

THE BALLINGER LEDGER

BALLINGER, TEXAS, THURSDAY, JUNE 3, 1954

NO. 33

Meeting Here Considers Storage of Small Grain

About fifty people attended a meeting held in Ballinger today to consider the building of grain storage and the handling of small grain.

The meeting was called to order at 10:00 a. m. and continued until after 1:00 p. m. A number of representatives of storage buildings were here to push their products and county agents, vocational teachers and ASC office managers were present from Coker, Coleman, Garza, Taylor and Runnels counties. Attendance of farmers was not very good because of rush work on farms in this section.

Extension service specialists talked on controlling insects in grain and how to dry it. They recommended placing dry grain

in storage bins and gave several methods for drying green grain after it has been stored.

Jack Bradshaw, commodity program specialist for the ASC, gave information on loans for building grain storage, including four types of construction. He said that the lesser of 80 per cent of construction or 45 cents per bushel capacity would be loaned to those contemplating new buildings for taking care of their 1954 grain. He also detailed movable, immovable, homestead and non-homestead granaries.

Since the meeting very little interest has been shown in applying for loans, according to the ASC office here. The office will be glad to furnish complete information to anyone interested.

Nunn Well Producer; Nine Locations Staked

The Serratt sand was topped Tuesday afternoon in the James K. Anderson No. 2-Nunn Estate and on a drillstem test, gas surfaced in 24 minutes and the hole had 175 feet of free oil and 150 feet of oil-cut mud. Casing was set and operators are preparing for production.

The rig will be moved this week-end to the Rollin Campbell place, northeast of the Nunn, to start another well.

Oil activities in Runnels county were highlighted the past week by applications for permits to drill nine wells. In addition drilling is proceeding and nearing production in a number of important prospects.

Driving Contests For Local Youths Slated Tomorrow

Ballinger Jaycees are sponsoring a rodeo for youths of this section tomorrow (Friday) afternoon. The obstacle course will be set up on the airport road and all boys and girls between 14 and 19 who desire to enter are requested to sign application blanks at the chamber of commerce office before the beginning of the contests.

The Jaycees will have the assistance of the state highway patrol and a number of people from San Angelo will be here to act as judges and help direct the contests. Cars will be furnished by local dealers.

These contests are being held nation-wide and winners in the county contests will go to a regional contest for more difficult competition.

Women's Council Ships Clothing To Aid Refugees

The Ballinger Council of Church Women last week packed and shipped six duffelbags of used clothing to Church World Service. These garments will be sent to overseas stations where the need is greatest and distributed to refugees.

It is estimated that 2,600 tons of used clothing will be needed in Europe and Asia during the remainder of 1954. The local council will soon ship two large boxes of lighter weight clothing to the Philippines.

Church World Service in attempting to meet demands, is calling on men in service clubs all over the country to conduct specialized campaigns to gather clothing and bedding. In Korea, Germany and Lebanon the need is increasing as countless thousands of refugees look to this source for help.

Men's groups are urged to include shoes in their collections as many are completely without footwear and there is no other source available to secure them.

The local council will continue its clothing collection all year and make shipments as soon as enough clothing is on hand. It welcomes the assistance of other groups who are willing to make a campaign for used clothing.

This song service will be especially for the young people who wish to participate in the service.

The visiting evangelist is not a stranger in Ballinger, having visited the local church in the past. He is an outstanding preacher and his messages will benefit all who hear him.

The church extends an invitation to the public to attend all services.

Utilities Co. Wins National Contest On Advertising

Recognition of outstanding achievement in the field of utility advertising came to the West Texas Utilities Co. in May when it was named first place winner of the national 1954 better copy contest. The award was announced by the Public Utilities Advertising Association.

The award was made May 21 at the annual convention of the association in Boston.

The first place award was achieved for the best single newspaper advertisement promoting the use of electric service, and is the fourth such award received by this company since 1949. The winning advertisement was produced by the company's advertising department and appeared in this and other newspapers in the region.

The better copy contest is the oldest continuously conducted advertising competition in the United States. The contest just closed was the 31st of its kind and it has grown steadily in importance and size throughout the years.

Judges for 1954 were high in their praise of the quality of material submitted.

Today (Thursday) the program at the Horseshoe Drive-In Theatre includes "To Have and Have Not," starring Humphrey Bogart, plus the Walt Disney featurette, "The Alaskan Eskimo."

"The Alaskan Eskimo," first in Disney's exciting new series of factual productions called "People and Places," promises to follow the remarkable entertainment tradition set by the award-winning "True-Life Adventure" presentations. The "People and Places" cameras portray the intimate family life—recreations, hobbies, the heart-breaks as well as heart-throbs and problems of everyday living—in countries all over the world. In cooperation with the U. S. department of Interior, bureau of Indian affairs and the Alaskan native service, Alfred Milotte and wife photographed the home life of a typical family in a village on the coast of Alaska. RKO Radio distributes in print by Technicolor.

Six of the country's most celebrated motorcycle race riders and crash stunt artists appear in Columbia's "The Wild One," starring Marlon Brando, which will be shown at the Horseshoe tomorrow and Saturday. They are Carey Loftin, Frank Hagney, Wally Albright, Don Fera, Dude Criswell and Bill Hickman. Loftin, who doubles as technical advisor and superintends some of the hair-raising stunts in the film, has participated in some of the most gruelling motorcycle tests in the country. Hagney who still rides at 68, made his reputation as a daredevil cyclist. Albright is a cross-country rider. Others are noted racers. Mary Murphy and Robert Keith have top supporting roles.

Also on this double-bill is "The Fighting Man of the Plains," starring Randolph Scott.

Steel Installations To Give More Seats At Local Grid Field

A crew came in last Thursday to install steel at the football stadium. Concrete footings were poured several weeks ago and the steel installations will be completed this week.

Supt. Caskey stated that lumber for the seats and foot rests would be purchased later in the summer and put in place by local labor. As soon as this is completed, the stands will be painted and made ready for games in the fall.

When the four new sections are completed, 2,000 seats will be provided on the home side of the field and 1,600 seats on the visitors' side. Other improvements will be made at the field which probably will call for enlarging the ticket office to make room for four windows.

School officials are studying plans for the sale of reserved seats for the 1954 season. Reserved season tickets calls for the outlay of a sum too large for the average family. A plan is being considered whereby a reserved seat would be sold for the season at \$1.50, or 30 cents extra for each game. Purchasers would be issued a stub for the seats and at each game they would be required to buy a general admission ticket for entrance. This would permit the head of a large family to secure the same seats for the entire season without buying admission tickets at one time.

The Bearcats have a good schedule for the next season, five games at home, three of these conference contests. Team prospects are excellent and attendance is expected to be heavy.

PLAYING "HOOKAH"—Barnard College Sophomore Alice Blantz burbles her water-pipe after playing "hookah" from classes to enter a pipe-smoking contest held by students at Columbia University in New York City. Her water-cooled, Turkish-inspired smoking device failed to smoke out winning honors in competition with conventional "boilers."

REMOTE-CONTROL STING—This B-47E Stratojet, being fitted at Wichita, Kan., packs a remote-control sting in her tail. The turret, mounting a twin 20-mm. cannon, depends on recognition of an "enemy" image on a radar screen. Once sighted, automatic devices supply firepower when the foe is in range—unless the operator counteracts the "brains" order. A GE development for the huge Boeing ship, it operates on an all-weather basis.

**WEST TEXAS
NOTES**

Vacation time is here and for the next three months people will be making trips, taking outings and seeking pleasures in tourist spots. Students finished their courses last week and classroom routine will not interfere with family plans until next September. This city falls to cash in on vacationists except in brief stops as they pass through. While there is fair fishing in the region it is not good enough to attract many sportsmen. The community has enough to entertain young people during the summer but adults find fields greener elsewhere and most of them go to other places to spend their vacation time.

This county's farmers are looking forward to a much larger small grain harvest than was expected a few weeks ago. The rains came just in time to have part of the crop and in some sections both wheat and oats are looking good. A few fields are about ready for the combines, but the heavy harvest period will not get underway for several weeks. Farmers were staying on the job the past week. Tractors and plows were put in service in some sections of the county last Thursday and cotton planting was underway all over the county by Saturday. Some cotton will have to be replanted because of the downpours but most feed is up and doing well. Grass and weeds are thriving and farm work will be heavy several weeks until planting is finished and crops cultivated.

The contractor lost little time getting the new First Methodist Church started. Excavation is well underway and foundations will be poured soon. Sub-contractors are being let, labor hired and other details perfected for steady and continuous work. The contractor has 320 days to complete the building but will strive to get ahead of schedule so that allowance may be made for bad weather.

Politicians are handing out cards and meeting the voters in preparation for the casting of ballots in the first Democratic primary. It has been a good many years since an election here has attracted much attention. There are enough contested races this year, however, to interest many voters.

A successful clean-up campaign has been concluded at Bronte and city authorities. Bronte and chemicals for spraying the town during the summer have been received. Every effort is being made to keep the community clean and free of disease-carrying insects during the vacation period. City officials are studying a proposal of an oil operator to drill a deep well inside the corporate limits. A well was drilled at Bronte several years ago and it is believed the hole might be drilled deeper to pay.

Guests from a number of towns attended the 30th anniversary party of the Winters Lions Club on May 25. The club was organized when there were less than 10,000 Lions in the United States and has watched the organization grow to a membership of over half a million. High awards were presented C. L. Green and John Q. McAdams, who assisted in forming the organization and are still active members. John W. Norman received a 25-year membership award.

The board of directors of the Comanche Rodeo Association has scheduled the 1954 show on July 8, 9 and 10. Committees are arranging the program and expect to offer one of the best shows in recent years. Ira Clemens is president of the association.

planning to give young people of the community swimming lessons this summer. Arrangements have been made to run a school bus to San Angelo to carry the children who desire these lessons and they will be returned home by bus. Johnnie Agnew is chairman of the club committee and registration blanks have been provided for the course. This plan was started by the club last year and as a result a large number learned to swim.

The completion of pavement which provides a direct route from Brownwood to Hamilton was celebrated last Thursday when citizens of 28 communities assembled for a program. The site of the celebration was the picnic grounds near Democrat and Rex Jennings, of Brownwood, served as master of ceremonies. Talent from Brownwood and Hamilton appeared on the program which included a few short talks by civic leaders. Represented at the celebration were Zephyr, Democrat, Mullin, Priddy, Indian Gap, Comanche, Pottsville and Brownwood.

Mrs. Lonnie Pollard, driver education instructor for the Menard school system, has been presented an honorary membership in the Texas Safety Association.

The certificate was presented in recognition of an outstanding contribution to the safety and welfare of the people of Texas. This course has been available to Menard students the past several years and has been very popular.

A home-coming program was held in connection with the graduation of the Coleman high school senior class. A number of class members of 1907 and 1917 joined in the activities, returning to Coleman for the two-day program. In addition to their own meetings, the exes attended the graduation exercises for the 1954 class and had special seats. A dinner for more than 200 former students was held at the recreation building at the rodeo grounds.

A commercial type feeding program has been planned by Talpa students during the summer and the next school year. The program was sketched by the Talpa Livestock Association and animals will be judged on types and quality. A similar program has been carried out in the Mozelle high school for some time and has been very successful both in participation and results. A committee has been set up to assist Talpa students in getting projects underway.

Three meetings were held at Stephenville last week to advance plans for the Stephenville Centennial and Fair. The work of the finance committee had been completed and shareholders gathered to name a board of directors. Directors then authorized the legal staff to prepare to incorporate the association. A meeting of the historical committee was held to prepare publications which it hopes to have for distribution by the latter part of July. Leaders stated that good progress was being made.

Halliburton Oil Well Cementing Co. has moved men to Colorado City and opened an office. Crews located there will service operations in and around Silver in Coke county. The manager of the Ahlene office notified civic leaders at Colorado City that eight families were being moved there from Silver and that others from Rotan, Rule and Anson would be transferred. Halliburton moved its operation from Colorado City in 1952 but retained ownership of buildings which it will occupy.

Funds totalling \$388,000 have been approved for flood control work on Brady Creek, it was announced last week in a message from Senator Lyndon Johnson. This represents an increase

of \$100,000 over amounts included in the budget for this work. Even with the increase, the amount is less than what backers of the Brady Creek project have been seeking. Leaders had asked a million dollars for the next year's work. Last year the project was granted \$288,000 and many dams have already been constructed to help take care of flood waters. Telephone exchanges at Lohn and Big Valley, southwest of Goldthwaite, are expected to be completed and in operation by July 1. They are both important

Honored for Heroism

DURING the Mexican War, Jefferson Davis won the nation's homage for his heroism at Buena Vista. Though wounded he continued to lead the attack. Later he served in many positions of public trust, until he retired to Beauvoir—the home where in quiet serenity he spent the last years of his eventful life.

In each generation only a few men achieve fame so their names are forever remembered. Always they are endowed with those qualities for leadership which fit them for the place in history they are destined to fill.

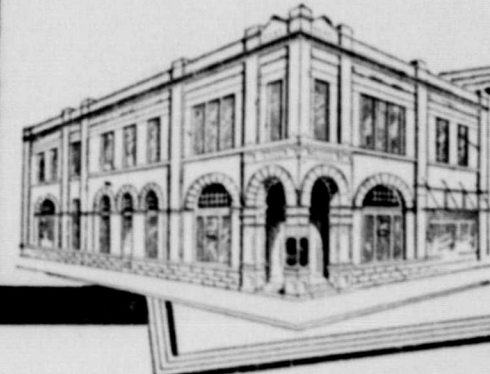

Jefferson Davis was one of the outstanding figures of his time. On June 3 we observe the anniversary of his birth.

Local Golf Team Wins in League 18-Hole Contests

Coleman, Winters and Ballinger golf teams battled it out here Sunday afternoon in regular league play. Fourteen players represented each town and all matches were for 18 holes.

The Ballinger team won both in points and in the number of matches won. On the score tabulated after all playing was concluded the locals had 35 points, the Colemanites 20, and the Winters team minus 55. In matches the Ballingerites took 17, the Coleman team 15 and the Winters team 3.

In a "blind bogey" contest, Sam Conner, of Ballinger, and H. R. Smith, of Coleman, tied with 12 each on the three selected holes. High in the bogey was Charles Riskey, of Winters, with 25 strokes for the same three holes.

The Brady team was not present, most of the players having gone to Fort Worth to watch the finals in a major golf tournament. The next meeting of the four teams is to be held at Brady, the date to be set later.

CHURCH WOMEN'S COUNCIL IN FELLOWSHIP PROGRAM

Miss Lilly Clayton, program chairman for the May fellowship observance which the Ballinger Council of Church Women sponsored, was in charge of the program held at the First Presbyterian Church, U. S., Monday afternoon.

The church parlors were decorated with dahlias, daisies and other garden flowers. Mrs. John Gulon was at the piano for the accompaniment of the song, "I Love to Tell the Story," followed by "The Lord's Prayer" in unison. Miss Clayton introduced the guest speaker, Mrs. Dean Chenoweth, of San Angelo, who spoke on "The Christian Woman's Trusteeship." Mrs. Chenoweth stated that the United Council of Church Women was a privileged group and that the responsibility and functions of a trustee were: first, to study and show that we meet God's approval; second, the trusteeship of heritage which includes honesty, worship, self respect and competition; third, trusteeship of talent; fourth, teaching, and how to choose which is best suited for each individual; fifth, the trusteeship of money.

Mrs. J. W. Collins sang "There's a Song Keeps Singing in My Heart," with Carol Anne Beard playing the accompaniment. At the conclusion of the program Miss Clayton read the poem, "Fellowship of Hearts."

At the social hour, the council was assisted by the Women of the Church, First Presbyterian, U. S., in serving refreshments at the lace-laid tea table to thirty-three Ballinger women. Among the pioneers honored at this program were Mrs. W. E. Midgeley and Mrs. E. D. Walker.

"Definite need for such a commission exists due to the weakness of most Texas city governments in controlling rates."

He also advocates a state-wide water conservation program, \$100 per month pensions for eligible citizens at the age of 65, a \$1,000 bonus for every veteran and declared all veterans should come under the benefits of the Texas land grant bill.

Dance Students Present Program For Local Lions

The Ballinger Lions Club at its meeting Friday presented a gift to John McDonald for the direction of the water show which opened the municipal swimming pool recently. Mr. McDonald, a professional swimmer and diver, produced a show that attracted a large crowd and has caused many to ask that another be planned for 1955. Mr. McDonald expressed deep appreciation to the club and spoke briefly on his love of this sport. He complimented Ballinger on the pool operated here and stated it was one of the best things that could be provided for the youths of the area.

Mrs. Douglas Cox presented a group of her dance pupils in a very pleasing program. The little boys and girls, in costume, gave tap numbers that drew applause from every member of the club. The class ranges from first grade pupils to older children.

The club is preparing for installation of officers at the first meeting in July. All new officers and directors have been elected and most of the officers attended the district assembly held recently at Corpus Christi.

One thing can be said for today's dollar. It has plenty of buying power.

Local Golf Team Wins in League 18-Hole Contests

Coleman, Winters and Ballinger golf teams battled it out here Sunday afternoon in regular league play. Fourteen players represented each town and all matches were for 18 holes.

The Ballinger team won both in points and in the number of matches won. On the score tabulated after all playing was concluded the locals had 35 points, the Colemanites 20, and the Winters team minus 55. In matches the Ballingerites took 17, the Coleman team 15 and the Winters team 3.

In a "blind bogey" contest, Sam Conner, of Ballinger; and H. R. Smith, of Coleman, tied with 12 each on the three selected holes. High in the bogey was Charles Riskey, of Winters, with 25 strokes for the same three holes.

The Brady team was not present, most of the players having gone to Fort Worth to watch the finals in a major golf tournament. The next meeting of the four teams is to be held at Brady, the date to be set later.

She plans to major in Spanish and religious education.

CHURCH WOMEN'S COUNCIL IN FELLOWSHIP PROGRAM

Miss Lilly Clayton, program chairman for the May fellowship observance which the Ballinger Council of Church Women sponsored, was in charge of the program held at the First Presbyterian Church, U. S., Monday afternoon.

The church parlors were decorated with dahlias, daisies and other garden flowers. Mrs. John Guion was at the piano for the accompaniment of the song, "I Love to Tell the Story," followed by "The Lord's Prayer" in unison. Miss Clayton introduced the guest speaker, Mrs. Dean Chenoweth, of San Angelo, who spoke on "The Christian Woman's Trusteeship." Mrs. Chenoweth stated that the United Council of Church Women was a privileged group and that the responsibility and functions of a trustee were: first, to study and show that we meet God's approval; second, the trusteeship of heritage which includes honesty, worship, self respect and competition; third, trusteeship of talent, fourth, teaching, and how to choose which is best suited for each individual; fifth, the trusteeship of money.

Mrs. J. W. Collins sang "There's a Song Keeps Singing in My Heart," with Carrol Anne Beard playing the accompaniment. At the conclusion of the program Miss Clayton read the poem, "Fellowship of Hearts."

At the social hour, the council was assisted by the Women of the Church, First Presbyterian, U. S., in serving refreshments at the lace-laid tea table to thirty-three Ballinger women. Among the pioneers honored at this program were Mrs. W. E. Midgley and Mrs. E. D. Walker.

LIEUTENANT-GOVERNOR CANDIDATE VISITS HERE

C. T. Johnson, Democratic candidate for lieutenant-governor, was in Ballinger Tuesday meeting citizens and advancing his race in this county. Johnson was the first state candidate to announce for office in the 1954 campaign.

He is advocating a communications to regulate utilities rates and especially is fighting high telephone rates. He stated while here that regulations governing telephone rates have been handled successfully in 45 of the 48 states. "Definite need for such a commission exists due to the weakness of most Texas city governments in controlling rates."

He also advocates a statewide water conservation program, \$100 per month pensions for eligible citizens at the age of 65, a \$1,000 bonus for every veteran and declared all veterans should come under the benefits of the Texas land grant bill.

AUXILIARY CARRIES OVER SOME POPPIES FROM SALE

The Memorial Day poppy sale was conducted here Saturday by the American Legion Auxiliary. Due to the small crowd in town Saturday the Auxiliaries failed to sell out and are carrying over part of the flowers for the Armistice Day sale in the fall.

Leaders express appreciation to all who assisted in any way and for the generous support of the public.

Joel McCrea, Mari Blanchard Star In Thrilling 'Black Horse Canyon'

Starring Joel McCrea and Mari Blanchard, Universal's production, in Technicolor, of "Black Horse Canyon" is scheduled at the Texas Theatre in regular presentations Sunday and Monday, June 6, 7, and in a special preview Saturday evening commencing at 7:00 o'clock.

The picture features Irving Bacon and Murvyn Vye in top supporting roles and introduces newcomer Race Gentry, considered by Hollywood one of the likeliest prospects for stardom.

The story of "Black Horse Canyon" concerns the efforts of a "saddle tramp" and a spitfire woman rancher to capture an outlaw killer stallion.

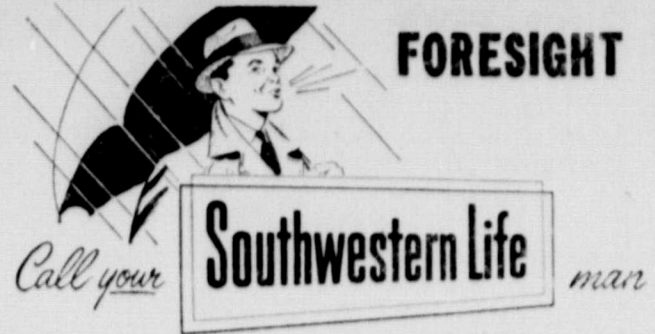

There is a real charge of excitement in the many efforts—some of them maddeningly close—to trail and rope the elusive stallion. Through mountain and canyon pass the chase goes on with danger as real as any-

thing that exploded from a gun.

A saga of the West during the pioneer railroad building era, "Overland Pacific," starring Jack Mahoney, Peggie Castle and Adele Jergens, is billed at the Texas today, tomorrow and Saturday as part of the twin-bill "United Artists" "Overland Pacific." In vivid color, tells the rip-roaring story of a group of outlaws who try to stop the building of a railroad by instigating Indian raids. Others in support include William Bishop and Chubby Johnson.

tapestry of a mysterious, colorful city, Honolulu, provides the action-packed pattern for "Hell's Half Acre," No. 2 feature on the current program. Starred are Wendell Corey, Evelyn Keyes and Elsa Lanchester. Featured are such noted players as Keye Luke, Marie Windsor, Nancy Gates, Leonard Strong, Philip Ahn and Jesse White.

Merman Musicomedy, 'Golden Mash' Features At Texas for Mid-Week

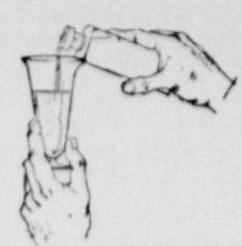

Irving Berlin's musical-comedy hit, "Call Me Madam," which chucked up a two-year run on Broadway, has been transferred to the screen in all its brilliance and will be one of the two top attractions at the Texas Theatre Tuesday and Wednesday, June 8, 9. Ethel Merman is the fabulous Mrs. Sally Adams, American ambassador to the Grand Duchy of Lichtenburg,

the role she created on the stage, and appearing with her in co-starring roles are Donald O'Connor, Vera-Ellen and George Sanders. The impressive supporting roster includes Billy DeWolfe, Helmut Dantine, Ludwig Stoesel, Walter Slezak, Lilla Skala, Steven Geray, Percy Helton, Charles Dingle and Emory Parnell.

French North Africa, the Sahara Desert, the exotic coast cities, and the ancient tombs and ruins of a forgotten civilization—all these form the actual as well as the fictional background of "The Golden Mask," the other mid-week feature at the Texas. In Technicolor, the film is released by United Artists. Van Heflin, Wayda Hendrix and Eric Portman share starring honors and supporting players include Alec Mango, Charles Goldner, Jacques Francoir and Jacques Brunius.

AFRICAN ADVENTURE FILM BOOKED AT HILLCREST: IN TWO-DIMENSION FORM "Bwana Devil," the film that ushered in the 3-D era, is being shown again, this time in 2-D, because of the vast nationwide interest in the picture as an exciting African adventure tale. The production, in color, which stars Robert Stack and Barbara Britton, will be shown at the Hillcrest Drive-In Theatre next Wednesday and Thursday, June 9, 10. The interest created by those who saw it and the word-of-

mouth reports of its suspense-packed story, vivid color and awe-inspiring scenic beauty, decided United Artists to release a 2-D version.

"Bwana Devil" was filmed on location in Central Africa, where the true story of two man-eating lions that killed more than 200 people, took place.

FRIENDLY NEIGHBORS HOME DEMONSTRATION CLUB

An all-day meeting for the
Friendly Neighbors home dem-
onstration club was held in the
Eleventh Street home of Mrs.
J. W. Longenette Tuesday.

The day was spent in basket
weaving at which Miss Ollie
Chenoweth, county home dem-
onstration agent, directed. A
covered dish luncheon was
served at noon. In the after-
noon Mrs. Roy Tyree conducted
the business period. "Fork,
Knife and Fingers" was the
subject discussed at roll call.
Plans were discussed for Rally
Day.

The next meeting will be held
in the home of Mrs. Jack Ash-
ton on June 15.
