ing race and the two game

and every effort will be made to take care of the expected 5,000 fans. Tickets went on sale in both towns Tuesday and long lines were formed.

Much of the praise for the Bearcat victory over the Bluecats is due to a rugged line which outplayed the Coleman ads and overcame a big weight advantage. The defensive players also were on the job every play and only on one occasion let a man deep into the secondary, this begin when Coleman scored.

◆0◆ The Blizzards have shown trength both on the ground nd in the air all year. They will be hard to handle but all the Bearcats will be on hand or the effort. There were no njuries Friday night and all squad members are in good shape this week.

ZOAR CHURCH WILL HAVE

THANKSGIVING SERVICE A Thanksgiving day service ill be held at Zoar Evangelical nd Reformed Church of Rowena, on Thursday, November 27, from 10 to 11 a. m. The children's chorus and senior choir will furnish the music and the youth fellowship will assist in the service. Community participation in the

It May Be Starting a Million Miles!

Happy, happy man! His time has come to own the "car of cars" . . . and there he goes for the first thrill-

But what an additional thrill he would have if he could look down the long, long road that car will travel before it comes to its final stop!

For then he would know, beyond peradventure,

that he has just taken possession of one of the mechanical masterpieces of all time! Reliable statistics kept by a great tire manufacturer

show, for instance, that certain Cadillacs in its testing fleet have actually approached a million miles. Naturally, when you take possession of a new

Cadillac, you are not thinking of owning and driving it for such a spectacular distance. But consider, if you will, what this phenomenal endurance foretells for your own peri- of ownership.

It is your finest possible guarantee that the thrill and the satisfaction of your first mile at the wheel will go on and on-until, with reluctance, you pass the car along to another proud and happy owner.

And it means, of course, that the value of your Cadillac will endure. Even its second, and third, and fourth owners will find that its relative value is amazing. There is almost always a demand for a Cadillac,

Of course, the great thrill of owning a Cadillac comes from the car's wonderful performance and its marvelous prestige.

But it is so nice to reflect, as you sit at the wheel, that your pride is practical-and that your satisfaction is coming from a sound investment.

Is it time for you to think about a Cadillac? If so, we would be happy to see you any time.

Fall Bargain Offer One Year-By Mail

Now the car of the year! —the deal of the year!

with appetizing facts and generous figures. For example, "the car of the year" is more than a glib phrase, it's a title that Mercury has earned by doing-by making news.

Mercury is the one car in its class that came up with something really new for 1952-styling so new it left other cars far behind. And, if that weren't enough, Mercury (with optional overdrive) again proved that pound for pound it could beat all comers for economy in the Mobilgas Economy Run.

But, we know, you're equally interested in "how much" for your present car. We can give you some idea if you just pick up the phone and call us. But we can do even better if you give us a chance to appraise it firsthand so we can allow for extras and care you've given it. So drop around. Our deals are now the best

basic leadership training ture before they arrived. Chambers served during World numbered correctly.

Self-Medication Is Dangerous

THE HUMAN BODY is the most complicate! mechanism ever created. Not all of its processes are thoroughly understood even by those who devote their lives to a study of them. It is not surprising, therefore, that persons without medical training who attempt to diagnose and prescribe for their own serious ills often do themselves irreparable damage. Have respect for your body. You can never get another. When illness comes, consult a physician. He is a specialist in his line, just as we are in the business of filling his prescriptions.

When was the last time you priced the new cars?

When was the last time you matched feature against feature, size against size, horsepower against horsepower-and discovered for yourself which car really tops the value parade?

We'll tell you this -

If you put any Buick-Special, Super or ROADMASTER - against other cars of comparable cost, you'll find it the buy-word in the automobile market today.

Not alone on room, and power, and ride-and equipment included in the list price.

But also - and this is where your senses must be judge - in the thrill per dollar you get in

There's no other way to know the lift in spirit you get when a great Fireball 8 Engine is pouring out its high-mileage power, when Dynaflow Drive* is at its silky work, when a million dollars' worth of ride engineering is cradling your travel in ever-level comfort.

We'll tell you this, too-

If you can afford any new car you can afford a Buick. For Buick prices start way down where the so-called "low-priced three" really worry.

Drop in and let us show you the big-thrill buy called Buick.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost

Two great television events: The TV Football Game of the Week every Saturday and Buick Circus Hour every fourth Tuesday.

Plymouth's '53 Cranbrook Features Styling

Chrome trim is integrated as part of the design to further enhance the long, low, wide appearance of the 1953 Plymouth. This Cranbrook Four-Door Sedan shows also the horizontal character lines that are incorporated into the sheet metal of front and rear fenders. Box type seat trim gives both front and rear seats a smart appearance. Upholstery, interior molding and trim are available in a wide variety of harmonizing hues to blend with the buyer's choice of exterior body colors.

The kumquat is the smallest | Taft was the first president | . citrus fruit.

Plymouth's New Look for 1953

The distinctive grille of the 1953 Plymouth keynotes the new styling which carries through from bumper to bumper. The new models feature horizontal character lines that accentuate the ground holging grace of the new streamlined styling. The softly rounded hold, sweeping out to the fenders, covers Plymouth's improved 100-horsepower engine with its 7.1 to 1 compression ratio. Note also the one-piece windshield with uniform curvature for minimum distortion and "Control Tower" visibility. It is available also in restful, heat-booking Soley tinted glass.

WANTED: DEALERS

Hard water in your area will make you money and ve your customers money! \$50.00 complete will buy for them, from you, the "EJAX WATER TURBULATOR"! Simple to install in main line, keeps scale from forming in boilers, hot water heaters, plumbing, etc. Has many other advantages in combating hard water. Write for information on dealership

"EJAX" Box 37, 1006 Burnett Street, Fort Worth, Texas

FIGHTING REACHES NEW INTENSITY . . . When this was taken some of the florcest fighting of the year was underway along about two-thirds of the 155-mile Korea battlefront, with the Chinese Communists bearing the brunt of the attack. The Reds threw men, tanks and artillery into attacks on several parts of the line, but made no appreciable gains. But here is evidence that the Communists were not stopped without cost. Men wounded in action are being taken to the 629th medical clearing company, U.S. 8th army, and being evacuated by plane

STURGES

SHOPPERS TRAPPED AND KILLED . . . Two persons were killed and many others were trapped by falling beams and ceiling when the roof of this building, a Lerner's clothing store, collapsed. The tragedy took place during the violent earthquakes that rocked Bakersfield, Calif. The building is typical of the damage done to stores in the downtown area of the California city. However, other shoppers in the downtown area were fortunate that some of the roofs resisted the quake and remained secure, as it was this type of damage that caused most of the deaths reported after the Bakersfield quakes. Scientists foresee a year more of California quakes.
