has been able to make contact with many bases and local boys stationed in them.

Capt. John E. Green, Jr., stationed at Anderson AFB on Guam, was selected to attend a medical conference at Nagoya, Japan, recently. Capt. and Mrs. Green and children, Jan and John, III, will return home in October, and Capt. Green will be discharged from the service.

SPORTS

The Ballinger Bearcats go to Hamlin tomorrow (Friday) evening to meet one of the best class AA teams in this section. School organizations will not go as groups but a large number of students and fans will see the contest.

The Ballinger 7th grade team defeated the Winters 7th team last Thursday night by the score of 7 to 0.

Ballinger juniors showed good form last Thursday night in the second game of a double-header at Bearcat Field. They took the Winters juniors by the score of 19 to 0 before a large crowd of students and fans.

The Ballinger B team lost to the Eden team Saturday night by the score of 18 to 7. The game was played at Eden and the class A boys exhibited a smooth offense in scoring on the Ballingerites.

The Bearcats continued their winning ways at Colorado City but barely outdistanced the Wolves. Some injuries were sustained, the most serious being an ankle and knee injury to W. A. Roberts.

Coaches were impressed with the improvement shown by the Bearcats last week and since their opening game with Merkel. Heavy work will be continued this week to get players in condition for the stiffer competition.

BIRTHS

Mr. and Mrs. Wayne King are parents of a daughter, born Wednesday at Shannon Hospital, San Angelo. The baby weighed 7 pounds 6 ounces upon arrival and has been named Brenda Gayle.

Notice to Bidders

The city commission will receive sealed bids for the leasing of 357 acres of land at the airport for agricultural purposes. Bids will be for one year, January 1, 1953, to December 31, 1953, subject to sale.

Runnels county farmers are operating grain drills full time this week. Some planted a little last week before the showers Wednesday and had to stop a few days until the ground was dry enough. Most places in the county have sufficient moisture to bring up oats and every effort is being made to sow all available acreage to provide fall and winter grazing. Seed oats were in demand last week and agriculture leaders expect a large small grain acreage.

Citizens are interested in a bond issue election to provide for making necessary improvements and expansions in the present pumping, filtration and distribution system to serve all in coming years without rationing. Local civic leaders believe bonds should be voted at once so that critical materials can be purchased and the work done during the slack period of the year. Recent engineering surveys recommended that the plant facilities be increased to furnish about 2,250,000 gallons daily. During the past summer daily consumption reached 1,800,000 gallons and it was during this period that Elm Creek water had to be pumped to supplement the supply. Next summer a swimming pool will be in operation at city park and water from Elm Creek will be required there. The proposed expansion program would take only water from Valley Creek.

Tax collectors will begin receiving payments on current accounts next Tuesday, October 1. While property owners have until the last day of January to pay their taxes, many take advantage of the opportunity to pay early and get the discounts offered on county and state levies. The discounts at the office of the county tax collector are 3 per cent in October, 2 per cent in November and 1 per cent in December. All tax receipts have been prepared and bound and the city, school district and county collectors will be ready to serve property owners next week. Taxable valuations are up this year, especially in the county

WEST TEXAS NOTES

Brady police have issued a warning to people who go to fires just for the excitement, that in the future any motor vehicle following fire equipment closer than 500 feet will be ticketed. Fire-goers who want front seats will also get tickets to appear in court hereafter, the police chief stated. Along with this also came a declaration that every store would be given a rigid fire inspection, that defects are to be called to the attention of the owners and seven days given in which to make correction.

An eight-carload shipment of emergency relief hay arrived at Stephenville last week, the first of 220 carloads expected by Erath county stock raisers. The PMA office is notifying farmers and stockmen as fast as the hay arrives and shipments are to be unloaded at Dublin and Stephenville. More than 500 people have signed up and made deposits for this hay. PMA officials said shipments were expected each week.

The Menard Chamber of Commerce has called for a listing of all available housing. The return of workers of the Anderson Bros. Construction Co. to the city created the demand. The company is laying a pipeline through this sec-

tion and work was suspended when the steel strike was in effect. With material available, the job will be rushed to completion. Houses, apartments and bedrooms are sought.

J. D. Morrow, president of the Melvin cemetery association, has called for help to restore the burial grounds to good condition. Recent rains caused rank weeds and additional help was hired but could not do all the work. City trucks were used to haul dirt and every citizen is called on to give time or send a worker in his stead.

At its first meeting of the 1952 term the Rising Star Parent-Teacher Association voted to give special support to the Wildcat band. The P-T-A. will operate the concession stand at the football field, all proceeds going to the band fund to help in the purchase of instruments. O. G. Joiner, formerly of Ballinger, is director of the band, organized a year ago. A committee was named to study the needs of the schools.

The Hamlin city commission has awarded a contract for a 21-mile water line from Lake Stamford. Twelve-inch concrete

pipe will be laid. Low bid for the job was \$389,406, fifteen concerns submitting bids. The pipe is expected to be delivered at Hamlin soon after January 1, 1953.

Two major development projects have stimulated interest of Colorado City and Mitchell county people. Officials of the Lone Wolf Electric Cooperative have called a meeting this week to which all farmers interested in small irrigation projects are invited. The county's strongest water well was reported on the L. S. Girven ranch, 10 miles southeast of Colorado City. On a pump the well tested 490 gallons a minute. The well was drilled to 120 feet after striking water at 67 feet.

The shortage of water at Bronte during most of the past summer received national publicity. It was shown recently on television and many people have written letters since the telecast. Pictures were taken of the water shortage by International Telenews and the program was released about two weeks ago. Letters were received from Corpus Christi, Houston, San Antonio, St. Louis and Peoria, Illinois, where the telecast was seen.

The Texas Telephone Co., serving Comanche, has asked the city council for rate increases. The proposed rates in some instances are said to be about double those now in effect. A mass meeting has been called and all telephone patrons

Mrs. David M. Jones and children left Winters last week for New York, where they were to take a boat for England. In England they will join the husband and father, Col. Jones, who is stationed there as a wing commander of the 48th airborne division. Col. Jones was sent overseas in June and Mrs. Jones and children had been staying with her parents, Dr. and Mrs. Roy C. Maddox.

Twelve Comanche county 4-H club members will enter livestock in the State Fair, Dallas, October 10 to 14. The group to show calves will be the first to go, these entries being due on October 10. Sheep, hogs and other livestock must be entered by October 14. In the group are both boys and girls. To be exhibited at Dallas will be four calves and about thirty lambs.

The army will start taking over the industrial district at Camp Bowie, Brownwood, in January, 1953. Operators of business houses in the area involved have been deeply concerned since it was learned that the camp would be reactivated. This is the first definite information on what can be expected by the business. It also was revealed that 3,440 acres of land will be acquired and that the preliminary estimate calls for expenditure of \$3,560,000 of the \$8,210,000 appropriated. Coleman youngsters will be special guests of the city on September 27, National Kids' Day. Free movies and other features will be offered on the program which is expected to attract many children and their parents. The event is sponsored by the Kiwanis Club, which has appointed numerous committees to help entertain the small guests.

"MILES PER GALLON" is something everyone talks about—and Buick owners take pride in telling us that they're doing OK on this score.

But the kind of miles is important too. The real pay-off you get when you own a Buick is in what happens while you're turning gas into power.

Every drop of gas sets off a tiny tornado of compacted energy in Buick's Fireball 8 Engine.

You swoop from a standing start to any speed the law or good sense permits with effortless smoothness, thanks to Dynaflo Drive.*

You soar over the road with magnificent levelness—buoyed by big soft coil springs on every wheel—coddled by a dozen other features which make up Buick's million dollar ride.

The car holds direction like an airliner on the beam. You snug into turns with sure-footed poise—ease your grip on the steering wheel and feel the car seek a straight course again like a compass points to the pole.

This is travel as you've always hoped to find it—relaxed, carefree, luxurious, happy—while you leave the miles behind.

Yes indeed—life's different in a Buick. How different you should find out firsthand.

How about letting us give you a sample—any day you say?

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Following the ceremony, Mr. and Mrs. Hill were hosts at a reception. The bride's table was centered with the three-tiered wedding cake, iced in white and decorated with pink rosebuds and topped with the traditional bridal couple. Miss Joyce Hite served the cake. Miss Patsy Manning registered guests in the bride's book.

The couple left for a wedding trip to points in New Mexico and Mexico. Upon their return they will be at home at 303 Thirteenth Street.

Mrs. Edwards was a 1952 graduate of Ballinger High School. Mr. Edwards graduated from Winters High School, and was in the armed service for four years. He is employed by Continental Drilling Co.

Fancy Doers Club Welcomes New Members

New members were welcomed into the Fancy Doers when the club was entertained in the Raymond Berryhill home on Eighth Street Monday evening.

The new members are Kien Williams, Joyce Winton, Delphine Berryhill, Emilie Burton, Helen Kennedy, Glenda Harris, Dorothy McShan, Joye Campbell and Louise Miller.

Merle Richards conducted the business and reports were given by Barbara Stuart. Mrs. E. W. Stasney met with the club to give contract lessons while handwork was directed by Mrs. O. L. Hart and Mrs. Hal Yoder.

At the social hour Delphine Berryhill and Glenda Harris were hostesses and served a sandwich plate with cream puffs and cold drinks to those already mentioned and to: Mrs. Bobby Bryan, Mary Herral, Dian Wilson, Tookie Wade, Wynell Dodd, Carolyn Bigby, Norma Jackson, Anne Stasney, Mary Jo Forman and Joyce Hite.

Ace of Clubs Meeting Held in Moss Home

Mrs. Hill Hampton was included as an extra guest by Mrs. W. E. Moss when she was hostess to members of Ace of Clubs, entertaining in her Fifth Street home last Thursday afternoon.

Bouquets of yellow chrysanthemums decorated party rooms where Mrs. Earl Barr received high score award, and Mrs. Price Middleton received the bingo award.

A salad plate with iced tea was served. Others were Mmes. George Newby, W. O. Irby, John Bradley, H. G. Agnew and Jack Scales.

Mrs. Krc Entertains Sewing Club

Mrs. E. F. Krc included Mrs. Lucy Rollwitz, Mrs. Guy Cordell, and Mrs. Henry Curbo as added guests when she was hostess to members of the Art and Needle Club last Thursday afternoon, entertaining in her home on Thirteenth Street.

which was decorated with crepe myrtle and silver fleece blossoms.

After the short business period conducted by Mrs. Krc, the group completed the quilt it had been working on for an Orphans' Home.

The next meeting will be an all-day affair, in the home of Mrs. Walter Mueller on Tenth Street, at which a covered dish luncheon will be served at noon.

At the social hour when a sandwich plate with cake was served with punch, Miss Mary Krc was the birthday celebrant and received gifts from Mmes. Fred Mapes, Louis Loika, Charles Olask, Earl Crockett, E. C. Schott, Walter Mueller, E. L. Rappy, Ralph Willingham, and Mrs. Krc.

Gay Nell Jarrett Named Honor Guest

Gay Nell Jarrett was named honor guest on her thirteenth birthday anniversary Saturday evening when her parents, Mr. and Mrs. M. L. Jarrett, were assisted by Messrs. and Mmes. Bob Arnold, Sid Chapman, and the honoree's aunt, Mrs. P. J. Legg, in giving a dance at Bruce Field.

Approximately 50 danced to music by nickelodeon. The affair was a surprise to the honoree, and gifts were presented along with the pretty white birthday cake topped with pink candles. A sandwich plate was served with cold drinks and coffee.

Out-of-town guests were: Bill Arnold, Jimmy Griffin,

Mrs. V. O. Williams, Nevada Lea Williams and Evelyn Gravel, all of San Angelo; and Mr. and Mrs. Curtis Wiesepape, of Odessa.

ALL-CHURCH NIGHT FOR METHODIST MEN

answer to the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 3rd day of November, A. D. 1952, at or before 10 o'clock a. m. before the Honorable District Court of Runnels County, at the Court House in Ballinger, Texas.

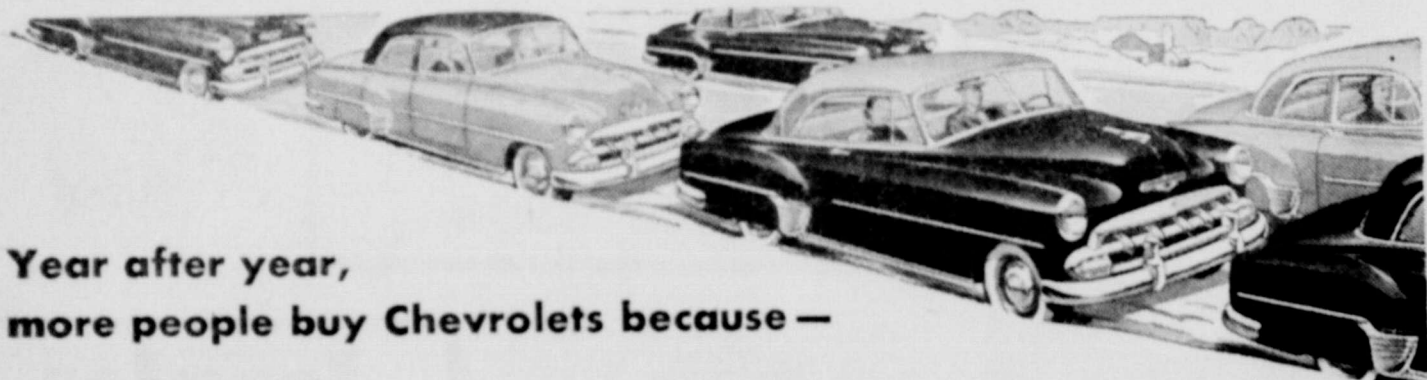

Said plaintiff's petition was filed on the 18th day of September, 1952. The file number of said suit being No. 9134. The names of the parties in said suit are: J. Z. Byers and wife, Cora Byers, Hilda Glass and husband, Edwin Glass, and Edmund C. Lindemann as Plaintiffs, and those to whom this citation is addressed as Defendants.

The nature of said suit being substantially as follows, to-wit: Suit in Trespass to try title by Plaintiffs against all of the Defendants, Plaintiffs alleging title to and the ownership of the following described tracts of land lying and being situated in the County of Runnels, State of Texas, to-wit:
FIRST TRACT: 500 acres of the Austin and Williams Survey No. 262, Abstract No. 2, being the westerly 500 acres off of and entirely across the 708 acre tract described in deed executed by A. Herring to B. J. Clayton, et al, now of record in Vol. 18, page 575, Deed Records of Runnels County, Texas.
SECOND TRACT: 354 acres, comprising: 238 acres, being all of Block "A" and 116 acres out

of the south part of Block "B" subdivision of the Austin and Williams Survey No. 26, Abstract No. 2, being the same land described in two deeds executed by A. Herring to J. N. Garlington, now of record in Vol. 18, page 461 and 580, Deed Records of Runnels County Texas.
THIRD TRACT: 685.3 acres of land, comprising: (1) 139 acres of the Austin and Williams Survey No. 262, Abstract No. 2, and (2) 546.3 acres of the Austin and Williams Survey No. 263, Abstract No. 1, being the same land described in the deed executed by H. F. Lindemann, et ux, to Edmund C. Lindemann, now of record in Vol. 224, page 215, Deed Records of Runnels County, Texas.
FOURTH TRACT: 685.3 acres of land, comprising: (1) 503.3 acres of the Austin and Williams Survey No. 263, Abstract No. 1, and (2) 182 acres of the Austin and Williams Survey No. 262, Abstract No. 2, being the same land described in the deed executed by H. F. Lindemann, et ux, to Hilda Glass, now of record in Vol. 224, page 207, Deed Records of Runnels County, Texas.
FIFTH TRACT: 685.3 acres of land of the Austin and Williams Survey No. 262, Abstract No. 2, being the same land described in the deed executed by H. F. Lindemann, et ux, to Cora Byers, now of record in Vol. 224, page 181, Deed Records of Runnels County, Texas.

and each plaintiff alleging ownership of the respective portions of said tracts as described in plaintiff's petition; that plaintiffs were the owners on the 9th day of September, 1952, and still are, and the defendants unlawfully entered upon said land and dispossessed the Plaintiffs of such premises; and that Plaintiffs claim title under the statutes of limitation of three years, five years, ten years and twenty-five years.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.
Issued this 18th day of September, A. D. 1952.

District Scouting Committee Hold Meeting at Nil

The executive committee of the Colorado River Boy Scout District met at Miles Thursday night of last week, J. L. Carr of Bronco, vice-chairman, presiding.

Plans for coming month were made with emphasis on securing the participation of the 15 units of the district at the pot luck supper to be held at the Ballinger American Legion hall on Tuesday, September 30. This will be for scouts, explorers and their families and friends. The program includes a court of honor, ball and inspection.

Attention was called to Get Out the Vote campaign to be made by scouts and on November 1. At that time workknob hangers will be placed on every residence, reminding citizens to exercise their privilege on November 4.

Jerry Hampton announced district first aid contest to be held before November 15. Also said plans were under way for a marksmanship contest in December.

At the present time there are five Cub packs with 120 members and ten Boy Scout troops with 200 members, making a total of 320 boys participating in this district.

The next unit leaders' round table will be held in the district court room of the clubhouse here on October 21.

The chairman appointed a nominating committee, composed of Judge E. C. Grinstead, W. E. Elkins and H. Springer, to report at the November meeting when the officers for the district will be elected.

A discussion was held on selection of a district committee to head up the selection of scouts to attend the National Boy Scout Jamboree to be held on the Irvine Ranch in California.

Bearcats Take to Air To Whip Wolves 12-7

The Ballinger Bearcats displayed improvement in their second game of the 1952 season, played at Colorado City Friday night. The Bearcats, again rated the underdogs, came through with an upset, defeating the more experienced

Wolves by the score of 12 to 7. Showing a stubborn defense from the first play and all through the evening, the Bearcats also flashed on offense at times, especially through the air.

The scoring started early when Ballinger took a kick on the 50-yard line. Bell, Brevard and Roberts drove up the field on line plays which carried to the 3-yard stripe from where Bell on a quarterback sneak carried over. Clark missed the try for the extra point when his place kick was low.

In the third quarter, the Ballingerites recovered a fumble on their 49-yard line. Bell dropped into a short punt formation and started throwing the ball with Maedgen, Morris and Brevard on the receiving end. The first pass was good to Maedgen for 18 yards and a first down. Bell connected with Morris for 28 yards and

Tim Holt Has Robin Hood Role In 'Road Agent,' at Horseshoe

"Francis Goes to West Point," another in the "talking mule" series; and "Road Agent," with Tim Holt starred, make up the double-feature program at the Horseshoe Drive-In Theatre today, tomorrow and Saturday. Holt and his saddle pal Chito, played again by Richard Martin, become Robin Hoods of the West in "Road Agent," RKO Radio release. The pals rob a villainous toll road owner of ill-gotten gains received by overcharging ranchmen for driving cattle over his right-of-way, then turn the stolen money over to the ranchers so they may buy out the crooked toll-road proprietor. The villain's attempt to get his money back

and do away with his two tormentors, provides the basis for much of the action. Mauritz Hugo, Bob Wilkie, Tom Tyler, Noreen Nash and Dorothy Patrick are supporting players.

"Sailor Beware," Dean Martin-Jerry Lewis comedy, is one of the two feature-length films on the twin-bill at the Horseshoe Sunday and Monday, September 28, 29. This Paramount release casts Dean and Jerry as submarine sailors launched on an uproarious round of misadventures ashore and afloat. In a co-starring role is Corinne Calvet, shapely French importation, and Marion Marshall has an important part. Five tunes are by Mack David and Jerry Livingston.

The second feature on this program tells the story of a man who had to join an outlaw band to clear his name, RKO Radio's "Best of the Badmen." In Technicolor, this is a thrilling drama of the Kansas-Oklahoma border at the close of the Civil War. Robert Ryan, Claire Trevor, Jack Buettel and Robert Preston are starred.

"California Passage," starring Forrest Tucker, Adele Mara and Estelita Rodriguez, is the No. 1 feature of the twin bill at the Horseshoe Tuesday, Wednesday, September 30 and October 1. The top-drawer cast in this suspense story includes Charles Kemper, Jim Davis, Bill Williams and Peter Miles.

The Bearcats lost a touchdown in the third quarter when Bell passed to Mike Egan in the end zone but an infraction of the rules brought a penalty.

The Ballinger band, pep squad and several hundred fans followed the Bearcats to Colorado City.

The Crews home demonstration club met in the home of Mrs. Marion Wood Friday, September 19. Eleven members and one visitor were present.

Dr. Hale Observes 83rd Anniversary

Today (Thursday) Dr. F. M. Hale, retired Ballinger physician, is receiving the well wishes of his intimate friends as he quietly observes his 83rd birthday with Mrs. Hale in their Sixth Street home. It is his fiftieth year since coming to Ballinger, November 8 will be the Hales' 59th wedding anniversary.

Dr. Hale is still bright and quick witted, although he has been quite sick the past few weeks, and he still maintains an interest in everything worthwhile and his many friends.

The well-loved doctor's life reads like a story book. He was born September 25, 1869, at Water Valley, Mississippi. When he was 10 years of age he moved with his family to Bell county, Texas. They traveled by train as far as Waco, and the rest of the way by ox wagon. They settled about 500 yards from the present site of Scott & White Hospital. The Hales were considered one of the cornerstones of Temple, with their particular corner built on a farm.

In 1897 Dr. Hale started practicing medicine and 1901 moved to Ballinger. In 1905 he graduated from Barnes University, St. Louis, now known as Washington University. He has done post-graduate work in Chicago and New York.

His comments on internship convince one that he thinks of the subject like "the soft, creamy, well cooked foods we eat these days." His internship consisted of going to work as a country doctor. He ministered to all ills. He made many calls on horseback, the roads were so bad that a buggy couldn't get through. Dr. Hale recalled how he rushed home from Novice on April 9, 1921, where he had been on a sick call, after hearing of a disastrous tornado which hit Rowena and surrounding section. When he reached the Elm Creek bridge near Ballinger, he found the approach washed away, and being anxious to get to his office and help the suffering, he drove across the Santa Fe railroad trestle in his car.

For the past 30 years he has taken care of the Ballinger high school football players. It was he who set bones, along with visiting and giving medical aid to the players when they became ill.

Up to this fall he never missed a game, and he is hoping to be able to attend some this year. He is just as interested in today's bunch of boys as he was 30 years ago. He also enjoys baseball, and has been a golfer for years, as that was one of the sports that kept him young.

A captain in World War I, he was serving as a transport surgeon in England when the armistice was signed. Dr. and Mrs. Hale have five children: Mrs. Maude Nance, of Naacogdoches; Sidney W. Hale, of Marshall; Louis Hale, of Wichita Falls; Mrs. Suzie Donaho, of Denton; and Mrs. Chester Ueckert, of San Angelo. Dr. and Mrs. Hale have been active members of the First Baptist Church since moving to Ballinger in 1901. Dr. Hale's best birthday gifts have been his sincerity and sense of humor.

Council Will Ship Clothing Friday; To Meet Monday

The United Council of Church Women states that the campaign for clothing to be shipped overseas will end tomorrow (Friday). There is a large amount on hand but the need is urgent and the council will be glad to receive more until shipping time tomorrow.

A group will meet at the home of Mrs. Estes Lynn Friday afternoon to pack and ship all articles on hand.

The council will meet Monday afternoon at 4 o'clock at the First Presbyterian Church on Broadway for a program. Mrs. C. F. Bailey will be the leader and the theme is "How to Make the Bible Live." Scripture reading and response will be by Mrs. Frank Pearce and Mrs. Bill Stultz.

Mrs. J. W. Guynes will be the principal speaker on "The Revised Standard Version and You." Mrs. C. T. Wharton will give the concluding prayer.

The offering Monday will be used to pay transportation charges on the clothing sent overseas.
