VOL. 67

BALLINGER, TEXAS, THURSDAY, NOVEMBER 6, 1952

NO. 3

## \$100,000 Bond Issue Up to Voters Saturday

Preparations have been made for the two-issue election, to be held here Saturday. Oscar Harber, E. B. Clappitt, Max McCrary, Sr. and Lee Evans will be in charge of the voting, at the city hall. The office of the chief of police will be the polling place for all citizens.

Two issues are to be submitted. One is to authorize the issuance and selling of \$100,000 in bonds to expand and improve the municipal water system. This calls for additional pumps

at the lake and at the filtration plant, expanding the size of the settling basins and laying new mains.

The second issue is to cancel \$100,000 in outstanding airport bonds, voted almost two years ago. These bonds were authorized when an effort was made to reactivate Bruce Field for training purposes.

The usual hours will govern the voting Saturday, the polling place to be opened at 8:00 a. m. and closed at 7:00 p. m.

## Xmas Program Plans Pushed by C.C. Board

Directors of the Ballinger Chamber of Commerce at a regular meeting Monday night made plans for the Christmas programs to be presented in Ballinger this year.

The Christmas season will officially open Monday, December 1, when the Santa Claus parade is scheduled. All merchants are invited to participate in the parade and a number of school organizations, including two uniformed bands, will be a part of this colorful feature.

Santa Claus with his sleigh and reindeer will pass through all the business blocks and finish the parade at the court house lawn. The kiddies will pass through the lower halls for gifts and visits with the jolly old fellow.

The directors voted to again sponsor home and yard decorations and posted prize money for three classes. For the best decorations for the whites, prizes of \$10, \$7.50 and \$5 will be paid; for Mexicans, \$7.50, \$5 and \$2.50; and for negroes, \$7.50, \$5 and \$2.50.

The date for judging home and yards will be set later this month.

Colored light streamers will be put up on the downtown

streets and merchants are urged to decorate show windows and store interiors before December 1.

Directors have begun looking towards the end of the year and the reorganization meeting in January. A nominating committee, composed of Ernest Caskey, W. O. Wallace and Mack Bowers, was appointed to suggest 22 new directors to be elected. Eleven directors will retire at the end of the year and there is one vacancy on the board at the present time.

Ewell Jones made a report on efforts to secure new industries for Ballinger and a lengthy discussion was held in regard to various ways of going after businesses which would bring payrolls to Ballinger. Buildings with sufficient floor space have been scarce here.

Doyle St. John made a brief report on the oil industry. He stated that work was progressing slowly in the Fort Chadbourne field to construct a gasoline and recycling plant. Some of the equipment has not been received and is causing a delay which keeps the field shut in.

He also discussed the recent closing of the Cree-Sykes field but stated he expected most of the wells there to be back in production soon.

## 3,022 Get Chest X-Rays; Seal Campaign is Begun

The mobile chest X-ray clinic was concluded last Thursday, a total of 3,022 pictures being made in Runnels county. The equipment was operated in the county nine days, stops being made at Miles, Rowena, Winters and Ballinger.

Last spring the Runnels County Tuberculosis Association gave more than 2,000 patch tests to pupils in schools of the county.

The annual seal sale campaign was launched Thursday of last week and will be continued until all have been contacted. Members of the Fancy Doers Club are selling bonds to business firms.

Dr. Troy Taylor, seal sale chairman, will mail letters containing seals on November 17. The association has a revised mailing list this year and expects better results in this part of the campaign.

Association officers point out that more than \$3,500 will be needed to carry on the work of the organization for another year. Much of this will have to come from the sale of seals. The more than 3,000 letters to be mailed contain sheets of seals which have a value of \$1 per sheet. Those receiving them are asked to send in remittances as soon as possible so that the campaign can be concluded by Christmas if possible.

Those who do not send in remittances or return the seals will receive reminder cards later in the campaign.

Members of the G. G. Club are folding sheets of seals preparatory to mailing.

Assisting at the X-ray clinic in Ballinger were members of the Fannie Stephens Club, Current Book Club, Shakespeare Club and Civic-Garden Club. In addition several individuals assisted all four days.

The films will be developed at Austin and a report will be sent each individual. Those who have indications of some chest trouble will be advised to consult their physicians.

Mrs. Chester Cherry is in Houston this week, visiting relatives and friends.

Committees have been named for the breakfast and a menu of sausage, bacon and eggs will be ready when members arrive at the hall. The sausage has already been made and will be right for eating by Tuesday.

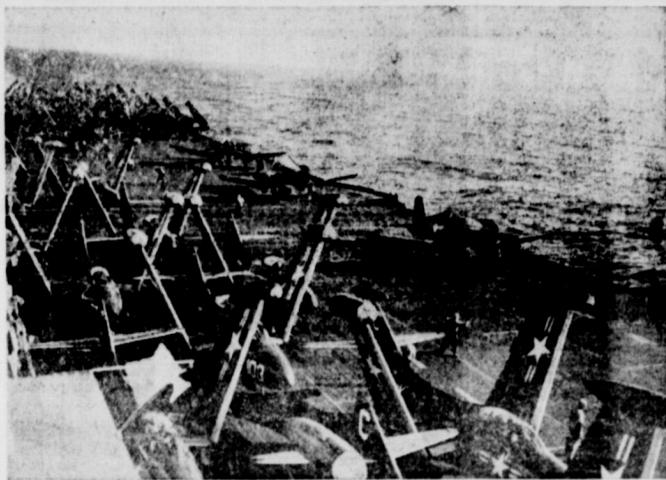

A program committee is arranging the entertainment for the morning activities which will get underway at 6 a. m. and will be concluded at 11 a. m.

Veterans who have not been contacted for 1953 membership may attend the breakfast and members of the committee will be on hand to take their dues that morning. Admission for the breakfast will be \$1.50 each.

## Cree-Sykes Production About Back to Normal

The state railroad commission office at San Angelo disclosed Wednesday that all operators in the Cree-Sykes field of this county were back in production except the Saxon Oil Co.

Most of the operators have been given new allowables on all wells that are producing, except the one company. Oil began flowing through pipelines the middle of the week and the investigation into irregularities is being continued both at Austin and in the field.

All wells are being gauged to see what they will make and other details on the shut-in section will be settled as soon as possible.

The Poe (Canyon) field was extended 1/4 of a mile southeast with the completion of Humble No. 5-G. W. Poe. The well was gauged at 260.89 barrels of 44.9 gravity oil. Top of pay is 3,010 feet.

A 1/4-mile southeastern offset to production in the West Ballinger field by Sam Boren, of Dallas, is on the W. E. Allen estate, five miles northwest of Ballinger. Projection is for 4,000 feet.

Union Sulphur & Oil Co. has staked three tests outside of production in the Cree-Sykes field. All three will be for 4,500 feet and are to be known as 24B- and 25B-O. C. Sykes and 1C-Albert Sykes.

## Legion Auxiliary Will Sell Poppies On Streets Here

The American Legion Auxiliary will conduct its 28th annual Armistice poppy sale Saturday. The Auxiliary has received 1,500 poppies and will launch the sale early Saturday morning and continue until all have been sold.

The crepe paper flowers were bought from Legion Hospital, Kerrville, and were made by veterans who are patients there. The work of making the poppies is a God-send to many hundreds of disabled patients. They are paid for the flowers they shape, and if not too badly disabled they can earn a fair day's wages without exerting themselves to a harmful extent. This work is adjusted to meet prevailing hospital rules, and is given to patients upon approval of the medical officers, without regard to any government compensation received. For many it is the only possibility of earning money during the year.

There will be a booth in front of Stone's and sales girls will operate from there. To be in charge of the booth from 9 to 11 a. m. are Mrs. Price Middleton and Mrs. A. J. Thorp, Jr. from 11 a. m. to 1 p. m. Mrs. Troy Simpson and Mrs. Odie Floyd; from 1 to 3 p. m. Mrs. Tom Agnew and Mrs. C. L. Baker; from 3 to 5 p. m. Mrs. Rex Cook and Mrs. Jack Halliburton.

The early morning sales group will include Mmes. Jack Nixon, Jr. Jerry Hampton, D. B. Crockett, C. E. Dillon, Dalton Crockett, L. R. Rieger, Wayne Swift, H. W. Ketchum, Gene Keel.

In the afternoon Girl Scouts and other Auxiliary members will assist in the selling.

## Runnels County Voters Help Elect Eisenhower

DWIGHT D. EISENHOWER

RICHARD M. NIXON

Runnels county voters gave President-Elect Dwight D. Eisenhower a majority of 802 votes in the unofficial tabulations of the general election Tuesday. More than 4,400 men and women went to the polls to cast ballots during the day and all election managers reported plenty of split tickets, and a number were mutilated.

First returns received Tuesday night indicated a rather even vote in the rural boxes but Eisenhower ran far ahead in Ballinger and it was soon evident that the county would be in the Republican ranks.

Democratic nominees on the remainder of the ticket got practically all the ballots cast, but there were a few straight Republican votes.

Both constitutional amendments lost in Runnels county. The workmen's insurance proposal being defeated 782 to 1,405. The medical education fund amendment lost, 782 to 1,497.

**He Even Hates to Stop for Lunch!**

Put a man behind the wheel of a Golden Anniversary Cadillac—point it to a destination some hundreds of miles away—and try to stop him!

And small wonder! In all the world, there is no finer relaxation for a work-weary man than a day's drive at the wheel of a Cadillac.

Try it sometime, and see for yourself. The moment you slip into the driver's seat, you'll sense that something extraordinary is about to happen to you.

The car has a "feel" to it—even when it isn't in motion. You sit right. The wheel falls naturally into your hands. You look out through the big curved windshield—over the beautiful hood and into the distance—and you know that "this is it!"

And then you turn the key and the great engine whispers into action—and the day's fun begins.

First, there's the *silence*—only the sound of the wind

—and the occasional tick-tick of the electric clock. And then there's the *comfort*—the easy, soft, steady ride over almost any type of road.

And next, the *handling ease!* The steering wheel moves with the weight of the hand. There is remarkable steadiness on straightaway and curves. And the brakes give added confidence each time you touch the pedal.

So the miles go by and the miles go by. Towns and villages appear and disappear.

"What's that? It's time for lunch!" "Okay—but let's make it something quick and easy. We'll have a big dinner tonight."

Don't you think you'd like to own the car that can make a journey such a great delight?

If so—come in and see us—any time.

**'Greatest Show on Earth,' DeMille Spectacle,  
Begins Seven-Night Stand at Hillcrest Tonight**

"The Greatest Show on Earth," a Paramount picture opening a seven-day run at the Hillcrest Drive-In Theatre tonight (Thursday), combines two of America's most popular entertainers—a Cecil B. DeMille Technicolor spectacle and a big-time Big Top show.

This panoramic melodrama of the circus and circus life is super-showman DeMille's biggest, most lavish and costliest production. Advance reports indicate without exception that it is also his best. More than \$4,000,000 and almost three years of planning, research, training and actual

production went into "The Greatest Show on Earth." A record 1,500 people were actively engaged in the mammoth project and almost 80,000 crowd extras were recruited for the parade sequences.

Among Hollywood stars who flouted the laws of gravity in the interests of exciting realism are Betty Hutton, who soars daringly above the tanbark as Holly, the trapeze beauty; and Cornel Wilde, who stunts precariously on the flying bar as Sebastian, the dashing aerialist.

Trim Gloria Grahame also displayed a jaunty disregard for the frailties of the human

**Gary Cooper, Phyllis Thaxter Leads  
In Rugged Drama, 'Springfield Rifle'**

"Springfield Rifle" Warner Bros. drama which stars Gary Cooper, Phyllis Thaxter and David Brian, will be presented at the Texas Theatre Sunday and Monday, November 9, 10. Color is by WarnerColor.

Based on an exciting episode from the history of the famed weapon, "Springfield Rifle" concerns a rugged frontiersman entrusted with a shipment of guns. How he manages to best a gang of pillagers bent on hijacking the rifles makes for much of the film's action. Paul Kelly, Lon Chaney and Philip Carey have featured parts.

The Springfield rifle has played an important role in American military and frontier history for more than a century and has proved to be one of the nation's most reliable weapons of defense. It has been carried by U. S. soldiers in every war from the Mexican and Indian conflicts through World War II. It provided protection and a means of obtaining food for the pioneers. An earlier version of the gun, the Springfield musket, first manufactured in 1801, defended the young nation from the invading British in the War of 1812.

Wild Bill Elliott is the leader of one faction in range warfare in "Fargo," to be shown at the Texas tomorrow and Saturday in addition to an M-G-M feature, "The Strip." The fight, and a bitter one, is between gunmen in the employ of cattle barons and homesteaders who are battling with everything they have to keep from being driven out.

Phyllis Coates, Myron Healey, Fuzzy Knight, Robert Wilke and Terry Frost head the competent supporting roster.

DeMille, who both produced and directed, has studied his circus epic with a top-flight roster of supporting plays. Lyle Bettger, Henry Wilcoxon and Lawrence Tierney head the impressive featured cast.

Humphrey Bogart Stars With Lupino in Thriller  
"High Sierra," Warner Bros. underworld drama to be shown at the Texas Theatre Tuesday and Wednesday, November 11 and 12, boasts the performances of both an Academy Award winner and a nominee for that coveted honor.

Humphrey Bogart, who won the oscar for his portrayal in "The African Queen," appears as a wanted killer in the Warner film. Arthur Kennedy, mentioned for his role in "Bright Victory," is seen as one of Bogart's henchmen.

Ida Lupino has a starring role in "High Sierra." Cornel Wilde, Alan Curtis, Henry Hull and Barton MacLane are featured players.

## Touchdown Procession Presented by Bearcats

The Ballinger Bearcats staged boys who have been sweating a touchdown parade Friday night... at the expense of the Lake View Chiefs. All Bearcats in uniform... saw service and some of the...

The Bearcats started to work by punning the ball into the opponents' territory and Mike Egan got into the clear for 16 yards and the touchdown. Gary Ferguson added the extra point. Early in the second quarter, Jerry Bell threw a 44-yard pass to Billy Maedgen who took it on the 10-yard line and headed into pay dirt. Buddy Clark kicked the extra point.

## SPORTS

The Bearcats will assume the underdog role tomorrow night when the Brady Bulldogs come to town for the annual battle. While the Bulldogs were cut down by the Winters Blizzards last week, they are still rated high in district SAA.

To close out the first half, Billy Uckert tore off 23 yards for a touchdown and Ferguson added the extra point.

Reserved seats for the Brady-Ballinger game went on sale Tuesday morning in both towns and indications were that all seats sent to Brady would be snapped up. A big delegation, headed by the Ballinger band, will move in here Friday evening.

In the third quarter the Bearcats added three more touchdowns. On the first Clark hit through the line for 3 yards and a score and added the extra point.

Reserved seat tickets will be sold for the remaining games of the season. On Tuesday of the next two weeks seats will be sold for the Ballinger-Coleman and Ballinger-Winters contests.

Later with the Bearcats having the ball on the 1-yard line, Bell went over on a quarter-back sneak but Ferguson missed the extra point.

The Ballinger band, assisted by the pep squad and Girl and Boy Scouts staged an excellent feature at the game last Friday. Covering the entire football field, they spelled out "Vote November 4." After all the letters were formed the national anthem was played.

Near the end of the quarter, on a wide end run Bell went 16 yards to score. Clark kicked the point.

Coach Douglas Cox did his best not to run up such a heavy score against Lake View. He put in every man on the bench but the lads who had not seen much action heretofore were just as effective as the first stringers.

W. A. Roberts made the first score in the fourth period when he crashed through the line from 7 yards away. Clark kicked the point.

While part of the stands are reserved for tomorrow night, there will be a large number of seats at general admission prices and tickets will be available at the gate.

In one of the best runs of the night, Clark scampered 43 yards to score the next six points and then added the extra with a kick.

The Bearcats are in good physical condition for their first big conference game. All players are expected to be ready for service if needed.

Uckert made the final touchdown of the evening, going over from the 2-yard line. Clark kicked.

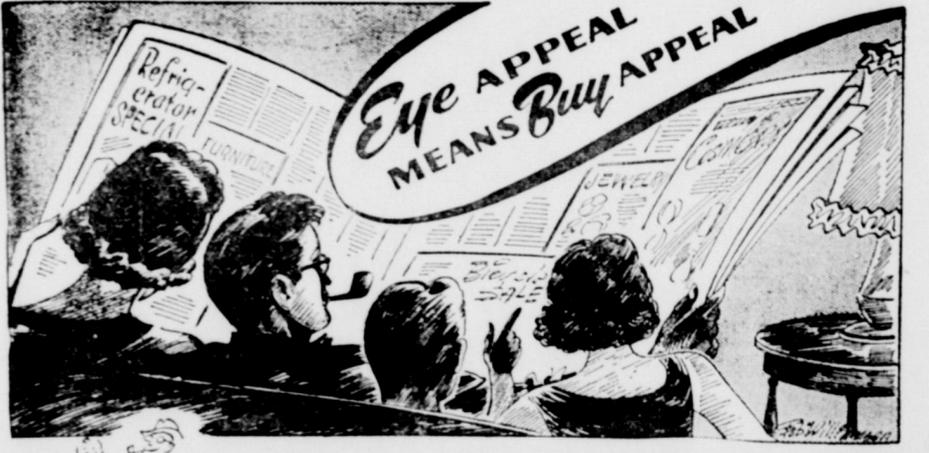

GRAND JURORS TO REPORT ON MONDAY, NOVEMBER 10  
 The Runnels county grand jury has been ordered to report here on Monday, November 10. This is the same jury which served at the opening of the last term of 119th district court and when it had completed investigations then, was adjourned subject to call.

Bell turned in one neat run of 34 yards for a touchdown only to have it called back and a 15-yard penalty assessed.

Cards were mailed this week to the grand jurors advising them of the order.  
 Ichthyology is the study of fishes.

TICKETS FOR COLEMAN GAME ON SALE MONDAY  
 Principal Joe Forester stated today that reserve seat tickets for the Ballinger-Coleman football game would be put on sale at 10 o'clock Monday morning at the Pearce-Bailey Drug Store. The selling date was moved up a day because Tuesday is a holiday. A large section has been reserved for this game and fans are asked to call for their tickets Monday.

Mizell went to Fort Worth Saturday to witness the T. C. U-Baylor football game. Three states have four-letter names: Iowa, Ohio, and Utah.

## Art Week Program Presented for Study Club

Mrs. Billy F. Brown, homemaker teacher, presented a program on American art, at the high school homemaker cottage Wednesday afternoon, sponsored by the Fannie Stephens Study Club in observance of American Art Week.

Mrs. Malcolm Morgan, club president, was in charge of the business and heard reports on the "Get Out the Vote" program by Mrs. J. Dexter Eoff and Mrs. Tom Epting. Mrs. W. E. Elkins brought the opening prayer.

Mrs. Brown, chairman of the fine arts, presented three homemaker students. Susan Herring, spoke on "Why American Art Week is Observed." Darlene Wade was heard on "Principles of Art and How Designs Are Used," and outlined the principles in relation to redecorating the Ballinger homemaker cottage. Carolyn Bigby spoke on "Crafts." She told of how the homemaker classes had mastered the major problem of redecorating the cottage living room, the sewing lab, bedroom, and the entrance hall. The furniture has been re-done in early American with the help of the industrial art department of the high school, who made the cornice boards and other necessary items.

After making a tour of the cottage, club members and guests were served cookies, made by the F. H. A. girls, with coffee. Polly Maas presided at the coffee service, and others assisting were Margaret Parker, Verbalene Maas, Mary Joe Lloyd and Loretta Stanley, who displayed exhibits which included costume jewelry, copper tooling of pictures mounted on velvet, aluminum trays; garments made by the freshmen and 8th grade students; paper sculpture and finger painting made by the elementary classes; textile painting, re-upholstering, tie and dye work. Exhibits also were made by the adult education classes who attend at

night. Mrs. Josephine Stallings and Mrs. Loyd Herring were visitors. Other club members were: Mmes Rufus Allen, Lloyd Downing, Preston Fitzhugh, Fred Harwell, W. O. Irby, Hilton Morgan, M. E. McClenny, Ralph Smith, Wayne Swift, Lyman Yoder, R. E. Ruble, E. C. Grindstaff, Joe Flynt; and Miss Joyce Smith.

## Brownie Troop to Start Work on Christmas Gifts

Brownie Robn Hood troop No. 1 met Monday afternoon with the leaders, Mrs. H. J. Zappe and Mrs. George Newby, in the Zappe home. Work was completed on button pictures and they were made ready for shipping overseas. The last two meetings were also spent on a cooking project and the next project will be making Christmas gifts. A Christmas party honoring mothers was outlined.

## Girl Scout Troop 5 Members Visit Museum

Eleven members of Girl Scout troop No. 5 and the leaders, Mrs. John McGrath and Mrs. Harold Mueller, visited Fort Concho Museum at San Angelo Saturday, saw other points of interest in the city and had supper in a downtown restaurant. The group returned home by train, which was a treat to the girls.

## Homemaking and Adult Classes to Exhibit Art

The Ballinger high school homemaking class and the adult class will exhibit their works of art in the homemaker cottage tomorrow (Friday) night following the football game in observance of American Art Week, sponsored by the Fannie Stephens Study Club.

**WEST TEXAS  
NOTES**

Saturday is election day in Ballinger. Interest was so keen in the general election that little has been said about the city bond issue election and this proposition is important if adequate water is to be available next summer. The city is submitting two proposals in this election. One is for authority to issue \$100,000 in bonds for water system expansion and improvement. The other is to give the commission power to cancel \$100,000 in outstanding airport bonds which have never been used. If the water issue is favored by the citizens, critical materials will be ordered at once in the hope that they can be received in time to complete the project before the heavy consumption period next year. All city property owners are urged to take time to vote next Saturday.

The Runnels County Tuberculosis Association has just completed a service for the citizens of this county by making possible free chest X-rays for all above the age of 15. This and other services rendered by the association are made possible by the fund raised annually through the sale of Christmas seals. A large number of volunteer workers are preparing to launch the 1962 seal sale and every individual in the county may help in this program. Seals will be sold in bulk and each individual will receive a letter through the mail containing sheets of seals. Each sheet of seals is worth \$1 and those who receive them are asked to send in remittances as soon as possible. It is hoped that the campaign can be completed between Thanksgiving and Christmas.

Ballinger merchants are planning a special Christmas promotion which will feature all kinds of gifts. The season will officially be launched on Monday, December 1, when Santa Claus and his reindeer will visit the city for an afternoon parade and a short visit with the children. Some merchants are already displaying toys and other items, and many will offer a lay-away plan. Others expect to have their show-windows and store interiors decorated by December 1. Heavy purchases of gift mer-

The livestock market was lively last week, 1,003 head of cattle going through the ring at the Mitchell county auction, Colorado City. The one afternoon sale brought \$83,399 to breeders of the area. Stocker calves sold at \$2 per hundred higher than the previous market. Buyers from many West Texas points as well as representatives of large packing houses were on hand.

Rev. Henry Chambers, pastor of the First Baptist Church of Anson, has been called to the First Baptist Church of Comanche and will move there with his family at once. Rev. Chambers has served at Anson the past seven years and has accomplished notable work for the church. He was a chaplain in World War II. The Comanche pastorate has been vacant since the death of Rev. Arthur Johnson in August.

A. L. Douglas, of Miles, is at home after attending the National Coursing Meet at Abilene, Kansas. Mr. Douglas noted about \$400 on his racing dogs which he entered in the nine-day contests. From a kennel of eight pups, one took the runner-up spot in the fall sapping race the final day of the show. This brought him a check of \$500 and he was only two points away from the grand championship. Douglas

owns about 15 dogs at his Miles farm.

Mrs. Mack Hartgrove, chairman for the Parent-Teacher Halloween carnival at Paint Rock, has extended a vote of thanks to a large number who assisted in presenting the program, which cleared \$1,356. Ballinger business men, George Newby, auctioneer, and the Horseshoe Theatre were also thanked for their help.

Coleman city officials are still considering plans for solving the downtown parking problem. After deciding against parking meters, certain groups have submitted other plans which would limit parking time on some streets. A special meeting of the city council Monday was attended by a large number of merchants. At this meeting several proposals were offered and some action is expected in the near future.

Ten delegates from Zoar Evangelical and Reformed Church of Rowena attended the state synod at Riesel Tuesday of last week. The conference dealt with the denominational plan for the next twelve months. In the group were: Mr. and Mrs. Wesley Urbantke, Miss Della Lasso, Mrs. Freddie Galias, Mrs. Mary Hanz, C. H. Wehlmann, Rev. and Mrs. O. P. Schroeder, Mr. and Mrs. Alvin Redman and Mrs. Henry Goetz.

The first bids for construction at Camp Bowie, Brownwood, were opened last week. Low bids on work called for at this time aggregated \$1,485,524. Utilities, water tower, railway trackage and smaller jobs are to be contracted. All contracts were delayed until the government is satisfied as to the responsibility of the bidders. Working time ranges from 90 to 270 days.

E. R. Alexander, head of the department of agriculture education at A & M College, visited the Melvin school last week. He came to observe practice teaching being done by two A & M seniors. The visitor was complimentary of the Melvin school system and especially the vocational agriculture department. K. O. Ellington, Melvin superintendent, has been cooperating with the state school on vocational instruction for several years.

The Winters Lions Club voted at its meeting last week to conduct a drive to raise funds for the crippled children's camp at Kerrville. A committee was named to make a canvass of the members and any others who might want to contribute. Bailey McCaughan talked on fire prevention and showed a number of demonstrations dealing with common hazards.

Rising Star, Fire Chief Bill Crawford has opened a shop for repairing toys to be given to needy children on Christmas. Fireman will repair and repaint mechanical toys, making each one look and perform like new. Citizens have been asked to bring their discarded toys to the fire station as soon as possible so they can be completed before Christmas.

Shipments of northern-grown hay at Stephenville have been reduced to about four carloads a day. More than 140 carloads have already been delivered to farmers of Erath county and Lester F. Bain, head of the PMA office, stated that 520 carloads were ordered. If all the orders are delivered it will represent a cost of \$250,000 for the emergency feed.

Power Steering on the Roadmaster and Super

## Like your travel with a JOYOUS THRILL?

WE have news for a lot of folks who want more fun from driving than they get from their present cars.

There's a trim bundle of eager high-powered energy that's just the ticket for you—a spirited automobile that can give you thrill after joyous thrill, for mile after fleeting mile.

Why not come in and try the Buick we have in mind?

The excitement starts with your first look at it, your first sitting in it, your first fingering of its slender wheel.

But wait till Dynaflo Drive\* begins working its magic—and its

constant and complete smoothness fills you with never-ending wonder.

Wait till you feel the bubbling exuberance of taking your first hill with a high-compression Fireball 8 Engine doing the honors. That's when you get a man-sized sampling of the tremendously able and instantly responsive power you command here.

Wait till you feel the serene satisfaction of skimming over rough roads, cobbles or ridged crossings. That's when you know, better than words can tell, what a million dollars' worth of ride engineering can do in the way of magnificent comfort.

Wait till you jockey into a real tight parking space and note the fun and ease that Power Steering\*\* brings to a once-tough job.

But—why wait?

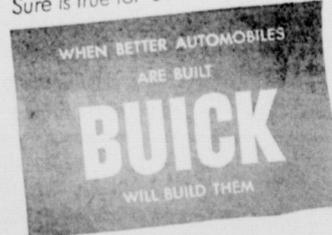

There's a Buick that can do all this—and more, far more—all ready for you to try it.

And listen: If you can afford a new car, you can afford a Buick.

How about coming in this week for a real sampling of this joyous travel?

Equipment, accessories, trim and models are subject to change without notice. \*Standard on Roadmaster, optional at extra cost on other Series. \*\*Optional at extra cost on Roadmaster and Super only.

### Mitchum Rodeo Film and Hope Farce Week's Top Billings at the Horseshoe

Rodeos, round-ups and wild west attractions, plus the personal romances of their performers in their dangerous methods of earning livelihoods, are vividly dramatized in "The Lusty Men," being presented at the Horseshoe Drive-In Theatre today, tomorrow and Saturday. A majority of the sequences were filmed at the San Angelo rodeo arena.

Susan Hayward, Robert Mitchum and Arthur Kennedy head the imposing cast of this unusual film story, told against the always-absorbing background of the western United States. Arthur Hunnicutt shares top billing, and Frank Faylen is in featured support.

On the same program is "Swing Out Sisters," starring Rod Cameron and Billie Burke.

Bob Hope and Jane Russell, who wrote a hilarious chapter in the history of the Old West with their co-starring stint in "The Paleface," will be off on another and reportedly funnier adventure when "Son of Paleface," a Paramount picture in Technicolor, is shown at the Horseshoe Sunday, Monday, Tuesday and Wednesday, of next week, November 9 through 11. With Roy Rogers and his horse Trigger figuring prominently in the fun, this latest Hope comedy explains the howling consequences when the Paleface's Harvard-trained son comes West to try to follow in his pioneering pappy's footsteps.

A bouncy new score by Jay Livingston and Ray Evans with additional tunes by Jack Brooks provides the musical fare for Bob, Jane and Roy. One of the musical highlights is a torrid rendition of a lively ditty by the statuesque Miss Russell.

Lloyd Corrigan, Bill Williams, Harry Von Zell and Douglas Dumbrille head a fine supporting cast that also includes the silent comedy stars Chester Conklin and Hany Mann.

At noon the bride-elect's mother, Mrs. J. V. Smith, entertained with a luncheon in their home, complimenting Wanda on her birthday anniversary.

The linen-laid dining table was centered with yellow chrysanthemums where the following were included: the honoree and her fiancé, Benjamin Ray Thetford, of Winters; Mr. and Mrs. J. V. Smith, Mr. and Mrs. Floyd Jones, Mr. and Mrs. Tom Marsh, Mrs. W. C. Dodson, Mrs. H. L. Smith, Mrs. Jim Massey, Mrs. Naomi Collins, Mrs. J. Power, Mrs. Jim Miller, Mrs. Oran Neely, of Los Angeles, California; Miss Mildred Massey, Miss Nelda Faubion, and Charles Simpson.

Misses Nelda Faubion, Lou and Sue Manning were hostesses at a kitchen shower in the L. A. Faubion home on Murrell Avenue Thursday afternoon, at which Miss Smith was honoree.

The bride-elect's chosen colors, green and yellow, were featured in floral and table appointments where Mary Crownover assisted hostesses in serving cookies and coca colas. Peggy Hays presided at the bride's book.

Others were: Mmes. J. V. Smith, mother of the bride-elect, B. R. Thetford, Sr., mother of the bridegroom-to-be, James Smith, Oran Neely of Los Angeles, California; Misses Joyce Campbell, Arlene Wessels, Mary Ann Buchanan, Ginger Gurley, Peggy Gaston, Claudine Lange, Carolyn Davidson, Barbara Knight, and Misses Nan Thetford, Barbara Yates, and Winona Hoff, of Winters.

Mrs. L. L. Clark of this city and her sister, Mrs. F. N. Gotcher, of Brownwood, enjoyed a visit with their half-brother, D. O. Teague of California, and their sister-in-law, Mrs. Georgia Hughes, of Norman, Oklahoma, whom they had not seen in 36 years, along with their nephew and niece, Mr. and Mrs. O'Neill Teague and family, of Valliant, Oklahoma, the past week.

### IN OUR TIME

The pace of medical progress during the past seventy years is unequalled in all previous history. In fact, medical advance has been greater during the past five decades than in the preceding 5,000 years of recorded history. A diagnosis of typhoid fever, diphtheria, diabetes, anemia, and many other diseases no longer sounds a toll of death. Your physician has at hand a multitude of proved therapeutic agents which mean longer and happier life for all. Twentieth-century pharmaceuticals, many of which are extremely delicate in composition, require expert care in storing, compounding, and dispensing. That is the work for which we are prepared. Let us fill your next prescription.

## Firemen's Pot Luck Supper Open to All; Slated November 13

Ballinger firemen will replace their annual banquet with a pot luck supper to be held at the fire station on the night of November 13. The pot luck meal is being served this year in order to save money for the entertainment fund for the February convention here of the Hill Country Firemen's Association.

The firemen stress that all citizens of Ballinger are invited to attend the supper. The only requirement is to bring their own food or one dish that will serve a number of people. All the food will be spread on the tables, banquet style.

Following the meal the regular program will be presented, new officers introduced, committees appointed and service pins awarded to members who have served in the department the required number of years.

The speaker has not been secured but invitations have been extended. Tommy M. Estire, department secretary, will read the annual report, which will include all work and activities of the firemen during the past twelve months. Up to the first of the week the fire loss here was approximately \$15,000, the largest single loss being the Loyd Herring residence.

## Water Bond Issue Details Explained By Commissioner

The Ballinger Lions Club had Charles Hambrick, city commissioner, as guest speaker at the program Friday noon. Mr. Hambrick spoke on the bond issue election to be held in Ballinger Saturday, giving reasons for the need and outlined what would be done if the money was authorized.

Dr. O. H. Chandler also spoke briefly on the subject, from a health standpoint. He said several bad samples were analyzed last summer when water from

Elm Creek was being mixed with the Valley Creek water. Considerable time was spent assigning sections of the telephone directory to members, who called the numbers Tuesday in urging citizens to vote. Arrangements also were made to provide rides to voters who needed transportation.  
A question and answer period was held on the proposed water system expansion and improvement program.

**BRAGS OF TWO MURDERS . . .** Hands manacled and chained to his waist, Harold Hummel, 21, who fancies himself as a bitter-day Billy the Kid walks in custody of Detective Ray McConnell as he is brought in for quizzing in Detroit. The scowling youth, who wears movie cowboy garb, told police how he murdered in cold blood Vidos Vinokurov, 68, and his son Joseph, 31, because they identified him during a holiday. He is a tipster at a Detroit race track.
